GIVE CATALOGUE NUMBER IN FULL WHEN YOU WRITE YOUR ORDER

Do You Want to . . .

EARN MONEY?

A Large Income to All Interested.

FOR YEARS WE WERE OBLIGED TO DECLINE ALL OFFERS FROM OUR FRIENDS TO ASSIST US IN THE INTRODUCTION AND SALE OF THE WELL KNOWN HOUSEHOLD REMEDIES (DESCRIBED ON THE FOLLOWING PAGES), WHICH WE HAVE PLACED UPON THE MARKET WITH SUCH UNPRECEDENTED SUCCESS.

THE MERITS OF THESE REMEDIES having popularized them to such an extent that the demands for local distributing privileges have of late increased enormously, we have now made arrangements which enable us to supply a large number of our Household Remedies at prices never heard of before, special prices which are made for advertising purposes only, regardless of the retail selling price, regardless of the actual cost of production.

THE FACILITIES OF OUR DRUG DEPARTMENT and chemical laboratories having been increased and improved during the past few years so extensively as to make them the best equipped medical laboratories in existence, we are today in a position to manufacture the highest grade of medicinal preparations at the lowest cost of production, and consequently can furnish these remedies at prices lower than either druggist or jobber can buy standard remedies of recognized merit.

FACTS AND FIGURES. TO ILLUSTRATE: Certain well known and widely advertised sarsaparillas, for instance, sell at $8.00 a dozen to the druggist and $7.20 to the jobber, while our Dr. Hammond's Sarsaparilla, guaranteed the best on the market, is furnished by us under this special offer at $4.80 per dozen. A good celery compound costs the druggist $8.75 per dozen. The jobber must pay $7.73 for it, but we can supply our celebrated Celery Malt Compound, a most superior remedy, at the astonishingly low price of only $4.50 per dozen. THINK OF IT! You can obtain from us our Standard Household Remedies for almost one-half the price the druggist or jobber must pay for such medicines when buying from other houses.

PLEASE DO NOT MAKE THE ERROR of forming the conclusion that because other remedies are sold for considerably higher prices that they must be better. We guarantee each and every one of our preparations, and will back up every medicine that we place upon the market to be strictly as represented and to do all that is claimed for it. We guarantee that at these exceedingly low prices quoted on quantities of our Household Remedies we will furnish in all cases the same high grade medicines as we have supplied to our customers for years and the merit of which has been fully demonstrated.

ASSURE YOURSELF A VERY LARGE INCOME by securing the distributing privileges for our Household Remedies in your locality. EVERYBODY NEEDS THEM AND USES THEM. We sell, of course, single bottles or packages at special prices, but we allow a liberal discount to those ordering certain remedies in quantities. In many instances you will be in a position to dispose of these medicines at retail prices, for, if the parties would send for a single bottle and pay postage or expressage on same, it would often make the cost higher than the regular retail price. On the other hand, the transportation charges on a few dozen medicines by freight would be very little, if any more than on a single bottle by express, so that you can order in quantities without increasing the very low dozen prices to any extent. A remedy the retail price of which is $1.00 per bottle, when ordered in dozen lots costs you only 40 cents per bottle, and, even if you sell each bottle for 20 cents less that the retail price you could still make 100 per cent profit.

REALIZING THAT SINCE THE DEMAND for our remedies has increased and grown to such large proportions in every section of the country and the disappointment experienced by thousands of persons who often wish to obtain these remedies quickly when needed and who cannot always wait until they send to Chicago, and for the medicine to arrive, we conceived this plan of establishing distributing centers in each locality to overcome this difficulty, to give everybody an opportunity to secure Sears, Roebuck & Co.'s Celebrated Household Remedies in their own neighborhood and without any unnecessary delay.

WE DO NOT ASK YOU TO CANVASS from house to house and urge people to buy our medicines. This is not necessary. We only expect you to supply the large demand that has been created to make it convenient for the sick, to get their medicines from you to save delay, as they cannot get our remedies at drug stores. We never sell to drug stores. This does not require any extra effort on your part and yet it will pay you well. All that is really required is that you inform your friends and neighbors that you have these medicines on hand, and that they can get them from you. This alone will bring you a large extra income on the sale of our remedies, and you will be favoring many sick people by delivering to them promptly what they want and must have, and for which they would otherwise have to wait several days, during which time they would suffer unnecessarily.

UNDER THIS NEW ARRANGEMENT, you carrying a supply of our remedies, you can afford sick people the means of immediate relief. Although the furnishing of our remedies to others will add considerable to your earnings, the fact that you can help and minister to the sick, that you can promptly allay pain, that you can aid the ailing in hastening their cure, will be a source of still greater gratification and satisfaction to you.

TO THOSE WHO HAVE THE TIME AND INCLINATION to undertake the distribution of our remedies on a larger scale, our quantity prices offer a chance of a lifetime. With no investment to speak of, they can start in the medicine business, and within a very short time build up a trade for themselves that would yield them an income larger than they could obtain by devoting their time to any other line of work. The standard quality and merit of these remedies being highest, the prices for same positively the lowest, your profits being very large, you can make big money by taking advantage of this special proposition, and without assuming even the slightest risk on your part.

QUANTITY PRICES WE WILL ALLOW ONLY ON SUCH ARTICLES WHERE THE DOZEN PRICE IS HEREIN QUOTED.

ON ANY MEDICINE OR ARTICLE on which the price per dozen is not indicated, we positively can make no reduction, whether you order in single or dozen lots. Do not ask us to deviate from this rule. We can make no exception whatever. When we are in a position to offer an article at a quantity price, such article will be added to this list and all notified of this fact strictly in accordance with our well known policy of fair and business like treatment to all trading with our house.

WE WILL ACCEPT no order at a quantity price unless a full dozen is ordered to be shipped at one time, but you need not order a dozen of each kind. You can, if you prefer, order a half dozen each of two kinds or a quarter dozen each of four kinds, and you will be entitled to quantity prices just the same, as long as you order altogether a dozen bottles or packages of medicine on which quantity prices are quoted. This is the only exception we make in our entire catalogue in making a reduction in price for quantity. We make this exception as a matter of accommodation to our customers to induce some one in every neighborhood to carry a small stock of our great remedies, and thus have the opportunity of relieving the afflicted without delay.

DO NOT DELAY In securing the distributing privileges for Our Household Remedies to cover your locality if you are interested. Thousands of our customers have during the past few years requested such privileges when we were not in a position to grant their request. They will now, no doubt, quickly take advantage of the opportunity afforded. Only a limited number of distributing centers will be established, sufficient to take care of each locality in a proper manner. When this point has been reached, we reserve the right of withdrawing our special quantity prices, which will then be available only to those who have started the sale of our Household remedies prior to that date and who may then continue to order at these special prices as long as they remain in effect.

DRUG DEPARTMENT.

OUR DRUG DEPARTMENT IS IN CHARGE OF A COMPETENT CHEMIST AND REGISTERED PHARMACIST, who has had long experience both in this country and Europe in compounding drugs and chemicals. He has strict instructions to examine thoroughly every article received in this department, to note its quality and freshness, to apply tests to ascertain its strength and purity and to reject everything that does not come up to full standard required by the drug inspectors of the United States government.

OUR PRESCRIPTION DEPARTMENT. OUR PRESCRIPTION DEPARTMENT IS UNDER THE DIRECT CHARGE OF ONE OF THE MOST ABLE CHEMISTS AND PHARMACISTS IN THIS COUNTRY. Every prescription is compounded with the greatest care, only the very best drugs are used and yet we are able to save our customers in nearly all cases more than one-half in price. If you will send your doctor's prescription or any other prescription to us, you can rest assured it will be given professional care. There will not be any substitutions such as local druggists are compelled to make for want of certain drugs, it will be compounded in the most scientific manner and returned to you immediately at a saving in price on an average of more than one-half.

ABOUT STANDARD PATENT REMEDIES. WE CARRY IN STOCK AT ALL TIMES almost every known patent remedy, every remedy of merit, every remedy that is now being or has ever been advertised to any extent, and our price to you is the lowest wholesale prices on such remedies. We can usually save you from 25 to 50 per cent on any patent medicine of any kind. If there is a known remedy wanted and you do not find it in our catalogue, send your order to us. If it is a dollar article it will be perfectly safe for you to send 75 cents, if it is a 50-cent remedy, it will be perfectly safe for you to send 40 cents. Be sure and send enough. We will fill your order immediately and if you have overpaid us we will return the balance of the money with your order. It will pay you handsomely to order any patent remedies from us. You will be saving all the profit your druggist would make and more.

OUR OWN SPECIAL REMEDIES. IN THIS DEPARTMENT we have endeavored to show a very complete line of our own special remedies, remedies that we have had prepared from prescriptions furnished by the world's highest medical authority. They are prepared in our own laboratory from the very best material that can be obtained, they are to the best of our knowledge the best known remedies for the different ailments for which they are intended, they are prepared without regard to expense that our customers can get the very best that money can buy.

We are daily receiving testimonials from every state and territory telling us of the wonderful cures effected by our many special remedies.

IN SENDING US YOUR ORDER for anything in the line of drugs, chemicals or toilet supplies, you are not only sure of effecting a big saving in price, but you have the additional advantage of obtaining the best and purest goods in this line, a grade of drugs and chemicals better than is carried by the average retail dealer, a far superior and larger stock than the regular retail druggist can afford to carry, and you are assured the attention of an experienced chemist, a graduate physician, one who has made the specialty of drugs and chemicals his life-long study.

REGARDING SPIRITUOUS LIQUORS. WE DO NOT DEAL IN SPIRITUOUS LIQUORS OF ANY KIND. We do not believe in the traffic and we allow no liquors to go out of our house, and same are only used for medicinal purposes as may be required in our laboratory for compounding remedies that could not be manufactured in any other way. We call the attention of our customers to this fact for the reason that we constantly receive inquiries with reference to prices on various kinds of liquors, and we wish it to be understood that we not only do not deal in spirituous liquors, but we are not in sympathy with the traffic.

POISONOUS, INFLAMMABLE OR EXPLOSIVE MATERIALS CANNOT BE MAILED.

THE CELEBRATED DRY POWDER FIRE FIGHTERS

SOLD EVERYWHERE FOR $3.00 EACH.

OUR PRICE ONLY 59 CENTS EACH.

THE PRICE REDUCING POWER OF OUR HOUSE has never been better illustrated, our far reaching resources in creating opportunities for our customers to save money on goods we supply and yet secure for them the best that any price can buy, cannot more plainly be demonstrated than by our Grand Challenge Offer on the well known Fire Fighters, or Dry Powder Fire Extinguishers.

FOR NEARLY A YEAR the Fire Fighters or Dry Powder Fire Extinguishers have been offered for sale. We tested their efficacy and found them to be everything claimed for them, but their selling price of $3.00 each seemed exorbitant, and for that reason we refused to list them in our catalogue. Recognizing, however, the positive merit that the Fire Fighter Dry Powder Fire Extinguishers unquestionably offer as

A PROPERTY AND LIFE SAVER

we have worked unceasingly to obtain an opportunity for supplying them to our customers, and we are proud of our success in that direction. We have now secured the original recipe or formula for the composition of the **genuine Fire Fighter Dry Powder Fire Extinguishers**, an article that you cannot buy elsewhere for less than $3.00 each, and which you can order from us **at the astonishingly low price of 59 cents each.** Do not be misled by the statements of firms or their agents that the Fire Fighter Dry Powder Fire Extinguishers could not be produced and sold at such a never heard of low price. We have secured a legal right for the manufacture and sale of the original Fire Fighters. **We will guarantee that our Fire Fighters are of the original secret composition,** exactly the same composition used in the Fire Fighters selling at $3.00 each. We will save you $2.41 on each tube of the Fire Fighter Dry Powder Fire Extinguishers.

THE FIRE FIGHTER IS A DRY POWDER FIRE EXTINGUISHER, put up for use in a metallic tube 22 inches long and 2 inches in diameter. One end of the tube is fitted with a cover, held in place by natural tension and fitted with a ring by which the tube is hung from a strong hook, attached for this purpose to a wall, column, door or window frame. By grasping the tube firmly and jerking it, it will immediately be released from the cover, which remains hanging on the hook, leaving the tube open at the upper end and its contents free for immediate use. The dry powder is thrown on the floor by a sweeping motion in accordance with complete instructions furnished with each Fire Fighter. Anyone, even children, can use a Fire Fighter with perfect safety and never failing success. It will extinguish the fire, not in five minutes or ten minutes, but instantaneously by blotting it out in a few seconds after proper application of the dry powder has been made.

THE FIRE FIGHTER or dry powder in the tube, unless used, will last forever, will not lose power or strength, will not absorb moisture, cannot freeze, cannot explode, is non-poisonous and absolutely non-corrosive; will not harm the most delicate fabric or most expensive woodwork. **The Fire Fighter will practically last forever.** It will always be ready and by securing a sufficient number of Fire Fighter tubes and distributing properly at different locations around the premises, they will always be handy and will accomplish within a few seconds all that needs to be accomplished to stamp out a fire before it has reached any proportions so that it will be beyond control.

PROTECT YOUR HOME, YOUR BARN, YOUR STABLE, YOUR SHOP.

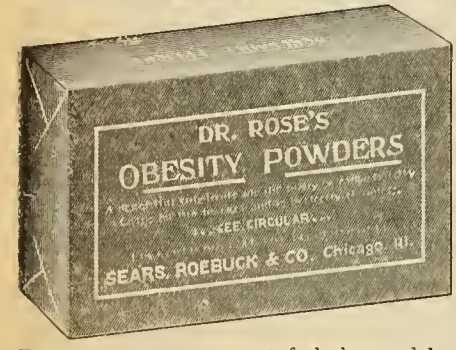
or any other valuable premises by placing within handy reach a few of the celebrated Fire Fighters, the latest improved dry powder fire extinguisher, absolutely safe in its use, instantaneous in its action, and never failing in results. Each Fire Fighter is complete, and

SUPERIOR AND MORE EFFECTIVE THAN ANY OTHER SIMILAR APPLIANCE OBTAINABLE.

A COMPARATIVELY SMALL INVESTMENT will afford you the safest protection against fire, and it will be the cheapest fire insurance that anyone can carry. Remember that the fire fighters will not spoil, and even if they are not used for ten or twenty years, they will be just as good as on the day when they reached you. The dry powder in the fire fighters cannot be affected by moisture, cold, heat or in any other manner. The full strength of these dry powders will be preserved as long as they are not used for extinguishing a fire. You can make no better investment than by securing a sufficient number of fire fighters, so as to equip your premises in a proper manner. **It will protect you by saving life and property.** It is the most valuable safeguard that you could possibly secure against destruction by the demon—**FIRE. Do not fail to order a half dozen or more tubes.**

DON'T DELAY. DELAYS IN SUCH CASES ARE ALWAYS DANGEROUS.

No. 8T7 FIRE FIGHTERS, retailing everywhere at $3.00 each, our price, each **59 CENTS**



Fat Folks, Take Dr. Rose's Obesity Powders and Watch the Result.

Retail price.....75c
Our price, each.....$0.50
Our price, per dozen.. 4.20

TOO MUCH FAT is a disease and a source of great annoyance to those afflicted. It impairs the strength and produces fatty degeneration of the heart, and sudden death results. All people who have obesity are troubled with **sluggish circulation and labored action of the heart.** The patient feels lazy and burdensome. There is a sluggish condition of the whole system; they are not exactly sickly, there is a feeling that all is not right. Nervousness, rheumatism, headache, dropsy and kidney diseases are frequent complications of obesity, and, more cause to be alarmed, the heart is always affected. **Send at once for a box of Dr. Rose's Obesity Cure.** It will reduce corpulency in a safe and agreeable manner, perfectly harmless. No bad results follow its use, as is the case with many of the much advertised cures. Explicit directions and valuable information for fat folks enclosed in each box.

A boon to fat people who will be glad to obtain this remedy at home when they know you keep it on hand . . . . . .

Cure for the Opium and Morphia Habit.

Retail price.....$1.50
Our price, each.....$0.67
Our price, per dozen..... 6.00

WE HERE OFFER A PERFECTLY SAFE AND RELIABLE CURE to those addicted to the habit of using opium or morphia in any form or manner whatever. We guarantee this preparation to be absolutely harmless, to contain no poisonous narcotics. Can be taken freely without producing any of the deleterious effects on the system, such as are caused by the use of opium and morphia. Immediately on taking a dose of this remedy a calming and soothing effect is produced. It acts as a tonic to the nerves; its use will completely destroy that terrible craving for morphine in those who are victims to the deadly habit of taking these poisonous drugs, and free them from their bondage, restoring their health and making them feel like living again. A dose can be taken whenever a craving for morphia or opium exists; it will act at first as a perfect substitute, rendering the patient independent of these poisonous drugs, and after continued use for a short period the nerves will become strong and the general health improved, so that the remedy can be taken at longer intervals and soon altogether discontinued; then the cure is complete.

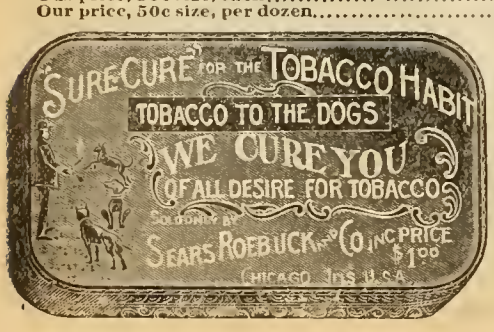
Our price, 50c size, per dozen..... 3.60
Our price, $1.00 size, each.....$0.75
Our price, $1.00 size, per dozen..... 6.60



WE CURE YOU This is nature's own remedy, entirely harmless. It cures because it builds up and fortifies, rejuvenates the weak and unstrung nerves caused by over indulgence in this poisonous weed. It stops the **craving for tobacco** by supplying instead a healthy **nerve tonic and strengthener;** it does more, it eradicates the **poisonous nicotine from the system which has accumulated from long continued use of tobacco.** Nicotine is a virulent poison and the chief ingredient of tobacco. It is the cause of all the **nervous troubles and general debility of smokers.** Our sure cure will destroy the effects of this nicotine, chase it from the system and make weak men strong again, and impotent men gain weight and vigor, make the old feel young again. It satisfies the **craving for tobacco,** and its use brings great health, increasing the appetite for food, strengthens the stomach, enriches and purifies the blood, giving good general health. It is not a drug; **it can be chewed the same as tobacco,** or taken dissolved in coffee or hot water. It is not only a **sure cure for the tobacco habit,** but also one of the best tonics for **sexual weakness** ever made. **Give it a trial and be convinced.**

You can cure yourself and others from the tobacco habit. Order a supply at our special quantity prices. You can sell them easily at a good profit.

DROPPED DEAD! Attention! Every fourth person has a weak or diseased heart. It is surprising that this most vital portion of the human body should receive so little attention from medical writers and investigators. The duty of the heart is to keep every part of the human frame constantly supplied with the vital fluid called blood, and the moment it ceases to beat, death ensues. It is the hardest worked organ in the body; it works incessantly from the beginning to the end of life. Day and night, it labors without rest, performing such an enormous amount of work as to be almost beyond belief. With every pulsation it exerts a force equal to 50 pounds, which amounts to 3,600 pounds a minute, 216,000 pounds every hour, and the inconceivable number of 5,184,000 in a single day. All this vast amount of labor must be done, and done well, every day; if not, your health will surely suffer in consequence of the least failure of the heart to properly perform its duties. The health of the heart is therefore exceedingly important, and weakness and disease of this organ are more common than people are aware of. Shortness of breath, palpitation, pain in the chest, fainting spells, etc., are attributed by them in their ignorance to other causes, and even physicians frequently make the same mistake. Every one who reads the daily papers must observe how frequent the words "dropped dead" and "sudden death" occur. Scarcely a day passes without some prominent person being stricken down without warning while apparently in the best of health. We will enumerate a few of the more common symptoms of heart disease:

SHORTNESS OF BREATH, fluttering or palpitation, pain or tenderness in the left breast, side, or under the left shoulder blade, between the shoulders, irregular or intermittent pulse, oppressed feeling in the chest, choking sensation in the throat, weak or hungry spells, sleeping on the side, especially the left, is often disagreeable, smothering or sinking spells, fainting spells always indicate a weak heart, difficult or asthmatic breathing accompany bad cases, and often cause the patient to sit up in bed, swelling of the feet or ankles, this is a sure sign of heart disease, but not always present; dropsy, a large portion of cases come from heart disease, neuralgia in the chest, on the right or left side, sudden starting in sleep, morbid dreams.

Every patient suffering from heart trouble will want this preparation. Do not omit it from your quantity order. It will sell readily.

WEAK HEARTS are as common as weak stomachs, lungs or eyes. Every heart that flutters, palpitates, tires out easily, aches, etc., is weak or diseased, and treatment should not be postponed a single day, and there has never been found a remedy so effectual in healing, strengthening and restoring the heart as the newly discovered cure—Dr. Echols' Australian Auriclo. It is daily curing thousands in every stage of heart disease. No one can make a mistake in purchasing a box of this valuable remedy. It is worth its weight in gold a thousand times over. Remember that such simple ailments as cold hands and feet, spots before the eyes, hungry spells, etc., indicate a weak heart or a diseased one. People in their ignorance generally lay the blame elsewhere, and continue to suffer, whilst the heart grows worse and worse. Take a remedy in time and save much suffering, and remember how frequent you read the words, "dropped dead" and "sudden death," the result of heart failure. The medicine is in the form of a tablet, can be sent by mail and carried in the pocket without inconvenience.

Dr. Hammond's Internal Catarrh Cure.

Retail price.. ..... $1.00
Our price, each $0.50
Our price, per dozen 4.80

A RADICAL CURE FOR CATARRH. If you have Chronic Catarrh order Dr. Hammond's Internal Catarrh Cure and you will get instant relief and a speedy and permanent cure. A great many people cannot understand how our internal remedy can affect catarrh when located in the head, where most people feel the catarrh first; but whether in the head, stomach, bowels, bladder or throat it is all the same. Dr. Hammond's Internal Catarrh Cure will destroy the disease, and make you well again. Catarrh is a chronic inflammation of the mucous surface and it is the same wherever you find it; you cannot completely cure it until the whole system has been put in perfect health. Local treatment may give you relief but internal treatment will bring the cure. When the hearing has become affected this remedy has never failed to give relief and often completely restored lost hearing resulting from catarrhal affections. Full directions accompany each bottle, also fuller particulars concerning it. Cure your catarrh with Dr. Hammond's Internal Catarrh Cure. Try a bottle, and you will surely use it until well again.

Chronic catarrh is hard to cure. Dr. Hammond's Catarrh Cure does it quickly. Large sales of this remedy mean a good profit to you throughout the year

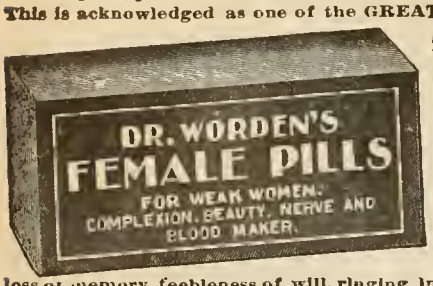
Dr. Worden's Female Pills for All Female Diseases.

Retail price..... 50c
Our price, per box..... $0.35
Our price, per dozen boxes..... 3.00

This is acknowledged as one of the GREATEST REMEDIES of the age.



A GREAT BLOOD purifier and nerve tonic. Cures all diseases arising from a poor and wasted condition of the blood, such as pale and sallow complexion, general weakness of the muscles, loss of appetite, depression of spirits, lack of ambition, anæmia, chlorosis or green sickness, palpitation of the heart, shortness of breath on slight exertion, coldness of hands and feet, swelling of the feet and limbs, pain in the back, nervous headache, dizziness, loss of memory, feebleness of will, ringing in the ears, early decay. ALL FORMS OF FEMALE WEAKNESS—leucorrhœa, tardy or irregular periods, suppression of the menses, hysteria, locomotor ataxia, partial paralysis, sciatica, rheumatism, neuralgia. Cures all diseases depending on vitiated humors in the blood, causing scrofula, swelled glands, fever sores, rickets, hip joint diseases, hunchback, acquired deformities, decayed bones, chronic erysipelas, consumption of the bowels and lungs. In invigorating the blood system when broken down by overwork, worry, diseases, excesses and indiscretions of living, this is a most wonderful medicine.

One of our best sellers. Women who have used these pills will gladly recommend them to others. They will increase your sales and profits immensely. . . . . .

THESE FEMALE PILLS are not a purgative medicine; they are not a cure-all. They contain nothing that could injure the most delicate system but act upon the diseases dependent upon poor and watery blood or a cachectic state of that fluid.

WOMEN CAN BE BEAUTIFUL, their complexion perfect, nervous system normal, circulation perfect. All weakness and disease removed by taking these pure vegetable pills. Thousands of women have been cured by using Dr. Worden's Pills, after all other remedies and physicians had failed.

WE GUARANTEE A CURE. One single box will furnish great relief. Six boxes are usually sufficient to cure cases that are not of too long standing, while ten to twelve boxes will cure any case for the treatment of which these pills are prepared. We positively guarantee to cure any case of female weakness if the treatment is proceeded with in a systematic manner, and for a reasonable length of time.

Cathartic Pills, Only 10 Cents per Box.

Retail price..... 25c
Our price, per box..... $0.10
Our price, per dozen boxes..... .90

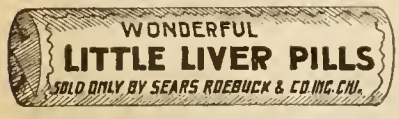
THIS IS THE OLD FASHIONED SUGAR COATED CATHARTIC PILL of the U. S. Pharmacopœia, the same as Ayer's, Brandreth's, Jaynes' and other much advertised pills. They act principally on the liver, and move the bowels gently without griping. These pills are carefully prepared from fresh vegetable extracts, and can be thoroughly relied upon. For this reason they are much superior to many others sold at double their price.

No. 8T42 Price, per dozen boxes, 90c; per box containing 25 pills..... 10c
If by mail, postage extra, per box, 2 cents.

Wonderful Little Liver Pills.

Retail price..... 25c
Our price, each..... $0.13
Our price, per dozen..... 1.00

Entirely vegetable in their composition. These wonderful little pills operate without disturbance to the system, diet or occupation.



CONSTIPATION, that most hideous and deathly demon of sickness, is an easy enough thing to cure if you will only persist in taking proper treatment. It is one of the commonest troubles and often thought to be a very little thing. Yet we say that nine-tenths of all human sickness is due to this one thing. When the bowels do not move regularly the natural drainage tract in the human system is dammed up, decomposition ensues and poisonous gases and liquids are carried all through the system. The result is jaundice, torpid liver, biliousness, sallow skin, indigestion, foul breath, coated tongue, loss of appetite, pimples, belching foul gases, blotches, boils, dizziness, headache, cramps, colic, etc. You can easily avoid all these troubles and keep your system pure and healthy by taking from time to time one or two of our WONDERFUL LITTLE LIVER PILLS. Some of our customers call them "LITTLE GIANTS," they are so small in size and so easy to swallow, yet so effective and mild in their operation. Whenever your stomach, liver and bowels get out of order take one or two of our LITTLE WONDERS and notice the quick effect and great relief you will experience. Keep a box always beside you. Use them occasionally and you will always feel well and look the picture of health.

No. 8T45 Price, per dozen boxes, $1.00; each..... 13c
If by mail, postage extra, per box, 2 cents.

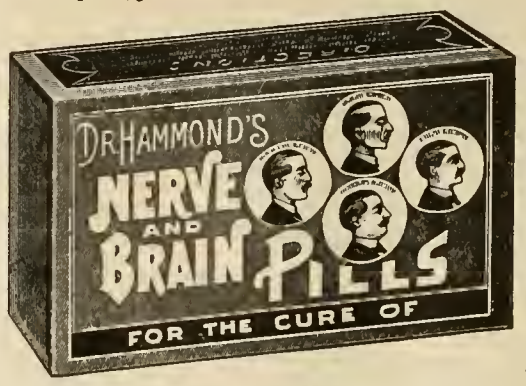
Dr. Hammond's Nerve and Brain Pills.

GUARANTEED THE HIGHEST GRADE ON THE MARKET.

A BOON FOR WEAK MEN.

Retail price..... $ 1.00
Our price, each..... .60
Our price, per dozen..... 6.00



SIX BOXES POSITIVELY GUARANTEED TO CURE ANY DISEASE for which they are intended. This will cure you if you feel generally miserable or suffer with a thousand and one indescribable bad feelings, both mental and physical, among them low spirits, nervousness, weariness, lifelessness, weakness, dizziness, feeling of fullness like bloating after eating, or sense of goneness or emptiness of stomach in morning; flesh soft and lacking firmness, headache, blurring of eyesight, specks floating before the eyes, nervous irritability, poor memory, chilliness, alternating with hot flushes; lassitude, throbbing, gurgling or rumbling sensations in bowels, with heat and nipping pains occasionally; palpitation of heart, short breath on exertion, slow circulation of blood, cold feet, pain and oppression in chest and back, pain around the loins, aching and weariness of the lower limbs, drowsiness after meals but nervous wakefulness at night, languor in the morning, and a constant feeling of dread, as if something awful was going to happen.

IF YOU HAVE ANY OF THESE SYMPTOMS our NERVE AND BRAIN PILLS will cure you. No matter what the cause may be or how severe your trouble is, DR. HAMMOND'S NERVE AND BRAIN PILLS will cure you. These pills have a remarkable effect on both old and young. They cannot be equaled by any other medicine as a cure for impotency, spermatorrhœa, night sweats, emissions, varicocele (or swollen veins), weakness of both brain and body arising from excesses and abuses of any kind. They will tone up the whole nervous system, no matter how much worn out, overworked or depressed you may be; the weak and timid young man made strong and bold again; they will give youthful vigor and a new lease of life to the old.

BEWARE OF QUACK DOCTORS who advertise to scare men into paying money for remedies which have no merit. Our Nerve and Brain Pills are compounded from a prescription of one of the most noted German scientists, and are the same as have been used in German hospitals for years with marvelous success. HOW TO CURE YOURSELF and full and explicit directions are enclosed with every box. All orders and inquiries concerning these pills will be treated confidentially, and all shipments made in plain sealed package.

ONLY $3.00 FOR SIX BOXES. Enough to cure almost any case, no matter how severe, no matter how long standing, whether old or young, no matter from what cause. Send us $3.00 and we will send you six boxes by return mail, postpaid, in plain sealed package, with full instructions.

If you need these pills don't delay. This is the first time the American people have had an opportunity of getting the genuine Dr. Hammond's Pills, and the first time they have been sold anywhere at anything like our price.

No. 8T51 Price, per dozen boxes, $6.00; each..... 60c
If by mail, postage extra, per box, 3 cents.

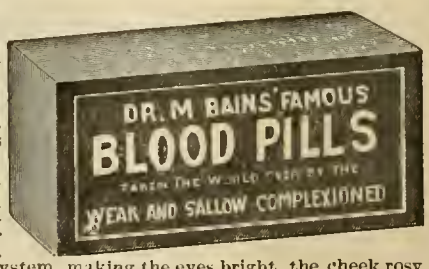
Our Famous Blood Pills.

A WONDERFUL PURIFIER.

Retail price..... 50c
Our price, each..... $0.22
Our price, per dozen..... 1.80

For men and women that require a nerve tonic, blood purifier or builder.

Over one hundred thousand sold last year, which shows what is thought of these pills when known. Others sell them at 50 cents per box.



FOR FEMALE TROUBLE they are an unfailing remedy, and guaranteed far superior to any other pills on the market at any price. They give tone to the whole system, making the eyes bright, the cheek rosy, and, through strength and buoyancy, the step is firm and elastic.

OUR BLOOD PILLS can be taken according to directions without any danger, by either sex, and if carefully followed will give quick results and permanent relief. Weakness, poor thin blood, giving a sallow or pale complexion, loss of appetite, chlorosis or green sickness, pain in the back, palpitation of the heart, nervous headaches, suppression of menses, leucorrhœa, tardy or irregular periods, hysteria, paralysis, and all diseases resulting from humors in the blood, which cause erysipelas, sores, swellings, and even consumption, also in cases where the system is broken down by overwork of mind or body, or from excesses and indiscretions of living.

THE EFFECT IS WONDERFUL. These pills are not of a cathartic nature; they do not, nor are they intended to purge. They are intended to act on the blood, and supply what is needed in restoring the tone and lacking constituents, stimulating to activity the sluggish system.

FOR WOMEN in case of suppression of menses, leucorrhœa or whites, chlorosis, anæmia, locomotor ataxia, a quick and permanent cure can be effected; in fact, it is the greatest remedy known.

FOR MEN these pills stand without a rival, and should be used in all cases where the patient is suffering from a tainted condition of the blood. They have proved especially valuable in the treatment of blood and skin diseases, and as a rule are prescribed by the most successful physicians in cases of eczema and blood poison. A similar class of pills retails everywhere from 50 cents to $1.00, but they cannot be compared with our famous Blood Pills, which are the grandest prescription in existence for restoring the blood to a natural, healthy and normal condition.

No. 8T54 Price, per dozen boxes, $1.80; each..... 22c
If by mail, postage extra, per box, 2 cents.

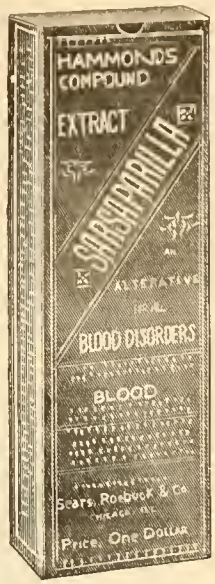
Hammond's Sarsaparilla.

Guaranteed the Best on the Market.

Retail price $1.00
Our price, each $0.50
Our price, per dozen 4.80

There is no other Sarsaparilla made that will compare with it.

DR. HAMMOND'S SARSAPARILLA combines in an agreeable form the medicinal properties of the most approved alterative and blood purifying remedies of the vegetable kingdom. Dr. Hammond's Sarsaparilla will not cure every thing, but the fact that on the purity and vitality of the blood depends the vigor and health of the whole system, and that disease of various kinds is often only the sign that nature is trying to remove the disturbing cause, lead to the conclusion that a remedy which gives life and vigor to the blood and eradicates scrofula and other impurities, as this preparation undoubtedly does, must cure and prevent many diseases. Hence the field of its usefulness is an endless one, and we are warranted in recommending it for all derangements caused by an unnatural state of the blood.



FOR SCROFULA Dr. Hammond's Sarsaparilla is the greatest known remedy and there is no other disease that is so general among our population. Almost every individual has this latent poison coursing his veins. Its alarming fatality is not realized because consumption and other diseases are reported as the causes of deaths, many of which are the result of scrofula. This scrofulous taint weakens the energies of life, and constitutions contaminated by it are more susceptible to disease and have less physical force to withstand it. Persons afflicted with scrofulous sores endure intense suffering which, like the gratitude they feel to a remedy which cures them, cannot be fully appreciated by others. Scrofulous affection is hereditary, and may be transmitted, without appearing, through several generations, and then assume its worst forms. The indications of scrofula are many and varied. The following are among its prominent characteristics: Pallid countenance, a bluish white transparent complexion, inflamed eyelids, eruptions on the scalp and various parts of the body, irregular appetite, sometimes keen, at others, dainty; bowels irregular, a general lassitude and debility which takes away all energy or desire for action, business or labor. Scrofula is most dangerous when it seats itself upon the lungs, producing tubercular consumption. It is not, however, confined to any part of the body, as it attacks the lungs, liver and kidneys, also the digestive and uterine apparatus, inducing and often resulting in a long train of diseases such as consumption, ulceration of the liver, stomach or kidneys, eruptions and eruptive diseases of the skin, ulcers, tumors, erysipelas, salt rheum, blotches, pustules, tetter, pain in the bones, side or head, ringworm, scald head, catarrh, dyspepsia, female weaknesses, leucorrhœa, arising from internal ulceration, and uterine diseases aggravated by low condition of the system or impure state of blood, dropsy, emaciation, general debility, and that tired feeling.

Sarsaparilla is a household remedy everywhere. Those widely adverlised relail for $1.00. Or. Hammond's is better. You can save everybody money, give them the best Sarsaparilla at a lower price than they can buy inferior qualities, and yet the sale will net you a nice profit on every bottle that you dispose of. . .

OUR SARSAPARILLA is a purely scientific preparation. It is carefully prepared from the most powerful, yet perfectly safe and harmless alteratives and blood purifying agents, selected from the vegetable kingdom. This preparation does not contain mercury or arsenic in any form or combination whatever. Our Sarsaparilla cures where all others fail. It combines the merits of all other sarsaparilla compounds with defects of none. For blood making, blood cleansing, flesh and appetite producing, our Sarsaparilla is unequaled. No family can afford to be without it. For infants, children, grown people, it should be taken regularly. Our prices are very low.

Greatest Vegetable Medicine of the Age for the thousand ailments common to the masses.

FOR THE CURE OF COUGHS of all kinds, chronic and lingering, especially bronchitis, laryngitis, consumption, ulcerated throat, ministers' or public speakers' sore throat, hoarseness and suppression or loss of voice. It does not nauseate or debilitate the stomach or system, but improves digestion, strengthens the stomach, builds up solid flesh when the system is reduced below a healthy standard, and invigorates and cleanses the whole system.

As a remedy for torpor of the liver, generally termed liver complaint or biliousness, and for habitual constipation of the bowels it has no equal. For loss of appetite, indigestion and dyspepsia, and for general or nervous debility or prostration, in either sex, it has no equal. As an alterative or blood purifier, this medicine is far superior to any preparation of sarsaparilla, iodide of potassium, or any other medicine now offered for general sale. It is, therefore, very valuable in all forms of scrofulous and other blood diseases, also for all skin diseases, eruptions, pimples, rashes and blotches, boils, ulcers, sores and swellings, arising from impure blood, and cured by the use of a few bottles of this compound. Unlike other alteratives or blood cleansing medicines, it does not debilitate, but strengthens the entire system. This is a very concentrated vegetable extract. The dose is small and pleasant to the taste. Full directions accompany each bottle.

BUILD UP YOUR ENTIRE SYSTEM by using a few bottles of this wonderful remedy. Is your health impaired, are you overworked, do you need a general toning up? If so, order three bottles and become a new person.

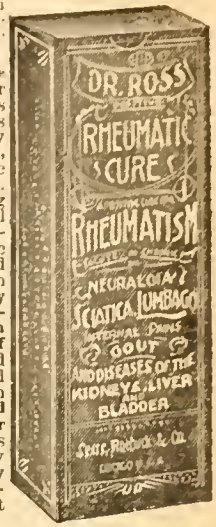
Dr. Ross' Positive Rheumatic Cure.

Rheumatism Can Be Cured!

Retail price $1.00
Our price, each $0.65
Our price, per dozen 6.00

WHAT IS RHEUMATISM? This dreadful disease, this scourge of humanity, is a blood disease, always due to one cause; namely, the presence in the system of urea, and uric acid, which poisonous elements could not be retained unless there was a defective kidney action underlying the rheumatic disease.



RHEUMATISM may be divided into two classes, acute and chronic rheumatism. Acute, or commonly called inflammatory rheumatism, announces itself through piercing pains in the joints and muscles in the back, the knees, the hips, etc., and generally spreads through the whole body. Chronic rheumatism, on the other hand, is accompanied by no fever, the joints are very painful, swollen, sensitive and often stiff. If this disease is of long duration the joints will swell or expand, and dislocation take place. The resulting deformity and crippling of the joints can be cured if correctly treated. We can say inflammatory rheumatism is the most dangerous of the two, owing to its rapid spreading over the body, implicating certain internal organs and structures, especially the heart, often producing pleurisy, pneumonia, bronchitis, cerebral and spinal meningitis. If the disease has thus far advanced without receiving proper treatment relapses are frequent and death often results, which is generally due to complications. There is but one satisfactory way to treat rheumatism and that is in a constitutional manner, by giving internal medicines which act on the blood.

Our Positive Rheumatic Cure is in great demand. If you handle our medicines you will need a good supply. Do not fail to order a sufficient quantity.

OUR POSITIVE RHEUMATIC CURE will positively cure rheumatism in all forms, and in all its different stages, by reason that it removes from the system the urea and uric acid upon which the disease feeds. This remedy has a specific action on the blood, it increases the number of the red blood corpuscles, which are morbidly deficient in cases of rheumatism.

OUR POSITIVE RHEUMATIC CURE is compounded from a prescription of a celebrated French scientist who spent the greater part of his life in prescribing for rheumatism in all forms. Our remedy will cure when all others fail. If you have rheumatism in any form you should get this remedy at once. If you have been suffering for years you will find quick relief and final cure in this remedy. If your case is chronic order six bottles, for in severe cases and cases of long standing there is a necessity to use this remedy for a longer period; several months may be needed to fully secure exemption from the disease. We recommend ordering six bottles, it will cause a complete reconstruction of the system.

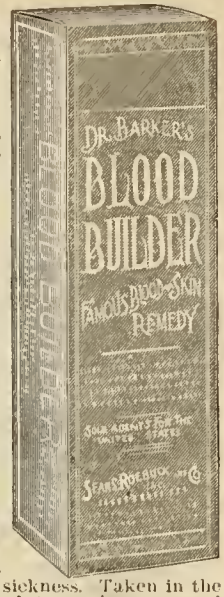
Our price, per dozen..... 6.00

Read Carefully and find out what our B. B. B. Medicine is. These Three Letters Stand for Dr. Barker's Blood Builder.



NATURE'S MOST WONDERFUL REMEDY for destroying poisons in the blood and building up a pure healthy blood, no matter how diseased the system is.

It is universally conceded that seventy-five per cent of the diseases with which the human family suffer today are produced by some poisonous germs in the blood or some derangement of that life giving and sustaining fluid. Physicians tell us that one in every twenty persons is infected with poisonous microbes. It is easy then to understand how blood diseases are so prevalent and needs but little argument to show why a simple vegetable remedy, which destroys and expels these poisonous germs, is the only true blood purifier. **It will cure scrofula, cancer, rheumatism, especially that arising from mercurial poisoning; eczema and other skin diseases that arise from impurity of the blood, nasal catarrh, acne or pimples, chronic ulcers, carbuncles, boils.** It is a true specific for syphilis in its primary, secondary or tertiary form, eradicating all unclean matter from the blood, removing all taint of this disease. A few bottles taken in the spring will prepare the system to stand the heat and corrupting influence of the hot summer days and ward off sickness. Taken in the fall it braces the system to stand the blasts of winter. As a general tonic and builder up of pure blood, **DR. BARKER'S BLOOD BUILDER** is the most valuable of all medicines, cleansing the system, freeing it from all poisonous germs. It is a powerful remedy, yet no one need be afraid to take it, as it is purely vegetable. It will cure you and make your skin smooth and give to it a healthy appearance.

The Blood Builder is also one of our good selling remedies, and is furnished in the same large commercial quart bottles as the Brown's Vegetable Cure. You will need a good supply to meet the demand created for this preparation . . . . . .

Our price, each..... $0.40
Our price, per dozen..... 3.60

GUARANTEED ABSOLUTELY PURE. Highest grade made.

You will save one-half in price and get the best goods possible to put up if you place your order with us. You can't afford to buy Cod Liver Oil unless you know it is absolutely pure. If you buy from us you will have our guarantee and know it is absolutely pure and fresh, imported direct from Norway, in original packages, where it is prepared from strictly fresh livers, pure and sweet.

IN THE TREATMENT of wasting diseases where the body has become emaciated, where patients are losing flesh, where the system is constantly weakening and reaches a state of debility, our Pure Norwegian Cod Liver Oil will not only act as a food, increasing properly the assimilation of all food partaken of, but the medicinal properties which it contains will at the same time produce a quick restoration to general health; in fact, a lasting cure.

For consumption, severe colds, lung and throat troubles, NORWAY COD LIVER OIL should be taken regularly.

Somone, for Sweet, Refreshing Sleep.

Retail price..... $1.50
Our price, each..... $0.67
Our price, per dozen..... 6.00

A RELIABLE REMEDY FOR SLEEPLESSNESS. We ask any of our customers who may be troubled with insomnia, who cannot sleep at night, to give this valuable remedy a trial. No matter from what cause the sleeplessness arises, a sound sleep will be procured by its use, and you will awake in the morning refreshed, strengthened and cheerful; no bad effects from its use. We guarantee it to contain no opium, morphine or poisonous narcotics of any kind whatever. It is a vegetable preparation composed of herbs soothing and healing to the entire system. It can be used in safety by the weakest and most delicate and is a boon to those of nervous dispositions. A single dose will strengthen and invigorate them and cause them to forget their troubles. Ladies troubled with nervous spells should always have a bottle at hand. A dose or two in time will save them many hours of agony and serious discomfort and often prevent total collapse of the nervous system. It has a marvelous effect on those afflicted with nervous prostration, acting like magic in restoring the nerves to their normal condition and causing a strong healthy feeling to prevail throughout the whole body. It quiets the nervous excitement and muscular trembling caused by the excessive use of liquor, and acts as an antidote to the liquor habit. Full directions accompany each bottle how to use it both for sleeplessness and nervous troubles.

DO NOT FAIL TO INCLUDE THIS REMEDY IN YOUR QUANTITY ORDER. THOUSANDS OF PATIENTS NEED IT AND BUY IT.

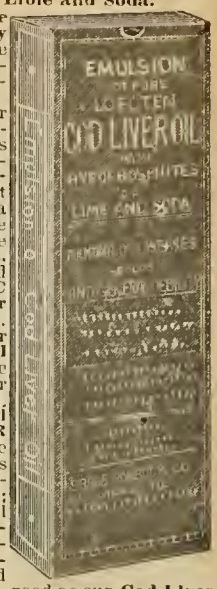
Our Cod Liver Oil Emulsion.

Retail price..... $1.00
Our price, each..... $0.59
Our price, per dozen..... 5.40
Pure Cod Liver Oil with Hypophosphites of Lime and Soda.

A CONSUMPTION CURE. 59 cents is the lowest price at which the highest quality Cod Liver Oil Emulsion was ever sold, and we feel sure our customers will appreciate this opportunity of getting for 59 cents what they have heretofore been compelled to pay $1.00 or more for.



IT IS THE GREATEST REMEDY ever discovered for phthisis or consumption, colds and chronic coughs, scrofula in its various forms, rheumatism, skin diseases, diseases of children, anemia, or poor condition of the blood, and general debility. In all the above diseases a remedial agent most essential and productive of the best results is a nutrient, an alterative for the body and a tonic for the brain and nervous system. **FOR CONSUMPTION** there is nothing known to equal our **Cod Liver Oil Emulsion**, and in the first and second stages will effect a quick and permanent cure. **FOR COUGHS AND CHRONIC COLDS** there is nothing known to equal our **Cod Liver Oil Emulsion**, and no family can afford to be without it. **Doctor bills** can be avoided, often lung fever and other diseases averted by the timely use of **Cod Liver Oil Emulsion. We would advise mothers** to always have a bottle on hand to give to their children or any member of the family when they have a cold or stubborn cough. **AS A CURE FOR SCROFULA** in its various forms, **Cod Liver Oil Emulsion** is of the greatest benefit. **FOR RHEUMATISM, Cod Liver Oil Emulsion** is a valuable remedy, and it has often cured the most stubborn cases when all other remedies have failed. **FOR SKIN DISEASES, Cod Liver Oil Emulsion** should always be used; there is perhaps no other remedy that exerts so powerful an influence over skin diseases. **FOR GENERAL DEBILITY AND EMACIATION** our **Cod Liver Oil Emulsion**, taken regularly after meals, will quickly recuperate and build you up to renewed strength, health and vigor. **FOR PURE BLOOD** nothing will do so much good as our **Cod Liver Oil Emulsion**; it will enrich and purify the blood, give it heat and life and tone, and strengthen the entire nervous system. **FOR DISEASES OF CHILDREN** our **Emulsion of Cod Liver Oil** should always be used.

Guaranteed Cure for Consumption.

Will positively cure Consumption when directions are followed.

CURTIS' CONSUMPTION CURE is compounded after a prescription of one of the highest authorities on the diseases of the lungs, an authority recognizing that the science of medicine has reached a point when they can say **consumption can be cured.**

TUBERCULOUS MATTER is nothing more or less than nourishment imperfectly organized. Now if with this remedy we can control the organization of this food material, so that through the process of elective affinity it may take its place in the system, **we can cure the disease. This is just what this remedy does. IT ARRESTS AT ONCE THE PROGRESS OF THE DISEASE** by preventing the further supply of tuberculous matter, for while the system is under its influence all nourishment is organized and assimilated. **It thus controls cough, expectoration, night sweats, hectic fever,** and all other characteristics of consumption.

OUR REMEDY WILL CURE YOU, but don't delay; take it in the first stages of the disease; it always yields so much easier to the treatment. **PROTECT YOUR LUNGS,** don't allow a cold to run. **Take this remedy at once,** for it cures all kinds of colds with the greatest promptness.

DON'T DELAY A DAY. If you would be cured, send for a trial bottle at once. Comes in **20** and **35-cent** bottles.

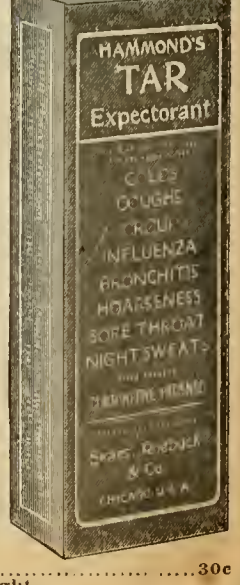
Dr. Hammond's Tar Expectorant.

Retail price..... 50c
Our price, each..... $0.30
Our price, per dozen..... 2.70

MORE CASES OF CONSUMPTION have been cured by the timely use of **Dr. Hammond's Tar Expectorant than by all other remedies combined.** For the cure of colds, coughs, croup, influenza, bronchitis, quinsy, laryngitis, hoarseness, sore throat, night sweats, catarrh and for the immediate relief of consumptive patients, **DR. HAMMOND'S TAR EXPECTORANT is the most wonderful remedy ever offered to the public. It wonderfully increases the power and flexibility of the voice, strengthens weak lungs, allays pulmonary irritation and affords the most effectual relief for whooping cough and even for consumption in its advanced stages.** It is especially beneficial in those diseases which are too often regarded as simply annoying, such as **common colds and coughs,** but which are really dangerous in their tendencies and demand prompt and active treatment. **For the more serious forms of throat and lung troubles its value cannot be overestimated to** anyone worn out with constant coughing and loss of sleep.



DR. HAMMOND'S TAR EXPECTORANT is a blessing, as it gives immediate relief, and sweet rest follows.

WE GUARANTEE that every case of pulmonary disease, not already beyond the reach of human aid, **can be relieved and cured by being promptly treated with Dr. Hammond's Tar Expectorant. DELAYS ARE DANGEROUS.**

No. 8T84 Price, per dozen, $2.70; per bottle..... 30c

THIS LARGE ILLUSTRATION is reproduced direct from a photograph of a bottle of Dr. Hoffmann's Malt Extract. It is a strengthener and a flesh and tissue builder.

PUTS FLESH ON THIN PEOPLE.

DRINK IT AT YOUR MEALS,

If You are Well, to Keep Well; if You are Sick, to Regain Your Health and Strength.

BUILDS TISSUE AND MUSCLE, FILLS OUT THE HOLLOW PLACES, MAKES GRACEFUL CURVES INSTEAD OF SHARP ANGLES, AND ADDS FLESH TO THIN, BONY FIGURES, AND STRENGTHENS AS IT BUILDS.

DR. HOFFMANN'S MALT EXTRACT.

Guaranteed the Genuine Malt and Hops Extract, now offered for **$1.45** per dozen bottles. **$2.60** per case containing two dozen bottles.

WHAT IS MALT EXTRACT?

Malt is barley that has been allowed to partially sprout and germinate and then dry, which develops the rich kernel into easily digested food. Hops are the female flowers of the Humulus Lupulus and add the soothing tonic and stimulating properties. Malt and hops is recognized as the greatest flesh building, strengthening combination ever produced in a liquid.

IT IS AMONG DRINKABLES WHAT BEEFSTEAK IS AMONG MEATS.

DR. HOFFMANN'S MALT EXTRACT is made from malt, the concentrated liquid food, and hops, the gentle nerve tonic. If you will order a dozen bottles or a case of Dr. Hoffmann's Malt Extract, take a glass at your meals and another glass before retiring, you will bring yourself up to a condition of health and strength that will be a wonderful surprise to you. Makes thin, pale women the very picture of health.

FOR INVALIDS AND CONVALESCENTS,

for those recovering from wasting fevers, for those whose system is run down, who want an agreeable, nourishing tonic to drink at their meals, and who dislike and fear to use an alcoholic drink, **there is nothing to equal Dr. Hoffmann's Malt Extract.** It is very nutritious, it stimulates the appetite, it is a food as well as a tonic, and there is no preparation that so builds up the system after fevers or other wasting diseases.

FOR INVALIDS AND CONVALESCENTS IT IS ESPECIALLY RECOMMENDED.

IF THERE BE A NEW BABY IN THE HOUSE,

or one is expected, it will supply to the mother just the right nourishment, and plenty of it, so that baby will be strong and healthy, and no nursing bottle needed. Dr. Hoffmann's Malt Extract contains the very best nourishment; concentrated, palatable and easily digested. Nurses and doctors use it to keep up the strength of their patients. It will renew your energies, your strength and spirits. If you suffer from sleeplessness, it will quiet the nerves and induce restful slumber. It helps the stomach in its work, gives new appetite, produces rich red blood and makes the thin stout.

FOR MAKING THIN PEOPLE HEAVIER AND STOUTER IT HAS NO EQUAL.

IF YOU ARE WEAK or recovering from illness, or under weight, ask your own doctor if he would advise you to drink a good malt extract at your meals. If he is fair he will answer, there is nothing better, provided, of course, you get a good, carefully prepared extract. Malt extract is recommended by the highest authorities. **Dr. Hoffmann's Malt Extract** is the best the market affords, the best that skill and care can produce.

Dr. Hoffmann's Malt Extract is Especially Recommended

FOR LOSS OF APPETITE. Take a small glassful half an hour before meals. It is a wonderful appetizer.

FOR SLEEPLESSNESS take a glassful on retiring at night. It soothes the nerves and produces refreshing sleep.

FOR OBSTINATE COLDS, coughs and bronchial and lung affections, the Malt Extract is especially healing.

FOR DYSPEPSIA AND INDIGESTION take the Malt Extract regularly at meals in place of coffee, tea, milk, alcoholic or other drinks.

FOR INVALIDS and convalescents when ordinary food is entirely indigestible and the stomach in very weak condition, Dr. Hoffmann's Malt Extract is the ideal food and drink in one.

FOR THIN PEOPLE, pale, angular women. Dr. Hoffmann's Malt Extract improves the appetite, will add to the weight, build flesh, round out the figure, make rosy cheeks and give a new zest to life.

CONSUMPTIVES and sufferers from wasting diseases should drink the Malt Extract freely. It builds up and strengthens.

FULL DIRECTIONS GO WITH EACH BOTTLE

The usual quantity is a glassful at each meal and one before retiring at night.

WHAT CHICAGO PHYSICIANS THINK OF DR. HOFFMANN'S MALT EXTRACT.

The most careful and scientific investigation and comparative tests of the genuine Dr. Hoffmann's Malt Extract with other similar preparations on the market shows that the genuine Dr. Hoffmann's Malt Extract is the purest and most palatable, containing more health giving properties than all the others combined.

Attested to April 14, 1902.

Ernest Hoerning Ph. G.

Registered, Chicago, Cook County, Illinois.

Although it is not customary for a physician to recommend so called prepared remedies, and while I have never allowed my name to be used in any advertisement of any kind, I am glad to have an opportunity of endorsing publicly the genuine Dr. Hoffmann's Malt Extract as the best tonic and flesh builder in existence. It is far superior to all other imported or domestic Malt Extracts, and, as it combines with its health giving properties a pleasant flavor, it is today, as shown in my extensive practice and experience, the most palatable and most valuable reconstructive tonic, and will unfailingly assist a conscientious practitioner to build up the general health of his patient to a degree not obtainable by any other means at his disposal.

R. J. Walker M. D.

246 E. Sixty-fourth Street, Chicago, Ill.

IMPORTANT TO USERS OF DR. HOFFMANN'S MALT EXTRACT

Dr. Hoffmann's Malt Extract is not a medicine, but a food which should be taken as a beverage in accordance with directions furnished with each bottle. In order to strengthen the results it may occasionally be advisable for the patient to use the proper kind of medicine in connection with Dr. Hoffmann's Malt Extract, and we can furnish for this purpose concentrated extracts in the combinations as named below, which should be taken according to directions, together with Dr Hoffmann's Malt Extract.

DR. HOFFMANN'S PREDIGESTED CONCENTRATED EXTRACT OF MALT WITH PEPTONATE OF IRON AND MANGANESE. This combination will act as a nutrient and digestant, it is particularly used and recommended to overcome the green sickness of young women. This green sickness is known by the medical profession as chlorosis. It will assist in building up those who are recovering from any sickness, especially in diseases that are long continued, such as typhoid and scarlet fevers, smallpox, diphtheria, pneumonia and all diseases where fever is present. **IT IS A GREAT FLESH PRODUCER.** It is prescribed in all those conditions which are generally known as anemic; in other words, in cases where the blood supply or the richness of blood is low. Should be used in all cases of deficient digestion, in nervous trouble, lack of sleep, as it will purify the blood and strengthen it very quickly. The number of red corpuscles usually increases more than ten per cent in a few weeks. The dose is a teaspoonful to a tablespoonful.

No. 8T4005 Dr. Hoffmann's Predigested Concentrated Extract of Malt with Peptonate of Iron and Manganese. Price, large bottles, each 65c

DR. HOFFMANN'S PREDIGESTED CONCENTRATED EXTRACT OF MALT WITH HYPOPHOSPHITES is a combination which has long been recognized as of the highest value in the treatment of diseases due to defective nutrition of the nerves, muscular tissue or bone structure; is easy of assimilation and very palatably. Should be taken in tablespoonful doses before meals.

No. 8T4010 Dr. Hoffmann's Predigested Concentrated Extract of Malt with Hypophosphites. Price, large bottles, each..... 65c

DR. HOFFMANN'S PREDIGESTED CONCENTRATED EXTRACT OF MALT WITH ALTERATIVES. Highly recommended in all cases where the patient is troubled with constipation. This combination will not act as a strong cathartic, but is prepared to give tone to the bowels and remove habitual constipation. The dose is a tablespoonful before meals.

No. 8T4015 Dr. Hoffmann's Predigested Concentrated Extract of Malt with Alteratives. Price, large bottles, each..... 65c

DR. HOFFMANN'S PREDIGESTED CONCENTRATED EXTRACT OF MALT WITH YERBA SANTA AND CODEINE. This is an ideal combination in its action as an expectorant and cough sedative. It will act as a stimulant expectorant, allay irritation, will not interfere with the appetite or any of the digestive functions, preventing constipation. It is especially recommended in so called bronchitic and irritating coughs, difficult expectoration, croup, whooping cough, asthma or diphtheria. The dose is a dessert or tablespoonful.

No. 8T4020 Dr. Hoffmann's Predigested Concentrated Extract of Malt with Yerba Santa and Codeine. Price, large bottles, each..... 65c

Peruvian Wine of Cocoa.

Retail price..... $1.00
Our price, each..... $0.58
Our price, per dozen..... 5.40

A GENUINE RICH WINE IMPORTED BY OURSELVES and well known throughout Europe for its strengthening and nourishing qualities. It sustains and refreshes both the body and the brain and has deservedly gained its excellent reputation and great superiority over all other tonics. It is more effective and rapid in its action. It may be taken for any length of time with perfect safety, without causing injury to the system, the stomach and gastric juices. On the contrary, Peruvian Wine of Cocoa aids digestion, removes fatigue and improves the appetite, never causing constipation. For many years past it has been thoroughly tested and has received the endorsement of hundreds of the most eminent physicians of the world, who assure us of their utmost satisfaction with the results obtained by using it in their practice. They urgently recommend its use in the treatment of anemia, impurity and impoverishment of the blood, consumption, weakness of the lungs, asthma, nervous debility, loss of appetite, malarial complaints, biliousness, stomach disorders, dyspepsia, languor and fatigue, obesity, loss of forces and weakness caused by excesses, and for similar diseases of the same nature. It is especially adapted for persons in delicate health and convalescents. It is very palatable and agreeable to take and can be borne by the most enfeebled stomach where everything else would fail.

Wine of Cocoa is supplied in large quart bottles and represents a finer and more exquisite stimulant, strengthener and rebuilder than other tonics, which sell for $1.25 small pint bottles. We furnish quart bottles for one-third the price. . . . .

It is used in most of the hospitals in Europe, and many of our American public institutions are adopting it. After many severe tests it has been effectually proven that in the same space of time more than double the amount of hardship and work could be undergone when **Peruvian Wine of Cocoa** was used and positively no fatigue experienced.

Our price, per gallon, each..... 2.10

GUARANTEED HIGHEST GRADE ever produced. No family should be without a bottle of Beef, Iron and Wine. This is an old time tonic, universally known for its great strength giving and flesh producing qualities.

THE GREAT TROUBLE with most of the Beef, Wine and Iron found in the market at the present day is the poor quality of materials used in making it. It is often found in a state quite unfit for use on that account. We take great pains with this preparation, using only Liebig's Extract of Beef freshly prepared, the finest imported sherry wine and pure iron in a form specially prepared for assimilating with and enriching the blood.

THE BEST TONIC KNOWN to be used when suffering from extreme exhaustion, produced by overwork or other causes, brain fatigue, debility of all kinds, blood disorders, salt rheum, eruptions, anemia, scrofula and cancer. It stimulates digestion, improves the condition of the blood. Enriches it and enables it to throw off accumulated humor, and it will give tone and vigor to the entire system. A depraved condition of the blood serves to augment disease. This condition should be a direct warning, and by taking and using as a corrective, much ill health can be avoided. We have thousands of testimonials as to the wonderful good this medicine has done for those who are weak, nervous and debilitated. Our prices are very low. Inferior goods are sold everywhere at nearly double our prices.

Keep a supply of our Beef, Iron and Wine always on hand. Your neighbors constantly use this household remedy. A good seller all the year round.

Carlsbad Salts.

Carlsbad Salts are justly designated as the sovereign remedy for the treatment and cure of constipation, and as Nature's laxative, diuretic, aperient and tonic can be used by patients who are in a very weakened condition. It will assist the bowels to their natural functions, and overcome the difficulty speedily and permanently. These salts are today prescribed in nearly all cases requiring a stimulative laxative, and are without question one of the most often prescribed preparations by physicians throughout the country. It will cost you, however, twice the money to obtain the article in drug stores. We furnish it to you at a very small price, guaranteeing the properties of the salts the same as the genuine German Carlsbader Salts for the preparation of Carlsbader Wasser. Complete and simple directions will be furnished with each bottle.

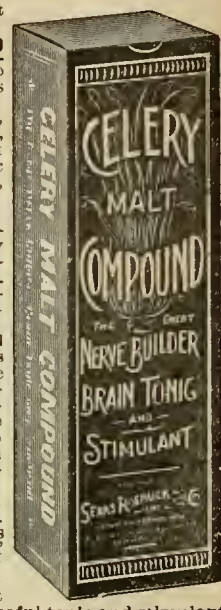
Our Celery Malt Compound.

We Sell the Highest Grade Celery Malt Compound for 48 Cents in Large Commercial Quart Bottles.

Retail price..... $1.00
Our price, each..... $0.48
Our price, per dozen..... 4.50

It retails everywhere, even in inferior qualities, at $1.00 and upward.



WE GUARANTEE OUR CELERY MALT COMPOUND to be absolutely pure, unadulterated and superior to any other celery compound on the market, regardless of name or price.

OUR CELERY MALT COMPOUND is a true nerve tonic, a genuine appetizer, a stimulant both for the young and old. We do not pretend that it is an absolute specific for any chronic disease, but it has a much wider range of usefulness, as it is especially beneficial in hundreds of the ills that flesh is heir to.

A GLANCE AT ITS COMPOSITION which we give below, will show any person of ordinary intelligence why it is such a useful preparation and should be kept in every household.

OUR CELERY MALT COMPOUND contains in a concentrated form the active medicinal properties of the Italian celery seed well known to physicians as one of the best and most active controlling and strengthening agents for the nerves, also the phosphates in the same state as found in the strong, healthy, vigorous, natural body, and in quantities approved of by the medical profession, the value of which has been so thoroughly demonstrated in all brain and nervous affections and in emaciated conditions. In addition it contains a large percentage of malt, which is very strengthening and fattening. **You will see it is an ideal combination** which is not only a most useful tonic and stimulant but a delicious beverage as well. **As a brain and nerve tonic, appetizer and stimulant** it is certainly unequaled in the realm of medicine. **For insomnia, nervousness, mental or physical exhaustion, loss of appetite, impoverished blood and for that tired feeling** that comes from close confinement or sedentary habits, it is really magical in its effects, infinitely better than all stimulants of an alcoholic nature.

This well known remedy sells everywhere. Some of our customers order 6 to 10 dozen at one time, and often cannot get supplies fast enough by freight. Very large bottles.

IF YOU ARE NERVOUS, exhausted, can't sleep, or if the body is poor and your digestion imperfect, and you are out of sorts generally and in a low physical condition, do not fail to try Celery Malt Compound. It will give you new life and vigor and build up your entire system.

OUR CELERY MALT COMPOUND is prepared under our special direction by a very able chemist. Every ingredient is carefully tested to know that it is of the very highest quality, and it is sent out under our guarantee that there is no other preparation of the kind that compares with it.

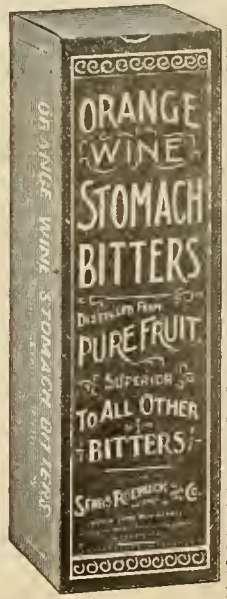
Orange Wine Stomach Bitters.

Retail price..... $1.00
Our price, each..... $0.65
Our price, per dozen..... 6.00

Guaranteed Absolutely Pure and the Highest Grade on the Market.
Put up in extra large bottles holding a full commercial quart.



DO NOT COMPARE our Orange Wine Stomach Bitters with the bitters that are being sold by retail druggists generally at $1.00 to $1.50 a bottle, bitters that are made from the very cheapest ingredients. **Our Orange Wine Stomach Bitters** are made from wine distilled from the fruit of the Seville Orange tree in combination with herbs well known for their tonic and healing effect on the stomach. **Order a dozen bottles.** You can sell them at $1.00 each with profit enough so that several bottles will cost you nothing.

THIS IS A PLEASANT BITTERS. As before explained, it is made from a wine distilled from the fruit of the Seville orange tree in combination with herbs well known for their tonic and healing effects on the stomach. As an appetizer there is no bitters made that will equal it, and it is a guaranteed cure for dyspepsia when its use is continued for some time. As a general bracer up of the whole system it has no equal, and the taste is so delicious that the most fastidious enjoy taking it. **Owing to the intrinsic and widely established therapeutic value of its chief constituents,** which are necessary to good digestion, this preparation stands unequaled. While furnishing admirable means for treating gastric ailments, indigestion, want of appetite, malarial diseases, low spirits, and nervousness, it removes that tired feeling and heals the derangements generally; will purify the blood, the bones, muscles, and the nerves receive new force, brain power is supplied and health and vigor restored. It exerts a most wonderful power in sustaining the system during arduous labors and journeys. It stimulates respiration and the brain by increasing the blood supply, increases the heart's action, and under its daily use an extra amount of labor can be borne without suffering. **It is an agreeable and wholesome stimulant,** and imparts a pleasant taste with an agreeable sense of warmth which permeates the entire system. **Don't buy bitters from your local druggist** unless you are acquainted with the reputation of the manufacturers, and thus know that the ingredients contained are of the highest grade.

THE FINEST STOMACH BITTERS ON EARTH. LARGE BOTTLES, IMMENSE SALES, BIG PROFITS, ORDER IN QUANTITIES. IT WILL PAY YOU IMMENSELY.

Our price (50 treatments), per dozen boxes..... 3.30
Our price (100 treatments), per box..... .67
Our price (100 treatments), per dozen boxes..... 6.00

PERFECTLY HARMLESS when used in accordance with our directions, it possesses the "Wizard's Touch" in producing, preserving and enhancing beauty of form and person in male and female by surely developing a transparency and pellucid clearness of complexion, shapely contour of form, brilliant eyes, soft and smooth skin, where by nature the reverse exists.

THE GREAT TROUBLE HITHERTO has been how to make this beautifying principle safely available and at the same time avoid what is detrimental and injurious. Arsenical solutions have utterly failed, and until a recent discovery by a French physician and chemist, the internal administration of arsenic has been attended with more or less danger as well as disappointing results. In the direction for which they are intended their effect is simply magical, the most astounding transformation in personal appearance being brought about by their steady use. **Even the coarsest and most repulsive skin and complexion,** marred by freckles and other disfigurements, slowly changes into an unrivaled purity of texture, free from any spot or blemish whatever; the pinched features become agreeable, the form angular gradually transforms itself into the perfection of womanly grace and beauty. Used by men the favorable results are the same. **All danger is averted in these complexion wafers,** prepared by our experienced chemist, and the remedy taken in the manner directed on each box is absolutely innocuous, while the peculiar virtues of the remedy remain unimpaired and intact. Taken as directed the wafers will be found **a positive, safe and magical specific** for all sorts of **skin troubles, unsightliness and imperfections,** being in reality the only beautifier of the complexion, skin and form known. **Guaranteed a sure cure for freckles, moth, blackheads, pimples, vulgar redness, rough, yellow or muddy skin,** and other facial disfigurements are permanently removed and a deliciously clear complexion and rounding up of angular forms assured.

Every lady a possible buyer of this celebrated complexion preparation and beautifier. Regular size, also large size boxes, can be sold constantly at a very good profit.

LADIES, YOU CAN BE BEAUTIFUL. No matter who you are, what your disfigurements may be, you can make yourself as handsome as any lady in the land by the use of our **French Arsenic Wafers. We recommend ordering one dozen large boxes and then carefully follow our directions.**

The Genuine German Herb Laxative Tea.

Retail price.....25c
Our price, each.....$0.16
Our price, per dozen..... 1.50

A HARMLESS VEGETABLE REMEDY and a positive cure for constipation, with no bad after effects. It is composed of herbs and roots familiar to the peasant of Germany, especially those who nurse the sick. Through irregular living, poorly cooked food, improper habits of eating, nearly all persons are suffering more or less from constipation and the resultant sick headaches; although there may be a daily movement of the bowels, there is still much fecal matter adhering to the intestines and poisoning the blood. Our Herb Tea, made of the simple, harmless herbs, will, when taken regularly for a short time, thoroughly cleanse the stomach and bowels of all unclean matter. The blood becomes purified and the person greatly improved in health.

If by mail, postage extra, per box, 4 cents.

Blackberry Balsam.

Retail price.....50c
Our price, each.....$0.22
Our price, per dozen..... 1.80

A REMEDY which should be kept constantly on hand. The poorest in the land can afford it at only 22 cents a bottle. It will prevent serious illness if used promptly, and often be the means of saving life. It is a pleasant, safe, speedy and effectual remedy for **Dysentery, Diarrhoea, Looseness, Asiatic Cholera, Cholera Morbus, Cholera Infantum, Summer Complaint, Colic, Cramps, Griping Pains, Sour Stomach, Sick and Nervous Headache, Pain or Sickness of the Stomach, Vomiting, Restlessness and Inability to Sleep, Wind in the Stomach and Bowels, Hysterics,** and for all bowel affections. We have received thousands of certificates from physicians, clergymen and families of the first respectability bearing the strongest testimony in its favor.

Our Blackberry Balsam is a household remedy in the fullest sense of the name, and will be found helpful for the above named symptoms in infants, children and adults.

Every Mother Who Has Used It, Proclaims Castroline Better than Castoria.

1100 Drops for Only 18 Cents.

Retail price.....$0.35
Our price, each.....$0.18
Our price, per dozen..... 1.80

KEEP YOUR CHILDREN HEALTHY and cheerful by using Castroline only. You need not have any other medicine in the house for your children. It is unquestionably the best thing for infants and children the world has ever known. It is harmless, and children like it. It gives them health and may save their lives. Mothers keep it beside you, and you will always have something absolutely safe, pleasant to take, and the acme of perfection as a child's medicine for every ailment they are subject to.

CASTROLINE WILL DESTROY WORMS, allay fever, prevent vomiting, cures diarrhoea and wind colic, relieves teething troubles. Cures constipation and flatulency. It assimilates the food, regulates the stomach and bowels, and gives to the child a healthy and natural sleep. When your baby cries give it a dose of CASTROLINE, its effect will be soothing to the baby and pleasant to you. It contains neither morphine nor opium nor any other narcotic property. It is much superior to the so called soothing syrups which are being advertised daily. It will cause the baby to sleep when fretful, giving the mother her much needed rest. One size bottle only.

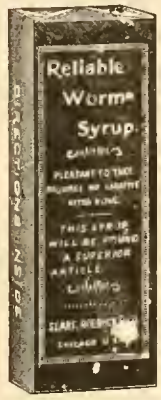
Reliable Worm Syrup and Worm Cakes.



Retail price, each.....50c
Our price, each.....$0.22
Our price, per dozen..... 1.80
Our price for Worm Cakes, per box..... .20
Our price for Worm Cakes, per doz. boxes..... 1.50

YOU CAN SAVE YOUR CHILDREN from much suffering and in many cases save their lives. No other disease is so fatal to children as worms. Unfortunately they are seldom free from them, and as the symptoms resemble those of almost every other complaint, they often produce alarming effects without being suspected. Worms are not only a cause of disease in themselves, but by their irritation aggravate all other diseases, wandering from one part of the body to another, winding themselves up into large balls, obstructing the bowels and frequently the throat, causing convulsions and too often death.

OUR RELIABLE WORM SYRUP effectually destroys the worms and removes the nest in which their young are deposited. It moves the bowels very gently; the worms being to a greater or less extent dissolved by the action of the medicine, can scarcely be recognized in the stools, but the improvement in the health of the child will be sufficient evidence of the beneficial effects of the medicine.

EVERY MOTHER ought to have a bottle of the syrup or a box of the cakes always in the house. The syrup and the cakes are the same medicine in different forms. The syrup is more pleasant to the taste and more suitable for very young children. The cakes can be given to older people; even adults can be benefited by using them, as grown up folks, as well as children, often suffer from worms. These reliable worm medicines are not only worm destroyers, but act as a general tonic, destroying sourness of the stomach and producing a healthy appetite. Mothers, keep your children healthy.

No. 8T109 Worm Syrup. Price, per dozen bottles, $1.80; per bottle..22c
If by mail, postage and tube extra, per bottle, 16 cents.

Wine of Life

VIN VITAE

Wine of Life

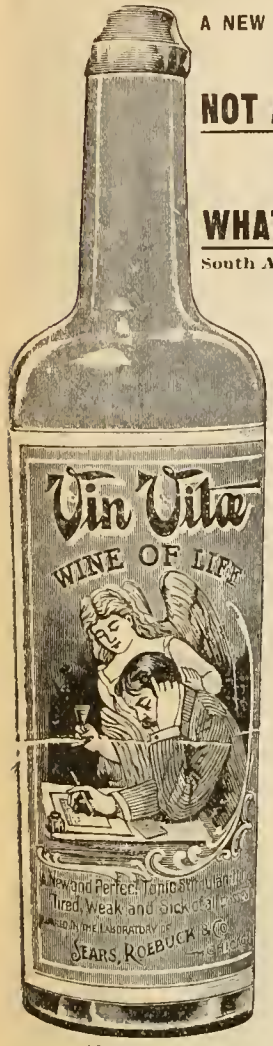
Retail Price, per bottle, $1.25

Our Price, 69 Cents.

A NEW AND PERFECT TONIC STIMULANT FOR THE TIRED, WEAK AND SICK OF ALL CLASSES. A RENEWER OF ENERGY, A STIMULANT FOR THE FATIGUED, A STRENGTHENER FOR THE WEAK, AN EFFECTIVE AND AGREEABLE FOOD FOR THE BLOOD, BRAIN AND NERVES.

NOT A MEDICINE, BECAUSE IT IS DELIGHTFUL TO THE TASTE AND TO THE STOMACH . . . . . | **NOT MERELY A STIMULANT,** BUT A GENUINE TONER AND STRENGTHENER

A Tonic which we find is as yet Unequaled.



Vin Vitæ
WINE OF LIFE
A New and Perfect Tonic Stimulant for Tired, Weak and Sick of All
Prepared in the Laboratory of
SEARS, ROEBUCK & CO.

No. 8T118
Price, per bottle.....69c

WHAT IS VIN VITAE? VIN VITAE (WINE OF LIFE) is a preparation combining through highest medical skill the curative, healing and strengthening powers of celebrated vegetable elements, procured from medicinal South American herbs, with the invigorating tonic effects of the purest and finest wines of sunny California. The herbs supply the needed food strength for the blood and nerves, the wine element counteracts the disagreeable, nauseous properties of the herbs and gives just the right fire and life to the preparation. It is a combination producing a wonderful medical tonic.

VIN VITAE contains all the good properties of all the well known sarsaparillas, blood purifiers, regulators for men and women, nerve tonics, etc., without their disagreeable and distasteful ingredients. It is an ideal tonic and strengthener for all, combining all the best elements of similar medicines, with distinctive and peculiar advantages of its own that make it enjoyed and appreciated by all who try it. It produces a wonderful exhilarating result, and leaves no ill effects. As a pleasant medical tonic to strengthen and tone up the nerves, purify and enrich the blood, invigorate brain, body and muscles, regulate the system,

VIN VITAE

surpasses any preparation on the market. IT IS IN A CLASS BY ITSELF.

Are you Easily Tired?
Do you Sleep Badly?
Are you Nervous?
Do you Feel Exhausted?
Have you Lost your Appetite?
Is your Stomach Weak?
Are you Thin?
Is your Circulation Poor?
Are you Weak, either constitutionally or from recent sickness?

YOU SHOULD TAKE

VIN VITAE

REGULARLY IF YOU MUST ANSWER

YES

TO ANY ONE OF THESE QUESTIONS.

TAKE VIN VITAE and the good effects will be immediate. You will get strong, you will feel bright, fresh and active; you will feel new, rich blood coursing through your veins, your nerves will act steadily, you will feel health and strength and energy at once coming back to you. If you are easily tuckered out, if some especially hard task has exhausted your vitality, or if you have undergone any kind of a strain, mental or bodily, Vin Vitæ will act like magic, puts new life into you, brings you right up to the freshness of a bright morning, banishes fatigue and dullness immediately.

69 CTS.

Vin Vitae gives health and strength.

VIN VITAE is agreeable to the taste and acceptable to the most delicate stomach. For tired nerves in men and women, exhaustion, overwork, weakness, weak stomach, or dyspepsia, loss of sleep, nervous trouble of any kind, for those recovering from a period of sickness, for all who feel tired, weak, worn out, Vin Vitæ, taken according to directions, acts with quick and wonderful results. It puts new blood into the veins, new life into the body, it fills every nerve cell with vibration and energy, renews wasted tissues, gives one the power to do double the ordinary amount of work without fatigue.

VIN VITAE MAKES WOMEN STRONG. Weak women, easily tired, worn out by ordinary household duties, should take Vin Vitæ, the Wine of Life, regularly as a tonic. Women sufferers from the diseases and troubles peculiar to their sex will realize more benefit from the strengthening and tonic effects of Vin Vitæ than from most of the "female regulators" extensively advertised put together. It is a wonderful tonic for ailing and suffering women. Vin Vitæ is giving thousands of women health, beauty and freedom from the dragging pains which have made their lives so miserable. Those terrible backaches, headaches, aching sides and limbs, that torture some women have every month, that make women old before their time, disappear if Vin Vitæ is taken as a tonic regulator. Vin Vitæ corrects all derangements peculiar to the sex, regulates the system, stops the pains, tones up the nervous organism, brightens the eye, clears the complexion, rounds out the figure and restores health.

WHAT DOES VIN VITAE DO FOR CHILDREN? Delicate children, undeveloped, puny boys and girls should be given Vin Vitæ regularly. It builds up the growing system, gives needed nourishment to the muscles, makes bone and tissue. Children with delicate stomachs, unable to retain the strong and nauseous children's preparations with which the market is flooded, accept Vin Vitæ with a relish. It is a splendid medicinal tonic for children.

69c BUYS A LARGE BOTTLE OF VIN VITAE. The illustration shows the appearance of the bottle, except that it is a large, full size bottle, containing a commercial pint, a quantity sufficient for all ordinary cases. Vin Vitæ is handsomely put up in keeping with the splendid preparation that it is.

VIN VITAE is compounded in our own laboratory, under the direction of our own skilled chemists, after a strict formula, to which we have the exclusive right. Every ounce is carefully tested for strength and purity, so that we can offer it to our customers with our highest recommendation, under our binding guarantee, as the finest tonic wine stimulant, the most pleasant and powerful strengthener and rejuvenator. It can be taken with perfect safety. It is recommended by every physician who has made a test of it, and if it is subjected to analysis it will be found to contain only the best and purest ingredients, products that are noted for their stimulating, nourishing and strengthening properties, combined in such a way as to form a most agreeable tasting and effective preparation.

FOR LACK OF APPETITE, general lassitude, worn out nerves, Vin Vitæ is just what is needed. It improves the appetite, assists digestion, purifies and enriches the blood, carries life and strength direct to every nerve and fiber in the body, and induces a vigor and tone that ordinary medicines would never give.

DON'T FAIL TO ORDER ONE BOTTLE as a sample of this splendid, perfect preparation. We offer it on its merits, offer it to our customers as a perfect preparation. We urge everyone who is in need of a tonic to try Vin Vitæ. We offer it feeling positive that if you try it you will be more than pleased with its agreeable and strengthening effects, and

YOU WILL NOT FAIL TO RECOMMEND VIN VITÆ TO YOUR FRIENDS AND NEIGHBORS.

OUR GUARANTEE AND CHALLENGE OFFER.

Order a bottle of Vin Vitæ, take it according to directions, and if you do not feel greatly improved within a few days, if you do not feel that it renews your energy, soothes the nerves, improves the digestion, induces restful sleep, brings back former strength; in fact, if you do not find that it does you more good than any medicinal tonic you have ever tried,

SEND IT BACK AND WE WILL PROMPTLY REFUND YOUR MONEY.

FOR THE BOWELS, LIVER, KIDNEY AND STOMACH.

The great remedy of the age for above troubles. Laxative Fig Syrup was never retailed for less than 50 cents. Our special price is 18 cents. If you have bowel, kidney, liver or stomach trouble in any form order a large bottle of Laxative Fig Syrup and you will find immediate relief and a speedy and permanent cure. Laxative Fig Syrup will cure you speedily and permanently, even if physicians have been unable to help you. Laxative Fig Syrup is nature's own remedy for restoring the bowels to a healthy and normal condition. Unlike pills and purgatives it strengthens instead of weakening and enfeebling their action. For chronic constipation, to effect a permanent cure a remedy is required that will not only act quickly on the bowels, but will produce a tone and stimulating effect upon the inner coating of the intestines, strengthen the muscular action and restore the paralyzed functions. Laxative Fig Syrup, if taken regularly, will cure constipation with its attending ills. Laxative Fig Syrup is perfectly harmless. It is a liquid made from fruits, plants and herbs, is mild in form and easy to take, and in all cases of bowel, stomach, kidney and liver complaints, its effect upon the system is magical. Patients needing this remedy will buy of you not only single bottles, but often three or more bottles at one time; sufficient for a complete cure. You can make a good profit on every bottle you sell.

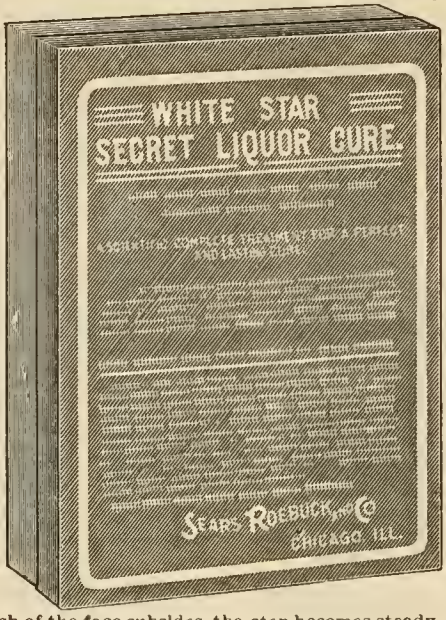
THE GREATEST MEDICAL DISCOVERY OF THE AGE. White Star Secret Liquor Cure, only **$1.10 per box, 30 complete treatments,** saves thousands from that awful monster drink; snatches thousands from a life of disease, poverty and degradation, releases man from the bondage of whisky, reforms the most abandoned drunkard as well as preventing the whisky habit from taking a hold on only moderate drinkers.



WHITE STAR SECRET LIQUOR CURE is odorless, colorless and tasteless; a powder that can be given secretly in tea, coffee or food, and by its action on the system positively removes all taste, desire or craving for intoxicating liquors. **Anyone can give the powder, no preparation required, absolutely no danger.** Can be given to any man, young or old, without his knowledge, and whether he is a regular drinker or only a mild tippler it abolishes all desire for liquor and stops the terrible habit in due time and forever. **White Star Secret Liquor Cure** stays the weak and flagging nerves, the mind becomes clear, the brain active, the flush of the face subsides, the step becomes steady, new health and strength is imparted, a higher moral tone is upheld; in a word, it makes him a man among men.

DRUNKENNESS IS A DISEASE and must be fought and counteracted by proper medical methods the same as any other disease. The desire for liquor once established, the system requires its stimulus, and unless this appetite is counteracted it must be satisfied and the victim is powerless against its demands. Pledges and prayers often prove powerless after the appetite for intoxicants is once established. The system craves liquor with an insatiable demand that the average strength of the drinker cannot resist, and every time this desire is satisfied it means that the next time it comes on with redoubled force.

SEND FOR A BOX OF THE WONDERFUL WHITE STAR SECRET LIQUOR CURE, give it according to directions, a small powder in his tea or coffee. He cannot tell any difference, but it will work just the same. The effect will surprise and delight you. You will soon notice the improvement. The remedy will not only stop drinking but it will produce a positive dislike for liquor. The normal health will return, eyes become bright, step elastic, appetite good, sleep sound and natural—he is a saved man.

CAN THERE REALLY BE A CURE FOR DRUNKENNESS, or is it a habit that cannot be shaken off but grows stronger every day? **No, drunkenness is curable.** Drunkenness is a disease more than a habit and as such is subject to treatment. If the proper medical elements necessary to counteract the effect of liquor and destroy the appetite for it are combined, there is no reason why it is not curable. **White Star Secret Liquor Cure is just such a preparation.** The most successful and perfect secret liquor cure ever manufactured. It is made expressly for us according to the celebrated original formula in our possession and we know just what it is and can offer it to our customers with every assurance that they will receive the genuine Secret Liquor Habit Cure. It is prepared in the form of this odorless and tasteless powder so that **it can be given secretly without the patient's knowledge.**

IN OUR WHITE STAR SECRET LIQUOR CURE, whisky has found its conqueror. The habit goes down in defeat when pitted against the power of our remedy, and the thanks of the thousands of the rescued follow our preparation wherever it is introduced.

MAKE AN EFFORT TO SAVE THEM! Have you a loved one, a husband, a father, brother or son, or even a friend who is afflicted with this terrible curse or who is, perhaps, taking the first steps in a downward career? Do not delay your effort, do not fail to send for a box of the White Star Secret Liquor Cure, do not allow anything to prevent you from giving our honest and efficient treatment a trial. If you could see the grateful letters we have received from women and men everywhere testifying to the good our treatment has done them, you would not hesitate to send your order at once. **Remember, the price is only $1.10 per box (30 complete treatments). Full directions sent with each box. Medicine is sent in plain sealed package. All correspondence confidential. Remember, White Star Secret Liquor Cure positively cures drunkenness.**

The Household Disinfectant and Deodorizer.

Retail price, pints..... 50c
Our price, pints..... $0.20
Our price, pints, per dozen..... 2.00
Our price, quarts..... .30
Our price, gallon..... .90

A Powerful Germicide, Deodorant, Disinfectant and Antiseptic.

ESPECIALLY USEFUL in disinfecting rooms where patients suffering from contagious diseases have been lying. Bedding, carpets, clothes, furs and all furnishings of the sick room contaminated by the germs of cholera, diphtheria, scarlet fever, la grippe, tuberculosis, erysipelas, etc., are readily, easily and cheaply disinfected by simply sprinkling with Household Deodorizer. **Comes in concentrated form.**

We here offer to our customers the most powerful disinfectant, deodorizer and antiseptic known to science. It is non-poisonous, and when diluted with water, it is the cheapest disinfectant ever offered to the public. Can be used to disinfect drains, sinks, gullies, urinals, water closets, farm yards and buildings, chicken pens, rabbit hutches, bird cages, cattle trucks, slaughter houses, stables, kennels, ash barrels, garbage cans. It kills all disease germs and should be used for general disinfecting purposes. It is also one of the best insecticides; will destroy fleas on dogs and other animals, lice on chickens, cures mange on animals, makes an excellent and cheap sheep dipping; will also protect animals from the torment of flies, mosquitoes, midges, gnats, etc. It will also destroy insects on plants and trees without any injury to the plants or trees themselves, and destroy weeds on garden paths.

It will purify the air wherever it is used, remove all foul smells, destroying all germs and pests of every kind. One pint will make from one to five gallons according to the purpose required. It mixes readily with water. Agreeable and pleasant to use by the most delicate.

Household Deodorizer is made of chemical agents which combine with compounds causing odors, entirely destroying all disease germs. It is the best general disinfectant known. Rapid, does not injure material and there is no danger of fire. Sprinkle freely. Saturate clothes and hang in rooms. Place in open saucers and you may be sure all germs have been destroyed. **Full directions with each bottle.**

Boracetine.

Retail price..... 35o and $1.00
Our price, regular size, per dozen, $1.80; each..... 20c
Our price, large size, per dozen, $5.40; each..... 56c
The Marvelous New Medicine for general household usage pronounced by many superior to Listerine or any similar preparation.

BORACETINE is an absolutely safe and powerful antiseptic made from vegetable antiseptic essences and benzo and boric acid, acts as a preventive medicine; is swift and certain in the destruction of living particles, microbes, etc., which form contagion. It does not irritate and may be applied to the most delicate tissues. For sponging and bathing all sick persons and especially in typhoid conditions it is unequaled by any other preparations as regards effects and results. The faithful use of Boracetine in catarrh establishes prompt relief and a satisfactory relief, and even in chronic cases of catarrh of nose or throat the parts if sprayed with Boracetine night and morning will feel its immediate effect in a cooling and refreshing manner overcoming the sore and sometimes inflamed condition of the tissues, and in time will effect a cure, not excepting the most stubborn chronic cases of this character. Boracetine has proven itself successful in the treatment of female troubles, and local applications will always result in prompt relief and in removing the difficulty in a short time. As a mouth and throat wash, also as a gargle, for the treatment of eczema, cuts and bruises, it is acknowledged to be the very best remedy. Should be used as a toilet antiseptic, also after shaving. In the sick room when sprinkled upon furniture and clothing it will impart an agreeable odor, refreshing to the patient and those in attendance. There is really no more valuable general remedy than Boracetine, the great antiseptic household remedy. It is not a luxury, but a necessity for every home.

NEGLIGENCE ON THE PART OF PARENTS, negligence no your own part, very often permits serious sickness to overtake the children or yourself when a little caution, a trifling expense, would have saved all the worry, trouble and not infrequently spared a dear life. We positively believe that there is among household remedies none that can prevent slight indispositions and serious illness so quickly, providing it is kept on hand, not sent for after the trouble has already developed to a certain degree, and also providing you secure the right preparation, a remedy that will not only relieve, but positively cure. We mean **OUR OWN COUGH CURE.**

WE RECOMMEND OUR OWN COUGH CURE knowing that it is without question the only cough remedy that will act quickly and at the same time is perfectly safe. What we recommend, however, still more is that you under no consideration delay ordering this remedy until you actually need it. **Order it at once, see that you have a supply of same always on hand,** so that it can be administered the moment the first signs of a cough are apparent. **A few doses will then do the work,** will prevent the cough from developing into bronchitis, pleurisy, pneumonia and other diseases of the lungs and pulmonary organs.

THERE IS DANGER indicated in the slightest cough. Don't neglect it. You owe it to yourself, to your relatives and friends to have the best means, that is Our Own Cough Cure, ready at hand as soon as the cough makes its appearance. We cannot express it too strongly. We can't point out the danger too forcibly, and again ask you to consider the consequences of neglecting the first symptoms of a cough, and the necessity of immediate treatment to prevent the cough from developing into something worse, something that cannot be easily cured, something that may finally lead into consumption—incurable.

> There is no city, no town, no hamlet, nor a single household where you cannot sell Our Own Cough Cure. Everyone needs this remedy and will keep it on hand. You will need large quantities of both sizes. Be sure and order enough. . . . . .

OUR OWN COUGH CURE is not only the best to stop the cough immediately, it is not only the best cough remedy for infants and children, it is practically the only safe and sure cure where a cough has become chronic; and we know of no medicine in existence that will do what **Our Own Cough Remedy does in chronic cases,** affording relief, always promptly allaying the inflammation of the bronchial tubes, and by its healing influence upon the organs that are always affected in such cases, it will gradually restore them to normal and healthy functions and assist in removing the chronic condition within the shortest possible time.

OUR OWN COUGH CURE is sold under a positive guarantee to be non-poisonous, to possess all the elements necessary for preventing the development of a cough and where it has already taken hold of the patient to quickly cure it. We personally guarantee it to be perfectly safe and harmless and to be the only cough remedy in existence that we can conscientiously recommend as being not only the cheapest but the best that can be produced. We supply Our Own Cough Cure in two sizes, the regular 50-cent size for **35 cents,** the large $1.00 size for **59 cents.**

DO NOT FAIL to include in your next order a supply of Our Own Cough Cure. **You should never be without it. It is one of the greatest sickness preventers—a life saver.**

No. 8T166 Price, per dozen, regular 50c size, $3.00; each..... .....35c

Our Twenty-Minute Cold Cure.

NEVER FAILS.

Retail price..... .....$0.25
Our price, each $0.17
Our price, per dozen..... 1.50

OUR TWENTY-MINUTE COLD CURE is not only what its name implies, but a gentle laxative and a powerful tonic. It acts gently on the bowels without griping, induces the liver to healthy action and assists in restoring your general health. It is a splendid tonic for the nervous system, and if once used you will never be without it. It promptly cures colds, la grippe, headache and all the symptoms usually present in a severe cold.

YOU MAY SIT IN A DRAFT, or get your feet wet, may become chilled and soon notice that the pores are stopped up, perhaps a slight fever starts, you begin to snuffle. These are the signs of your getting down with a cold. This is the time to use our Cold Cure. Use one or two doses, follow it up by another dose or two in twenty minutes, and you have cured your cold in its inciplency. There is no good reason why you should suffer with a cold for days, for weeks. There is absolutely no reason why you should take any chances of having the cold proceed and perhaps get down with a more serious disease after letting the cold reach a stage where it will require the services of a physician on account of development of a very dangerous disease.

> Don't forget that Our Twenty-Minute Cold Cure is a hot seller. It is an extraordinary low priced remedy, and yields you a big profit. It can conveniently be carried by the patient and will always be ready for use.

TWENTY MINUTES' TREATMENT with our Cold Cure will be sufficient to stop the cold, to prevent it from getting any further. A few doses of this grand preparation taken right at the beginning of the first symptoms of a cold will do the work. Don't wait a day or even an hour. Take Our Cold Cure at once. Promptness is the important part.

HAVE OUR COLD CURE in the house and if away from home carry a box with you in your vest pocket. The remedy is supplied in tablet form, in neat boxes, convenient to be carried in that manner. Nothing else will be needed to prevent a cold. **Our Twenty Minute Cold Cure will save all the dangerous results of a cold.** All that is necessary is that you take it in time. In cases where the cold has already become seated before our cold cure could be obtained and used, be sure and get same as quickly as possible, use it in accordance with directions supplied with the remedy, and in connection with it Our Own Cough Cure, and you may feel assured that the combination of these two medicines will break up and cure the most severe cold and cough in the very shortest time.

No. 8T170 **Our Twenty-Minute Cold Cure.** Per dozen, $1.50; each..17c

DEPARTMENT OF FAMILY REMEDIES AND HOUSEHOLD PREPARATIONS.

Simple, useful, necessary, and known to everyone. We list here a few useful articles which will be recognized by everyone as valuable to have in every household. We guarantee the freshness, strength and purity of each, as they are carefully put up by our experienced chemists in our own laboratory. It is scarcely necessary for us to endeavor to impress on every head of a family the great importance in a time of sickness of having a few simple remedies not only near at hand, but also of full strength and purity. Useless medicines not only waste your money but also cause much bodily harm and lead to more serious sickness. We will stake our reputation on the strength and purity of our family remedies and useful articles.

Borax.

The housekeeper's friend has more use about the home than even that of common salt. For the laundry, the kitchen, the bath and for various medical uses it is indispensable. Chemically pure and finely powdered. We put it up in 1-pound boxes with complete directions for using in washing, starching, keeping away moths, killing cockroaches, dressing wounds and bruises, arresting fermentation, cleaning clothes, etc. You can rely on getting from us the pure powdered borax, which will be much satisfaction to you, as it is a much adulterated article.
No. 8T420 Price, per 1-pound box.....10c

Laudanum.

(Tinct. Opium.)

U. S. P. Strength. Directions on each bottle for young and old.
No. 8T424 1-ounce bottle.....12c

Essence Peppermint.

Pure and strong. Best quality for medical use.
No. 8T431 2-ounce bottles.. .....12c
4-ounce bottles.....20c

Essence Jamaica Ginger.

Prepared of great strength from the finest quality of Jamaica ginger, imported by ourselves. Ginger has healing properties peculiar to itself; many preparations are offered for sale which are represented as containing ginger, when generally they owe their hot taste to pepper alone. **Buy our genuine essence and get the full benefit of its valuable properties.**
No. 8T433 2-oz. bottles, each..12c
4-oz. bottles, each..20c
If by mail, postage and tube extra, small, 15 cents; large, 16 cents.

Epsom Salts.

These salts lose their strength when kept long in open drawers and boxes, as is the custom in most retail stores. **We furnish this salt always fresh and its valuable qualities unimpaired by exposure to the atmosphere.**
No. 8T460 Price, freshly put up to order, per 1-pound package.... 4c
Not profitable to mail.

Rochelle Salts.

When pure this salt is almost tasteless. We are particular to get it straight from the manufacturer and know that it is of pure quality.

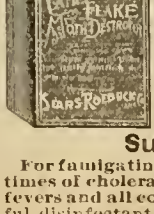
Sublimed Sulphur.

Can be used either internally or externally.
The finest flowers of sulphur, prepared especially for medical use and packed by our chemist.
No. 8T464 1-pound packages, price, each.....50

Neutralizing Cordial.

A well known household remedy. Useful in treatment of diarrhœa, dysentery and cholera morbus. Also a great remedy for dyspepsia, a general corrector of the stomach and bowels.
No. 8T466 4-ounce bottles, price each.....23c
If by mail, postage and tube extra, 16 cents.

Flake Tar Moth Destroyer.



A chemically pure product of coal tar for the preservation of furs, clothing, etc., from moths.
It will not injure the most delicate fabrics and is a certain preventive of moth attacks which are so destructive to winter clothing, woolen goods especially.
No. 8T468 Put up in 1-pound packages. Price, each.....12c

Sulphur Candles.

For fumigating infected rooms and clothing in times of cholera, diphtheria, typhoid and scarlet fevers and all contagious diseases. The most powerful disinfectant known. Kills all insects. Destroys noxious vapors. When you wish to fumigate with sulphur use these; no danger of fire, easily lighted, burns steady, a most convenient article to have.
No. 8T470 Price, per candle, only.....8c
If by mail, postage extra, each, 5 cents.

DYES

The Finest Household Colors in the World are the Seroco Stainless Dyes.

ALL COLORS.

There are any number of household dyes on the market, but if you will try them all you will find that the Seroco Dyes are the very best. These dyes are made in our own laboratory and are guaranteed by us. They are so simple a child can use them. Will not stain the hands or the vessel in which they are used. Our Seroco Dyes will dye cotton, silk and wool in the same bath. They wash as well as dye and are the only absolutely antiseptic dyes on the market. They dye a beautiful fast, permanent and fadeless color. Many dollars can be saved by using them. Old, worn and faded dresses and ribbons, feathers, etc., made to look new and fresh again. We can send any color or shade you desire. Come put up in envelopes, each containing a separate dye, **with full directions for use.** Send sample that you want matched or state the color you wish.

No. 8T475 Price, each.....8c
If by mail, postage extra, each, 2 cents.

We can furnish cheaper dyes to compete with the cheap dyes that are universally sold. We recommend our **Seroco Dyes.**

No. 8T485 **Angel Dainty Dyes,** all colors. Price, each.....6c
If by mail, postage extra, each, 2c.

CLEANIT LIQUID
THE BEST COMPOUND IN THE WORLD FOR REMOVING FRESH PAINT, OR GREASE STAINS OF ANY KIND FROM CARPETS—CLOTHING WITHOUT INJURY TO THE FINEST FABRIC
MANUFACTURED ONLY BY SEARS ROEBUCK & CO. CHICAGO

Cleanit Liquid.

The only preparation that removes fresh paint, grease, oils, syrup, beer or wine stains from carpets, dress goods, silks and all kinds of clothing, etc., without injury to the finest fabric. It leaves the goods soft and clean, free from marks or creases. It also removes all gloss or shine caused by wear, restoring the natural luster. A preparation that is indispensable in every household.

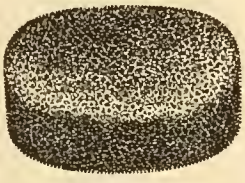
Patent India Rubber Bath Sponges



The finest, most durable bath sponge in existence. Made of pure rubber, will take water like an ordinary sponge and gives a gentle friction to the skin, therefore being justly designated the most perfect toilet sponge ever made. It makes a fine lather when used with soap. It is hygienic and very durable; will last for years.

We offer these sponges at nearly one-half the prices at which they are sold elsewhere, and guarantee them to be the genuine patented imported article.

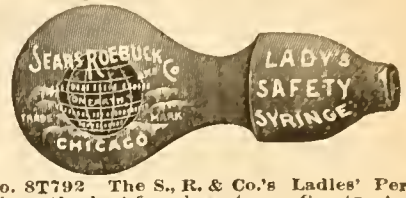
The Tyrian Female Syringe for 92 Cents.

No. 8T789 Tyrian Female Syringe for cleansing vaginal passages of all discharges, especially adapted for injections of hot water; the liquid being driven from the syringe when the bulb is compressed and drawn back into it on relaxing the pressure, thus **giving an opportunity to thoroughly wash the diseased parts. Capacity, 8 ounces.** Made of one piece of soft rubber, with removable hard rubber shield. **Having no valves or connections, cannot get out of order.** Drug store price, $2.00. Our price, each.....92c
If by mail, postage extra, 13 cents.

Dr. Thiebaud's Expanding Vaginal Bath Speculum and Douche.

Can be used with either our Reliable, Monarch, Rapid Flow, Acme Bulb, Gem or Union syringes. Is made with nickel plated, highly polished wire frame, with metal nozzle, and so constructed to make it collapsible. When placed in position it can be easily expanded, thus acting as a speculum and syringe at the same time. It will do what no other syringe will accomplish and will always insure a thoroughly successful douche.
Expanded. **No. 8T791 Dr. Thiebaud's Collapsed Expanding Vaginal Bath Speculum and Douche,** Price, each.....35c
If by mail, postage extra, 4 cents.



No. 8T792 The S., R. & Co.'s Ladies' Perfect Syringe, the best female syringe. Constructed on the latest scientific principles—injection and suction. Cleanses the vaginal passages thoroughly of all discharges. Recommended by the medical profession as the safest and most efficient of any syringe ever made. Especially adapted for injections of hot water without soiling the clothing. Made of one piece of fine soft rubber. Price, each..73c
If by mail, postage extra, 17 cents.

Dr. Tullar's Vaginal Spray.

THE NEW IMPROVED LADIES' SYRINGE.

Quick action ball spray cleanser. Made on the injection and suction plan, entirely of hard and soft rubber. No metal parts to corrode. Patented 1898. The ball tip is inserted without discomfort, the oval shield causes no strain, prevents spilling and permits perfect dilation and cleansing of the parts. The pipe is of sufficient length to cause the ball spraying injection to come in contact with and instantly wash out all secretions and discharges that may become lodged in the vaginal folds. The **Tullar Spray** is today the finest syringe recommended by prominent physicians for the purpose for which it is intended to be used and it is absolutely reliable, safe and harmless.

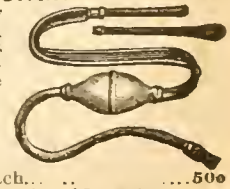
Dr. Tullar's Syringe has the new octagon bulb with a capacity of 11 ounces, and can be used not only for thorough cleansing but also for medicated or hot water injections. This wonderful syringe is invaluable to every married woman.
No. 8T795 Price, each.....$1.98
If by mail, postage extra, 20 cents.

Hard Rubber Stem Syringe.

For Females.

Superior to other syringes of this class and a most perfect syringe for a far reaching vaginal douche. Made with soft rubber bulb and hard rubber stem. Has no valves. Cannot corrode or get out of order. This is one of the most efficient syringes for cleansing the vagina, and is highly recommended by the best physicians to married ladies for that purpose, and for the treatment of any local disorder and female complaints.
No. 8T801 Price, each.....88c
If by mail, postage extra, 10 cents.

Omega Syringe-Continuous Flow.

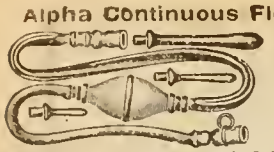


No. 8T804 Made of pure para rubber. **Omega Syringe No. 5, continuous flow,** with hard rubber vaginal and rectal pipes. The valves are secured and **cannot be lost. The continuous flow is the correct principle** on which a syringe should be made. Packed in neat maroon box. Price, each.....50c
If by mail, postage extra, 10 cents.

No. 8T807 Omega Syringe No. 4, continuous flow. Hard rubber vaginal and rectal pipes, valves secured and cannot be lost. Omega No. 4 has a flattened outlet tube which is made by a specially invented process, that produces the continuous flow. Packed in neat octagonal box. Each.....75c
If by mail, postage extra, 15 cents.

No. 8T810 Omega Syringe No 3, continuous flow. Has hard rubber vaginal, rectal and infant pipes, noiseless and non-corrosive sinker, patented screw joint socket, by which pipes are quickly attached without use of threads or washers. Packed in oval box. Price, each.....$1.00
If by mail, postage extra, 10 cents.

Alpha Continuous Flowing Syringe.



Made of best para rubber. All intermittent syringes inject more or less air, which is invariably drawn back into the tube while the bulb is expanding and refilling; this is often painful as well as dangerous. Not so with the Alpha Continuous Flowing Syringe.

No. 8T813 Alpha E Syringe, continuous flow, hard rubber vaginal, rectal and infant pipes, noiseless and non-corrosive sinker, valves cannot be lost. Packed in handsome cloth covered case with nickel plated clasp. Price, each.....$1.50

If by mail, postage extra, 12 cents.

PERFUMERY DEPARTMENT.

WE OFFER THIS SEASON THE FINEST IMPORTED PERFUMES IN THE NEWEST, LATEST AND GRANDEST STYLES OF FANCY BOTTLES.

WE IMPORT the bulk of our perfume extracts direct from the flower gardens of France and the southern parts of Europe, receiving them in sealed copper vessels fresh from the producer. By this method we are enabled to save our customers one-half to two-thirds the usual profit made by other concerns on perfumes. We furnish these high grade perfumes for little money compared to what is usually charged for even an inferior class of goods. We can truthfully state that there is hardly another line of goods in which so much substitution and adulteration is practiced as in perfumery. We guarantee that if you order from us, you will receive the pure perfume extracts, lasting odors and the perfume exactly as represented by us and as called for by you.

THE ILLUSTRATIONS will give you a very accurate idea of the handsome packages or bottles in which our perfumes are supplied. In sending your order, select the size and style bottle desired, state the name of the odor which you wish to receive, and we will execute your order carefully. We feel confident you will be pleased with the perfumes when you receive them.

REMEMBER that a handsome bottle of high grade perfume always makes a welcome and dainty gift. **Kindly remember that you can get your favorite perfume in Triple Extract, Climax or Seroco grades, and that we guarantee them all to be strictly as represented.** While the bottle, of course, will add nothing to the quality of the perfume, the handsome appearance of the perfume container serves a double purpose in making the package pleasing to the eye and later the bottle can be used for different toilet purposes, if desired. **Although we supply our 1-ounce perfume packages at extremely low prices, you can obtain an additional and considerable saving by ordering two ounces, four ounces, or, still better, ½-pound bottles. Wherever it is stated that perfume packages can be sent by mail, the amount of postage as stated with each item must be included, together with the price of the perfume,** providing the customer wishes them forwarded in that manner.

LIST OF ODORS WHICH WE ALWAYS CARRY IN STOCK:

Hyacinth,	Lilac Blossoms,	Shandon Bells,
Jessamine,	Carnation Pink,	Indian Violet,
Tuberose,	Rose Geranium,	Wood Violet,
Moss Rose,	Lily of the Valley,	Alpine Sweets,

Wild-Rose,	La France Rose,	White Rose,
Sweet Pea,	White Heliotrope,	Jockey Club,
Tea Rose,	New Mown Hay,	Mignonette,
Musk,	Pean d'Espagne,	Frangipani.

Triple Extract of any Odor.

This 1-ounce genuine round Lubin bottle, with ball glass stopper, only 25 cents.

The bottle, although of simple design, is one of quiet beauty, and, in combination with the fine quality of perfume it contains, giving you selection of our entire list of triple extracts, we offer you in our genuine round Lubin bottle one of the best and cheapest perfume packages for only 25 cents. Cannot be duplicated anywhere for less than 50 cents.

No. 8T1000 Price, 1-ounce round Lubin bottle, each.....25c
If by mail, postage and mailing tube extra, 7 cents.

Your choice of any triple extract perfume of odors above listed, with genuine 1-ounce square Lubin bottle and sprinkler top, only 25 cents.

Usually sold in drug stores at 50 and 60 cents per ounce. Sprinkler top bottles are extremely convenient and many will prefer this style. 25 cents for this 1-ounce sprinkler top bottle and the high grade Triple Extract Perfume supplied with same is a remarkably low price, quality of perfume and convenient style of bottle considered.

No. 8T1003 Price, 1-ounce square Lubin bottle sprinkler top, each.....25c

No. 8T1006 Price, 2-ounce square Lubin silvered sprinkler top, each.....45c

If by mail, postage and mailing tube extra, small, 7c; large, 12c.

No. 1 1-oz.

No. 2 1-oz.

We will send you our celebrated Climax grade of perfume, worth 50 cents an ounce, for only 30 cents, and with it your choice of either one of the handsome and attractive Climax Bottles Nos. 1 and 2, as illustrated, without extra charge. We will supply you same packed in a nice paper box. These packages make a very acceptable present, welcome to and appreciated by every lady. The Climax grade perfumes are furnished in any odor above enumerated.

No. 8T1009 The Climax Perfumes in Climax Bottles Nos. 1 and 2, as may be selected by you. Price, 1-ounce bottles in neat paper cases, each..... 30c
If by mail, postage and mailing tube, extra, 15c.

This handsome cut glass stoppered bottle with one ounce of our fragrant and exclusive dainty Seroco Perfume, which you cannot obtain elsewhere in this country at any price, and which retails in foreign countries for $1.00 an ounce, you can obtain from us for the small sum of 40 cents.

Seroco Perfumes are the finest that can be produced. You will like them. You will enjoy them better than any other odors. This beautiful cut glass stoppered bottle, with fine Seroco Perfume, for only 40 cents per bottle, is exceptional value. Shipped in neat paper boxes without extra charge.

No. 8T1012 Price, 1-ounce bottle, each.....40c
If by mail, postage and mailing tube extra, 8 cents.

Two Ounces of Triple Extract Perfume, any odor you may wish, with this handsome glass stoppered bottle, only 45 cents. Splendid value at this price and very popular with our customers. An exceedingly attractive package and extremely ornamental for the dressing table of ladies. The best perfume and the nicest display bottle ever sold at the very low price.

If you were to buy the perfume alone, without this handsome and ornamental container, you could not secure a perfume to equal it and the same quantity for less than $1.00. This means a saving to you of more than half the cost of the perfume alone. A number of our customers order this style of bottle and our high grade perfume in quantities, supplying their friends with this article at 70 and 80 cents per bottle, thereby making a nice profit on their sales.

No. 8T1015 Price, 2-ounce bottles, each..... 45c
If by mail, postage and mailing tube extra, 13c.

This large beautiful cut glass stoppered bottle and 2-ounces of our Triple Extract Climax Perfume, worth 50 cents an ounce, or $1.00 value for 55 cents. Almost one-half the price others would ask for the perfume alone, not mentioning the costly bottle in which the perfume is supplied. After using our Climax Perfume once you will surely order it again. You may as well order a 2-ounce bottle on the start. There is nothing that can please people of good taste and refinement more than a faint trace of true odors of favorite flowers. Avoid cheap, coarse diluted extracts. They have no lasting qualities and sometimes prove offensive. **The Climax Triple Extracts are always, pleasing, elegant, lasting.** Our 2-ounce cut glass stoppered triple extract Climax Perfumes, any odor you may select.

No. 8T1018 Price, 2-ounce bottles, each.....55c
Unmailable on account of weight.

Our Special Violette France.

Our special Violette France perfume put up in magnificent 2-ounce cut glass stoppered bottle for only 60 cents. A handsome package. Contains society's latest, most exclusive odor. People of fashion and all those who usually are referred to as "swell" people prefer **Violette France.** Sells as high as 75 cents and $1.00 an ounce. With a touch of this sweet, elegant and dainty perfume you can make the most simple as well as the most stylish and fascinating toilet complete. Its odor is often recognized as the perfume of gentility and good breeding.

TOILET PREPARATIONS

RECOGNIZING THE FRENCH TOILET PREPARATIONS as the standard and in many cases far superior to the preparations of like kind manufactured in any other country, the United States not excepted, we have at all times carried a very extensive line of French toilet preparations; but in order that our customers may have an opportunity to obtain from us all the latest standard toilet novelties and the newest articles in this line, we have added to our list of toilet preparations every article that has met with a favorable reception among the fashionable ladies in Europe and this country, and you will find in the assortment which we present to you in the following pages almost everything in the toilet line that is worth while having. You will please note that in addition to the well known preparations that have been imported and sold by us for years and which have, owing to their merit, secured many friends among our customers, we can supply you other toilet articles that have become the fashion in Paris, London and almost every city in the United States during recent years. While it is without doubt of importance that our lady customers should have a large selection for this class of articles, you will kindly observe by comparing our prices on these goods that we furnish them at prices which are nearly always only one-half of what others charge for similar preparations, and in many cases our prices are but one-third of the prices prevailing in drug stores and with other firms selling toilet preparations. **We also beg to call your attention to the fact that every article as presented in the following pages is fully guaranteed to come up to the standard under which it is listed, and it will give satisfaction** when used for the purpose for which it is intended. **Our toilet preparations are scientifically prepared, up to date, and will always please even the most exacting and fastidious of society ladies;** and we can give all our customers the positive assurance that in making their selection from the following list they will obtain not only the latest and the best toilet preparations, but they will save from fifty to sixty per cent in price on nearly every article.

Double Distilled Toilet Waters.

We carry the finest grade of toilet waters, made from first extraction, but supply them in both single and double distilled odors. Our single distilled toilet waters are guaranteed better and stronger than the best grade usually sold in drug stores, while the double distilled odors are in such a concentrated form and produced with the purest and finest white spirits that they can be diluted with the addition of distilled water, two bottles of our double distilled toilet water making three bottles of the purest and more than average strength toilet water. Both kinds are furnished in violet, carnation, lilac and rose. Beautiful in color, sweet odors, handsome bottles, in fact the grandest perfumed waters for toilet and bath. The occasional sprinkling of a few drops of any of these waters on furniture, clothing, linen, etc., will keep these articles fresh, and owing to the highest purity and strength of the perfumes used in these waters their lasting quality is fully equal to their fragrance, thus making them more desirable and of greater value for toilet requisites than any other toilet preparations of this kind.

Secret De Ninon.

This new French preparation is especially recommended for removing freckles, redness, blotches, tan and all imperfections of the skin, leaving same clear, soft and rich in appearance. By using Secret de Ninon you can secure a healthy, blooming complexion. Ladies exposed to the sun, wind and sudden changes of weather frequently find their delicate complexions injured from these causes, but **Secret de Ninon will quickly remove such imperfections and a satin like, smooth skin of great beauty can soon be acquired,** a complexion which will be admired by everyone. The preparation is positively harmless, no ill effects. There is no preparation that will give better general satisfaction than does the Secret de Ninon, which always clears the complexion and enhances the beauty of the user in a marvelous manner.

No. 8T1077 Secret de Ninon. Price, per bottle, 55c
Unmailable on account of weight.

Witch Hazel Toilet Balm.

This is an elegant preparation for the skin when it is chapped and rough. A few applications well rubbed in makes the skin soft and velvety. It is also recommended for removing sunburn and freckles. It will prevent the skin from chapping or coloring when exposed to the cold if used before going out. It does not leave the skin greasy or sticky. Gloves can be used immediately after each application, the balm being absorbed by the skin very quickly. The Witch Hazel Balm is a very popular healing and soothing toilet requisite for harsh, dry, cracked or rough skin. Gentlemen find it a lotion more satisfactory for use after shaving than anything else.

For Removing Superfluous Hair

OUR FAMOUS PARISIAN DEPILATORY

For Removing Superfluous Hair

AT 73c ..PER.. BOTTLE we offer our celebrated PARISIAN DEPILATORY, the only harmless and successful preparation on the market for removing unsightly, superfluous hair on the face, neck and arms, WE POSITIVELY GUARANTEE OUR PARISIAN DEPILATORY NOT TO HARM THE MOST SENSITIVE SKIN OR MAR THE MOST DELICATE COMPLEXION. Hair on the face, neck or arms, so embarrassing to ladies of refinement, can now be removed without danger or chance of failure. **The Parisian Depilatory instantly dissolves the hair wherever applied, removes it entirely and forever.**

THE GREATEST DRAWBACK TO PERFECT LOVELINESS in woman is a superfluous, unnatural growth of hair, where nature never intended it. The prettiest face is marred and disfigured by hair on the lips, cheeks or chin. By means of our Parisian Depilatory every vestige of hair can be removed, a perfect clean, smooth, soft, beautiful skin is assured.

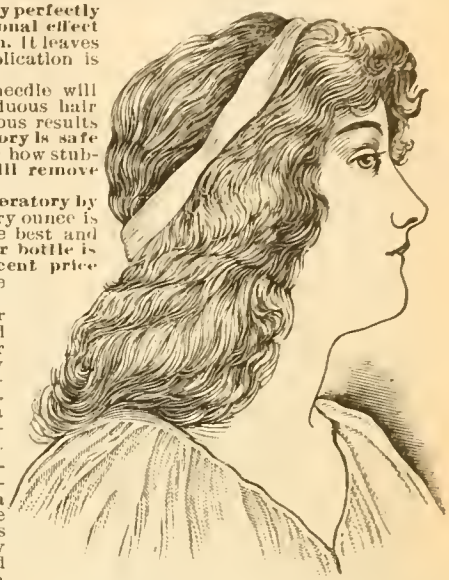
NO UNPLEASANT EFFECTS. **The Parisian Depilatory is not only perfectly harmless, but it has the additional effect of a fine cosmetic, softening the skin and improving the complexion.** It leaves no burning sensation, it is entirely painless, easily applied; one application is usually sufficient for the most aggravated cases.

FAR SUPERIOR TO THE ELECTRIC NEEDLE. The electric needle will remove superfluous hair by destroying the roots, but it is a very dangerous operation. Serious results have often followed the use of the electric needle. **Parisian Depilatory is safe and sure. It cannot fail.** No matter what you have tried before or how stubborn the growth of hair is, **we guarantee our Parisian Depilatory will remove it entirely and effect a speedy and permanent cure.**

A WONDERFUL PREPARATION. **Compounded in our own laboratory by a competent chemist.** Every ounce is prepared under his personal supervision. The ingredients are the best and purest, carefully selected. **OUR SPECIAL PRICE of 73 cents per bottle is the lowest price ever heard of for a genuine Depilatory. Our 73 cent price covers only the actual cost of the materials and labor,** with our one small profit added.

DON'T PAY $1.00, $2.00 AND $3.00 **for a so called hair remover.** Be careful about using the preparations of unknown concerns. Some of the hair removers, widely advertised, are very powerful, very corrosive; they remove the hair and often burn the skin or ruin the complexion forever. **You can use our Parisian Depilatory with perfect safety.** Leaves no marks, no ill effects, no one can tell that you are using a hair remover. No one will know the difference except in your improved appearance, the enhanced loveliness of the skin and complexion.

NO TOILET IS COMPLETE **without the famous Parisian Depilatory.** Ladies of refinement everywhere find the Parisian Depilatory an invaluable toilet requisite, a perfect and harmless hair remover. It removes the hair only where it is applied, does not interfere with the use of cosmetics, washes; has no effect whatever on the blood, complexion, health or hair, or any part of the person, except where it is applied. If you are bothered by superfluous hair, whether on face, neck or arms, if you want a perfectly smooth, clean, clear skin, **send for a bottle of our celebrated 73-cent Parisian Depilatory, the only absolutely harmless, unfailingly successful hair remover ever compounded.**



Our Celebrated Parisian Depilatory removes all superfluous hair and other imperfections, and leaves the skin soft, smooth and velvety.

With one bottle Bust Expander, and and one Jar Bust Food FREE.
OUR PRICE, PER DOZEN.....$16.00

SOLD UNDER A POSITIVE GUARANTEE TO ENLARGE ANY LADY'S BUST FROM 3 TO 5 INCHES
OUR SPECIAL INTRODUCTORY PRICE FOR DEVELOPER, BUST EXPANDER AND BUST FOOD, COMPLETE - - - - - - - - - - $1.50

With every order for Princess Bust Developer and Bust Food, we furnish FREE one bottle of the GENUINE FLEUR DE LIS BUST EXPANDER and TISSUE BUILDER (retail price, 75 cents) without extra charge.

THE PRINCESS BUST DEVELOPER

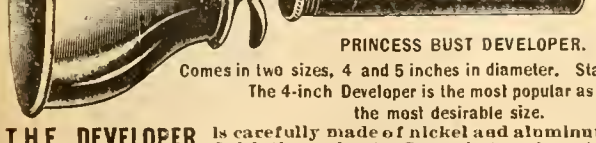
IS A NEW SCIENTIFIC HELP TO NATURE.

COMBINED WITH THE USE OF THE BUST CREAM OR FOOD, FORMS A FULL FIRM WELL DEVELOPED BUST IN A FEW DAYS' USE.

It will build up and fill out all shrunken and undeveloped tissues, form a rounded, plump, perfectly developed bust, producing a beautiful figure.

THE PRINCESS BUST DEVELOPER AND CREAM FOOD is absolutely harmless, easy to use, perfectly safe and the only successful bust developer offered by any concern.

IF NATURE HAS NOT FAVORED YOU with that greatest charm, a symmetrically rounded bosom full and perfect, send for the **Princess Bust Developer** and you will be surprised, delighted and happy over the result of one week's use. No matter what you have tried before, no matter if you have used other so called Bust Developers, (paying $4.00, $5.00 or $6.00) without effect, our **Princess Developer** will absolutely produce the desired result. **We guarantee it, it has been proven by test and trial; and if you are not entirely satisfied with the result after giving it a fair trail, please return it to us and we will gladly refund your money.**



Unmailable on account of weight.

PRINCESS BUST DEVELOPER.

Comes in two sizes, 4 and 5 inches in diameter. State size desired. The 4-inch Developer is the most popular as well as the most desirable size.

THE DEVELOPER is carefully made of nickel and aluminum, very finest finish throughout. Comes in two sizes, 4 and 5 inches diameter. In ordering please state size desired. The developer gives the right exercise to the muscles of the bust, compels a free and normal circulation of the blood through the capillaries, glands and tissues of the flabby, undeveloped parts, these parts are soon restored to a healthy condition, they expand and fill out, become round, firm and beautiful.

THE BUST CREAM OR FOOD

IS APPLIED AS A MASSAGE.

It is a delightful cream preparation, put up by an eminent French chemist, and forms just the right food required for the starved skin and wasted tissues. The ingredients of the **Bust Food** are mainly pure vegetable oils, perfectly harmless. Combined in a way to form the finest nourishment for the bust glands. It is delicately perfumed and is

UNRIVALED FOR DEVELOPING THE BUST, ARMS AND NECK,

making a plump, full, rounded bosom, perfect neck and arms, a smooth skin, which before was scrawny, flat and flabby.

FULL DIRECTIONS ARE FURNISHED. SUCCESS IS ASSURED.

You need no longer regret that your form is not what you would like it to be. Ladies everywhere welcome the **Princess Bust Developer and Cream Food** as the greatest toilet requisite ever offered. We have letters from many of our lady customers, telling us the good results of the **Princess Developer,** how their busts enlarged from two to six inches, and expressing their gratitude for the big benefit derived.

THE PRINCESS BUST DEVELOPER AND FOOD is the only treatment that will actually, permanently develop and enlarge the bust, cause it to fill out to nature's full proportions, give that swelling, rounded, firm white bosom, that queenly bearing, so attractive to the opposite sex. Transforms a thin, awkward, unattractive girl or woman into an exquisitely formed, graceful, fascinating lady, positively without fail, absolutely without harm. Such a preparation has never before been offered. Don't fail to take advantage of it and order at once.

$1.50 is our Special Introductory Price for the PRINCESS DEVELOPER and BUST FOOD, Complete, the Lowest Price Ever Made on this Article.

DON'T PAY some unknown concern an extravagant price for a so called bust developer. Be careful of the medicines and treatments offered by various irresponsible companies. **Send for the Princess Developer, complete with the Bust Food, at our special introductory price of $1.50,** state whether you wish the 4 or 5-inch developer, and if you are not entirely satisfied with the results, **if your bust is not enlarged from 2 to 6 inches according to length of time used, without the slightest harm or inconvenience, return it, after giving it a trial, and we will refund your money. Don't put off ordering. Nowhere else can you buy a successful guaranteed bust developer for only $1.50. Order at once while we can produce these perfect goods at present cost.**

OUR 60-CENT PRINCESS HAIR RESTORER.

No. 8T1101

Per Bottle, 60c.

PRINCESS HAIR RESTORER IS GOOD FOR BOTH MEN AND WOMEN. Is equally effective on men's, women's and children's hair.

A WONDERFUL NEW HAIR TONIC AND PRODUCER.

Restores the Natural Color, Preserves and Strengthens the Hair for Years, Promotes the Growth, Arrests Falling Hair, Feeds and Nourishes the Roots, Cures Dandruff and Scurf, and Allays all Scalp Irritations.

The only absolutely effective, unfailingly successful, perfectly harmless, positively no-dye preparation on the market

that restores gray hair to its natural and youthful color, removes crusts, scales and dandruff, soothes irritating, itching surfaces, stimulates the hair follicles, supplies the roots with energy and nourishment, renders the hair beautifully soft, and makes the hair grow WHEN ALL ELSE FAILS.

Princess Hair Restorer Grows Hair Like This.

EVERY SINGLE BOTTLE OF PRINCESS HAIR RESTORER is compounded especially in our own laboratory by our own skilled chemists, and according to the prescription of one who has made the hair and scalp, its diseases and cure, a life study.

PRINCESS HAIR RESTORER IS NOT AN EXPERIMENT, not an untried unknown, quack remedy, depending on enormous, glittering advertisements for sales, but it is a preparation of the very finest and most expensive ingredients that will positively cure any case of falling hair, stimulate the growth of new hair on bald heads, cure dandruff and other diseases of the scalp.

ARE YOU BALD?

IS YOUR HAIR THIN OR FALLING OUT?

DOES YOUR HAIR COME OUT EASILY AND GATHER ON THE COMB AND BRUSH WHEN YOU BRUSH IT?

DOES YOUR HEAD ITCH?

DO YOU HAVE DANDRUFF OR SCURF AND DO WHITE, DUST-LIKE PARTICLES SETTLE ON YOUR COAT COLLAR?

IS YOUR HAIR STIFF AND COARSE AND HARD TO BRUSH?

IS YOUR HAIR FADING OR HAS IT TURNED PREMATURELY GRAY?

IF YOUR HAIR SUFFERS in any one or more of these particulars, we would urge you by all means to order a bottle of Princess Hair Restorer as a trial, for speedy relief. Use it according to directions and you will be surprised and delighted at the wonderful results. PRINCESS HAIR RESTORER NEVER FAILS. It acts direct on the tiny roots of the hair, giving them required fresh nourishment, starts quick and energetic circulation in every hair cell, tones up the scalp, freshens the pores, stops falling and sickly hair, changes thin hair to a fine heavy growth, puts new life in dormant, sluggish hair cells on bald heads, producing in a short time an absolutely new growth of hair. If your hair is fading or turning gray, one bottle of Princess Hair Restorer will give it healthy life, renew its original color and restore it to youthful profusion and beauty.

USE IT ALWAYS IF YOU WANT A HEAD OF FINE, SILKY, GLOSSY HAIR, THE PRIDE OF EVERY WOMAN.

AS A CURE FOR DANDRUFF, as a tonic for thin and scanty hair, Princess Hair Restorer acts with quick and wonderful success. It removes crusts and scales, keeps the scalp clean and healthy, the roots at once respond to its vigorous action, dandruff is banished and a thick and healthy growth of hair is assured.

FOR A TOILET ARTICLE, as a fine hair dressing, no one who takes any pride in a nice head of hair can afford to be without a bottle always on the dresser. Princess Hair Restorer is delicately perfumed, and one light application imparts a delightful, refined fragrance. Neither oils, pomades, vaseline or other greases are required with our preparation.

DON'T SEND AWAY TO SOME UNKNOWN CONCERN for a so-called Hair Grower, that promises everything in their advertisement and do no good whatever, and may do a great deal of harm. Don't send away to a cheap specialist and pay $1.00, $1.50 or $2.00 a bottle for a worthless and perhaps injurious preparation. Don't be misled by catchy advertisements with baits of free trial sample bottle and fake examination offers—such people will draw you in, make you believe something awful is the matter and scare you into paying enormous prices for alleged remedies, when you can get the genuine, tried, tested, proven and guaranteed Princess Hair Restorer at 60 cents a bottle, the actual cost of the ingredients and labor of bottling, with our one small profit added.

No. 8T1104

Per Bottle, 40c.

No. 8T1104

PRINCESS HAIR RESTORER IS ABSOLUTELY HARMLESS. IT IS NOT A DYE. It will not injure the most delicate hair, it will not stain the daintiest head dress. Princess Hair Restorer works wonders with the hair. We get letters daily from people telling how much good it has done for them. It will do the same for you. You can sell a dozen bottles at a profit to yourself in your immediate neighborhood to people who see the good it has done and the wonderful results on your hair. Order a bottle at 60 cents, which you can easily sell at $1.00 each, and if you do not find it all and more than we claim for it, if you do not find it is just the hair tonic you want, stimulating the growth, cleansing the scalp, stopping hair from falling out, restoring natural color, curing dandruff or promoting a new growth of hair on a bald head, return it to us at once AND WE WILL CHEERFULLY REFUND YOUR MONEY.

Our Price 40
Our Price per doz. $4.20

Recommended by Thousands of Beautiful Women.

DIFFERENT FROM MOST COMPLEXION PREPARATIONS, our White Lily Face Wash contains not a particle of lead, silver, sulphur, arsenic, mercury or other poisonous mineral by which most complexion remedies, and particularly the advertised ones, produce a temporary smoothness and brilliancy of the skin. White Lily Face Wash is clear and harmless as water, contains no poison, no sediment, nothing to hurt the most tender and delicate skin. Its effect in quickly removing pimples, blackheads, freckles, roughness and tan is simply wonderful. White Lily Face Wash smoothes out wrinkles and roughness, all imperfections and irritations of the skin disappear, restores the delicate tint of girlhood and youth, leaving the skin soft and velvety. Nothing is more attractive than a lovely complexion.

DO YOU WANT TO BE BEAUTIFUL? Do you want a spotless skin, a matchless complexion, the envy and pride of everyone? Send for a bottle of White Lily Face Wash, use it according to directions and a perfect complexion will be the result. We positively guarantee White Lily Face Wash to permanently cure pimples, blackheads and other eruptions of the skin, to completely remove tan, freckles, blotches, sallowness, roughness, flabbiness, wrinkles and all other imperfections of the skin, face, neck, bust, arms and hands.

WHITE LILY FACE WASH has a wonderful sale. The market is full of injurious complexion preparations. Many, in fact, most of these preparations contain lead, arsenic, bismuth or mercury and are really dangerous in their effects. You can protect yourself from serious skin diseases by using our White Lily Face Wash. Take no chances. Avoid all danger. Use only a preparation that is absolutely harmless, one that you can depend on for a spotless skin, a positive beautifier that has been recommended by thousands of ladies.

USE ONLY THE GENUINE WHITE LILY FACE WASH, PREPARED AND SOLD BY US.

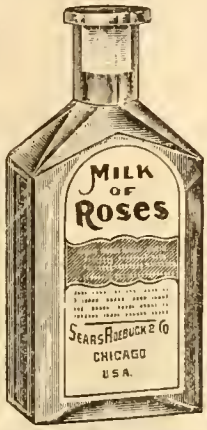
Malaga Almond Meal.

This is the genuine Oriental meal, much more emollient than the meal usually sold in this country. We import it direct in original bags and put it up in nice packages. It is splendid for the skin and can be used in place of soap. Malaga Almond Meal is highly recommended to ladies who have a very sensitive skin; one that is easily affected even by the slightest presence of acid in a toilet preparation.

No. 8T1107 ¼-lb. size. Each..15c
½-lb. size. Each..25c
If by mail, postage extra, small size, 8 cents; large size, 12 cents.

Milk of Roses for the Complexion.



A great beautifier used by the most fashionable ladies in Europe, and prepared from fresh white and pale colored roses by a simple process, which, however, secures and obtains by a superior extraction the finest odor and other portions which always have a pleasant and softening effect on the skin when used for the treatment of same, especially when the same is not entirely free from blemishes. The process for preparing this toilet article has been secured from the French manufacturer and chemist for our exclusive control in the United States.

No. 8T1110 Price, each..52c

Orange Flower Skin Food.

QUI VIVE.

This celebrated preparation has quickly grown into popular favor, and is today, by ladies of fashion, considered an indispensable toilet article. It acts as a skin nourisher and wrinkle remover, smoothes roughness and fills out hollow cheeks, giving the natural healthy glow and beauty to the skin. Orange Flower Skin Food is today often preferred and used instead of preparations that would cost three and four times the price at which we can furnish same to our lady customers.

No. 8T1122 Regular sized jar. Price, each..35c

Creme Marquise.

QUI VIVE.

This cream is equally as popular as the Orange Flower Skin Food, and while it can be used successfully alone, most society ladies employ it together with the Orange Flower Skin Food. It is especially effective for whitening, softening and preserving the skin. When Orange Flower Skin Food and Creme Marquise are used together, they should be alternated by changing every other night.

No. 8T1125 Regular sized jar. Price, each.....35c
4-ounce jars, each.....52c
If by mail, postage extra, regular size, 15 cents.
Large size unmailable on account of weight.

Mme. Qui Vive Complexion Powder.

This is an equally well known toilet article, prepared from the famous Qui Vive formulas, is non-irritating, contains no mineral poisons and may be applied without danger to the most delicate skin. Three shades, flesh, brunette and white.

No. 8T1128 Price, per box.....18c
If by mail, postage extra, per box, 3 cents.
Always state which color is wanted.

Floral Complexion Powder.

Floral Complexion Powder is one of the very best powders the market affords, is delicately perfumed, fragrant with natural flower odors, and is composed of carefully selected ingredients of the purest kind, and cannot under any conditions whatever cause inflammation or the slightest irritation of the skin as many other complexion powders often do.

No. 8T1131 Price, per box.....25c
If by mail, postage extra, per box, 7 cents.

LeMaire's Powder de Riz.

Made from fine rice flour and exquisitely perfumed. This powder is very popular and preferred by many to any other complexion powder used for the purpose for which it is intended. Furnished in three shades, white, cream and flesh.

No. 8T1134 Price, per box.....15c
If by mail, postage extra, per box, 3 cents.

Rouge de Theatre.

Number 18 LeMaire. This is positively the best rouge on the market, giving a natural and lifelike glow, never irritates or injures the skin, is today considered by the theatrical profession the only safe and satisfactory rouge, and used by them almost exclusively owing to the fine distributive qualities which it possesses so that it can never be noticed or detected.

No. 8T1137 Price, per box.....15c
If by mail, postage extra, per package, 6 cents.

Liquid Rouge.

A harmless liquid preparation for giving color to the cheeks and lips, making them a perfectly natural, pretty color. This rouge is often designated as Rouge Oriental, because it is in great favor in the far East, used daily by the ladies of the highest classes in Turkey, Persia and Egypt.

No. 8T1140 Price, per bottle.....25c
If by mail, postage extra, per bottle, 10c

Le Maire's Rubyline.

Rubyline is a refined and harmless rouge prepared in the form of a cream for tinting the cheeks, lips and fingers, leaves a perfectly natural stain or glow and can never be detected. The majority of ladies prefer rouge in this form, as it is put up in a very convenient manner and easily applied.

No. 8T1141 Price, per box.....18c
Postage, extra, 5c

Dr. Lyon's Skin Soap.

A true medicated skin soap which is superior for the treatment of any skin trouble where a soap is to be used to anything else on the market regardless of the price at which it may be sold. It is a medicinal soap in the true sense of the meaning of this designation, and thousands of physicians would today use no other soap for the purpose for which this soap is intended. It is also very desirable and valuable for the general toilet, bath and nursery.

No. 8T1143 Price, each..18c
Three bars in a box.....45c
Postage, extra, single bar, 4c; 3 in box, 14c.

Healthy Complexion Soap.

"Necessaire" (the needful) is the name given to this soap by the celebrated French physician and chemist, and which is specially prepared according to his formula for Sears, Roebuck & Co. It is a combination of the purest soap making ingredients, combined with the latest discoveries in antiseptics and preservations known to chemists. It is the perfection of soap to give the skin a healthy tissue and free it from all poisonous germ organisms which are so irritating, annoying and disfiguring. Its copious, abundant lather not only kills these organisms, but also detaches same from the surface to which they cling tenaciously. It is the ne plus ultra of germ destroyers, and the greatest promoter of health, beauty and comfort. We guarantee its continual use to cure all skin diseases, no matter how severe; also to make a beautiful, healthy complexion if used to the exclusion of all other soaps. Postage extra, per box, 14 cents.

HAIR PREPARATIONS.

Barbers' Egg Shampoo.

This shampoo is the highest grade of shampoo preparations used by the first class barbers in the large cities, and is very popular in every part of the country. As a gentleman's shampoo it is unequaled, makes clean and healthy hair, removes itching of the scalp, and is guaranteed not to contain, like most other egg shampoos, any alkali, which leaves the hair harsh and dry. Our barbers' hair shampoo renders the hair soft and smooth and glossy.

No. 8T1156 Price, 8-ounce round shampoo bottles..28c
Unmailable on account of weight.

Imperial Shampoo.

A preparation put up especially for ladies' use, thoroughly antiseptic, and supplied in liquid form, making a soft and copious lather, free from alkalies and any injurious substances whatever. It stimulates the scalp and leaves the hair soft and luxuriant, and should be used once or twice a month freely. The Imperial Shampoo represents the highest art of shampoo preparations, and is put up in handsome eight-ounce sprinkler top bottles, making it very convenient for use. The genuine Imperial Shampoo is never sold for less than $1.00 per bottle.

No. 8T1159 Our price, 8-ounce sprinkler top bottle, only.....38c

HAIR PREPARATIONS CONTINUED ON NEXT PAGE.

Pomade Philacome.

An exquisite dressing for the hair and mustache, nicely perfumed, and highest quality, in 2-ounce, large mouthed screw top bottle, very convenient for making application. This pomade is far superior to any other pomade usually retailing for 25 cents and even 50 cents per bottle.

SOLD UNDER OUR PERSONAL GUARANTEE

THE NEW IMPROVED RATIONAL BODY BRACE.

The Highest Grade, Most Perfect Woman's Brace for only $2.95. Guaranteed to be Not Only Equal, but Far Superior to Any Other Body Brace, Regardless of the Price at which they are Sold.

DO NOT PAY $8.00, $10.00 OR $12.00 for an inferior body brace when you can obtain from us the New Improved Rational Body Brace for only $2.95, guaranteed to render equal and better service than any other body brace, no matter what price you would be willing to pay for the same. You will never know what a Rational Body Brace means to a woman, as regards her comfort, general health and well feeling, until you possess one of these genuine new improved Rational Body Braces, the greatest boon to weak, suffering womankind.

A WOMAN'S GENERAL HEALTH, strength, grace, erectness and beauty of form are regained and retained by wearing a properly adjusted Rational Body Brace. It will, in the most natural and always successful manner, cure the complaints of women. It will meet and remove the cause of weaknesses and organic displacements by applying its strengthening influence and natural support to parts of the body where it is most needed.

THE FRONT PAD, as illustrated, and abdominal supporter are fitted with the new hygienic, sanitary, perforated nickel plated shield, and made of specially prepared scientifically and correctly tempered brass perforated plates, which makes them pliable and strong. They quickly adjust themselves, and fit all figures. The springs used in this brace are silver plated and welded, the recently discovered Bessemer process being employed for this purpose, which makes them practically indestructible. Four nickel plated pads form a joint attachment to these springs, arranged in a manner so as to make the hips the main part upon which the supporting power of the New Improved Rational Brace rests, thus relieving the weakened internal organs, muscles and nerves from all unnatural strain. The effect is an immediate feeling of relief to the wearer, followed by regular and natural functions of every organ of the body involved.

THE IMPROVED RATIONAL BODY BRACE is highly recommended by physicians for all persons suffering from general weakness, to persons whose shoulders droop and whose posture is neither natural nor correct. It is the proper and only comfortable brace for fat people. A large abdomen is often reduced a few inches per month as a result of relief afforded by the brace to the stretched and overloaded muscles.

IT IS THE ONLY APPLIANCE that should be used by women troubled with falling of the womb or other irregularities of the female organism, including unnatural discharges, painful, delayed or profuse menstruation; also for all affections of the bladder. For the removal of pains in the shoulder, backache, headache, pains in the chest and weakness of the lower limbs nothing will equal it.

THE IMPROVED RATIONAL BODY BRACE is an abdominal supporter and shoulder brace combined, constructed so as to form a natural support to every organ of the body, including the spine, ribs, lungs, heart, liver, bowels, womb; in fact every organ, bone and muscle of the human body. The supporting, strengthening and healing influence of the Rational Body Brace has never been approached by any other appliance. It assures to the wearer comfort, vigor, health, elasticity, ease, all of the utmost importance to women subject to physical changes, in all conditions and in every walk in life. **The Improved Rational Body Brace is made of specially prepared material** and is adjustable, thus always insuring a perfect fit. The upper portion of belt and shoulder pads consists of strong elastic webbing. The lower belt is non-elastic and as a result you will find in this appliance perfect support, yet absolute freedom for every movement of the body.

WHITE MATERIAL is used throughout, which can easily be laundered and kept clean and in a sanitary condition. Every part of the belt and straps is treated by a special process, so as to reduce absorption of perspiration to a minimum.

YOU CAN WEAR the Improved Rational Body Brace to suit your own convenience and as you may prefer, either under a corset, over vest, under closed drawers, over open drawers. The adjustable features of this brace makes it possible to wear the same appliance at all times whether before or after confinement will make no difference.

WOMEN SHOULD NOT under any circumstances cease wearing the genuine newly improved Rational Body Brace before and after confinement. It will not only support them better than anything else, but will preserve their figure and, what is still more important, it may be the means of saving their life.

HOW TO ORDER. Take measure over vest and drawers; state size around body about two inches below tops of hip bones. Mention if extra large adjustment is desired, giving height and weight at the same time.

An extra set of understraps is furnished with each body brace, free of charge, to be used when the first set is in the laundry, thus enabling the wearer to use the **Rational Body Brace** without interruption during the time when it is most needed.

No. 8T1245 The Improved Rational Body Brace complete, only **$2.95**
If by mail, postage extra, 20 cents.

EVERY RATIONAL BODY BRACE IS FURNISHED BY US UNDER OUR PERSONAL GUARANTEE.

THE VENUS OR SANITARY PROTECTOR.

NOW ONLY 47c EACH!

No woman who values comfort, cleanliness and health should be without it. The only practical protector. Perfect in fit. Safe in use.

THE ENORMOUS SALE of this grand protector has enabled us to manufacture it in such immensely large quantities, to reduce the cost of production to such an extent, that we are today in a position to offer this valuable appliance for the never heard of low price of 47 cents each.

THE VENUS PROTECTOR is made of a transparent India rubber sack which is very silky, soft and pliable and also very strong. This sack readily admits a napkin or any other soft substance like cheesecloth or cotton, and will hold it securely in the proper position. The belt is made of the very best lisle, non-elastic. The strap to which the sack is buckled is made of a superior grade of lisle elastic, which gives with the different movements of the body, thus keeping the protector always in the right place.

THE VENUS OR SANITARY PROTECTOR will save many times its cost in washing and bleaching. It is absolutely waterproof and thereby positively prevents soiling of the underwear. Each protector comes put up in a neatly finished box with full and explicit directions. With proper use will last a lifetime. After use each month all that is necessary is to clean it with a damp cloth or sponge. In ordering give waist measure.

POINTS OF EXCELLENCE in the Venus or Sanitary Protector. It is perfectly sanitary, comfortable, pliable and non-irritating; easily adjusted and readjusted, and indispensable to women walking, riding or traveling. Always clean and ready for use. Feels cool in summer and protects the wearer from cold in inclement weather. Retail price of the Venus or Sanitary Protector, $1.50 each.

Additional information and explicit instructions will be sent with each box.
If by mail, postage extra, 6 cents.

Special Department of Trusses

IMPORTANT REDUCTION IN TRUSS PRICES.

HAVING COMPLETED OUR NEW TRUSS FACTORY and employing the most expert operators in producing these appliances, we are today not only in a position to place at the disposal of our customers the finest grades, the most substantial made trusses, but in addition by installing many saving devices and the latest improved machinery for the manufacture of trusses, it has given us an opportunity to still further reduce our already very low prices on nearly every style of our trusses. We can now sell our trusses at lower prices than others can manufacture them, ours being always superior in quality, finish and workmanship. Being made by expert truss operators, we can always guarantee a perfect fit and comfortable appliances.

THE GENTLEMAN IN CHARGE OF THIS DEPARTMENT alone has made the supplying of trusses by mail possible, and by following our rules for measurement he can not only fit you as accurately as you could be fitted by a physician at home, but, different from your physician or your druggist, who may not have your exact size or shape, he is able to have the truss made and adjusted to your exact requirements, and from his long experience, as soon as your order is received and examined, he understands your case thoroughly, can furnish you the exact size required, knows just what readjustment or changes are necessary, and as a result our customers really get in addition to receiving a truss at lowest factory price a professional service, which for comfort, health, money saving and general satisfaction is worth five times the price of the truss.

DANGER OF BEING TREATED BY AN UNPROFESSIONAL MAN. Unfortunately trusses today are being sold almost the same as dry goods by people who are entirely incompetent to select, fit or adjust a truss. You will find a few trusses for sale in almost every drug store in the land, and with their very limited stock they will attempt to and even claim to fit almost anyone and always at a fancy price. The price, however, is not so serious a matter (although always very exorbitant), as is the danger of getting a truss which does not fit you, one that is not adapted to your case, which is extremely dangerous. From the limited stock carried by the average druggist a professional man could not honestly fit and adjust a truss for one man in ten, for he would be unable to find the exact size, the exact shape and the proper adjustment, but the druggist or his clerk, in his eagerness to make the sale and get your money, will furnish you a truss which he claims is a fit at from $2.00 to $10.00, and for want of a professional man to study your case, select or make a truss to your exact size and adjust it to your case perfectly, you are compelled to pay this druggist three or four prices for a truss that is little better than nothing and very dangerous at the best.

... HOW TO ORDER ...

STATE YOUR HEIGHT AND WEIGHT, HOW LONG YOU HAVE BEEN RUPTURED, WHETHER RUPTURE IS LARGE OR SMALL,

also state number of inches around the body on a line with the rupture, say whether rupture is on RIGHT OR LEFT SIDE, OR BOTH.

SELECT TRUSS WANTED BY NUMBER.

THERE IS PROBABLY NO OTHER ARTICLE OF MERCHANDISE, nothing in the medical or surgical line which sells at such an exorbitant price as trusses, nothing on which the original cost to manufacture has been so utterly disregarded in arriving at the selling price. It seems ever since trusses have been made, it has been the custom of everyone whose hands they pass through, from the original manufacturer to the final retailer, to exact an exorbitant profit, until a truss that really costs from 60 cents to $1.00 to make has and is now being retailed everywhere at from $2.50 to $10.00 and even upwards.

WE CHANGE ALL THIS. We quote you the very highest grade trusses on the market, put every truss out under our binding guarantee, and name a price barely covering the actual cost to manufacture, manufactured under the direct supervision of our own professional man, thus insuring for you the very best grade of goods possible to manufacture, and saving you all the profit that the manufacturer, jobber, retailer and physician have heretofore added to make up a big fancy price.

WE MAKE A SPECIALTY OF FITTING TRUSSES and are prepared to offer to our customers unusual advantages in these goods. We employ only expert and thoroughly competent truss manufacturers, and we guarantee to send to any of our customers a perfectly fitting truss that will give satisfaction. A most important point is that we will save you from one to two hundred per cent on any truss you purchase. You take no risk in sending to us for a truss. You can try on our trusses, and if you are not satisfied, both as regards quality, comfort in wearing it, and saving in money, simply return the truss to us and we will

PROMPTLY RETURN YOUR MONEY.

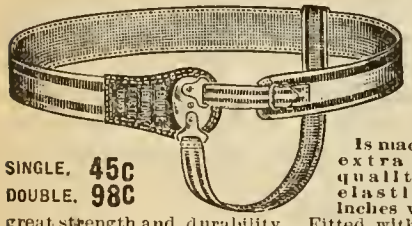
OUR Unqualified Guarantee.

WE GUARANTEE every truss sent out by our firm to be strictly as represented and of the highest grade of its kind.

WE GUARANTEE that our prices are one-fourth to one-tenth of the prices charged by others and that, taking each style as a class, you cannot get a higher grade, finer or more substantial material or better fitting truss, no matter what price you would be willing to pay. We will send any of our trusses on request for comparison with trusses of other houses, and, if you do not find that our appliances are better in material, workmanship and fit, if you cannot see at a glance that you can save from $2.00 to $10.00 on our trusses (the saving depending on the style of truss you wear),

You can return our truss at our expense and the full amount you have paid for it will be refunded to you for the asking.

ELASTIC TRUSSES. The Genuine New York Elastic Truss.



SINGLE, 45c
DOUBLE, 98c

Is made of an extra good quality web elastic 1¾ inches wide, of great strength and durability. Fitted with nickel fastenings, solid front and fine enamel pad, which is reversible, so it can be arranged for either right or left side. The price of this style of truss elsewhere is from $2.00 to $2.50. We guarantee it to be superior in quality, workmanship and finish, and it will cost you but 45 cents.

No. 8T1302 New York Elastic Truss, reversible, single 45c

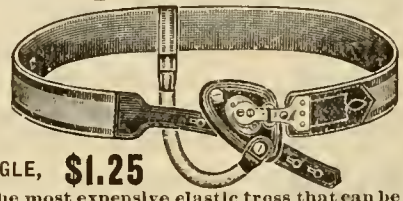
No. 8T1304 New York Elastic Truss, reversible, double 98c

The above truss can be furnished in youths' and adults' sizes at the prices quoted. Be sure and send with your order measurement around body on a line with rupture.

If by mail, postage extra, 20 cents.

DO NOT FAIL to state on which side the rupture is located and give measurement around body on a line with the rupture.

Dr. Walker's Approved French Pad Single Elastic Truss, $1.25.



SINGLE, $1.25

The most expensive elastic truss that can be produced. This truss is fitted across the body, the full part of the pad facing the center. The advantages of this style of truss over other elastic trusses are as follows:

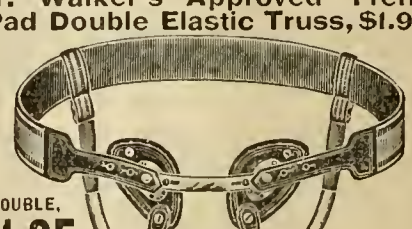
First—By fitting across the body and fastening on the center steel posts on the back of pad a center draft over the top of pad is produced, insuring, in all cases, the right kind of pressure.

Second—By hooking on the tie strap the pad tips produces upward and inward pressure at the same time. Dr. Walker's Approved French Pad Elastic Truss is, therefore, especially adapted for rupture which comes out egg shape, usually known as inguinal hernia, or light cases of scrotal rupture, where the intestines go down in the scrotum, called ingulnal scrotal rupture. Fitted with rubber tubing understraps. Can be furnished in stuffed pad or water pad. Made of the finest, extra wide and heavy web elastic. Handsomely trimmed and stitched. This truss is reversible and adjustable.

No. 8T1306 Dr. Walker's Approved French Single Elastic Truss. Price, each $1.25

If by mail, postage extra, 20 cents.

Dr. Walker's Approved French Pad Double Elastic Truss, $1.95.



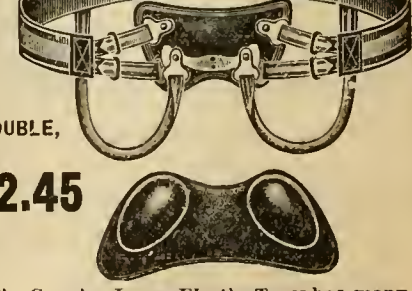
DOUBLE, $1.95

Has all the advantages as above explained in the description of the single truss, and is furnished with double rubber tubing under straps. It is adjustable in width, and also enables you to get the proper angle in the groin, thus making this double elastic truss the easiest and most comfortable in existence.

No. 8T1318 Dr. Walker's Approved French Pad Double Elastic Truss. Price, each $1.95

If by mail, postage extra, 20 cents.

The Genuine Lever Elastic Truss.



DOUBLE, $2.45

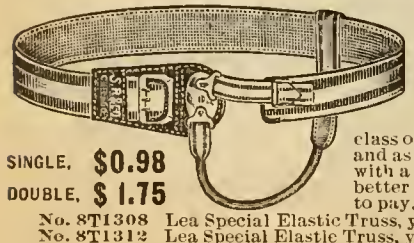
The Genuine Lever Elastic Truss has many valuable features, the most important of which is the fact that by means of the lever appliance, extra pressure may be obtained in cases of severe rupture. The Lever Elastic Truss always gives satisfaction. Can be used for both single and double rupture. The belt is two inches wide, made of the very best web elastic. Solid leather casing and brass trimmings. Fine enamel finished double pads or one plate, as shown in illustration.

No. 8T1320 The Genuine Lever Elastic Truss complete $2.45

If by mail, postage extra, 20 cents.

Sold under a positive guarantee that no better truss of this style could be obtained anywhere, no matter what price you would be willing to pay.

Lea's Special Elastic Truss.



SINGLE, $0.98
DOUBLE, $1.75

A superior quality of a high grade elastic truss, made of the finest quality of heavy web elastic. It has a new style belt, adjustable at both ends so it can be lengthened or shortened as may be desired. It is fitted with improved safety clutch fastenings. Complete with the celebrated water pads, which can be supplied either leather or silk covered. These water pads are very popular, comfortable, are reversible, so that they can be arranged for either right or left side. This class of truss is never sold by others for less than $4.00 or $5.00, single, and as high as $8.00 or $10.00 for the double truss. We furnish them with a positive guarantee to our customers that they cannot get a better truss of this style, no matter how much they would be willing to pay, at the following low prices.

No. 8T1308 Lea Special Elastic Truss, youths' or adults' sizes, single $0.98

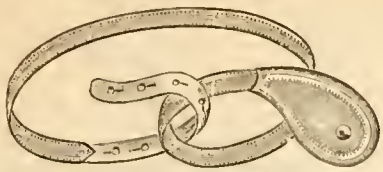
No. 8T1312 Lea Special Elastic Truss, youths' or adults' sizes, double 1.75

Be sure and send with your order measurement around the waist on a line with rupture.

If by mail, postage extra, 20 cents.

SPRING TRUSSES.

Plain Leather Covered French Spring Truss.



Single, **45c**

Double, **90c**

This illustration will give you an idea of the appearance of our single plain leather covered French truss, which we can furnish you at the extremely small price of 45 cents. The double plain leather covered French truss costs only 90 cents. These trusses cannot be duplicated at three and four times the price if bought elsewhere, and, although we supply them to our customers at a nominal figure, they are high grade, well made, leather covered spring trusses and give good satisfaction. Even at our low prices we sell this truss with a guarantee that it will fit perfectly, and, if not entirely satisfactory when you receive it, you can return it at our expense and we will cheerfully refund your money.

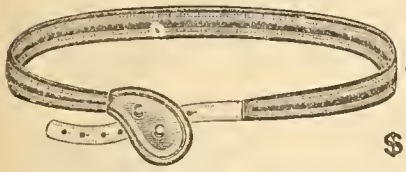
No. 8T1326 Plain Leather Covered Spring French Truss, single.....45c

No. 8T1328 Plain Leather Covered Spring French Truss, double.....90c

If by mail, postage extra, 20 cents.

In ordering the single truss be sure and state where the rupture is located (if on the right or left side). Also give in all cases the measurement around body on a line with rupture.

Fine French Leather Covered Truss.



Single, **$1.15**

Double, **$2.40**

Contains the very best new process tempered steel springs, the finest quality of heavy orange calfskin cover, silk double stitching, extra wide and soft edges, hand made hair pad, white casing padded inside. The handsomest, most substantial and comfortable fine French spring truss that money can produce. Not reversible. When ordering be sure to state side on which the rupture is located (right or left); also measurement around body on a line with rupture.

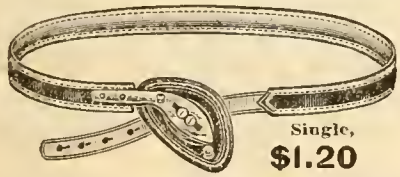
No. 8T1334 Fine French Leather Covered Spring Truss, single.....$1.15

No. 8T1336 Fine French Leather Covered Spring Truss, double.....2.40

If by mail, postage extra, 20 cents.

Sold under a positive guarantee that no better truss of this style could be obtained anywhere, no matter what price you would be willing to pay.

Dr. Walker's Approved Fine French Leather Covered Spring Truss.



Single, **$1.20**

This truss has fine Russia calf covering and is furnished with fine water pad or stuffed pad to make it soft and comfortable to wearer. Can be adjusted to any angle by loosening the two screws that go through the slotted arm into the pad, thereby allowing the pad to revolve clear around. The spring is of the best English steel, with brass trimmings, nickel plated. This truss is adapted for both inguinal hernia and inguinal scrotal. The pad being adjustable can be raised or lowered, rendering it easy for the patient to fit himself. The shank can also be bent to suit requirements. The regular selling price of this truss everywhere is $5.00 to $6.00.

No. 8T1340 Dr. Walker's Approved Fine Leather Covered Spring Truss, single. Price.....$1.20

If by mail, postage extra, 20 cents.

In ordering state side on which rupture is located (right or left), also give measurement around body on line with rupture.

Sold under our positive guarantee that no better truss of this style could be obtained anywhere, no matter what price you would be willing to pay.

DO NOT FAIL TO STATE

ON WHICH SIDE RUPTURE IS LOCATED

(RIGHT OR LEFT)

And give measurement around body on a line with the rupture.

An Extra Fine Scrotal Truss.

Single, **$2.25**

Double, **$3.90**

This Scrotal Truss is extra fine and most carefully made, complete in every respect and is highly recommended for that class of rupture, which is difficult to hold. Even the worst cases can be made comfortable for the patient by wearing this truss. It will always give satisfaction. The fine steel springs are covered with Russia leather; pads are soft and adjustable and in many cases will hold the rupture where all other styles of trusses have failed. Furnished for single and double rupture.

No. 8T1342 Extra Fine Scrotal Truss, single. Price.....$2.25

No. 8T1344 Extra Fine Scrotal Truss, double. Price.....3.90

If by mail, postage extra, 20 cents.

Sold under a positive guarantee that no better truss of this style could be obtained anywhere, no matter what price you would be willing to pay.

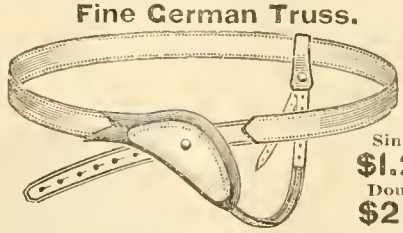
Unless otherwise specified by the customers we will send leather covered stuffed pads in all cases.

Fine German Truss.



Single, **$1.20**

Double, **$2.20**

In cases of rupture which are exceedingly difficult to be held in position the Fine German Truss is especially recommended. This is a spring truss, leather covered, with scrotal pad. It is fitted with an additional understrap, which holds the pad in position and which prevents the moving of the pad. Consequently it will hold the rupture better than most any other style of belt, yet it is comfortable and very effective in the treatment of rupture.

No. 8T1352 Fine German Truss, for rupture that is difficult to hold. Price, single.....$1.20

No. 8T1354 Fine German Truss, for double rupture. Price, double.....$2.20

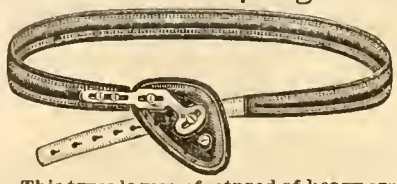
If by mail, postage extra, 20 cents.

In ordering the Single Fine German Truss be sure and state the side on which the rupture is located, whether right or left; also give measurement around body on a line with rupture in all cases.

Sold under a positive guarantee that no better truss of this style could be obtained anywhere, no matter what price you would be willing to pay.

Unless otherwise specified by the customer, we will send leather covered stuffed pads in all cases.

The Peerless Improved French Extension Spring Truss.



Single, **$1.65**

Double, **$3.35**

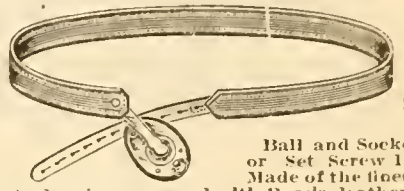
This truss is manufactured of heavy orange calfskin, padded inside, and tire casing, double silk stitched, with hand made hair pad. The belt is of the finest spring steel, leather covered, easy and comfortable. Pad can be extended and placed exactly in the proper position. Fine nickel trimmings. The pad is not reversible, but adjustable. Always state where rupture is located (right or left side) and give measurement around body on a line with the rupture. Sold under a positive guarantee that no better truss of this style could be obtained anywhere, no matter what price you would be willing to pay.

No. 8T1360 Peerless Improved French Extension Spring Truss, single.....$1.65

No. 8T1362 Peerless Improved French Extension Spring Truss, double.....$3.35

If by mail, postage extra, 20 cents.

Ball and Socket Truss.



Single, **$2.25**

Double, **$4.20**

Ball and Socket Truss or Set Screw Imperial. Made of the finest tested steel springs, covered with Russia leather; highly polished nickel mountings; is reversible; can be arranged for either right or left side, and the pads can be placed in any position desired, and when so placed are held firmly by a perfect fastener. This style of truss has in late years found many admirers, and those who have given same a trial prefer it often to any other style of appliance for the treatment of rupture. The fact that the pad can be placed in almost any position is a very good feature, appreciated by all.

No. 8T1367 Ball and Socket Truss, single..$2.25

No. 8T1368 Ball and Socket Truss, double. 4.20

If by mail, postage extra, 20 cents.

In ordering, always give measurement around body on line with rupture.

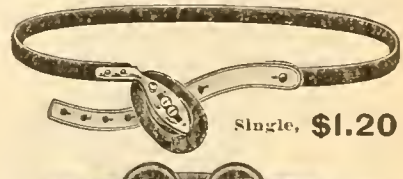
HARD RUBBER TRUSSES.

HARD RUBBER TRUSSES HAVE MANY ADVANTAGES, AND A LARGE NUMBER OF OUR CUSTOMERS PREFER THIS STYLE OF APPLIANCE.

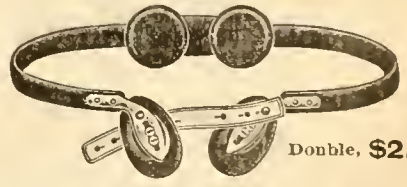
THEY ARE ALWAYS CLEAN, ARE NOT AFFECTED BY PERSPIRATION NOR BY HEAT OR COLD.

They are free from any unpleasant odor and can be easily shaped and adjusted. We carry only the finest grade of hard rubber trusses and supply them at such very cheap prices that even those in moderate circumstances can now afford to secure for themselves the very best, the very finest hard rubber trusses at the extremely low figures offered below.

Dr. Walker's Oval Pad Hard Rubber Truss.



Single, **$1.20**



Double, **$2.45**

Especially recommended where the rupture comes out shaped like an egg. This small oval pad will easily fit in the right place, and will retain that class of ruptures better than any other style of pad. When applied constantly for at least a reasonable length of time a complete cure can be established. Adjustable pad; high grade hard rubber spring; finely finished nickel plated attachments; hard rubber oval pad, with two set screws.

No. 8T1380 Dr. Walker's Oval Pad Hard Rubber Truss, single.....$1.20

No. 8T1382 Dr. Walker's Oval Pad Hard Rubber Truss, double.....$2.45

If by mail, postage extra, 20 cents.

Sold under a positive guarantee that no better truss of this style could be obtained anywhere, no matter what price you would be willing to pay.

In ordering, state location of ruptnre whether on right or left side, also give number of inches around body on a line with the rupture.

The Solid Comfort Hard Rubber Truss.

$1.90

This Is an elegant hard rubber single truss, especlally recommended by all truss experts and sclentific truss fitters of the world. Before putting on this truss, the rupture should always be returned into the inguinal ring, placing truss in position, the pad right over the spot where the rupture is located. Then fasten the truss at the back. This truss not only cures rupture quicker than any other appliance, but prevents a breach of rupture on the opposite side. It has a small flat pad on the opposite side from the rupture, known as a "blind" pad, which will save you from a double rupture. Once adjusted it usually proves to be the most comfortable and safest truss for single rupture.

No. 8T1392 The Solid Comfort Hard Rubber Truss, for single rupture. Price..... **$1.90**

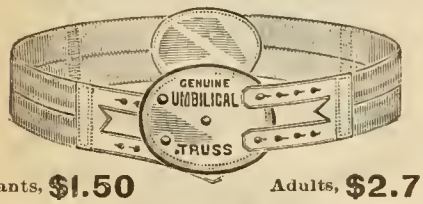
If by mail, postage extra, 20 cents.

Sold under a positive guarantee that no better truss of this style could be obtained anywhere, no matter what price you would be willing to pay.

In ordering state location of rupture whether on right or left side, also give number of inches around body on a line with the rupture.

Umbilical Trusses.

Regular $5.00 Truss for $2.75.



Infants, $1.50 Adults, $2.75

We show in this illustration our Genuine Elastic Umbilical Truss, which is recommended by physicians as the very best truss for umbilical rupture. It is made of the strongest quality of elastic truss webbing, calf and kid pads. A more comfortable truss cannot be found to wear. An inferior quality of this truss is found in the market selling for $6.00 each. If in need of such a truss send to us for it and examine it. You will be satisfied and save lots of money.

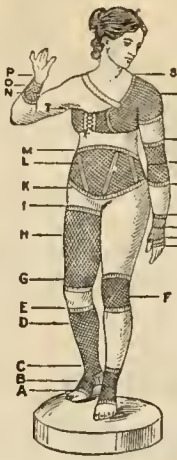
No. 8T1417	Width, 2 -inch	28c

Our Elastic Stockings, Bandages, Suspensories and Abdominal Belts.



Cost only from one-half to one-third what other firms charge. We guarantee quality and workmanship to be the best. You can get nothing better at double the price at which we sell these goods.

For the relief of varicose veins; weak, swollen or ulcerated limbs; corpulency; abdominal weakness and tumors. As rubber goods spoil with age, these Elastic Stockings and Belts to wear well should be made of fresh material. We make these goods only to order. As soon as we receive an order from a customer for elastic stockings, belts or other elastic goods, we at once send it to our factory and have the article manufactured exactly according to measurements given. We guarantee perfect fit and goods that are actually fresh. Anyone who has had trouble in obtaining either serviceable or good fitting stockings is requested to give us a trial.

Take measurements carefully at each letter as indicated in the cnt; also give the length from the lowest letter to the highest. For example: A garter stocking you would take circumference at A, B, C, D and E; also the length from floor to E inside limb. Give us the exact measurements, which should be taken, if possible, in the morning. We allow for expansion.

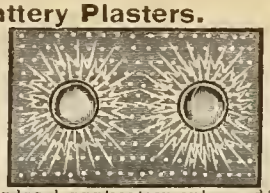
Electric Battery Plasters.



Actual electric current, not mere plates. Positive relief to women from the common and distressing backache incident to the sex at periods; also for rheumatic, kidney and muscular pains in back. These Battery Plasters are for local application only, and should be worn over the region of the pain. They will relieve all pains and weakness that can be reached by an external application of an electric current. If used according to instructions, the battery on this plaster will generate a strong galvanic current, which makes the plaster effective. Besides the tonic effect of the electric current, it stimulates the absorption of the medicament contained in the plaster.

No. 8T1580 Price, each.....40c

If by mail, postage extra, 3 cents.

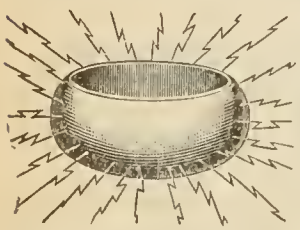
Electric Insoles.

A boon to those troubled with poor circulation and cold feet. If the feet are kept warm the body will be less subject to the various complaints arising from colds. These Electric Insoles contain the pure polished metals arranged in such a manner that a mild pleasant current is produced along the soles of the feet, which stimulates the blood and keeps it circulating constantly. They are worn with good results for cold feet, and to keep the feet dry.

No. 8T1582 Price, per pair.....60c

If by mail, postage extra, 10 cents.

Electric Ring for Rheumatism.



These are the first rings introduced into the United States, all others being imitations. Their popularity has caused many rings to be placed on sale that are without any curative properties.

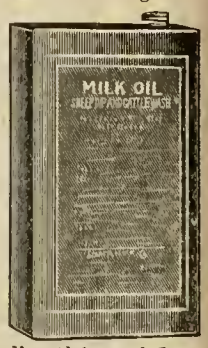
Milk Oil Sheep Dip.



All sheep should be dipped. Why? Because it pays. In these free wool days undipped sheep won't pay. A good dip improves the wool, strengthens the sheep, prevents attacks of insects. Regular dipping with a good dip improves succeeding clips. Dipping pays if sheep are free from parasites, and when they are suffering from ticks or scab it pays doubly and more noticeably. Can a man, tortured with itch, thrive? No more can a sheep with the lightest touch of scab or if eaten by ticks. Try our Milk Oil Sheep Dip. It never fails to cure scab or mange, and it is sure death to lice, ticks and fleas. It is not poisonous. Directions for use on every can. One gallon makes 50 gallons of wash.

Improved Condition Powder.

A Valuable Tonic Condition Powder carefully prepared by our veterinary surgeon from health giving, nutritious herbs, seeds, barks and roots. It therefore can be fed to the most delicate animal with perfect safety as a tonic. We cannot too strongly caution keepers of stock to beware of a number of stock and condition powders that are much advertised to work wonders. They are for the most part composed of injurious minerals, such as arsenic, antimony, etc., which have a temporary bracing effect on the animal, but the after results are very injurious to its general health. This Tonic Condition Powder has valuable medicinal effects, and may be given with great advantage in all cases of loss of appetite, roughness of the hair or coat, stoppage of water and bowels, coughs, colds, inflammation of the lungs and bowels, recent founders, swellings of the glands of the throat, horse distemper, hidebound, and will also hasten the heaves, and in recent cases effect a cure. For cattle it ought to be fed once a day, for horses twice a day for two or three weeks at a time; the cost will only amount to one or two cents per day. It will cleanse and cool the blood, sweeten the stomach and bring the animal to a strong and healthy condition.

VETERINARY DEPARTMENT.

...ACRICULTURAL DEPARTMENT...

VETERINARY MEDICINES AND HEALTH FOODS FOR FARMERS AND RAISERS OF STOCK.

KEEP YOUR ANIMALS HEALTHY AND SAVE MONEY AND WORRY.

WE PRESENT TO OUR CUSTOMERS a most valuable and complete line of internal and external remedies and health foods for horses, cattle, sheep, hogs, poultry, dogs, and all domestic animals. These have been carefully selected by our Veterinary Surgeon, and we guarantee them to be the best preparations of this kind ever offered to the farmer and raiser of stock. You can thoroughly rely on what we say concerning each of them. When your animals are sick and out of condition give these remedies a trial. You will be surprised with the good results. Your animals will soon become well again and feel in better condition than ever. You will find enclosed with each package, complete instructions how to use these remedies, and also valuable information how to treat sick animals.

Veterinary Blister.

A Good Blister for Animals is a Rare and Valuable Article.

We have spent much time and made many experiments in preparing a really practical and thoroughly reliable blister that can be applied easily, and good results follow. We have submitted samples to the best veterinary surgeons in the country and they have approved of it, and are using it daily in their practice. It is unexcelled for bone spavin, ring bone, splint, curb, bog spavin, blood spavin, thoroughpin, etc. Removes wind puffs, callouses, etc., from kicks and bruises, thickening of tendons, etc. Full information how to use it and a description of bone spavin, etc., with each package.

No. 8T1700 Price, per box.....40c

If by mail, postage extra, per box, 8 cents.

Veterinary Fever Remedy.

Give in all diseases that are accompanied by fever. Give early in lung fever, pneumonia, bronchitis, pleurisy, laryngitis, sore throat, distemper, cold, etc. It is a positive cure, if given promptly, in an attack of laminitis, or founder, and accompanied by hot poultices to the horse's feet, it will remove the congestion and effect a permanent cure in a few hours. In case of inflammation of the bowels, given with Star Crescent Colic Cure, and hot applications to the belly, gives relief to the patient and cures the disease in a few hours.

No. 8T1703 Price, per bottle 40c

Unmailable on account of weight.

Veterinary Wire Cut Remedy.

This is a remedy which should always be within reach. It is worth many times its cost when wanted.

It will heal cuts and wounds in all parts of the body without leaving a scar. It is the best remedy for cuts from barbed wire; it heals them the quickest. In using this remedy it is not necessary to sew any cuts; if you have a flap that hangs down, fasten it in place by a bandage, but don't close the sore—give it a free chance to discharge. By applying this remedy it will soon heal. It is an antiseptic, destroying all germs and foul odors. It also preserves the sores from flies and insects.

No. 8T1706 Price, per bottle.....40c

Unmailable on account of weight.

Veterinary Carbolic Salve.

This is used with great success by horsemen wherever known for galls, no matter what they are caused from; for burns, cuts, wounds, scratches, old sores, abscesses, ulcers, speed cracks, hoof diseases, tetter, ringworm, itch, chapped and cracked skin, boils, salt rheum, eczema and skin diseases generally. It destroys the life of all those little parasites which cause all skin troubles. It is the best, most reliable and most economical salve ever offered to the farmer. One ounce of it is stronger and more effectual than a pound of most of the ointments generally sold for the same purpose.

No. 8T1733 ¼-pound boxes. Price, only.....25c

If by mail, postage extra, 6 cents.

Chemical Dehorner.

Farmers and Stock Raisers! Pay attention and learn how you can save dollars and dollars every year by a simple investment of 85c. The question of dehorning has been decided in the affirmative by most of the stock raisers of the United States in the past eight years. Horns were necessary to cattle in the wild state as a means of defense, and the survival of the strongest; in the domestic state cattle have no more use for horns than a horse has. It costs the farmer at least one dollar to grow each horn, over one hundred million dollars for the horns grown in the United States. Other reasons may be mentioned in favor of dehorning. Without horns, human and animal life is safer, only one-half shed room is required, less food is wasted, the most vicious become gentle, one-half the time at the water tank, five to seven more head can be shipped in a car, fifteen to twenty cents more paid by packers per hundred, because hides are not torn or flesh bruised, besides the nutrition wasted necessary to grow five pounds of horns on each animal. We have a painless, simple, inexpensive remedy to prevent horns growing, which, if used for about two generations of cattle, a breed will be raised without horns. One bottle contains sufficient for one hundred horns, and it is so easily applied that a child may use it. It can be applied to calves, sheep, goats, etc., soon after birth, and no further care is necessary. We stand ready to guarantee that all trials made according to directions will be successful, and also that no harm will result to the calves from its use. It never spoils, so can be kept ready for use for years. If you have many cattle it will save you lots of money to use it. Increase the value of your stock. In neat glass stoppered bottles; with very simple and clear directions.

No. 8T1736 Price, per bottle..... .....85c
Unmailable on account of weight.

Hog Cholera Cure.

This is made from the reelpe as recommended by the Bureau of Animal Industry of the United States Agricultural Department. Our veterinary surgeon carefully prepares this remedy and we have sold it for years to our customers in the country who raise hogs. They say it has saved them many thousands of dollars. We put it up in packages as follows:

No. 8T1739 5 pounds.....50c
10 pounds.....95c
25 to 50 pounds, per pound...8c
100 pounds or over, per pound.....7c

Veterinary Liniment.

Very penetrating, cooling and healing. An article of great merit. Cannot be excelled as an application for sprains, bruises, cuts, scratches, spavin, grease heel, corns, thrush and other diseases of the foot, etc., also effective as an application in sore throat, distemper, pneumonia, bronchitis, lung fever, sweeney, etc. We are selling an immense number of bottles of this liniment every month, therefore we can afford to give our customers the benefit of a very low price.

No. 8T1742 Per bottle, only... 25c
If by mail, postage and tube extra, 16 cents.

Veterinary Colic Cure.

This remedy is unexcelled for all stomach and bowel troubles accompanied with colic pains, wind colic, spasmodic colic, cramp colic, engorgement of stomach, botts, stoppage of water, indigestion, etc. It relieves the pain and relaxes the muscular coat of stomach, bowels and bladder, causing a normal action and free evacuation of the organs. Colic is the most distressing of all troubles that animals are subject to; the attacks are sudden and it is well to have a reliable remedy near at hand to save the animal much suffering and perhaps serious injury. You will find full directions on the bottle how to give the medicine, also the best treatment to use in order to relieve the animal quickly from the severe pain and distress.

No. 8T1745 Price, per bottle.....75c
Unmailable on account of weight.

Veterinary Worm Powders.

The standard English remedy for worms in horses, cattle, sheep, swine, dogs, etc. Guaranteed a sure cure, as many farmers and breeders who have used it can testify.

Nearly all lambs, calves, colts and pigs have worms. When they begin to lose in condition, become hidebound, bloodless, or show great thirst and changeable appetite, or diarrhœa, you can depend on it—they have worms. Treat them at once; delay is dangerous and might cause you to lose your stock. Worms cause indigestion, colic, constipation, loss of flesh and general debility. Give one powder a day with the feed at the first symptoms. You will destroy the worms, and by giving a powder occasionally you will keep your animals free and healthy. For a physic give one pint of raw linseed oil.

No. 8T1751 Price, per package of powders... 25c
If by mail, postage extra, per package, 5 cents.

Creozone.

The Ideal Germicide, Insecticide, Deodorizer and Antiseptic. Perfectly harmless to man and the larger forms of animal life, but deadly to germs and insects. Creozone is the cheapest disinfectant to use on account of its strength, as one part to one hundred parts of water makes a solution which is death to all forms of germ life. The prevention of disease is the most important feature of successful live stock and poultry raising. It is an absolute necessity, to prevent disease, that farmers should use a disinfectant on their premises, which can at all times be relied upon. In recommending Creozone to you, we know that we are recommending the best there is, and we have instructions from the manufacturer to state that if you order Creozone, and you do not find it better than any other disinfectant of similar nature, you can write us to that effect, and we will cheerfully refund your money. CATTLE: Mange, screw worm, scratches, lice, inflamed udders, inflamed teats, galls, sores and wire cuts will heal quicker under Creozone treatment than any other treatment known. Try it and if you do not find it so, we will cheerfully refund your money. Lice will be entirely unknown on cattle if Creozone is used. SHEEP: Creozone will cure sheep affected with scab, foot rot, grubs in the head, anthrax, ticks, etc. If properly used as a preventive, your flock will not be affected with any of these diseases. HORSES: Creozone is the best remedy to use for bad hoofs, nail in the foot, scratches, galls, wire cuts, etc. It will keep flies off from affected parts, and will cure with remarkable rapidity. HOG CHOLERA: Do not wait and allow hog cholera to get into your herd, and kill off most of the hogs before you can effect a cure, but use Creozone in time, and prevent the disease from even getting a start. The expense of prevention is small, and it is a positive guarantee against hog cholera. CHICKENS: Can easily be cured of leukemia, pip, scaly legs, canker, cholera, limber neck and chicken pox if the Creozone treatment is used. Creozone is also the best lice destroyer and preventive. Where it is used lice will be unknown. DOGS: Creozone is positively guaranteed to cure mange. Fleas cannot live on dogs that are occasionally washed in water to which a small quantity of Creozone has been added. Dog fanciers will appreciate Creozone, as it gives the coat of animals a fine gloss, besides destroying all vermin. RABBITS: Snuffles, the common rabbit disease, is positively cured by the Creozone treatment. INSECT PESTS ON PLANTS: If plants are occasionally sprayed with a weak solution of Creozone such a thing as insects on them will be entirely unknown. FOR URINALS AND CLOSETS: Creozone is the best disinfectant and deodorizer, as it destroys all disease germs, and kills any bad odors which may be present. Full directions sent with each package. Order a bottle of Creozone, and if it does not do exactly as we claim for it, write us and we will send back your money.

No. 8T1747 Price, gallons, $1.50; one-half gallon, $1.00; quarts, 55c; pints, 40c; one-half pint bottles, 20c

Lice Killer and Insect Destroyer.

These pests so torment young animals that they lose flesh and sometimes die from the annoyance. This powder is a combination harmless to animals, but sure destruction to lice, ticks, fleas and flies. One thorough application is sufficient and will save your animals much torment and allow them to grow healthy and strong.

No. 8T1748 Price, per package.....15c
If by mail, postage extra, per package, 8 cents.

Veterinary Black Leg Remedy.

We guarantee this remedy to be a sure and positive cure for Black Leg in young calves or stock, and a positive preventive against the disease. Black Leg, black quarters, bloody urine, extensive engorgement of shoulder, quarter, neck, side or breast. It is most frequent in young or rapidly growing and thriving stock, attacking first the best of the herd, and rapidly running its way through. The first symptom is dullness, quickly followed by lameness, and a swelling in some part of the body or limbs, sore and painful and crackling like paper or dry leaves, with a yellow or bloody substance oozing through the skin. Get a package of this remedy at the first symptom and stop the disease.

No. 8T1754 Price, per package..... .....25c

Dr. Heller's Stock Food.

An improved vegetable stock tonic, which has no equal for growing and fattening horses, cattle, sheep and hogs. It is the best food known for unthrifty, hide bound horses, cures worms and distemper, and should be fed to all brood mares and track horses. It fattens beef cattle, and is good for calves and dairy cows. It cures garget, swelled bag, milk fever, etc. For fattening hogs and brood sows it is the best food known. It helps unthrifty and stunted pigs, cures coughing hogs, constipation, thumps, worms, etc., and prevents hog cholera and swine fever.

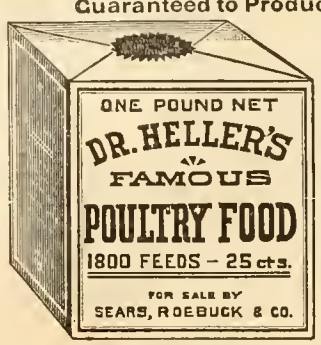
Dr. Heller's Poultry Food.

Guaranteed to Produce Eggs.



Dr. Heller's Poultry Food is used by the leading poultry fanciers of the United States, Canada and Europe. It is the only poultry food manufactured that can be at all times relied upon, as it never fails when properly used. Dr. Heller's Poultry Food is a wonderful egg producer, and makes large and healthy fowls. It will positively prevent and also cure chicken cholera, roup, gapes, and all diseases of the flock. It makes young chickens grow quickly and keeps them free from disease. It prevents having sickly broods of young chickens or droopy old ones, and it is positively guaranteed to increase the number of eggs at all seasons of the year.

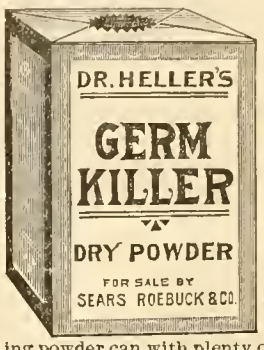
Dr. Heller's Germ Killer.



A powerful dry powder, germicide and disinfectant. An antiseptic of the widest range of usefulness and the only disinfectant that has been endorsed by the leading Boards of Health, physicians, and veterinary surgeons. It is the most efficient disinfectant, deodorizer, antiseptic and positive germicide in a powerful form obtainable.

ITS USE AND HOW TO HANDLE: The Germ Killer, being in a powder form is very easy to use. A flour sifter, puff box or baking powder can with plenty of small holes in the bottom are all very good with which to sprinkle the the disinfectant. Dr. Heller's Germ Killer is highly recommended to swine breeders to prevent all kinds of disease. For mange or skin disease on horses, cattle and hogs, it has no equal. It also destroys mites, jiggers, bed bugs, roaches, fleas, etc. For garbage boxes, cesspools, sinks, waste water basins, etc., it is highly recommended by all boards of health. Dr. Heller's Germ Killer is a very valuable article in a sick room, and also for disinfecting patent closets. For stable use, Heller's Germ Killer acts instantly, destroying foul odors as soon as applied. It eradicates disease germs, insures pure air, keeps the stock bright and full of life, and when used in a stable, causes the ammonia to be absorbed from the manure and thereby protects the harness from decay.

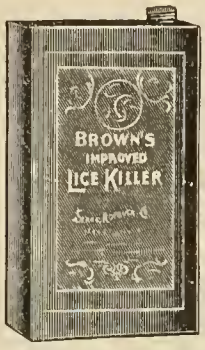
Poultry Foods and Medicines.

We would recommend our customers to buy their poultry remedies only from a firm in whom they have confidence, and who guarantee every article they offer to be exactly as represented. We know our remedies will give satisfaction, they have been used by poultry raisers for years past with the best results. A well fed animal is one that pays. We recommend the following for keeping the fowls healthy, great egg producers, and fatteners for the market. We will enclose with each order for any of our Poultry Foods, a small book called "POINTERS OR POINTS ON POULTRY RAISING," or will send one by mail to anyone who will send a one cent stamp to pay the postage.

Brown's Lice Killer.



No disease known to the poultry fraternity can compare in its ravages to that wrought by the numerous family of insects known as "Chicken Lice." From the beginning to the end of the poultryman's career it is a continuous fight against vermin. We here present to our customers a lice killer which we guarantee to eradicate thoroughly not only the mites and chiggers, but the body lice on fowls, by application to the roosts and nest boxes, this being the simplest and best method of treating a large number of fowls. All that is necessary is to paint with our lice killer the roosts, roost supports, nest boxes and all cracks or crevices that form a lodging place for the vermin. It is easily applied and does the work thoroughly, killing not only the lice but also the mites and eggs. For a scaly leg it is invaluable to the poultryman, as fowls that roost on poles that are occasionally painted with our lice killer will never have a sign of that unsightly disease.

No. 8T1799 Price, 1-gallon cans, 75c; ½-gallon cans.....40c

Paris Green and London Purple.

In Liquid Form.

For spraying all kinds of fruit trees, vines and plants. Sure death to potato bugs, chinch bugs, curculio, canker and cotton worms, etc.

Prompt and pleasing results. Only one trial necessary to convince you. Are much better to handle than the powder and equally effectual when the directions are followed as given on each can. Be sure and use the liquid and avoid the danger of getting poisoned. It mingles freely when put with water and never settles. It being a liquid it discharges freely from the nozzle of sprinkler.

Liquid Paris Green.

For spraying all kinds of fruit trees, vines and plants. Is sure death to potato bugs, chinch bugs, curculio, canker worms, etc. One can is sufficient for 180 gallons of water. Full instructions how to use it on every can.

No. 8T1804 Price, per can.....25c

Purple Jack.

Sure death to the worm that eats the head of the cabbage or the fruit of the tomato.

No. 8T1805 Price, per can.....25c

Fleming's Lump Jaw Cure.

HOW IT CURES.—Fleming's Lump Jaw Cure is a liquid that is applied externally. It has remarkable penetrating qualities. Through the local absorbents and minor blood vessels it reaches and destroys every germ. When the germs are destroyed the tumor is dead, and nature proceeds to throw it off as it would any other foreign body. Some may judge that a remedy that will act as quickly as this is apt to be harmful, but instead of this it is absolutely beneficial. It protects the animal, for if a tumor were removed by ordinary methods there would be danger of blood poisoning, but Fleming's Lump Jaw Cure is a powerful antiseptic and disinfectant. It kills all poison, it stimulates a healthy growth of tissue, and a large tumor is often removed with not even a scar remaining. Many animals have been cured with our remedy; have passed the most rigid inspection and then been exported. Only one or two applications are usually required to cure when the disease first starts, and two or three applications are needed for cases moderately advanced.

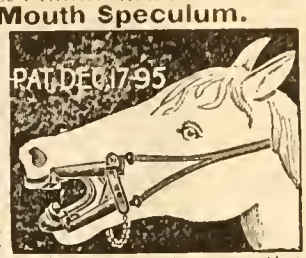
No. 8T1940 Price, each.....$2.25

Haussmann's Mouth Speculum.

The only speculum made by which the pressure of the horse's jaws is brought upon the front teeth instead of the soft tissues of the gums. It is very easily applied, and a special feature of which can be found in no other speculum is the curved side bars, which expose the front molar teeth and afford an unobstructed view of the mouth from either side and the greatest possible space to operate in.
No. 8T1941 Price.....$8.25

Folding Mouth Speculum.



This speculum is a new invention and has many advantages over all others. It is simple in construction and easily applied, and does not annoy or frighten the animal. It being a lever in itself, it does not require any mechanical appliance for opening the horse's mouth, and has no extra levers or other parts to injure the operator if the animal is fractious. It is the only speculum of its kind ever invented, and is small and convenient for the pocket or instrument case. It is so constructed as to allow access to the mouth from the front or either side without interfering with the use of any instrument that may be required. It is made of the best material and is more compact than any other on the market, and weighs less than two pounds. The operator is absolutely safe when using this speculum.
No. 8T1942 Price, full nickel plated, with russet leather straps.....$4.50

Haussmann's Spaying Emasculator.

Haussmann's Spaying Emasculator. This is the simplest, safest and quickest instrument made for castrating. Neither clamps, medicine nor cording are required. By means of this instrument the spermatic cord is severed by tortion, completely preventing the loss of blood.
No. 8T1943 Price.....$9.50
Eclipse Emasculator. A simple, strong, safe and quick instrument. No fear of hemorrhage after operations, as the blood vessels are completely closed.
No. 8T1944 Price.....$5.95

Boss Pig Extractor Forceps.

The Boss Pig Extractor and Tooth Forceps, with a treatise on the raising of the pig. This instrument was given first premium at Iowa State Fair, 1895, and is the newest invention of the kind. The outfit is put up neatly in a box and complete weighs only 18 ounces. Once tried always used, is the general prediction.
No. 8T1946 Price of outfit, complete.....79c

Improved Pig Forceps.

The Improved Pig Forceps has points of excellence which make it a most practical instrument, and may be used upon either small or large sows with equal satisfaction. The instrument is made of malleable iron, tinned to prevent rusting; will not tear the sow or otherwise injure the animal in operation.

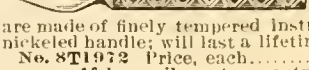
No. 8T1968 Haussmann's Trephine, with two heads.....$5.00
Made either conical or cylindrical. A most useful instrument and thoroughly reliable.

POULTRY INSTRUMENTS.

It is well understood that poultrymen can double their profits by caponizing their chicks. The operation is very simple, the instructions being so explicit that anyone after a careful reading will be able to perform the operation with proper instruments. The demand for capons far exceeds the supply, even at an advanced price. The Philadelphia Caponizing Set contains the best instruments on the market, and at the price at which they are offered no one who keeps chickens can afford to neglect the opportunity of increasing their profits.
No. 8T1970 Price, per set, in velvet lined case, with book, "Complete Guide for Caponizing".....(If by mail, postage extra, 10c).. $2.50

French Poultry Killing Knife.



Every Poultry Raiser should have one. They are made of finely tempered instrument steel, with nickeled handle; will last a lifetime.
No. 8T1972 Price, each.....40c
If by mail, postage extra, 5 cents.

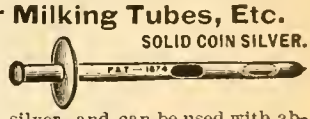
The Philadelphia Poultry Marker.

Do you keep a record of chickens? The different breeds, hatches, etc., should be kept. There is no better or quicker way than by this marker, as over two hundred different marks can be made by punching between toes; for instance between first and second toes of right foot can mean Wyandotte or Plymouth Rock; between second and third toes, White Leghorn or Langshan; so that hundreds of private marks can be made, not only to keep records, but by your private marks you can secure yourself from the chicken thief. They are well made with steel spring and cutter, nicely nickel plated.
No. 8T1974 Price.....15c
If by mail, postage extra, 4 cents.

Cape Worm Extractors.

The disease commonly known as gape is caused by a small worm in the windpipe of the fowls. When the chick seems to gasp frequently it is a sure sign of gapes and it should receive attention at once. The only sure cure is to remove the worms by mechanical means. You will save time and money by having on hand a Gape Worm Extractor. The extractor quickly removes, without injury to the chick, the worms and the matter from the windpipe and effects an instant cure. The illustration shows the manner of using the instrument. One chick saved pays price of instrument.
No. 8T1976 Price.....15c
If by mail, postage extra, 2 cents.

Coin Silver Milking Tubes, Etc.



Coin Silver Milking Tubes for sore and obstructed teats and hard milking cows; made of pure coin silver, and can be used with absolute safety. Set of four tubes, 2 inches long, in a neat box, with full directions for use.

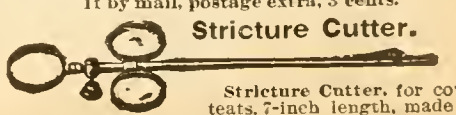
Stricture Cutter.



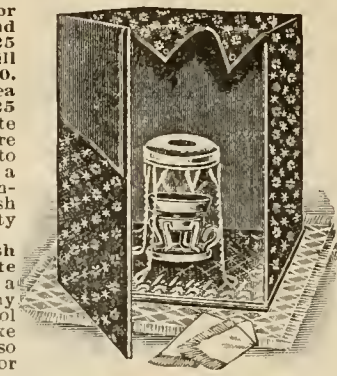
Stricture Cutter, for cow's teats, 7-inch length, made of best implement steel.
No. 8T1984 Price, each.....$1.25
If by mail, postage extra, 3 cents.

SPECIAL DEPARTMENT OF VAPOR BATH CABINETS.

OUR SPECIAL $2.25 PEERLESS VAPOR BATH CABINET.

THE CHEAPEST FOUR WALLED RUBBER LINED BATH ROOM WITH IMPROVED FULL DOOR OPENINGS.

FOR ONLY $2.25 we offer this genuine Peerless Vapor Bath Cabinet as the only good and practical low priced bath cabinet made. We offer the $2.25 Peerless Vapor Bath Cabinet as the equal of cabinets you will find advertised in thousands of papers at $4.00 and $5.00. **THE ILLUSTRATION** on the right will give you a good idea of the appearance of our $2.25 Vapor Bath Cabinet in use, but you must try it to appreciate the convenience of the cabinet and the excellent value we are offering. It is made of strong woven goods, impervious to the vapor, as it is rubber lined throughout. It is made of a square galvanized steel frame, regular four-wall room construction, and is not one of the cheap collapsible or crush cabinets which merely rest on the shoulders of the party using them.



WITH EVERY $2.25 VAPOR BATH CABINET we furnish a complete alcohol heater, and vaporizing pan as illustrated. With a small quantity of wood alcohol, which can be purchased at any drug store at a very small expense, to burn in the alcohol heater, and our $2.25 Bath Cabinet, you are in position to take any of the Turkish, Russian, vapor or medicated baths so highly recommended by physicians, and which cost $1.00 or $2.00 in regular bath houses.

THE IMPROVED Peerless Turkish and Vapor Bath Cabinet at $2.25 represents a four walled room, rubber lined, with galvanized steel wire frames, and it will fold into the smallest space of any square folding bath cabinet. The cover material is of the best rubber coated muslin. Size, 28x30½x42 inches. Weight, complete, 11½ pounds.

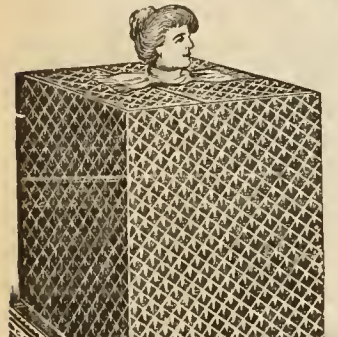
WE FURNISH FULL DIRECTIONS and complete formulas how to prepare and take Turkish, Russian, hot air, steam or vapor baths, perfumed or medicated, in your own home with our $2.25 Cabinet, at a cost of less than 3 cents a bath.

AS THE LOWEST PRICE HOME BATHING APPLIANCE, our $2.25 Peerless Bath Cabinet is without an equal. While we recommend the purchase of one of our higher priced cabinets, our Peerless is fully guaranteed in every respect, will give entire satisfaction, and is the lowest priced bath cabinet ever offered. Many people go to Hot Springs, Mineral Springs and other health resorts for the purpose of taking a bath.

OUR $2.25 CABINET brings these baths within the reach of the poorest person in the country. With this cabinet you can receive in your own room all the beneficial treatment offered at such health resorts or sanitariums at an expense that is almost nothing. There isn't a man, woman or child that vapor baths will not benefit. Everyone, whether in health or in disease, should use a vapor cabinet bath. It is a perfect and natural way of freeing the skin and tissues of the poisons that clog and injure the system and produce disease. $2.25 is by far the lowest price ever made on a high grade square folding bath cabinet. $2.25 is a price based on the actual producing cost of the cabinet, with the smallest margin of profit added. It is a price much lower than you can buy a good bath cabinet from any other concern, and with the well known benefits from vapor baths, everyone should avail himself of this price without delay.

No. 8T2800 Our special price..... $2.25

OUR BROWN BATH CABINET No. 2, $3.95



The illustration shows the appearance of the Brown No. 1 and No. 2 Bath Cabinets closed in use.

WITH VAPOR BATH remedies for sixteen weekly treatments free.

OUR SPECIAL BROWN CABINET No. 2 is made of the very best material and made on the most scientific principles. It is a cabinet large enough to enable you to take a foot bath while you are taking a Turkish bath. The top of the Brown Cabinet No. 2 is in two pieces. The Brown top is a very great convenience in entering as well as in cooling off. The construction of our Brown Cabinet No. 2 is most substantial. The covering is of special cabinet material (rubber coating inside, checked drill outside), that never stretches, thoroughly vapor proof. The frame never weakens. Steel braces are so fitted to every corner that the cabinet when open is a solid and substantial room. In cooling off, both sides of the top may be unbuttoned and thrown back. The whole cabinet is so jointed and hinged it can be put away in the smallest possible space. When you have finished using the cabinet, simply loosen the braces, tip the frame and it folds up completely. Any child can open and close it in a second.

SPECIAL ADVANTAGES OF THE BROWN CABINET. You require no assistant—everything is so simple and convenient. You simply open the door, step in, close the door and you are immediately getting the full benefit of the high temperature. Temperature can be regulated at the will of the bather. Plenty of room in the cabinet to move about, sponge, towel and cool the body perfectly. A five-minute vapor bath in a Brown cabinet starts the millions of skin pores at work expelling the dirt, impurities and poisons from the system, does more good than six months of drug taking. No other cabinet is so simple to operate, to open and close, folds up into such small space; is more convenient, compact, strong, light, roomy, handsome, durable or gives such excellent satisfaction.

We furnish free with our BROWN CABINET No. 2 at $3.95, a supply of vapor preparations for four weekly medicated baths as follows:

A supply of vapor preparations for four weekly medicated baths for the treatment of muscular and chronic rheumatism, eczema, skin diseases, parasites, neuralgia, reducing inflammation.

A supply of vapor preparations for four weekly medicated vapor baths for the treatment of fevers, colds, nervousness, nervous diseases, nervous exhaustion, bronchial congestion, enlargement of the liver, general weakness, debility, bronchitis, pleurisy, inflammation of the air passages, urinary complaints, bronchial and laryngial troubles.

A supply of vapor preparations for four weekly medicated vapor baths for the treatment of influenza, la grippe, sleeplessness, nervousness, hysteria, nausea, spasms, vomiting.

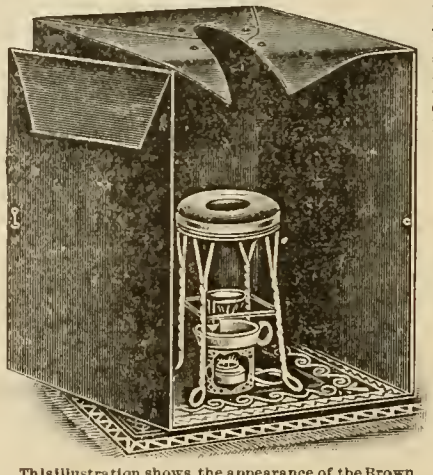
A supply of vapor preparations for four weekly medicated vapor baths for the treatment of constipation, enlarged glands, gastric troubles, congestion of liver and kidneys, jaundice, dyspepsia, tonsilitis, quinsy, irregular menstruation, syphilis, chronic scrofula, profuse perspiration.

No. 8T2810 Our special price, complete with stove and vaporizer..... $3.95

OUR HIGHEST GRADE BROWN BATH CABINET No. 1, $5.95

FOR $5.95 we offer the highest grade bath cabinet of the celebrated Brown make as the very finest and highest grade bath cabinet made. There is no better bath cabinet construction possible. **THE FRAME** of the Brown Bath Cabinet is made of the only wood that is serviceable. The wood is kiln dried in a very high degree of heat and especially treated. The frame is guaranteed to stand both dry heat and vapor heat without warping. The cover used on the Brown Cabinet is non-absorbent, germproof, antiseptic and odorless. This material is the result of years of experiment. It is not only perfect for the purpose, but practically lasts forever. **OUR $5.95 BATH CABINET** is constructed with double walls of the best rubber coated material that can be made, everlasting and always new. This gives a black rubber coating inside and outside, with air space between. The top is of double faced material, rubber coated both sides and held firmly in place by snap buttons. The construction of our special $5.95 Cabinet is without doubt the best ever shown.

FACE STEAMER FREE. A celebrated Brown Face Steamer, improved style, as shown in this illustration, will be included with each No. 1 Brown Vapor Bath Cabinet free. For treatment of the complexion, the Brown face steamer is one of the most important parts of a vapor bath cabinet. If same is wanted with other cabinets, price is $1.00 extra.



This illustration shows the appearance of the Brown No. 1 and No. 2 Bath Cabinets open.

WE FURNISH FREE with this, our best BROWN BATH CABINET, No. 1, at $5.95, the same supply of vapor preparations for the sixteen baths as given with the $3.95 Cabinet No. 2, and in addition, a number of the grandest special remedies, each covering a complete internal treatment for one month to be used in connection with the bath, prepared each for the following complaints:

Cold,
Fevers,
Coughs,
Muscular and Chronic Rheumatism,

A COLD IS CURED IN ONE NIGHT. Any kind of a cough or cold, throat trouble, affected bronchial tubes, cold on the chest or lungs is effectually cured with one good hot vapor bath taken according to directions. For nervous diseases, nervous debility, nervous prostration, nervous exhaustion, sleeplessness, overworked men and women of all classes, the Brown Bath Cabinet treatment is a grand relief. The vapor bath soothes the tired nerves, permits a more vigorous circulation of blood, thus restoring energy to the exhausted system.

AT OUR SPECIAL $5.95 PRICE we furnish this No. 1 Brown Cabinet complete with face steaming attachment, complete with alcohol stove and vaporizer and complete instructions and formulas how to prepare and take any kind of a Turkish or vapor bath.

VAPOR BATHS are great for blood and skin diseases. For the relief and cure of scrofula, eczema, salt rheum, hives, pimples, ulcers, boils, carbuncles, barbers' itch, oily skin, poor complexion or the hundred other evidences of bad blood and skin imperfections, vapor baths are simply wonderful. For rheumatism and neuralgia, chronic, acute or inflammatory, our vapor baths have been known to cure where everything else had failed to give relief.

No. 8T2815 Our special price..... $5.95

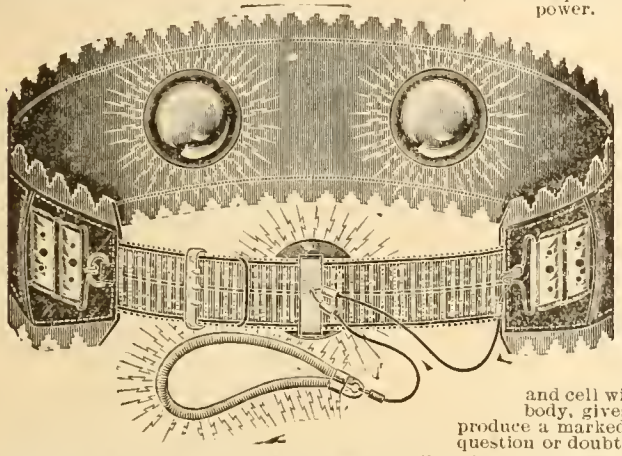
CANE SEAT CHAIRS or ordinary kitchen chairs can be employed in taking vapor baths in these cabinets. Customers wishing to order the fancy wire metal stool illustrated above can get the same from us at manufacturer's cost price.

No. 8T2820 Wire metal vapor bath stool. Price, each..... $1.30

Department of ELECTRIC BELTS.

WHILE WE RECOMMEND sending cash in full with your order, thereby saving the small extra charge of 25 to 50 cents that express companies ask on C. O. D. shipments we will, if desired, ship any electric belt to any address C. O. D., on receipt of $1.00 deposit, balance payable after the belt is received and examined. And, after you have paid for the belt, remember you have 10 days' free trial, and if during the 10 days' time the belt does not give the relief you expect, if you have any reason to believe that the belt will not effect a speedy and permanent cure, send the belt back in the same plain box in which it came, and we will return your money. **In ordering an electric belt, be sure to state the number of inches around the body at waist.**

TEN DAYS' FREE TRIAL gives you every chance to see, examine and try the belt, and satisfy yourself that the Heidelberg Electric Belt will do more for you than any electric belt made. Will cure you by the wonderful aid of electricity where every other means have failed.



THE GENUINE HEIDELBERG Alternating Current Electric Belt is the only electric belt which has a positive current regulation; the only electric belt in which the current is always completely under the control of the wearer; the only electric belt where the current can be in an instant adjusted from the lightest to the heaviest gauge, where there is positively no danger of an unpleasant shock or too strong a current, even from our

GIANT POWER 80-GAUGE BELT

THE HEIDELBERG combines the good, new and up to date features of all other makes of electric belts, without their drawbacks, defects and discomforts, with exclusive and distinctive advantages not found in other makes. Positively wonderful in its quick cure of all nervous and organic disorders arising from any cause whatever. The nerve building, health giving, vigor restoring current penetrates and permeates every one of the affected parts; every nerve, tissue and fiber responds at once to its healing, vitalizing power.

HEALTH, STRENGTH, SUPERB MANLINESS, YOUTHFUL VIGOR IS THE RESULT . . . . .

SEND for our complete illustrated, confidential, free, electric belt catalogue with most complete descriptions of the different Heidelberg Electric Belts, the disorders for which they are recommended and testimonials from the cured.

OUR SPECIAL inside prices of $4.00, $6.00 $8.00, $12.00 and $18.00 are less than one-half the prices charged by others for inferior belts. Our special prices are made only to cover the cost to the manufacturer, who gives us the exclusive sale of the Heidelberg Belt in America, with but our one small percentage of profit added.

FROM THESE ILLUSTRATIONS and descriptions you can get a good idea of the style, make and effectiveness of the Heidelberg Electric Belts, and you can order a belt from these pages with every assurance of satisfaction; but if you should like to learn more in regard to them, if you want more extended descriptions and a fuller account of the disorders for which electric treatment is especially recommended, **send for our Free Electric Belt Catalogue.** We send free on request a handsomely illustrated booklet, describing all of the Heidelberg Electric Belts in detail, showing just how each part is made, a complete explanation of the nervous and muscular system, and describing the effect of the electric current on the diseases for which the belts are recommended. This confidential booklet will be mailed to anyone on application, and we urge everyone who is interested in the slightest manner, or who has taken drugs or other treatment without success, **to send for our Free Electric Belt Catalogue.**

OUR $4.00 PRIMARY HEIDELBERG ELECTRIC BELT.

We furnish the Genuine Heidelberg Electric Belt in 20-Gauge Current for only $4.00.

THE 20-GAUGE CURRENT is just the right strength for the pains in the back, loins and groin, neuralgia, headache, indigestion, kidney complaints and such cases of nervous and sexual exhaustion not too severe or of long standing.

THE $4.00 HEIDELBERG ELECTRIC BELT is superior to the old style galvanic currents, or the intense shocks given by physicians' big electric machines, especially if the nerves are weak or easily upset. The $4.00 belt supplies a mild continuous current, charges every nerve and cell with the vitalizing current, keeps up a regular and vigorous action of all the organs of the body, gives a free and healthy action to all vital functions. Ten days' wear of our $4.00 belt will produce a marked change for the better, thirty days is sufficient to prove its wonderful merit beyond any question or doubt.

DESCRIPTION of our 20-gauge Heidelberg Electric Belt: Selected materials throughout. Most careful construction in every detail. Belt proper is made of heavy satin, interlined with light canvas, silk stitched to high finished leather and felt. The satin and canvas forms the outer part of the casing, the leather and felt the inner. **The battery lies between the canvas and the leather.** The fine soft finished felt lies next to the body. Extension straps are made of best selected elastic webbing. Ten cells, each of the celebrated Heidelberg triple construction, form the battery. A 20-gauge maximum current is produced. The battery is of the usual Heidelberg construction, the most concentrated and powerful alternating producing current, very quick in generating power, very lasting.

ALL CONNECTIONS are double soldered and reinforced. Wire connections are fine AA grade copper annealed wire covered with woven insulation, felted ends. Three large electrodes, each 2¾ inches in diameter, afford the conducting surface and carry the current to parts desired. **The electrodes are movable,** admit a ready adjustment. They are made of a special composition metal, extremely sensitive to the slightest current, silver plated and highly polished.

THE SUSPENSORY is made of best spiral quadruple silver plated wires oval in shape. Has a flat inner surface; very comfortable. The suspensory carries the soothing current direct to the sensitive sexual organism. No medicine, no local treatment can compare in its strengthening effect on these parts with electricity. The Heidelberg Electric Belt saturates these nerves and cells with the vitalizing current. Every disorder and disease peculiar to these organs yields immediately. **Impotency, varicocele, emissions, losses, drains, from any cause, are some of the troubles cured by the $4.00 20-gauge current.** If, however, a stronger current is desired for such troubles in an aggravated form, we urge by all means our **Giant Power 80-gauge Belt at $18.00.**

OUR $4.00 HEIDELBERG ELECTRIC BELT comes complete with stomach attachment and spiral suspensory. The stomach attachment for indigestion, constipation and general debility of the stomach is invaluable. Promotes the digestive organs, tones up the liver and strengthens the assimilative power. Even that terrible disease, cancer of the stomach, has been known to be arrested, to yield to and be cured by the wearing of a genuine Heidelberg Electric Belt.

No. 42T3000 Our 20-gauge Electric Belt, complete with stomach attachment and spiral suspensory. Our price..... $4.00
No. 42T3005 Our 30-gauge Electric Belt, complete with stomach attachment and spiral suspensory. Our price..... 6.00
No. 42T3010 Our 40-gauge Electric Belt, complete with stomach attachment and spiral suspensory. Our price..... 8.00

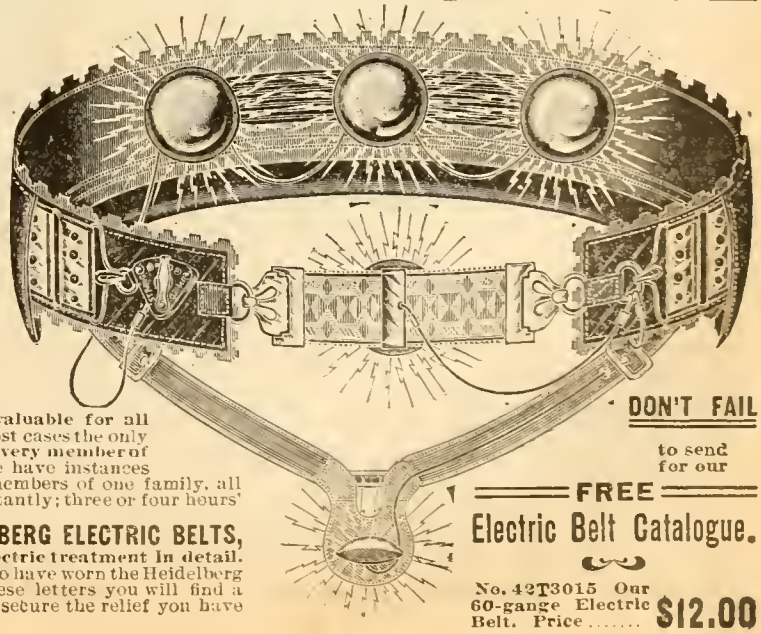
OUR $12.00 HEIDELBERG BELT.

$12.00 IS OUR PRICE for this powerful 60-gauge genuine Heidelberg Belt. **Electric Belts equal to our $12.00 15-cell, 60-gauge current Heidelberg,** are being sold by widely advertised doctors at **$40.00 and upwards,** and yet all of these high priced Electric Belts lack the peculiar **strengthening curative properties of the Heidelberg Alternating Current Belts. The Heidelberg Belt seeks the weak, diseased parts at once.** It produces an invigorating current of magnetic and galvanic electricity, **wonderful cure for seminal or vital weakness, nervous debility or impotence, stops almost immediately the unnatural waste or loss of vitality. The $12.00 Belt** has just the power required for cases that are not too aggravated; will help any man or woman suffering from any organic disease no matter of how long standing.

OUR SPECIAL $12.00 HEIDELBERG BELT is one of the simplest Electric Belts made. Has no complicated parts to get out of order. It is easily adjusted, perfect in fit, **most comfortable Electric Belt made.** Self adjusting, no discomfort while worn, easily put on or off, perfectly sanitary; made of high grade materials throughout; will last forever. **Our $12.00 Belt is a result of years of scientific study and experiment,** it is a belt that combines the latest features, comfort and health giving points not to be found in any other make.

GOOD FOR EITHER SEX. Our $12.00 Belt can be worn (without the suspensory attachment), by women and is invaluable for all cases of female weakness. The electric current is a great strengthener, in most cases the only treatment required by women suffering from weakness peculiar to their sex. **Every member of the family can be benefited by the use of a Genuine Heidelberg Belt.** We have instances where one of our Heidelberg Belts has been worn successively by five or six members of one family, all of whom experienced good results. Remember, the belt need not be worn constantly; three or four hours' wear at a time is sufficient.

IF YOU HAVE ANY DOUBTS AS TO THE EFFICACY OF OUR HEIDELBERG ELECTRIC BELTS, let us send you our complete book describing them and explaining the electric treatment in detail. **Our Free Electric Belt Catalogue** contains numberless letters from people who have worn the Heidelberg Electric Belt and realized wonderful benefit from its use. Perhaps among these letters you will find a case similar to your own and may be induced to give the belt a trial, and thus secure the relief you have heretofore looked for in vain.



DON'T FAIL to send for our **FREE Electric Belt Catalogue.**

No. 42T3015 Our 60-gauge Electric Belt. Price..... **$12.00**

OUR

$18.00 Giant Power Heidelberg Electric Belt

Sent on 10 Days' Free Trial

FOR ONLY **$18.00** WE OFFER THE GENUINE 80-GAUGE CURRENT HEIDELBERG ALTERNATING, SELF RECULATING and ADJUSTING ELECTRIC BELT AS THE HIGHEST GRADE, VERY FINEST ELECTRIC BELT EVER MADE, AS THE ONLY SUCCESSFUL ELECTRIC BELT TREATMENT, as the most wonderful relief and cure of all chronic and nervous diseases, all diseases, disorders and weaknesses peculiar to men, NO MATTER FROM WHAT CAUSE OR OF HOW LONG STANDING.

$18.00 IS OUR LOW PRICE, based on the actual cost to manufacture, for this highest grade electric belt, a superior belt to those usually sold at $30.00 to $50.00. **Our $18.00 Giant Power Belt is the result of years of scientific study and experiment,** it is the very highest grade, a belt that has all the best features of other electric belts without their drawbacks, defects and discomforts, with exclusive and distinctive advantages not found in other makes. Positively wonderful in its quick cure of all nervous and organic disorders arising from any cause, whether natural weakness, excesses, indiscretions, etc. The nerve building, health giving, vigor restoring current penetrates and permeates the affected parts; every nerve, tissue and fiber responds at once to its healing, vitalizing power; health, strength, superb manliness, youthful vigor is the result.

OUR GIANT POWER 80-gauge Current Genuine Heidelberg Alternating Electric Belt at $18.00 will do you more good in one week than six months of doctoring. The Heidelberg Electric Belt for disorders of the nerves, stomach, liver and kidneys, for weakness, diseased or debilitated condition of the sexual organs from any cause whatever, is worth all the drugs and chemicals, pills, tablets, washes, injections and other remedies put together. Its strengthening, healing and vitalizing power is magical—never before equaled.

HAVE YOU DOCTORED? Have you perhaps written to some quack, so called institute or self styled men's physician, have you tried various so called remedies for your peculiar trouble without success, without getting any help, perhaps not even temporary relief. Perhaps you are discouraged; maybe hopeless. **Don't give up. Don't despair. You may yet be cured.** The Giant Power Heidelberg Electric Belt is just what you need. Just what you should wear. Send for our Giant Power 80-gauge Current Heidelberg Electric Belt at once, wear it according to directions. In a day you will feel a difference, in two days there will be a marked change for the better, in three days you will experience relief, In a week or two weeks your system will be filled with the grand health giving current, In a month **you will be a new man.**

OUR GIANT POWER 80-GAUGE HEIDELBERG ELECTRIC BELT AT $18.00

comes complete with the finest stomach attachment and most perfect, comfortable electric sack suspensory ever produced. The lower illustration shows the style of these attachments, but you must see and examine, wear them, to appreciate the comfort and convenience. The suspensory encircles the organ, carries the vitalizing, soothing current direct to these delicate nerves and fibers, strengthens and enlarges this part in a most wonderful manner. The sack suspensory forms part of the circuit. The electric current must traverse every one of the innumerable nerves and fibers. Every wearing brings the current in contact with the organ; every wearing means that part of the organ is traversed through and through with the strengthening, healing current; means a liveliness imparted, a vigor induced, a tone returned, a joy restored that thousands of dollars' worth of medicine and doctors' prescriptions would never give.

DON'T SUFFER IN SILENCE, don't endure in secret. $18.00 will buy our Giant Power 80-Gauge Current Genuine Heidelberg Electric Belt. $18.00 will enable you to face the world anew. $18.00 will bring to you health and strength, vigor, manliness and happiness, a bigger measure for your money, a greater bargain than you could ever possibly secure in any other purchase.

ARE YOU IN DOUBT? Have you tried so called remedies without avail and fear to take advantage of this great offer? Do you hesitate because some unreliable firm or doctor took advantage of you? With us you run no possible risk. **Let us send you one of our Genuine Giant Power 80-gauge Heidelberg Electric Belts under the liberal condition of our offer.** We will send you the belt, then after ten days' fair trial if you have any reason to be dissatisfied, if you are not greatly benefited, return the belt to us and we will refund your money.

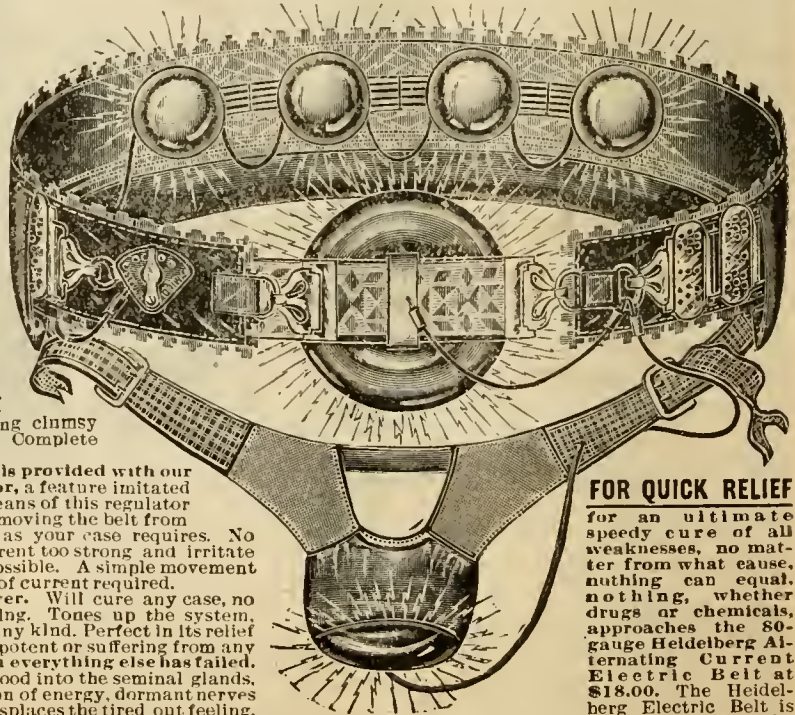
HOW THE 80-GAUGE HEIDELBERG ELECTRIC BELT IS MADE. Every $18.00 80-Gauge Electric Belt of the Heidelberg make is the very finest belt that can be manufactured, made of the highest grade materials money will buy, put together by scientific, skilled mechanics, hand made and finished in every part. The casing for the battery of cells is made of an extra quality very fine selected satin, a grade prepared particularly for this purpose, absolutely non-conducting, lined with a genuine Brighton insulating flannel, and then a layer of close woven non-conducting duck, forming the very best and perfect insulating case possible.

THE BATTERY In our $18.00 Giant Power Heidelberg Electric Belt we furnish the new and genuine Heidelberg battery, consisting of triple cells, producing an 80-gauge current. The battery is made of a secret, highly excitable, metal alloy and composition of silver and copper, a combination producing the quickest, most powerful and lasting current. **No battery in any other make can compare in any respect to the Heidelberg.** One cell of a Heidelberg battery, with its distinctive triple construction and special composition, has more strength, produces more current, than two cells of the ordinary electric belts usually advertised.

ELECTRODES. Four large and one extra large (five in all) electrodes secure a fine equal distribution of the current to the proper organs and affected parts. The electrodes are large size, splendid conducting surface, extra full and finely silver plated. The four electrodes in back are 2 inches across, the front and largest electrode is 5 inches across. Wonderful in its treatment of diseases of the stomach, liver and kidneys. Carries the life giving electric fluid straight to the affected parts. The big current bearing electrodes can be adjusted for any position, any part, any organ, bringing it in the direct route of the current. **For a weak or deranged nervous system the electric treatment has splendid results.** It stops losses, repairs waste, gives tone to every tissue and muscle. The whole body feels the good effect. No words can describe the change in health, feeling, vitality, even character, from the result of wearing a genuine Heidelberg Giant Power Electric Belt.

EVERY BELT IS PUT OUT UNDER OUR BINDING GUARANTEE

for more current, more power, more and quicker relief than any belt sold at three times the price. Simple, comfortable, efficient. Nothing clumsy about the belt, nothing uncomfortable. No one can tell if you wear it. Complete instructions for use and wear sent with every belt.



CURRENT REGULATOR. Every 80-gauge Heidelberg Electric Belt is provided with our own special and perfect current regulator, a feature imitated (but not successfully) by every electric belt maker in the country. By means of this regulator the current can be instantly adjusted to any strength desired without removing the belt from the body. You can make it mild, medium or strong, just as you like, just as your case requires. No possibility of your receiving an unpleasant shock, no chance to get a current too strong and irritate tender parts. Six different strengths, different degrees of current are possible. A simple movement of a tiny one-inch lever does it. You get just the strength, just the gauge of current required.

THE 80-GAUGE CURRENT is marvelous, really magical in its power. Will cure any case, no matter how obstinate, how long standing. Tones up the system, drives out disease, fortifies the body against cold, against sick attacks of any kind. Perfect in its relief and cure of the peculiar diseases of men. For those sexually weak or impotent or suffering from any trouble of the sexual organs the Giant 80-gauge Belt affords relief when everything else has failed. The stimulating alternating current forces a vigorous circulation of blood into the seminal glands, enlivening them into a healthy glow. They quickly respond to this infusion of energy, dormant nerves wake up and expand, general circulation is produced, youthful vigor displaces the tired out feeling, natural power returns. In most cases of sexual weakness the full power of this belt is required, but a cure is certain. The 80-gauge current absolutely doubles the sexual force and power.

FOR QUICK RELIEF for an ultimate speedy cure of all weaknesses, no matter from what cause, nothing can equal, nothing, whether drugs or chemicals, approaches the 80-gauge Heidelberg Alternating Current Electric Belt at $18.00. The Heidelberg Electric Belt is the best, most reliable, most harmless yet powerful, most efficient and the cheapest cure possible. Don't let a specialist bleed you. Don't pay $25.00, $30.00 or $50.00 for an electric belt not one-half as good as the **Genuine 80-gauge Giant Power Alternating Current Heidelberg Electric Belt at $18.00. Send for one of our $18.00 belts immediately. Throw physic to the dogs. Strengthen and cure yourself at once.**

No. 42T3020 OUR 80-GAUGE CURRENT BELT.....$18.00

PRESCRIPTION DEPARTMENT.

The Following are only a Few of the Most Commonly Used Drugs. For a Complete List send for our Special Drug Catalogue.

WE HAVE UNEQUALED FACILITIES FOR PREPARING PRESCRIPTIONS AND FAMILY RECIPES. In this branch of our Drug Department we employ only registered druggists having long experience. Our medicines are always fresh and of the best quality. Send your prescriptions and recipes to us—you can always feel well assured of having them prepared with the greatest care by competent and skillful druggists and chemists, using only the purest and freshest drugs, and at a price very much cheaper than you could have them prepared elsewhere. Our prices for prescriptions in general average: For liquid preparations, 7 cents per ounce; for powders and pills, 17 cents per dozen. These prices can be applied to the majority of prescriptions and recipes, but there are exceptional cases where we charge more; but our prices are always far below retail druggists' prices. Orders for opium, morphine, cocaine and drugs of this class should be accompanied with a physician's prescription.

ACIDS, CHEMICALS AND DRUGS. All drugs that we offer for sale are guaranteed to be of standard quality, pure and unadulterated, and reliable in every way. Be sure and state whether you desire the powdered or whole drug, else we will be compelled to use our intelligence as to your want. When articles quoted by the pound are 5 cents or less, and a smaller quantity is desired, it will be charged for the same as if a pound had been ordered. All prices include vial or package necessary to contain the goods, unless otherwise specified. The mailing rates for liquids are, including tube: 8 cents for 1 ounce, 11 cents for 2 ounces, and 17 cents for 4 ounces.

PRICES ARE SUBJECT TO MARKET CHANGES.

Proprietary and Patent Medicines.

The following list contains the principal patent medicines of the world. It is not possible for us to enumerate every single article that is manufactured, but we can and are willing to obtain for our customers any medicine or other article that they may wish. If you do not see the medicine you want mentioned here, write to us concerning it, or send us what you know it is worth and we will send it to you. With few exceptions the quantity prices on patent medicines when ordered in full dozen lots are as follows: $1.00 sizes, $8.00 per dozen; 50 cent sizes, $4.00 per dozen; 25 cent sizes, $2.00 per dozen.

		Retail Price, each	Our Price, each
No. 8T2400	Antifebrin, 1-ounce boxes	$0 50	$0.18
No. 8T2401	Antikamnia, powdered or tablets	2 00	1.10

FLUID EXTRACTS.

A fluid extract of a drug represents as nearly as possible the drug itself in a fluid form. TINCTURES are weaker preparations than fluid extracts, their general strength being from 10 to 33⅓ per cent of the crude drug, and consequently the dose is larger. Syrups are a more palatable form of administering drugs than either the fluid extracts or tinctures. Solid extracts are generally from two to five times stronger than the drug, and their dose is consequently smaller in proportion. In ordering these goods, please be careful to state just what you want, and always give the number. Each minum of our Fluid Extract represents the full strength of one grain of the pure drug, unless specified otherwise, so that the dose is the same in minums as in grains of the drug.

PRICES INCLUDE BOTTLES IN EVERY CASE.

When you wish us to mail to you any liquid, remember to allow us for the mailing boxes, as required by the postal authorities, also for postage. One ounce costs 8 cents, two ounces 10 cents, four ounces 15 cents. Four ounces is the largest bottle of liquid we can send by mail.

Agricultural Implement Department.

WE ARE HEADQUARTERS FOR EVERYTHING IN THE LINE OF IMPROVED AND UP TO DATE AGRICULTURAL IMPLEMENTS. OUR LINE IS COMPLETE, AND THE QUALITY AND WORKMANSHIP OF THE IMPLEMENTS WE HANDLE ARE FIRST CLASS IN EVERY RESPECT.

OUR IMPLEMENTS are made for us under special contracts and in very large quantities, by several of the largest and most reliable manufacturers in the country, concerns who have devoted their life's work to the manufacture of this class of goods, and who by their long experience, unexcelled facilities and special knowledge, are enabled to turn out the highest grade of work that can be produced, and at less cost than inferior goods can be produced by most other makers.

OUR PRICES are based on the actual cost of material and labor, with but our one small percentage of profit added. We dispense with the long line of expenses which are incidental to the ordinary method of selling goods, and through the medium of our extensive contracts the cost of producing our goods is reduced to the lowest possible figure. This, in connection with the fact that we are satisfied with a very small margin of profit, depending on a large volume of business for final results, enables us to make the astonishingly low prices at which we sell our implements.

ALL AGRICULTURAL IMPLEMENTS which we sell are guaranteed to be made of good materials and in a workmanlike manner, and are warranted to do good work when correctly adjusted and properly operated. Any defect in material or workmanship appearing within one year, will be made good, by our furnishing free, new parts to take the place of the defective parts. If our implements are not found to be perfectly satisfactory write us immediately after receiving the goods, stating wherein they are not satisfactory, and if we cannot make adjustment to your satisfaction, we will give you instructions about returning the goods and will refund your money or send you other goods, as you may desire, and we will also pay the transportation charges, but no goods can be returned which have been altered, or damaged by the purchaser.

OWING TO THE FACT that we can frequently save money for our customers and furnish them goods at lower prices by shipping from the factory, many of our implements are shipped direct from the factory, from which point customers pay the freight. This however is done only when we can save you money by so doing, and we will ship from our main store whenever we believe it would be best to do so.

WE GUARANTEE the safe delivery of every implement which we ship and will furnish free, transportation prepaid, any part either broken or lost in transit, only requiring the purchaser to examine the goods when received, cause the agent of the transportation company to note shortage or breakage on the receipt for the freight charges you pay, and send the receipt to us when reporting the circumstances.

REPAIRS

For all implements which we sell can and will be furnished promptly and at very low prices, but we cannot attempt to furnish repairs for implements which we do not sell.

WE KEEP A CAREFUL RECORD of all implements sold by us, and will be glad to give prompt reply to all letters asking for prices of repairs. In writing about repairs or in ordering repairs, be sure to give a careful description of the part wanted and the letters, figures or marks which are on the original piece, or, if there are no marks on the old piece, tell us what numbers appear on other prominent parts of the machine.

Always give name, size and kind of machine for which repair is wanted.

WEIGHTS given are as nearly correct as it is possible to give, but are not guaranteed, because on heavy goods the weights may vary either way owing to the variation in the weight of the materials without detriment to the goods.

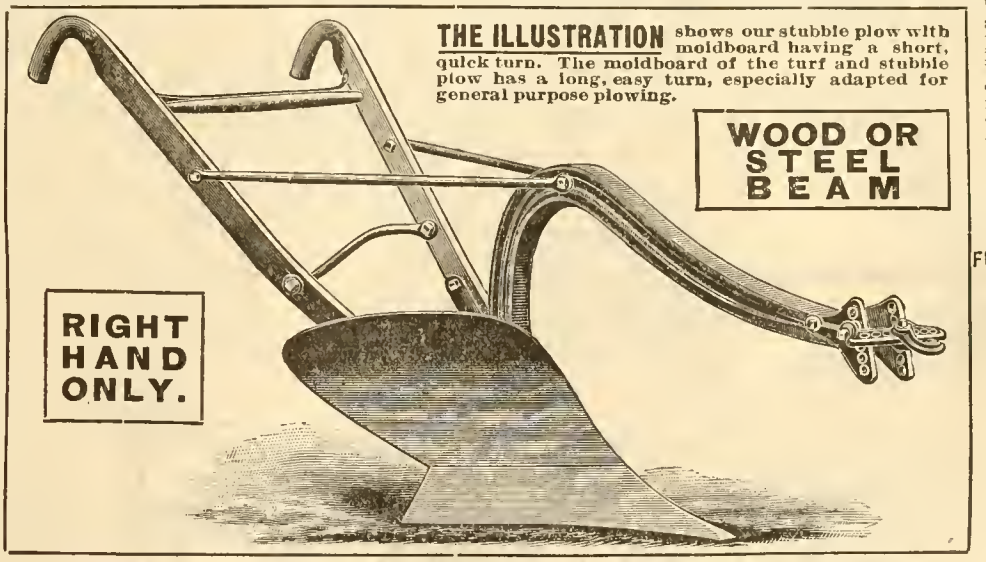
ABOUT THE FREIGHT. Most agricultural implements are accepted at second class freight rate by nearly all railroad companies, which is usually from 40 to 50 cents per 100 pounds for 500 miles. By referring to the pages in the front part of the catalogue devoted to freight classification and freight rates, you can easily determine about what the freight would be on any implement. On goods shipped direct from the factory, as points near Chicago, or in northern Illinois, or in southeastern Wisconsin, or in northern Indiana, unless the destination is very close to the shipping point, the rates are practically the same as from Chicago.

..KENWOOD ALL STEEL WALKING PLOWS..

OUR KENWOOD ALL STEEL WALKING PLOWS are absolutely as perfect as plows can be made. The design, shape and general construction is the same exactly as is universally commended and adopted by the leading plow manufacturers; in fact these plows are made for us under special contract, by one of the very best makers in this country, and are in every way identical with their regular goods. They will scour in any soil and are especially adapted to the prairie land and black soil of the Central and Western States, and will do perfect work in trashy, loose land.

THEY ARE LIGHT, STRONG AND DURABLE,

light running, well balanced, easily handled, and guaranteed equal to any plow made, and better than many plows which are sold at much higher prices. The moldboards, shares and landsides are all made of the very best quality of soft center plow steel, and moldboards and shares are extra carefully hardened. The moldboards and shares are double shinned and the landside plates are medium high.



THE ILLUSTRATION shows our stubble plow with moldboard having a short, quick turn. The moldboard of the turf and stubble plow has a long, easy turn, especially adapted for general purpose plowing.

THESE PLOWS ARE STRONGLY PUT TOGETHER and firmly braced in the most approved manner. The handles are well braced, secured by iron straps at the bottom and set wide apart at the bottom, thus preventing clods from filling in between the handles. Wood beams are southern oak, well arched and made extra heavy directly over and forward of the standard. Steel beams are double flanged, thus making them light and very strong; they are highly arched so as to give ample clearance. Each plow is

FURNISHED WITH A BROAD ADJUSTABLE CLEVIS,

so that plow can be set to the required depth and used with any number of horses. Any style coulter, wheel or jointer can be used, but are furnished only at extra price. Made in right hand only, either wood or steel beam, and either stubble shape or turf and stubble shape. Guaranteed to be made of first class materials and in a workmanlike manner, well painted and nicely finished, and perfectly fitted for the work they are intended to do.

SHIPPED DIRECT FROM FACTORY IN NORTHERN ILLINOIS.

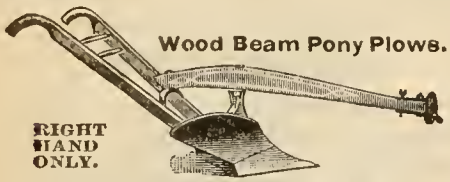
No. 32T133	Gauge Wheel, for steel beam.	Weight, 12 pounds.	.88

NOTE—You must specify for which plow extras are wanted.

PONY PLOWS.

Our light wood beam and steel beam all steel plows are guaranteed to do good service in the work they are intended for. They are fitted with steel moldboard, steel landside and steel share, and have steel standard cap, sloping landside and adjustable slipheel. The one-horse plows are especially adapted for cotton and corn land and for gardening purposes. The two-horse plows are suitable for stubble and light sod plowing.

Wood Beam Pony Plows.



Extra Steel Share furnished with each plow.

No. 32T155 One-Horse Plow, 7-inch cut. Weight, 38 pounds. Price.....**$1.99**

No. 32T162 Fin Cutter, for 10-inch and 11-inch plows. Weight, 2½ pounds. Price.....**31c**

Full Chilled Plows.

Sears, Roebuck & Co.'s Full Chilled Plows. Made on the same lines as the original Oliver Plows. These are general purpose plows and can be used anywhere that a chilled plow will work. As a sand soil plow they have no equal. Width of furrow does not mean width of plow bottom, but shows width of furrow which plow will turn. **We always ship these plows right hand, unless otherwise ordered. Extra share furnished with each plow. Shipped direct from factory in Northern Indiana.**

No.		Furrow. Width.	Depth.	Weight, lbs.	Price

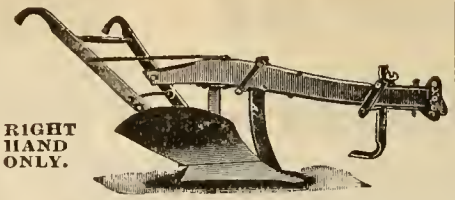
Hazel Brush Plows.



A Splendid General Purpose Plow.

Light, strong and a very serviceable all around wood beam plow. Has heavy iron strap under beam, extra heavy landside bar and strong joint on slip share. Share is made of strong, tough, good wearing solid steel. Moldboard is extra hardened soft center steel; turf and stubble shape and double shinned. **Easy to handle, and will stand the wear and tear of very heavy work.** Price is without cutter, gauge shoe or gauge wheel, these being furnished as extras at prices shown. **Shipped direct from factory in Northern Illinois.**

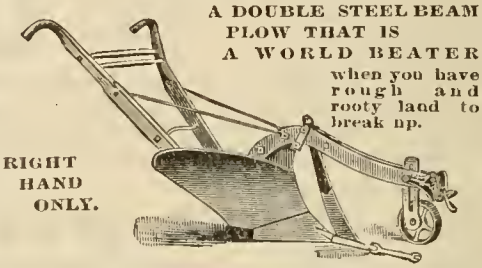
No. 32T214	Share for 14-inch plow. Wt. 12 lbs	2.28

Steel Beam Brush Plow.



It is very strong, the beam being double, that is, made of two steel beams placed side by side. This makes a beam much more rigid than a solid piece of steel, also lighter. **It has an extra high curve,** which allows brush, etc., to pass through—cannot foul or choke up. It also **makes an excellent plow for road work;** in fact, is a first class, all around plow, where strength and durability are required. **The braces and handles are extra heavy.** In short, we have here a plow that will outlast any wood beam plow made. **We show the plow rigged with wheel and foot coulter,** but furnish the wheel and coulter only as extras. Has steel moldboard, cast point and landside, is about 11½ inches across buttom and will turn a 13-inch furrow. Price includes one extra point. **Shipped direct from factory in Southeastern Wisconsin.**

No. 32T215 Steel Beam Brush plow, without wheel or coulter. Weight, 115 pounds. Price..**$8.75**

No. 32T217 Gauge Wheel. Weight, 7 lbs.... **.70**

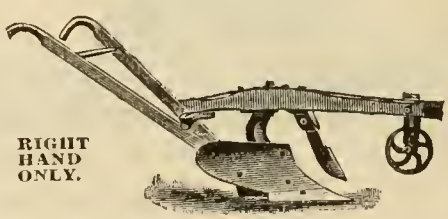
No. 32T218 Foot Coulter. Weight, 12 lbs.... **1.40**

No. 32T219 Knife Coulter. Weight, 9 lbs.... **.92**

No. 32T220 Extra Point. Weight, 8 lbs.... **.33**

NOTE: State if points ordered for repairs are for plow with or without foot coulter.

Acme Vineyard Plows.



Our Old Reliable One-Horse Combination Plow is the best plow made for nurseries, orchards, vineyards, and all one-horse work. The beam is adjustable so the horse can walk in the furrow or on the land. The handles can be shifted to right or left, which enables the plowman to walk away from the row of trees or shrubs. The shape of moldboard makes the plow light draft and also cleans out the furrow in loose soil. Will turn a furrow 8 inches to 12 inches wide and 3 inches to 8 inches deep. Made with chilled landside and point, and with either steel or chilled moldboard. Furnished with one extra point. **As a vineyard plow it is the finest made.** Weight, 86 pounds. Price is for plow, without wheel or coulter. **Shipped direct from factory in Western Michigan.**

No. 32T224	Price, with steel moldboard.	$6.45
No. 32T225	Price, with chilled moldboard.	5.05

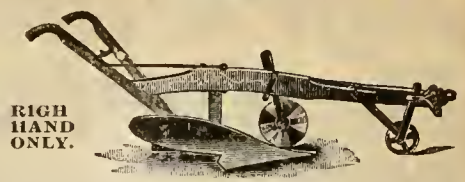
No. 32T227	Coulter. Weight, 6 lbs.	1.00
No. 32T228	Extra point. Weight, 4½ lbs.	.29

Acme Prairie Breaking Plows.



Our Prairie Breaker combines many desirable qualities. Its construction is light and strong; the beam is adjustable; the shape is as near perfection as can be made; it turns a flat furrow with great ease and without breaking the sod; it is made with solid steel share, steel moldboard and steel landside. The many desirable qualities of this plow cannot help but bring it into great favor. **Shipped direct from factory in Northern Illinois.**

No. 32T246 Size, 12 inches, with extra share, but without wheel and coulter; weight, 110 pounds. Price.....**$8.00**

No. 32T247 Size, 14 inches, with extra share, but without wheel and coulter; weight, 112 pounds. Price.....**$8.90**

No. 32T250 Size, 14 inches; weight, 147 pounds; complete with rolling coulter, gauge wheel and extra share. Price.....**$10.65**

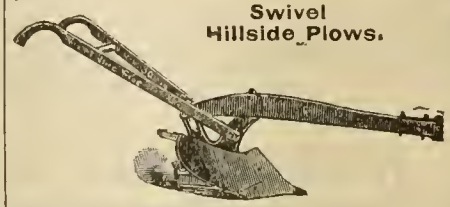
No. 32T251 Size, 16 inches; weight, 150 pounds; complete with rolling coulter, gauge wheel and extra share. Price.....**$11.75**

No. 32T252 Extra 12-inch share; weight, 19 pounds. Price.....**$1.60**

No. 32T253 Extra 14-inch share; weight, 22 pounds. Price.....**$1.90**

No. 32T254 Extra 16-inch share; weight, 25 pounds. Price.....**$2.20**

Swivel Hillside Plows.



This line of Hillside Plows is made on correct principles from the best of materials. They are the simplest and easiest swinging plow on the market. Especially adapted for hillside plowing, but will also do perfect work on flat land. All are made with wood beam, chilled moldboard, landside and share. Price includes wrench and one extra share. Gauge wheel can be used on either size, and jointer on the two larger sizes, but gauge wheel and jointer are not included in price of plow. Shipped direct from factory in Northern Indiana.

No. 32T266 One-horse Hillside Plow, turns furrow 8 to 10 inches wide; weight, 78 pounds. Price.....**$5.50**

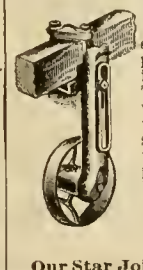
No. 32T268 Light two-horse Hillside Plow, turns furrow 10 to 12 inches wide; weight 105 pounds. Price.....**$7.15**

No. 32T270 Heavy two-horse Hillside Plow, turns furrow 12 to 14 inches wide; weight, 132 pounds. Price.....**$8.10**

No. 32T279 Gauge Wheel for Hillside Plows; weight, 12 pounds. Price.....**70c**

No. 32T280 Reversible Jointer for Hillside Plows; weight, 20 pounds. Price.....**$1.50**

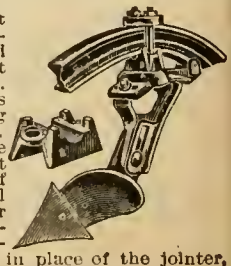
Star Gauge Wheels.



Our Star Gauge Wheels can be set so as to always run straight with the plow. All parts are made of malleable iron, combining lightness and strength. The post has a loose spindle and the wheel a loose bushing, both of which, when worn out, can be replaced at very small cost, saving the expense of new wheel or post. **Will fit all makes of plows,** either wood or steel beam. Weight, 8 pounds.

No. 32T392 Gauge Wheel. Price.....**33c**

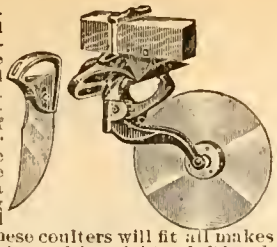
Star Jointers.



Our Star Jointers are the best and most convenient jointers made. They are supplied with a reversible steel point, having three distinct or separate wearing points. Perfect adjustable features allow of these jointers being set as may be desired. Moldboard and point made of the best quality wrought steel. Will fit all makes of plows, either wood or steel beam. The hanging cutter attachment shown in connection with our King Rolling Coulters, can be used in place of the jointer, if desired, bolting direct to the jointer seat. Weight of jointer, 13 pounds.

No. 32T395	Left hand Jointer. Price....	$1.38
No. 32T396	Right hand Jointer. Price....	1.39
No. 32T397	Extra steel point; weight, 14 oz.	.29
No. 32T398	Extra chilled point; wt., 14 oz.	.12

King Rolling Coulters.



For ease of adjustment, simplicity and durability, these coulters are the best in the world. They are well braced above the arms. The shifting only requires the loosening of one bolt for up, down or sideshift. The arms are held on by a bolt above them. The hub has a new device for taking up the wear and will outwear the blade. These coulters will fit all makes of wood or steel beam plows, either right or left hand. To the left of the illustration we show our hanging cutter attachment, which may be used in place of the coulter, bolting to the same seat, and which will be found very desirable in some soils. This attachment is furnished only at extra price shown below. Weight of coulters, about 16 pounds each. Weight of cutter attachment, about 4½ pounds.

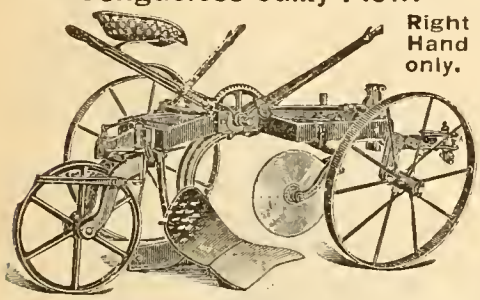
No. 32T400	King 12-inch Coulter. Price	**$1.53**
No. 32T401	King 13-inch Coulter. Price	1.62
No. 32T402	King 14-inch Coulter. Price	1.69
No. 32T403	Hanging Cutter Attachment	.99

Star Rolling Coulters.

Our Star Coulter can be attached to any make of plow, either right or left hand, wood or steel beam. Adjustable to run deep or shallow as well as to right or left, in the simplest manner possible, without releasing clamp on beam. No wedges used or holes to bore in beam. Has conical chilled hubs. This is the coulter that is receiving so much praise from both dealers and farmers. Weight, about 18 pounds.

No. 32T407	Star 12-inch Coulter. Price	**$1.90**
No. 32T408	Star 13-inch Coulter. Price	2.00
No. 32T409	Star 14-inch Coulter. Price	2.10

Tongueless Sulky Plow.



This Sulky Plow is a combination of strength and simplicity. It is built expressly for hard service; has direct beam hitch. Its three wheels are set at correct positions, so as to bring the weight true and on each atike. The rear furrow wheel is locked square in line and is operated with a foot trip, so that in turning it will break from the direct line and castor with the turn. The beam is very high in the throat, preventing clogging. The moldboard, landside and share are made of the best quality of soft center plow steel. The moldboard and share are double shinned and are tempered extra hard. The loose lever principle employed in this plow allows it to ride over stone without jarring the frame or operator, and obviating the danger of breakage, also insuring an even furrow bottom and a regular depth by allowing the frame to pass independently over rough and uneven places. This lever can be locked if desired. Furnished complete with one set of tripletrees, one weed hook, one oil can, one wrench and a rolling coulter, or will furnish with jointer in place of rolling coulter if so ordered. **In ordering, state whether you want stubble bottom or turf and stubble bottom.** Weight, about 510 pounds. Can be furnished with pole if so ordered. **Shipped direct from factory in Northern Indiana.**

No. 32T412	12-inch Sulky Plow.	Price	**$31.75**
No. 32T413	14-inch Sulky Plow.	Price	32.00
No. 32T414	16-inch Sulky Plow.	Price	32.25
No. 32T415	12-inch Steel Share.	Price	2.20
No. 32T416	14-inch Steel Share.	Price	2.35
No. 32T417	16-inch Steel Share.	Price	2.50

Wing Shovel Plow.

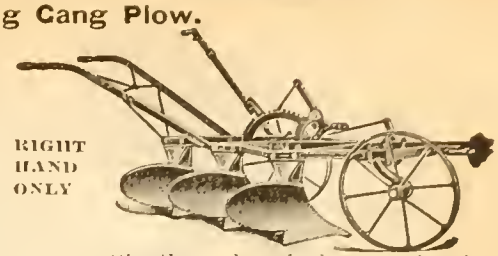
This is an admirable plow for hilling potatoes, etc. It is a single shovel plow with adjustable steel wings, which can be let out to any desired angle by means of punched spread rods. It is sometimes convenient to work these plows with but one wing, which can readily be done, or the two wings can be worked simultaneously at different angles. Weight, 35 pounds.

No. 32T420 Wing Shovel Plow. Price **$1.95**

No. 32T421 Extra Shovel Blade, complete with wings and spreaders. Weight, 14 pounds. Price **$1.05**

GIVE CATALOGUE NUMBER IN FULL When You Write Your Order.

Acme Walking Gang Plow.



In the Acme Walking Gang Plow we have the best plow ever offered for anything like what we ask for it. It is a well made, practical plow, warranted to do good work. This plow will skim sod from 1½ to 3 inches deep. **Will plow corn land** or oat stubble from 2 to 7 inches deep. Will cut and turn under all June grass on summer fallow, and do better work than any other plow on the market. Will prepare wheat and oat stubble for winter wheat in less than half the time required by a single plow or cultivator. While this plow will do good work in most parts of the country, we do not recommend it as a prairie breaker or on corn land where the stalks have not been cut. **Compare the price with a single plow** and you will see you are getting three plows for less than the price of two. Has three 9-inch plows, cutting 27 inches. Gangs with chilled shares are furnished with one extra set of shares. Coulters or jointers cannot be furnished for this plow. Weight, 300 pounds. **Shipped direct from factory in Western Michigan.**

No. 32T422	With chilled moldboard, landside and chilled shares.	Price	**$18.00**
No. 32T123	With soft center steel moldboard, chilled landside and chilled shares.	Price	17.75

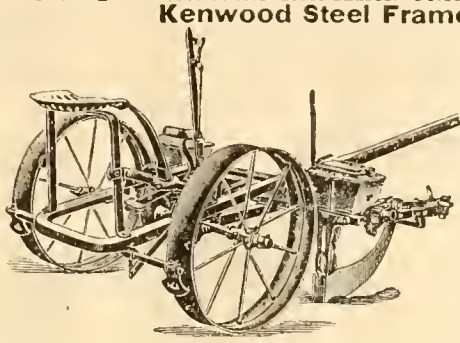
No. 32T425	With soft center steel moldboard, landside and shares.	Price	23.25
No. 32T426	Chilled shares.	Price, each	.22
No. 32T427	Cast steel shares.	Price, each	1.00
No. 32T428	Soft center steel shares.	Price, each	1.35

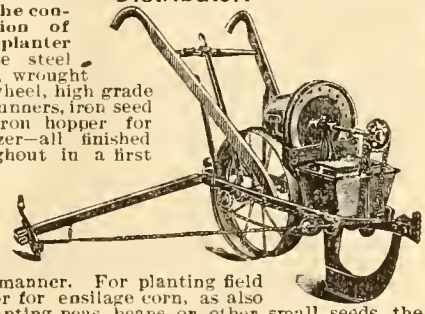
Kenwood Steel Frame Two-Horse Corn Planter.



Constructed entirely of steel and wrought iron, malleable and charcoal iron castings, **and will outwear any other two-horse corn planter made.** It is a full hill combination planter. Can be used either as a hand drop, drill planter, or a check rower planter by simply changing the plates. The drill is adjusted to different positions by changing the chain on different size sprocket wheels on the axle without changing plates; it will drop regularly one grain every 12, 16 or 20 inches apart. The rotary drop is simple and sure, the succeeding hills drop down separate channels and are held in the heel of the planter for prompt delivery. The frame is coupled close, giving the driver full and easy control. The forcing lever is attached to the two hounds which are placed at an equal distance from the runners, so that both runners are forced into the soil at equal depth. **Combination hand and foot lever is furnished** so that the planter can be rigidly set to the desired depth, or can be run flexible and under easy control of the driver's feet, allowing him the full use of his hands for taking care of team. The check rower is one of few parts, not complicated. One side always at rest. Stroke positive every time button passes through fork. Forks are made of soft center steel, carefully hardened, and are wide enough apart to prevent kinks in wire from making a stroke. Has automatic winding reel for laying out the wire and for rewinding when field is complete. The wire can be released by the driver pulling a cord without leaving seat. The wire is of the finest quality, and with ordinary care will last many years. Standard width, adjustable for 3-foot 6-inch and 3-foot 8-inch. Price includes three sets of hill plates and three sets of drill plates. Does not include eveners or neckyoke. Furnished regularly with concave wheels, but will furnish with flat wheels at same price, if so ordered. Open wheels will be furnished at 75 cents extra. **Shipped direct from factory in Southwestern Ohio.**

No. 32T500	**Corn Planter without check rower.** Weight, 400 pounds. Price	**$21.60**
No. 32T501	**Corn Planter with check rower,** automatic reel and 80 rods of wire, complete. Weight, 500 pounds Price	**$29.70**
No. 32T502	**Corn Planter with fertilizer attachment,** but without check rower. Weight, 450 pounds. Price	**$33.60**
No. 32T503	**Corn Planter with fertilizer attachment, check rower,** automatic reel and 80 rods of wire, complete. Weight, 550 pounds. Price	**$40.90**
No. 32T504	Extra check rower wire, per rod	.05
No. 32T505	Extra plates, per pair	.42
No. 32T506	Clod Fenders and Covering Hoes. Price, per set	2.55

Kenwood Steel Frame One-Horse Corn Drill, Cotton Planter and Fertilizer Distributor.



In the construction of this planter we use steel frame, wrought iron wheel, high grade steel runners, iron seed box, iron hopper for fertilizer—all finished throughout in a first class manner. For planting field corn or for ensilage corn, as also for planting peas, beans or other small seeds, the Kenwood is unequaled. It drops 12, 15, 18 and up to 24 inches apart, the distance being governed by number of holes in seed plates. The lever for throwing in and out of gear is near the operator; it can be changed without stopping horse. All wearing parts are large and true; there is no complicated machinery about the machine. Price includes three regular plates and one blank plate, also the marker, but does not include whiffletree or marker rope. Extra plates can be furnished to drop from 2 inches to 4 feet apart, and thick plates to drop more than one kernel at a time. Can also furnish extra plates to plant broom corn, pop corn, beans, peas, beet seed, sorghum, millet, etc.

The Fertilizer Distributor is simple and positive, no delicate gears to get out of order; there are no slides or wheels to gum or clog. Fertilizer attachment is a drill drop, not a hill drop. Must be ordered with the drill as it cannot be attached except at factory. It is the most simple and perfect planter made. Shipped direct from factory in Southwestern Ohio.

No. 32T508 Corn Drill only. Weight, 100 pounds. Price **$8.50**

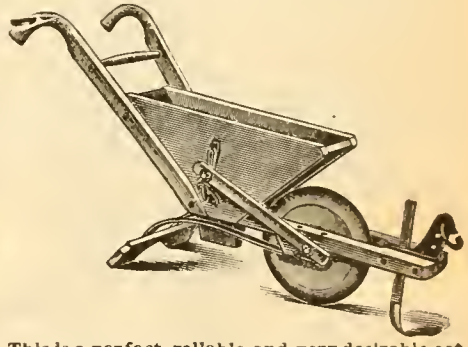
No. 32T509 Corn Drill with fertilizer attachment. Weight, 125 pounds. Price **$10.75**

No. 32T510 Extra plates. Price, each .24

We can furnish this drill with our pick feed cotton planting attachment, if ordered with the drill. Cannot be attached except at factory.

No. 32T511 Pick Feed Cotton Planting Attachment. Price **$2.80**

Our $4.35 Cotton Planter.



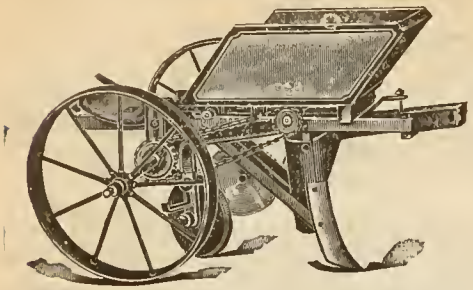
This is a perfect, reliable and very desirable cotton planter, and one which has had a tremendous sale in the great cotton belt of the south. It is made of first class materials throughout, has a large hopper, a splendid agitator and a perfect feed regulating device. Center shovel is strong and cannot break. Driving wheel is made of wood, 16 inches in diameter, 3 inches thick and beveled to run in the trench made by the shovel. The coverer is supported by steel springs, which allows it to adjust itself to the condition of the ground and relieves the hands of all jarring. **This machine is also a first class fertilizer distributor as well as a cotton planter,** requiring no extra parts, and by adding the corn planting attachment it makes a splendid corn drill, dropping the kernels about 24 inches apart. Shipped direct from factory in Southwestern Ohio.

No. 32T512 Cotton Planter only. Weight, 65 pounds. Price **$4.35**

No. 32T513 Corn Planting Attachment extra. Weight, 5 pounds. Price **80c**

We can always furnish repairs for our Implements at any time at the lowest prices. See notice on first page of this department.

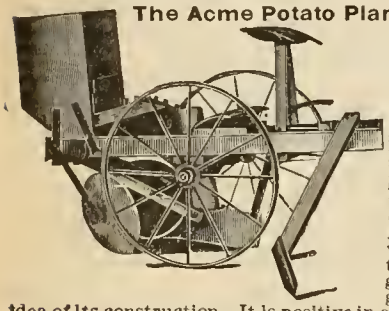
Kenwood Potato Planter.



Marks, drops and covers all at the same time. Is furnished with three sizes of sprocket wheels to plant 13, 16 or 19 inches apart, and will plant at any desired depth from 3 to 6 inches, the depth being governed by raising or lowering the slotted bearing plates. The axle spindles are made in two parts, which telescope within the main tubular axle, so the wheels may be set the required distance apart. The wheels determine the distance between the rows and when returning, one horse follows the last wheel track. The automatic dropper, which is fed by hand, insures accurate work, and seed planted by this machine does not require nearly so much labor in cultivating as does that which is planted by hand. Constructed of first class materials and in every respect a very superior machine. Weight, 170 pounds. Shipped direct from factory in Northern Illinois.

No. 32T515 Kenwood Potato Planter.
Price.....$18.35

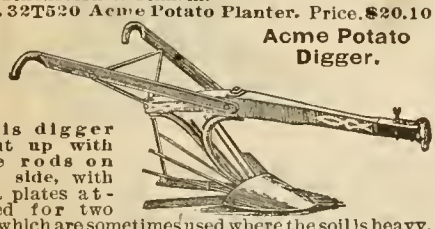
The Acme Potato Planter.



The Acme Planter has been thoroughly tested in the field and has proved perfectly satisfactory in every detail. A glance at the illustration will give a good general idea of its construction. It is positive in action, easy to adjust, light of draft and well balanced. It marks, furrows, drops and covers the seed all in one operation. It plants whole or cut potatoes, and drops the seed 14, 16 or 18½ inches apart. It is adjustable for depth of planting, also for depth of cover. Has steel wheels, and frame box is made of hard wood; discs are the best high grade plow steel, full polished. Is nicely painted, striped and varnished. It takes two to run the Acme planter; a boy can feed the machine, and no misses, as you will find in self planters. **If any farmer will look at the following figures he will see how much he will lose in using a self planter:** Suppose you plant 100 rows of potatoes and 100 hills to the row, and supposing the self planter will miss only two hills in each row, which any self planter will surely do, you will lose just two rows out of your 100 rows, or 200 hills. Those 200 hills would surely yield from 10 to 14 bags of potatoes, and at 50 cents a bag it will amount to from $5.00 to $7.00. This is only making an estimate on a small lot. Shipping weight, 250 pounds. **Shipped direct from factory in Southeastern Wisconsin.**

No. 32T520 Acme Potato Planter. Price.$20.10

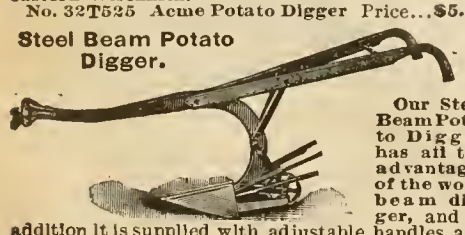
Acme Potato Digger.



This digger is put up with three rods on each side, with extra plates attached for two rods, which are sometimes used where the soil is heavy. With our cast standard we bolt the shovel and beam rod securely in position, from which it cannot yield. The depth of the digger is regulated by the rod from heel of shoe through end of beam. Weight, 97 pounds. Shipped direct from factory in Southeastern Wisconsin.

No. 32T525 Acme Potato Digger Price...$5.35

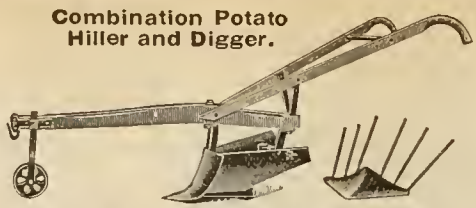
Steel Beam Potato Digger.



Our Steel Beam Potato Digger has all the advantages of the wood beam digger, and in addition it is supplied with adjustable handles and an adjustable guide and gauge wheel, which keeps the digger in line and gauges the depth perfectly. The high arched beam admits its use in weedy, trashy patches without clogging. Weight, 80 pounds. Shipped direct from factory in Northern Illinois.

No. 32T527 Steel Beam Potato Digger.
Price.....$6.20

Combination Potato Hiller and Digger.



A practical combined tool, made of the very best of materials and built on correct principles. Will do much more satisfactory work in hilling than can be done with the ordinary wing shovel plow. It hills the rows high or low, leaves the soil loose and destroys the weeds. The hiller moldboard and point can be removed and the digger point attached in its place. As a digger it works perfectly, digging the potatoes thoroughly, leaving them on top of the soil in excellent condition, where they can be easily picked up. Furnished complete with gauge wheel. Shipped direct from factory in Southeastern Wisconsin.

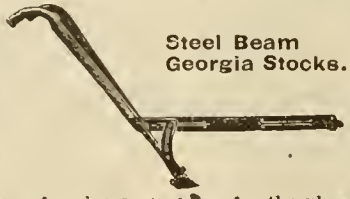
No. 32T530 Potato Hiller only. Weight, 70 pounds. Price.....$5.80
No. 32T531 Potato Digger only. Weight, 65 pounds. Price.....$5.75
No. 32T532 Combination Potato Hiller and Digger. Weight, 90 pounds. Price.....$7.50

14-Tooth Steel Frame Harrows.

Can be used for working very closely to small plants, such as tobacco, cotton, potatoes, etc. It thoroughly pulverizes, but throws no dirt on plants. It is also used as a straight diamond tooth harrow, also as a smoother, with sharp points down, in order to cut and level the surface, the tooth with shear end down being less liable to injure young plants. Adjustable from 10 inches to 36 inches wide. Our 32T582 outside handle braces are a desirable addition to this tool.

No. 32T550 Harrow, without adjusting lever or front wheel. Weight, 51 pounds. Price.....$2.43
No. 32T551 Harrow, with lever, but without wheel. Weight, 59 pounds. Price.....$2.75
No. 32T552 Harrow, with lever and wheel. Weight, 67 pounds. Price.....$3.05
No. 32T553 Extra teeth. Price, each.....05

Steel Beam Georgia Stocks.



Our Steel Beam Georgia Stocks combine lightness and strength. The beams are made of a plate of steel, formed in the shape of a U bar, the rear part of the beam forming a steel box for the plow handles. Length from end of beam to foot, same as 4 foot wood beam stock. Can be used with numbers 32T421, 32T564, 32T565, or 32T567 blades, **or with cultivator shovels,** teeth or sweeps of any description, making a convenient all around stock. Weight, 23 pounds.

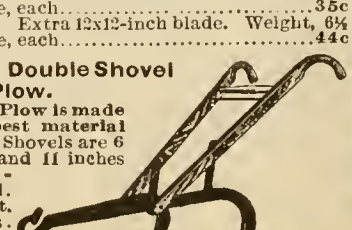
No. 32T556 Georgia Stock. Price.....$1.10

Steel Beam Single Shovel Plows.

These Single Shovel Plows are made of the very best material. **There is no other plow on the market that will compare with them.** Well made and nicely finished. Beams made of 1¾x¾-inch steel. Weight, 32 lbs.

No. 32T562 Single Shovel Plow, with blade 10 inches wide by 12 inches long. Price.....$1.39
No. 32T563 Single Shovel Plow, with blade 12 inches wide by 12 inches long. Price.....$1.48
No. 32T564 Extra 10x12-inch blade. Weight, 5½ pounds. Price, each.....35c
No. 32T565 Extra 12x12-inch blade. Weight, 6¼ pounds. Price, each.....44c

Steel Beam Double Shovel Plow.



This Shovel Plow is made of the very best material throughout. Shovels are 6 inches wide and 11 inches long, of hardened steel. Width of cut, 20 inches. Beams made of 1½ x ⅝-inch steel. Weight, 34 pounds.

No. 32T566 Double Shovel Plow. Price..$1.50
No. 32T567 Extra shovels. Weight, 4¾ pounds. Price, each.....26c

Five-Tooth Steel Frame Cultivator.

This is the strongest, cheapest and absolutely the best 5-tooth cultivator made. Has adjustable teeth to suit all kinds of soil, adapted to the cultivation of corn, potatoes, cotton, tobacco, beets, and in fact to all crops which are planted in rows or hills. Made entirely of steel except the handles, making a stiff, strong and almost indestructible tool. Sweeps can be used on this cultivator as well as ordinary cultivator teeth. Made with and without adjusting lever. Can be adjusted from 8 inches to 30 inches wide. Our Nos. 32T581, 32T582 and 32T586 are desirable additions to this tool.

No. 32T577 Cultivator, without adjusting lever or front wheel. Weight, 47 pounds. Price.....$2.13
No. 32T578 Cultivator, with lever but without front wheel. Weight, 55 pounds. Price.....$2.57
No. 32T579 Cultivator, with lever and front wheel. Weight, 63 pounds. Price.....$2.87

Five-Tooth Steel Frame Lever Cultivator.

With Depth Regulating Wheels and Best Horse Hoe Attachment.

This is the same Cultivator as No. 32T578, except that it is fitted with **best horse hoe attachments, lever wheel, rear wheel depth regulator, and outside handle braces.** This rear wheel depth regulator will relieve the operator from all strain in holding cultivator from running too deep. It will make the **cultivator run more steadily, and can be gauged instantly, while in motion.** It is used also for transporting from field to field without lifting the cultivator. The lever wheel enables the operator to change the depth in a moment and while in motion and to turn easily at the end of the row. By the lever expander the width also can be changed instantly. The outside handle braces make the cultivator very solid and rigid. **We especially recommend this cultivator,** as with these attachments the tool can be used for cultivating almost any crop. Weight, 94 pounds. Our No. 32T581 and No. 32T586 are desirable additions to this tool.

No. 32T580 Cultivator, with depth regulating wheels, outside handle braces and best horse hoe attachments. Price.....$4.45

Seven-Tooth Cultivator Extensions.

These Cultivator Extensions can be ordered separately and attached to any of our five-tooth cultivators, making of them seven-tooth cultivators. The extra teeth attach to the rear end of the outside frames. Weight, 13 pounds.

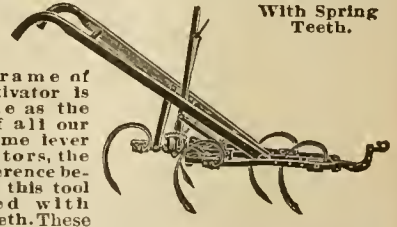
No. 32T581 Cultivator Extensions. Per set..73c

Extras for Five-Tooth Cultivators and Fourteen-Tooth Harrows.

No. 32T582 Outside handle braces. Weight, 2½ pounds. Price, per pair.....17c
No. 32T583 Plain front wheels. Weight, 5 pounds. Price, each.....30c

Five-Tooth Steel Frame Lever Cultivator.

With Spring Teeth.



The frame of this cultivator is the same as the frame of all our steel frame lever cultivators, the **only difference being that this tool is fitted with spring teeth.** These teeth may be set at any angle, and can be furnished apart from the cultivator and used on either of our lever or rigid frame cultivators of this series. This is a very popular tool, and one which is preferred by many farmers and gardeners. When the teeth are furnished as extras, they are supplied with the blocks for attaching them to the cultivator.

No. 32T585 Spring Tooth Cultivator, with adjusting lever. Weight, 60 pounds. Price.....$2.98
No. 32T586 Set of five spring teeth, complete with blocks. Weight, 20 pounds, Price.....$1.08

Reversible Cultivator Teeth.

Reversible Cultivator Teeth, complete with bolts. Made of high grade plow steel. **Nicely polished.** Can be attached to any cultivator or stock.

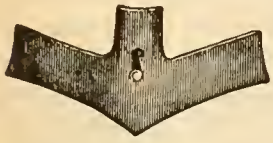
No. 32T590 4 inches wide. Weight, 1 pound. Price, each.....8c
No. 32T591 3 inches wide. Weight, 14 ounces. Price, each.....7c
No. 32T592 2 inches wide. Weight, 13 ounces. Price, each.....6c
No. 32T593 1¼ inches wide. Weight, 10 ounces. Price, each.....5c

Our Best Horse Hoe Attachments.

Our Best Horse Hoe Attachments are for use on all five-tooth cultivators. They consist of a center, right and left hand hoe and are made to swivel without detaching them from the standard, so that the dirt is thrown to or from the crop, an entirely new feature in attachments. This is by far the most perfect attachment made. Weight, 15 pounds.

No. 32T598 Best Horse Hoes. Price, per set..85c

Cultivator Sweeps.



Best Grade Steel Cultivator Sweeps or Shovels. Can be used on any of our 5-tooth cultivators. When three are used on the rear of cultivator it makes an excellent tool for flat cultivation in orange groves and in cotton, peanuts and garden vegetables. Five can be used at once, if you so desire, set to run deep or shallow.

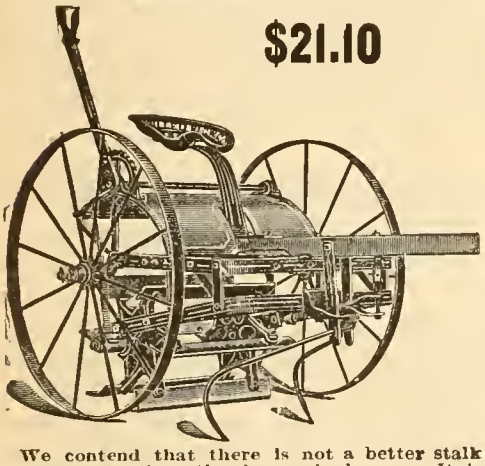
No. 32T602 Size, 10 inches. Weight, 1 pound 5 ounces. Price, each.....16c

No. 32T603 Size, 12 inches. Weight, 1 pound 9 ounces. Price, each.....18c

No. 32T604 Size, 14 inches. Weight, 1 pound 10 ounces. Price, each.....20c

Acme Stalk Cutter.

$21.10



We contend that there is not a better stalk cutter made than the Acme single row. It is thoroughly and perfectly balanced, there being no weight on the horses' necks when it is in use. The knives are of the best tool steel; they will carry a good edge and give satisfaction. The stroke is a chop, which is acknowledged to be the only way to successfully cut stalks. The frame is all steel. The wheels are steel, and high, making light draft, and also have adjustable boxes. Has a draft equalizing spring, the pull comes on this, so there is no jerk caused by the striking motion of the cylinder. The hooks for raking the stalks in line are made of spring steel, and raise automatically, every time the cylinder does. Any tension desired can be given to force cylinder down, by collar on raising lever rod. The cylinder bearings are well protected from dirt, dust, etc., by adjustable boxes and bands. Price does not include whiffletrees or neckyoke. Weight, 490 pounds. Shipped direct from factory in Northern Indiana.

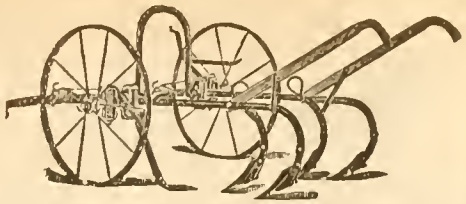
No. 32T611 Acme Stalk Cutter. Price...$21.10

Our $6.25 Acme Weeder.

With our Acme Surface Cultivator or Weeder, corn, peas, beans, potatoes and all planted or sown crops can be cultivated with about one-half the labor and expense required by any other mode of cultivation. It kills the weeds while they are small, therefore there are never any large ones. It breaks the crust and forms a mulch which holds the moisture. It promotes a rapid growth while the plants and roots are young and carries them through drouths without injury. Contains 35 best quality steel teeth. Width, 7 feet. End sections, which are each 2 feet long, can be taken off, leaving the weeder 3 feet wide, for use in narrow places. Weight, 75 pounds. Shipped direct from factory in Western Michigan.

No. 32T616 Acme Weeder. Price..... ..$6.25

The Kenwood Tongueless Cultivator.



Steel arch, steel beams, steel wheels. The springs are so arranged that the wheels are always kept in line of draft, consequently it will not fall down like most tongueless cultivators, and can be backed or wheeled around by use of the handles. The gangs work independently of each other, consequently each horse pulls his own plow; thus equalization is perfect. The shovel posts are adjustable on the beams by means of a ratchet, giving the shovels any desired angle so as to get the proper suction in any kind of soil. The gangs can be raised or lowered, and set at any distance in or out from each other, to suit the user. The handles are adjustable. Price includes whiffletrees and fenders. Weight, 170 pounds. Shipped direct from factory in Southwestern Ohio.

No. 32T618 With four 5-inch break pin shovels and two bull tongue blades.....$11.60

No. 32T619 With six 3-inch break pin shovels.....$12.25

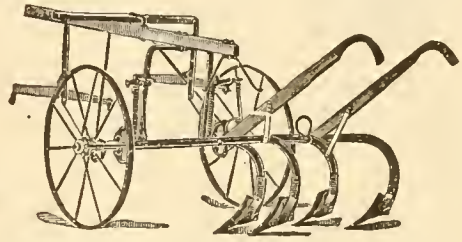
No. 32T620 With eight 3-inch break pin shovels.....$12.85

No. 32T621 Spring Trip Cultivator. With four 5-inch shovels and two bull tongue blades....$13.75

NOTE—Spring trips cannot be used on six or eight-shovel cultivators.

Kenwood Single Tongue Cultivator.

With Steel Arch, Steel Beams, Steel Wheels.



The above illustration represents our Kenwood Cultivator, which is a great improvement over all others of its class, being a perfect tongue cultivator in every respect. The wheels, being hinged to the frame or arch, are always in line with the draft of the team and turn easily and naturally; it makes no difference in what position the team may be. Other cultivators having the vibrating movement and the wheels attached rigidly to the frame or arch, are always parallel to the frame, and when the team is turning and one horse stands ahead of the other the wheels must scrape or slide sidewise, thus making it hard on the team and liable to break the wheels or axle. This hinging of the wheels to the axle is a feature that belongs to the Kenwood exclusively. Has malleable break pin and low hitch.

This is one of the most popular cultivators on the market, and there are more of them in use in Iowa, Kansas, Nebraska, Missouri and Illinois than any other three cultivators made. It is built in the most thorough and substantial manner, and has all the modern improvements known to walking cultivators. The springs are so made as to carry the weight of the gangs, but with no tendency to hold the shovels out of the ground. Price includes whiffletrees, neckyoke and fenders. Weight, 215 pounds. Shipped direct from factory in Southwestern Ohio

No. 32T622 With four 5-inch break pin shovels and two bull tongue blades.....$12.60

No. 32T623 With six 3-inch break pin shovels.....$13.70

No. 32T624 With eight 3-inch break pin shovels.....$14.45

No. 32T625 Spring Trip Cultivator. With four 5-inch shovels and two bull tongue blades....$14.75

NOTE—Spring trips cannot be used on six or eight-shovel cultivators.

Kenwood Double Tongue Cultivator.

This is practically the same as our single tongue cultivator, except that the arch is made to receive the double tongue, which some prefer instead of the single tongue. Price includes whiffletrees, neckyoke and fenders. Weight, 220 pounds. Shipped direct from factory in Southwestern Ohio.

No. 32T626 With four 5-inch break pin shovels and two bull tongue blades.....$13.25

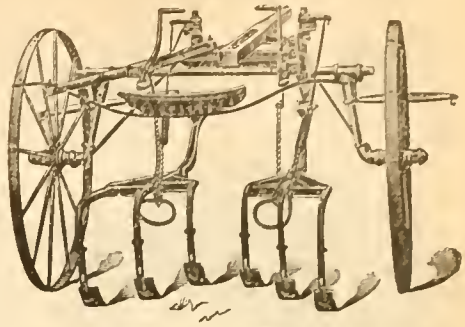
No. 32T627 With six 3-inch break pin shovels.....$14.35

No. 32T628 With eight 3-inch break pin shovels.....$15.10

No. 32T629 Spring Trip Cultivator. With four 5-inch shovels and two bull tongue blades....$15.40

NOTE—Spring trips cannot be used on six or eight-shovel cultivators. If so ordered, we will furnish our tongueless or single or double tongue cultivators, with either 2-inch or 2½-inch shovels, in place of regular shovels.

Our Kenwood All Steel Combined Riding and Walking Cultivator.



These cultivators have been thoroughly tested for many years by practical farmers, and pronounced an entire success. With this cultivator the team is hitched close to the work and practically direct to the shovel beams. Each horse is made to pull his own gang of shovels, and it entirely does away with the vibrating or swinging of the tongue. Has patent double hitch, which perfectly controls the tendency of the tongue to rise up when the operator rides, and takes the weight off the horses' necks when he walks. Has springs which can be adjusted to carry the shovels to any desired lift or to be non-acting when at work. These cultivators are made entirely of steel with the exception of the pole, and are first class in every particular. These cultivators handle very easily; they run light for the team, and are the finest machines on the market for the cultivation of corn and cotton. If a person has a riding cultivator of this kind, he can get over much more ground than he can with a walker, and being free to use his hands in driving the team, can do much more effective work than he can with a walking cultivator, where his hands are occupied in handling the gang. We guarantee these cultivators to be equal to any on the market, and will cheerfully refund your money if not found satisfactory in every respect. Price includes whiffletrees, neckyoke and fenders, and also the cultivator handles. Weight, 550 pounds. Shipped direct from factory in Southwestern Ohio.

No. 32T645 With four 5-inch break pin shovels and two bull tongue blades.....$18.20

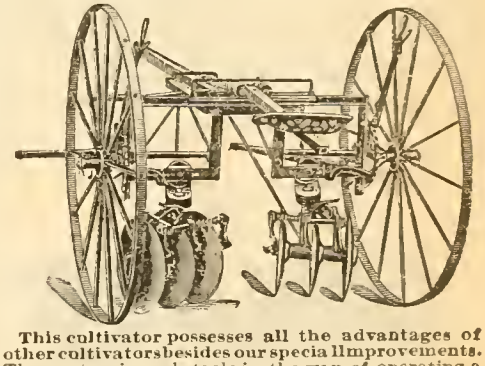
No. 32T646 With six 3-inch break pin shovels.....$19.05

No. 32T647 With eight 2-inch break pin shovels.....$19.90

No. 32T648 Spring Trip Cultivator. With four 5-inch shovels, and two bull tongue blades....$20.45

NOTE—Spring trips cannot be used on six or eight-shovel cultivators. 2-inch or 2½-inch shovels will be furnished in place of 3-inch or 5-inch shovels if so ordered.

Kenwood Riding Disc Cultivator.

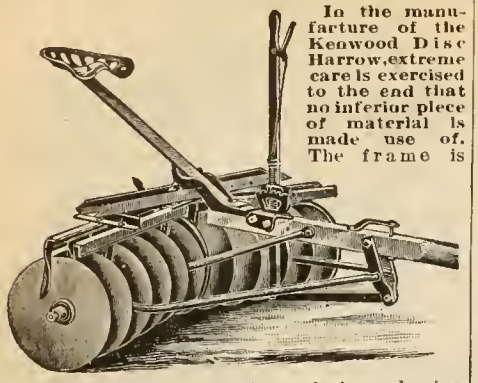


This cultivator possesses all the advantages of other cultivators besides our special improvements. The most serious obstacle in the way of operating a disc cultivator is the difficulty in guiding the discs so as to dodge irregular rows of corn. The pressure of the dirt is lateral against the discs, hence they cannot be moved from side to side with the feet, as is done with the shovel cultivator. The dodging of discs has been done heretofore by means of pressing one of the gangs of the cultivator deeper into the ground than the other. But this action lifted the opposite gang out of the ground, so while the guiding of one was being done the other was doing no work. In this cultivator each gang is provided with a pressure spring by means of which the discs can be set to cut any desired depth, and as these springs are controlled by means of levers attached to the main frame of the cultivator, the discs can be set to cut a uniform depth on both sides, and by the same means the weight of the whole cultivator and driver combined can be thrown upon the discs, thus making it possible for the Kenwood to cultivate successfully where any other cultivator would fail. Scrapers are made so that by the pressure of the foot the disc can be cleaned from the center to the extreme circumference, an entirely new device. Price includes whiffletree and neckyoke. Weight, 500 pounds. Shipped direct from factory in Southwestern Ohio.

No. 32T671 Riding Disc Cultivator, with six 16-inch discs. Price..... $26.75

GIVE CATALOGUE NUMBER IN FULL WHEN YOU WRITE YOUR ORDER

Our Kenwood Steel Frame Disc Harrow.



In the manufacture of the Kenwood Disc Harrow, extreme care is exercised to the end that no inferior piece of material is made use of. The frame is made of 1⅛x1½x⅜-inch angle steel pieces, having strength to withstand any test that the harrow may be put to. The axles are made of 1-inch square steel, every one being thoroughly tested before being placed in the machine. The discs have square holes to accommodate the axle, as also do the spools, so they all together form a solid piece, making it impossible for the discs to become loose on the axle. **The boxings are made on correct principles and are arranged to make the machine the lightest draft possible.** They are made in three parts, easy to adjust, and dust and dirt cannot accumulate in them. There is no wear on the boxings at the end, because we allow the gangs to come together at an angle, with all pressure against the buffer washers; no pressure on the boxings. There is no draft from the frame; the draft is entirely from the axles, four draft rods being attached directly in front of the boxings.

Eveners and whiffletrees are furnished free with all machines. Unless otherwise ordered harrows with 8, 10 or 12 discs will be furnished with 2-horse hitch, harrows with 14 discs will have 3-horse hitch, and harrows with 16 discs will have 4-horse hitch, but we will furnish either 3 or 4-horse hitch with any size, if so ordered. Price is for harrow complete as described, and with single lever. **Shipped direct from factory in Southwestern Ohio.**

For Double Lever Harrow add $1.00

Our Improved Disc Harrow with Seeder Attachment.

This Improved Disc Harrow with seeder attachment has the same features as is found in drills, except that the seed is scattered broadcast in front of the blades where it is covered. **It has a perfect force feed, which is a very essential feature; it is driven from both sections, and the drive chain is always in line; the driver sits where he can see at all times whether the seeds are discharged properly; it has a perfect index, showing the quantity sown to the acre; has a covering hoe in the center, back of and between the center discs; it is nicely and substantially put up in every way. The harrow is our regular Kenwood Steel Frame Disc Harrow, and unless otherwise ordered, is furnished with two-horse hitch.**

Please note that the seeder can be taken off and the disc used as a separate machine, giving you two perfect machines in one, or that one-half of seeder can be removed and the other half used. Shipped direct from factory in Southwestern Ohio.

No. 32T700 Disc Harrow Seeder, with 12 16-inch discs. Weight, 550 pounds. Price.....**$31.10**

No. 32T703 Disc Harrow Seeder, with 12 18-inch discs. Weight, 595 pounds. Price.....**$33.50**

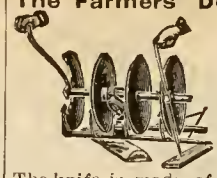
The Farmers' Delight Disc Sharpener.

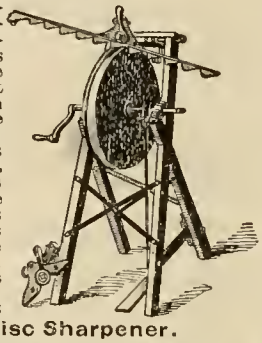


A simple and practical device for sharpening and polishing disc harrows and disc cultivators. Any disc harrow can be sharpened and polished without taking discs apart. It is made entirely of steel, and the only one manufactured using an emery block to polish and put a razor edge on the disc. The knife is made of very best tool steel, and can be sharpened on any grindstone. Weight, 6½ pounds.

No. 32T725 Disc Sharpener. Price.....**$1.25**

No. 32T726 Extra cutter knives. Price, each .22

Our Boss Sickle Grinder.



This implement comprises a first class grindstone with sickle grinder attachment, and as either is worth double its cost. The cost of it is a trifle more than the ordinary **grindstone** and it will answer for all purposes. The stone is **accurately centered, hung true, and does perfect work.** The diameter of the stone is 18 inches; it is 2¾ inches thick and the complete outfit weighs 112 pounds.

No. 32T728 Boss Sickle Grinder.

Price.....**$3.63**

Kenwood Disc Sharpener.

Greatly improved for this season. Back geared, most powerful machine of the kind made, saves its cost in sharpening one or two machines. For sharpening disc harrows and cultivators. A bonanza for blacksmiths, a money maker for the dealer. Will sharpen discs from 12 to 20 inches diameter. Our perfect centering device will center accurately any disc. Most convenient and practical disc sharpener made. There is no chattering or jumping of the cutter. One cutter will sharpen one dozen sets of discs. Has our improved roller carrier for the disc. The double gear makes the disc revolve slowly, and gives twice the power of other machines. We can furnish a pully 10x2½ inches so that the sharpener can be run by power.

No. 32T731 Kenwood Disc Sharpener. Weight, 40 pounds. Price.....**$2.54**

No. 32T732 Pulley for power. Weight, 10 pounds. Price.....**84c**

No. 32T733 Extra cutter knives. Price, each, **23c**

FREIGHT IS A SMALL ITEM.

BY noting the weight in the description of the goods and referring to the introductory pages of this catalogue you can calculate what the freight will cost you without first writing to us, and in every case you will find it will amount to next to nothing compared to the saving in price.

Mower and Reaper Sections.

We are prepared to furnish the very best quality of mower and reaper sections, as listed below, put up in boxes of 20 sections, including 40 rivets for same, a few of the rivets being long for use under the knife head. These sections are of standard make, and are perfect in every respect. We do not furnish sections other than those we list, nor do we break boxes or furnish rivets separately. Price is for box of 20 sections, including rivets. When ordering, give catalogue number and full description, and send paper pattern of old section, showing size of section and location of rivet holes.

Weight, about 3 pounds per box.

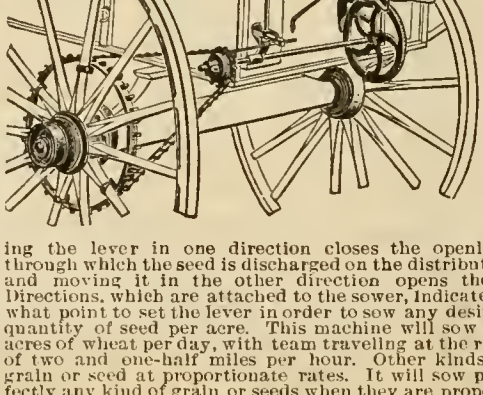
No. 32T788 Plano, 3x2$_{1}^{7}$, used on all binders since 1884.

OUR $5.25 KENWOOD ENDGATE BROADCAST SEEDER.

Fig. 1.



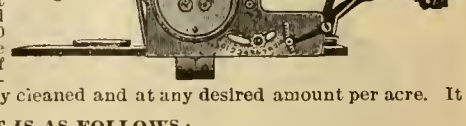
This seeder is so well known that it scarcely needs a description. It will be found in the store of nearly every implement dealer, and the dealer would charge you from $8.00 to $10.00 for the machine.

Figure 1 shows the seeder as it appears when attached to the end of the wagon and ready for use. The large sprocket wheel attaches to the left hind wheel of the wagon, being secured by two spoke clips and two hook bolts, which we furnish. The driving chain is No. 34 link belting, 10 feet long, running onto a sprocket wheel which is fitted with a spring clutch, so that in starting there is no sudden jar or strain on the gearing. It also shows plainly the arrangement of the main shaft, spring clutch, small sprocket wheel, shifting lever, gearing and seed distributor.

Figure 2 is a top view of the seeder with hopper removed, showing the cut-off slides, the stirring pin and shaft cap, the seed openings and the lever which adjusts the size of these openings.

The feeding device of this machine consists of two steel plates each having two square holes the full size of the feed opening punched in them. These plates are connected by links, which cause the plates to move in opposite directions. They are actuated by a single lever which moves in a graduated segment, as shown in the top view of the sower. Moving the lever in one direction closes the openings through which the seed is discharged on the distributor, and moving it in the other direction opens them. Directions, which are attached to the sower, indicate at what point to set the lever in order to sow any desired quantity of seed per acre. This machine will sow 100 acres of wheat per day, with team traveling at the rate of two and one-half miles per hour. Other kinds of grain or seed at proportionate rates. It will sow perfectly any kind of grain or seeds when they are properly cleaned and at any desired amount per acre. It will also sow fertilizers, lime, ashes, etc.

Fig. 2.



THE WIDTH OF CAST IS AS FOLLOWS:

Wheat.....from 36 to 40 feet wide	Clover.....from 14 to 16 feet wide
Barley, rye and rice.....from 30 to 34 feet wide	Hungarian and millet.....from 12 to 14 feet wide
Oats.....from 28 to 32 feet wide	Timothy.....from 12 to 14 feet wide
Flax.....from 20 to 24 feet wide	Plaster, salt, etc.....from 16 to 20 feet wide

The end board and the main shaft of the Kenwood Endgate Broadcast Seeder are each made long enough so that the machine can be used on either a wide or narrow track wagon, or a wide or narrow bed. Price is for the seeder delivered free on board cars at the factory in Southeastern Wisconsin.

No. 32T800 Endgate Seeder, complete. Weight, 100 pounds. Price.....**$5.25**

Five-Hoe One-Box Grain Drill.

The New Five-Hoe One-Box Grain Drill is used principally for drilling between corn rows or putting in grain with one horse. **Part of the holes can be stopped,** which makes it an excellent corn, bean or pea drill also for beets and other coarse seed. Can be adjusted from 35 to 45 inches wide.

Shipped direct from factory in Eastern Indiana.

No. 32T810 Drill, with plain hopper. Weight, 145 pounds. Price..... **$10.75**

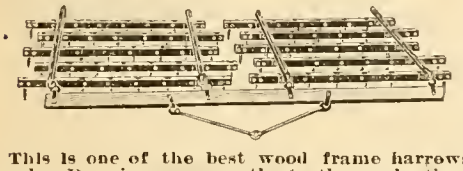
No. 32T811 Drill, with fertilizer hopper. Weight, 200 pounds. Price..... **$17.75**

Our 11-Foot Broadcast Seeder.

Our Low Down Broadcast Seeder has an agitator feed and sows all kinds of grain or grass seed upon this principle. It is simple in construction, easily operated and does perfect work. Axles are 1⅛-inch steel, running from one wheel to the other. The steel wheels are 36 inches diameter and have wide tires. Seed box is deep, of large capacity and is divided into compartments to prevent banking at the ends on hilly ground. The frame is heavy and strong, and the seeder is built throughout of first class materials. **We offer this seeder at about one-half the price you would pay your local dealer for the same machine.** Weight, 350 pounds. **Shipped direct from factory in Eastern Indiana.**

No. 32T816 11-foot Seeder. Price..... **$13.30**

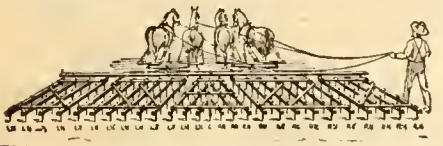
Flexible Wood Frame Harrows.



This is one of the best wood frame harrows made. Drawing one way the teeth are slanting, drawing the other way the teeth are perpendicular. The frames are flexible, allowing the harrow to adjust itself to uneven surfaces. As the harrow can be used both ways, you get service from both sides of the teeth and less sharpening is required. Made of well seasoned hardwood, strongly riveted at each tooth, five bars to the section. Teeth are ½-inch square steel with either dagger or center point. **Dagger point teeth will be sent unless otherwise ordered.** For harrowing corn or potatoes or as a smoothing or leveling harrow, there is nothing superior. Price includes draw bar. **Shipped direct from factory in Southeastern Wisconsin.**

	Sections	Teeth	Cut	Weight	Price
No. 32T845	1	40	5¾ ft.	110	**$ 4.60**
No. 32T846	2	80	11½ ft.	215	**8.75**
No. 32T847	3	120	17¼ ft.	320	**12.85**
No. 32T848	4	160	23 ft.	425	**16.85**

Boss Harrows.



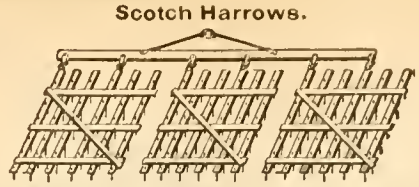
This harrow is constructed to accomplish the greatest amount of work in the least possible time, and in such a manner that the farmer can have two or more harrows by purchasing one, the changes being made by adding or taking off the sections as a narrow or wide harrow is wanted. The bars and eveners are made **of the very best seasoned hardwood.** Teeth are ½ inch square steel with either dagger or center point. **Dagger point teeth will be sent unless otherwise ordered.** The sections are independent and connected with evener by eye bolts so as to secure a perfect hitch, allowing the sections flexibility and vibration without permitting the teeth to drag or follow each other. The two-horse harrow consists of center section and two narrow sections adjoining. The three-horse harrow consists of center section and two wide sections adjoining. The four-horse harrow consists of center section, two wide and two narrow side sections. **We furnish draw bars to match number of sections ordered. The price quoted is for the harrow delivered on board the cars at the factory in Southeastern Wisconsin.**

No. 32T850 Two-horse Boss Harrow, 78 teeth, cuts 13 feet. Weight, 190 pounds. Price..... **$5.95**

No. 32T851 Three-horse Boss Harrow, 102 teeth, cuts 16½ feet. Weight, 240 pounds. Price..... **$7.75**

No. 32T852 Four-horse Boss Harrow, 150 teeth, cuts 26 feet. Weight, 360 pounds. Price..... **$11.20**

Scotch Harrows.



Our Scotch Harrows are made of the best well seasoned hardwood, well riveted—not nailed, teeth mortised in. We use ¼-inch square teeth with either dagger or center point. **Dagger point teeth will be sent unless otherwise ordered.** Do not confuse this harrow with the cheap, nailed together harrows now being put on the market. They are well finished and made for use as well as sale. Cuts about 2 feet wide for every 12 teeth. Price includes draw bar. **Shipped direct from factory in Southeastern Wisconsin.**

No. 32T856 Scotch Harrow, 2 sections, 48 teeth. Weight, 115 pounds. Price..... **$3.82**

No. 32T857 Scotch Harrow, 2 sections, 60 teeth. Weight, 135 pounds. Price..... **$4.78**

No. 32T858 Scotch Harrow, 2 sections, 72 teeth. Weight, 165 pounds. Price..... **$5.62**

No. 32T859 Scotch Harrow, 3 sections, 72 teeth. Weight, 175 pounds. Price..... **$5.68**

No. 32T860 Scotch Harrow, 3 sections, 90 teeth. Weight, 195 pounds. Price..... **$7.02**

Special Scotch Harrows.

Same as above except that the teeth are ⅝ inch by ⅞ inch with diamond shear point.

No. 32T861 Special Scotch Harrow, 2 sections, 48 teeth. Weight, 125 pounds. Price..... **$4.06**

No. 32T862 Special Scotch Harrow, 2 sections, 60 teeth. Weight, 150 pounds. Price..... **$5.08**

No. 32T863 Special Scotch Harrow, 2 sections, 72 teeth. Weight, 180 pounds. Price..... **$5.98**

No. 32T864 Special Scotch Harrow, 3 sections, 72 teeth. Weight, 190 pounds. Price..... **$6.04**

No. 32T865 Special Scotch Harrow, 3 sections, 90 teeth. Weight, 225 pounds. Price..... **$7.47**

Angle Bar Harrows.

Our Wood Frame Angle Bar Harrows are made with well seasoned, best hardwood frame with heavy strips bolted to frame, which makes it rigid and strong. With this harrow you can harrow lengthways of sod and **the teeth will not track.** It also harrows square up on the ends and requires no lap to complete the work. We use ½-inch square teeth with either dagger or center point. **Dagger point teeth will be sent unless otherwise ordered.** Cuts about 2 feet wide for every 12 teeth. Price includes draw bar. **Shipped direct from factory in Southeastern Wisconsin.**

No. 32T866 Angle Bar Harrow, 2 sections, 48 teeth. Weight, 125 pounds. Price..... **$3.85**

No. 32T867 Angle Bar Harrow, 2 sections, 60 teeth. Weight, 150 pounds. Price..... **$4.80**

No. 32T868 Angle Bar Harrow, 2 sections, 72 teeth. Weight, 180 pounds. Price..... **$5.65**

No. 32T869 Angle Bar Harrow, 3 sections, 72 teeth. Weight, 190 pounds. Price..... **$5.70**

No. 32T870 Angle Bar Harrow, 3 sections, 90 teeth. Weight, 210 pounds. Price..... **$7.05**

Special Angle Bar Harrows.

Same as above except that the teeth are ⅝ inch by ⅞ inch with diamond shear point.

No. 32T871 Special Angle Bar Harrow, 2 sections, 48 teeth. Weight, 140 pounds. Price..... **$4.09**

No. 32T872 Special Angle Bar Harrow, 2 sections, 60 teeth. Weight, 175 pounds. Price..... **$5.10**

No. 32T873 Special Angle Bar Harrow, 2 sections, 72 teeth. Weight, 190 pounds. Price..... **$6.01**

No. 32T874 Special Angle Bar Harrow, 3 sections, 72 teeth. Weight, 200 pounds. Price..... **$6.06**

No. 32T875 Special Angle Bar Harrow, 3 sections, 90 teeth. Weight, 260 pounds. Price..... **$7.50**

Wood Frame Lever Harrows.

Bars are made of the best seasoned hardwood, with rivet at each tooth, making the harrow strong and durable. Teeth are ½ inch square steel with either dagger or center point. **Dagger point teeth will be sent unless otherwise ordered.** Each section has five bars with thirty teeth to the section. **The ratchet permits of several adjustments in the angle of the teeth,** giving the necessary range for all kinds of work or soil. Harrow can be tilted to rest on the runners so that it can be moved about without loading in a wagon. A light, strong, durable and very convenient harrow. Price includes draw bar. **Shipped direct from factory in Southeastern Wisconsin.**

	Sections	Teeth	Weight	Price
No. 32T876	1	30	100 lbs.	**$ 4.50**
No. 32T877	2	60	195 lbs.	**8.70**

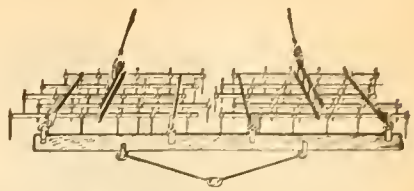
Acme All Steel Lever Harrow.



Our All Steel Lever Harrows are made of Bessemer steel. Light, strong and durable. The teeth can be adjusted to any degree or cut, or taken out for resharpening. These harrows have runner teeth at each corner of each section, so that harrow can be moved about without riding on the teeth. Furnished complete with draw bar. **Guaranteed to be equal to any all steel lever harrow made or money refunded.** Steel teeth, ½-inch square, with center point. Each section cuts about 5 feet. **Shipped direct from factory in Southwestern Ohio.**

		Weight	Price

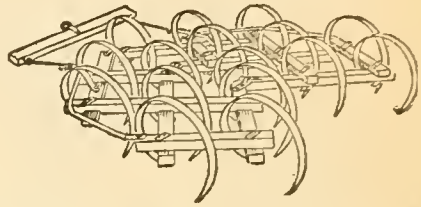
Acme Spring Tooth Harrows.



This is the best spring tooth harrow ever sold. The frame is made of hardwood teeth made of the finest spring steel, standard length and size, tempered in oil, firmly bolted to cross bars. The stump guard runs around the harrow outside of teeth, which is a **great protection to the teeth.** We use a tooth attachment on all of these harrows, which is the best on earth. Furnished either with or without steel bottom lining. **Price includes drawbar. All harrows have stump guard. Shipped direct from factory in Southern Michigan.**

Acme Lever, Steel Frame, Spring Tooth Harrow, with Seventeen Teeth.

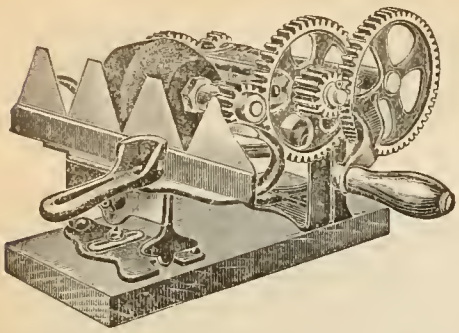
The main frame is made of steel of great strength, and entirely surrounds the teeth, so that no projection exteeds outside of the frame to engage any obstructions. **The cross bars are of 1¼-inch structural tubing. The front bars carry four teeth, the middle bars six teeth, and the rear bars seven teeth.** The teeth fasten on with clips, the teeth passing under the bar and are held by the compression of the clip. **The teeth are of the regular size, 1¾-inch wide by ¼-inch thick and standard length, and they can be so adjusted by the use of the clip that the points of the teeth can always be in line. Teeth are made from open hearth spring steel, oil tempered, carefully tested and warranted. The carrying wheels** have a broad rim and the bearings are chilled, which lessens the friction and draft, making the harrow run lighter. Can be furnished with wide shoes of tempered steel, to carry the harrow free from the ground, instead of with wheels as shown in illustration. Weight, about 300 pounds. Cuts 6 feet. **Shipped direct from factory.**

No. 32T892 Steel Frame, Spring Tooth Harrow, on wheels. Price..... **$14.80**

No. 32T893 Steel Frame, Spring Tooth Harrow, on shoes. Price..... **$13.80**

No. 32T894 Extra Teeth. Price, each.... **.96**

Our $2.78 Improved Gem Automatic Grinder.



The Improved Gem Automatic Combination Sickle and Tool Grinder and Saw Gummer is the handiest and most practical machine ever put on the market. Every farmer knows that the task of sharpening mower knives is difficult and unsatisfactory in the old and ordinary ways. With the Gem Grinder you simply place the sickle bar in position, turn the clamp and the machine does the rest. A boy ten years old can do the work and do it well. The knives are in such a position when grinding that you can see what you are doing, and see when knives are ground to an edge, which is not possible with many other grinders. It grinds both sides of a section simultaneously. The stone oscillates with each turn of the crank; that is, it works up and down, so that the heel of section is ground as perfectly as the point. **It is easily adjusted** and will work readily **on old or new, short or long sections, and will grind out all nicks.** Can be furnished with beveled emery wheel for grinding sickles, or flat emery wheel for grinding tools, or with both wheels. We can also furnish a beveled edge emery wheel for gumming cross cut and circular saws. It is not necessary, to buy two machines, as the wheels are interchangeable. By simply changing wheels, which can be done in an instant, no tools being required, you have **a combination grinder** that will grind sickles, axes, corn knives, scythes, ledger plates, discs, harrow and cultivator teeth, etc., which a common grindstone will not do. No mechanic or farmer should be without the machine, as it will pay for itself in one month. Weight, 18 pounds.

No. 32T924	Grinder, with tool stone only...	$2.79
No. 32T925	Grinder, with sickle stone only..	2.78

Improved Barrel Headers or Fruit Presses.

For heading up barrels of all kinds; apples, potatoes, fish, etc. The advantage this press has over all other lever presses is: **Its side clamps are of one piece,** there being no joints to bind. Its movement is quick and powerful. Weight, 14 pounds.

No. 32T937 Barrel Header. Price, each.....95c

Perfect Screw Press or Header.

Our Perfect Screw Press has the follower attached to screw. The follower attached thus, can revolve and is taken up with the screw after the barrel is headed; the screw is of 1-inch iron. The side clamps are steel and are fastened to the head with two bolts. Weight, 15 pounds.

No. 32T938 Screw Press. Price, each..... $1.05

Perfection Burning Brands.

Every tool and implement on your place should be effectually marked. With the perfection burning brands every article having a wooden surface of sufficient size can be so marked very quickly and easily. If a marked tool is lost the finder quickly locates its owner, and a tool which is marked is not likely to be stolen. No farm, shop, elevator, store, mill or factory, or owner of tools can afford to be without a burning brand when one can be obtained at the exceedingly low price at which we sell them. Each burning brand furnished with either three or four letters of your own selection.

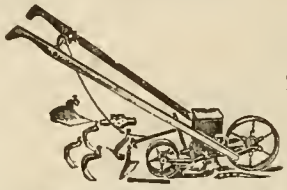
PLANET JR. GARDEN TOOLS.

The Planet Jr. No. 5 Hill and Drill Seeder.

We all know that a gardenseedsowerthat does not drop in hills is fast becoming a thing of the past, for there are but few now who do not wish to plant beans and corn, spinach and salsify, carrots and turnips, parsnips and beets, in hills. **All crops that are to be grown from seed and then thinned to a regular stand, should be planted in hills and at just the distance apart the plants are desired. The new No. 5 Planet Jr. drops at 6, 8, 12 and 24 inches apart.** It drops without injury, can be changed from hill to drill or from one distance to another very quickly and without any changing of bolts; **a neat, clear index,** with brass screw regulator and quick cut-off, is arranged most conveniently just at the top of the handle. **Feed box is unusually large, holding five quarts. Shipping weight, 54 pounds.**

No. 32T950 Planet Jr. No. 5. Price.....$12.50

The Planet Jr. No. 4 Combined Hill and Drill Seeder and Wheel Hoe, with Cultivator and Plow.



It holds two quarts, and drops at 4, 6, 8, 12 and 24 inches. The index being for a combined tool, it is not placed at the top of the handle. The drill is quickly detached and the tool frame substituted. It then becomes the **most admirable single wheel hoe of the Planet Jr. family.** Has a fine garden plow, two elegantly shaped new hoes, three cultivator teeth, and a practical leaf guard.

No. 32T954 Planet Jr. No. 4, complete. Weight, 50 pounds. Price.....$9.50
No. 32T956 Planet Jr. No. 4, as a drill only. Weight, 42 pounds. Price.....$7.50

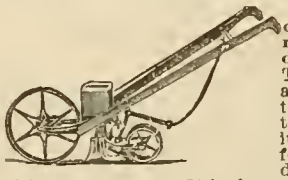
The Planet Jr. No. 2 Drill Seeder.

This tool is used the world over. It holds two and one-half quarts.

The sowing cylinder is a drum of spun brass, set between the driving wheels. Around this drum is a brass band drawn tight to the drum by a cam which joins the ends. In both drum and band are corresponding diamond shaped discharge openings; by loosening the cam and sliding the outer band **the discharge may be regulated to suit any kind or thickness of seed.** The index contains the names of the principal seeds, and when the name wanted appears through the index slot, it is set right for that seed. **The drill sows in an even, regular stream, whether there is much or little in the hopper.** The opening plow, being directly between the wheels, follows all irregularities of the ground, is adjustable, and once set, opens the furrow at a uniform depth, and the seeds are deposited in **a very narrow line. Shipping weight, 38 pounds.**

No. 32T957 Planet Jr. No. 2. Price.....$6.50

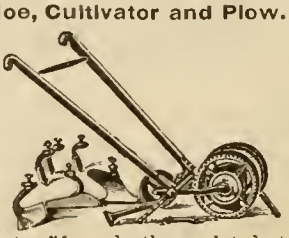
The Planet Jr. No. 3 Hill and Drill Seeder.



Sows either in hills or in continuous rows. A fine hill dropping seeder. This drill will sow in a continuous row, in the ordinary way, with the greatest regularity; but its distinctive feature is that it will drop neatly in hills either 4, 6, 8, 12 or 24 inches apart. The wheel is 15 inches high, with a broad face. **It is changed in a moment from hill dropping to drill work,** sows equally well whether the hopper is full or contains **only a paper of seed.** The plow is adjustable, and opens a very narrow furrow, which is a great advantage for after cultivation. **Shipping weight, 50 pounds.**

No. 32T959 Planet Jr. No. 3. Price.....$9.50

The Planet Jr. No. 1 Combined Drill Seeder, Wheel Hoe, Cultivator and Plow.



This is the most popular combined tool known. As a seed sower it is identical with the No. 2 Planet Jr. Drill, except in size, and has all its merits. **This combined tool has a complete set of cultivating tools.** When used as a drill the seed is sown with great regularity and at uniform depth, regulated at pleasure. The hopper holds one quart. From a drill it is changed to its other uses by **unscrewing but two bolts.** In fact, every purchaser of this machine will find it **an excellent seed sower; and a first class double wheel hoe, for use when plants are small. Shipping weight, 46 pounds.**

No. 32T962 Planet Jr. No. 1. Price.....$8.50

The Planet Jr. No. 16. Single Wheel Hoe, Cultivator, Rake and Plow.

This tool has an 11-inch wheel, with broad face, and a conveniently arranged set of tools. Has adjustable handles, and frame especially adapted for **quick changing of teeth.** The tools are a well shaped plow for plowing, marking out, covering and late cultivation; a pair of hoes, just right for hoeing; and three cultivator teeth. Also a set of two rakes, just right for 6, 9, 12 and up to 16-inch rows, with two arranged side by side; the rakes are just the thing for preparing ground for the Seed Drill. A practical leaf guard completes the equipment. The frame changes in height and the wheel to the other side of the frame, to hoe both sides of the row at once. **Shipping weight, 26 pounds.**

No. 32T965 Planet Jr. No. 16. Price.....$5.00

Planet Jr. No. 17.

Single Wheel Hoe, Cultivator and Plow. Works both sides of the row at once. This has the same frame, handles, etc., as No. 16, but is supplied only with a pair of 6-inch hoes, a set of cultivator teeth and a plow; **a sufficient outfit for most gardening work.** The others can be added at any time. The frame changes **in height,** and the wheel to the **other side of the arm,** then working both sides of the row at once. Shipping weight, 23 pounds.

No. 32T967 Planet Jr. No. 17. Price.....$4.25

Planet Jr. No. 11.

Double Wheel Hoe, Cultivator, Rake and Plow. It has 11-inch wheels, which can be set at **four different distances** apart; the frame is malleable, with ample room for tool adjustment, and can be set at **three different heights.** The handles are adjustable, and attached to the arch, are **entirely undisturbed** in making changes of the height of frame, width of wheels, or in the adjustment of the tools themselves. The arch is **of stiff steel, unusually high.** A pair of model rakes and a pair of new style hoes are added to the usual equipment—**seven pairs of tools in all.** The variety of work possible with this machine is incredible, covering the whole range of wheel hoe work, both in the garden and on the farm, and has our unqualified endorsement. Shipping weight, 39 pounds.

No. 32T969 Planet Jr. No. 11. Price.....$8.00

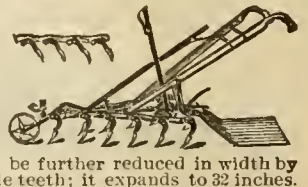
Planet Jr. No. 12.

Double Wheel Hoe, Cultivator and Plow.

This tool is identical with No. 11, except that it has a less complete equipment, as shown in the illustration, but at a correspondingly less price. The set of tools with No. 12 is what gardeners need most, and the rest can be added as wanted. Shipping weight, 31 pounds.

No. 32T971 Planet Jr. No. 12. Price.....$6.00

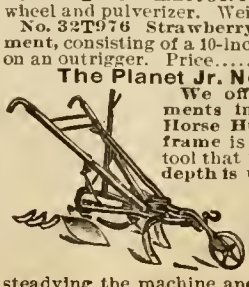
The Planet Jr. 12-Tooth Cultivator, Harrow and Pulverizer.



This tool has rapidly grown into favor with market gardeners and strawberry growers. It has a high frame and the chisel shape teeth cut an inch wide each, and may be worn down three inches before that width is lessened or the teeth worn out. The foot lever pulverizer is a capital addition for preparing ground for the seed drill or for plant setting. Hand levers regulate both width and depth while in motion; it contracts to 12 inches, and may be further reduced in width by taking off the outside teeth; it expands to 32 inches.

No. 32T973 Planet Jr. 12-Tooth Cultivator, plain. Weight, 53 pounds. Price.....$5.00
No. 32T974 Planet Jr. 12-Tooth Cultivator, with wheel. Weight, 67 pounds. Price.....$6.00
No. 32T975 Planet Jr. 12-Tooth Cultivator, with wheel and pulverizer. Weight, 75 lbs. Price..$7.50
No. 32T976 Strawberry Runner Cutter Attachment, consisting of a 10-inch flat steel disc mounted on an outrigger. Price.....$1.50

The Planet Jr. No. 8-Horse Hoe.



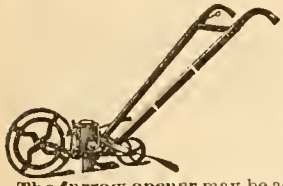
We offer important improvements in our No. 8 Planet Jr. Horse Hoe and Cultivator. The frame is long and high, making a tool that will not clog easily. **The depth is under perfect control** by means of a lever wheel and the patented depth regulator, which are moved instantly in unison by a single lever, making exact work, steadying the machine and relieving the operator. **The expander** is superior to all other forms; exceedingly strong, simple, accurate, and positive in all positions. Weight, 83 pounds.

No. 32T977 Planet Jr. No. 8. Price.....$7.50

THE MATTHEWS' GARDEN TOOLS.

New Universal Model Garden Drill.

The perfect drill; so acknowledged by all the leading seedsmen and market gardeners. The agitator is a sure means of keeping the seed moving through constantly and uniformly, and is much preferable to any other method; and, besides, there is nothing liable to get out of order or bind in the operation.



The most skillful hand could not equal the mechanical precision with which it sows all the different varieties of beet, carrot, onion, turnip, parsnip, sage, spinach, sorghum, peas, beans, broom corn, fodder corn, etc.

The furrow opener may be accurately set to gauge the uniform deposit of the seed, at any required depth, thus avoiding the risk of planting at irregular depths, or so deep in places as to destroy the seed.

The depth may be gauged as desired. The drags will throw just enough of the loose soil over the seed and the concaved roller then following compacts and presses the whole down evenly thus also preventing too free circulation of air, hastening germination and helping to bring moisture to the surface.

The improved markers are capable of easy adjustment, in such manner that the next row may be indicated at any desired distance. There are two of them, thus saving the trouble of throwing from one side to the other, and tending to preserve a better balance. The marker not in use may be raised out of position by the foot and there held, and as easily dropped into position again. Weight, 56 pounds.

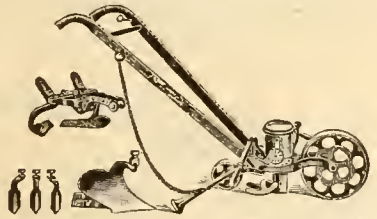
No. 32T1000 Model Garden Drill. Price, **$6.25**

New Universal Constellation Drill, Hoe, Rake, Cultivator, Plow and Marker.

This combination makes one of the most desirable machines we sell. It has the advantage of being either a double or single wheel implement. Anyone who has ever used hand seed drills knows that at times a one-wheel machine is preferable to a double wheel, and then again when used as a double wheel machine the rows of young plants may be straddled and the cultivating done on both sides of the row at one passing. **This combination is one which cannot fail to recommend itself to all.** The drill is entirely separate from the cultivator, and the only parts interchanging are the wheels and handles. Two bolts effect the change. The simplest and best garden tool made. The attachments are as follows: 1 pair hoes; 1 pair rakes; 1 pair plows; 1 pair narrow cultivator teeth; 1 pair wide cultivator teeth and 1 center cultivator tooth. Weight, 78 pounds.

No. 32T1001 Constellation Drill, complete with all attachments. Price.....**$8.00**

New Universal Model Gem Seed Drill, Hoe, Cultivator and Plow.

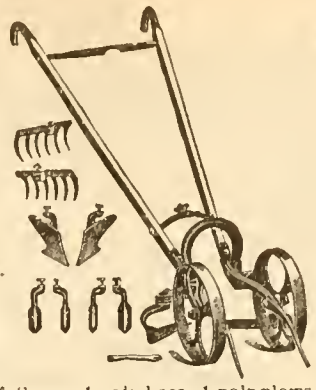


The Gem Drill is made to meet the demand for a low priced seeder. In this we offer a drill with all the essential features of the Matthews principle, even to embodying seed drill, indicator and regulator from exactly the same patterns as those used in the larger and more expensive drills. The marker is such as is generally employed on other drills for which a higher price is asked. It may be set for the various distances and thrown from side to side, being pivoted between the handles. **All adjustments that are necessary to a successful improved seed drill are provided, including the "Manual" seed cut-off for checking flow of seed at ends of rows.** This set is made up of a complete drill and the cultivator frame, hoe and plow used on the No. 2 Single Wheel Hoe. The extremely low price is made by furnishing only one wheel and one pair of handles for use with both implements. The change is readily made, as one bolt attaches the wheel and the handles are held by thumb bolts. A more convenient set certainly cannot be obtained, and the price at which it is offered is one that may be afforded by any one who plants a kitchen garden.

No. 32T1003 Gem Gardening Set, complete with all attachments. Weight, 56 pounds. Price...**$7.25**

No. 32T1004 Gem Seed Drill only. Weight, 39 pounds. Price.....**$4.75**

New Universal Double Wheel Hoe, Cultivator, Plow and Rake.



In the Universal Double Wheel Hoe we have a machine that combines all the strong points of older styles and presents many new features. The adjustable arch not only forms the means of gauging the depth of work to be performed, but by an ingenious device, enables the teeth to be pitched at any angle desired. One of the easiest running machines made. The attachments furnished are as follows: 1 pair hoes, 1 pair plows, 1 pair rakes, 1 pair narrow cultivator teeth, 1 pair wide cultivator teeth and 1 pair vine guards.

No. 32T1005 Double Wheel Hoe, complete. Weight, 42 pounds. Price.....**$5.00**

No. 32T1007 Double Wheel Hoe, only. Weight, 34 pounds. Price.....**$3.25**

New Universal Single Wheel Hoe, Cultivator, Plow and Rake.

This style of hoe is preferred by many, and as with the double wheel hoe No. 32T1005, it may be used either between or astride the rows. Furnished complete with the following attachments: 1 pair narrow cultivators, 1 pair wide cultivators, 1 pair hoes, 1 pair plows, 1 pair rakes, 1 center cultivator and 1 vine guard. Weight, 35 pounds.

No. 32T1009 Single Wheel Hoe, complete. Price.....**$4.25**

New Universal No. 2 Single Wheel Hoe, Cultivator and Plow.

This Implement is the same as our regular single wheel hoe, except in the variety of attachments, which are: 1 pair hoes, 1 pair cultivators, 1 center cultivator, 1 large plow. The large plow attachment may be used to plow the garden, to open furrows for manure, to cover it again, and for other uses of an ordinary plow. The hoes are for shallow cultivation, and the cultivator teeth may be used when it is desired to run deeper.

No. 32T1011 No. 2 Single Wheel Hoe, complete. Weight, 30 pounds. Price.....**$3.75**

No. 32T1012 No. 2 Single Wheel Hoe, only. Weight, 27 pounds. Price.....**$2.50**

New Universal Hand Wheel Plow.

This labor saving tool should be owned by every gardener and poultryman; will pay for itself in two weeks' time; can be used to plow the ground, furrow out, cover and do cultivating to a certain extent. If you intend making a garden, you cannot afford to be without this plow. It is also useful for loosening up poultry runs. Cheap in price only. Weight, 20 pounds.

No. 32T1013 Hand Wheel Plow. Price....**$1.90**

Acme Corn and Cotton Planter.

Special for Southern Trade.

It is a perfect planter, certain in its work, well constructed throughout. The gearing is strongly made and so arranged that breaking or slipping is impossible, and it is protected by casing so that dirt or trash cannot accumulate in it. Easily thrown in and out of gear. Center shovel has brakepin, side shovels friction slip. The cotton picker wheel and feed are so constructed that the feed, which is an absolute force feed, is perfect, even and certain; no bunching; feed always in sight. The frame is steel and the finish the best and finest. Furnished complete with five regular plates and one blank plate. Shipped direct from factory, in Northern Indiana. Weight, 96 pounds.

No. 32T1026 Acme Cotton Planter. Price, **$8.75**

No. 32T1027 Extra Plates. Price, each.... .23

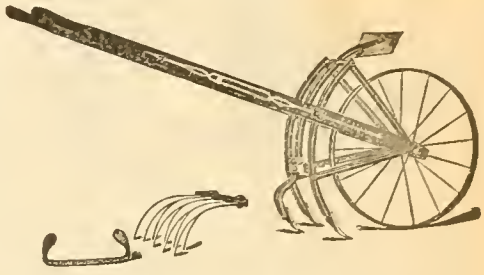
The Easy Hand Cultivator, Plow and Weeder.

The Easy is a cultivator, garden plow and weeder combined for working in and around plants and shrubs in the garden. One of the best made machines for the money on the market. It is unsurpassed. The price brings it within the reach of all. Every farmer and gardener should have one of these cultivators. Wheel is 18 inches high. Tools are 1 plow, 1 cultivator tooth and 1 cultivator sweep, and when so ordered it has 1 weeder. Weight, 22 pounds.

No. 32T1030 Easy Cultivator, without weeder. Price.....**$2.23**

No. 32T1031 Easy Cultivator, complete with weeder. Price.....**$2.43**

Acme Garden Cultivator, Plow, Hoe and Weeder.

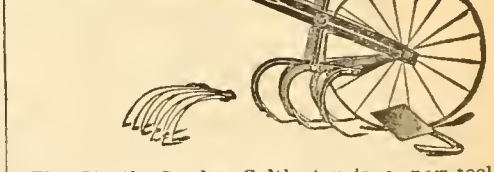


The Acme is one of the best low priced cultivators made. With it you can make six tools as follows: **Cultivator, Hand Hoe, Hand Plow, Weeder, Seed Coverer and Double Shovel Plow.** As a cultivator the three regular blades are used. As a hand hoe the center tooth is moved up on the standard, and the two outside teeth taken off, and the hoe put in their stead. As a hand plow, turn the tool over to use the plow, which will be found convenient in working, for planting small or large seeds. As a seed coverer, **seed can be covered any depth desired,** by raising the center tooth, and using the back two teeth with the wheel in the furrow. As a double shovel plow, to make a double shovel cultivator for working narrow rows, reverse one of the outside standards; this leaves but two teeth which will work in a 7-inch row. Weight, 25 pounds.

No. 32T1032 Acme Cultivator, without weeder. Price.....**$2.93**

No. 32T1033 Acme Cultivator, complete with weeder. Price.....**$3.58**

The Mystic Hand Garden Cultivator.



The Mystic Garden Cultivator is a new tool that embraces more good features than any tool yet invented for garden work. In this tool we have overcome such disadvantages as low wheel, blades defective in shape, handles that the operator has to adjust his back to fit, etc. The wheel is high, with broad tire; the handles are attached direct to axle, and by thumbnuts can be adjusted quickly to any height person. The shape of the blades is such that all grass and weeds are cut, and the soil left mellow and level. It is also a combination from which six distinct tools can be made, as follows: Plow, Marker, Seed Coverer, Cultivator, Hand Hoe and Weeder. **As a marker, or plow,** this adjustment adapts it for making furrows or rows, also for heavy and deep work when the ground has become weedy and hard, with the marker off and center tooth raised, while seed in the row made by the marker is covered with the outside teeth. Warranted not to clog or load. Weight, 23 pounds.

No. 32T1034 Mystic Cultivator, without weeder. Price.....**$4.23**

No. 32T1035 Mystic Cultivator, complete with weeder. Price.....**$4.88**

GIVE CATALOGUE NUMBER IN FULL WHEN YOU WRITE YOUR ORDER

Hand Grass Seed Strippers.

Klog's Kentucky Blue Grass Strippers. Just the thing for gathering grass seed. The blades are made of English steel, strong and durable; will last a lifetime. Twenty bushels of seed can be gathered in a day with one of these machines. No farmer should be without one. Weight, 4 pounds.

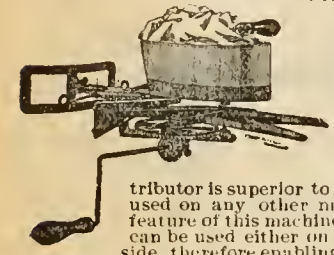
No. 32T1050 Seed Stripper. Price..... $1.28

The Little Giant Steel Bow Broadcast Hand Seed Sower.

With this seeder, when properly used, you can distribute wheat 56 feet to a round, flax seed 36 feet, clover seed 36 feet, timothy 27 feet, oats 36 feet. It will also sow rye, barley, millet, hungarian corn or any grain or seed that can be sown broadcast. This seeder has a light centrifugal wheel at bottom, 11 inches in diameter, that is revolved rapidly in opposite directions by means of a bow, scattering the seed with great velocity. Weight, 3 lbs.

No. 32T1055 Bow Seed Sower. Price..... 95c

Acme Seed Sower.



The Acme comprises a solid malleable iron frame to which the few parts are attached, making it therefore absolutely impossible to get out of order from ordinary usage. The distributor is superior to all others and not used on any other machine. A great feature of this machine is that the crank can be used either on the right or left side, therefore enabling either a right or left handed operator to use it with ease. It will sow wheat, rye, oats, barley, rice, flax, millet, turnip seed, clover and all kinds of grasses, in fact, all seeds sown broadcast. Also fertilizer, ashes, salt, etc. It will sow wheat or rye 50 feet at a round; buckwheat, 45 feet; flax, clover, timothy and millet, 30 to 36 feet; grass seeds, from 15 to 30 feet. Other seeds, etc., owing to their nature and condition. Full directions with each machine. Weight, 3¼ pounds.

No. 32T1056 Acme Seed Sower. Price..... 79c

Little Giant Ceared Hand Seeder.

This is one of the best known, as well as best made hand seeders in the market. Has a pressed tin distributing wheel, and lathe centered gears held rigid by a malleable iron frame, not found in any other sower; will sow timothy, clover, oats, barley, buckwheat, etc., in fact, any kind of seed that can be broadcasted. Will sow 60 acres of wheat or 65 acres of clover seed in a day of ten hours. Weight, 4 pounds.

No. 32T1057 Geared Seeder. Price..... $1.10

The Cranger Seeder.

The Granger Broadcast Hand Seeder, for sowing all kinds of grain and grass seeds, sows on an average of **six acres per hour at a common walking gait.** The bag and hopper will hold about 22 quarts. Weight, 5½ pounds.

No. 32T1058 Granger Seeder. Price..... $1.80

Our Wheelbarrow Grass Seeder.

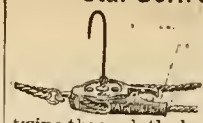
Our New Kenwood Wheelbarrow Grass Seeder is made for sowing all kinds of clover and grass seed, alfalfa, hungarian, millet, flax, etc., and is put up by experienced workmen out of good material. It has a light iron wheel with a wide tire, a light, strong frame and will sow all these seeds evenly and accurately, either mixed or separate, in any quantity required per acre. When winds prevail this style of seeder is a great success; they can be used by any man or boy and will sow 25 to 50 acres per day. They sow absolutely perfect and our new seeder has many improvements over anything else in the market. We pack these securely for long shipments. Weight, packed for shipment, 50 pounds. Shipped direct from factory in Southern Michigan.

No. 32T1065 12-foot Wheelbarrow Seeder.
Price..... $4.95

No. 32T1066 14-foot Wheelbarrow Seeder.
Price..... $5.25

No. 32T1067 16-foot Wheelbarrow Seeder.
Price..... $5.60

Star Corn Shock Compresser.



One man can do the work of two with our Star Corn Shock Compresser. No farmer can afford to be without one. You simply place the supporting hook in shock as shown in illustration. Pass the binding twine through the loop in the supporting hook. Take the end of rope with ring on and also the end of twine and walk around the shock. Place the ring on small hook at end of compresser. Then pull on the loose end of the rope until the shock is drawn as tight as you wish. Then by drawing the rope away from the shock the compresser will grip the rope and hold it, while you tie the twine. To remove compresser draw the rope toward the shock and the grip will loosen. It can then be easily removed to the next shock. Weight, 2½ pounds.

No. 32T1080 Corn Shock Compresser. Price, 66c

Acme Patent Corn Binder.

Strongest and best tie made for corn, grain and bags. The rope will last from three to five years. The hook will last a lifetime. All complete and ready for use, and is by far the cheapest and best. Cheaper than straw. Put up in packages of 100 ties. We do not break packages.

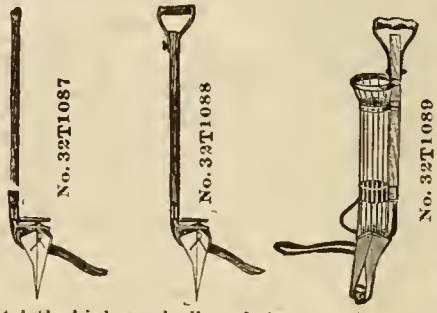
No. 32T1082 Corn Binders. Price, per 100..70c

Kenwood Seed Carrier.

Holds one-half bushel. Is made of heavy canvas with rope stitched in top edge. This is then inserted between inner and outer bands, which are riveted together. The shape of these bands is such that it is easy to reach the hand in and take the seed out of the sack. Supplied with a heavy shoulder strap, with buckles on each side for adjustment. Weight, 1 pound.

No. 32T1086 Kenwood Seed Carrier. Price..39c

Kenwood Hand Potato Planters.

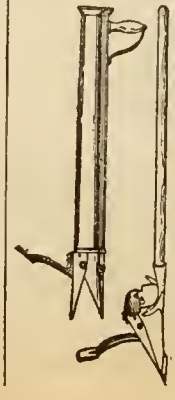


A strictly high grade line of planters. Jaws are steel, made with a sharp, slim beak, so they will enter the ground easily, and are closed when out of the ground by springs which hold them closed. **Potatoes are planted at a uniform depth, and are released and dropped from the jaws automatically.** Made in three styles: The straight handle stick planter, which is preferred by many; the spade handle stick planter, which is a more convenient tool; and the wire tube planter, the tube of which is made of steel spring wire, making **the lightest, handsomest and most desirable tube planter on the market.** The tube of the tube planter is 3 inches in diameter. The straight handle stick planter is 40 inches long over all. The spade handle stick planter and the spade handle tube planter are 35 inches long over all, but the spade handle of each can be lowered as much as 3 inches.

No. 32T1087 Straight Handle Stick Planter.
Weight, 3¼ pounds. Price..... $0.65

No. 32T1088 Spade Handle Stick Planter.
Weight, 3½ pounds. Price..... .75

No. 32T1089 Spade Handle Wire Tube Planter. Weight, 4 pounds. Price..... 1.15



Michigan Potato Planters.

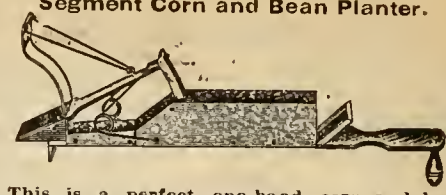
Simple, strong, durable and easy to operate. At one operation the holes are made, seed dropped and covered. Plants uniformly any depth desired. The seed is always deposited in moist earth, which will therefore give sure and quick growth.

When planted with these planters the crop can be tilled so as to keep the surface of the ground level, which is an advantage in dry seasons. It is impossible to pick up the seed with this planter. Plants three acres a day. The receptacles of both planters are made on the same principle.

No. 32T1090 Stick Planter. Weight, 3 pounds. Price..... 55c

No. 32T1091 Tube Planter. Weight, 4¾ pounds. Price..... 77c

Segment Corn and Bean Planter.



This is a perfect one-hand corn and bean planter. It is extremely accurate. The slide is a segment of a circle having its center where the jaws are pivoted together—in other words, the pivots on which the jaws open and shut are the hub of a wheel of which the slide is a part of the rim—so there is no friction nor lost motion. The seed box and hopper are galvanized iron, the brush is genuine Chinese bristles, and the working parts are pressed or stamped out of sheet steel, which makes them light, strong and accurate. All parts are interchangeable. Weight, 4¼ pounds.

No. 32T1092 Segment Planter. Price..... 90c

Masters' Rapid Plant Setter.

The only hand mechanical plant setter on the market; is built on scientific principles throughout. Its conical jaws are made of heavy sheet steel, and the main body or water reservoir and plant tube of heavy tinned plate. The water valve is of brass with rubber packing. The valve rod and trip spring are of steel wire; thumb button and other fittings are also of brass. The machine is well put together with rivets and solder, and will last for years. **All kinds of plants, such as cabbage, tobacco, tomato, cauliflower, strawberries, sweet potato, sugar beets, etc., are set, watered and covered at one operation.** The roots are deposited below the surface where the ground is cool, and damp. Printed instructions for making and using home made liquid fertilizer at no cost but your own work to prepare it, sent free with each plant setter; also full directions how to operate, goes out with every machine. Weight, when empty, 4½ pounds.

No. 32T1095 Plant Setter. Price..... $3.25

Triumph Corn Planter.

Triumph Hand Corn Planters are adapted to all sorts of soil, never clog, and the operator can see the corn deposited in the ground. They are the most durable planter on the market, all working parts being malleable iron and the blades steel. Can be used on sod or plowed ground. Weight, 4½ pounds.

No. 32T1097 Triumph Planter. Price..... 52c

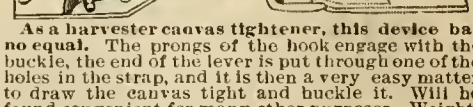
No. 32T1098 Triumph Planter with pumpkin seed attachment. Price..... 72c

The Eclipse Hand Corn Planter.

The Eclipse Corn Planter has given unequaled satisfaction during several seasons. It eclipses all others, has a positive feed and four changes of discs. It is extremely simple and works much easier than other styles. Weight, 8 pounds.

No. 32T1100 Eclipse Planter. Price..... 64c

Harvester Canvas Tighteners.



As a harvester canvas tightener, this device has no equal. The prongs of the hook engage with the buckle, the end of the lever is put through one of the holes in the strap, and it is then a very easy matter to draw the canvas tight and buckle it. Will be found convenient for many other purposes. Weight, 5 ounces.

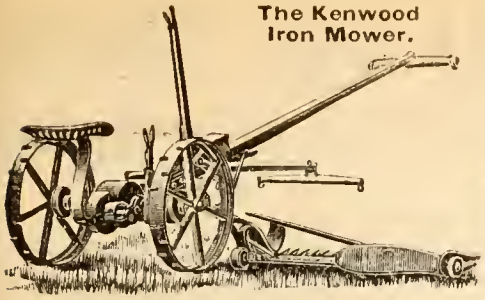
No. 32T1145 Canvas Tightener. Price..... 16c

Kenwood Anti-Jolt Seat Spring.

This Seat Spring consists of an iron frame which bolts to the seat standard of the machine to which the seat spring is attached, this frame having a slotted hole so that proper adjustment can be made. Another frame, to which the seat attaches, is suspended above by eight strong coil springs. The whole is constructed as lightly as is consistent with ample strength. **Can be applied to all kinds of farm machinery, wagons, carts, etc.** Will fit any seat, and will be found a very desirable article, adding comfort to the operation of the machine. Weight, 10 pounds.

No. 32T1147 Seat Spring. Price..... $1.65

The Kenwood Iron Mower.



Perfect floating and rocking bar, cutter bar carried on wheels, no weight on horses' necks, perfect tilting device, perfect foot lever and lifting spring, wonderful strength.

Long experience, careful study and expensive experimenting enable us to make a **strictly first class mowing machine.** This we manufacture, and do not make or offer for sale a low grade mower.

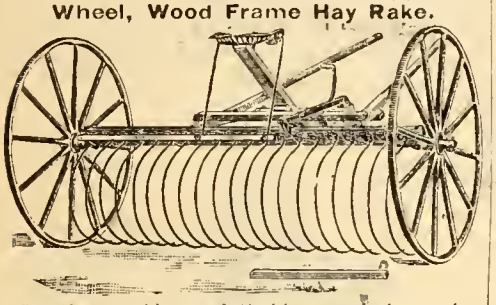
The frame and the bearings for the shafting are made heavy enough to secure the requisite strength and stiffness to fully guard against breakages.

The gears are the fewest in number possible, and are completely covered, so that at all times they are protected from dust and dirt, and will never wear out if the bearings are properly oiled.

The pitman is attached to the knife by a ball and socket, so that all wear can be taken up. The cutter bar is **"all right"** and provision for taking up all wear of the knives is made. **Steel guard plates are used,** which can be ground without being removed from the guards. The pitman lines up with the knives. The weight of cutter bar is carried on wheels. The foot lever works very easily. No side draft. **We make but one size, 4½-foot cut.** Price includes one extra sickle. Weighs 750 pounds. **Shipped direct from factory.**

No. 32T1150 Iron Mower. Price..... **$33.50**

Our $11.90 Kenwood Hand Dump, Steel Wheel, Wood Frame Hay Rake.



Our Kenwood is a strictly high grade hay rake, the equal of rakes that retail at double the price. This is a good substantial rake, extra stroog, 20-tooth, 8-foot, made with steel wheels. The wheels are attached by malleable iron holders, the teeth are fastened by a separate bolt, constructed and shaped so as to glide under the hay. The teeth raise high when dumping and drop the entire quantity of hay gathered. Any child, old enough to drive, can operate it. **The rake is made by one of the best makers in this country. Made of the highest grade malleable iron,** seasoned hardwood and steel, highest grade wrought spindles, easily adjusted for any variety of crop or service. The shafts are hinged so that the draft of the horse assists in discharging the hay; no effort required to move the lock lever. Price includes singletree. **Shipped direct from factory in Southwestern Ohio.**

No. 32T1160 8-foot, 20-tooth rake. Weight, 270 pounds. Price..... **$11.90**

Combined Hand and Foot Dump, Steel Wheel, Wood Frame Hay Rakes.

Similar to our Kenwood Hand Dump Rakes, but with teeth coiled at base and arranged so that teeth can be depressed and held firmly down to a position which will rake effectually matted and tangled grass. All with steel wheels. 8-foot rake is with shafts only; 10-foot and 12-foot rakes with combination pole and shafts. Price includes singletree. **Shipped direct from factory in Southwestern Ohio.**

No. 32T1161 8-foot, 20-tooth rake. Weight, 280 pounds. Price,..... **$14.65**

No. 32T1162 10-foot, 25-tooth rake. Weight, 315 pounds. Price,..... **$15.85**

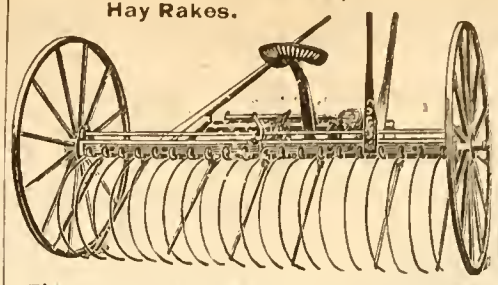
No. 32T1163 12-foot, 30-tooth rake. Weight, 340 pounds. Price,..... **$17.7**

Acme Umbrella Holder.

Every farmer should have our Acme Umbrella Holder; can be attached to any mower, harvester, land roller, etc. One hot day in the field will more than pay for it. Price given below is for holder only. Weight, 2 pounds.

No. 32T1164 Umbrella Holder. Price, 38c

Easy Self Dump, Steel Wheel, Steel Frame Hay Rakes.



These rakes are models of simplicity and neatness, though light and strong, and the most durable rake on the market, and we claim, the most perfect rake to work, the easiest to ride, the lightest draft and the simplest to operate. **Our patent sled runner tooth,** which prevents the rake from scratching or taking up grass roots, is connected to the rake head by metal tooth sections, carrying 5 and 6 teeth each and the same can be put on or taken out one section at a time. **The rake dumps** from both wheels, each ratchet being encased, which prevents the wheel from winding with hay; is noiseless in operation and drops back without the least jar. **The dumping device** is engaged by pressing the foot on the lever; the rake in operation, is entirely under the control of the operater by our improved foot treadle when raking rough or uneven ground. **The cleaners or strippers** are each oscillating independent of each other, and hold the hay from rolling when the rake is filling; prevents the same from sliding into the wheels. **Our seat is one of great comfort,** arranged upon an easy steel spring, adjustable to accommodate either a small boy or a man, and arranged at a point of balance which prevents weight upon the horse's back. Furnished with combination pole and shafts.

No. 32T1165 20-tooth, steel wheel rake, 8 feet. Weight, 350 pounds. Price..... **$17.15**

No. 32T1167 25-tooth, steel wheel rake, 10 feet. Weight, 385 pounds. Price..... **$18.80**

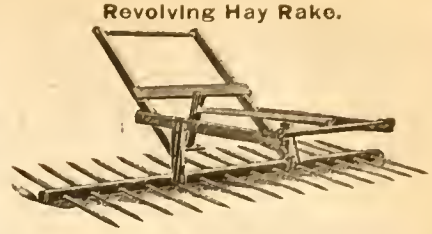
Revolving Hay Rake.



This rake is simple in construction, strong and durable. Made from the best material that can be procured. **Always under the control of the driver.** It is held down firmly by the cross piece on the two center teeth. When ready to dump, raise the handle and it dumps easily. When dumped, there is a steel spring on either side to catch and hold it in place. For the money asked, we claim it to be the best rake made. Head is 9 feet long, and has 14 hickory teeth. **Weight, 65 pounds. Shipped direct from factory in Southwestern Indiana.**

No. 32T1170 Rake, with round teeth. Price. **$2.99**

No. 32T1171 Rake, with square teeth. Price. 3.29

Acme Steel Frame, Steel Wheel Hay Todders.

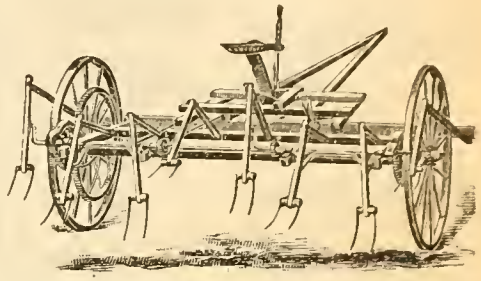


Illustration shows wood frame and wood wheels. Our todders are now made with steel frame and steel wheels.

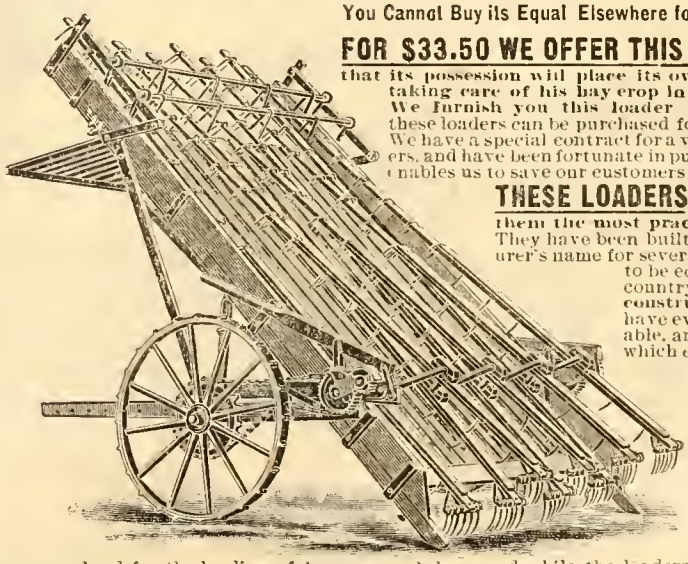
The tedder forks are made of the very best quality **crucible spring steel on our peculiar pattern,** and the shape and sweep of the forks are just right to do perfect work. **The convenient shifting device has two levers,** one for raising and lowering frame, the other for throwing in and out of gear, which can be used easily without dismounting. Six-fork machine furnished with combination pole and shafts, for one or two horses. Eight-fork machine, with pole only, for two horses. Weight, 450 pounds. **Shipped direct from factory in Eastern Minnesota.**

No. 32T1175 6-fork tedder, 8 feet. Price, **$23.95**

No. 32T1176 8-fork tedder, 10 feet. Price, **26.45**

Our $33.50 Kenwood Hay Loader.

You Cannot Buy its Equal Elsewhere for Less than $45.00 to $55.00.



FOR $33.50 WE OFFER THIS HAY LOADER with the assurance that its possession will place its owner in the best position for taking care of his hay crop in the most economical manner. We furnish you this loader at a price much lower than these loaders can be purchased for even by the wholesale trade. We have a special contract for a very large number of these loaders, and have been fortunate in purchasing them at a figure which enables us to save our customers a large amount of money.

THESE LOADERS embody all the essential principles necessary to make them the most practical machine on the market. They have been built and sold under the manufacturer's name for several years, and have been proven to be equal to any loader made in this country. Special care is used in the construction of these machines to have every part made strong and durable, and suitable for the special work which each part has to do. The great advantage of a hay loader over loading by hand is the quickness with which the hay can be gathered, which feature is at all times appreciated, but which is especially good in showery weather.

THESE LOADERS will take from the swath all kinds of hay. Though we do not recommend them for work in swampy land for the loading of heavy marsh hay, and while the loaders will do very nice work under anything like reasonable circumstances, it is of course understood by every farmer that where the hay is very fine and light, it might sometimes be found necessary to rake the hay into light windrows. We say light windrows, because no loader will do good work in loading from heavy windrows.

THE LOADER IS OPERATED WITH A CRANK SHAFT, driven direct from the sprocket wheels attached to the wheels of the loader by malleable iron detachable link belting. Attached to the crank shaft are fork or rake arms at the lower end of which rakes, each with six tines, are attached. Along the under side of each of the arms there are small carrying forks, which carry the hay to the top of the loader, from which it is delivered to the wagon. Levers are attached to each end of the crank shaft for raising and lowering the rake or fork arms so they may be operated at any desired height. The wheels are of wood with an iron hub, and are fitted with steel tires having projections which engage with the ground and assure a positive motion.

THESE ARE THE SIMPLEST and lightest running of the many hay loaders now on the market, easy to set up and easy to operate. They are made of good material, and are guaranteed to give good results when properly set up and operated. **Remember our price is much lower than the same style of machine can be purchased for by the dealer, all of which saving is in favor of our customers. Shipped direct from factory in Southeastern Wisconsin.**

No. 32T1180 Hay Loader. Weight, 800 pounds. Price..... **$33.50**

KENWOOD STEEL WINDMILLS AND ANGLE STEEL TOWERS

A Wonderful Record.

No line of Steel Windmills and Angle Steel Towers ever before became so well and favorably known, in so short a time, as the Kenwood Steel Windmills and Towers, which we have introduced and sold to our customers. For several years we sold them, in a small way, under the name "Acme," and finding that they were goods which could not be excelled and which we could unhesitatingly guarantee in every respect, we adopted the name "KENWOOD," issued the most complete Windmill Catalogue ever published, advertised them extensively and brought them prominently before the consumer. We felt perfectly safe in doing this, as our previous experience had proven the excellence of the goods.

THE RESULTS HAVE BEEN MARVELOUS.

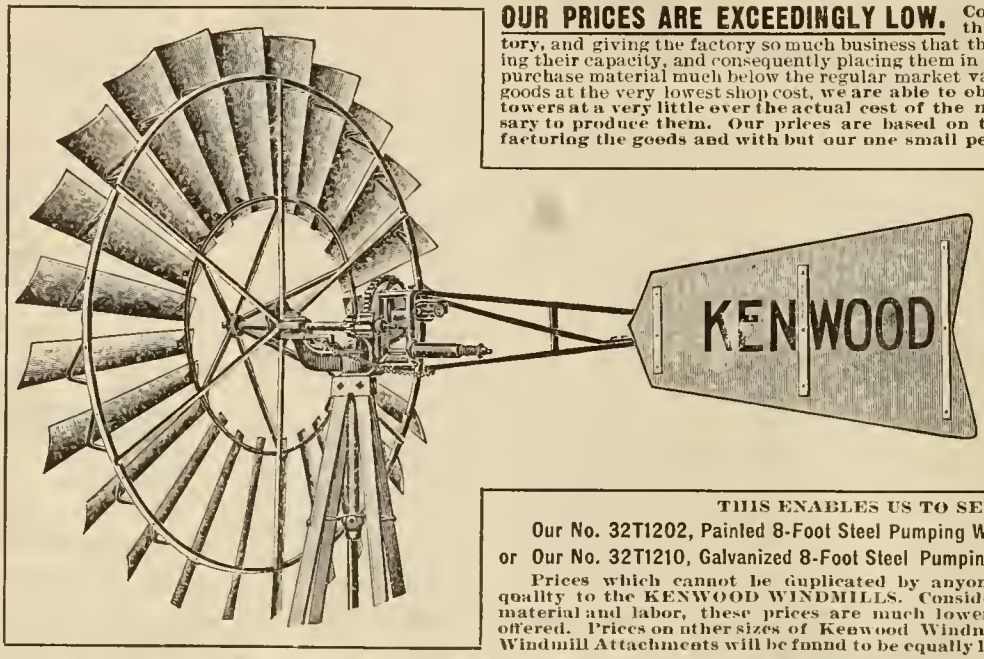
From a few orders a week, our sales have increased until we now contract for the entire and exclusive sale of the output of the factory, which is next to the largest windmill factory in the United States, the home of the steel windmill.

KENWOOD

STEEL WINDMILLS AND TOWERS

ARE NOW KNOWN throughout the entire United States, and are everywhere recognized and acknowledged to be the standard of excellence in windmill and tower design and construction, and

THE VERY BEST GOODS THAT MONEY CAN BUY.



OUR PRICES ARE EXCEEDINGLY LOW.

Contracting, as we do, for the entire output of the factory, and giving the factory so much business that they are constantly increasing their capacity, and consequently placing them in a position where they can purchase material much below the regular market value, and manufacture the goods at the very lowest shop cost, we are able to obtain these windmills and towers at a very little over the actual cost of the material and labor necessary to produce them. Our prices are based on the actual cost of manufacturing the goods and with but our one small percentage of profit added. All the selling expenses of traveling salesmen, wholesale houses, retail dealers, solicitors, collectors, bad debts, long-time interest, handling, double storage, etc., are eliminated.

Our Price is a Simple Proposition

IT IS A

SPOT CASH PRICE

A material and labor factory cost with our profit added, and our profit is small.

THIS ENABLES US TO SELL

Our No. 32T1202, Painted 8-Foot Steel Pumping Windmills, for.....**$14.85**

or Our No. 32T1210, Galvanized 8-Foot Steel Pumping Windmills for...**$15.65**

Prices which cannot be duplicated by anyone on windmills equal in quality to the KENWOOD WINDMILLS. Considering the present cost of material and labor, these prices are much lower than were ever before offered. Prices on other sizes of Kenwood Windmills, and on Towers and Windmill Attachments will be found to be equally low.

NONE BETTER MADE AND FEW AS GOOD.

SHIPMENTS OF ALL WINDMILLS, Towers and Windmill Attachments, except where we specify otherwise, are made direct from the factory in Southeastern Wisconsin, from which place you must pay the freight. In ordering be careful to state whether the mill is to go on wood or steel tower or wood mast, and if for wood mast, give size of mast.

OUR BINDING GUARANTEE. TO SATISFY OUR CUSTOMERS that our windmills and towers are as good as we represent them to be and that our statements are made in absolute good faith, we furnish OUR BINDING GUARANTEE with every windmill and tower, of which the following is an exact copy:

Certificate No._____

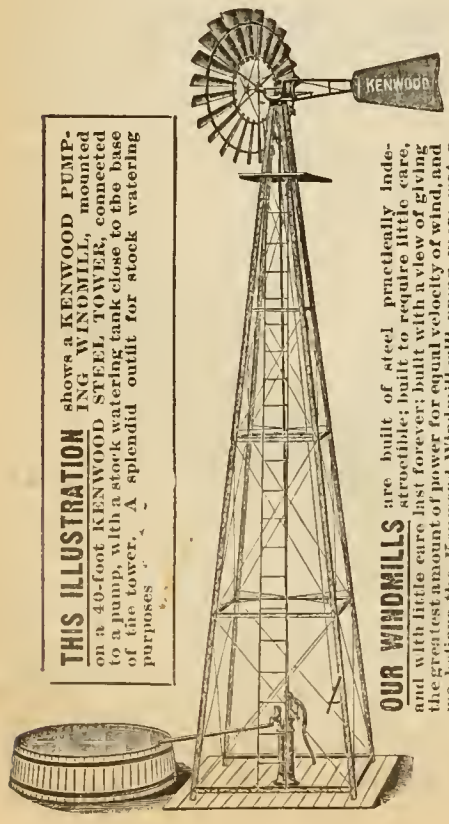
CERTIFICATE OF GUARANTY.

THIS IS TO CERTIFY, that the Kenwood Steel Windmill and Angle Steel Tower, sold under invoice number which corresponds with number of this Certificate, is warranted to be perfect in material and manufacture, and to be perfect in operation, if correctly put up and properly managed.

IT IS FURTHER GUARANTEED, that the Kenwood Steel Windmill, when properly erected and cared for, will endure as hard service and do as much work as any windmill made; and that the Kenwood Steel Tower, when erected according to our directions, will safely support in all winds (except cyclones and tornadoes), the size of windmill for which the tower is designed, and that the tower will not buckle or blow down unless the anchorage gives way. Any defects in material or workmanship will be made good to the purchaser, within one year from date of this certificate, by our furnishing without charge, corresponding new parts free on board cars.

SEARS ROEBUCK AND CO.

Dated, Chicago, Ill.,_____

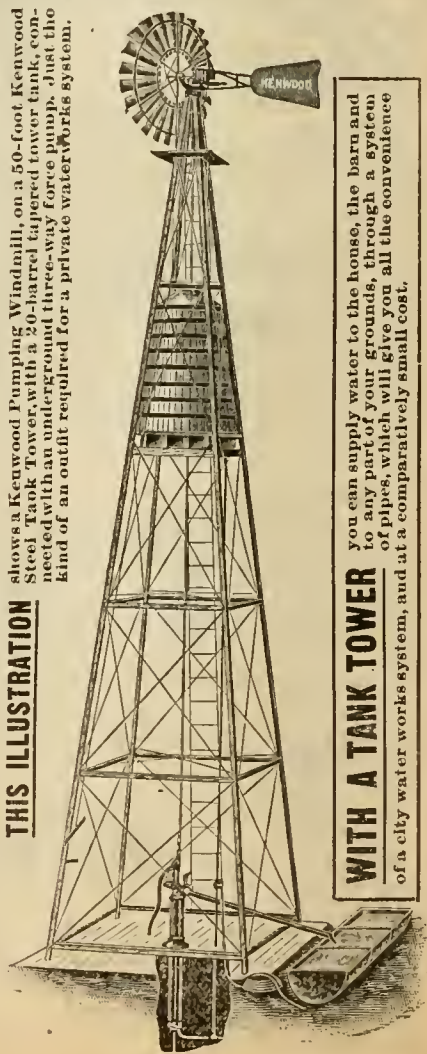


THIS ILLUSTRATION shows a KENWOOD PUMPING WINDMILL, mounted on a 40-foot KENWOOD STEEL TOWER, connected to a pump, with a stock watering tank close to the base of the tower. A splendid outfit for stock watering purposes.

OUR WINDMILLS are built of steel practically indestructible; built to require little care, and with little care last forever; built with a view of giving the greatest amount of power for equal velocity of wind, and we believe the Kenwood Windmill will pump more water in a lighter wind than any other windmill made.

THE KENWOOD Steel Pumping and Steel Power Windmills and Towers are MADE EXCLUSIVELY FOR US UNDER A SPECIAL CONTRACT, by one of the best windmill makers in this country. They are built from the very best of material throughout, on the very latest lines, embodying every good feature in windmill building, as adopted by the very best makers. Nothing but the very best of material enters into their construction. There is nothing in a Kenwood to get out of order, simple to care for, needs less care than almost any other windmill. Heavy enough in every part to be very strong and durable and not so heavy as to be hard to manage and hard to run; strengthened in many points where other mills are weak, lightened in several points where other mills are heavy and hard to manage; in other words a perfect windmill, containing all the good points of all windmills, with the defects of none.

FOR PRICES SEE PAGES 490 TO 491.



THIS ILLUSTRATION shows a Kenwood Pumping Windmill, on a 50-foot Kenwood Steel Tank Tower, with a 20-barrel tapered tower tank, connected with an underground three-way force pump. Just the kind of an outfit required for a private water works system.

WITH A TANK TOWER you can supply water to the house, the barn and to any part of your grounds, through a system of pipes, which will give you all the convenience of a city water works system, and at a comparatively small cost.

THE CONSTRUCTION OF THE KENWOOD WINDMILLS IS PERFECT.

THE WIND WHEELS are made up in six sections, supported by angle steel arms which are strongly bolted to a large center casting and substantially braced by six front braces. The outer circles of all wheels and the inner circles of the smaller wheels are flat steel turned edgewise, giving great strength and rigidity where most required.

THE SAILS are sheet steel, heavy enough so that we are not compelled to bead them to obtain the necessary strength, and as the brackets to which they are riveted are secured to the back of the sails, the face or front of the sail offers no resistance to the full effectiveness of the wind. The width, angle and curvature of the sails are such as, by exhaustive experiments, have been proven to be the most desirable and efficient under average conditions.

ALL SHAFT BEARINGS are babbited with high grade Babbit metal, and every bearing is provided with a suitable oiling device. A good grade of oil should be used on shaft bearings, but heavy grease should be used on gears and sliding surfaces.

THE VANE is smooth sheet steel, fishtail in form, beaded around the edge and firmly secured to a heavy steel backbone, all being thoroughly braced and secured to the vane hinge, which is attached to the head of the mill in such a manner and position as to compensate for the tendency of the wind and motion of the wheel to turn the mill out of the proper angle, thus utilizing the full power of the wind until the required velocity is attained. The strongest, handsomest and best vane used on any windmill.

THE SPRING GOVERNOR as applied to our Kenwood Windmills is a simple and effective governing device, and makes a perfect windmill regulator, which, by its action on the vane, holds the wheel at the proper angle to develop only the required velocity for its work in heavy winds, and causes it to face the lighter winds and obtain their full force and effect. Our spring governors are adjustable, and our 12-foot, 14-foot and 16-foot windmills are fitted with an auxiliary lever and weight governor, which is also adjustable. Kenwood Windmills are supplied with an effectual brake, which is applied as the mill is pulled out and which absolutely holds the wheel still when the wheel is locked out of the wind.

KENWOOD BACK-GEARED STEEL PUMPING WINDMILLS.

Back geared windmills develop more power and give better results under average conditions than it is possible to obtain from direct stroke mills. Our pumping mills are geared back 1 to 2½, that is, the pump rod makes one stroke each way while the wind wheel revolves two and one-half times.

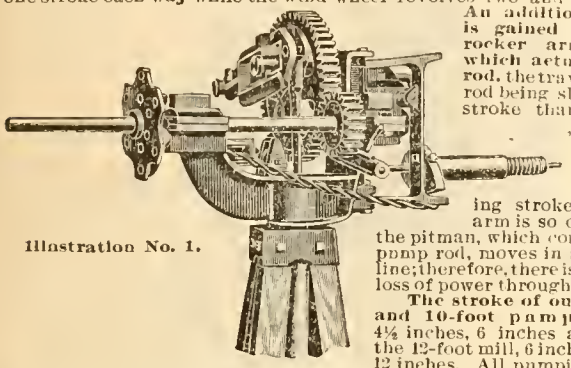


Illustration No. 1.

An additional advantage is gained through the rocker arm mechanism which actuates the pump rod, the travel of the pump rod being slower on the up stroke than on the down stroke, thus utilizing the full power of the wheel on the up or lifting stroke. The rocker arm is so constructed that the pitman, which connects with the pump rod, moves in a perpendicular line; therefore, there is no side strain or loss of power through useless friction.

The stroke of our 8-foot, 9-foot and 10-foot pumping mills is 4½ inches, 6 inches and 8 inches; of the 12-foot mill, 6 inches, 9 inches and 12 inches. All pumping mills are set on medium stroke, unless otherwise ordered.

The illustrations Nos. 1 and 2, on this page, show the engine head of the 8-foot, 9-foot and 10-foot Kenwood Pumping Windmills. The illustrations Nos. 3 and 4 are of the engine head of the 12-foot Kenwood Pumping Windmills. These illustrations are taken in different positions, so as to show different positions of the mechanism.

The illustrations Nos. 1 and 3 are views taken at the right of the mill and in front of the wheel, and they show the main shaft, the wheel spider attached to same, the spur pinion keyed to the shaft, and the great distance between the main shaft bearings; this being one of the important features of the Kenwood Windmills, both pumping and power.

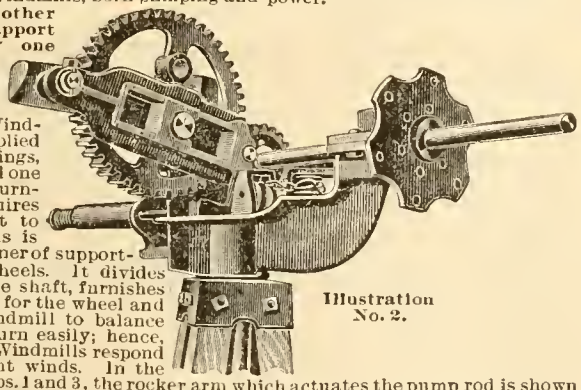

Illustration No. 2.

Where most other windmills support the wheel by one long bearing entirely in front of the turntable, the Kenwood Windmills are supplied with two bearings, one in front and one back of the turntable. It requires no argument to prove that this is the proper manner of supporting windmill wheels. It divides the wear on the shaft, furnishes proper support for the wheel and causes the windmill to balance properly and turn easily; hence, the Kenwood Windmills respond readily to light winds. In the illustrations Nos. 1 and 3, the rocker arm which actuates the pump rod is shown at its extreme height and ready for the return or downward stroke. These pictures also show the manner of connecting the pull out chain, and also the manner in which the brake shoe, which is attached to the vane hinge, operates the brake lever. The brake lever, as will be seen, projects under the main shaft and back of the spur pinion, and is supplied with a roller to overcome friction. The brake wedge, when the vane and wheel are pulled into parallel lines, slides under the roller of the brake lever and raises the lever, causing the brake shoe to grip firmly on the inner surface of the main gear. As the brake wedge is adjustable, any desired tension can be put upon the brake shoe and the Kenwood Windmills will stand absolutely still whenever the wheel is pulled out of the wind.

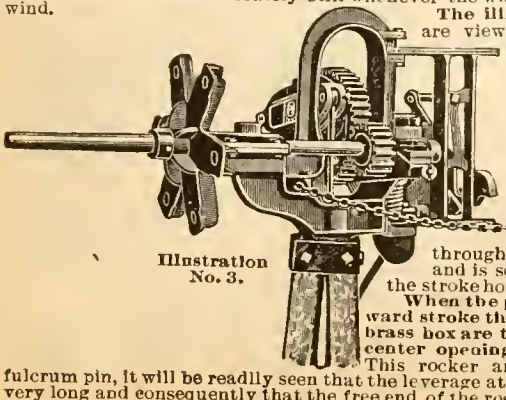

Illustration No. 3.

The illustrations Nos. 2 and 4 are views taken from a point in front of the mill and to the left of the wheel. They show the rocker arm at the lowest point of its movement and indicate the position of this arm at the beginning of the up stroke of the pump rod. The rocker arm, as will be seen, is actuated by the wrist pin, which passes through the sliding brass box and is secured firmly in one of the stroke holes of the main gear.

When the pump rod is on the upward stroke the wrist pin and sliding brass box are toward the end of the center opening of the rocker arm. This rocker arm being hinged on a fulcrum pin, it will be readily seen that the leverage at this particular point is very long and consequently that the free end of the rocker arm travels slowly during the entire up stroke of the pump rod.

As the main gear revolves and the sliding brass box is carried toward the hinged end of the rocker arm, the leverage becomes shorter and the movement of the end of the rocker arm much faster on the down stroke than on the up stroke.

Illustration Nos. 1 and 2 give a very clear idea of the horizontal governor spring, spring rod and adjusting nut as used on 8, 9 and 10-foot windmills.

Illustration Nos. 3 and 4 show a portion of the vertical governor spring and the lever and weight governor attachment, which are used on the 12-foot Kenwood Pumping Windmills and on all Kenwood Power Windmills.

The main shaft in 8-foot and 9-foot Kenwood Pumping Windmills is 1⅞ inches diameter, in 10-foot pumping windmills it is 1¾ inches diameter, and in 12-foot pumping windmills it is 1½ inches in diameter—much heavier and stronger than in other makes of pumping windmills.

PUMPING WINDMILL OUTFITS.

A Pumping Windmill Outfit consists of a windmill alone to go on a wood tower, or a windmill and whatever height of steel tower you may require, or a windmill, a steel tank tower of the height which may be required, and a tapered tower tank.

How Kenwood Pumping Windmills Can be Used.

The windmill and tower may be set directly over the well, so that the pump will be in the center of the tower, or the tower can be set close to a spring or other water supply, a well hole dug in the center of the tower, the pump set so as to be operated direct by the windmill, and the water drawn by suction from the spring or other water supply, provided the water supply is not more than twenty feet below the pump cylinder. Of course the success of this plan will depend very much upon the distance from the pump to the water supply, and it must be distinctly understood that all piping must be connected with air tight joints.

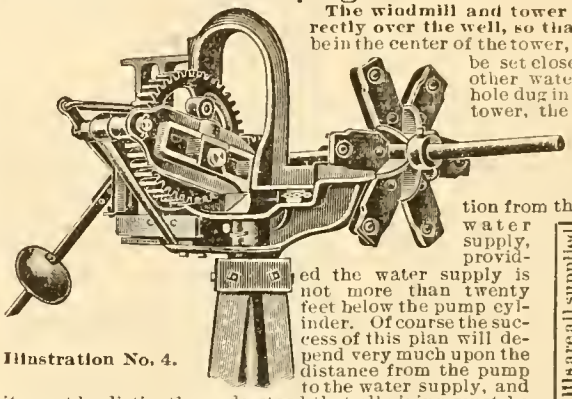

Illustration No. 4.

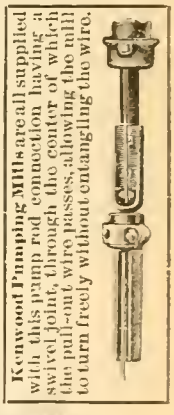
Where it is not possible to set the tower and windmill over the well, and the distance is great between the windmill and the water supply, it is always best to place the pump directly over the water supply, and to operate it by means of quadrant levers, one lever being connected to the pump rod of the windmill and the other to the pump, and the two levers being connected by wires.

The Kenwood Pumping Windmill may also be utilized for grinding small grain. This work can be accomplished by using our Boss Windmill Grinder, which will be found illustrated and priced in another part of this catalogue.



Kenwood Pumping Mills are all supplied with this pump rod connection having a swivel joint, through the center of which the pull-out wire passes, allowing the mill to turn freely without entangling the wire.

HOW TO SELECT A PUMPING WINDMILL.

The lift or elevation of water means the total height water is raised from the lowest level of the water in the well, no matter whether pipe is in the well only or carried to a tank above the ground. Each 100 feet of horizontal pipe or each elbow in the pipe should be counted as equal to a lift of about 2½ feet.

We recommend the following selections of pumping windmills and pump cylinders for the lifts mentioned: If the lift is less and you wish to use the mill for irrigation purposes, the size of cylinder can be increased proportionately, up to a 5-inch cylinder with an 8-foot mill, a 6-inch cylinder with a 9-foot mill, a 7-inch cylinder with a 10-foot mill, and a 10-inch cylinder with a 12-foot mill, to lift water 10 feet or less. Smaller cylinders than we mention can be used if desired.

For 50-foot lift: Use an 8-foot mill with a 3-inch cylinder, or a 9-foot mill with a 3½-inch cylinder, or a 10-foot mill with a 4-inch cylinder.

For 75-foot lift: Use an 8-foot mill with a 2¾-inch cylinder, or a 9-foot mill with a 3-inch cylinder, or a 10-foot mill with a 3¼-inch cylinder, or a 12-foot mill with a 4-inch cylinder.

For 100-foot lift: Use an 8-foot mill with a 2½-inch cylinder, or a 9-foot mill with a 2¾-inch cylinder, or a 10-foot mill with a 3-inch cylinder, or a 12-foot mill with a 3¼-inch cylinder.

For 125-foot lift: Use an 8-foot mill with a 2¼-inch cylinder, or a 9-foot mill with a 2½-inch cylinder, or a 10-foot mill with a 2¾-inch cylinder, or a 12-foot mill with a 3-inch cylinder.

For 150-foot lift: Use an 8-foot mill with a 2-inch cylinder, or a 9-foot mill with a 2¼-inch cylinder, or a 10-foot mill with a 2½-inch cylinder, or a 12-foot mill with a 2¾-inch cylinder.

For 200-foot lift: Use a 9-foot mill with a 2-inch cylinder, or a 10-foot mill with a 2¼-inch cylinder, or a 12-foot mill with a 2½-inch cylinder.

For 250-foot lift: Use a 10-foot mill with a 2-inch cylinder, or a 12-foot mill with a 2¼-inch cylinder.

For a 300-foot lift: Use a 12-foot mill with a 2-inch cylinder.

Capacity of windmills vary under different conditions, but whatever variations there may be, we guarantee that the Kenwood Windmill, either pumping or power, will do as much work under equal conditions as any windmill of corresponding size and that they will operate in much lighter winds than most other windmills.

FOR PRICES, SEE PAGES 490 AND 491.

KENWOOD HIGH GEARED STEEL POWER WINDMILLS.

THE UTILITY OF THE STEEL POWER WINDMILL as an economical and satisfactory developer of power for farm purposes, is recognized and acknowledged in every community in which such mills have been used. We have made a special study of this branch of the windmill business and are more than satisfied that in the Kenwood we have the best power windmill ever placed upon the market. Not only are the Kenwood Power Windmills efficient and powerful, but they are so strong and durable as to be almost indestructible.

KENWOOD POWER WINDMILLS are geared up five to one, that is, the vertical shaft of the mill makes five revolutions to every revolution of the wind wheel. This gives the vertical shaft from 300 to 400 revolutions per minute, depending upon the size of the wheel and the velocity of the wind. By means of shafting, foot gear, and pulleys, power can be transmitted to various machines, such as feed cutters, wood saws, feed grinders, corn shellers, churns, pumps, etc.

THE ACCOMPANYING ILLUSTRATIONS show the engine head of the Kenwood 14-foot Power Windmill. Every part is strong and durable. An evenly balanced machine throughout. Large, heavy gearing, strong shafting, long bearings, and all properly designed and arranged to attain the best results. Governing spring and lever and weight attachment both adjustable, so as to obtain the desired tension on the vane. Both the 12-foot and 16-foot heads are built upon the same lines as the 14-foot, except that one is lighter and the other heavier, and that the combined gear of the 12-foot mill runs upon a long and heavy stud shaft instead of a shaft with bearings at both ends.

Illustration No. 5 was taken at a point in front and to the right of the wind wheel. It shows the main shaft, the front brace tightener, the wind wheel spider and the collar in front of the spider; this collar being provided to prevent the possibility of the key working loose and allowing the spider to slip

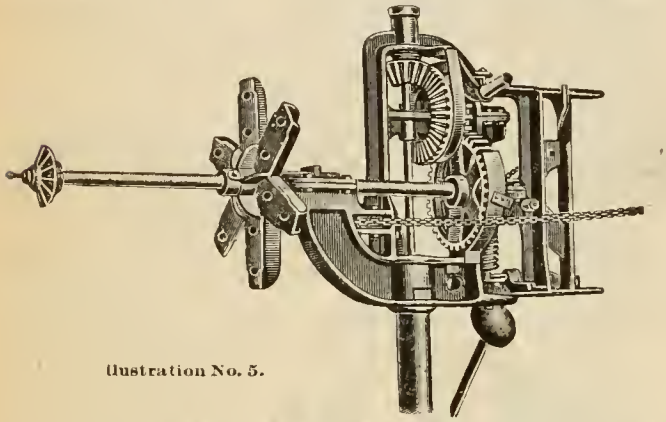


Illustration No. 5.

on the shaft. Note the long distance between the main shaft bearings, one in front and one behind the center of the windmill, the same principle as is employed in the Kenwood Pumping Windmills, giving a substantial bearing for the purpose of supporting the wheel and enabling the windmill to balance perfectly. This illustration shows very plainly the large main gear which is secured to the main shaft, the combined spur pinion and bevel gear which is driven by the main gear, and which is supported on a shaft, having a self-oiling bearing both in front and back of the gear. It also shows the bevel pinion, which is driven by the bevel gear and which is secured to and gives motion to the vertical shaft of the windmill. Note carefully that there is a bearing above and below this bevel pinion properly supporting the vertical shaft. Around the outer circumference of the combined spur pinion and bevel gear there is a turned brake friction surface.

The brake strap, which is secured to the main frame above the gearing, passes around the circumference of this combined gear and is secured to the inner end of the brake lever. The brake lever shows plainly above the gearing; the manner in which the brake is operated is better shown and will be described in connection with one of the other illustrations.

Illustration No. 6 is a view which was taken at a point back of the wind wheel and to the left of the vane. It shows the gearing in another position; shows the manner of attaching the brake wedge to the vane hinge, and indicates plainly the manner in which the inclined surface of the lower edge of the brake

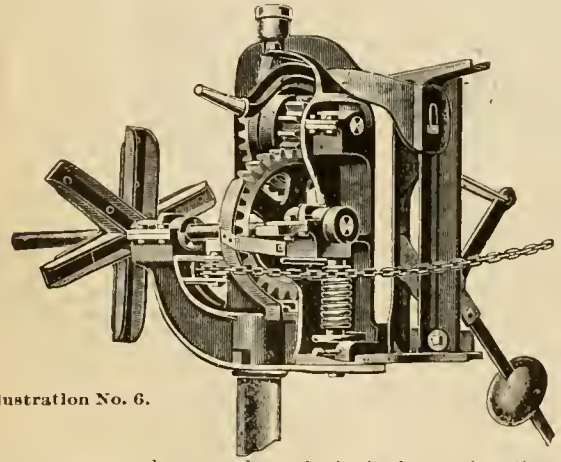

Illustration No. 6.

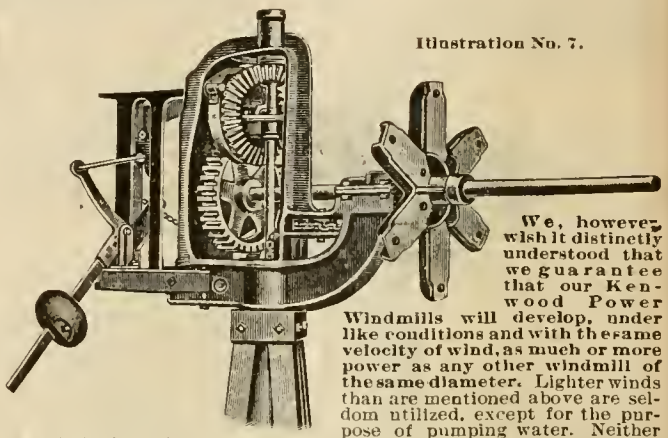
wedge passes over and presses down the brake lever when the windmill is pulled out of wind. This picture also shows the governor spring, the manner in which it is placed in the windmill, and the adjusting clamp by which more or less tension is put upon the spring. It also shows the guard provided to prevent the pull-out chain from getting into the gearing.

Illustration No. 7 is a view taken at a point in front and to the left of the wind wheel. It gives another view of the windmill, showing the main shaft, wheel spider, gearing, brake lever, brake strap, etc. In addition it shows the lever and weight governor attachment and the manner in which it is connected to the vane.

Power Developed by Kenwood Power Windmills.

The power developed by the Kenwood Steel Power Windmills depends very much upon the velocity of the wind. The design of these windmills is such that you can obtain from the force of the wind the greatest possible amount of power. A power windmill is generally used in winds that vary from ten to forty miles an hour. In such winds we have no hesitancy in stating positively that the 12-foot Kenwood Power Windmill will develop from one to four horse power; the average winds which are utilized resulting in about two and one-half horse power. The 14-foot Kenwood Power Windmill will develop from one and one-half to six horse power; the average winds which are utilized resulting in about three and three-quarter horse power. The 16-foot Kenwood Power Windmill will develop from two to eight horse power; the average wind resulting in about five horse power.

Illustration No. 7.



We, however, wish it distinctly understood that we guarantee that our Kenwood Power Windmills will develop, under like conditions and with the same velocity of wind, as much or more power as any other windmill of the same diameter. Lighter winds than are mentioned above are seldom utilized, except for the purpose of pumping water. Neither are extremely high winds utilized, because most owners of windmills prefer to let the windmill remain idle rather than run the risk of operating the windmill in winds which border on tornadoes or cyclones.

How Power Windmills Are Placed.

The Kenwood Steel Power Windmills can be placed on a steel tower, which you can purchase of us, or they can be placed on a wood tower, which you will build yourself; or, as is quite common, they may be placed on a single mast above the barn, the mast running from the barn floor to a point high enough above the barn so that the windmill will be elevated from ten to fifteen feet above near-by trees or buildings.

What is Required for a Power Windmill Outfit.

The vertical shaft provided with the 12-foot and 14-foot Kenwood Power Windmills extends downward about 5 feet below the turntable of the windmill. The vertical shaft of the 16-foot Kenwood Power Windmill extends downward about 6 feet below the turntable of the windmill. The vertical shaft of the foot gear or of the windmill feed grinder extends upward about 1½ feet above the horizontal shaft. When ordering a power windmill, first decide how high you will erect it, and how high above the ground you want the horizontal shaft of the foot gear or feed grinder, then remember that whether the windmill goes on a mast or tower, aside from the windmill itself, you will require an amount of vertical shafting to connect the windmill with the foot gear equal to the elevation of the windmill less the sum of the lengths of the vertical shafting on the windmill and foot gear and the height of the horizontal shaft of the foot gear above the ground.

You will also require a foot gear or a windmill feed grinder at the bottom of the vertical shafting; then, if the windmill is to be erected on a steel tower, you will need to order, in addition to the above, the height of tower required. If the windmill is to be erected on a wood mast, you can obtain from us a set of steel guy rods, which your blacksmith can lengthen or shorten, if they are not found to be of the proper length, or, in lieu of the guy rods, you can brace the mast with timbers.

The outfits described above are the simplest outfits which can be used. In addition, you may require line shafting, pulleys, belting, etc., all of which will be found described and priced in this catalogue.

The main shafting used on Kenwood Power Windmills is exceedingly heavy and strong. It is 1⅛ inches on 12-foot mills, 1¾ inches on 14-foot mills and 2 inches on 16-foot mills.

Kenwood Power Windmills Can Be Used for Pumping Water.

The Kenwood Power Windmills may be utilized for the purpose of pumping water by making use of a suitable pump jack, or our windmill pump gear and quadrant levers. If the well be close to the barn or close to the tower on which the windmill is erected, and the pump is in line with the vertical shafting of the windmill, then line shafting can be run to a point directly over the well and connected to the shaft of a windmill pump jack; or, if the well is not in such a position and there are no driveways or buildings intervening, the pump jack can be placed directly over the well and power can be transmitted to it from the line shafting either by belt and pulleys, by sprocket wheels and chain belt, or, if the distance be great, by sheave wheels and wire cable.

If there be driveways or buildings between the windmill and the pomp, then the pump gear can be placed on the mast above the barn or at a point high up in the tower, where it is operated by a bevel pinion, which may be attached to the vertical shafting at any point which is clear from bearings or couplings; then by connecting the wood rod of the pump gear to one quadrant lever, placing the other quadrant lever over the well, and connecting the two quadrant levers by wire, power can be transmitted from the windmill to the pump at almost any reasonable distance and at almost any angle.

TO SELECT A POWER WINDMILL.

A 12-foot mill should be selected for running machinery requiring from one to two-horse power. A 14-foot mill for running machinery requiring from two to four-horse power. A 16-foot mill for running machinery requiring from four to six-horse power.

FOR PRICES SEE PAGES 490 AND 491.

KENWOOD FOUR-POST ANGLE STEEL TOWERS.

The Kenwood Steel Windmill Towers are absolutely the best, strongest and most substantial towers which can be made. By this, we do not mean that in every case they are heavier than some other towers, but we do mean that the towers are in every way heavy enough to support the windmills for which they are designed, and still leave a large percentage of extra strength for safety. Further than this, they are the best braced towers which can be made.

Every section of the tower is independently braced by round steel braces, which are not reduced in size either by threads or in any other way. These braces are tightened by a specially designed clamp, by means of which an equal tension is put upon every pair of braces. There are eight of these braces for every ten feet of tower. In addition to this, the Kenwood Steel Towers are braced diagonally across the tower, from corner post to corner post, a style of bracing not employed in the manufacture of other windmill towers, but one of the special features of the Kenwood Towers, and a feature which adds great strength and rigidity to the tower.

Kenwood Towers Do Not Blow Down.

In all the time in which the Kenwood Steel Tower has been used (and that is for many years), the manufacturers have only had one tower reported to them as having been blown down. That tower was blown down by the heaviest wind storm this country ever knew, a storm which wrecked the city of Galveston, and which would be expected to wreck any building or piece of machinery which was in its path.

The corner posts of the Kenwood Towers are made of the best quality of angle steel, with a large fillet or round corner where the two legs of the angle meet on the inner side. These steel posts in size are large enough to be abundantly strong, and from the top of the tower down they are increased in size in every 20-foot section, thus increasing the strength as the tower broadens, where increased strength is most needed. **The Kenwood Towers are strongly braced with angle steel cross girts running from corner post to corner post, on every side, at frequent interyals,** these cross girts being made heavier and stronger for each section toward the base of the tower, and a set of these cross girts is furnished for the extreme base of the tower, near where the corner posts are secured to the anchor posts.

By referring to the table of prices and weights, you will find that we manufacture different sizes and weights of towers for the different sizes and kinds of windmills. Ordinary towers for pumping windmills and for power windmills are supplied with very heavy angle steel anchor posts, to the bottom of which there is riveted malleable iron anchor plates, which are provided with bolt holes for the purpose of securing to foundation planks. Tank towers, or towers which are made to support tanks, instead of being supplied with anchor posts are provided with heavy cast iron foot plates, which bolt to the bottom of the tower corner posts, and heavy foundation rods, which are made long enough to pass through the brick or stone foundation, which should be built to support this style of tower, and by means of which the foundation plates are securely bolted to the masonry piers.

TOWER PLAN

Illustration No. 8.

Strongest Construction Possible.

Illustration No. 8 is a plan of the Kenwood Steel Tower, showing the general form of construction and giving the principal measurements.

Illustration No. 9 shows the lower 10 feet of a 30-foot Kenwood Four-Post Angle Steel Tower. The special purpose of this illustration is to show the thoroughness of the bracing employed in our towers. As will be seen, the corner posts are bolted together at a point just below the cross girts. A set of cross girts is provided for every 10-foot section, the last set being close to the ground and just above the anchor post joints.

Each 10-foot section of the tower is thoroughly braced by four sets of round steel brace rods, which brace rods are not reduced in size in any way, but have an eye turned at each end of them. These brace rods run from the upper cross girt joint diagonally across the side of the tower to the joint of the next lower cross girt.

The two rods on each side of the tower cross each other at a point near the center of the section. Here they are clamped together by specially devised clamps, by means of which the brace rods can be tightened so as to make the tower absolutely rigid and firm. In every case, however, each rod of each pair bears the same tension as is placed on its mate, so that it is impossible to get an uneven tension on any pair of the rods. In addition to this style of bracing, which is superior to the braces ordinarily used, we employ another style of bracing seldom found in towers of other makes. In other words, we run diagonal cross rods from corner post to corner post, by means of which the tower is squared up, making it as strong and rigid as it would be were it a solid steel box.

In towers for pumping windmills these diagonal cross rods radiate from the pump rod guide in the center of the tower and they are placed one set in every 10-foot section. In towers for power windmills the diagonal cross rods radiate from the center boxing, which is provided for the vertical shafting. As bearings are supplied for this vertical shafting at points about 6½ feet apart, diagonal cross rods in power windmills occur every 6½ feet instead of every 10 feet. This illustration also shows the style of ladder used on our towers. No man killing hooks project from the corner posts of the tower, but a genuine ladder made of steel throughout—the sides of the ladder being angle steel and the steps flat steel—all firmly riveted and secured together so that the ladder is perfectly safe for any one to climb. Attached to the left post of the tower we show the pull-out lever, which is always furnished by us when windmills and towers are ordered together.

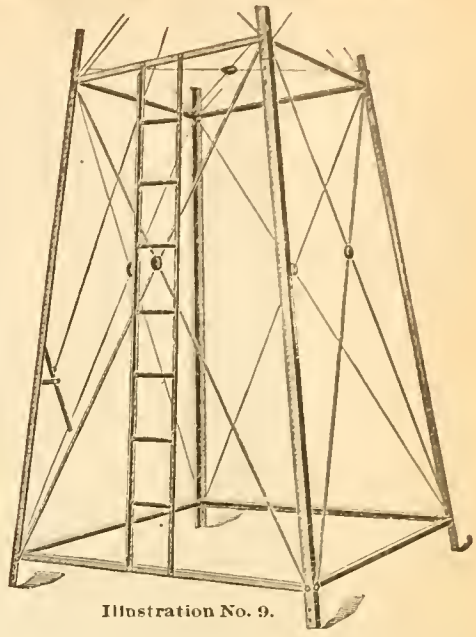

Illustration No. 9.

In Illustration No. 10 we show a section of one corner of the tower, illustrating the manner of bolting the corner posts together, bolting the cross girts and brace rods to the corner posts, and the manner in which the diagonal cross rods are secured to the corner of the tower. As will be seen, the lower posts, being wider than the upper posts, lap outside the upper posts, keeping the inner edges of the posts even and in line with each other.

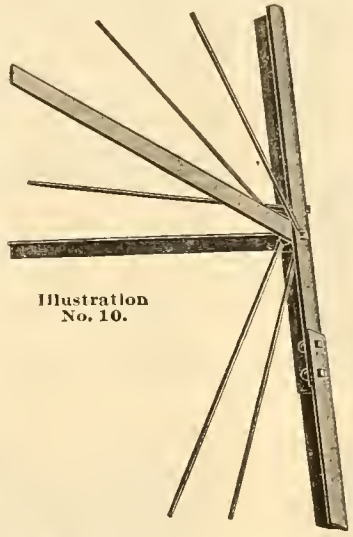

Illustration No. 10.

We call particular attention to the small illustration No. 11. It shows plainly the manner in which our tower brace rods are clamped together where they cross, and shows that the brace rod running from the upper left hand corner to the lower right hand corner must cross the other brace rod outside of it. When these clamps are put upon the brace rods and bolted together they can be tapped lightly with a hammer until the rods are drawn perfectly tight, then the clamp bolts can be screwed up so that it will be impossible for the clamps to move out of position.

Illustration No. 11.

Cheaper and Better than Wood Towers.

Steel towers are far more substantial than either wood towers or masts, and when erected they present a much handsomer appearance. We are sincere when we advise our customers to purchase a steel tower when they purchase a windmill. Steel towers cost but little, if any, more than wood towers, and if you buy a Kenwood Steel Tower you obtain one which is perfect in design, substantial, and abundantly strong in all parts.

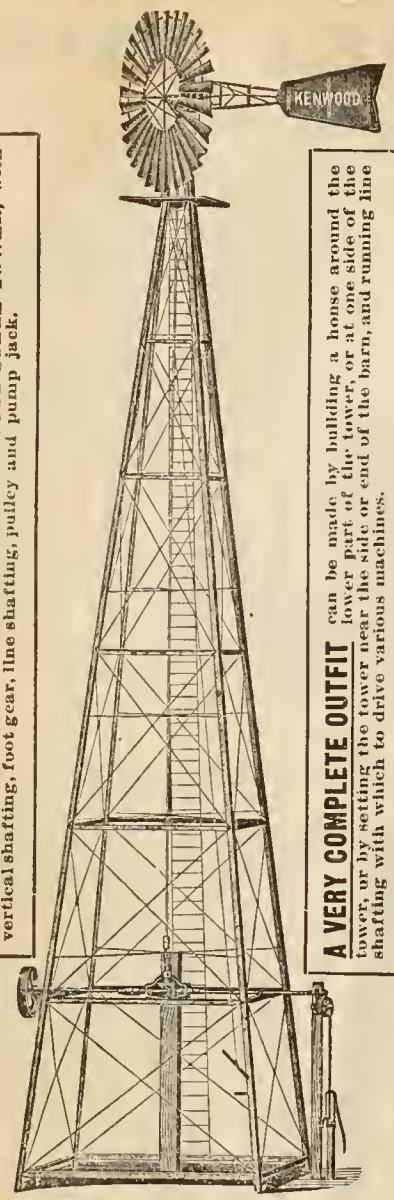
If you are putting up a power windmill outfit and erect the windmill on a steel tower, you can build a house either within or around the base of the tower, and arrange your machinery within and about it to suit your convenience. The tower can be erected close to your barn, so that line shafting can be run into the barn, and all arrangements for transmitting power, either to machinery or pump, can be made more conveniently than would be the case if the windmill was erected over the barn. **At our one small profit prices, you can ill afford to erect your windmill on anything but a Kenwood Steel Tower.**

WE ADVISE OUR CUSTOMERS IN ORDERING A WINDMILL TO INCLUDE WITH THEIR ORDER AN ORDER FOR A STEEL TOWER TO MATCH.

While our windmills are adapted for and thousands of them are erected on wood towers, our price for steel towers is a price that barely covers the cost of material and labor, and makes the first cost to you for a steel tower but a little more than a wood tower. In the end the steel tower is by far the cheaper.

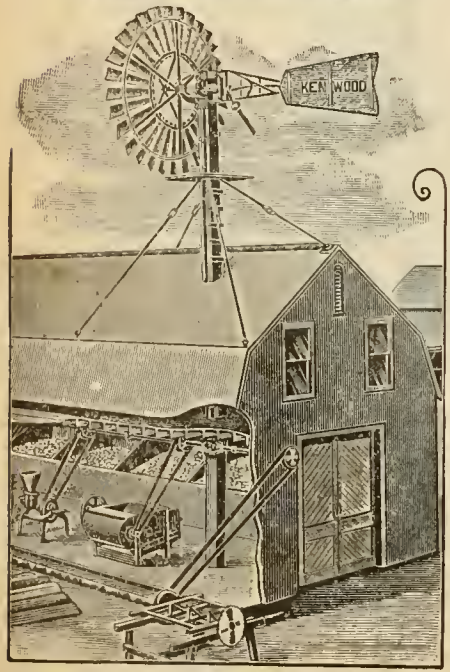
When deciding upon the height of tower to order, be sure to select one high enough to bring the windmill well up above the tops of trees or other obstructions, like buildings, etc., so as to give the windmill the full and unbroken force of the wind. The bottom of the wheel should be at least ten feet above any obstruction which is within a quarter of a mile of the windmill, provided it is possible to elevate the windmill to this height. Sometimes, of course, this cannot be done. It may be found necessary to erect the windmill near the foot of a hill or in a place where it would be impossible to elevate to a point above obstructions which might be on one side of the windmill. In such case select the height of tower which will give you proper results from the directions in which you can utilize the wind, and do not expect to operate the windmill when the wind comes from the direction of the hill or other obstruction.

FOR PRICES SEE PAGES 490 AND 491.



WE SHOW IN THIS ILLUSTRATION a simple, but very complete Power Mill Outfit, consisting of a KENWOOD POWER WINDMILL, mounted on a 60-foot KENWOOD STEEL TOWER, with vertical shafting, foot gear, line shafting, pulley and pump jack.

A VERY COMPLETE OUTFIT can be made by building a house around the lower part of the tower, or at one side of the tower, or by setting the tower near the side or end of the barn, and running line shafting with which to drive various machines.



IN THIS ILLUSTRATION we show the Kenwood Power Windmill as it appears when mounted on a wood mast over the barn, showing the manner of bracing the mast with our steel guy rods and how various machines may be driven by the power developed by the windmill.

PRICES FOR KENWOOD STEEL WINDMILLS AND ANGLE STEEL TOWERS.

Shipped direct from factory in Southeastern Wisconsin.

See preceding pages for illustrations and descriptions and how to select windmills and towers.

Prices for Kenwood Steel Pumping Windmills.

The following prices on Pumping Windmills are for the windmills, complete with wheel, vane, head, pull-out wire and wood pump pole. The windmill complete but without tower.

When Pumping Windmills are ordered in connection with Steel Towers, they are furnished with the necessary wood pump pole and pull-out wire for the height of the tower ordered.

When a tower is not ordered with a pumping windmill, unless otherwise instructed, the windmill will be fitted with a cap for a wood tower, but if specified in your order we will furnish in place of this cap, a cap for our steel tower or with castings for attaching to a wood mast. The mill will then be furnished with sufficient wood pump pole and pull out wire for a 40-foot tower and with a wooden pull-out lever.

Prices for Kenwood Steel Power Windmills.

The following prices on Power Windmills are for the windmills complete with wheel, vane, head, pull-out wire, 5 feet of vertical shafting with 12-foot and 14-foot windmills and 6 feet with 16-foot windmills, measuring downward from point where windmill rests on tower. The windmill complete, but without tower.

When Power Windmills are ordered in connection with Steel Towers, they are furnished with sufficient wire pull-out cable for the height of tower ordered. When a tower is not ordered with a Power Windmill, unless otherwise instructed, the windmill will be fitted with castings for attaching to a wood mast, but if specified in your order we will furnish in place of these mast castings a cap for a wood tower or a cap for our steel tower. **The mill will then be furnished with sufficient wire pull-out cable for a mast or tower 40 feet in height and with a wooden pull-out lever with irons for attaching same to the floor.**

Prices for Kenwood Four-Post Angle Steel Towers for Pumping Windmills.

The following Towers are for 8-foot Pumping Windmills, and include anchor posts, platform and pull-out lever, but do not include a windmill. They are as strong as most others sell with 9-foot and 10-foot mills, and may be used with these sizes of mills, but when so used they are not guaranteed by us. We recommend them only for 8-foot mills.

Prices for Kenwood Four-Post Angle Steel Tank Towers.

FOR SUPPORTING TAPERED TOWER TANKS AND EITHER SIZE OF PUMPING WINDMILLS.

Tank Towers must be built heavy and substantial throughout to support the combined weight of the windmill and tower itself and the tank when it is full of water.

The following Tank Towers are to support 20-barrel tanks, and price includes foundation plates, foundation rods, platform and pull-out lever, but does not include either windmill or tank. Tank is always located so that bottom of tank is 20 feet below top of tower.

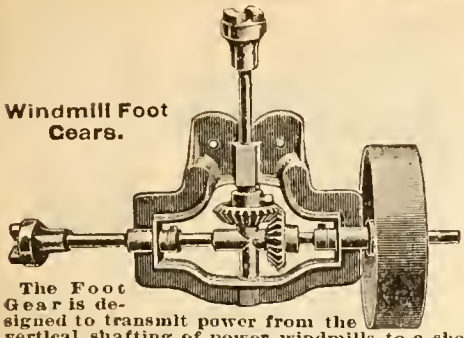
32T1316	50 feet	2070 lbs.	72.00
32T1317	60 feet	2520 lbs.	82.80

NOTE—When building the platform to support a wooden tank, lay timbers diagonally across the channel girts, then cut planks to fit under the bottom and inside the chime of the tank and lay these planks square across the timbers. For steel tanks, the planks which cross the timbers must be close together, so as to support the entire bottom of the tank.

ATTACHMENTS FOR WINDMILLS

Windmill Foot Gears.



The Foot Gear is designed to transmit power from the vertical shafting of power windmills to a shaft which is horizontal. On the horizontal shaft we furnish a standard pulley and also furnish a half coupling, so that a line shaft of any length may be attached to and driven by the horizontal shaft of the foot gear. **We furnish the foot gear in two sizes:** In both we use miter or equal speed gears. The miter gear, which is on the horizontal shaft, may be placed on either side, so that the horizontal shaft can be driven in either direction, making it unnecessary to run cross belts from the foot gear or line shafting to your machinery.

We always furnish, with the foot gears, such bolts as are necessary to secure the foot gear to the mast or post to which the foot gear is to be attached. The vertical shaft of the smaller foot gear is ⅞ inch in diameter and extends upwards about 18 inches from the center of the foot gear. That of the larger foot gear is 1⅛ inches in diameter and extends upward about 24 inches. The horizontal shaft of the smaller foot gear is 1¼ inches and extends about 17 inches to each side. That of the larger foot gear is 1¼ inches and extends about 19 inches to each side. As an extra we can furnish a half coupling to go on the opposite end of the horizontal shaft, so that line shafting can be connected to both sides of the foot gear. Shipped direct from factory in Southeastern Wisconsin.

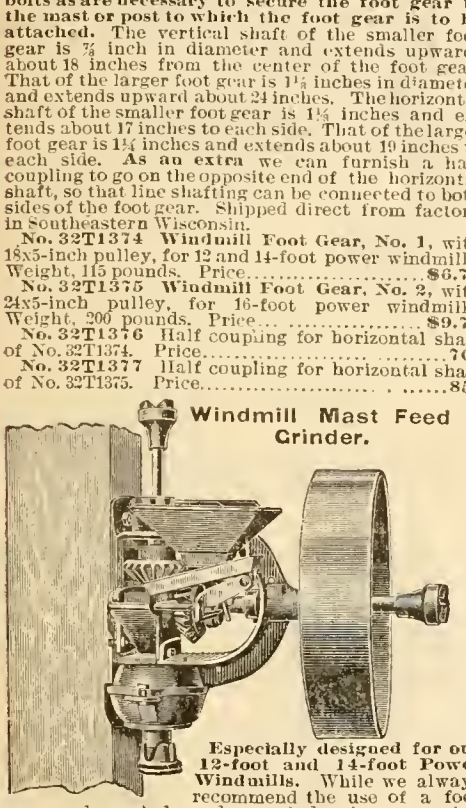
No. 32T1374 Windmill Foot Gear, No. 1, with 18x5-inch pulley, for 12 and 14-foot power windmills. Weight, 115 pounds. Price.....**$6.70**

No. 32T1375 Windmill Foot Gear, No. 2, with 24x5-inch pulley, for 16-foot power windmills. Weight, 200 pounds. Price.....**$9.75**

No. 32T1376 Half coupling for horizontal shaft of No. 32T1374. Price.....**70c**

No. 32T1377 Half coupling for horizontal shaft of No. 32T1375. Price.....**85c**

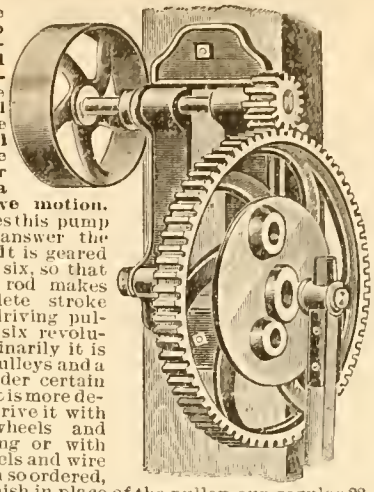
Windmill Mast Feed Grinder.



Especially designed for our 12-foot and 14-foot Power Windmills. While we always recommend the use of a foot gear and an independent grinder in connection with power windmills, sometimes, in fact, quite frequently, this grinder can be used in place of the foot gear and will answer every purpose. **Our Windmill Feed Grinder has an automatic shake feed,** so that when properly set the flow of grain is in proportion to the speed and power. A spout leading from a bin above the grinder can be built so as to discharge into the hopper of the grinder. Then with the shake feed properly adjusted the grinder becomes strictly automatic. If the speed of the windmill is reduced, the flow of the grain into the burrs is reduced. If the wind becomes stronger and the speed of the wind wheel is increased, the flow of grain is increased in exact proportion to the speed. Two sets of burrs are furnished with each machine, both being made for the purpose of grinding feed. The discharge is directly at the bottom of the grinder, consequently there are no side spouts or anything in the way of obstructions to prevent the ground feed from dropping away from the burrs and therefore, no clogging. The vertical shaft is ⅞-inch in diameter and extends upward about 18 inches from the center. The horizontal shaft is 1⅛ inches in diameter, extends outward abont 18 inches, is fitted with a pulley 18 inches in diameter by 5 inches face, and is fitted with half coupling, so that line shafting can be connected to this shaft. Capacity, one to eight bushels of mixed feed per hour, depending entirely upon the velocity of the wind. The grinder is furnished with the necessary bolts for fastening to the mast or post to which the grinder is to be attached. Shipped direct from factory in Southeastern Wisconsin.

No. 32T1378 Windmill Feed Grinder. Weight, 50 pounds. Price.....**$12.10**

Windmill Pumping Jacks.



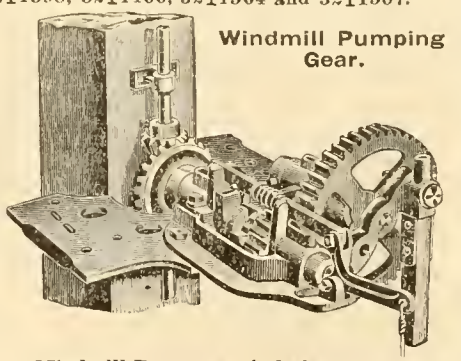
To operate a pump with a power windmill it is necessary to use some kind of a device which will develop the proper speed and a reciprocative motion. In most cases this pump jack will answer the purpose. It is geared back one to six, so that the pump rod makes one complete stroke while the driving pulley makes six revolutions. Ordinarily it is driven by pulleys and a belt, but under certain conditions it is more desirable to drive it with sprocket wheels and chain belting or with sheave wheels and wire cable. When so ordered, we will furnish in place of the pulley our regular 22-inch sheave wheel, so that the jack may be run by wire rope, or we will furnish it with an 8-inch No. 42 sprocket wheel to be driven by chain belting. In other cases it is sometimes desirable to connect the jack direct to the end of the windmill line shafting. When this kind of a connection is to be made, in place of the pulley, we will furnish a sleeve coupling so that the jack may be so connected. If the well is at a considerable distance, too far to employ either style of drive mentioned above, the power can be transmitted from the pump jack to the pump by means of windmill quadrant levers. Our windmill pump jacks are always furnished complete with the pump connection, 8 feet of wood pump pole and such bolts as are necessary to attach the jack to the post on which it is to be secured. Shipped direct from factory in Southeastern Wisconsin.

No. 32T1380 Windmill Pump Jack, No. 1, with 10x4-inch pulley, for all sizes of power windmills. Especially adapted for operating ordinary pumps. Arranged with 6-inch, 9-inch and 12-inch strokes. Weight, 90 pounds. Price.....**$5.95**

No. 32T1381 Windmill Pump Jack, No. 2, with 12x5-inch pulley, designed especially for use in connection with large pumps having long cylinders, or with irrigation pumps when operated by power windmills, and for the purpose of raising large quantities of water. Arranged with 12-inch, 15-inch and 18-inch strokes. Weight, 150 pounds. Price.....**$9.80**

NOTE—To drive pump jack, order sheave wheel or sprocket wheel or pulley for line shaft same size as on pump jack. These are extra. See Nos. 32T1398, 32T1400, 32T1504 and 32T1507.

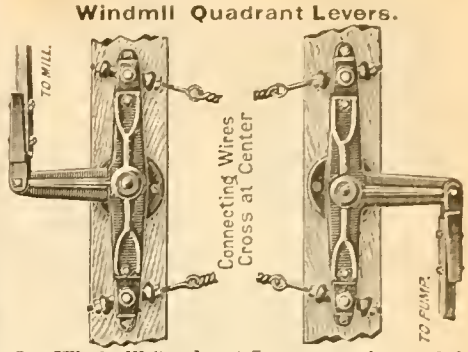
Windmill Pumping Gear.



Our Windmill Pump Gear is designed for use in connection with all sizes of our power windmills, and arranged so that it can be placed upon the windmill mast above the barn, or so that it can be secured to the vertical shafting in power windmill towers, at any height in the tower. The special purpose of this pump gear is to operate in connection with windmill quadrant levers, pumps which may be at a considerable distance from the windmill, and where driveways or intervening buildings make it impossible to operate the pump by the regular windmill pump jack. It is driven by a bevel pinion which is secured to the vertical shafting by two heavy set screws. This pinion can be attached to the shafting at any point where boxes or couplings do not interfere. The bed plate of the pump gear is so arranged that the gear can be placed either directly in front of the mast or at either side, so that power can be transmitted in almost any direction. This pump gear is geared back one to six, giving one stroke of the pump rod to six revolutions of the vertical shafting. It is provided with three different strokes, namely, 4½-inch, 6-inch and 8-inch, and can be adjusted to suit varying conditions and lengths of pump cylinders. It is furnished with pump connection, 8 feet of wood pump pole and such bolts as are necessary to attach it to the mast. In ordering state whether to be used with 12 foot, 14 foot, or 16 foot mill. Shipped direct from factory in Southeastern Wisconsin.

No. 32T1382 Windmill Pump Gear. Weight, 140 pounds. Price.....**$9.30**

Windmil Quadrant Levers.



Our Windmill Quadrant Levers can be used in connection with pumping windmills to operate a pump which may be at a considerable distance from the windmill, or may be used in connection with windmill pump jacks or windmill pump gears where pumps are operated by power windmills.

When used in connection with pumping windmills the two wires which connect the two quadrant levers must be crossed, so as to give an up stroke on the pump at the same time that the up stroke is being made by the windmill. They are furnished with pivot plates and bolts, pump connection and 8 feet of wood pump pole, for the purpose of connecting the lever to the pump. Shipped direct from factory in Southeastern Wisconsin.

No. 32T1383 Windmill Quadrant Levers. Weight, 50 pounds. Price, per set.....**$2.98**

No. 32T1384 Quadrant Wire for connecting Windmill Quadrant Levers. Price, per foot.....**½c**

It will require twice as much wire to connect the levers as the distance between the two levers and about 10 feet more for fastening the ends of the wire.

Windmill Guy Rods.

Guy Rods, for power windmill masts, per set of four rods, each not over 15 feet long, including turn buckles and end bolts. Shipped direct from factory in Southeastern Wisconsin.

No. 32T1386 Guy Rods, for 12-foot or 14-foot windmills. Weight, 50 pounds. Price, per set...**$3.20**

No. 32T1387 Guy Rods, for 16-foot windmills. Weight, 75 pounds. Price, per set.....**$4.22**

VERTICAL SHAFTING FOR POWER WINDMILLS.

It is usually necessary to place the foot gear or feed grinder of a power windmill at a considerable distance below the windmill. For 12-foot or 14-foot windmills, to place the horizontal shaft of the foot gear at a point 5½ feet above the base of the tower or mast, it requires 8 feet of vertical shafting for a 20-foot tower, and 10 feet more for each additional 10 feet of tower or mast; for 16-foot windmills the vertical shaft required is 1½ feet less in length than for 12-foot or 14-foot windmills. Vertical shafting is furnished complete with all necessary boxes and couplings and when ordered with a windmill outfit, we also furnish a shifting clutch coupling for throwing out of gear and a safety slip or friction clutch, but no friction clutch or shifting clutch will be furnished under other circumstances and no deduction will be made when these are not furnished. Shipped direct from factory in Southeastern Wisconsin.

No. 32T1390 ⅞-Inch Vertical Shafting, for 12 and 14-foot power windmills. Weight, per foot, 4 pounds. Price, per foot.....**21c**

No. 32T1391 1⅛-Inch Vertical Shafting, for 16-foot power windmills. Weight, per foot, 5 pounds. Price, per foot.....**30c**

Line Shafting for Our Power Windmills.

Furnished complete with couplings, boxes and coach screws for securing the boxes to timbers. Where only one piece of shaft is furnished, we furnish one-half coupling, so that the line shafting may connect with the foot gear, but no coupling is furnished for the opposite end. If more than one piece of shaft is furnished, in addition to the half coupling mentioned, we furnish such couplings as are necessary for connecting the separate pieces.

Extra half couplings are the same as extra half couplings for horizontal shaft of foot gears. Shipped direct from factory in Southeastern Wisconsin.

No. 32T1394 1⅛-inch Line Shafting, for 12-foot or 14-foot power windmills. Weight, per foot, 5 pounds. Price, per foot.....**28c**

No. 32T1395 1¼-inch Line Shafting, for 16-foot power windmills. Weight, per foot, 6½ pounds. Price, per foot.....**42c**

No. 32T1396 Shifting Clutch Coupling complete, with shifting lever, for 1⅛-inch line shafting. Weight 15 pounds. Price.....**$1.55**

No. 32T1397 Shifting Clutch Coupling, complete, with shifting lever, for 1¼-inch line shafting. Weight, 20 pounds. Price.....**$1.70**

Sheaves and Sprocket Wheels.

To Drive Pump Jacks.

Shipped direct from factory in Southeastern Wisconsin.

No. 32T1398 22-inch Sheave Wheel. Price, **$1.52**

No. 32T1399 ⅜-inch wire transmission rope or cable for above. Price, per foot.....**5c**

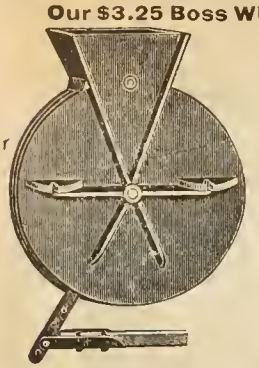
Extra for splicing wire cable to given length, including rope required to make splice.....**$2.90**

NOTICE—When wire cable is to be spliced, give exact distance between centers of the two shafts.

No. 32T1400 8-inch No. 42 Sprocket Wheel. Price, each.....**$1.42**

No. 32T1401 No. 42 Chain Belting. Per foot, **10c**

Our $3.25 Boss Windmill Grinder.



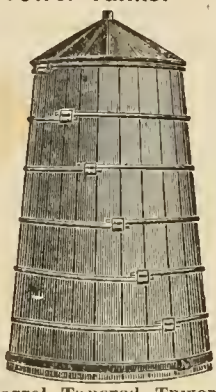
Our Boss Windmill Grinder is for use in connection with all kinds of pumping windmills, no matter what size or make. Will grind any kind of grain, either separate or mixed. Grinder consists of a double metal case and three burrs, two remaining stationary while the third revolves in the center, producing a double grinding surface and consequently having double capacity. Can be adjusted so as to grind either coarse or fine, by simply turning one nut. We furnish this grinder with an elbow with which to connect same to the pump rod of the windmill. Our price is less than one-half the price others ask for this style of grinder, while the grinder is equal to any which you can buy elsewhere. If you have a pumping windmill, or intend to buy one and have no power windmill, you certainly ought to purchase one of these little grinders. Weight, 80 pounds.

No. 32T1420 Boss Windmill Grinder. Price.....$3.25

No. 32T1421 Set of extra burrs, three pieces. Price.....$1.10

Wooden Tapered Tower Tanks.

For Use in our Tank Tower Outfits.

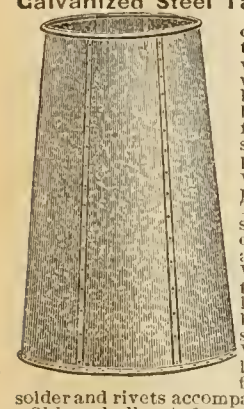


Our Wooden Tapered Tower Tanks are made of soft pine, painted, free from shakes and unsound knots, and have adjustable band fasteners. They are also fitted with a conical cover and with a two-inch steel pipe, through which the wood pump rod of the windmill passes. The shape and general construction of these tanks is one which makes them present an attractive appearance when they are placed in the tower, the tanks being built on the same taper as the tower, and are always shipped knocked down. Shipped direct from factory in Southeastern Wisconsin.

No. 32T1423 Twenty-Barrel Tapered Tower Tank, complete as described above. Weight, about 875 pounds. Price.....$19.00

No. 32T1425 Sixty-Barrel Tapered Tower Tank, complete as described above. Weight, about 1800 pounds. Price.....$34.00

Galvanized Steel Tapered Tower Tank.



For use in tank tower outfits, in place of wooden tapered tower tanks. Somewhat more expensive than wooden tanks of this style, but handsomer, more durable, and well worth the difference in price. Prices shown below include center pipe flange and 2-inch galvanized center pipe for the pump rod to pass through. The 20-barrel tank is shipped set up, unless otherwise ordered, when going within about 500 miles of Chicago. When going much beyond that distance, it is shipped knocked down. The 60-barrel tank is always shipped knocked down. When tanks are shipped knocked down every part is fitted together and sufficient solder and rivets accompany the tank to complete it.

Shipped direct from factory in Northern Indiana.

20-BARREL TANKS.

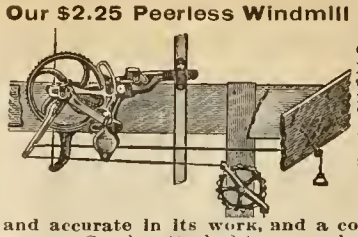
Conical Covers for Steel Tapered Tower Tanks.

No. 32T1441 Cover for 20-Barrel Tank. Weight, 50 pounds. Price.....$3.02

No. 32T1445 Cover for 60-Barrel Tank. Weight, 75 pounds. Price.....$4.34

We advise that you select No. 18-gauge steel for a 20-barrel tank, or No. 16-gauge steel for a 60-barrel tank. Inlet or outlet holes will be cut in, as you may direct, without charge, but the best way is for you to cut a hole where you want it, put a long thread on the pipe, and then use a lock nut on each side, with leather washers between tank and nuts. No tank can be returned after holes are cut in either by you or by your order.

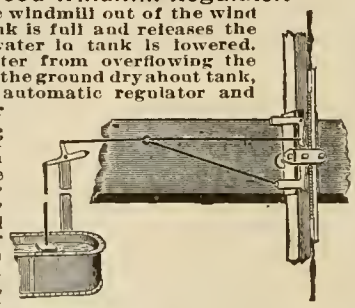
Our $2.25 Peerless Windmill Regulator.



No windmill outfit is complete without a windmill regulator. The Peerless Regulator is perfect in design and construction, strong in every part, and accurate in its work, and a comfort to its owner. Can be attached to any make of windmill, whether on a steel or a wood tower. Takes full charge of the mill, pulls it out of the wind when tank is full, and allows the mill to turn into gear when the water lowers. Makes it safe to erect windmills anywhere, and is a protection against storms. Is easy to attach, and the wire connecting the regulator and float is in a continuous piece. Furnished complete, except float, which you make of wood. Under the manufacturer's name this is the best known regulator made. Our price is about one-half the agents' price. Weight, 30 pounds.

No. 32T1453 Windmill Regulator. Price..$2.25

Kenwood Windmill Regulator.



It pulls the windmill out of the wind when the tank is full and releases the mill when water in tank is lowered. Prevents water from overflowing the tank. Keeps the ground dry about tank, is a perfect automatic regulator and safeguard for the windmill, in case of storm or high wind. Can be attached by any one to any pumping wind mill, whether windmill is on wood or steel tower. In fact, it is a universal Windmill Regulator. No fine adjustment required, no springs to weaken and nothing to get out of order. Regulator is furnished complete, ready to attach to pump pole and pull out wire, and with float lever and ring for wire connection, but wire and float are not furnished. Float can be made of wood, and ordinary wire about $\frac{1}{16}$-inch in diameter is used for making connections. The frame of the regulator attaches to the cross timber, the upper dog to the pump pole and the toothed rack to the pull-out wire. When the water reaches and raises the float, the upper dog engages with the rack, forcing it downward until the windmill is pulled out of the wind, where it is held by the lower dog until the water lowers, when the rack is released and the windmill turned into the wind. Weight, 24 pounds.

No. 32T1455 Windmill Regulator. Price..$1.69

Windmill Pump Spring.

This is the only attachment ever invented that cushions the stroke of the pump. The accompanying illustration shows a cushion spring of the simplest construction, and should be regarded indispensable in every windmill pump connection, saving the wear and tear of both mill and pump. It fits all pumping mills, and will attach in the same manner as any common pump connection. Makes pumping easier, and consequently allows the windmill to run in lighter winds and do more work than it would if it were not fitted with a pump spring. Do not neglect to order one of these springs for your windmill outfit. Weight, about 12 pounds.

No. 32T1458 Pump Spring.
Price.....99c

Cast Iron Pulleys.

Bored and set screwed and with face ground, but not turned. For use on windmill line shafting, horse power jacks, and on other shafting where finished pulleys are not required. Shipped direct from factory with windmills or horse power jacks.

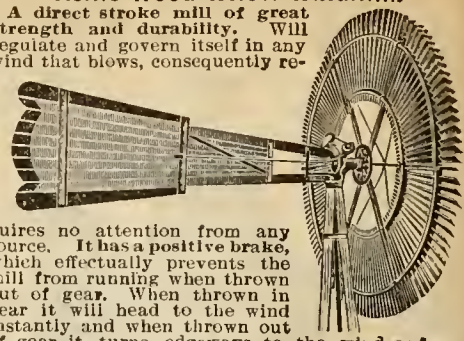
In ordering pulleys give catalogue number and size of bore.

GIVE CATALOGUE NUMBER IN FULL WHEN YOU WRITE YOUR ORDER

Acme Wood Wheel Windmill.



A direct stroke mill of great strength and durability. Will regulate and govern itself in any wind that blows, consequently requires no attention from any source. It has a positive brake, which effectually prevents the mill from running when thrown out of gear. When thrown in gear it will head to the wind instantly and when thrown out of gear it turns edgeways to the wind and remains perfectly still. Price for windmill includes all bolts for putting windmill together and bolting it to tower; also pitman rod to attach windmill to pump and cap for wood tower, or will furnish with cap for four-post steel tower if so ordered. Pivot pipe is made of 2½-inch gas pipe and is about 2¾ inches outside. This mill can be used on our steel towers Nos. 32T1244 to 32T1269, but order for tower must specify that tower is for this mill. **Shipped direct from factory in Michigan.**

No. 32T1550 10-foot Wood Windmill. Weight, 300 pounds, Price.....$18.00

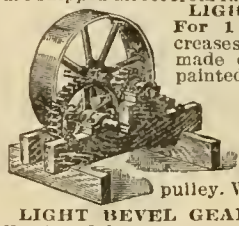
Kenwood Pumping Jack.

This pumping jack is designed for use with power windmills, steam or gasoline engines, horse power jacks, or in fact any kind of belt power. Can be secured to the standard of any ordinary pump by the clamps and bolts which are a part of the jack. It has two crank pins and two upright arms which connect with the pump rod by means of a crosshead and pin. When you want to pump by hand take out the pin and connect the handle. When attached this jack becomes a part of the pump and never lifts the pump; it only lifts water; consequently all power is used for lifting water only, and pump or platform are not disturbed. Has 6-inch stroke, is back geared 9½ to 1, has 8x2-inch tight and loose pulleys, and pulleys should be run about 380 revolutions per minute. Price does not include pump.

No. 32T1555 Kenwood Pumping Jack. Weight, 75 pounds. Price.....$12.00

Horse Power Jacks.

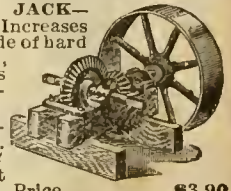
Our Horse Power Jacks have both shafts squared for coupling, so that connection may be made with either shaft. For price and size of special pulleys, see preceding pulley list on this page. When ordering pulleys for a jack which you have, be sure to state diameter of jack shaft. All horse power jacks are shipped direct from factory to user.



LIGHT SPUR GEAR JACK— For 1 to 2-horse power. Increases speed 2½ to 1. Frame is made of hard wood and nicely painted, boxes babbitted; shaft is squared to fit 1-inch coupling.

No. 32T1801 With 12x4 inch pulley. Weight, 98 lbs. Price.....$5.32

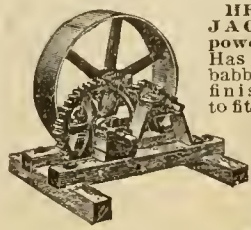
No. 32T1802 Without pulley. Weight, 85 lbs. Price, $3.85



LIGHT BEVEL GEAR JACK— For 1 to 2-horse power. Increases speed 2½ to 1. Frame is made of hard wood and nicely painted, boxes babbitted; shaft is squared to fit 1-inch coupling.

No. 32T1803 With 12x4-inch pulley. Weight, 88 lbs. Price.....$5.37

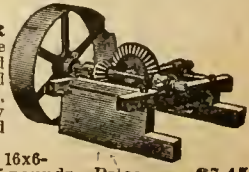
No. 32T1804 Without pulley. Weight, 75 pounds. Price.....$3.90



HEAVY SPUR GEAR JACK—For 4 to 8-horse power. Increases speed 3 to 1. Has heavy hard wood frame, babbitted boxes, and is nicely finished; shaft is squared to fit 1¼-inch coupling.

No. 32T1805 With 16x6-inch pulley. Weight, 205 pounds. Price, $7.40

No. 32T1806 Without pulley. Weight, 170 lbs. Price.....$5.15

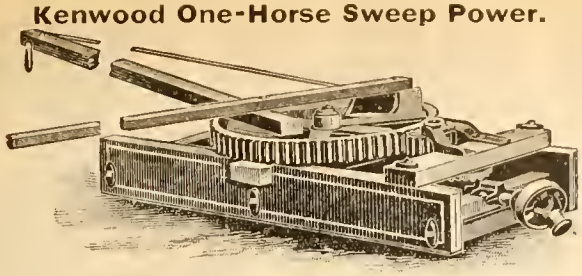


HEAVY BEVEL GEAR JACK—For 4 to 8-horse power. Increases speed 3 to 1, heavy hardwood frame, babbitted boxes, well made and nicely finished; shaft is squared to fit 1¼-inch coupling.

No. 32T1807 With 16x6-inch pulley. Weight, 185 pounds. Price.....$7.45

No. 32T1808 Without pulley. Weight, 150 pounds. Price.....$5.20

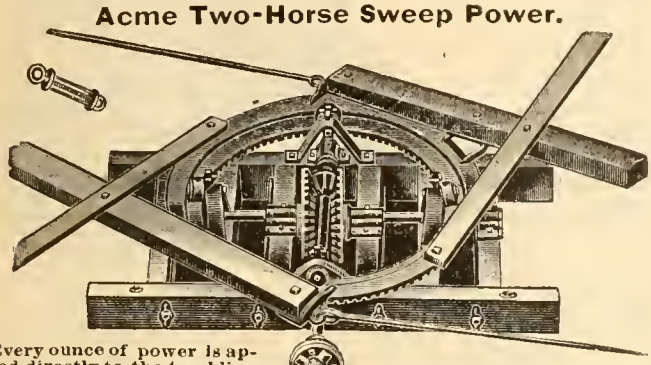
Kenwood One-Horse Sweep Power.



A good, strong external geared One-Horse Sweep Power, speeded at 25 revolutions to one round of the horse, or at about 75 revolutions per minute. Frame is made of heavy, well seasoned hardwood, firmly put together with bolts and rods, and is strongly braced. Furnished complete with one short and one long tumbling rod, (about 20 feet in all), one slip knuckle, two safety knuckles, two rod rests, one sweep and one lead pole. Shaft is squared for 1-inch coupling. Weight, 500 pounds. **Shipped direct from factory in Southeastern Wisconsin.**

No. 32T1810 One-Horse Sweep Power. Price.....**$16.95**

Acme Two-Horse Sweep Power.

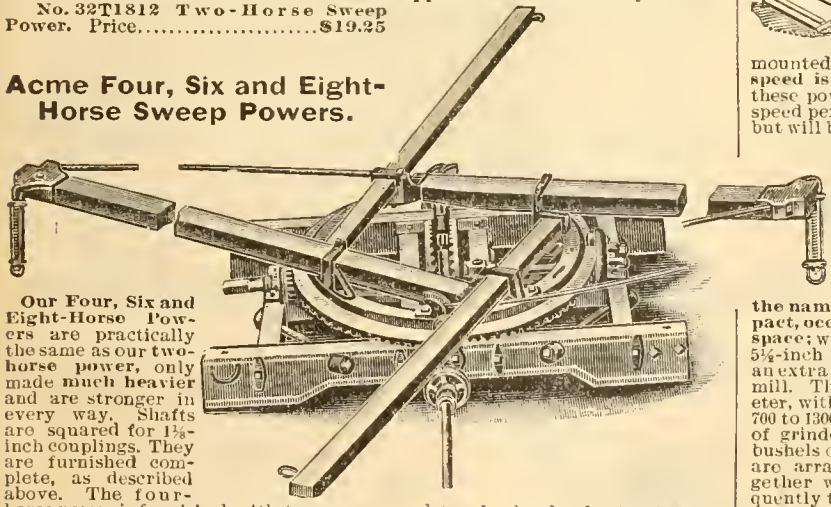


Every ounce of power is applied directly to the tumbling rod, there being **absolutely no loss by cramp** in any direction, having no center bearings; all shafts are steel and all boxes babbitted.

Traverse rollers hold the master wheel in place of slides. Each power has a right and left motion; coupling on one side the tumbling rod turns toward the horses; and on the other side with the horses. **They are from perfect plans and patterns** and have been fully tested in all parts of the country on all kinds of work. We offer the best powers made and will so guarantee. Each power is **furnished complete with two sweeps,** two sweep rods, two tumbling rods, three couplings, rod block, platform and a coil spring draft hitch for each sweep. Shafts are squared for 1-inch coupling. Weight, 700 pounds; high speed, 32 revolutions; low speed 10 revolutions to one round of the horses. **Shipped direct from factory to user.**

No. 32T1812 Two-Horse Sweep Power. Price.....**$19.25**

Acme Four, Six and Eight-Horse Sweep Powers.



Our Four, Six and Eight-Horse Powers are practically the same as our **two-horse power,** only made **much heavier** and are stronger in every way. Shafts are squared for 1⅛-inch couplings. They are furnished complete, as described above. The **four-horse** power is furnished with two sweeps and two lead poles for two teams; high speed 51 revolutions, low speed 10½ revolutions to one round of the horses. If wanted with four sweeps, price will be same as for six-horse power. **Shipped direct from factory to user.**

No. 32T1813 Four-Horse Power. Weight, 1000 pounds. Price....**$27.40**
No. 32T1814 Six-Horse Power, furnished with four sweeps and speeded same as four-horse power. Weight, 1100 pounds. Price.....**$32.40**
No. 32T1815 Eight-Horse Power, furnished with four sweeps. High speed 65 revolutions, low speed 12½ revolutions to one round of the horses. Weight, 1400 pounds. Price.....**$43.15**

Safety Couplings.

All parts are duplicates, so that a broken piece is easily replaced. **It will not heat; it will not cut; it has no pin to wear out;** it greatly reduces the friction; **guaranteed to outwear any other coupling.** Carried in stock to fit 1, 1⅛ or 1¼ squared shaft. Weight, 12 pounds.

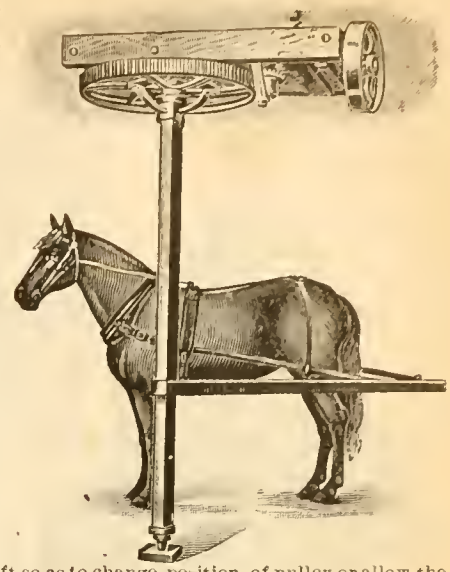
No. 32T1816 Safety Coupling, 1-inch square. Price.....**68c**
No. 32T1817 Safety Coupling, 1⅛-inch square. Price.....**69c**
No. 32T1818 Safety Coupling, 1¼-inch square. Price.....**70c**

Slip Couplings or Knuckles.

Made to take the place of safety couplings and to run either right or left hand. Will allow machinery to continue in motion after the horse power has stopped. Weight, about 18 pounds.

No. 32T1819 Slip Coupling, 1-inch square. Price.....**$1.26**
No. 32T1820 Slip Coupling, 1⅛-inch square. Price..... **1.28**
No. 32T1821 Slip Coupling, 1¼-inch square. Price..... **1.30**

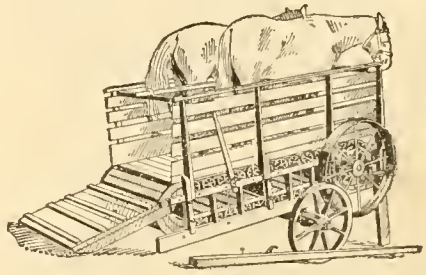
Our Overhead One-Horse Power.



This style of horse power is very convenient and popular, because, owing to its construction, it has many advantages not found in down powers. It is especially adapted for use in a barn where several horses are kept, or in small livery stables. The power can be bolted to the timbers above the driveway and machines can be set on the floor either above or below the power. When not in use the center post can be lifted from its socket and put out of the way, leaving the floor clear for other purposes. Then when power is to be used again all that is necessary is to set the post in place, hitch the horse to the sweep and go ahead. The center post which we furnish is made of 6-inch by 6-inch timber and is 12 feet long. It is amply strong and can be cut to any desired length. The 1⅛-inch driving shaft, to which the pulley is attached, is regularly made so that the measurement from center of master wheel to center of pulley face is 3 feet 3 inches, but additional shafting can be coupled to this shaft so as to change position of pulley or allow the use of other pulleys. The driving pulley is 18 inches in diameter with 3-inch face and makes 37½ revolutions to one round of the horse, or about 135 revolutions per minute. Additional shafting or change in size of pulley is extra. Length of sweep from center of post to eyebolt is 7 feet 6 inches. For driving small feed cutters, corn shellers, feed grinders, wood saws, etc., this power cannot be excelled. Weight, 450 pounds. Shipped direct from factory in Southeastern Wisconsin.

No. 32T1823 Overhead Horse Power. Price.....**$17.98**
No. 32T1824 Extra Line Shaft, per foot..... **.25**

Acme Tread Horse Powers.

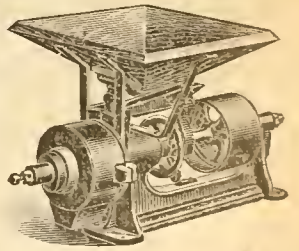


Our Acme Tread Horse Powers are especially designed for farm and shop use. They are adapted to run various farm machines, wood saws, etc., and for operating light machinery in blacksmith or jobbing shops. These powers are built in the best possible manner out of first class materials. The treads are of best seasoned maple. Power can be set at any desired pitch so as to develop more or less power as needed. We make these powers in two sizes, either of which can be mounted on two-wheel trucks so that they can be easily moved about. **The speed is right for feed grinders, fodder cutters, wood saws, etc.** All of these powers are furnished complete with a governor, which regulates the speed perfectly, and with brake for stopping the machine. Trucks are extra, but will be furnished at prices quoted below. **Shipped direct from factory in Southeastern Wisconsin.**

No. 32T1825 One-Horse Double Geared Tread Power, with speed regulator. Weight, 1600 pounds. Price.....**$62.00**
No. 32T1826 Two-Horse Double Geared Tread Power, with speed regulator. Weight, 2800 pounds. Price.....**$78.30**
No. 32T1829 Two-Wheel Trucks, complete with pole for above powers. Weight, 350 pounds. Price.....**$15.90**

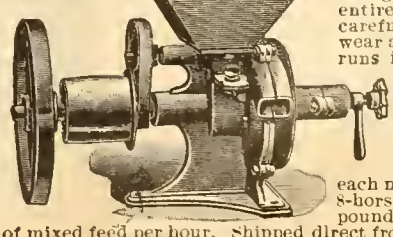
Our $8.90 Little Wonder Grinding Mill.

This little mill fully warrants the name by which it is known. It is compact, occupying a very small amount of floor space; weighs but 90 pounds, and is fitted with 5½-inch burrs of the most approved design, an extra set of burrs being furnished with the mill. The driving pulley is 7 inches in diameter, with 4-inch face and should make from 700 to 1300 revolutions per minute. Capacity of grinder, at these speeds, is from 8 to 15 bushels of mixed feed per hour. The burrs are arranged so that they cannot run together when hopper is empty and consequently they will last much longer than burrs used in ordinary mills. Shipped direct from factory in Northern Illinois.



No. 32T1858 Little Wonder Grinding Mill. Price.....**$8.90**
No 32T1859 Extra Burrs. Weight, 4 pounds. Price, per pair..... **.70**

Acme Power Feed Grinder.

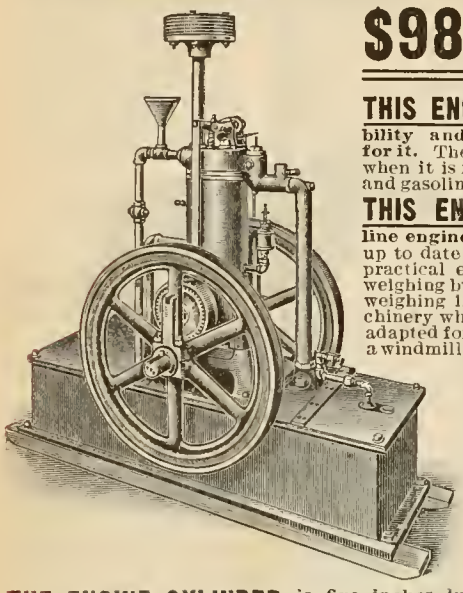


This mill is for small grain only, and will not grind corn on the cob, but as a small grain grinder it cannot be excelled for fast grinding, either fine or coarse. The entire mill is made of first class materials, carefully finished, and is intended for long wear and fast as well as good work. Shaft runs in long bearings lined with the best quality of Babbitt metal. Pulley is 5 inches in diameter, with 5-inch face, and should run from 1200 to 1800 revolutions per minute. Burrs are 9 inches in diameter, made of a very hard mixture of iron and steel, an extra set being furnished with each mill. This grinder requires from 4 to 8-horse power to run it. Weighs about 200 pounds and will grind from 20 to 40 bushels of mixed feed per hour. Shipped direct from factory in Eastern Ohio.

No. 32T1870 Acme Power Feed Grinder. Price.....**$12.65**
No. 32T1871 Extra Burrs. Weight, 11 pounds. Price per pair.... **1.10**

SEE PAGE 495 FOR OTHER GRINDING MILLS.

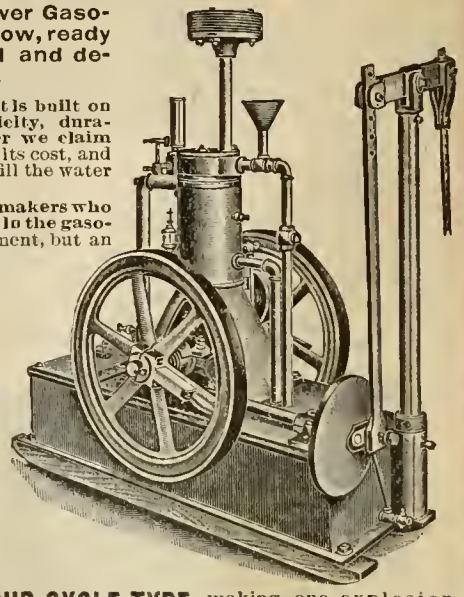
KENWOOD 3-HORSE POWER GASOLINE ENGINE.



$98.50 Buys this High Grade Full 3-Horse Power Gasoline Engine, complete as described below, ready to operate, mounted on skids, crated and delivered free on board cars at Chicago.

THIS ENGINE IS A MODEL of perfection and completeness. It is built on practical lines, combining simplicity, durability and compactness, and developing the full amount of power we claim for it. The engine is complete in itself, requiring no extras to bring up its cost, and when it is received the only thing one has to do is to remove the crate, fill the water and gasoline tanks, and the engine is ready to run.

THIS ENGINE IS MADE ESPECIALLY FOR US by engine makers who have been in the gasoline engine business for several years, consequently it is not an experiment, but an up to date engine, containing every improvement which years of practical experience suggests. It is not a lightweight plaything weighing but a few hundred pounds, but is a good substantial engine weighing 1,000 pounds, and is suitable for running any kind of machinery which requires three-horse power or less. It is particularly adapted for small shops, farm use and for pumping water with either a windmill pump or a centrifugal pump, making a splendid machine for irrigation purposes. Is also a splendid engine for small electric light plants, and will easily drive a 30 to 35-light dynamo.



THE BASE IS A HEAVY CAST IRON BOX, weighing 250 pounds, is 4 feet long, 16 inches wide, 12 inches deep, divided and strengthened by partitions. In one end of this base is a compartment in which the 5-gallon galvanized steel gasoline tank is placed; the balance of the base serves as a water tank and holds 35 gallons. The base is covered with a heavy oak top, upon which the engine sets, the engine being securely bolted to the iron base.

THE ENGINE CYLINDER is five inches inside diameter, and piston makes a stroke of eight inches. Engine cylinder, engine head and valve are all surrounded by a very large water space through which the water is forced all the time the engine is running. The crank or main shaft is 1⅝ inches diameter, made of forged steel nicely turned and finished, and runs in extra long babbitted bearings in which there is ample provision for oiling and for taking up wear. Connecting rod is made of crucible steel and has brass bearings at both ends. Piston head is extra long, turned and fitted perfectly and has three expansion rings, also an oil groove which distributes the oil equally throughout the cylinder chamber. The cylinder and both the crosshead and wrist pin are all oiled by one sight-feed oil cup which is attached to the cylinder head. The balance wheels are 28 inches diameter with 2-inch rim, and weigh 130 pounds each. They are secured to the shaft by keys and clamp hubs and are easily removed without battering the keys. One of these wheels is fitted with a starting crank, which lays against the spoke when the engine is running. The gasoline, which should always be 74 degrees test, is fed into the mixing chamber in just the quantity required by suction created by the piston head, leaving no excess to run back into the gasoline tank. The governor is the hit and miss type, allowing considerable adjustment of the speed and can be adjusted while engine is running.

THE HOT-TUBE IGNITER which is furnished with EVERY engine, is placed directly over the inlet valve where fresh gases pass, insuring perfect combustion. The electric igniter, which is furnished only when ordered and at extra price, when used is set in place of the hot-tube igniter, the mechanism being secured to the head of the cylinder. This igniter is of the break and make type, overcoming all wear and liability to short circuiting, and is positive in its action. The battery for the electric igniter sets on brackets over one end of the base; it is a 6-cell dry battery connected in series with a switch so as to use three cells one-half the time, and then change to the other three. The muffler, which is always furnished, is practically noiseless and by means of additional pipe can be carried outside the building if engine is located permanently.

THIS ENGINE IS A FOUR-CYCLE TYPE making one explosion, when necessary, in every second revolution of the crank shaft. It occupies a floor space of 48x28 inches, is 48 inches from bottom of base to top of cylinder, or 62 inches to top of muffler. Regular pulley is 10 inches diameter, with 6-inch straight face for 3-inch belt. Can be furnished with any diameter of 6-inch face pulley from 6 inches to 24 inches, but for pulley over 14 inches diameter an extra charge will be made. Engine is mounted on skids as shown in illustrations.

IN ONE OF THE ILLUSTRATIONS we show the engine fitted with an adjustable worm gear pump jack, which may be ordered with the engine, but which is not a part of the engine and is only furnished at an extra price. Any style of pump jack may be used, and we refer you to our pump jacks, numbers 32T1380, 32T1381 and 32T1555.

WE CAN ALSO FURNISH a set of mounting trucks, consisting of two strong axles and four heavy 12-inch iron wheels with wide face, so that the engine can be easily moved from place to place.

ENGINE IS CAREFULLY TESTED and run before leaving the shop, is guaranteed to develop three-horse actual power and is warranted for one year against defective material or workmanship. Furnished complete as described, and with one gallon of cylinder oil, one engineer's wrench, one alligator wrench, one oil can, blue print of engine, and directions for operating. **Delivered F. O. B. Chicago.**

No. 32T1830 Kenwood 3-Horse Power Gasoline Engine, with hot tube igniter. Weight, 1,000 pounds. Price..... **$98.50**

No. 32T1831 Electric Igniter and Battery for above engine. Weight, 25 pounds. Price..... **12.25**

No. 32T1832 Adjustable Worm Gear Pumping Jack for above engine. Weight, 150 pounds. Price..... **18.25**

No. 32T1833 Mounting Trucks, for above engine. Weight, 250 pounds. Price..... **18.00**

Vertical Steam Engines and Boilers.

OUR ENGINES ARE OF NEW DESIGN, carefully built and of best materials. Every point that could add to their durability has been carefully considered. With each engine we furnish governor complete, oil cups, throttle valve, cylinder lubricator, belt wheel and balance wheel, ready for starting. The boilers are made of homogeneous steel plate, having a tensile strength of 60,000 pounds per square inch, with lap welded iron flues, and are supplied with hood, fire door, grates, steam gauge, water gauge, gauge cocks, safety valve, blow-off, check and stop valves, and injector fitted. Whistle is extra. Price includes cast iron base. Every engine is carefully adjusted and thoroughly tested before leaving the factory. **Shipped direct from factory in Southern Michigan.**

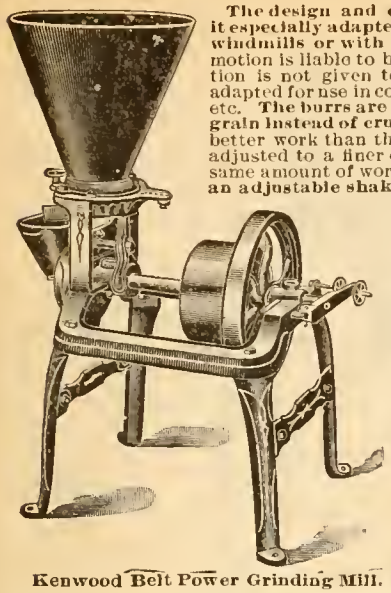
No. 32T1857 2-Inch Whistle, with valve, fitted. Price..... **$2.85**

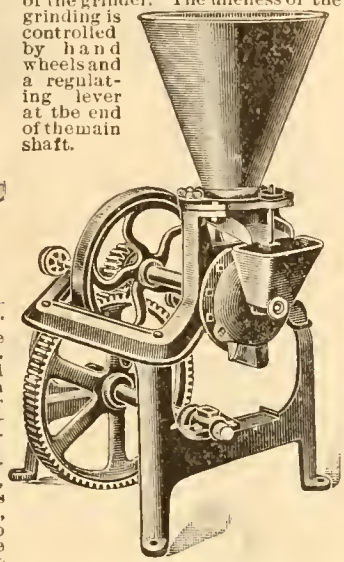
NOTE—Above six-horse power we advise the selection of a boiler with greater horse power than the engine. Unless otherwise ordered, engines and boilers are mounted on separate bases, but if so ordered we will mount engines and boilers on a combined base and will then furnish them fitted with steam and exhaust pipe connections.

Kenwood Power Grinding Mills.



Kenwood Belt Power Grinding Mill.

The design and construction of this grinder make it especially adapted for use in connection with power windmills or with any other kind of power where the motion is liable to be unsteady and where close attention is not given to the grinder; but it is just as well adapted for use in connection with horse powers, engines, etc. The burrs are of a peculiar form which cuts the grain instead of crushing it, consequently they will do better work than the ordinary style of burr and can be adjusted to a finer degree, requiring less power for the same amount of work. The machine is provided with an adjustable shake feed which is directly under the hopper, so that the flow of grain may be regulated as desired. This shake feed regulates the quantity in exact proportion to the speed of the grinder. The fineness of the grinding is controlled by hand wheels and a regulating lever at the end of the main shaft.



Kenwood Horse Power Grinding Mill.

Burrs are 7 inches in diameter and we furnish two sets with each machine. Unless otherwise ordered both sets will be coarse burrs. The driving pulley on the belt power mill is 10 inches diameter with 6-inch face. Balance wheel is furnished on main shaft next to driving pulley or small gear.

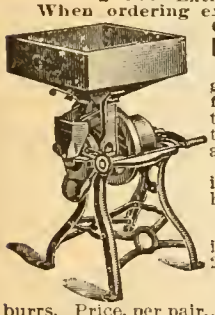
The Horse Power Grinder is exactly the same as the Belt Power Grinder, except that it has no pulley, but is fitted with a countershaft with gearing, the end of the shaft being squared to fit a 1-inch horse power coupling. The grinder shaft makes four revolutions to one revolution of the horse power shaft. The following table shows the speed at which the grinder should be run and its capacity (based on corn and oats mixed), with stated amounts of power applied.

H. P. Applied	Revolutions of Burrs per Minute	Capacity per Hour	H. P. Applied	Revolutions of Burrs per Minute	Capacity per Hour
1-horse	125 to 150	3 to 4 bushels	4-horse	650 to 700	10 to 12 bushels
2-horse	300 to 325	6 to 7 bushels	6-horse	1000 to 1200	18 to 20 bushels

Shipped direct from factory in Southeastern Wisconsin.

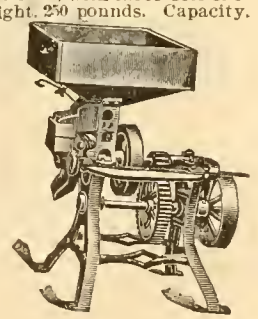
No. 32T1863 **Belt Power Grinder.** Weight, 230 pounds. Price...$12.85
No. 32T1864 **Horse Power Grinder.** Weight, 275 pounds. Price. 16.55
No. 32T1865 Extra burrs. Weight, 10 pounds. Price, per pair..... 1.05
When ordering extra burrs state whether you want coarse or fine. Coarse burrs will be sent unless otherwise ordered.

Big Giant Improved Grinding Mills.



A mill with the greatest capacity and most even grinding of all kinds of grain ever offered to the farmer. Automatic in feeding, simple in construction, scientific in principle, looked upon by feeders as the gem of all grinders; requires 2 to 10-horse power, according to size and speed.

No. 32T1875 **No. 9 Belt Mill,** with three sets of 6-inch right hand burrs; capacity, 15 to 30 bushels per hour. Weight, 175 pounds. Price.....$16.25
No. 32T1876 Extra burrs. Price, per pair.. 1.00
No. 32T1879 **No. 7 Belt Mill,** with three sets of 8-inch right hand burrs. Weight, 250 pounds. Capacity, 20 to 40 bushels per hour. Price.....$20.50
No. 32T1880 Extra burrs. Price, per pair.....$1.25

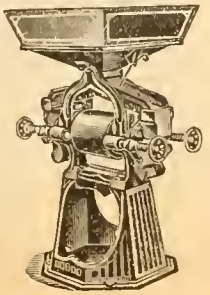


No. 32T1877 **No. 10 Geared Mill,** with three sets of 6-inch left hand burrs, geared for attaching to tumbling rod; capacity, 15 to 30 bushels per hour. Weight, 225 pounds. Price.....$18.25
No. 32T1878 Extra burrs. Per pair.. 1.00
No. 32T1881 **No. 8 Geared Mill,** geared for attaching to tumbling rod; with three sets of 8-inch left hand burrs; capacity, 20 to 40 bushels per hour. Weight, 275 pounds. Price.....$22.80
No. 32T1882 Extra burrs. Per pair...$1.25

No. 32T1883 **No. 5 Double Mill,** has just double the capacity of No. 7 belt mill; two sets of 8-inch burrs in operation at one time, one on each end of shaft. Weight, 400 pounds.

Price, with three sets of 8-inch right hand and three sets of 8-inch left hand burrs.....$37.00

No. 32T1884 Extra burrs. Per pair.....$1.25

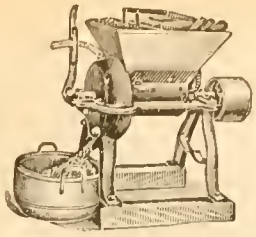


No. 32T1885 **No. 6 Double Mill, has just twice the capacity of the No. 9 Belt Mill;** two sets of 6-inch burrs in operation at one time, one on each end of shaft. Weight, 350 pounds.

Price, with three sets of 6-inch right hand and three sets of 6-inch left hand burrs.....$29.45
No. 32T1886 Extra burrs. Per pair..... 1.00

Nos. 10 and 8 have 12-inch pulley to connect with corn sheller. All Big Giant Grinders are shipped direct from factory in Eastern Minnesota. When ordering extra burrs, state whether you want fine, medium or coarse. Medium burrs will be sent unless otherwise ordered.

Acme Power Cob Crusher and Feed Grinder.



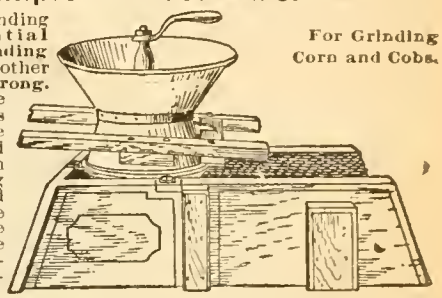
The only mill that can be set to regulate and grind successfully ear corn and small grain both at the same time. This is accomplished by having a partition in the hopper and a feeding arrangement for each side. The main shaft is made of cold rolled steel, with good long bearings filled with an extra grade of babbitt metal. The shaft is carefully balanced after the flywheel and plates are attached, making a steady and light running mill. The grinding plates are made of chilled metal and steel mixed, and have the teeth shaped to give the best possible results for light draft and for not heating the meal. An extra set of grinding plates with each mill. The flywheel is enclosed inside the mill. They are well made throughout and equal to anything in the market.

No. 1 is suitable for engines from 6 to 10 horse power, should be run from 1000 to 1200 revolutions per minute; capacity, 20 to 40 bushels per hour. No. 2 is suitable for engines from 10 to 16 horse power, should be run from 1000 to 1200 revolutions per minute. Capacity, 30 to 50 bushels per hour. Can furnish pulleys 8 to 14 inches in diameter, but always send 10-inch unless otherwise ordered.

Shipped direct from factory in Eastern Ohio.

No. 32T1920 **No. 1 Crusher and Grinder,** with 12-inch grinding plates. Weight, 390 pounds. Price.....$24.65
No. 32T1921 Extra 12-inch burrs. Weight, 17 pounds. Per pair.... 1.35
No. 32T1922 **No. 2 Crusher and Grinder,** with 14-inch grinding plates. Weight, 440 pounds. Price.....$25.20
No. 32T1923 Extra 14-inch burrs. Weight, 22 pounds. Per pair.... 1.70

Reliance Improved Feed Mills.



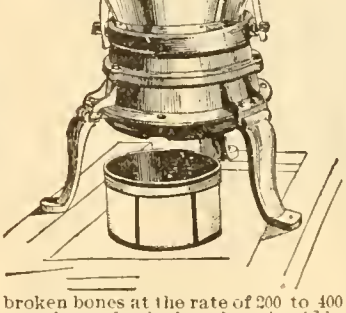
For Grinding Corn and Cobs.

In making iron mills for grinding grain there are some essential points, and one is that the grinding teeth should be very hard. Another is that all parts should be strong. We are in a position to make the grinding parts of our mills of a special mixture of the hardest possible quality, and at the same time insure them against breakage, securing long life for the grinding edges and immunity from the annoyance of breakage. Grinders made of this metal will outlast three set of burrs made in the regular way practiced in the majority of factories.

Grinding capacity, 6 to 10 bushels per hour. Capacity is based on medium grinding of dry corn. Regularly furnished with coarse burrs. Fine burrs are required for grinding oats or other small grains. Shipping weight, 400 pounds. Grinding surface, 235 square inches. Shipped direct from factory in Southwestern Ohio.

No. 32T1936 **Reliance Feed Mill.** Price, complete with sweep....$13.98
No. 32T1937 Extra Grinding Rings. Price, per pair..... 2.95
NOTE—When ordering extra grinding rings, state whether you want fine or coarse rings. Coarse rings will be sent unless otherwise ordered.

Our New Improved Acme Sweep Grinder.



This is one of the best grinders on the market. Grinds ear corn, new or dry, shelled corn alone or mixed with other grain. Our grinder rings, or burrs, have a peculiar dress by means of which the broken pieces of cob and whole grains are gradually reduced to the fineness desired. It is provided with breakers or crowders which force the grain into the burrs. This mill will grind 10 to 15 bushels of shelled corn per hour; 6 to 10 bushels of corn on ear per hour; is warranted not to choke on new corn or old corn, damp or dry. Capacity is based on medium grinding of dry corn. Regularly furnished with coarse burrs. Fine burrs are required for grinding oats or other small grains. Price is complete with sweep. A perfect sweep mill of large capacity. When fitted with fine burrs this mill will grind oyster and clam shells and broken bones at the rate of 200 to 400 pounds per hour, but the shells or bones must be perfectly dry (they should be dried by fire,) or the grooves of the burrs will fill up so that they will not grind at all. Shipped direct from factory in Southwestern Ohio.

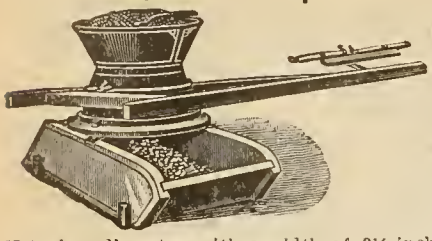
No. 32T1944 **No. 1 Acme Sweep Grinder,** has 284 square inches of grinding surface. Weight, 400 pounds. Price.....$15.35
No. 32T1945 Extra grinding rings for No. 1 mill. Per pair..... 3.45
No. 32T1946 **No. 2 Acme Sweep Grinder,** has 369 square inches of grinding surface. Weight, 500 pounds. Price..... 17.45
No. 32T1947 Extra grinding rings for No. 2 mill. Per pair..... 4.35
NOTE—When ordering extra grinding rings, state whether you want fine or coarse rings. Coarse rings will be sent unless otherwise ordered.

Big Four Ball Bearing Corn and Cob Mill.

The best built and most powerful mill which can be made. Every part of this grinder is strong and substantial, and its perfect work commends it to all who desire a mill of large capacity. It will grind ear corn, either dry or damp, and any kind of small grain, and has a capacity of from 15 to 30 bushels per hour, depending upon the number of horses used. Furnished with a double lever so that two or four horses can be used. Always furnished with coarse burrs unless otherwise ordered. Fine burrs are required for grinding oats or other small grains. Grinding surface, 404 square inches. For better illustration we show the grinder in parts, with hopper and sweeps removed. Price is complete with sweep. Weight, 1,250 pounds. Shipped direct from factory in Southwestern Ohio.

No. 32T1952 **Big Four Mill.** Price.....$34.40
No. 32T1953 Extra grinding rings. Price, per pair..... 6.25
NOTE—When ordering extra grinding rings, state whether you want fine or coarse rings. Coarse rings will be sent unless otherwise ordered.

Kenwood Triple Geared Feed Mill.

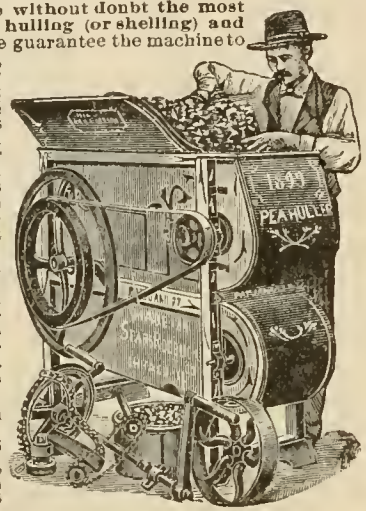


This new and up to date geared mill is so geared as to greatly increase the grinding capacity with the same amount of power applied. The grinding rings revolve in opposite directions at a ratio of more than three to one, that is, one revolution of the sweep revolves the inside ring more than three times in one direction while the outside ring makes one revolution in the opposite direction. The rings are about 17 inches diameter, with a width of 3½ inches, giving large grinding surface. The inside ring is made with sharp and quite prominent corrugations, so shaped as to make a force feed and shearing cut. Only one set of burrs are required for grinding coarse or fine feed, as these burrs are fitted with a regulating disc for grinding small grain. The disc should be removed when grinding ear corn. Price is complete with sweep. Weight, 550 pounds. **Shipped direct from factory in Northern Illinois.**

No. 32T1954 Triple Geared Feed Mill. Price.....$19.20
No. 32T1955 Outside grinding ring. Price..... 1.40
No. 32T1956 Inside grinding ring. Price..... 1.35

Model Pea Huller.

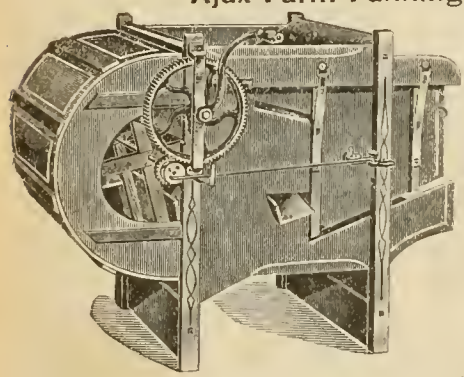
In our Model Pea Huller we have without doubt the most complete and perfect machine for hulling (or shelling) and separating all kinds of field peas. We guarantee the machine to hull and clean 10 to 15 bushels per hour, by hand, and 25 to 30 bushels per hour if power is used. It is very compact; the size being 18½ inches wide, 48½ inches high, 53 inches long and weighs 375 pounds. From experience we feel safe in recommending our Huller for farms raising up to 1,000 bushels of peas. For cleaning corn, wheat or oats, this machine is also valuable. It will clean dust and trash from the grain at the rate of 250 to 350 bushels per day. It does not grade the grain, however, and should be used as cleaner only. Seed peas are always in great demand, and with one of our hullers you can add greatly to your bank account each season. **Full directions sent with each machine.** This machine is not intended to hull peas with vines attached. **Shipped direct from factory in Southern Tennessee.**



No. 32T1975 No. 1 Pea Huller, with two 18-inch cranks.
Price.....$21.65

No. 32T1976 No. 1 Pea Huller, with 14-inch pulley and two 18-inch cranks. Price.....$23.65

Ajax Farm Fanning Mill.



This is the standard style of farm fanning mill, but in many particulars is superior to other makes of this style. The upper part of the shoe, which carries the sieves that separate the coarse materials and through which the grain or seed falls onto the screens, and the grader and grader spout are the same as in other mills of this class. The lower part of the shoe is arranged to carry two screens, for separating the dirt or foul seeds or for making an additional separation or grade, and there is a second grading spout attached to the lower end of the shoe, therefore the screening surface is double that of the ordinary mill of this style. The shake is adjustable from very short to very long. Well made and well finished and made from good materials. Grain outfit consists of one wheat or rye hurdle with zinc top, 1 corn or oats sieve, 1 barley or bean sieve, 1 wheat grader, 2 wheat or barley screens, 1 pair of fan blinds, and one cheat or cockle board. Made in two sizes. No. 1 with sieves 21½ inches wide, and No. 2 with sieves 26½ inches wide. The No. 1 will clean 60 to 80 bushels of market wheat per hour, and the No. 2 will clean 75 to 100 bushels per hour. Always shipped knocked down unless otherwise ordered. Shipped direct from factory in Southeastern Wisconsin.

No. 32T2000 No. 1 mill, with outfit for grains only. Weight, 120 pounds. Price.....$7.98
No. 32T2001 No. 2 mill, with outfit for grains only. Weight, 140 pounds. Price.....$9.58
No. 32T2002 No. 1 mill, with outfit for grains and flax. Weight, 124 pounds. Price.....$8.68

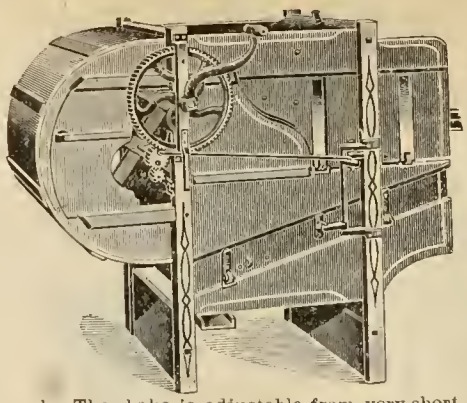
No. 32T2013 Three-sieve zinc top hurdle, for No. 2 mill. Weight, 6½ pounds. Price.....$2.08
No. 32T2014 Pair of fan blinds. Weight, 1¼ pounds. Price..... .22

NOTE—It takes one sieve and one screen for cleaning each additional kind of grain or seed. In ordering sieves, screens or hurdles, state what you want to clean and, if possible, give size of mesh desired.

Kenwood Farm Fanning Mill.



A strictly high grade mill and a perfect cleaner, grader and separator of grains and seeds. Has two shoes, resting on roller bearings and working in opposite directions, giving perfect balance to the mill and making its operation very easy. The upper shoe holds the sieves which separate the coarse material and chaff and through which the grain or seed falls onto the screens. The lower shoe carries the screens which separate the dirt and foul seeds, and as the screens extend the full depth of this shoe, the mill has nearly three times the screening surface of the ordinary mill and will do proportionately better work. The shake is adjustable from very short to very long. Material first class. Construction perfect. Grain outfit consists of one wheat or rye hurdle with zinc top sieve, one corn or oats sieve, one barley or bean sieve, three wheat or barley screens, one pair of fan blinds, and one cheat or cockle board. This mill is made in two sizes: No. 1, with sieves 22 inches wide, and No. 2, with sieves 27 inches wide. The No. 1 will clean 65 to 90 bushels of market wheat per hour, and the No. 2 will clean 80 to 110 bushels per hour. Always shipped knocked down unless otherwise ordered. Shipped direct from factory in Southeastern Wisconsin.

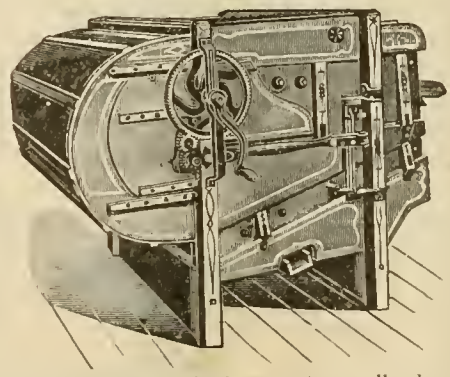
NOTE.—It takes one sieve and two screens for cleaning each additional kind of grain or seed. In ordering sieves, screens or hurdles, state what you want to clean and, if possible, give size of mesh desired.

Kenwood Warehouse Fanning Mill.



This mill has two shoes which move in opposite directions. The upper shoe carries the sieves which separate the straws and coarse materials from the grain or seeds being cleaned. The lower shoe extends the entire depth of the mill and carries the screens which separate the dirt, fine seeds, etc. As is well known, the most important part of seed cleaning is done by the screens; therefore, as this mill has three or four times the screening surface found in other mills of corresponding size, it will be readily understood that it is by far the best mill. Perfect grading is accomplished by means of the combination of screens and discharge spouts in lower shoe. **Both shoes rest on roller bearings,** making the movement smooth and even. The shaking device is very substantial and is so arranged that it can be graduated to meet all requirements, from a long shake for chaffing grains, to a very short and quick shake such as is necessary for the perfect cleaning of fine seeds. **The regular outfit furnished with this mill is called a grain outfit,** and consists of one wheat or rye hurdle, with zinc top and wire middle and bottom sieves; one corn or oats sieve; one barley or bean sieve; three wheat or barley screens; one pair of fan blinds, and one cheat or cockle board. Always shipped set up unless otherwise ordered. If "knocked down" an extra charge of $1.50 will be made. The mill is 39 inches wide, sieves 20 inches deep, screen shoe 48 inches deep. Has 6x3-inch tight and loose pulleys, and should be run about 275 revolutions per minute. Capacity of mill 150 to 300 bushels of wheat per hour. **Shipped direct from factory in Southeastern Wisconsin.**

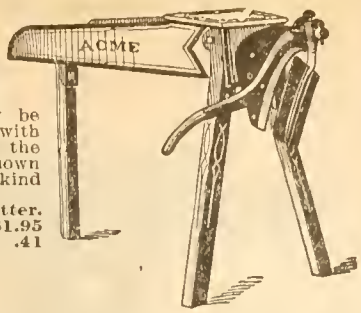
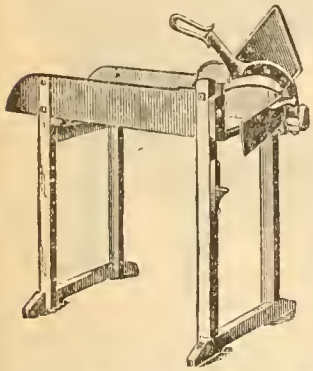
NOTE—It takes one sieve and two screens for cleaning each additional kind of grain or seed. In ordering sieves, screens or hurdles, state what you want to clean and, if possible, give size of mesh desired.

Our $1.95 Acme Lever Feed Cutter.



This Cutter is made in the most approved manner with adjustable gauge to regulate the length of cut. Has the best steel knife, which can readily be ground, and a double tension nut with which to set the blade close up to the work. This is a standard and well known implement and one of the best of its kind made. Weight, 50 pounds.

No. 32T2100 Acme Lever Feed Cutter. Price.....$1.95
No. 32T2101 Extra knives, each. .41

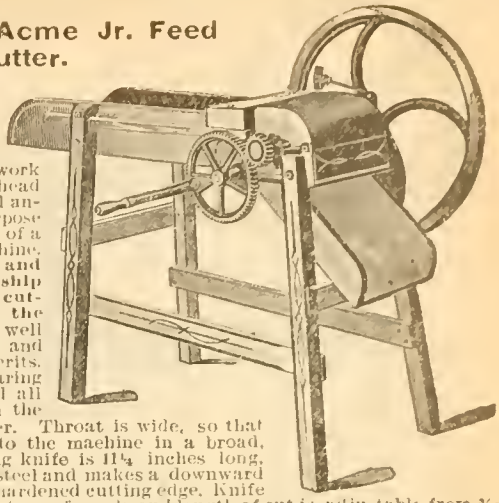


Star Lever Feed Cutter.

The Star Cutter has the largest sale of any cutter on the market. Has positive adjustment of the knife, which is solid steel, curved so as to give a shearing cut, which makes it easy to operate. Gauge plate can be adjusted to cut any length desired. Made of the best material throughout, nicely finished. Has a wide and deep feed box and throat is large, making feeding easy. Weight, 65 pounds.

No. 32T2102 Star Lever Feed Cutter. Price.....$2.63
No. 32T2103 Extra knives, each.. .53

Our $6.50 Acme Jr. Feed Cutter.



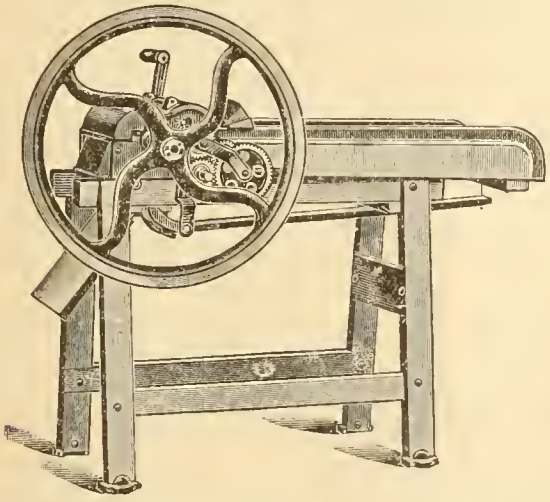
This Cutter is made especially to meet the demands for a good yet cheap and durable machine. It is well adapted for general work and, where but a few head of stock are kept, it will answer nearly every purpose that would be required of a more expensive machine. The frame is stronger and the general workmanship is better than many cutters sold at double the price. Thoroughly well made of good materials, and sold strictly on its merits. There is very little gearing about the machine and all parts are arranged in the most convenient manner. Throat is wide, so that fodder can be fed into the machine in a broad, thin body. The cutting knife is 11¼ inches long, made of tempered tool steel and makes a downward shearing cut against a hardened cutting edge. Knife makes three cuts to one turn of crank, and length of cut is adjustable from ⅜-inch to 1½ inch. Shaft is ⅞-inch in diameter, cold rolled steel. An easy running machine. Capacity per hour, 150 to 200 pounds of dry fodder; 300 to 400 pounds of green fodder. Weight, 165 pounds. Shipped direct from factory in Southeastern Wisconsin.

No. 32T2110 Acme Jr. Feed Cutter. Price.....$6.50
No. 32T2111 Price, for extra knives, each..... .81

OUR KENWOOD LINE OF FEED AND ENSILAGE CUTTERS, FODDER SHREDDERS AND CARRIERS.

In our Kenwood we have a very complete line of cylinder feed cutters, from the small hand feed cutter to the large self feed ensilage cutter or shredder, and in sizes varying so as to meet all requirements. Our cutters are well known and are universally acknowledged as being perfect and reliable in every respect. They are substantially built of good materials and are nicely finished throughout, particular attention being given to all wearing parts and to the adjustment of gearing, cutting knives and cutter bar. The feed tables of all our cutters are large, giving ample working room. The cutting knives of our cylinder cutters are set spirally so as to make a downward shearing cut, thus making the machines very light running and the cut clean and perfect. The heads or cylinders are easy of access, but are so protected that when the machine is in operation there is positively no danger to the operator.

Nos. 7 and 8 Kenwood Hand Feed Cutters.



In our regular line of cylinder feed cutters the numbers 7 and 8 are the smallest machines, but they contain all the important features of the larger machines such as are requisite to cutters of these sizes. The frame work is heavy and well braced; the feed table broad, deep and of good length. The feed rolls are governed by an equalizer bar and spring which causes both ends of the roll to raise equally, thus preventing binding and undue friction upon the feed roll boxes. Has smooth lower roll and fluted upper roll. These machines have adjustable cone feed gearing which is self contained and by means of which the length of cut is changed. This gearing is controlled by a safety stop lever which also controls the feed rolls and by which the feed is instantly stopped or started at the will of the operator. Upper feed roll is driven by expansion gearing. A heavy balance wheel of large diameter, together with the shearing cut of the knives, make these machines very light running and easy to operate. The illustration shows the left side with feed gearing, safety stop lever and balance wheel. The main driving gearing and crank are on opposite side.

These machines are made with either one or two knives, as may be desired. With one knife they will cut ½ inch, 1¼ inches or 2 inches long; with two knives ¼ inch, ⅝ inch or 1 inch long. Length of No. 7 knives is 8½ inches; length of No. 8 knives, 9½ inches. **The knives are made of tempered tool steel;** they are secured to the knife heads by bolts which are easy to get at and are backed by adjusting screws for setting and holding knife in proper position. The knives cut downward against a hardened cutting edge which is ground true. Main shaft is ⅞-inch cold rolled steel.

Particularly adapted for ordinary use when but few head of stock is kept, and also much in favor with poultry raisers. Will cut hay, straw or fodder with equally good results. The best hand feed cutter ever placed on the market.

Capacity, per hour: No. 7, 150 to 200 pounds of dry fodder; 300 to 400 pounds of green fodder. No. 8, 200 to 275 pounds of dry fodder; 400 to 550 pounds of green fodder.

Weight: No. 7, 1-knife, 155 pounds; No. 7, 2-knife, 160 pounds; No. 8, 1-knife, 165 pounds; No. 8, 2-knife, 170 pounds. Shipped direct from factory in Southeastern Wisconsin.

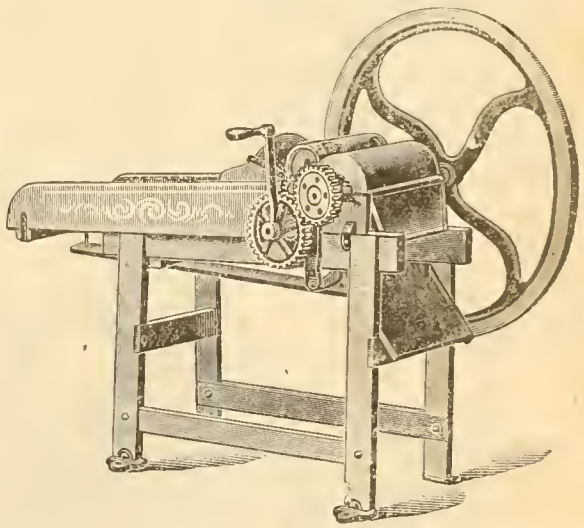
No. 32T2206 Price, for No. 8 extra knives, each..... .75

No. 10 Kenwood Hand Feed Cutter.



This machine is designed expressly for a hand feed cutter of large capacity, but to adapt it for use with power we furnish it with a heavy safety fly wheel, and extend the main shaft so that a pulley can be put on outside of the fly wheel; all of our machines of this size being made in this way whether a pulley is ordered or not. Pulley is extra and regular size is 10 inches diameter with 3-inch face. Has feed table of ample size, a good, strong, well braced frame, and is made of good material throughout.

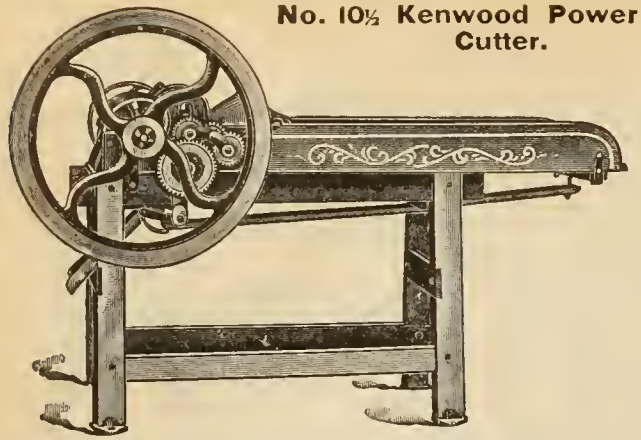
The illustration shows the right side of the machine, also the main gearing and crank. On the opposite side is the expansion gearing for driving the upper feed roll, the adjustable cone feed gearing and the safety stop lever. The lower feed roll is smooth and the upper roll fluted. The length of cut is easily and quickly changed, and by means of the safety stop lever the feed can be instantly stopped or started without stopping the cutting cylinder. An equalizer bar and a spring underneath the main frame control the movement of the upper feed roll, causing both ends of the roll to raise equally, giving an even pressure and preventing the roll from binding in its bearings.

Always furnished with two tempered tool steel knives each 10½ inches long, and will cut either ½-inch, ⅝-inch or 1 inch long. If longer cuts are desired they can be made by removing one of the knives; cuts will then be 1 inch, 1¼ inches or 2 inches long, but this should only be done when machine is run by hand. The knives are bolted to the knife heads and have adjusting screws behind them. They make a downward shearing cut against a truly ground hardened cutting edge, consequently the cut is clean and the operation of the machine easy. Main shaft is 1⅛-inch cold rolled steel. **Capacity per hour, when run by hand, 300 to 450 pounds of dry fodder, 600 to 900 pounds of green fodder.**

When run by power this cutter requires from ½ to 1 horse power and will cut sufficient feed for from ten to twenty head of stock; capacity per hour being 800 to 1200 pounds of dry fodder, or 1200 to 2400 pounds of green fodder. Speed of cylinder should be from 400 to 500 revolutions per minute. Can be driven by belt from overhead or down sweep horse powers, tread powers, windmills, etc. Just the machine for farm use because it can be used either by hand or power and will do perfect work either way. **Weight, 275 pounds. Shipped direct from factory in Southeastern Wisconsin.**

No. 32T2207 No. 10 Feed Cutter, with crank only. Price..... $15.05
No. 32T2208 Price, for pulley, extra..... 1.34
No. 32T2209 Price, for extra knives, each..... .82

No. 10½ Kenwood Power Feed Cutter.



The illustration shows the left side of our smallest power feed cutter. This machine is built on the same lines as is our large hand feed cutter, except that the crank and crank gearing is done away with and the cylinder shaft is extended on both sides of the machine so that the pulley or the fly wheel can be placed on either side, though both cannot be placed on the same side at the same time. Can be run by hand by placing a crank on one end of the cylinder shaft, though capacity will then be only that of a hand feed cutter. Crank is extra and is furnished only when ordered.

This cutter is furnished with a heavy safety fly wheel, which is held to the shaft by a friction block so that should any foreign substance stop the machine snddenly the fly wheel will slip upon the shaft, thus obviating the possibility of breaking the fly wheel and the danger which would arise from such breakage. Regular pulley is 10 inches in diameter with 3-inch face, and should be run at a speed of from 400 to 500 revolutions per minute.

The pressure on the upper feed roll is controlled by an equalizer bar and spring under the main frame, both ends of roll raising equally and pressure being equally distributed, therefore no binding or undue friction. Feed rolls are driven by expansion gearing. Lower roll is smooth, upper roll fluted. This machine has our self contained sliding cone gear, which can be instantly moved upon the shaft and adjusted so as to make any of the different lengths of cut without removing a single piece from the machine. Also has our safety stop lever, by means of which all running parts of the machine, except the cylinder head, can be stopped instantly, or the feed stopped or started at the will of the operator.

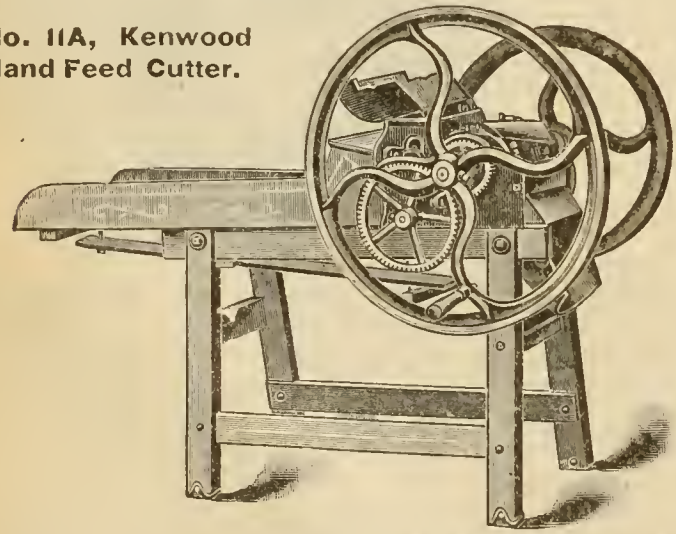
Furnished with three tempered tool steel knives each 10½ inches long. Will cut either ⅜ inch, ½ inch, or ¾ inch long. If longer cuts are desired they can be made by removing two of the knives and cuts will then be 1⅛ inches, 1⅝ inches or 2¼ inches long, but this should only be done when machine is run by hand. The knives make a downward shearing cut against a hardened cutting edge which is ground true; they have adjusting screws behind them. Main shaft is 1⅛-inch cold rolled steel.

Adapted for general farm use and for small dairy farms. Can be run by windmill or any kind of power and will cut sufficient feed for from ten to twenty head of stock. Power required, ¾ to 1½ horsepower. Capacity, per hour, 800 to 1200 pounds of dry fodder; 1200 to 2400 pounds of green fodder. Substantially built in every way and a first class machine.

Weight, 290 pounds. Shipped direct from factory in Southeastern Wisconsin.

No. 32T2210	No. 10½ Feed Cutter. Price, with pulley	$17.30
No. 32T2211	Price, for crank, extra	.51
No. 32T2212	Price, for extra knives, each	.83

No. 11A, Kenwood Hand Feed Cutter.



A Hand Feed Cutter which, on account of its many excellent features, has become a favorite in every locality. Where labor is cheap, or where it is inconvenient or impossible to make use of power to drive the machine, this will be found a most desirable cutter and one having large capacity.

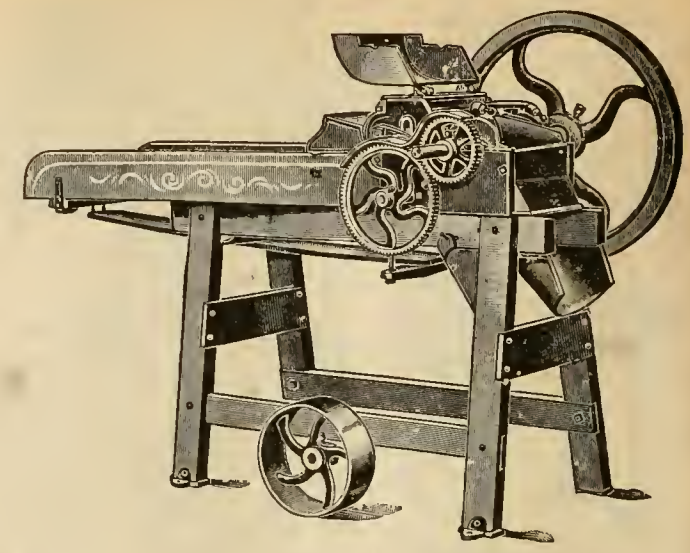
This machine is identical in every way with our No. 11 cutter except that, in place of puttey, it is furnished with a large and heavy balance wheel, and that both safety fly wheel and balance wheel are fitted with a long crank or handle, so that one or two men can work on each side of the machine and a great amount of work can be easily accomplished. Length and number of knives, length of cuts and changes of cuts same as No. 11. **Capacity, per hour,** 600 to 900 pounds of dry fodder, 1200 to 1800 pounds of green fodder.

We can furnish with this machine a pulley same as on the No. 11 cutter. This pulley when put in place of the balance wheel converts the machine into the regular No. 11 cutter, requiring the same amount of power to operate it and having same capacity. Pulley is extra and is furnished only when ordered.

Weight, 470 pounds. Shipped direct from factory in Southeastern Wisconsin

No. 32T2213	No. 11A Feed Cutter. Price	$22.40
No. 32T2214	Price, 10x4-inch pulley, extra	1.35

No. 11 Kenwood Power Feed Cutter.



This is undoubtedly the most popular feed cutter ever placed upon the market, because, besides being thoroughly well made and substantial in every way, it is of a size that meets the most general demand and has special features of merit not found in any other machine of similar dimensions. The frame is made of heavy hardwood, put together and braced in the most approved manner. The feed table is long, broad and deep and has fixed sides. The feed throat is designed to give ample room and to reduce the labor of feeding to a minimum.

The feed rolls are large and are driven by expansion gearing. The lower roll is smooth and the upper roll fluted. Pressure on upper roll is controlled by a long hickory spring underneath the feed table. This spring exerts, at all times, a nearly equal pressure upon an equalizer bar, which gives an even pressure at each end of the upper feed roll and causes both ends of the roll to raise equally, thus preventing cramping or binding in the feed roll bearings.

A reversible cutting bar is used on this machine, and is one of the most desirable features ever incorporated in a feed cutter. It is made of tool steel and ground true after it is tempered, thus providing four cutting edges all of which can be used before it is necessary to regrind the bar.

The cutting knives are set spirally so as to make a downward shearing cut against the steel cutting bar, making the machine very light running and the cut clean and perfect. These knives are made of tempered tool steel; they are secured to the heads with strong bolts and have adjusting screws behind them so that they can be properly adjusted in relation to the cutting bar. The knives can be easily detached, attached or adjusted and are so arranged that, unless they have become very dull, they can be sharpened without removing them from the heads.

The cutting head, or cylinder, is easy of access and is so protected that when the machine is running, there is positively no danger to the operator.

This machine is fitted with four knives each 11½ inches long, and makes four different lengths of cut, as follows: ¼ inch, ½ inch, ¾ inch and 1 inch long. If longer cuts are desired they can be made by removing two opposite knives; cuts will then be ⅛ inch, 1 inch, 1½ inches or 2 inches long. This gives great range to the machine and adapts it to all possible requirements.

The feed gearing is novel and perfect in construction, consisting of a sliding cone gear (no loose pieces to become lost or mislaid), which can be quickly moved on its shaft and adjusted so as to make any of the different lengths of cut without removing a single piece from the machine. This gearing is controlled by a safety stop lever, which lever also governs all running parts of the machine, except the head or cylinder. Movement of this lever instantly stops or starts the feed rolls, at the will of the operator, or causes the rolls and gearing to remain stationary while the cylinder shaft is running at speed.

A safety fly wheel is furnished with this machine. This fly wheel is very heavy and of large diameter, assisting greatly in preserving the momentum and in making the motion even and steady. It is secured to the main shaft by means of a friction block which is held in place by a groove in the shaft. Should any foreign substance stop the machine suddenly the fly wheel will slip upon the shaft, obviating the possibility of breaking the fly wheel and the danger which would arise through such a breakage.

The main shaft, which is 1¼-inch cold rolled steel, is extended on both sides of the machine so that either the fly wheel or the pulley may be placed on either side of the machine, but both cannot be placed on the same side at the same time. Regular pulley is 10 inches in diameter with 4-inch face. Speed for feed cutting should be from 500 to 600 revolutions per minute. Requires from 1 to 2 horse-power. Can be run by belt from any kind of power and is especially adapted for use in connection with a 12-foot windmill. Will cut sufficient feed for from 20 to 40 head of stock. **Capacity,** per hour, 1 to 1½ tons of dry fodder, 2 to 3 tons of green fodder. Can be run by hand by attaching a crank to main shaft, though capacity will then be only that of a hand feed cutter. Crank is extra and is furnished only when ordered.

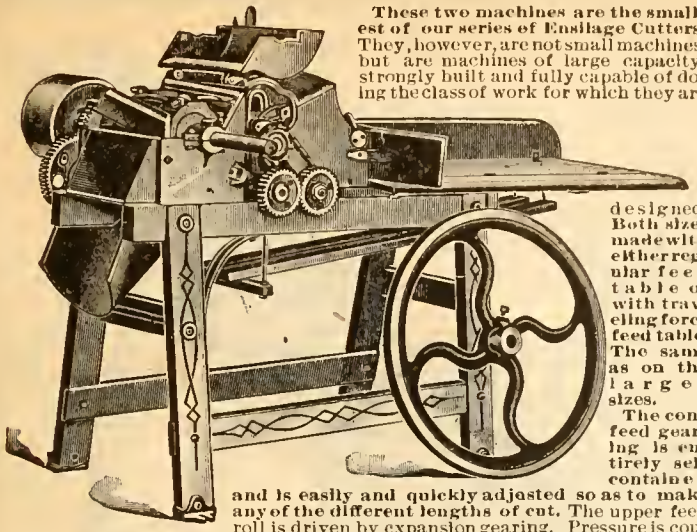
We make a shredder head for this machine, which can be put in place of the cutter head; the change being easily made, as the shredder head is provided with its own shaft. Our shredder heads are carefully constructed and the saws are made of good saw steel. These saws are set at an angle so that the shredding is done perfectly the entire width of the throat, and are spaced so that there is no clogging or winding between the saws. **When used as a shredder,** machine should be run at 750 revolutions per minute and should be fed the full width of the rolls and at not over half the capacity of the cutter.

Either our swivel or straightaway carriers can be used with this cutter. Shipped direct from factory in Southeastern Wisconsin.

No. 32T2215	Price, as a cutter only; weight, 380 pounds	$20.40
No. 32T2216	Price, as a shredder only; weight, 380 pounds	23.80
No. 32T2217	Price, as a combined cutter and shredder; weight, 410 pounds	30.75
No. 32T2218	12-foot swivel carrier. Weight, 200 pounds. Price	12.90
No. 32T2219	12-foot straightaway carrier. Weight, 170 lbs. Price	10.90
No. 32T2220	12-foot straightaway carrier with side delivery attachment. Weight, 210 pounds. Price	13.25
No. 32T2221	Carrier extensions. Weight, 6¼ lbs. per ft. Price, per ft.	.72
No. 32T2222	Crank, for hand power. Price	.50
No. 32T2223	Extra knives, for No. 11A or No. 11 cutters. Each	1.08

FOR ILLUSTRATION AND DESCRIPTION OF CARRIERS, SEE PAGE 500.

Nos. 13 and 16 Kenwood Feed and Ensilage Cutters.



These two machines are the smallest of our series of Ensilage Cutters. They, however, are not small machines, but are machines of large capacity, strongly built and fully capable of doing the class of work for which they are designed. **Both sizes made with either regular feed table or with traveling force feed table. The same as on the larger sizes.**

The cone feed gearing is entirely self contained and is easily and quickly adjusted so as to make any of the different lengths of cut. The upper feed roll is driven by expansion gearing. Pressure is controlled by an equalizer lever, which is subjected to an even tension spring pressure on machines with regular feed table, or to a lever and weight pressure on machines with traveling feed table. Rolls are of the most approved form and size; the lower roll is smooth, while the upper roll is what is known as a spike roll.

The main shaft is 1½-inch cold rolled steel and runs in boxes which are adjustable in relation to the cutting bar. This shaft is extended on both sides of the machine so that the pulley or the fly wheel can be placed on either side, though both cannot be placed on the same side at the same time. Regular pulley is 10 inches in diameter with 6-inch face. The safety fly wheel furnished with these machines is large and heavy, and is secured to the shaft by a friction block which is held in place by a groove in the shaft.

These machines are fitted with a reversible cutting bar made of tool steel and ground true after tempering. Each of the four edges of this bar can be used before regrinding is necessary.

Each machine is fitted with four tempered tool steel knives which are set spirally so as to make a downward shearing cut against the steel cutting bar. The cut is clean and perfect across the entire width of the machine. On the No. 13 these knives are 13 inches long; on the No. 16 they are 16 inches long.

The lengths cut by these machines are ¼ inch, ½ inch or ¾ inch long. If longer cuts are desired, remove two opposite knives and the cuts will then be ½ inch, 1 inch or 1½ inches long.

These machines are suitable for small and medium sized silos. The No. 13 will cut sufficient feed for 40 to 75 head of stock; the No. 16 for 60 to 100 head. They will cut all kinds of dry or green fodder, including corn on the stalk. Both machines should be run at a speed of from 500 to 600 revolutions per minute. To operate the No. 13 at full capacity it requires from 3 to 4 horse power, but it can be run to good advantage by 12-foot or 14-foot power windmills. To operate the No. 16 at full capacity requires from 4 to 6-horse power, but when used in connection with 14-foot or 16-foot power windmills they will give very satisfactory results.

Capacity, per hour: No. 13, from 1½ to 2½ tons of dry fodder, or 3 to 5 tons of green fodder; No. 16, from 3 to 4 tons of dry fodder, or 6 to 8 tons of green fodder. Can be run by hand by attaching a crank to main shaft, and when only a little fodder is required it is very convenient to have a crank for this purpose. Crank is extra and is furnished only when ordered.

Either machine can be furnished with a shredder head and shaft which can be put in place of the cutter head. The shredder saws are set at an angle so that the shredding is done perfectly the entire width of the throat, and are spaced so that there is no clogging of cobs between the saws or winding of fodder around the arbor. When used for shredding the speed should be 750 revolutions per minute and the machines should be fed the full width of the rolls and at not over half the capacity of the cutter.

Our swivel carriers or our straightaway carriers can be used with either of these machines. Shipped direct from factory in Southeastern Wisconsin.

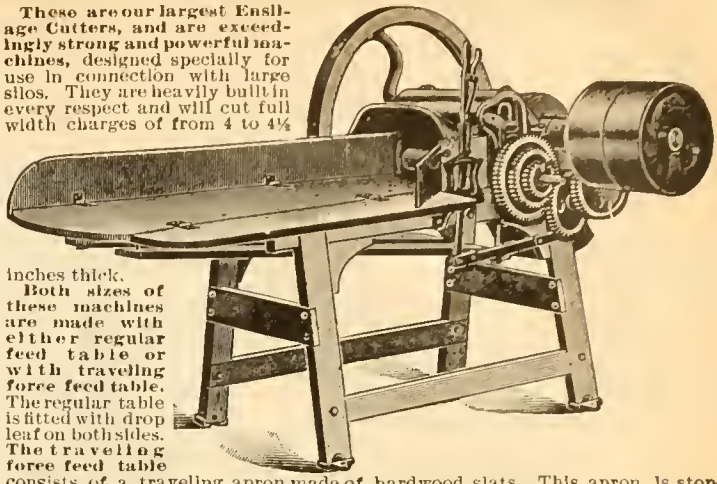
PRICES FOR No. 13 MACHINES.

No. 32T2224 Price as cutter only, with regular feed table, weight, 515 pounds $27.40
No. 32T2225 Price as cutter only, with traveling force feed table, weight, 685 pounds 43.15
No. 32T2226 Price as shredder only, with regular feed table, weight, 515 pounds 31.75
No. 32T2227 Price as shredder only, with traveling force feed table, weight, 685 pounds 47.50
No. 32T2228 Price as combined cutter and shredder, with regular feed table, weight, 550 pounds 38.75
No. 32T2229 Price as combined cutter and shredder, with traveling force feed table, weight, 720 pounds 54.50
No. 32T2230 Price for 12-foot swivel carrier, weight 225 pounds 13.70
No. 32T2231 Price for 12-foot straightaway carrier, weight, 180 lbs. 11.50
No. 32T2232 Price for 12-foot straightaway carrier with side delivery attachment, weight, 225 pounds 13.85
No. 32T2233 Price, per foot, for carrier extensions, weight 7½ pounds ..... .78
No. 32T2234 Price for crank, for hand power ..... .72
No. 32T2235 Price for extra knives, each 1.30

PRICES FOR No. 16 MACHINES.

No. 32T2236 Price as cutter only, with regular feed table, weight, 580 pounds 37.00
No. 32T2237 Price as cutter only, with traveling force feed table, weight, 765 pounds 54.15
No. 32T2238 Price as shredder only, with regular feed table, weight, 580 pounds 42.40
No. 32T2239 Price as shredder only, with traveling force feed table, weight, 765 pounds 59.55
No. 32T2240 Price as combined cutter and shredder, with regular feed table, weight, 625 pounds 51.50
No. 32T2241 Price as combined cutter and shredder, with traveling force feed table, weight, 810 pounds 68.65
No. 32T2242 Price for 12-foot swivel carrier, weight, 250 pounds 14.50
No. 32T2243 Price for 12-foot straightaway carrier, weight 200 pounds 12.70
No. 32T2244 Price for 12-foot straightaway carrier, with side delivery attachment, weight, 250 pounds 15.05
No. 32T2245 Price, per foot, for carrier extensions, weight 9 pounds ..... .84
No. 32T2246 Price for crank, for hand power ..... .72
No. 32T2247 Price for extra knives, each 1.63

Nos. 20 and 24 Kenwood Ensilage Cutters.



These are our largest Ensilage Cutters, and are exceedingly strong and powerful machines, designed specially for use in connection with large silos. They are heavily built in every respect and will cut full width charges of from 4 to 4½ inches thick.

Both sizes of these machines are made with either regular feed table or with traveling force feed table. The regular table is fitted with drop leaf on both sides. **The traveling force feed table** consists of a traveling apron made of hardwood slats. This apron is stopped or started by the same lever which stops or starts the feed rolls and at the same time; one movement of the lever controlling both. The traveling force feed reduces the labor of feeding and makes it an easy matter to run the cutter to its full capacity. The bundle once on the table with the band cut requires no further attention.

These cutters are furnished with tight and loose pulleys. The size of these pulleys on the No. 20 machine is 15 inches diameter with 6-inch face, and on the No. 24 machine 18 inches diameter with 6-inch face. **The safety fly wheel** furnished on these machines is not of large diameter but is **exceedingly heavy,** and is secured to the shaft by a friction block which is held in place by a groove in the shaft, allowing the fly wheel to slip on the shaft should the machine be suddenly stopped from any cause. The main shaft is of large diameter and runs in bearings which are adjustable in relation to the cutting bar. This shaft is extended on both sides of the machine so that the fly wheel or pulleys can be placed on either side, though both cannot be placed on the same side at the same time.

The cone feed gearing is entirely self contained and is easily and quickly adjusted so as to make any of the different lengths of cut. The upper feed roll is driven by expansion gearing. Pressure on this roll is controlled by an equalizer lever which is subjected to an even tension spring-pressure on machines with regular feed table, or to a lever and weight pressure on machines with traveling feed table. Feed throat is large and feed rolls are of the most approved form and size, the upper roll being smooth while the lower is a spike roll, making feeding easy under all conditions.

The reversible cutting bar which is used on these machines is made of tool steel and ground true after tempering. Each of the four edges of this bar can be used before regrinding is necessary.

These machines are fitted with four tempered tool steel knives which are set spirally so as to make a downward shearing cut against the steel cutting bar. On the No. 20 these knives are 20 inches long; on the No. 24 they are 24 inches long. The length cut by these machines is ¼ inch, ⅜ inch or ¾ inch long. If longer cuts are desired, remove two opposite knives and the cuts will then be ½ inch, 1 inch or 1½ inches long.

The speed at which these cutters should be run is from 500 to 600 revolutions per minute. To operate the No. 20 at full capacity requires from 6 to 8-horse power. To operate the No. 24 at full capacity requires from 8 to 10-horse power. **Capacity, per hour,** is as follows: No. 20 from 6 to 8 tons of dry fodder, or 12 to 16 tons of green fodder; No. 24 from 8 to 12 tons of dry fodder, or 16 to 24 tons of green fodder.

We can furnish shredder heads for either of these machines The speed at which the machines should be run for shredding is 750 revolutions per minute. It should be understood that in feeding a shredder the feed should pass through the rolls the full width of the machine and at not over one half of the capacity that would be fed when cutting. If run at the proper speed and properly operated these machines will do shredding in a perfectly satisfactory manner. **Either our swivel carriers** or our straightaway carriers can be used with these machines. **Shipped direct from factory in Southeastern Wisconsin.**

PRICES FOR No. 20 MACHINES.

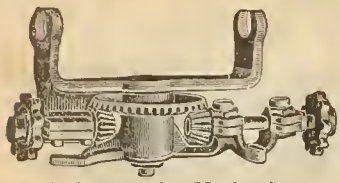
No. 32T2248 Price, as cutter only, with regular feed table, weight, 1200 pounds ..... $ 63.90
No. 32T2249 Price, as cutter only, with traveling force feed table, weight, 1400 pounds 83.90
No. 32T2250 Price, as shredder only, with regular feed table, weight, 1200 pounds 68.75
No. 32T2251 Price, as shredder only, with traveling force feed table, weight, 1400 pounds 88.75
No. 32T2252 Price, as combined cutter and shredder with regular feed table, weight 1320 pounds 83.00
No. 32T2253 Price, as combined cutter and shredder with traveling force feed table, weight, 1520 pounds 103.00
No. 32T2254 Price, for 12-foot swivel carrier, weight, 310 pounds 15.85
No. 32T2255 Price, for 12-foot straightaway carrier, weight, 260 pounds 13.75
No. 32T2256 Price, for 12-foot straightaway carrier, with side delivery attachment, weight, 315 pounds 16.05
No. 32T2257 Price, per foot, for carrier extensions, weight, 12 pounds ..... .92
No. 32T2258 Price, for extra knives, each 2.28

PRICES FOR No. 24 MACHINES.

No. 32T2259 Price, as cutter only, with regular feed table, weight, 1300 pounds 82.00
No. 32T2260 Price, as cutter only, with traveling force feed table, weight, 1525 pounds 103.25
No. 32T2261 Price, as shredder only, with regular feed table, weight, 1300 pounds 87.75
No. 32T2262 Price, as shredder only, with traveling force feed table, weight 1525 pounds 109.00
No. 32T2263 Price, as combined cutter and shredder with regular feed table, weight, 1450 pounds 106.50
No. 32T2264 Price, as combined cutter and shredder with traveling force feed table, weight, 1675 pounds 127.75
No. 32T2265 Price, for 12-foot swivel carrier, weight, 360 pounds 17.15
No. 32T2266 Price, for 12-foot straightaway carrier, weight, 300 pounds 15.10
No. 32T2267 Price, for 12-foot straightaway carrier with side delivery attachment, weight, 365 pounds 17.45
No. 32T2268 Price, per foot, for carrier extensions, weight, 16 pounds 1.05
No. 32T2269 Price, for extra knives, each 2.88

FOR ILLUSTRATIONS AND DESCRIPTION OF CARRIERS AND TRAVELING FEED TABLES, SEE PAGE 500.

CARRIERS FOR FEED AND ENSILAGE CUTTERS AND FODDER SHREDDERS.



Swivel Carrier Mechanism.

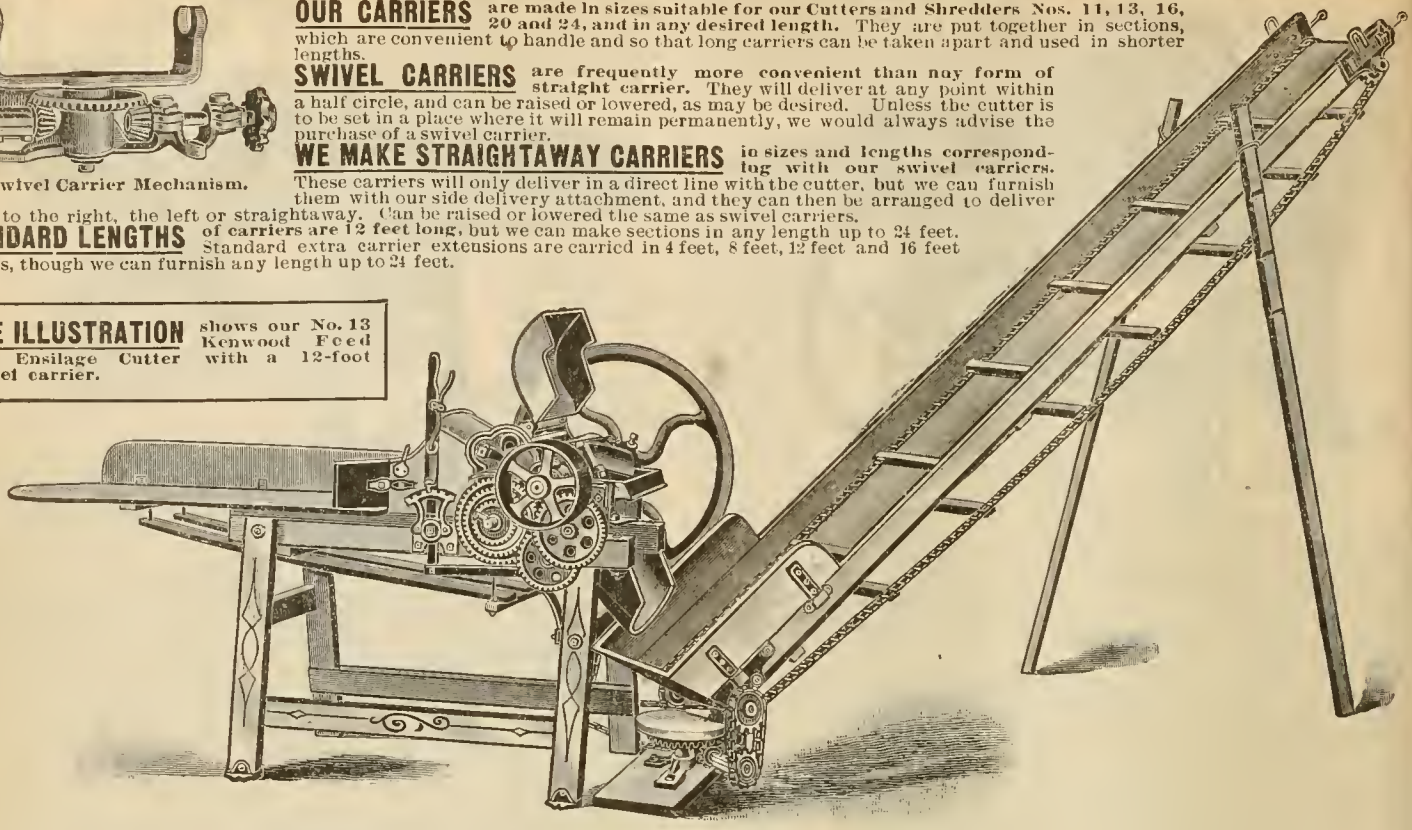
OUR CARRIERS are made in sizes suitable for our Cutters and Shredders Nos. 11, 13, 16, 20 and 24, and in any desired length. They are put together in sections, which are convenient to handle and so that long carriers can be taken apart and used in shorter lengths.

SWIVEL CARRIERS are frequently more convenient than any form of straight carrier. They will deliver at any point within a half circle, and can be raised or lowered, as may be desired. Unless the cutter is to be set in a place where it will remain permanently, we would always advise the purchase of a swivel carrier.

WE MAKE STRAIGHTAWAY CARRIERS in sizes and lengths corresponding with our swivel carriers. These carriers will only deliver in a direct line with the cutter, but we can furnish them with our side delivery attachment, and they can then be arranged to deliver either to the right, the left or straightaway. Can be raised or lowered the same as swivel carriers.

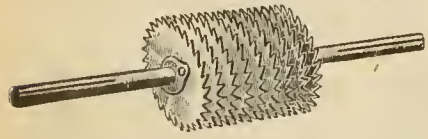
STANDARD LENGTHS of carriers are 12 feet long, but we can make sections in any length up to 24 feet. Standard extra carrier extensions are carried in 4 feet, 8 feet, 12 feet and 16 feet lengths, though we can furnish any length up to 24 feet.

THE ILLUSTRATION shows our No. 13 Kenwood Feed and Ensilage Cutter with a 12-foot swivel carrier.



THE SIDE DELIVERY ATTACHMENT for straightaway carriers cannot be furnished except when it is ordered with the carrier, because its parts must be fitted to the carrier at the factory. Where a cutter is to be placed in a permanent position and is to deliver either straightaway, or to the right or left at right angles with the machine, we advise the use of the straightaway carrier, either without or with the side delivery, as may be required, because the carrier will be more rigid and will outwear any swivel carrier made. Our swivel carriers are as perfect and substantial as can be made, but straightaway carriers can be and are made stronger than swivel carriers, and we advise their use everywhere possible. With the side delivery attachment the carrier can be used to deliver either straightaway or to the right or left.

Extras for Cutters and Shredders.



As heretofore explained, our cutter heads and shredder heads are interchangeable, and a machine may be ordered with cutter head only or with shredder head only, and the other head may be ordered later. The extra heads are complete with shaft as shown in the accompanying illustration of the shredder head. The saws of our shredder heads are made of the very best saw steel and are firmly secured to the shaft by collars, and bound together with bolts through the entire head. Our cutter heads are shown to the various illustrations of our machines, and are fitted and complete with knives. Shipped direct from factory in Southeastern Wisconsin.

No. 32T2276 Cutter Head for No. 11 machine. Weight, 30 pounds. Price $7.20

No. 32T2277 Shredder Head for No. 11 machine. Weight, 30 pounds. Price $10.50

No. 32T2278 Cutter Head for No. 13 machine. Weight, 40 pounds. Price $8.00

No. 32T2279 Shredder Head for No. 13 machine. Weight, 40 lbs. Price, $12.20

No. 32T2280 Cutter Head for No. 16 machine. Weight, 55 lbs. Price, 9.75

No. 32T2281 Shredder Head for No. 16 machine. Weight, 55 lbs. Price, 15.85

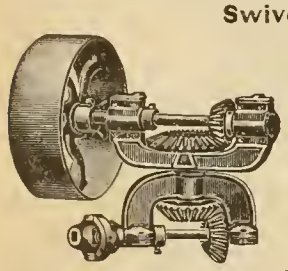
No. 32T2282 Cutter Head for No. 20 machine. Weight, 120 lbs. Price, 16.85

No. 32T2283 Shredder Head for No. 20 machine. Weight, 120 lbs. Price, 21.40

No. 32T2284 Cutter Head for No. 24 machine. Weight, 150 lbs. Price, 19.45

No. 32T2285 Shredder Head for No. 24 machine. Weight, 150 lbs. Price, 25.30

Swivel Geared Jack.

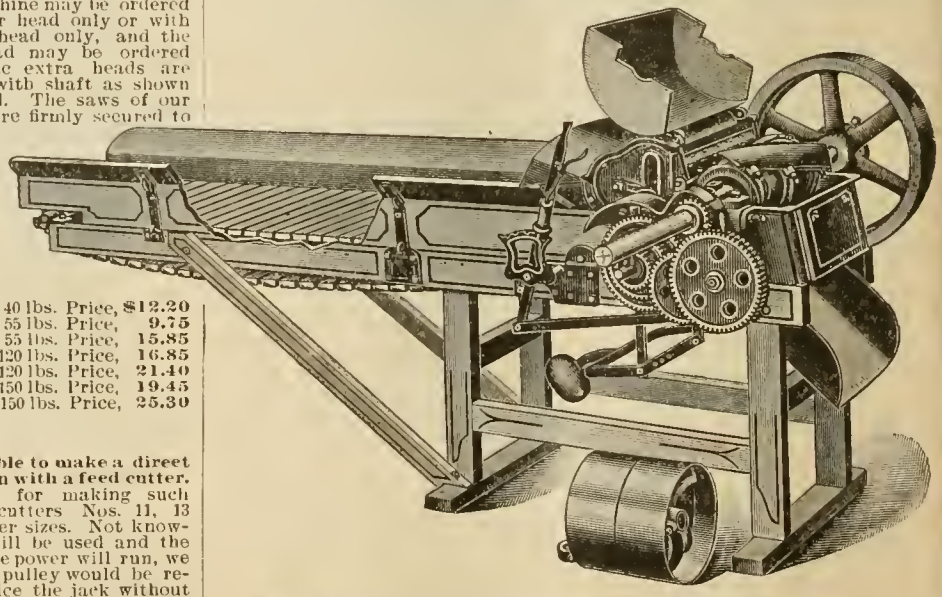


Sometimes it is desirable to make a direct tumbling rod connection with a feed cutter. This jack is suitable for making such connection with our cutters Nos. 11, 13 and 16, but not with other sizes. Not knowing what horse power will be used and the speed at which the horse power will run, we cannot tell what size of pulley would be required, therefore we price the jack without pulley, and for price of pulleys refer to Nos. 32T1500 to 32T1516 inclusive. This jack is geared so that the pulley shaft makes two and one-half revolutions to one revolution of the tumbling rod, and power can be transmitted from any direction. Tumbling rod shaft is squared to fit 1-inch coupling, but coupling is not furnished. If ordered with cutter, the jack will be fitted to cutter without extra charge, and when so fitted can be furnished with belt between jack shaft and cutter head shaft. Shipped direct from factory in Southeastern Wisconsin.

No. 32T2286 Swivel Geared Jack, without belt or pulley. Weight, 100 pounds. Price $11.32

No. 32T2287 Swivel Geared Jack, fitted to cutter, with belt but without pulley. Weight, 110 pounds. Price $12.90

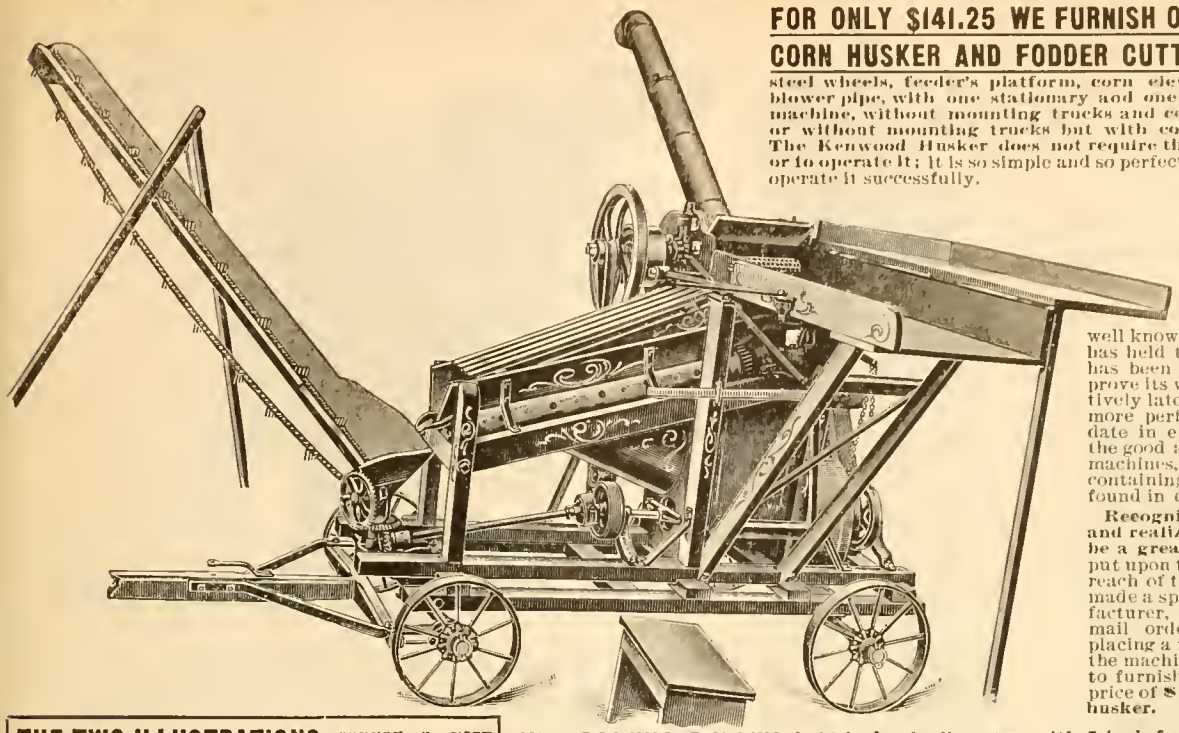
FORCE-FEED TRAVELING FEED TABLE ON FEED AND ENSILAGE CUTTERS AND FODDER SHREDDERS.



TRAVELING FORCE-FEED TABLES on feed cutters reduce the labor of feeding more than one-half and enable the operator to feed the machine to its full capacity. The traveling force-feed must be used to be fully appreciated. The illustration shows our No. 20 cutter with traveling force-feed table, but the table appears the same on cutters Nos. 13, 16, 22 and 24, the only difference being in the size. There is a space between the traveling apron and the feed rolls to allow stones and other foreign substances to drop away before reaching the rolls. These tables are not a separate attachment but are a part of the machine. In other words, the machines are built with regular drop leaf feed tables, or with traveling force-feed tables, as may be ordered.

For prices of Feed and Ensilage Cutters, Fodder Shredders, Swivel and Straightaway Carriers, see pages 498 and 499.

OUR $141.25 KENWOOD CORN HUSKER AND FODDER CUTTER.



FOR ONLY $141.25 WE FURNISH OUR KENWOOD TWO-ROLL CORN HUSKER AND FODDER CUTTER, all complete, including mounting trucks with steel wheels, feeder's platform, corn elevator, blower and 12 feet of blower pipe, with one stationary and one adjustable elbow. The same machine, without mounting trucks and corn elevator, for only $113.75 or without mounting trucks but with corn elevator for only $127.80. The Kenwood Husker does not require the services of an expert to start or to operate it; it is so simple and so perfectly constructed that anyone can operate it successfully.

THE KENWOOD HUSKER

is not a new and untried machine. It is well known as the best product of one of the best known and most progressive manufacturers in Northern Illinois; has had two years' trial in competition with other well known makes, and in every instance has held the field against all others. It has been in active use long enough to prove its worth, but it is still a comparatively late production, and therefore the more perfect; in other words, it is up to date in every particular, containing all the good and practical features of older machines, but avoiding their defects and containing many valuable points not found in other huskers.

Recognizing the merits of this husker, and realizing the fact that there would be a great demand for the machine if put upon the market at a price within the reach of the ordinary customer, we have made a special contract with the manufacturer, have obtained the **exclusive** mail order sale of this husker, and by placing a very large order, have secured the machines at a figure which enables us to furnish them at the exceedingly low price of **$141.25 for a complete two-roll husker.**

THE TWO ILLUSTRATIONS convey a very **good idea of the construction and appearance of the two-roll husker,** one showing the machine mounted complete, the other showing it without trucks. The framework is made of hardwood, and every particle of iron and steel used in the construction of these machines is of the very best. We guarantee the materials and workmanship to be first class in every particular, and we also **guarantee** that our Kenwood Husker will do more and better work with the same amount of power applied than will any other husker of the same size.

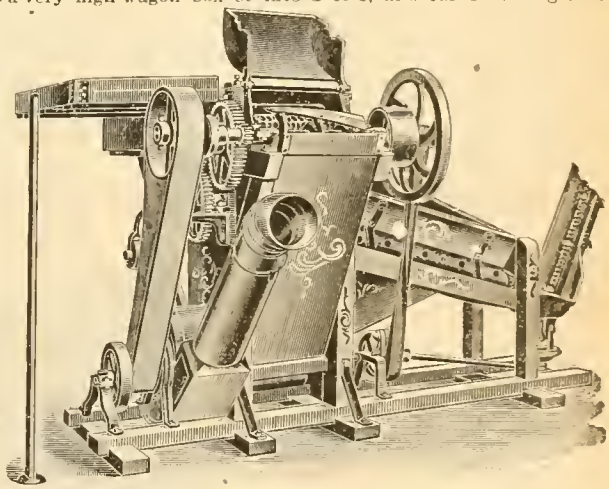
THE DRIVING PULLEY **is 10 inches in diameter, with 5-inch face, and should be run at from 450 to 500 revolutions per minute.** This pulley can be put upon either end of the main shaft, which on the two-roll machine is 1⅛ inches diameter. A large extension leaf or platform projects from the right side of the feed table, upon which the corn is unloaded from the wagon. The feed table is large, giving the operator ample room to properly spread and feed the corn. The snapping rolls are 15½ inches long, and are so perfectly constructed that they pinch the ears off the stalks without shelling corn from the cob. The ears of corn drop into a chute which conducts them to the husking rolls. These rolls are so constructed that they husk the ears perfectly clean, and wings are arranged in the husking trough so that the ears cannot pile up or slide through without being husked. The husking rolls are 3 feet 10 inches long, 4 inches in diameter, made of steel and fitted with hardened steel husking pins. The swinging corn elevator, into which the ears drop from the husking rolls, is 10 feet long, can be elevated to load into a very high wagon box or into a crib, and can be swung in a half circle.

PERFECT SAFETY **is one of the principal features of the Kenwood Husker.** The husking rolls are covered with a slat frame so that the operator can see them at all times but cannot, by any accident, get caught in them. In feeding, the operator stands far enough back from the snapping or feed rolls so that he is not within natural reach of them, this position being maintained by a lever which projects from the side of the feed table. This lever connects with and operates a clutch which drives the feed rolls. The feeder can instantly stop the feed rolls by pressing his body against the lever, thus leaving both hands free at all times, and still having full control of the machine, or should the feeder inadvertently lean too much toward the rolls the pressure on the lever will stop the rolls. A lever under the feed table throws the husking rolls in and out of gear, and by means of another lever the rolls can be separated at the upper ends.

The stalks, blades, etc., are fed into the cutting cylinder, which is 8 inches in diameter, and is fitted with two steel knives each 15½ inches long. These knives cut the stalks into pieces about one inch long. The cut feed drops into a chute which leads to a spiral conveyor, the husks and silks from the husking rolls dropping into another chute which leads to the same conveyor. This conveyor forces the material into the fan inlet and prevents all clogging, such as is experienced with other huskers. The fan or blower will handle wet or dry fodder equally well, and by the addition of the necessary amount of pipe, the cut feed can be blown to any desired point. The fan is made to retain its speed for a time after the rest of the machine has been stopped, so that it always clears itself.

THE BALANCE WHEEL **on the main shaft and also the fan are each fitted with a wooden break pin,** so that if anything solid gets into the machine or the fan, no damage can be done.

THE CONSTRUCTION **of the four-roll husker is the same as the two-roll machine, except that its parts are proportionately larger,** the snapping rolls and cutter knives are 19½ inches long, and the driving pulley is 10 inches diameter with 5-inch face. **Power required:** A 4 or 6-horse sweep power, a 3-horse tread power, or a 4-horse power gasoline or steam engine will drive the two-roll husker. The four-roll husker requires about one-fourth more power.



We can furnish these machines either with or without corn elevator or trucks. Extra pipe can be furnished in 26-inch lengths. Price of machine does not include whiffletrees or neckyoke. Shipped direct from factory in Northern Illinois.

No. 32T2288 Two-roll husker, with blower but without corn elevator or trucks. Weight, 1100 pounds. Price..... $113.75

No. 32T2289 Corn elevator for two-roll husker. Weight, 80 pounds. Price..... 14.05

No. 32T2290 Trucks for two-roll husker. Weight, 320 pounds. Price..... 16.50

No. 32T2291 Two-roll husker, complete with blower, corn elevator and trucks. Weight, 1500 pounds. Price..... 141.25

No. 32T2292 Extra lengths of blower pipe for two-roll husker. Weight, 6 pounds. Price..... .64

No. 32T2293 Four-roll husker, with blower, but without corn elevator or trucks. Weight, 1410 pounds. Price..... $180.90

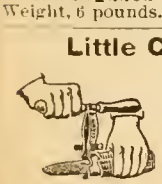
No. 32T2294 Corn elevator for four-roll husker. Weight, 80 pounds. Price..... 14.10

No. 32T2295 Trucks for four-roll husker. Weight, 370 pounds. Price..... 20.20

No. 32T2296 Four-roll husker, complete with blower, corn elevator and trucks. Weight, 1860 pounds. Price..... 209.30

No. 32T2297 Extra lengths of blower pipe for four-roll husker. Weight, 6 pounds. Price, each..... .65

Little Giant Corn Sheller.



The Little Giant Corn Sheller is very simple, nothing to get out of order. A child can use it. Made of the best grade of malleable iron, nicely finished. Just the thing to shell corn for poultry, or for shelling seed corn. Weight, 13 ounces.

No. 32T2300 Little Giant Corn Sheller. Price, 14c

Hustler Corn Shellers.

This is the most simple and effective arrangement for corn shelling made. There are only six pieces to the entire machine; main frame, shelling disc, arch, tension spring and crank. **It has a perfect tension** that can **be adjusted instantly;** will shell all sized ears of field corn. Weight, 15 pounds.

No. 32T2302 Hustler Corn Sheller. Price..... 68c.

No. 32T2303 Hustler Corn Sheller, with Popcorn Attachment. Price..... 70c

Patch's Blackhawk Corn Sheller.

This is made from the **best malleable iron.** It is almost impossible to break it with any ordinary usage. It shells any size of field corn easily and rapidly. It is considered to be **one of the best hand shellers made** and is thoroughly covered by patents.

Weight, 15 pounds.

No. 32T2304 Blackhawk Corn Sheller. Price..... $1.75

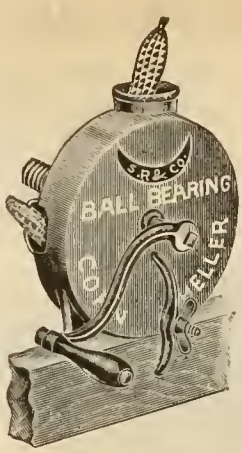
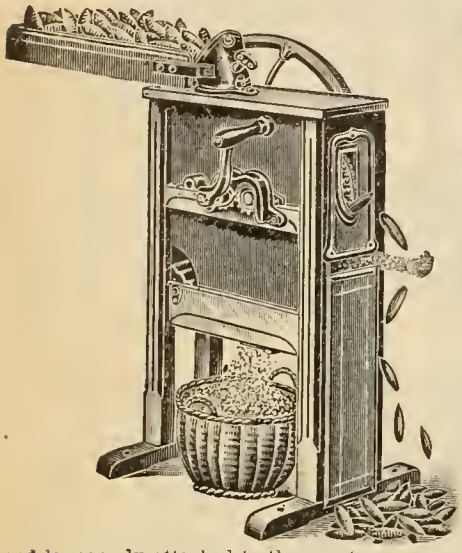
Kenwood Ball Bearing Corn Sheller.

The height of perfection has been attained in the construction of this sheller. Its automatic adjustment, improved shelling disc and ball bearing journals serve to make it not only an exceedingly perfect sheller in its operation, but the easiest running sheller made. Will shell large or small ears of ordinary field corn, under the same adjustment. A heavy spiral spring produces an even and uniform pressure, holding the ears of corn firmly against the shelling disc. Furnished complete with bolt and clamp, so that no extra bolts are required. Weight, 20 pounds.

No. 32T2305 Ball Bearing Corn Sheller. Price..... **$1.35**



Our $4.34 Acme One-Hole Corn Sheller.



A strong, durable and well made Corn Sheller, guaranteed to give perfect satisfaction and do good work. The framework is hardwood strongly joined together with mortise and tenon joints; the shafting is cold rolled steel and all parts are properly proportioned. Shaft bearings are bolted to the frame. The machine is built in a thoroughly workmanlike manner and is nicely finished throughout.

The gearing is placed outside the frame so that it cannot become clogged, but it is protected by a hood or cover so that all danger is avoided. Crank is on the right side, making feeding convenient. This sheller is supplied with a heavy balance wheel and is geared low so that it is easy to operate. The feed table is of good size and is securely attached to the spout.

The feed spout is placed over the shelling wheels and as the shelling wheels grip the ears firmly, pushing or crowding the ears is entirely unnecessary. The rag-iron, which is fastened to one spring and is controlled by another, can be adjusted so as to shell any kind of field corn and shell it clean. Being fitted with fan, the machine will clean the corn nicely after it is shelled.

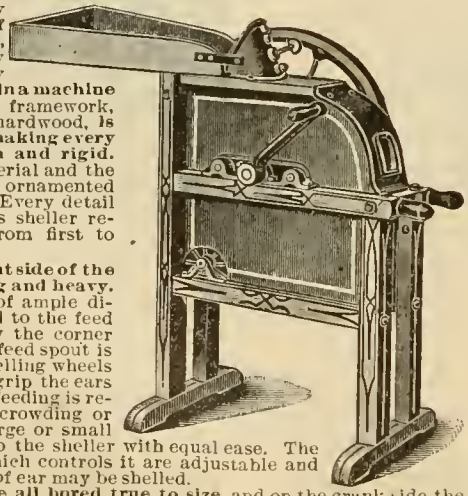
Furnished complete with fan and feed table. To adapt this sheller for use in connection with light power we can furnish a clamp pulley with bolts to attach to balance wheel. Clamp pulley is 8 inches by 2 inches and is furnished only when ordered as an extra.

This sheller has a capacity of from 8 to 12 bushels of shelled corn per hour. It is painted two coats, striped and varnished, and is a very handsome machine. **Weight, 120 pounds. Shipped direct from factory in Southeastern Wisconsin.**

No. 32T2306 Corn Sheller, complete. Price..... **$4.34**
No. 32T2307 Clamp pulley. Weight, 5 pounds. Price..... **.49**

Our $4.79 Valley One-Hole Corn Sheller.

The Best Value Ever Offered in a Corn Sheller.



This is unquestionably the most popular style of hand corn sheller made, and as improved and now sold by us it combines every desirable feature required in a machine of this character. The framework, which is made of heavy hardwood, **is strongly bolted together, making every part of the machine firm and rigid.** The panels are heavy material and the entire sheller is tastefully ornamented and handsomely finished. Every detail in the construction of this sheller receives careful attention from first to last.

The crank is on the right side of the machine and is very strong and heavy. The feed table, which is of ample dimensions, is securely bolted to the feed spout and is supported by the corner posts, of the sheller. The feed spout is placed directly over the shelling wheels and, as the shelling wheels grip the ears of corn firmly, the labor of feeding is reduced to a minimum, no crowding or pushing being required; large or small ears of corn being fed into the sheller with equal ease. The rag-iron and the spring which controls it are adjustable and when properly set any size of ear may be shelled.

The shaft bearings are all bored true to size, and on the crank side the three bearings are connected so that they cannot get out of line. Bearings are all bolted to frame. Shafting is cold rolled steel. The balance wheel is large and very heavy. The construction of the fan is such as will meet the approval of the most critical purchaser. The lightest running, best constructed and most desirable one-hole corn sheller made.

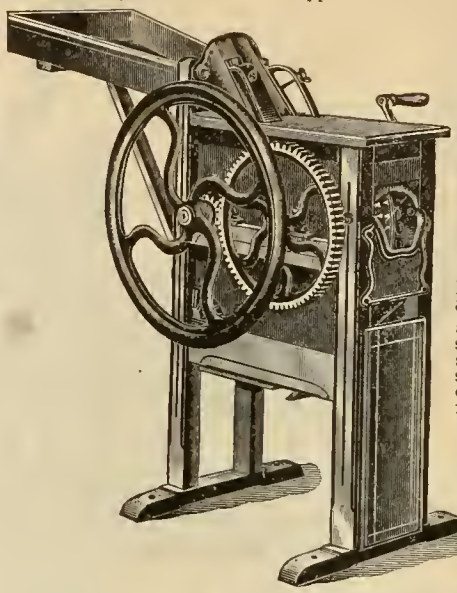
Furnished complete with fan and feed table. We can also furnish a clamp pulley, 8 inches diameter by 2-inch face, with bolts to attach to the balance wheel so that the sheller can be used with light power. This pulley, at special price, is extra and is furnished only when ordered. Can also be furnished with extended shaft and fitted with 8-inch by 4-inch pulley. Capacity is from 10 to 15 bushels of shelled corn per hour. **Shipped direct from factory in Southeastern Wisconsin.**

No. 32T2309 Corn Sheller, complete. Weight, 142 pounds. Price.. **$4.79**
No. 32T2310 Clamp Pulley. Weight, 5 pounds. Price..... **.50**
No. 32T2311 Corn Sheller with extended shaft and 8x4-inch pulley. Weight, 155 pounds. Price..... **5.69**

See next page for other Corn Shellers and Grist Mills.

Acme, Jr., Two-Hole Corn Sheller.

This sheller is designed especially for farm use, where a low-priced machine of large capacity is required. It is well made throughout, strong, durable and nicely finished, and will shell corn as well as any other sheller of same capacity, but it is not supplied with a cob carrier, the cobs being dropped directly at the rear of the machine. The frame, which is hardwood, is heavy and substantially put together, and all parts are proportioned so as to give proper strength and durability. The shafting is cold rolled steel and runs in babbitted bearings.

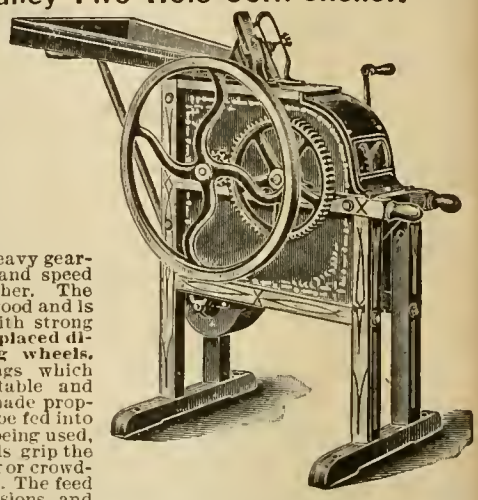


The balance wheel is large in diameter and being heavy it makes the sheller very light running and easy to operate. The gearing which transmits power and speed from one shaft to the other is heavy and strong, as is shown in the illustration. The rag-irons and springs are adjustable and can be set to shell either large or small ears of corn, and the shelled corn will be nicely cleaned by the fan. The feed table is large and is firmly braced and fastened to the machine.

Always furnished with fan, feed table, crank and pulley, so that sheller is complete and can be run by either hand or power. The pulley is 8 inches diameter with 4-inch face and when the sheller is run by power the pulley should make about 250 revolutions per minute. A cob carrier cannot be added to this machine and the sheller should not be run at a higher speed than named above. Capacity is from 15 to 25 bushels of shelled corn per hour. **Weight, 180 pounds. Shipped direct from factory in Southeastern Wisconsin.**

No. 32T2314 Corn Sheller, complete. Price..... **$8.30**

Our $9.30 Valley Two-Hole Corn Sheller.

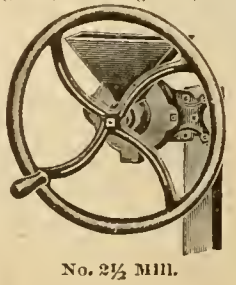


The best and handsomest two-hole sheller made. Durability, capacity and good workmanship are combined in the Valley Sheller; in fact, we can say positively that this machine cannot be excelled either in quality, finish or capacity; it is strictly first class in every respect. All parts are strong and heavy. The shafting is cold rolled steel, true to gauge and runs in bored bearings. Heavy gearing transmits the power and speed from one shaft to the other. The framework is heavy hardwood and is firmly joined together with strong bolts. **The feed spout is placed directly over the shelling wheels.** The rag-irons and springs which control them are adjustable and when the adjustment is made properly, any size of ear can be fed into the sheller without force being used, because the shelling wheels grip the ears so firmly that pushing or crowding is entirely unnecessary. The feed table is of ample dimensions and every part of the machine is properly proportioned. Balance wheel is large and heavy, so that speed and momentum are easily maintained. **A well made and handsomely finished machine, suitable for farm or warehouse use.** Always furnished complete with fan, feed table, crank and pulley, and can be run by either hand or power. The pulley is 8 inches diameter with 4-inch face, and when the sheller is run by power this pulley should make from 225 to 275 revolutions per minute. This sheller cannot be furnished with cob carrier. Capacity is from 20 to 30 bushels of shelled corn per hour. **Weight, 230 pounds.** Shipped direct from factory in Southeastern Wisconsin.

No. 32T2315 Corn Sheller, complete. Price..... **$9.30**

"Yankee" Hand Crist Mills.

These little mills are wonderfully rapid grinders and are a most desirable article to have about the house. They will grind all kinds of small grain, including corn, and are splendid grinders for coffee, spices, etc. They are made of the best of materials and will last for years. The burrs are easily renewed at a small cost. Burrs can be adjusted to grind very fine, or to only crack the grain. These mills are made in two sizes. The No. 1, or small size mill, is made to bolt to a table and can be furnished with either crank or balance wheel. The No. 2½ mill is much larger and is made to bolt to a post. The No. 2½ mill is made with balance wheel only and has a capacity of from one to two bushels per hour, depending upon whether the mill is set for fine or coarse grinding.

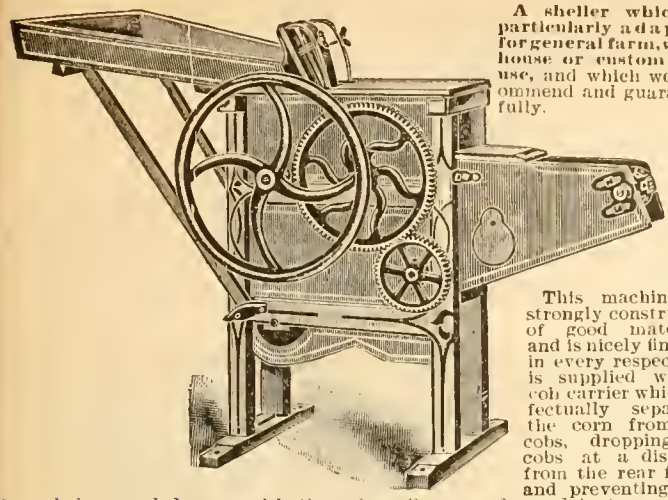


No. 2½ Mill.

No. 1 Mill.

No. 32T2317 No. 1 Grist Mill with crank. Wt., 14 lbs. Price..... **$1.45**
No. 32T2318 No. 1 Grist Mill with balance wheel. Wt., 24 pounds. Price..... **1.85**
No. 32T2319 No. 2½ Grist Mill with balance wheel. Wt., 45 pounds. Price..... **3.10**
No. 32T2320 Extra burrs for No. 1 Grist Mill. Price, per pair..... **.70**
No. 32T2321 Extra burrs for No. 2½ Grist Mill. Price, per pair..... **1.26**

Our $10.70 Acme Special Two-Hole Corn Sheller with Cob Carrier.



A sheller which is particularly adapted for general farm, warehouse or custom mill use, and which we recommend and guarantee fully.

This machine is strongly constructed of good materials and is nicely finished in every respect. It is supplied with a cob carrier which effectually separates the corn from the cobs, dropping the cobs at a distance from the rear frame and preventing corn from being carried over with the cobs. Power and speed is transmitted to the different driving shafts by strong gearing, consequently there is no slipping or lost motion. **The shafting is cold rolled steel and runs in babbitted bearings.** The balance wheel is heavy and of large diameter and assists greatly in keeping the speed even and regular. The rag-irons and the springs which govern them are adjustable and can be set so the machine will shell clean, either large or small ears of corn. The fan and the cob carrier clean and separate the corn in a most perfect manner. The feed table is very large and is firmly attached and strongly braced to the body of the machine. Feed spout is over the shelling wheels and as the shelling wheels grip the ears firmly, feeding is easy and positive. **This sheller is always furnished complete with fan, feed table, cob carrier, crank and pulley, and can be run by either hand or power.** When run by power the pulley, which is 8 inches in diameter with 4-inch face, should make from 300 to 400 revolutions per minute. Has a capacity of from 25 to 35 bushels of shelled corn per hour, and is especially adapted for use in connection with power windmills or other power which develops irregular speed. Can be fitted with sacking elevator, wagon elevator, cob stacker and tumbling rod attachment at extra prices shown below. **Weight, 250 pounds.** Shipped direct from factory in Southeastern Wisconsin.

No. 32T2324 **Corn Sheller complete.** Price..... **$10.70**
No. 32T2326 **Sacking Elevator** for above, extra, weight, 100 pounds. Price..... **9.75**
No. 32T2327 **Wagon Elevator** for above, extra, weight, 115 pounds. Price..... **11.75**
No. 32T2328 **Cob Stacker** for above, extra, weight, 35 pounds. Price **5.65**
No. 32T2329 **Chain Attachment** for tumbling rod for above, extra, weight, 35 pounds. Price..... **7.25**

When ordering No. 32T2329 always give speed of tumbling rod and state whether tumbling rod runs with or against the horses.

Mann's Swinging Feed Tray.

It saves the feed. Hens cannot scratch the food out or the dirt in. Weight of hen tips tray and throws her off. It is 6½ inches wide, 3 inches deep and 18 inches long. Is made of one piece of galvanized iron, water tight. Weight, 7 pounds.

No. 32T2395 **Feed Tray.** Price, each..... **98c**

Acme Hand Grist Mills.

The Acme is the most rapid grinder, durable, easily regulated, easily and cheaply renewed mill on the market. Every mill has **steel alloy grinders** that will outwear three sets of gray iron burrs usually put in hand mills. They are nicely painted and securely packed one in a crate.

Nos.	32T2400	32T2401	32T2402
Size	No. 1	No. 2	No. 3
Weight	18 lbs.	36 lbs.	60 lbs.

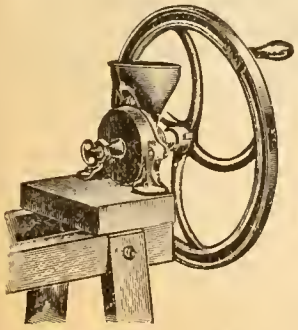
Price, each	$1.75	$3.45	$5.10

No. 32T2403 Extra burrs for No. 1, per set, **$0.45**
No. 32T2404 Extra burrs for No. 2, per set, **.70**
No. 32T2405 Extra burrs for No. 3, per set, **.99**

Our $2.10 Grist Mill.



Every country home should be supplied with one of these little grist mills. They are perfect machines, having removable hard iron burrs, which are ground true, and which can be adjusted so as to grind to any degree of fineness. They will grind corn, wheat, rye, peas, salt or anything else which it is desirable to grind; so that one may have fresh corn meal, graham flour, hominy and fine table salt at any or all times.

A most useful machine for any one, but especially desirable in sparsely settled districts where custom mills are not within a convenient distance, or in new countries where there are no mills. Furnished with one set of burrs only. Extra burrs may be ordered with the mill or may be obtained later and can be easily put in place. The machine can be bolted to a table, a bench or any other convenient place. Weight, 30 pounds.

No. 32T2412 **Grist Mill.** Price..... **$2.10**
No. 32T2413 Extra burrs, per pair..... **.37**

SEE PRECEDING PAGE FOR OTHER CORN SHELLERS AND GRIST MILLS.

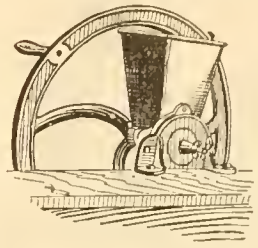
Our Duplex Combined Corn Sheller and Grinder.

This machine is designed to shell and grind corn and to grind other kinds of small grain.

The shelled corn or meal passes into the receptacle below. The sheller is the most perfect implement of its kind and does not scatter the corn. The cobs are thrown out at the rear of the machine and do not mix with the shelled corn. The entire machine is built of iron, being put up in a machine shop by men of good mechanical training and then carefully finished. **It is nicely painted.** The mounted machine is supplied with a large feed box, as shown in the illustration.

No. 32T2414 **Duplex Sheller and Grinder, unmounted.** Weight, 60 pounds. Price..... **$3.95**
No. 32T2415 **Duplex Sheller and Grinder, mounted on legs.** Weight, 110 pounds. Price..... **$5.95**
No. 32T2416 Extra burrs. Per pair..... **.68**

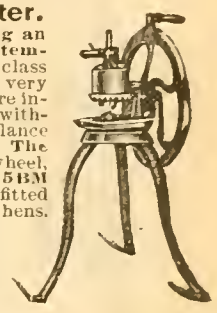
Our $2.25 Hand Bone Mill.



Bone meal retails at about 4 cents per pound, and is worth three times its cost for fowls on any farm. With this machine we reduce the cost of the meal to merely the labor. The teeth of this mill are very strong and coarse and will not grind corn for family use. Allow fresh bones to dry before grinding; will not grind green bones. Weight, 40 pounds.

No. 32T2425 **Hand Bone Mill.** Price.. **$2.25**
No. 32T2426 Extra No. G-2 burr, with shaft..... **70**
No. 32T2427 Extra No. G-6 crusher.... **.52**

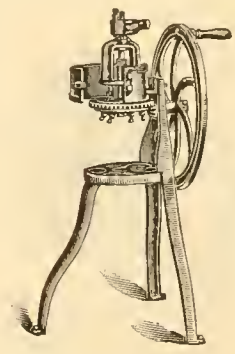
Mann's New No. 5 Green Bone Cutter.



An improved automatic feed bone cutter, having an extra large cylinder and fitted with four specially tempered steel cutting knives. Guaranteed to do first class work and to be a perfect cutter in every respect. Cuts very fast, fine and easy. All parts easily replaced, as they are interchangeable. Made in three styles. **The No. 5C** is without stand and is fitted with a crank instead of a balance wheel. It is suitable for a flock of from 15 to 25 hens. **The No. 5B** is without stand but is fitted with a balance wheel, and is suitable for a flock of 30 to 50 hens. **The No. 5BM** is complete with stand, as shown in illustration, and is fitted with a balance wheel. Is suitable for a flock of 30 to 50 hens.

No. 32T2430 **No. 5C Bone Cutter.** Weight, 30 lbs. Price..... **$5.90**
No. 32T2431 **No. 5B Bone Cutter.** Weight, 55 lbs. Price..... **$7.90**
No. 32T2432 **No. 5BM Bone Cutter.** Weight, 80 lbs. Price..... **$10.25**

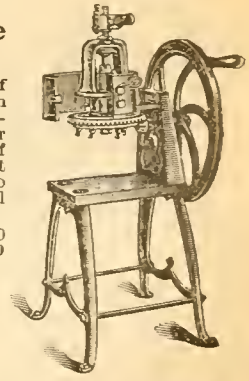
Mann's New No. 7 Green Bone Cutter.



This is an exceedingly popular machine. It is just the right size for the average poultryman. Cuts easier, faster and finer than any other machine of the same capacity. Will cut all kinds of bone, and with meat and gristle adhering, without waste or large splinters. Has an extra heavy balance wheel; six specially improved corrugated and adjustable steel knives, which are easy to sharpen; a large cylinder with open hinged side, and is easily accessible in every respect. It never clogs, no hacking or packing of bones is required; a boy or a woman can run it, owing to the automatic feed, which leaves both hands free to operate the machine. Is suitable for a flock of from 50 to 100 hens. Shipped direct from factory in central Massachusetts

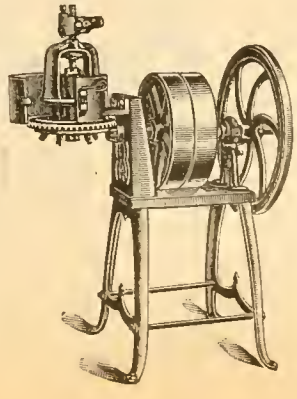
No. 32T2433 **No. 7 Bone Cutter.** Weight, 110 lbs. Price..... **$12.00**

Mann's New No. 9 Green Bone Cutter.



This machine has all the special features of the No. 7. It differs only in that it is larger in every way, will hold more and larger bones, requires less work to prepare the bones, has greater capacity and is mounted on a different style of frame. Will not clog. Cuts all kinds of bone fast and very easy. Is suitable for a flock of from 100 to 300 hens. Shipped direct from factory in central Massachusetts.

No. 32T2439 **No. 9 Bone Cutter.** Weight, 160 pounds. Price..... **$18.00**

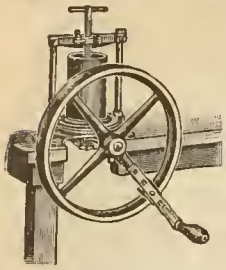


Mann's New No. 11 Power Green Bone Cutter.

This machine is exactly the same as the No. 9, but with power attachments added. It is designed especially for those who raise a large number of fowls, and who have power to run it. Can be run by windmill, steam or horse power, and only requires ¼ to 1½ horse power. Capacity is from 90 to 140 pounds per hour, depending upon the speed and power applied. Is fitted with tight and loose pulleys, 8 inches in diameter by 2¾-inch face, and should run from 300 to 500 revolutions per minute. Can be run by hand. Shipped direct from our factory in central Massachusetts.

No. 32T2441 **No. 11 Bone Cutter.** Weight, 215 pounds. Price..... **$25.50**

Kenwood No. 4 Green Bone Cutter and Dry Bone Mill.

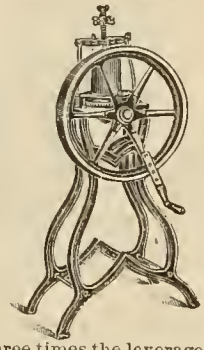


A Bone Cutter which will cut green bones fine enough for the smallest chicks, and which does not sliver or splinter the bones. It will cut any kind of feed which fowls will eat. Will crack and cut corn, crumble bread, cut clear meat or vegetables, grind bones or shells, and will not clog under any circumstances. Has a drop forged, hardened steel cutter head, milled out of a solid piece of steel. Feed is automatic, hopper is large and without partitions. Fully warranted for one year, and should cutter head prove defective at any time within five years, it will be replaced free of charge. This size is suitable for a flock of 60 to 80 fowls. Is made to bolt on table or bench.

No. 32T2450 No. 4 Bone Cutter, with crank only. Weight, 25 pounds. Price.....**$4.50**

No. 32T2451 No. 4 Bone Cutter, with balance wheel and crank. Weight, 46 pounds. Price....**$6.35**

Kenwood No. 6 Green Bone Cutter and Dry Bone Mill.

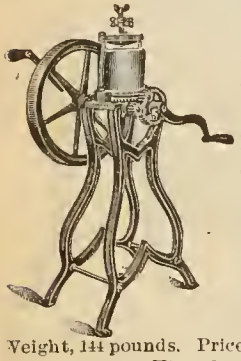


A very strong and powerful machine; built on the same principle as our Kenwood No. 4 Bone Cutter, but larger, heavier and suitable for a much larger flock of fowls. It will do the same class of work as the No. 4, do it easier, and is put out under the same guarantee. Feed is automatic and can be made light or strong, as desired. Is made and furnished complete with legs, as shown in illustration, or without legs to bolt on a bench. This machine is shipped direct from factory in Western New York.

No. 32T2454 No. 6 Bone Cutter, without legs. Weight, 80 pounds. Price.....**$10.65**

No. 32T2455 No. 6 Bone Cutter, with legs. Weight, 135 pounds. Price.....**$13.40**

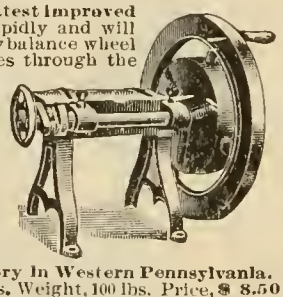
Kenwood No. 7 Ball Bearing Green Bone Cutter and Dry Bone Mill.



This is the easiest running Bone Cutter made. It is back geared, three to one, giving three times the leverage for the power exerted. The bearings of this mill are fitted with ball retainers similar to those used on bicycles, and the journals are all ball bearing and all are hardened to prevent friction and wear, and protected from dust by felt washers. This machine will do more work with less labor than any other bone cutter made. Bone chamber is large and without partitions of any kind. Feed is automatic and can be instantly changed from light to strong. Can be driven with the long crank attached to the cutter head shaft, if desired. Will cut any kind of food which fowls will eat and will not clog whether cutting green bone, gristle or meat, or grinding dry bones, shells or grain. Fully warranted for one year and cutter head is guaranteed against defects for five years. Shipped direct from factory in Western New York.

No. 32T2456 No. 7 Ball Bearing Bone Cutter. Weight, 144 pounds. Price.....**$17.80**

The Acme No. 1 Green Bone Cutter.

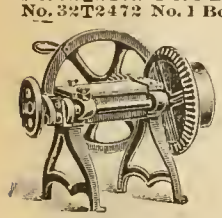


Our Acme Green Bone Cutter is one of the latest improved machines. It cuts all kinds of bones very rapidly and will not turn hard or clog. The turning of the heavy balance wheel and the momentum acquired carries the knives through the bone and cuts it very similar to cutting with a butcher's cleaver. The bone is cut cross grain and fine enough for the smallest chick. It has automatic feed; is strong, durable and well made. All parts are easily accessible for the purpose of cleaning. After the bone is cut it is retained in the dise, which prevents it flying around. By turning a button the contents are removed instantly. Inside dimensions of bone box is 4 inches by 3 inches by 13 inches, can be furnished on short legs, as shown in illustration, or on high stand. Suitable for a flock of 150 to 200 chicks. **Shipped direct from factory in Western Pennsylvania.**

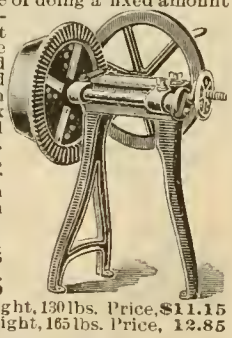
No. 32T2471 No. 1 Bone Cutter, on short legs. Weight, 100 lbs. Price, **$ 8.50**

No. 32T2472 No. 1 Bone Cutter, on high stand. Weight, 135 lbs. Price, **10.25**

Acme Geared Green Bone Cutters.



Our Acme Geared Bone Cutters are built on the same principle as the Acme No. 1, but are back geared, making them much more powerful and consequently making them capable of doing a fixed amount of work with less power applied. These are the most desirable bone cutters on the market and we recommend them as being first class and practical machines. Built in two sizes, No. 9 with bone box 3½ inches by 3 inches by 11 inches inside, and No. 11 with bone box 4 inches by 3 inches by 13 inches inside. The No. 9 is suitable for a flock of not over 100 chicks, the No. 11 for a flock of from 150 to 250 chicks. Either machine can be furnished on short legs or on high stands, as shown in illustrations. Shipped direct from factory in Western Pennsylvania.



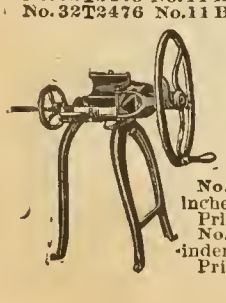
No. 32T2473 No. 9 Bone Cutter, on short legs. Weight, 100 pounds. Price.....**$8.75**

No. 32T2474 No. 9 Bone Cutter, on high stand. Weight, 135 pounds. Price.....**$10.30**

No. 32T2475 No. 11 Bone Cutter, on short legs. Weight, 130 lbs. Price, **$11.15**

No. 32T2476 No. 11 Bone Cutter, on high stand. Weight, 165 lbs. Price, **12.85**

Adam's Green Bone Cutter.

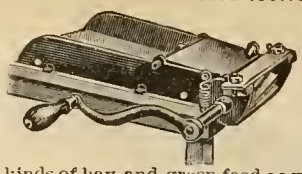


The Adam's Green Bone Cutter has ball bearings, which makes it an easy running machine. Cuts directly from center of cylinder where power is applied. Has no gearing to get out of order. Bone chamber has no obstructions whatever, making it easy to clean. Capacity of No. 1, 125 cubic inches; capacity of No. 2, 75 cubic inches. Cuts green bone to perfection. **Shipped direct from factory in Northern Illinois.**

No. 32T2510 Bone Cutter, No. 1, mounted. Cylinder, 10 inches long, 4-inch diameter. Weight, 90 pounds. Price.....**$8.30**

No. 32T2511 Bone Cutter, No. 2, unmounted. Cylinder, 6 inches long, 4-inch diameter. Weight, 50 pounds. Price.....**$6.30**

The Kenwood Clover Cutter.



As an ordinary feed cutter will not cut clover fine enough for fowls, we offer a machine especially adapted to that purpose. Clover should be cut in half-inch lengths, for if it is too coarse it will cause the fowls to become crop-bound. The Kenwood Clover Cutter may be quickly attached to a table or bench; it feeds itself; is self sharpening and will easily cut sufficient clover to feed a flock of from 50 to 100 fowls. It will cut all kinds of hay and green food as well as dry.

No. 32T2515 Kenwood Clover Cutter. Weight, 5 pounds. Price....**$2.73**

ACME INCUBATORS,

AND COMBINED INCUBATORS, BROODERS AND YARDS.

THESE INCUBATORS are perfect in construction, scientific in every detail, made of the very best materials obtainable, and are the result of many years' experience in the building and actual use of incubators. They are made for us by one of the largest incubator factories in the United States, the proprietors of which are practical poultry raisers and the owners of a poultry farm of world wide reputation.

MADE IN THREE STYLES OR GRADES and in various sizes so as to meet every requirement of our customers, and every size and style has a nursery under the egg tray, into which the chicks drop for exercise, light and drying. The two higher grades are made in both hot air and hot water patterns. The hot air tanks or flues are made of japanned tin. The hot water tanks are **solid sheet copper.**

THE GENERATION AND DISTRIBUTION OF HEAT and the very necessary circulation of air is essentially perfect, as is every detail, no matter how small, in the design, construction and working qualities of these incubators. The circulating air is heated by the lamp, but does not come in contact with the flame, smoke or oil fumes.

THE LAMPS FOR HEATING are made of metal and use the regular Sun Huge burners, so that burners and wicks can be obtained from any store. Lamp chimneys are metal with a mica window. Egg testers consist of a metal tube which fits over the mica window of the lamp chimney. Thermometers are the best which can be made and are tested by United States standard, all not proving perfect being thrown out.

THE SAME HEAT REGULATOR is used on all sizes and all styles. It is the most perfect regulator made, is accurate and reliable in its action. It is operated by a metal expansion disc which is corrugated to prevent stretching, and filled, under pressure, with a fluid which boils and expands at a temperature just below 103 degrees, causing the disc to operate the compound lever which regulates the heat. This regulator is exceedingly simple and unless subjected to actual abuse, it cannot get out of order.

WHEN BROODERS AND YARDS are combined with incubators, the brooders are heated by the same lamp or lamps which heat the incubators, the heat generated being ample for this purpose. The heaters in our indoor and outdoor hot air and hot water brooders, separate from incubators, are made of the same materials as are used in the heaters of our incubators.

Acme Special Incubators.

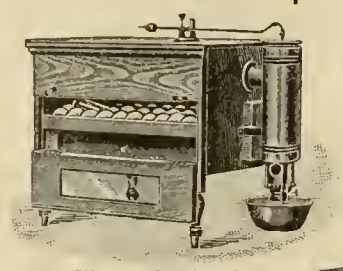


Illustration No. 1.

A splendid line of incubators which will give excellent results, made to meet the popular demand. The walls are single thick lumber, the bottoms are double thick lumber with heavy cardboard between the two pieces, the tops are single thick lumber with a 1¼-inch packing of mineral wool between it and a heavy layer of cardboard, the doors are single with a single thickness of glass and close against a felt lined jamb. Trays are regular and eggs are turned by hand. The 50-egg size has one tray and is mounted on low legs. The 100-egg size has one tray and is mounted on medium height legs. The 200-egg size has two trays and is mounted on high legs. Lamps and heaters are at end of each size of these incubators. The combined incubators, brooders and yards of this style, have one yard only at end of incubator. Illustration No. 1 shows the 50-egg size Acme Special Incubator only. Illustration No. 2 shows the 100-egg size Acme Special Combined Incubator, Brooder and Yard.

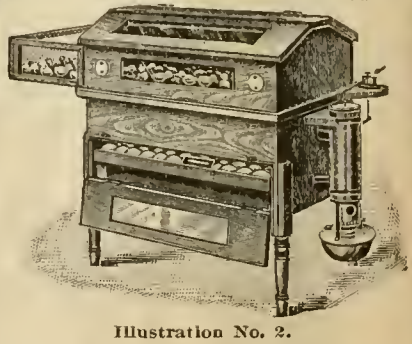

Illustration No. 2.

Furnished complete with directions, thermometer, moisture pan, lamp and egg tester. Shipped direct from factory in Western Illinois.

Acme Medium Incubators.

A very popular line of incubators, possessing many advantages and improvements, suitable for all classes of work, and sold at popular prices. The walls and bottom are double thick lumber with heavy cardboard and a dead air space between the two pieces. The tops are single thick lumber with a 1½-inch packing of mineral wool between it and a heavy layer of cardboard. The doors are single, with double glass, leaving an air space between the two panes of glass, and the doors close against a felt lined jamb. **Trays are the regular tipover type, though eggs may be turned by hand if desired.** The 50-egg size has one tray and is mounted on medium height legs. The other sizes have one tray for each 100 eggs and are mounted on high legs. Each of these incubators is furnished with one extra tray for turning the eggs. The lamp of the 50-egg size is at the end, the same as on the Acme Specials. The lamps of all other sizes are under the end of the incubators. The 400-egg size is the same as two 200-egg size set back to back, but with only four legs. This size has two egg chambers, two lamps and two regulators, and either or both sides may be run independently. The 50-egg Combined Incubator Brooder, and Yard, of this style, has only one yard; all other sizes have yards at each end. Illustration No. 3 shows the Acme Medium 300-egg Incubator only. Illustration No. 4 shows the Acme Medium 200-egg combined Incubator, Brooder and Yards. **Furnished complete, with directions, thermometer** (two with the 400-egg size), **moisture pan, lamp, and egg tester.** Shipped direct from factory in Western Illinois.

Acme Round Hot Air Incubators.

Many prefer a round incubator, and to meet the demand for this style of machine the factory has built this incubator. In principle, design and construction it is the same as our regular line of incubators, the heating, ventilation and regulator being exactly the same. The inner wall of the side is made of matched lumber. The outer wall is made of galvanized sheet steel and there is a ¾-inch dead air space between the walls. Bottom is a double thickness of lumber with a thickness of heavy cardboard between the two pieces. The top is made of three thicknesses of lumber. Door is single and with a double glass panel and shuts against a felt lined jamb. Has nursery under egg tray. Eggs are turned by hand. Trays are easy to get at and can easily be removed through the door. **Furnished complete with directions, thermometer, moisture pan, lamp and egg tester. Shipped direct from factory in Western Illinois.**

See preceding page for general description of these Incubators.

Acme Improved Incubators.

The acme of perfection, absolutely the best line of incubators made. Every known improvement has been incorporated in this line of incubators. The walls and bottom are double thick lumber with heavy cardboard and a dead air space between the two pieces. The tops are single thick lumber with a 1½-inch packing of mineral wool between it and an inner lining of heavy cardboard. The 50 to 75-egg size has a single door with double glass, leaving an air space between the glass. All other sizes have double doors with glass in each door, leaving an air space between the doors. The inner doors close against felt lined jambs. **These incubators are equipped with patent turning trays so that by one movement all eggs in a single tray are turned at one time.** Removing this attachment and using the trays regular increases the capacity one-half. In the table of sizes, in the first column, we give the number of eggs with turning tray in use, and in the second column the number of eggs with turning tray removed. The 50 to 75-egg size, has one tray and is mounted on medium height legs. All other sizes have one tray for each 100 eggs, shown in first column and are mounted on high legs. The lamp of the 50 to 75-egg size is at the end, the same as on the Acme Special. The lamps of all other sizes are under the end of the incubator. The 400 to 600-egg size is the same as two 200 to 300-egg size set back to back, but with only four legs. This size has two egg chambers, two lamps and two regulators and either or both sides can be run independently. The 50 to 75-egg combined incubator, brooder and yard of this style has only one yard, all other sizes have yards at each end. Illustration No. 5 shows the 200-egg Acme Improved Incubator, only. Illustration No. 6 shows the 400-egg Acme Improved Combined Incubator, Brooder and Yards. **Furnished complete with directions, thermometer** (two with the 400 to 600-egg size) **moisture pan, lamp and egg tester.** Shipped direct from factory in Western Illinois.

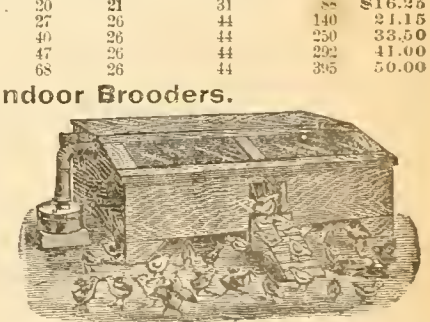
Acme Indoor Brooders.



Our brooders are built upon scientifically correct principles, thoroughly tested and proven to be perfect in every respect. The heat is supplied from the top and the arrangement is such that the chicks can go from or to the heat when they please. The hot air is distributed through pipes so arranged that the heat is uniform and easily kept at the required temperature. The 400-chick size is a double machine built back to back, and divided by a board partition, but heated with one lamp. Furnished complete with metal bowl lamp, thermometer, runway, and directions. Made in both hot air and hot water patterns. **Shipped direct from factory in Western Illinois.**

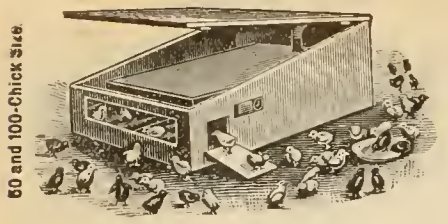
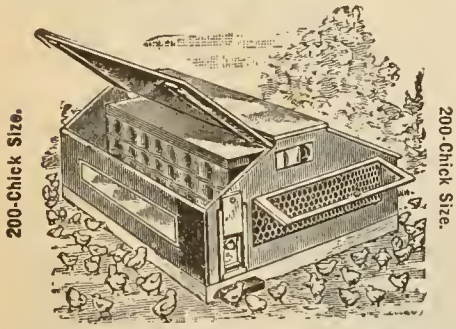
Acme Outdoor Broodere.





These brooders can be used either outdoor or indoor, and are equally desirable in either place. They are warmed by top heat exclusively, the heating tank being located in the top of the brooder. Only the best of materials are used in the construction of these brooders and we unhesitatingly guarantee them to be perfect and satisfactory in every way. Furnished complete with metal bowl lamp, thermometer, runway and directions. The 200-chick size is a double machine, heated by one lamp. Made in both hot air and hot water patterns. **Shipped direct from factory in Western Illinois.**

Acme Sectional Double Loop Indoor Hot Water Brooders.

For extensive breeders these are the most economical brooders on the market. The heating system is perfect, the materials used are the best which can be obtained, and only experienced and careful workmen are employed in making these brooders. Two lamps furnished with each size, one at each end of the four smaller sizes and two in the center of the two largest sizes. The hot water pipes of the smaller sizes extend toward the center from each heater, but in the larger sizes the pipes extend both ways from the center, and in these the heat can be shut off from one end of the brooder when not in use. The lamp bodies are metal, the water boilers and the reservoir above them are made of cold rolled copper, and the piping is such as is used by steamfitters. Length given is over all and includes the 10 inches occupied by heater and supply tank. Furnished complete with runways and all attachments, except that baseboards which show in illustration are not furnished. **Shipped direct from factory in Western Illinois.**

Our Acme Egg Cabinets.

Every poultry raiser should have one or more of these cabinets in which to preserve eggs for hatching purposes. They are supplied with patent turning trays, so that all the eggs in one tray are turned with one movement. The device will be appreciated because it is well known that eggs for hatching should be turned every twenty-four hours, otherwise the yolk will adhere to the shell and the eggs will not hatch. **Shipped direct from factory in Western Illinois.**

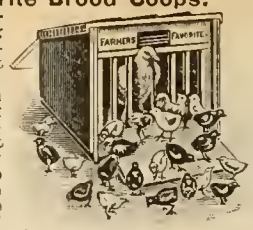
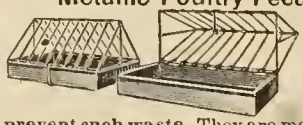
Farmer's Favorite Brood Coops.



A practical and convenient nursery for young chicks. A perfect safeguard through the night against cats, minks, weasles, rats, etc. Both the front and the back of these coops are furnished with doors that are easily and securely fastened, but which do not interfere with the perfect ventilation of the coop. Length, 2 feet 7 inches; width, 22½ inches; height in front, 19 inches; height in rear, 15 inches. Weight, 22 pounds. **Shipped direct from factory in Western Illinois.**

No. 32T2622 Brood Coop. Price.....$1.39

Metallic Poultry Feed Troughs.



When a large number of fowls are raised there is a great waste of soft feed when fed in the ordinary way. These feed troughs prevent such waste. They are made of japanned iron with coppered wire guards, and at the price we offer them will save their cost in a month's time. Length, 18 inches; width, 8½ inches. Weight, 4 pounds.

No. 32T2623 Feed Trough. Price.....92c

Galvanized Poultry Drinking Fountains.

A fountain which can be easily cleaned and which will not burst open should the water be allowed to freeze in it, unless it is entirely full and frozen solid. The interior can be scalded and water will be fresh and clean at all times and nearly as cool as it would be in an earthen vessel. **Made entirely of galvanized iron.**

No. 32T2624 Fountain. Capacity, 2 quarts. Weight, 1½ lbs ...25c

No. 32T2625 Fountain. Capacity, 1 gallon. Weight, 2½ pounds. Price.....34c

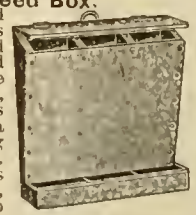
No. 32T2626 Fountain. Capacity, 2 gallons. Weight, 4 pounds. Price.....44c

Ideal Poultry Fountain.

Made of galvanized steel. Has a flat back and is supplied with a hook so that it can be hung against a building, fence, box or in any other convenient place. Front is half oval, drinking trough is about one inch deep is crimped to make it strong. Fills through a screw capped hole in bottom and is easily cleaned. Capacity, one gallon. Weight, 1¾ pounds.

No. 32T2627 Ideal Poultry Fountain. Price, 38c

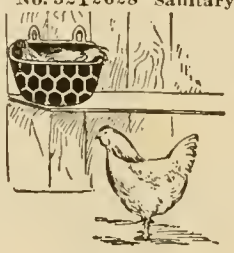
Sanitary Grit or Feed Box.



An indispensable article, and is so constructed that the fowls have access to the grit and feed at all times. Prevents waste and keeps grit and feed out of the dirt. Is made of galvanized steel, with wood partitions. Back is flat and is provided with a hanger by which the box is hung up. Feed trough is 12 inches long, 3 inches wide and 1½ inches deep. Size of box, 12 inches high, 12 inches wide, and 3 inches deep at top. Cover is hinged to the back. Capacity about four quarts. Weight, 3¼ pounds.

No. 32T2628 Sanitary Grit Box. Price.....45c

Woven Wire Hen's Nests.



These nests are made from steel wire, japanned. They are clean, afford no place for vermin and are recommended by poultry raisers everywhere. Can be fastened to the wall with two screws. Should be lined with hay or straw.

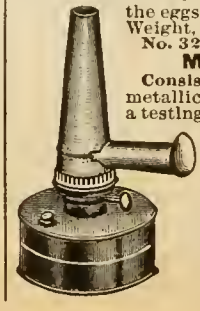
No. 32T2629 Hen's Nest. Weight, 5 ounces. Price.....5c

Folding Egg Tester.

This is a very simple and inexpensive tester, but perfect in every respect. It is made of pasteboard with holes to receive the eggs and a mirror to reflect the light. Weight, 3 ounces.

No. 32T2630 Egg Tester. Price, 11c

Metallic Egg Testers.

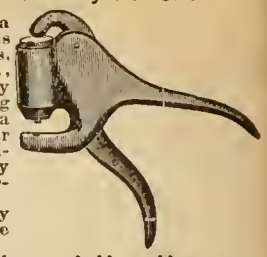


Consisting of a metal bowl lamp, a metallic chimney with mica window and a testing tube which fits onto the chimney over the mica window. The eggs are placed over the end of the testing tube, between the eye and the light. Chimney will fit ordinary lamp burners.

No. 32T2631 Egg Tester, with metal bowl lamp. Weight, 16 ounces. Price...91c

No. 32T2633 Chimney and Testing Tube only. Weight, 6 ounces. Price.....29c

Spring Lever Poultry Punch.



If you wish to keep a record of your chickens of the different breeds, hatches, strains, etc., there is no better way than by using our spring lever punch. It makes a clean cut, will not tear the web, and its operation is not obstructed by the hands of the operator. Weight, 2 ounces.

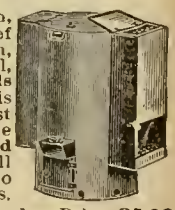
No. 32T2634 Poultry Punch. Price.....22c

Poultry Fountain and Hen House Warmer.

The Acme Poultry Fountain and Hen House Warmer holds about 10 gallons of water and is so constructed as to supply the poultry with water just as fast and no faster than they drink it. The cups out of which they drink fill automatically. **The heat from the lamp, and radiation from the water always keep your hen house comfortable. Water always clean and fresh, and poultry never without drink.** Weight crated, 20 pounds.

No. 32T2635 Poultry Fountain. Price....$3.85

Poultry Fountain, Warmer and Feeder.



By the use of our Fountain, Warmer and Feeder two kinds of feed can be used, such as grain, crystal grit or ground oyster shell, and kept warm and clean. **It feeds automatically,** just as fast as it is consumed and no faster. The moist heat from the water inside keeps the feed **always fresh and hot.** It will work perfectly and will not run out on floor or ground to waste. Weight, crated, 26 pounds.

No. 32T2636 Fountain and Feeder. Price..$5.00

Adjustable Egg Carrier.

A convenient, light and durable crate, which will carry any number of eggs up to twelve dozen. It consists of a wood case fitted with standard egg fillers and is equipped with an adjustable cover and a combination lifter and fastener. The lid can be dropped and secured at any desired point, holding the eggs secure and safe from breakage.

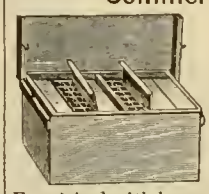
No. 32T2637 Egg Carrier. Weight, 6¾ pounds. Price, each.....28c

Genuine Humpty Dumpty Folding Egg Crate.

Will hold twelve dozen eggs complete with standard fillers. Avoids broken eggs, prevents mistakes in counting, folds up flat for shipping or carrying when there are no eggs in it. Strongly made with hard maple slats. Weight, 5½ pounds.

No. 32T2638 Egg Crate. Price.....22c

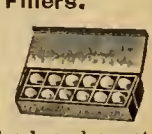
Commercial Egg Crates.



Our Commercial or Shipping Egg Crates, holding 30 dozen eggs, are the most durable crates made. They are about 27¼ inches long, 12½ inches wide, and 13½ inches deep. Sides and bottom are securely nailed to heavy end pieces; end cleats are strong and heavy; cover fastenings are simple but substantial. Furnished with heavy center partition. Fillers are our carton boxes with chipped fillers, the same as described under our catalogue No. 32T2640. Crates are not sold without fillers, and we advise the purchase of extra fillers with crates on account of the saving in transportation charges. Price is for crate complete with one set of carton box fillers. Weight, about 20 pounds.

No. 32T2639 Commercial Egg Crate. Price, each.....42c

Carton Box Egg Case Fillers.



The only perfect egg case filler made. Consists of a box just large enough to hold a filler for one dozen eggs, and is complete with filler. Both box and filler are made of a light colored chipped board paper, which is clean and perfectly odorless, and in which eggs will keep fresh and sweet much longer than in any other kind of a package. Boxes are shipped flat, but creased and cut so that they are easily put up and ends locked together. Only one piece to the entire box. These carton box egg case fillers have been adopted by the leading packers, cold storage houses and dealers throughout the country and are frequently used for delivery packages. Will fit any standard egg crate and any of the egg crates or carriers which we sell. Sold in even dozens only. Weight, 1¾ pounds per dozen.

No. 32T2640 Carton Box Egg Case Fillers. Price, per dozen.....9c

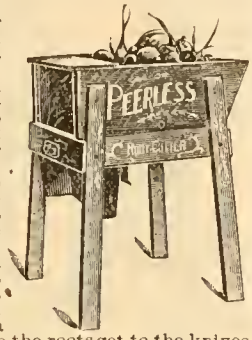
Poultry Vegetable and Root Cutter.

A new machine used extensively by the best poultrymen for preparing green food in the winter. It will cut all roots and vegetables into fine chicken feed, leaving the cut feed in small, fine, half-oval slivers, resembling angle worms. It is intended for a flock of up to 1,000 fowls. Weight, complete, 40 pounds.

No. 32T2675 Poultry Vegetable and Root Cutter.

Price.....$3.75

Peerless Root Cutter.

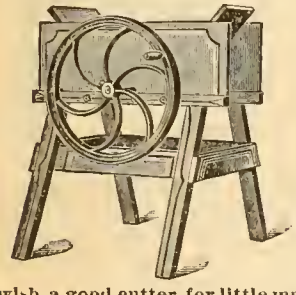


Our Peerless Root and Vegetable Cutter for stock is fitted with gouge shaped knives, a form so well known and so universally used that they are acknowledged the best style knives for cutting all roots and vegetables for cows, pigs, sheep and all other stock. We make these machines with improvements that cannot be found in any of the other root cutters. They have the best steel knives, easily taken out to sharpen and will last for years. The sand and dirt escapes through a perforated bottom before the roots get to the knives, the feed is cut fine to avoid all danger of choking. These machines are made of good sized parts well bolted and screwed together, have a large hopper, well painted and ornamented, and we guarantee them to be the best root cutters manufactured. Weight, 140 pounds. Capacity by hand, 30 to 50 bushels per hour; by power, 50 to 80 bushels per hour. **Shipped direct from factory in Southern Michigan.**

No. 32T2680 Root Cutter, with crank only.
Price.....$7.25

No. 32T2681 Root Cutter, with crank and pulley.
Price.....$8.40

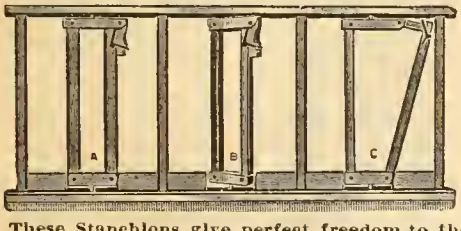
The Kenwood Root Cutter.



The Kenwood Root Cutter is made of good material, nicely painted and ornamented and the best cutter for the price sold by anyone. Will cut any kind of vegetables and do the work clean. The balance wheel is large and heavy. Frame is made of hard wood, and box well put together. If you wish a good cutter for little money, here you have it. Weight, with balance wheel and crank, 125 pounds. **Shipped direct from factory in Western Michigan.**

No. 32T2689 Root Cutter. Price.....$5.85

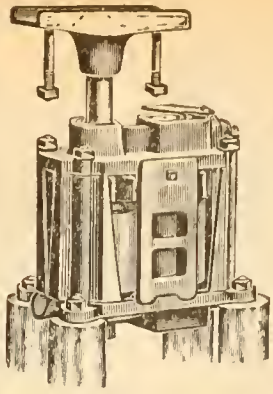
Self Adjusting Swing Cattle Stanchions.



These Stanchions give perfect freedom to the cattle in turning their heads to either side, thus enabling them to lick the sides and shoulders, drive off flies or lie down, resting the head upon the body as nature directs and requires. They require no more time or trouble to open or close them, and occupy no more room than the ordinary stanchions. They are easily and cheaply put in place; strong and durable, and will not get out of order. They are made of hardwood timber, well oiled, and turn on pivots in the center of top and bottom (the pivots are two inch pins, furnished with the stanchions). The upright or side pieces are 1¾x2¾ inches and are 4 feet 2 inches high, with edges rounded; the top and bottom, or cross pieces, are 3x4 inches; neck space is 6 inches wide; with the latch and clevis they are self adjusting when being opened and closed. In turning the head to either side, the side of the stanchion turns back toward the body, the neck turns round naturally, and the head rests upon the body with ease. To open them raise the clevis and press out on the side piece; when opened they adjust themselves, ready for the animal and cannot be turned until closed. Illustration shows three views of the stanchion. A, shows it closed and locked; B, shows it partly turned; C, shows it open. Price is for stanchion only; does not include outer frame.

No. 32T2695 Cattle Stanchion. Price.....98c

The Turquoise Cane Mill.



This engraving illustrates our Turquoise, Vertical, All Iron, Two-Roller Cane Mill. Like all our mills, it is distinctively first class in every detail of construction, and combines all the desirable features of a strictly modern, up to date mill. Steel shafts, brass bushings for all journal bearings, separate clutch gear wheels, oil tubes, feed boxes, sweep cup, etc., are all included in the price of this mill. It possesses all the advantages of a simple and strong mill, of accurate proportions and weight, devoid of any superfluous appendages, and should engage the attention and consideration of all who want a strictly first class, low price, two-roller cane mill. **Our machines are the best and cheapest in their line; owing to the simplicity of their mechanism, combined or arranged according to the best system. Shipped direct from factory in Southwestern Ohio.**

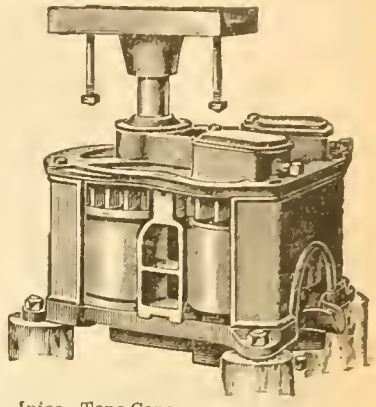
The Mohawk Cane Mill.

Medium Weight Vertical Mills. Five Sizes.



IN THIS MILL THE COG WHEELS which are separate from the rolls, have each two clutches which fasten into corresponding clutches on the rolls. This makes a simple, strong fastening, which does away with keys, and enables the mill to be easily and quickly taken apart. The step boxes are provided with oil chambers which hold nearly half a pint, and are so constructed as to prevent any oil from getting into the juice. All journal boxes are made with brass bearings. The shafts are rolled steel, and all rolls turned true. **For many years the Mohawk** has been one of the leading mills of the country, standing second to none, in its working reputation, and in contests at State Fairs. To those who prefer the cog wheels separate from the rolls we cannot too strongly recommend the **Mohawk Mill. Shipped direct from factory in Southwestern Ohio.**

The Excelsior Cane Mill.

This engraving illustrates the **Excelsior Cane Mill,** the leading mill for animal power in all states where either the sorghum or sugar canes are grown. It has been awarded the **first premium** over all competitors at **fifty-one State Fairs,** and was awarded the **Grand Medal at the Centennial Exhibition.** It has met every mill of any character in all the country at every working trial, and has taken the premium over all. **The number sold exceeds fifty thousand.** This mill is especially adapted to the southern trade, or where heavy, large cane is grown. Our Jamaica patrons will find in the Excelsior just the mill for the large, tough cane grown there.

Guaranteed to be the best mill for the money sold in the United States. **Shipped direct from factory in Southwestern Ohio.**

The Monitor Cane Mill.

Heavy, Rigid, Three-roller Horizontal Mills for Animal Power. This engraving is an exact illustration of our latest production. In design, character, strength and finish the **Monitor** surpasses anything in the line of a Horizontal Animal Power Mill ever introduced. The rolls are heavy and strong and firmly secured to shafts. **Each mill is mounted on a heavy iron bed.** The shafts being steel, possess that great advantage over iron ones, in that they are capable of resisting a much greater torsional strain, and therefore wear much longer. The style of the housings is unique and very strong. All bearings are provided with gun metal bushings, which insure smooth running and greater durability than ordinary brass or Babbit metal. The gearing is exceptionally heavy and strong, which precludes the possibility of breaking under the severest strain in feeding. As every mill is gotten up with the greatest care and attention, we challenge any and all competition, and assure our friends that in purchasing the **Monitor** they will get a better, stronger, and more durable mill than any other of this class having flexible or yielding rolls. **Shipped direct from factory in Southwestern Ohio.**

Cook's Portable Evaporators.

These evaporator pans are made of galvanized sheet steel or copper, heavily bound and riveted, strongly made, with furnace underneath, and the whole mounted upon rockers of angle iron, thus furnishing a complete portable outfit. This is the most convenient arrangement for small house operation, and for custom work it is well nigh indispensable. With it the operator can move from field to field, from farm to farm, and thus avoid the labor and expense of hauling the cane. Capacity given is gallons of syrup per twelve hours. Our prices are for furnace, pan, grate, chimney and two skimmers, but do not include faucets or fire brick. Shipped direct from factory in Southwestern Ohio.

Cook's Pans for Brick Arch.

For Sorghum or Sugar Cane.

The same style of pan as is used on our Cook's Portable Evaporator, but made to be placed on brick or stone arches where pan is to be set stationary. Capacity is based on gallons of syrup per twelve hours. Price includes two skimmers, but does not include faucets. Shipped direct from factory in Southwestern Ohio.

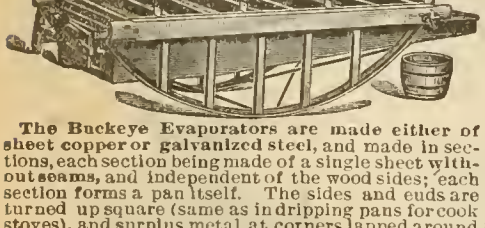
Buckeye Portable Evaporators.

For Maple Syrup or Sugar, Sorghum and Cane.



The Buckeye Evaporators are made either of sheet copper or galvanized steel, and made in sections, each section being made of a single sheet without seams, and independent of the wood sides; each section forms a pan itself. The sides and ends are turned up square (same as in dripping pans for cook stoves), and surplus metal at corners lapped around against the ends and held in position by the wood sides. Being light and portable the evaporator can be moved about as desired; no wood sides in contact with the juice to absorb and sour the syrup. No scum can pass from one section to another, or mix with the boiling syrup; flow of juice can be regulated or suspended at will; no seams exposed to the fire; sections are of great width enabling the operator to use a large skimmer. The durability does not depend on the wood sides. Price is for furnace, pan, grate, chimney and two skimmers complete, but does not include faucets or fire brick. Shipped direct from factory in Southwestern Ohio.

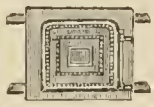
Furnace Doors and Frames for Brick Arches.



These doors and frames are for brick and stone furnaces; we use a specially mixed quality of iron in these doors calculated to resist as much as possible all warping and burning out. Shipped direct from factory in Southwestern Ohio.

No. 32T2822 Furnace Door. Size, 12x12 inches. Weight, 38 pounds. Price.....$1.59

No. 32T2823 Furnace Door. Size, 15x16 inches. Weight, 56 pounds. Price..... 3.18

No. 32T2824 Furnace Door. Size, 16x20 inches. Weight, 115 pounds. Price..... 3.80

Grates for Brick Arches.

Cast Grates, to be used in connection with our furnace doors and frames. Shipped direct from factory in Southwestern Ohio.

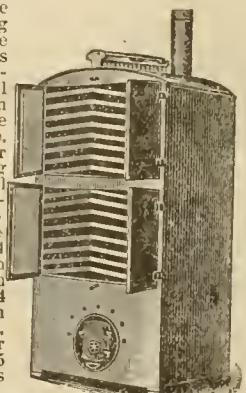
No. 32T2825 Grate. Size, 18x36 inches. Weight, 45 pounds. Price.....$1.60

No. 32T2826 Grate. Size, 20x42 inches. Weight, 75 pounds. Price..... 3.20

No. 32T2827 Grate. Size, 28x36 inches. Weight, 105 pounds. Price..... 5.65

Indiana Fruit Evaporators.

For drying and evaporating all kinds of fruit, berries, vegetables, spices, etc. They are made from the very best grade of galvanized iron and are fireproof and fully warranted in every respect; the only upright evaporator having an equal current of hot and dry air passing from bottom to top, without which you cannot successfully evaporate anything. With proper care and attention these evaporators will produce the cleanest, nicest and whitest fruit that can be made, and will give the most perfect satisfaction. These evaporators are made in three sizes, namely, Nos. 2, 3 and 4. In appearance the Nos. 2 and 3 are the same, the difference being in the dimensions. The No. 4 has double doors, as shown in the largest illustration. The stoves of all sizes have heavy cast iron ends, and the body is made of heavy sheet iron. Grate, pipe and instructions for evaporating and packing are furnished with all sizes, making the evaporators complete. Size No 2 is about 4 feet 6 inches high, 30 inches wide and 24 inches deep. Has sixteen galvanized wire cloth trays, each 12 inches by 24 inches. Stove will take in 22-inch wood. Capacity, three to four bushels per day. Size No. 3 is about 5 feet 2 inches high, 32 inches wide and 24 inches deep. Has twenty galvanized wire cloth trays, each 12 inches by 24 inches. Stove will take in 22-inch wood. Capacity, four to five bushels per day. Size No. 4 is about 6 feet 6 inches high, 38 inches wide and 31 inches deep. Has twenty-six galvanized trays, each 15 inches by 30 inches. Stove will take in 24-inch wood. Capacity, six to eight bushels per day. All capacities based on green apples. Shipped direct from factory in Northern Indiana.

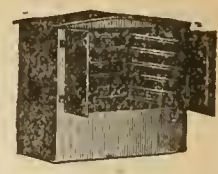


No. 32T2858 No. 2 Evaporator. Weight, 175 pounds. Price.....$17.25

No. 32T2859 No. 3 Evaporator. Weight, 225 pounds. Price.....$20.85

No. 32T2860 No. 4 Evaporator. Weight, 390 pounds. Price.....$33.00

Cook Stove Fruit Drier.

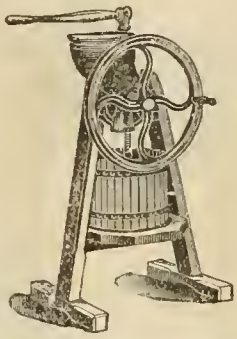


Can be used on any style cook stove or range. Cheapest and best drier made. Made of the best grade galvanized iron, with divided current of hot air, and will last a lifetime. Capacity is based on green apples. Shipped direct from factory in Northern Indiana.

No. 32T2862 No. 1 Fruit Drier. Capacity from two to four pecks per day. Is about 25 inches high, 26 inches wide and 11 inches deep. Weight, 50 pounds. Price.....$5.00

No. 32T2863 No. 2 Fruit Drier. Capacity from one to two bushels per day. Is about 31 inches high, 26 inches wide and 11 inches deep. Has twenty trays, each 10x11 inches in size. Weight, 65 pounds. Price.....$6.25

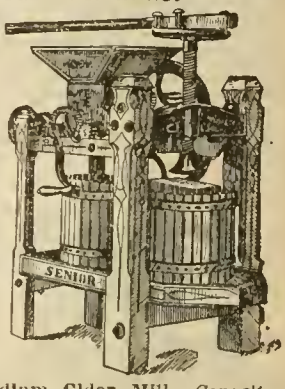
Hutchinson Cider and Wine Mill.



This is well known as one of the most economical and useful cider mills manufactured. Thousands of these mills are in use. Warranted to do fine work. We make this press now with an extra large hopper, a decided improvement over the old style. Size of tub, 11 inches by 11 inches. Shipped direct from factory in Northern Illinois.

No. 32T2875 Hutchinson Cider Mill. Weight, 110 pounds. Price...$4.90

Improved Cider Mills.



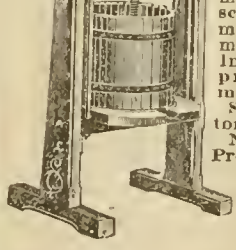
These mills have hardwood frames strongly bolted together; the beams of heavy cast iron, screws are of wrought iron, capable of standing the most severe pressure applied by the lever or the crushing roller. Made in three sizes. Shipped direct from factory in Northern Illinois.

No. 32T2878 Senior Cider Mill. Capacity ten to twelve barrels per day; size of tubs, 17 inches by 16 inches. Weight, 410 pounds. Price.....$16.20

No. 32T2879 Medium Cider Mill. Capacity, three to five barrels per day; size of tubs, 13x13 inches. Weight, 230 pounds. Price.....$12.25

No. 32T2880 Junior Cider Mill. Capacity, two to four barrels per day; size of tubs, 11x11 inches. Weight, 165 pounds. Price.....$3.95

Wine and Lard Presses.



Our New Style Wine and Lard Press has a very heavy frame. We use two rods on each side of tape ring standards which are the full width of the bed timber, making a much stronger press. The screw is made of steel with machine cut threads; all material is best to be had. In short they are the best presses ever put on the market.

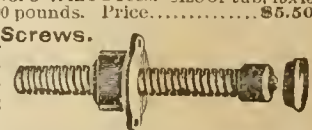
Shipped direct from factory in Northern Illinois.

No. 32T2885 No. 1 Wine Press. Size of tub, 10x9 inches. Weight, 50 pounds. Price.....$3.20

No. 32T2886 No. 2 Wine Press. Size of tub, 12x12 inches. Weight, 70 pounds. Price.....$3.75

No. 32T2887 No. 3 Wine Press. Size of tub, 15x13 inches. Weight, 100 pounds. Price.....$5.50

Press Screws.



For pressing cider, wine, tobacco, lard, cloth, etc. These screws are made of wrought iron, with cast iron nuts and caps. Shipped direct from factory in Northern Illinois.

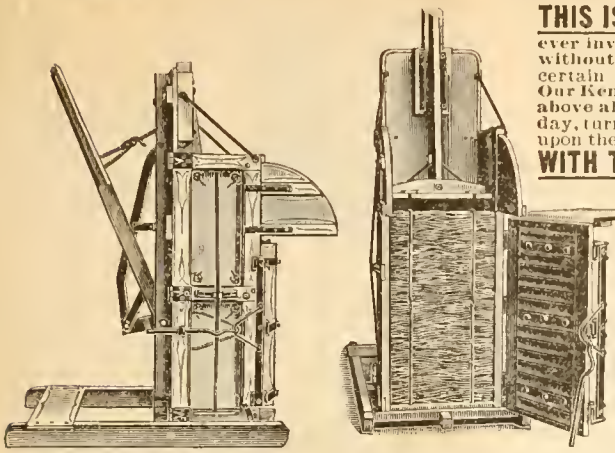
OUR $24.45 KENWOOD HAND HAY PRESS.



THIS IS ONE OF THE GREATEST MONEY MAKING AND MONEY SAVING DEVICES

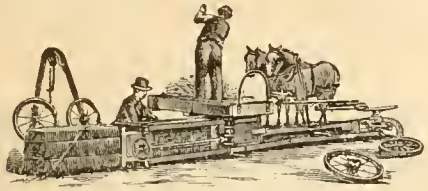
ever invented in the way of an agricultural implement. No farm can be considered complete without it. No matter how much or how little baling is done with a power press, there is always a certain amount of hay, straw, etc., which will go to waste unless there be some means of saving it. Our Kenwood Hand Hay Press provides this means. It is cheap, it is compact, it is powerful, and above all it is practical. With it two men, or one man and a boy can bale from two to three tons per day, turning out perfect bales of a uniform size, weighing from 80 to 100 pounds per bale, depending upon the condition of the hay.

WITH THIS PRESS you can not only bale hay and straw, but corn husks, flax, tow, hops, cotton, waste paper, or any other material which can be put up in bales. All of this work can be done at odd times, during stormy days, or when there is nothing else requiring attention. This press is made of the very best quality of hardwood lumber, is strongly braced throughout, has malleable iron hinges and corner irons, and is put together with bolts, making the press exceedingly substantial. It is 3 feet wide by 5 feet long on the base, 11 feet 4 inches high when plunger is at its highest point, 6 feet 10 inches high when plunger is down. The lever which operates the plunger is 8 feet long, and through the compound principle which is applied between this lever and the plunger, a weight of 100 pounds on the end of the lever gives a pressure of about 10 tons on the plunger, compressing the hay perfectly. Press can be operated freely in a space of about 6 by 14 feet. Height from floor to bottom of charging chamber is 3 feet 9 inches; charging chamber is 17 inches by 21 inches. Hay is placed in the press when plunger is at its highest point, the plunger is released by a foot lever and allowed to fall upon the loose hay, then the operator compresses the hay by means of the lever. The plunger is raised by a rope which runs over a sheave and attaches to the lever, one movement of the lever raising the plunger to its full height.

THE BALING CHAMBER is 17 inches by 21 inches by 3 feet 6 inches, and the four sides are corrugated or grooved, effectually preventing the hay from springing back when the plunger is raised for a new charge. The bottom of the charging chamber is hinged and can be raised so as to force all loose ends under the plunger, and the bale is as compact and smooth as can be made with a power press. The front door and one side are held in place by a lock lever. When bale is completed this lever is released, the front door opened wide and the side swung away from the bale. The two bale ties are put through grooves at the top and bottom from the back and tied in front. Plunger is then raised, bale removed and door closed and locked, ready for another bale. Use 10 feet No. 15 Single Loop Bale Ties. (See index for bale ties.) **No more useful machine can be placed on the farm, and at our price no farmer can afford to be without a Kenwood Hand Hay Press. Will pay for itself in six to eight days' work. Shipped direct from factory in Southern Michigan.**

No. 32T2945 Hay Press. Weight, 425 pounds. Price $24.45

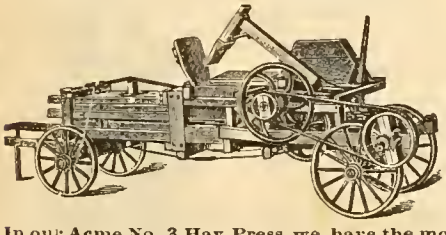
Acme No. 1 Full Circle Hay Press.



In our Acme No. 1 Full Circle Press we have a press that will do more and better work than any other horse power press on the market. This press has been on the market for a number of years, and during that time has made a record for itself that cannot be beaten. It is made largely of steel, and all castings are very heavy and made in such a way that breakage is almost impossible. The plunger is 4 inches thick, 10 inches wide and 16 feet long, and works forward on a 36-inch stroke. Size of bale, 14x18 inches and 36 inches long, which weighs as near 100 pounds as possible. Plunger makes two strokes to one round of horses. We furnish our patent lifting jack with each press without extra charge, which enables you to lower the press in position for use with ease. Weight, 2,600 pounds. **Shipped direct from factory in Eastern Minnesota.**

No. 32T2950 No. 1 Hay Press. Price... $144.00

Acme No. 3 Power Hay Press.



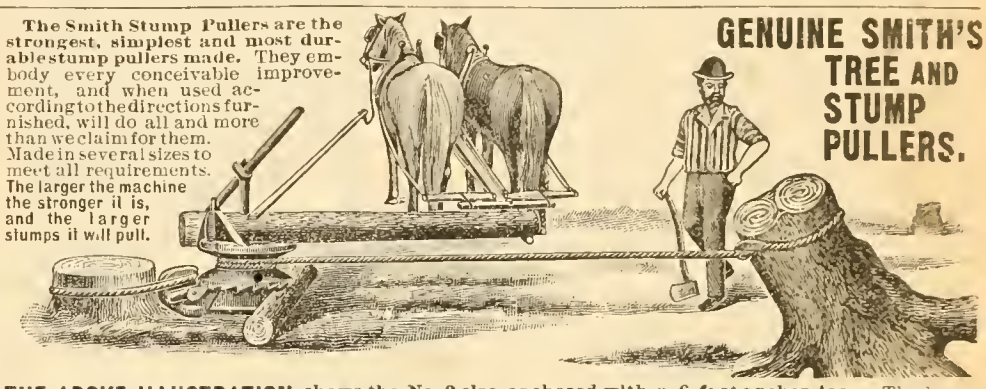
In our Acme No. 3 Hay Press we have the most complete, easiest running and simplest power press made. It is not a complication of cog wheels, levers, etc., but has fewer parts than any other power press on the market. It requires 8 to 10-horse power to run it to its full capacity; size of bale, 14x18 inches, to weigh from 100 to 110 pounds; capacity, 1 bale per minute. We can also furnish the press for horse power when so desired, which consists of countershaft and attachment for tumbling rod. Weight of press complete, 4,500 pounds. **Shipped direct from factory in Eastern Minnesota.**

No. 32T2970 No. 3 Hay Press, complete for steam power. Price $180.30

No. 32T2971 No. 3 Hay Press, complete for horse power. Price $195.00

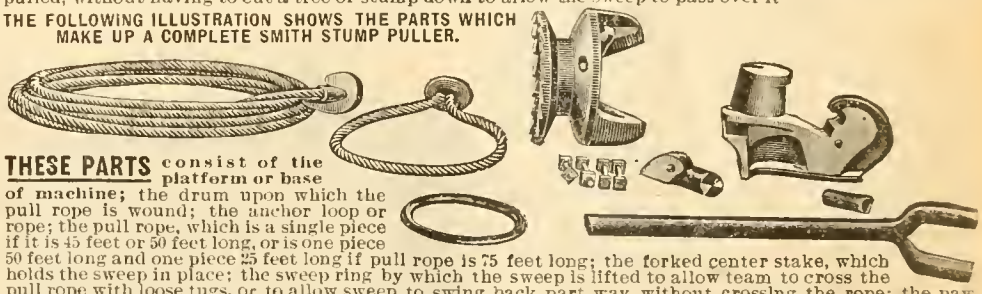
GENUINE SMITH'S TREE AND STUMP PULLERS.

The Smith Stump Pullers are the strongest, simplest and most durable stump pullers made. They embody every conceivable improvement, and when used according to the directions furnished, will do all and more than we claim for them. Made in several sizes to meet all requirements. The larger the machine the stronger it is, and the larger stumps it will pull.



THE ABOVE ILLUSTRATION shows the No. 2 size, anchored with a 6-foot anchor loop. The larger sizes are supplied with a 25-foot anchor rope, anchoring to a tree or close to a stump, or far enough from a tree or a stump to operate between the anchor and the stump being pulled, without having to cut a tree or stump down to allow the sweep to pass over it

THE FOLLOWING ILLUSTRATION SHOWS THE PARTS WHICH MAKE UP A COMPLETE SMITH STUMP PULLER.



THESE PARTS consist of the platform or base of machine; the drum upon which the pull rope is wound; the anchor loop or rope; the pull rope, which is a single piece if it is 45 feet or 50 feet long, or is one piece 50 feet long and one piece 25 feet long if pull rope is 75 feet long; the forked center stake, which holds the sweep in place; the sweep ring by which the sweep is lifted to allow team to cross the pull rope with loose tugs, or to allow sweep to swing back part way without crossing the rope; the paw which engages with the drum and holds that which is pulled; the key and all necessary bolts. No sweeps or lead poles are furnished, as the purchaser can cut these in the timber and thus save freight and cost of same. Pull ropes have rope hook and coupling attached. These stump pullers are all shipped direct from factory in Southeastern Minnesota.

No. 32T3029 **No. 1 Smith's Stump Puller.** Suitable for use by hand or for one horse on an 8-foot sweep. Furnished with a 5-foot anchor loop and 45 feet of ⅝-inch best steel pull rope. Weight, 150 pounds. Price $14.90

No. 32T3030 **No. 2 Smith's Stump Puller.** Suitable for either one or two horses on a 12-foot sweep. Furnished with a 6-foot anchor loop and 50 feet of ¾-inch best steel pull rope. Weight, 275 lbs. Price $24.00

No. 32T3031 **No. 3 Smith's Stump Puller.** Suitable for either one or two horses on a 14-foot sweep. Furnished with a 25-foot anchor rope and 50 feet of ¾-inch best steel pull rope. Weight, 400 lbs. Price, $33.60

No. 32T3032 **No. 4 Smith's Stump Puller.** Suitable for either one or two horses on a 16-foot sweep and will pull any size stump up to 5 feet. Furnished with a 25-foot anchor rope and 75 feet of ¾-inch best steel pull rope. Weight, 500 pounds. Price $38.70

No. 32T3033 **No. 11 Smith's Stump Puller.** Suitable for either one or two horses on a 20-foot sweep. The strongest machine made, and capable of pulling any size stump. Furnished with a 25-foot anchor rope and 75 feet of ¾-inch best steel pull rope. Weight, 800 pounds. Price $55.40

NOTE—These machines are suitable for house moving and other work for which a windlass is used.

ATTACHMENTS AND EXTRAS FOR STUMP PULLERS.

The Steel Stump Puller Rope which we use is made from the best quality of selected steel wire. It is specially tempered, is hard, tough and strong, and is made on a hemp center. We use ¾-inch because it is amply strong if properly used, and is more pliable than a larger rope. We do not guarantee this rope against breakage, because there is no steel rope which will not break if it is bent around a short turn or allowed to kink. If the work to be done is too heavy for a ¾-inch rope on a direct pull, then use a snatch block or a multiplying pulley to increase the power and avoid breakage of the rope. In connection with stump pullers and in addition to snatch blocks and multiplying pulleys it is frequently necessary to use root hooks, stump hooks, etc., all of which we are prepared to ship direct from factory in Southeastern Minnesota, as follows:

No. 32T3037 25-foot Pull Rope, ¾-inch steel, complete with coupling and hook. Weight, 37 pounds. Price ..... $ 8.00

No. 32T3038 50-foot Pull Rope, ¾-inch steel, complete with coupling and hook. Weight, 59 pounds. Price 13.50

No. 32T3041 Rope Coupling, not attached to rope. Weight, 5 pounds. Price ..... .70

No. 32T3042 Pulley Block, complete with hitch rope. Weight, 50 pounds. Price 7.50

No. 32T3043 Patent Snatch Block. Weight, 65 pounds. Price 14.10

No. 32T3044 Combination Pulley Blocks, to increase power four times. Weight, 70 pounds. Price 11.00

No. 32T3045 Double Hitch Rope, 12 feet long with loop in center and hook at each end. Weight, 35 pounds. Price $5.00

No. 32T3046 Patent Pulley Block, to double speed and power. Weight, 50 pounds. Price 9.35

No. 32T3047 Rope Shortener, complete with hitch rope. Weight, 40 pounds. Price 5.05

No. 32T3048 Patent Low Stump and Root Hook. Weight, 70 lbs. Price 9.85

No. 32T3049 Double Pointed Steel Root Hook. Weight, 30 lbs. Price 4.95

No. 32T3050 Rope Hook, not attached to rope. Weight, 10 lbs. Price 1.10

No. 32T3051 25-foot Anchor Rope, ¾-inch steel. Weight, 45 lbs. Price 7.25

No. 32T3052 9-foot Anchor Loop, ¾-inch steel. Weight, 13 lbs. Price 3.15

No. 32T3053 6-foot Anchor Loop, ¾-inch steel. Weight, 10 lbs. Price 2.55

THE BEST TANK HEATERS MADE.

Our Peerless Tank Heaters

Long experience in the sale of tank heaters and careful investigation into the merits of different forms and styles of heaters have led us to adopt this one as our leader. It is a heater which we know will give perfect satisfaction to our customers, one which we can and do guarantee fully, not only as to material and workmanship, but also as to simplicity, utility and durability. The heater is 26 inches high, made with No. 20 gauge galvanized steel sides, No 18 gauge galvanized steel bottom and with a swinging cast iron top. The sides are double riveted in fireproof cement and the bottom is riveted and soldered. Every heater is warranted not to leak. The No. 1 heater is 16 inches in diameter, the No. 2 is 19 inches in diameter. Both are made as plain heaters and with either hinged grate or basket grate. They are also both made with an improved heat deflector which directs the heat against the sides of the heater, doubling its efficiency and making it far more economical. This deflector can be adjusted as to height and can be used with either style grate, and either grate can be taken out, without removing the deflector, by removing the cover of the opening through which the fuel is passed and the ashes removed. **Price includes one joint of 5-inch pipe with spark arrester, special long handled shovel and poker, and holding down rods. Shipped direct from factory in Northern Illinois.**

	PLAIN TANK HEATERS.	Wt Lbs.	Price

Our Perfect Tank Heater.

The Perfect Tank Heater is 24 inches high, has a fire box 12 inches in diameter and 20 inches deep above grate. The outside wall is heavy galvanized steel, made oblong in shape. The fire box is in the round end, the narrow or pointed end thus serves as an air space and is large enough for a long handled shovel to be inserted under the grate to remove ashes. **The top is heavy cast iron securely bolted to outside walls and fire box, bottom is double seamed and soldered.** We furnish with each heater one joint of 4-inch galvanized steel pipe with spark arrester, damper and hood. Weight, 65 pounds. **Shipped direct from factory in Northern Indiana.**

No. 32T3180 Perfect Tank Heater. Price..... $2.65

No. 32T3181 Extra pipe. Price, per joint.. .21

Kenwood Tank Heater.

Our Kenwood Tank Heater is made of heavy galvanized steel with a two-section cast iron top, which gives access to fire pot as well as to the air chamber. The air chamber is made so that with a long handled shovel, also furnished, the ashes may be removed from under the grate without taking the heater out of tank. **The grate is heavy cast iron, made to dump, and is suitable for coal, wood or cobs.** Above the grate is a pipe coil, which enters heater at opposite ends. Water becoming heated in the coil begins to circulate, thus increasing the capacity of the heater about fourfold. **The fire box is also lined with sheet steel.** Heater is furnished with one joint of 5-inch galvanized steel pipe, with hood, spark arrester and damper; screw rods to hold same securely in wood tanks. In steel tanks they can be held in place by wiring to rim of tank. Fire pot is 13 inches in diameter and 20 inches deep above the grate. Heater complete weighs 75 pounds, occupies floor space 14x22 inches. Size of heater pipe, ¼ inch. **Shipped direct from factory in Northern Indiana.**

No. 32T3190 Kenwood Tank Heater. Price.$3.95
No. 32T3191 Extra pipe, per joint..... .23

Farmers' Boilers.

It will not require more than one-third the amount of fuel to do the same work in these furnaces as it does in the old way, using the ordinary farmers' kettle. 15-gallon size takes 5-inch pipe, 20 and 30-gallon sizes take 6-inch pipe, 45 and 60-gallon sizes take 7-inch pipe. No pipe furnished. **Shipped direct from factory.**

Kenwood Stock Food Cooker.

Can be used to cook food for stock or to heat water. Are made out of the best quality of cast iron and steel. The boiler is No. 14 heavy galvanized steel. The legs are cast separately and are removed and packed so as to insure safe delivery. Nos. 32T3210 and 32T3211 are made to burn wood only, but the other sizes can be used for either wood or coal. Fitted for 6-inch stove pipe.

Price includes elbow but does not include pipe. Shipped direct from factory in Western Illinois.

	Capacity	Length	Weight	Price

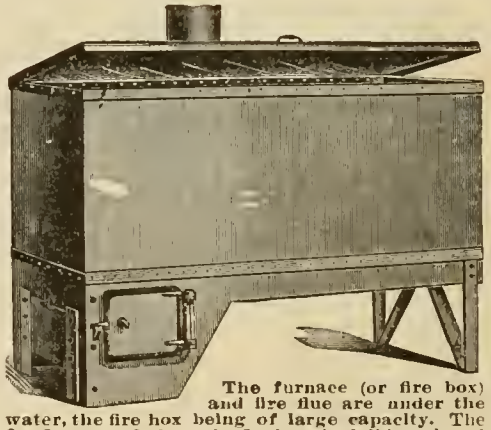
No. 32T3213	100 gallons.	49 inches.	175 lbs.	14.70

Handy Feed Cooker.



The furnace (or fire box) and fire flue are under the water, the fire box being of large capacity. The fire flue extends from the fire box the full length and width of the boiler, and is 4 inches deep, in the center of which is a partition which carries the heat under one-half of the bottom of the boiler from the fire box to rear end of same, then back toward the fire box on opposite side to where the draft enters the smoke stack, which is common stove pipe. **Boiler is made of heavy galvanized steel, and has a tight fitting cover of the same material, hinged to one side of cooker.** By the close fitting cover the steam is retained inside, and it requires but a small fire after the water becomes hot. Furnished with one joint of 6-inch pipe. This cooker is to boil anything—sap, sorghum, rendering lard, etc. Grate is made especially for coal, wood or cobs, and but a small amount of fuel is required. **Shipped direct from factory in Northern Indiana.**

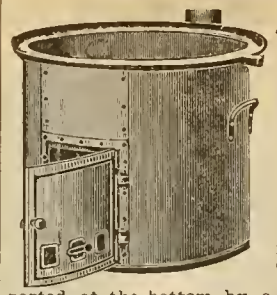
The Farmers' Friend Stock Food Cookers



WE DEFY COMPETITION—CAPACITY, QUALITY AND PRICES CONSIDERED. The Farmers' Friend Feed Cooker is so constructed as to get the best possible results from a very small amount of fuel. The kettle is of very smooth cast iron and can be removed from the casing instantly. The casing or jacket is of strong cold rolled steel supported at the bottom by a heavy wrought iron band. Inside the casing is placed a cast iron flue, which throws the fire and smoke up and around the kettle before it passes into the smoke pipe. This brings the entire outside of the kettle in direct contact with the fire, and enables you to boil water quickly. It has the largest fire door of any feed cooker made. We do away with legs in order to bring the kettle low down, making it very convenient to dip into and out of, the entire height being only 30 inches. For indoor use this cooker should be set on a base made of brick and sand. **The kettle of this feed cooker is made of smooth cast iron and will last a lifetime. The jacket to the furnace is sheet steel.** Price includes elbow, damper and one joint of 6-inch pipe. **Shipped direct from factory in Southern Michigan.**

Hercules Feed Boiler and Cooker.

This boiler is made from boiler steel, has regular lap welded boiler flues, making it durable and rigid; is well riveted and calked, and is capable of standing hydraulic pressure of 150 pounds to the square inch and is perfectly safe carrying 100 pounds steam pressure. It is made of heavier and better material than is generally used, and as it has a number of flues passing directly through the water, distributes the heat thereby requiring less fuel than any other.

It is furnished with grate, which adapts it to the burning of coal, cobs, wood, etc., and will cook or steam any kind of feed placed in a barrel or vat with but little care and without burning, and does it quicker than any steamer made. Size No. 3 is constructed like a regular steam boiler and will develop steam to run a 1½-horse power engine.

The cooker complete includes two gauge cocks, blow-off cock, pump for supplying the boiler with water, safety valve, 2 feet of suction hose and sufficient pipe with valve to convey steam to a barrel or vat for cooking feed or boiling water. **Shipped direct from factory in Southern Michigan.**

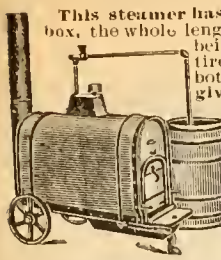
The Acme Feed Steamer.



This steamer has a large and convenient fire box, the whole length of the boiler—40 inches—being covered with water entirely over the top and down both sides to the bottom, which gives the full benefit of all the heat from the fuel, and making it of greater capacity than all other steamers. Made of best boiler plate steel with heavy cast iron heads. The steamer is **mounted on large wheels**, and is easily moved to any place where needed. The fire box is 3 feet long, 10 inches deep, 12 inches wide, and can be used for coal, wood or cobs. Elbow is for 6-inch pipe, but no pipe is furnished. We furnish this steamer equipped with a small hand pump for putting water in the boiler. Boiler is 40 inches long. Weight, 350 pounds. **Shipped direct from factory in Eastern Iowa.**

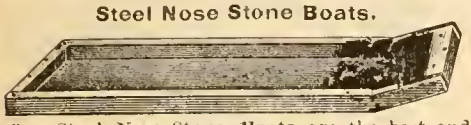
No. 32T3270 Feed Steamer. Price.....**$24.00**

Model Stone Boats.

These boats are made of the best quality of 2-inch oak and hard maple. Bottom planks are sawed to shape from the log and side pieces are cut in the same way. The side pieces and the wide end pieces are firmly bolted to the bottom plank. These boats are 7 feet long and about 28 inches wide. A cheap, light, strong and very durable boat. **Shipped direct from factory in Southwestern Wisconsin.**

No. 32T3288 Model Stone Boat. Weight, 150 pounds. Price. **$2.75**

Steel Nose Stone Boats.



Our Steel Nose Stone Boats are the best and strongest stone boats made. The nose is made of No. 10 gauge steel, the sides, ends and bottom of the best quality of selected hardwood, all thoroughly bolted together. Rims and nose nicely painted. **Shipped direct from factory in Central Michigan.**

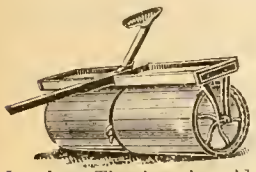
Lawn Rollers.

Just the thing for rolling lawns. Made entirely of iron. The roller is in one or two parts of cast iron, each 20 inches in diameter and 12 inches wide. **Shipped direct from factory in Southwestern Ohio.**

No. 32T3299 One-section roller, 12 inches wide. Weight, 110 pounds. Price.....**$6.00**

No. 32T3300 Two-section roller, 24 inches wide. Weight, 225 pounds. Price.....**$9.00**

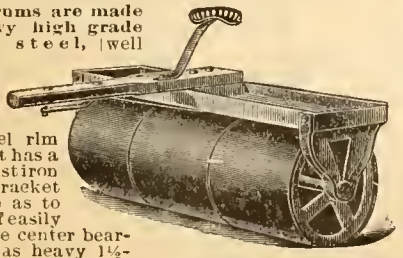
Our Wood Stave Land Roller.



A light running, easily balanced roller. Each drum turns independently of the other. The drums are 3 feet 9 inches long, and 28 inches in diameter. **The staves are of best quality hardwood, bolted to strong cast heads.** The box is wide and long, supported by heavy brackets in the center and at both ends, to an axle 1¼ inches in size, running through both drums. Weight, 700 pounds. Shipped direct from factory.

No. 32T3315 Wood Land Roller. Price..**$16.25**

Steel Land Rollers.



The drums are made of heavy high grade carbon steel, well riveted, making a strong, lightand serviceable steel rim roller. It has a strong cast iron center bracket so made as to permit of easily oiling the center bearings. Has heavy 1¼-inch shaft, select hardwood frame and platform. They are well proportioned and handsome rollers. Strongly built, well bolted and sufficiently strong for all use. Chilled iron boxes used in the brackets. Easy spring seat. Shipped direct from factory.

32T3323	3	24 in.	8 ft.	750 lbs.	**19.20**

GALVANIZED STEEL TANKS.

Our Galvanized Steel Tanks are made of the best quality of galvanized sheet steel. Tops are bound with angle steel; bottoms are secured between two pieces of flat steel, or between a piece of flat steel and a piece of angle steel, this depending upon the size of the tank. Sides are firmly braced, when size and shape requires it, with angle steel bars; oblong, square end, oval and large round tanks are supplied with bars of angle steel across the top, the number of these bars being governed by the size of the tank. This construction makes our tanks the strongest, lightest and most durable tanks on the market.

To make pipe connections in steel tanks, cut the holes where desired, using a cold chisel and cutting against the end of a block of wood. Cut a long thread on the pipe, or take a long threaded nipple and fasten in place with a lock nut and a leather washer on each side of the tank. We will cut holes free of charge if you will give measurements and location of holes, but under no circumstances can tanks be returned in which holes have been cut.

Round steel tanks, oblong tanks, square end tanks, dipping tanks and wagon tanks made of 18-gauge steel will cost 20 per cent more than prices shown; same tanks made of 16-gauge steel will cost 40 per cent more than prices shown, and weights will increase in about one-half of this proportion.

SHIPMENT OF STEEL TANKS.

All round storage tanks and the four largest sizes of round steel tanks are always shipped knocked down, because when set up they can only be shipped on flat cars at a very high rate of freight. All oval tanks, hog troughs, dipping tanks, wagon tanks and house tanks are always shipped set up. The fifteen smallest sizes of round steel tanks, all sizes of oblong tanks and all sizes of square end tanks can be shipped either set up or knocked down, and when going not over 500 miles from Chicago, all of these tanks will be shipped set up unless otherwise ordered; when going much more than 500 miles from Chicago, all of the largest sizes of these tanks will be shipped knocked down and we will use our judgment about shipping the smaller sizes set up or knocked down, unless otherwise ordered. **Always state in your order whether you want tank shipped set up or knocked down,** and remember that on long distance shipments there is a great saving in freight when tanks are shipped knocked down. When tanks are shipped knocked down, every part is fitted together and sufficient solder and rivets are sent with which to complete the tank. **All steel tanks are shipped direct from factory in Northern Indiana.**

Round Galvanized Steel Tanks.

These tanks are made of the very best quality 20-gauge steel, galvanized and warranted not to leak. Shipped direct from factory in Northern Indiana.

Galvanized Steel Round Storage Tanks.

These tanks are too large to be shipped set up, and are always shipped knocked down. They are, however, set up at the factory and **every part is fitted perfectly,** after which all parts are marked plainly, showing just where they belong. **Sufficient solder and rivets accompany each tank to complete it.** Made of the very best quality of galvanized steel. We advise the selection of No. 18 gauge or No. 16 gauge for medium size tanks, and No. 16 gauge only for large size tanks. **Shipped direct from factory in Northern Indiana.**

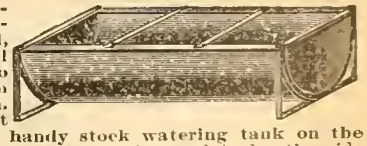
Covers for Steel Tanks.

We can furnish our regular steel covers, either solid top, single hinged or double hinged, for any of above tanks. Cost of covers for round or oblong tanks is same as though tank was square.

No. 32T3510 Steel Tank Cover. Weight, 2 pounds per square foot.

Price, per square foot.....16c

Oval or Half Round Galvanized Steel Tanks.



Made of 18-gauge galvanized steel, with steel trusses to support them in position. The most durable and handy stock watering tank on the market. The heads are fastened in by the side being flanged outward, and on each side of flange is a piece of band iron and the bands all riveted together. Then instead of having to provide timbers to set them on, these tanks have a steel frame, or truss, at each end, and the larger ones have a steel frame in center so that when you get the tank you have only to set it on the ground where you wish to use it. **Shipped direct from factory in Northern Indiana.**

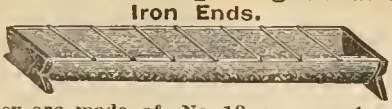
Galvanized Steel Hog Troughs with Cast Iron Ends.



They are made of No. 18 gauge galvanized steel. The ends are cast iron provided with flat bottoms so they will not overturn. The four corners of the cast iron ends have bolt holes so they may be bolted to floors, or if set in a field may be bolted to a piece of scantling. No better hog troughs made. We place across top, 10 inches apart, iron bars which keep hogs from pushing along in the trough. The trough is made of all one piece material. They are made oval or half round, 14 inches wide across top and 8 inches deep. Shipped direct from factory in Northern Indiana.

Price, with Crossbars.

Galvanized Steel Wagon Tanks.

They are made with a water tight cover, and in center of cover we put a 14-inch round manhole, also at the rear bottom end we place a 1-inch connection for either pipe or hose for drawing off water. This tank is made very strong, being thoroughly braced for the purpose it is intended. It may be set on any kind of a wagon by simply laying boards on the wagon gear to set tank on. Shipped direct from factory in Northern Indiana.

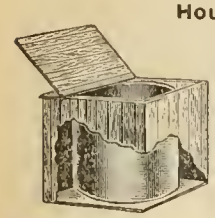
House Tank.



Where it is desirable to store a supply of water in the house this tank will be found very neat and convenient. It is made of No. 20 gauge steel, is 20 inches diameter and 24 inches deep, holding about 33 gallons. We furnish this tank either without wood case or with a neat wooden case made of beaded and matched hard pine, with hinged cover. Shipped direct from factory in Northern Indiana.

No. 32T3635 House Tank, without wood case. Weight, 20 pounds. Price.....$1.80

No. 32T3636 House Tank, with wood case. Weight, 65 pounds. Price.....$4.05

Band Fasteners or Hoop Lugs.

Our Band Fasteners for wooden tanks are made of malleable iron, consequently are lighter, stronger and neater than the ordinary cast iron lug. We furnish them in all sizes, for both round and flat bands. Suitable for tanks of any size.

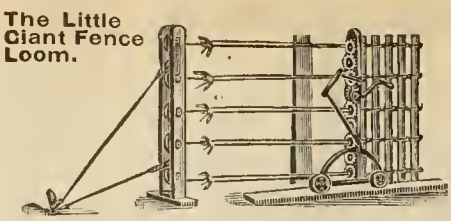
The Little Giant Fence Loom.

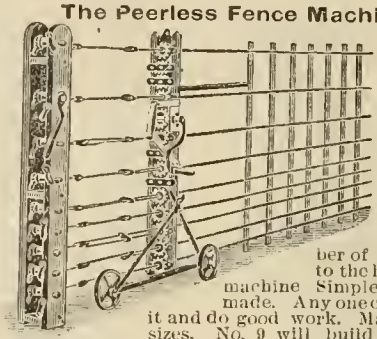


The three-strand loom will weave either two or three double strands, the larger loom either two, three, four or five double strands of No. 8 to No. 14 wire, and any size pickets, from common building lath to those 2 inches thick, and any width. It makes the cable twist between the pickets any number of twists desired. This is an important feature, for unless the twist is close to the picket and the space filled up, they will soon become loose. It makes a fence at one-third the cost, three times as strong and five times as durable as plank fencing. A fence that cannot injure stock and is a perfect protection against cattle, hogs, rabbits and poultry. Weight, about 100 pounds. Shipped direct from factory in Eastern Indiana.

No. 32T3720 3 Double Strand Fence Loom. Price.....$9.95

No. 32T3721 5 Double Strand Fence Loom. Price.....$10.95

The Peerless Fence Machine.

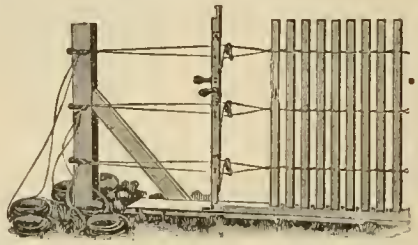


Similar in construction to our Little Giant. Will use wood or metal pickets and will weave any distance apart and any number of strands up to the limit of the machine. Simplest machine made. Any one can operate it and do good work. Made in two sizes. No. 9 will build a fence 9 strands, 4 feet high. No. 10, 10 strands, 4½ feet high. Weight about 110 pounds. Shipped direct from factory in Eastern Indiana.

No. 32T3722 No. 9 Fence Machine. Price, $12.35

No. 32T3723 No. 10 Fence Machine. Price, 13.00

Acme Fence Machines.



These are good, strong, durable, well constructed machines, made entirely of steel and malleable iron, except the upright, which is a carefully selected piece of timber. With an Acme fence machine anyone can build his own fence, of whatever material and at whatever time he desires. Made in four sizes, to braid two, three, four or five double strands of wire, and weighs about 20 pounds.

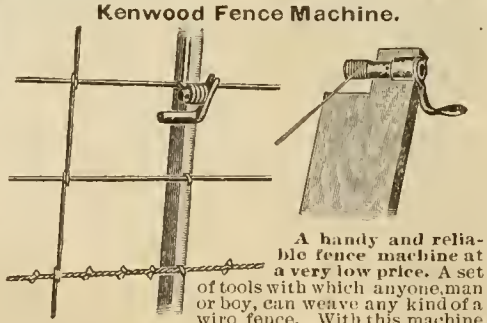
No. 32T3724 Acme Fence Machine, to braid two double strands of wire. Price.....$2.45

No. 32T3725 Acme Fence Machine, to braid two or three double strands of wire. Price ..$3.15

No. 32T3726 Acme Fence Machine, to braid two to four double strands of wire. Price....$3.75

No. 32T3727 Acme Fence Machine, to braid two to five double strands of wire. Price.....$4.10

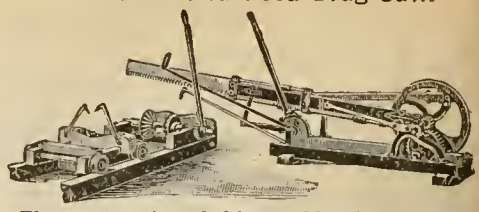
Kenwood Fence Machine.



A handy and reliable fence machine at a very low price. A set of tools with which anyone, man or boy, can weave any kind of a wire fence. With this machine you can put in wood pickets or steel stays, and wrap them so tight that they cannot slip in any direction. Stays can be put in of any size wire and at any desired distance apart, and the fence can be built any height you want, the horizontal wires can be placed close together or far apart and you can make either square or diamond mesh fence. The machine consists of a spooler, a spacing post and a weaver. Not an expensive, but a very handy machine. Weight, 3½ pounds.

No. 32T3728 Kenwood Fence Machine. Price .98c

Kenwood Hand Feed Drag Saw.



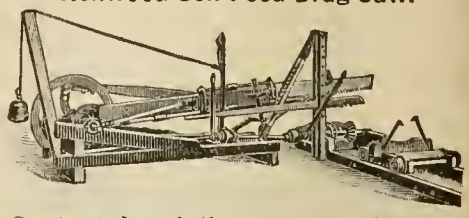
The construction of this machine is essentially perfect. The operator moves the log, with a lever, in either direction as required, the machine remaining stationary. The stroke of the saw can be lengthened or shortened to suit the power, by moving the wrist pin of the balance wheel to or from the center. Furnished with dog for holding the log, also with suitable guide for the saw. Has babbitted cross head running in steel slide bars. Shaft is squared 1-inch to connect with a horse power coupling. Suitable for two to six-horse power. Should be run from 125 to 200 revolutions per minute. Furnished complete with saw blade. Weight, 750 pounds. See note about ordering. Shipped direct from factory in Eastern Minnesota.

No. 32T3800 Drag Saw, without pulley, Price.....$38.50

No. 32T3801 Drag Saw, with pulley not exceeding 24x5 inches. Price.....$41.65

No. 32T3802 Extra saw blades, each..... 3.60

Kenwood Self Feed Drag Saw.



Constructed nearly the same as our hand feed drag saw, having all the important features of the smaller machine, but built much heavier and fitted for a larger range of work. The stroke can be adjusted to either 16-inch, 20-inch or 24-inch, to suit the power used. Fitted with a very heavy fly wheel, weighted so as to balance and offset the weight of the saw pitman. Shaft squared 1⅛-inch to connect with a horse power coupling. Suitable for four to ten-horse power. Should be run from 125 to 200 revolutions per minute. Is fitted with hand feed lever so that log can be moved by hand, if desired. Furnished complete with saw blade. Weight, 1150 pounds. See note about ordering. Shipped direct from factory in Eastern Minnesota.

No. 32T3803 Drag Saw, without pulley. Price.....$51.50

No. 32T3804 Drag Saw, with pulley not exceeding 24x5 inches. Price.....$54.65

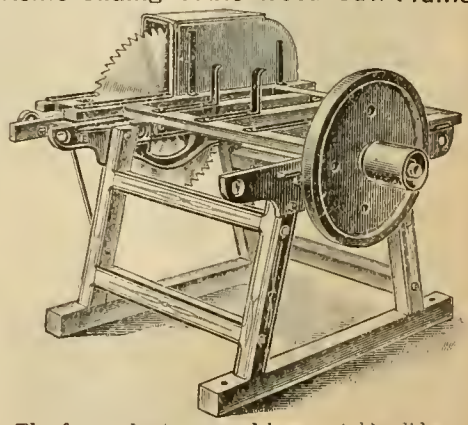
No. 32T3805 Extra saw blades, each..... 4.40

NOTE—When ordering Drag Sawing Machines state whether top of tumbling-rod revolves with or against the horses and how many revolutions it makes to one round of the horses, or if machine is to be run by belt state size of pulley wanted, or give size and speed of driving pulley.

Saw Frames, Knocked Down Ready for Shipment.

All our wood and pole saw frames are knocked down and packed in bundles for shipment, thereby saving our customers a considerable amount of freight charges on every machine.

Acme Sliding Table Wood Saw Frame.

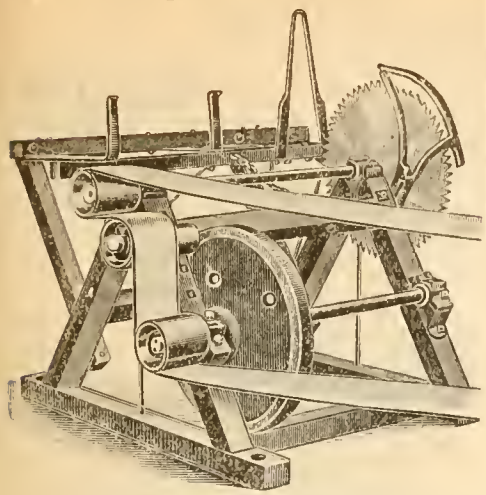


The frame is strong and heavy; table slides on rollers. Arbor is steel and fitted for saw blade with 1⅜-inch hole; boxes are babbitted, pulley is 5-inch diameter, with 6-inch face. Price does not include saw blade. Illustration shows left hand frame; we always ship right hand frame unless otherwise ordered. Shipped direct from factory in Southeastern Wisconsin.

No. 32T3808 Saw Frame, with 85-pound balance wheel. Weight, 300 pounds. Price.....$15.70

No. 32T3809 Saw Frame, with 125-pound balance wheel. Weight, 330 pounds. Price..... 16.45

Acme Tilting Table Pole Saw Frame.

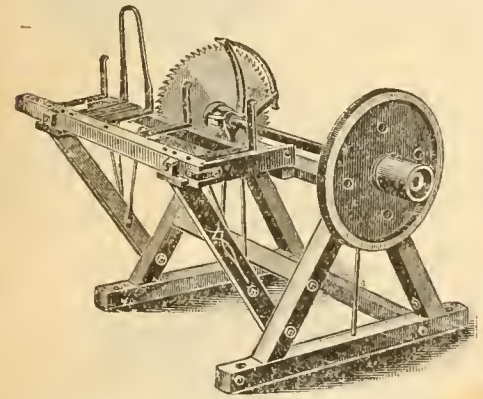


This illustration represents our Acme Pole Saw. The arbor is steel and fitted for saw blade with 1⅝-inch hole and runs in babbitted boxes. Pulley is 5-inch diameter and 6-inch face. **The saw works equally well on cordwood and is just the thing for every farmer.** Price does not include saw blade. Illustration shows left hand frame. **We always ship right hand frame unless otherwise ordered. Shipped direct from factory in Southeastern Wisconsin.**

No. 32T3812 Saw Frame, with 95-pound balance wheel. Weight, 350 pounds. Price.....**$17.00**

No. 32T3813 Saw Frame, with 125-pound balance wheel Weight, 380 pounds. Price.....**$17.75**

Acme Tilting Table Wood Saw Frame.



The frame is of hardwood, strongly mortised, the joints fastened by iron bolts at both top and bottom. The arbor is steel and fitted for saw blade with 1¾-inch hole. The boxes or bearings are babbitted and are extra long to insure steadiness. The feed frame holds long or short timber with equal facility. Price does not include saw blade. Illustration shows left hand frame, **we always ship right hand frame unless otherwise ordered. Shipped direct from factory in Southeastern Wisconsin.**

No. 32T3820 Saw Frame, with 95-pound balance wheel. Weight, 275 pounds. Price.....**$13.75**

No. 32T3821 Saw Frame, with 125-pound balance wheel. Weight, 305 pounds. Price.....**$14.50**

No. 32T3822 Extension Parts for attaching table outside of saw, so that long poles may be sawed. Weight, 20 pounds. Price.....**$1.30**

Saw Frame Irons.

No. 32T3832 Complete set of irons for sliding table wood saw frame, consisting of 1 saw arbor with collars, 1 pair of boxes, 1 pulley 5 inches in diameter by 6-inch face, 1 95-pound balance wheel, 1 set of standard track with rollers, and 1 set of table irons. Weight, 181 pounds. Price.....**$11.25**

No. 32T3833 Complete set of irons for tilting table pole saw frame, consisting of 1 saw arbor with collars, 1 pair of boxes, 1 pulley 5 inches in diameter by 6-inch face, 1 95-pound balance wheel, 1 intermediate pulley with stud and bracket, 1 countershaft with pulley and boxes, 1 set of table irons and 1 saw guard. Weight, 268 pounds. Price.....**$12.50**

No. 32T3834 Complete set of irons for tilting table wood saw frame, consisting of 1 saw arbor with collars, 1 pair of boxes, 1 pulley 5 inches in diameter by 6-inch face, 1 95-pound balance wheel, 1 set of table irons and 1 saw guard. Weight, 192 pounds. Price.....**$9.50**

No. 32T3835 Saw arbor, 1⅞ inches diameter by 4 feet long, with saw collars, and fitted for saw blade with 1⅝-inch hole. Weight, 29 pounds. Price..**$3.00**

No. 32T3836 Pair of babbitted saw arbor boxes for above (state whether wanted for tilting table or sliding table saw frame). Weight, 20 pounds. Price.....**$1.20**

No. 32T3837 Saw arbor pulley, 5 inches diameter, 6-inch face. Weight, 10 pounds. Price.....**80c**

No. 32T3838 Saw arbor balance wheel. Weight, 95 pounds. Price.....**$3.25**

For 125-pound balance wheel in place of 95-pound wheel, add.....**75c**

NOTE—If boxes, pulley, or balance wheel are wanted special, for a shaft or arbor which you have, state exact diameter of shaft. Special goods cannot be returned. We are not prepared to furnish other than regular irons as described above. Shipped direct from factory in Southeastern Wisconsin.

Sears, Roebuck & Co.'s Circular Cut-Off Saws.

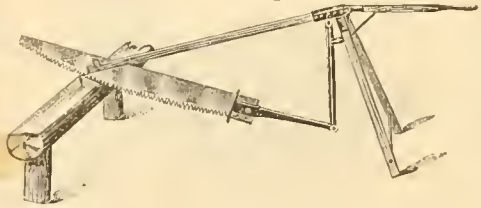
Patent ground and tempered solid teeth of extra quality, superior workmanship. Circular saws must not be filed with a square corner in gullet. If so filed any saw will most likely crack. Our guarantee does not cover saws cracked from this cause, or if not kept in proper condition. Price does not include filing or setting.

No. 35T132

Diam.	Thickness, Gauge	Size of Hole	Price, each
20 inches	13	1⅜ inches	**$1.08**
22 inches	12	1⅜ inches	1.80
24 inches	11	1⅜ inches	5.76
26 inches	11	1⅜ inches	6.72
28 inches	10	1⅜ inches	7.68
30 inches	10	1⅜ inches	8.64

Size of hole given above is special, for our wood and pole saw frames which require saws with 1⅜-inch hole. In ordering saws remember to state size of hole, as well as diameter of saw wanted.

One Man Sawing Machine.

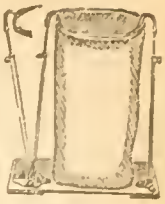


This machine is sold at a low price and is an efficient and easy running implement; furnished with the very best grade Champion tooth saw; has all the advantages of any hand power cross cut saw made. The uncomfortable bent position when sawing in the usual way is overcome and **a natural upright position secured,** enabling the full force and weight of the body to be thrown on the saw. Intended for sawing logs, poles, and wood, but not for cutting down trees. Weight, 44 pounds.

No. 32T3850 Sawing Machine, with one 5-foot saw. Price.....**$6.40**

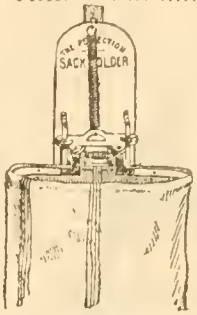
No. 32T3851 Extra Saw Blades. Each... **2.45**

Mosher Bag Holder.



This is the only holder adapted to all sizes of bags, from a 48-pound flour sack to a 6-bushel gunny sack. One man can take off and put on 15 to 20 bags per minute. **Does not tear the bag.** Has malleable jaws, with wrought iron pipe standards and steel spring. Weight, 20 pounds.

No. 32T3875 Bag Holder. Price.....**$2.50**

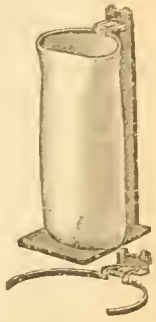


Perfection Sack Holder.

The Perfection Sack Holder has no equal, because: It is the only sack holder that fits any length of sack. It will not injure sack. A sack filled by using the Perfection Sack Holder needs no refilling; others do. It will hold sack without hem. It requires little space and can be used in almost any place. With ordinary care it will last a lifetime.

No. 32T3877 Sack Holder. Price.....**$1.05**

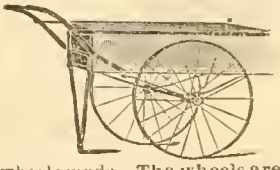
Our Perfect Bag Holder.



The only bag holder made which does not require a special frame to support it and which is convenient to carry from place to place. It does not require two men to fill a bag with grain. One man can do it all with this holder. All that is necessary is to hang the bag holder on the side of the bin or crib, or on the end of the wagon box if you are out in the field, or on a frame, as shown in illustration. It holds bag perfectly, and the mouth wide open. There is nothing about this holder to lacerate the hands or tear the bag. It is made entirely of wrought iron, and will last a lifetime. **The small illustration at the bottom shows the bag holder complete.** Weight, 2¼ pounds.

No. 32T3878 Perfect Bag Holder. Price... **70c**

The Merrimac Hand Carts.



Without doubt the strongest, lightest and easiest running cart made. The body is made of wood and is well ironed. It is strong, durable, neat and light. Fine, oil tempered springs and the best metallic wheels made. **The wheels are lower than the top of box,** to carry trunks and boxes, or anything of large size, with the horn on top of front posts to hold the same from sliding off. Size inside body, 39x20¼ inches; depth, 8 inches; wheels, 23 inches high. Carrying capacity, 250 pounds.

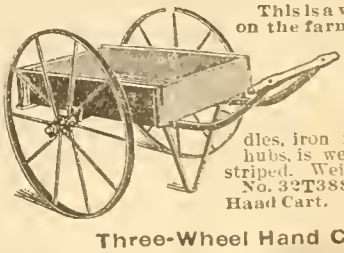
No. 32T3880 Two-Wheel Merrimac Cart. Weight, 62 pounds. Price.....**$6.00**

Merrimac Three-Wheel Hand Cart.

For description of this cart see No. 32T3880. In construction and size it is the same with the addition of a third wheel 14 inches diameter in front. Carrying capacity, 250 pounds. Weight, 68 pounds.

No. 32T3882 Three-Wheel Merrimac Cart. Price.....**$6.40**

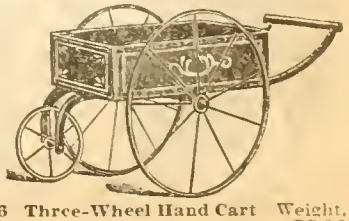
Two-Wheel Hand Cart.



This is a very useful cart on the farm. Has 36-inch steel wheels, box is 24x38 inches in size, 7 inches deep. Has drop end gate, bent handles, iron foot rest, iron hubs, is well painted and striped. Weight, 85 pounds.

No. 32T3884 Two-Wheel Hand Cart. Price....**$4.40**

Three-Wheel Hand Cart.

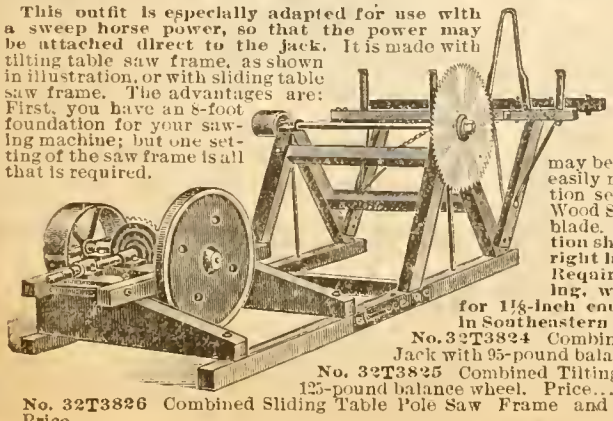


Same style and size as our No. 32T3884 except that it has a third wheel in front which assists in crossing gutters, etc. This style cart is used largely throughout the South.

No. 32T3886 Three-Wheel Hand Cart Weight, 110 pounds. Price.....**$5.00**

ACME COMBINED POLE SAW FRAME AND JACK.

This outfit is especially adapted for use with a sweep horse power, so that the power may be attached direct to the jack. It is made with tilting table saw frame, as shown in illustration, or with sliding table saw frame. The advantages are: First, you have an 8-foot foundation for your sawing machine; but one setting of the saw frame is all that is required.



The only staking down that is required is a couple of iron stakes, or drag teeth, driven in the center holes in each side of the frame base to keep the frame from working endwise, the saw frame and jack being spliced with slotted irons which form a belt tightener between the belt and the saw frame, and a hinge by which the jack may be folded up against the saw, so it may be easily moved from place to place. For description see our Acme Tilting and Sliding Table Wood Saw Frames. Price does not include saw blade. Average weight, 625 pounds. **Illustration shows left hand frame, we always ship right hand frames unless otherwise ordered. Requires 12 feet of 6-inch 4-ply rubber belting, which is extra. Jack shaft is squared for 1⅛-inch coupling. Shipped direct from factory in Southeastern Wisconsin.**

No. 32T3824 Combined Tilting Table Pole Saw Frame and Jack with 95-pound balance wheel. Price.....**$20.50**

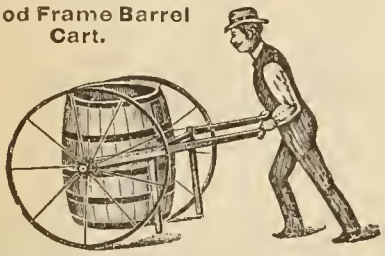
Steel Frame Barrel Cart.

This cart is made entirely of steel, no wood being used in its construction. Wheels are 36 inches high. The frame, wheels, and all are made of the very best Bessemer steel, all made extra strong and will stand any kind of usage. We do not furnish the barrel, but only the frame, wheels, foot rest for barrel, and irons to attach to barrel. It will fit any kind of a kerosene, molasses, or vinegar barrel. Barrel bolts to the two side bars and axle irons with three bolts on each side. Weight, 55 pounds.

No. 32T3887 Steel Frame Barrel Cart.
Price.....$3.10

Wood Frame Barrel Cart.

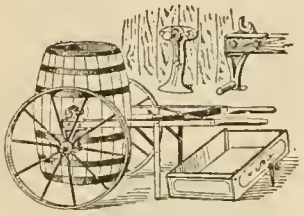


We furnish the cart only, which can be attached to any barrel. Very useful for gardening and feeding purposes. Large flanges to fit barrel. Is secured to barrel by two bolts on each side and one through cross bar. Please note that we do not furnish the barrel, but any good molasses or kerosene barrel will answer. Has 36-inch steel wheels. Weight, 65 pounds.

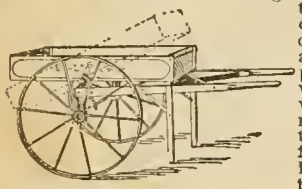
No. 32T3888 Wood Frame Barrel Cart.
Price.....$2.95

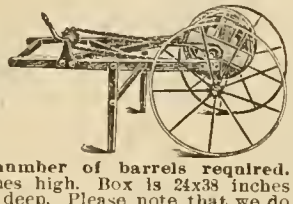
No. 32T3888½ Barrel Irons, for wood frame or steel frame barrel carts. Price, per pair.....54c

General Utility Cart.



Almost indispensable on any farm. The illustrations show this combination barrel and general utility cart, as a barrel cart with the box removed, which can be done in an instant, also as a handcart with box; the dotted lines in the illustration showing the manner in which the box can be dumped, also the cart with wire reel attachment, for paying out or winding up fence wire. The attachment to barrel and the attachment for the automatic dumping of the box are also shown in one of the illustrations. The barrel irons have good strong gudgeons and bolt to each side of the barrel. The cart will pick up the barrel or box in a moment. One cart answers for any number of barrels required. Wheels are 36 inches high. Box is 24x38 inches in size and 7 inches deep. Please note that we do not furnish the barrel, but any kerosene, molasses or vinegar barrel will answer. Weight, 100 pounds.





No. 32T3889 General Utility Cart, with box and one pair of barrel irons. Price.....$5.05

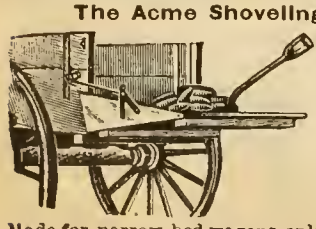
The Acme Shoveling Board.



A cheap, but very good board. No loose parts to be detached or to be lost. The rods do not extend below the box to catch or get bent. It can be thrown on top of the box without detaching. Made for narrow bed wagons only; height, 3 feet 7 inches. Weight, 45 pounds.

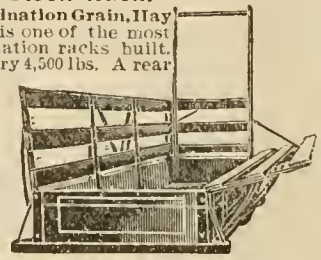
No. 32T3925 Acme Shoveling Board.
Price.....$1.30

Kenwood Shoveling Board.

We consider the Kenwood Shoveling Board to be the highest grade and best constructed board on the market. The bottom boards are 1-inch southern pine, of regular wagon box grade. Sides are 1-inch poplar, firmly bolted and braced to bottom. Cleats are 1½x2 inches, white oak. Hanger braces are heavy wrought iron and straddle clamps are heavy malleable iron. This board fits tightly to the wagon box; can be thrown out at the bottom for dumping, or thrown over the top of the box when hauling lumber or other long material. Is 3 feet high. No better board made.

No. 32T3927 Kenwood Shoveling Board, for narrow track wagon. Weight, 45 pounds. Price...$1.62
No. 32T3928 Kenwood Shoveling Board, for wide track wagon. Weight, 50 pounds. Price, $1.64

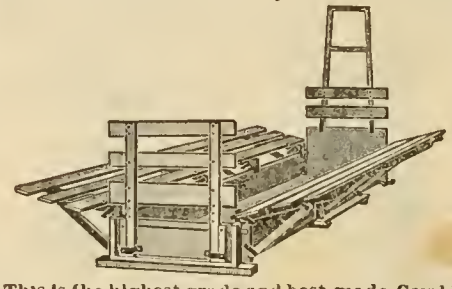
Acme Combination Grain, Hay and Stock Rack.



The Acme Combination Grain, Hay and Stock Rack is one of the most practical combination racks built. Warranted to carry 4,500 lbs. A rear endstockgate and a rear hay standard are furnished with each rack. The box sides are made 3 feet 2 inches wide by 12 inches deep. Furnished complete as shown in illustration.

Shipped direct from factory in Central Michigan. Weight, about 400 pounds.
No. 32T3930 14-foot Rack. Price.....$12.25
No. 32T3931 16-foot Rack. Price..... 12.95

Kenwood Combination Stock, Grain, Cotton and Hay Rack.



This is the highest grade and best made Combination Rack which it is possible to produce. Box bottom is 1-inch matched hard southern pine, with four 2x4-inch oak cleats. Box sides are 9½ inches deep, made of 1¼-inch Norway pine, with wrought iron braces, ⅞-inch rods and front end 19 inches high. Rack posts are made of 1¾x2-inch white oak; lower rack strips are 6 inches wide, middle and upper strips 4 inches wide and made of 1-inch hard pine. Rack is firmly put together with wrought iron hinges, norway rivets and bolts and can be removed by lifting off the sides and ends. When closed and used for stock rack it is 3 feet 2 inches from bottom of box to top of rack. When opened for hay rack it is about 7 feet 3 inches wide. Front ladder is 6 feet high. Weight, about 500 pounds. Shipped direct from factory in Northeastern Indiana.

No. 32T3932 Kenwood Combination Rack, 14 feet long, for narrow track wagon. Price...$14.50
No. 32T3933 Kenwood Combination Rack, 14 feet long, for wide track wagon. Price....$14.75

No. 32T3935 Kenwood Combination Rack, 16 feet long, for wide track wagon. Price....$15.90

The Acme No. 1 Stock Waterer.

Operated by a simple float, which is connected to a rust proof valve that can be easily taken out, but is thoroughly protected by our latest improved partition. The pan and nipple being cast solid, there is no possibility of leak, no leather joint to become rotten and fall out. Partitions and lid are cast together, so trough can be easily cleaned without taking apart. Our Acme Waterer will supply many head of hogs, sheep, calves, etc., for they cannot waste the water. One waterer may be used to supply two pens. Each end of trough holds about one gallon of water. Weight, 13 pounds.

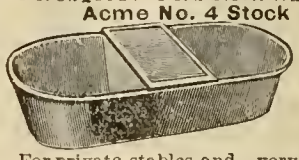
No. 32T3936 No. 1 Stock Waterer. Price.$1.10

Acme No. 2 Stock Waterer.

The latest and most up to date waterer on the market. Operated by a metal ball float connected to a rust proof valve closing on a rubber valve float. It is entirely automatic. As soon as the pan fills up to near the top the float shuts the water off. The float chamber is inside of the barrel or tank and is out of the way of all mud and trash. Is quickly attached to a barrel or stock tank by boring a 2-inch auger hole, placing the stem of float chamber through it and tightening the cap over the end of stem with two bolts. Weight, 11 pounds.

No. 32T3937 No. 2 Stock Waterer. Price, $1.15

Acme No. 4 Stock Waterer.



For horses, dairy barns, etc. Has double drinking compartments, also improved eccentric valve which prevents leakage, etc.

For private stables and livery barns, we make the pan fitted with an eccentric valve which will operate up to 80 pounds pressure, and any heavier pressure merely holds the valve shut. For street watering in small towns where there is no sewer system and where saving of water is an object, these waterers are a great convenience. Weight, 30 pounds.

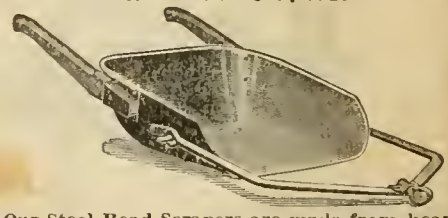
No. 32T3939 No. 4 Stock Waterer, tapped for 1-inch pipe. Price.....$2.65
No. 32T3940 No. 4 Stock Waterer, tapped for ¾-inch pipe and fitted with eccentric valve to work up to 80 pounds city pressure. Price.....$3.90

Cast Iron Pig Trough.

In each round trough there are eight compartments, and in each half round trough four, so that as many large hogs can eat at one time. Different kinds of feed can be fed at the same time, the bowls preventing them mixing. Hogs cannot upset the trough and waste their feed, nor is there any leaking. Made of cast iron, and will not break; in fact, are indestructible. Height, 24 inches; width, 32 inches.

No. 32T3942 Round Pig Trough. Weight, 120 pounds. Price.....$4.85
No. 32T3943 Half Round Pig Trough. Weight, 100 pounds. Price.....$3.95

Steel Road Scrapers.



Our Steel Road Scrapers are made from heavy plates of steel specially hardened and are superior to any other drag scraper on the market. The bowl being made of thick and hard steel enables it to scour where other scrapers fail, and, owing to the sharp, rounded nose, will enter the ground readily. Bowls are steel, perfect working, handles are best hardwood. Will guarantee this scraper in every particular. Is made in three sizes, without runners and with narrow double runners, and in two sizes with broad single runners. No. 3 carries 3½ cubic feet; No. 2 carries 5 cubic feet, and No. 1 carries 7 cubic feet. No. 3 weighs 80 pounds; No. 2 weighs 90 pounds; No. 1 weighs 100 pounds. Shipped direct from factory in Southwestern Ohio.

No. 32T3957 No. 3 Scraper, without runners. Price.....$4.30
No. 32T3958 No. 2 Scraper, without runners. Price..... 4.55
No. 32T3959 No. 1 Scraper, without runners. Price..... 4.80

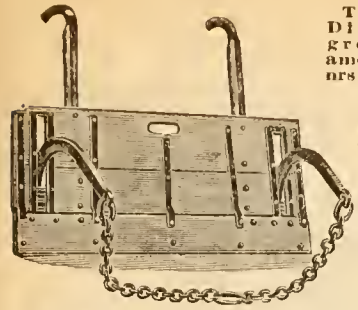
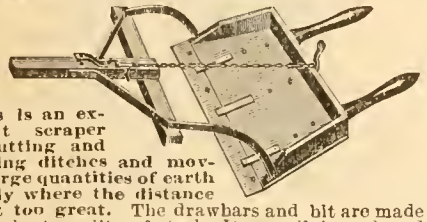
Doan Ditchers.



The Doan Ditcher is a great favorite among contractors and road makers for cleaning out and filling ditches and leveling roads and uneven places. It is made of well seasoned hardwood, and has a bit made of special steel, 48 inches long, 7 inches wide and ¼-inch thick. The ditchers are well ironed and bolted, and the hounds are made of 1¼x¾-inch steel, with ⅝-inch cable chain. Weight, 75 pounds. **Shipped direct from factory to Central Michigan.**

No. 32T3975 Doan Ditcher. Price.....**$4.95**

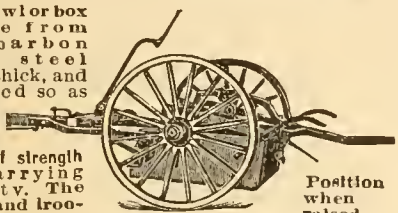
Tongue Scraper, Leveler and Ditcher.



This is an excellent scraper for cutting and cleaning ditches and moving large quantities of earth rapidly where the distance is not too great. The drawbars and bit are made of the best quality of steel. It is well ironed and bolted and made of well seasoned oak lumber. The driver can fill and dump it with ease. **Large size,** width, 48 inches. Weight, 135 pounds. **Shipped direct from factory in Southwestern Ohio.**

No. 32T3980 Tongue Scraper. Price.....**$5.75**

The Improved Acme Wheel Scraper.



Position when raised.

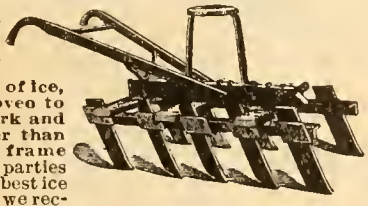
The bowl or box is made from high carbon sheet steel ⅜-inch thick, and is shaped so as to give it the greatest amount of strength and carrying capacity. The tongue and runners are superior to all others, the tongue being made with a heavy wooden cross bar connecting the end of the tongue to the draw bars which are made of the best quality of steel and are doubled on the ends, connecting them with the scraper, making them very rigid. The adjustable hooks that prevent the scraper from dumping while being filled are on the bowl out of the way of obstructions. The axle is high, made of the best quality of steel; spindles are turned and polished and fully protected from sand and dirt by closely fitting sand bands, and are attached to the scraper in such a manner that the dirt will not fall off while going to the dump. The working parts are few and simple, made of steel, entirely automatic, yet free from complications of any kind. **Shipped direct from factory in Southwestern Ohio.**

No. 32T3985 Wheel Scraper. Capacity, 9 cubic feet. Weight, 400 pounds. Price.....**$25.00**

No. 32T3987 Wheel Scraper. Capacity, 13 cubic feet. Weight, 550 pounds. Price.....**$31.75**

No. 32T3989 Wheel Scraper. Capacity, 17 cubic feet. Weight, 750 pounds. Price.....**$36.60**

Acme Patent Ice Plows.



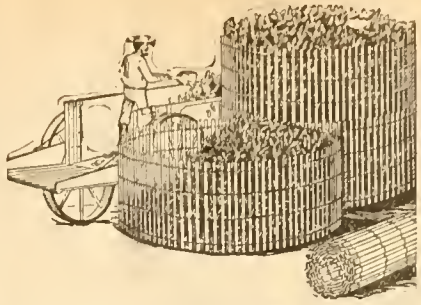
This plow has been tested in all kinds and thicknesses of ice, and has proved to do more work and run steadier than any wood frame plow. To parties wanting the best ice plow made, we recommend our steel double row plow. It is everlasting, will never twist or warp out of shape. This plow is especially designed as a cheap ice cutting tool, that will combine rapid cutting, economy, strength and durability. It will cut different sizes of cakes, namely: 16, 19, 22, 25 and 28 inches. No marker is required, as one row of teeth marks out the next row. Illustration shows a 6-tooth plow. **Shipped direct from factory in Southeastern Wisconsin.**

No. 32T4000 Four-Tooth Ice Plow. The capacity of this plow is from 20 to 40 tons an hour, and will cut any depth from ½ to 8 inches. Price.....**$12.25**

No. 32T4001 Six-Tooth Ice Plow; capacity, 30 to 60 tons per hour; cuts any depth from ¾ to 9 inches. Right size for one horse. Price.....**$15.30**

No. 32T4002 Eight-Tooth Ice Plow. This is the fastest-cutting plow on the market today and is especially adapted for those putting up large quantities of ice. Will cut any depth from 1 to 10 inches. The capacity is from 40 to 80 tons an hour. Price.....**$18.35**

Adam's Portable Corn Cribs.



Adam's No. 2 Corn Crib, for ear corn, is made of heavy hard wood fence lath 4 feet long, woven between six sets of steel cables made of two No. 15 galvanized wires, each 1½ inches apart. This is set up one section above the other, making the crib 8 feet high. To the outside of the bundle, which is intended for the lower section of the crib, we attach three wire cables which are to fasten inside of the door opening to prevent the crib from spreading when the door is opened.

Shipped direct from factory in Northern Illinois.

No. 32T4080 Size A Corn Crib, 600 bushels capacity. Weight, 300 pounds. Price.....**$5.00**

No. 32T4082 Size B Corn Crib, 900 bushels capacity. Weight, 400 pounds. Price.....**$6.25**

No. 32T4084 Size C Corn Crib, 1200 bushels capacity. Weight, 450 pounds. Price.....**$7.50**

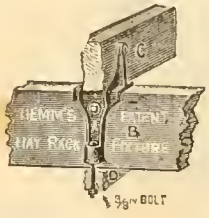
No. 32T4086 Size D Corn Crib, 1500 bushels capacity. Weight, 500 pounds. Price.....**$8.75**

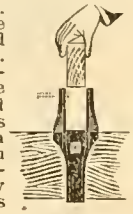
Little Giant Handy Hoist.

A very complete and handy implement, useful on the farm and in many other lines of work. Consists of two standards set wide apart at the bottom, where they are secured to a foot piece, and brought together at the top, where a rope sheave is secured. These standards are well braced near the center where the rope drum is located. The rope drum is operated by a worm gear, a worm and a crank, giving a very powerful leverage, and enabling one to lift from 800 to 1,000 pounds with perfect ease. The manila hoisting rope which is fastened to the drum is ⅝ inch in diameter and about 10 feet long with an iron hook secured to the end, and reaches to the ground. This hoist can be used for lifting wagon boxes and hay racks off the trucks, pulling fence posts and shrubs, butchering, and in fact for other purposes too numerous to mention. Weight, 20 pounds.

No. 32T4175 Little Giant Handy Hoist. Price.....**$3.00**

Hemm's Patent Hay Rack Fixtures.





The Hemm Hay Rack Fixtures make the cheapest hay rack you can build. It is the simplest way of making a hay rack. The fixtures can be used for any width timbers by simply inserting longer bolt at neck of fixture A. Made of the best refined malleable iron. The only fixtures where top of rack can be easily removed and body used for other purposes. The cross bars do not rest on bed pieces, wood on wood, but are supported by an iron base 3½ inches long, making the timbers much stronger where the heavy strain naturally will be. Illustrations show how racks are joined together with these fixtures. A set consists of eight pieces complete with bolts. Weight, 25 pounds.

No. 32T4180 Hemm's Hay Rack Fixtures for 6-inch sills. Price, per set.....**$2.15**

No. 32T4181 Hemm's Hay Rack Fixtures for 8-inch sills. Price, per set.....**$2.25**

Acme Hay Rack Brackets and Clamps.

Any farmer can erect the strongest and neatest kind of a hay rack. No vertical holes to weaken the 2x4 and 2x8. It consists of eight steel clamps to clamp over upper 2x4, then through the iron support bracket, then past the 2x8, then through the lower 2x4 (floor sill), then through lower steel clip; eight upper washers (grooved steel), eight lower steel clips, eight flanged and studded brackets (four right and four left); total, thirty-two pieces. Weight, about 20 pounds.

No. 32T4185 No. 1 Acme Hay Rack Brackets, for 2x4 cross pieces. Price, per set.....**$1.35**

No. 32T4186 No. 2 Acme Hay Rack Brackets, for 2x6 cross pieces. Price, per set.....**$1.40**

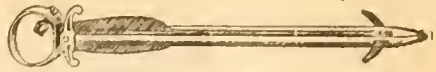
HAY CARRIERS AND HAYING TOOLS.

Improved Single Harpoon Hay Forks.



No. 32T4200 Improved Nellis Single Harpoon Hay Fork. Full regular size. Weight, about 15 pounds. Price.....**$1.25**

No. 32T4201 Kenwood Special Single Harpoon Hay Fork. Regular size. Weight, about 15 pounds. Price.....**$1.15**

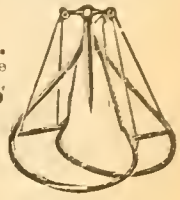
Double Harpoon Hay Forks.

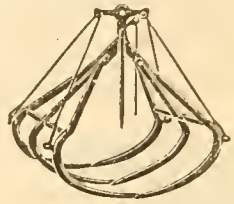
No. 32T4204 Double Harpoon Hay Fork, for general use. Made from best quality iron and steel. The fork generally used with hay carrier outfits. Weight, about 18 pounds. Price.....72c

No. 32T4205 Long Tine Double Harpoon Hay Fork, for loose straw, etc., made in same quality as above. Distance from cross bar to end of tines, 32 inches. Weight, 21 pounds. Price.....95c

Grapple Horse Hay Forks.

No. 32T4208 Grapple Horse Hay Fork, with four tines. Weight, about 35 pounds. Price...**$3.10**

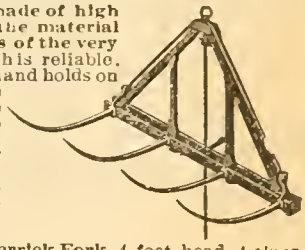




Grapple Horse Hay Fork.

No. 32T4209 Grapple Horse Hay Fork, with six tines. Weight, about 55 lbs. Price.....**$3.75**

Jackson Pattern Derrick Fork.

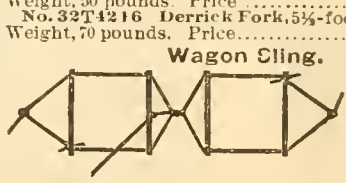


The tines are made of high grade steel and the material used throughout is of the very best. The trip latch is reliable. It has convenient hand holds on the head, which are a great assistance in operating the fork. The wood work is neatly made, all riveted and constructed so as to get the greatest possible strength.

No. 32T4213 Derrick Fork, 4-foot head, 4 tines. Weight, 50 pounds. Price.....**$6.70**

No. 32T4216 Derrick Fork, 5½-foot head, 6 tines. Weight, 70 pounds. Price.....**$8.40**

Wagon Cling.



Standard Four-Spreader Wagon Sling, used to take the place of a horse hay fork. Place one of these slings on bottom and another in the middle of load, and load may be removed in two hoists. Most people prefer to use three slings and make three hoists of the load. Is made adjustable to suit any length rack. Should be used in connection with a sling pulley. The only way to successfully handle corn stalks. Weight, about 18 pounds.

No. 32T4224 Hay Sling. Price.....**$1.40**

Trip Lock Fixtures for Slings.

To accommodate those who wish to make their own slings, we can furnish the trip locks only, or the complete set of sling irons which consists of 1 trip lock, 2 end rings, 1 small pulley block, 1 staple hook, 1 harness ring and 8 bolts for ends of spreaders.

No. 32T4226 Trip locks only. Price, each...40c

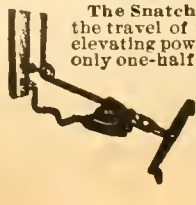
No. 32T4227 Complete set of sling irons. Price.....70c

Sling Pulleys.

Our Sling Pulley is the best and simplest pulley on the market. No matter how large or how small the amount of hay is in the wagon sling, it will lock at any place. These pulleys work in connection with our hay carriers only. Used in connection with our wagon slings, it makes a complete sling carrier outfit, without it being necessary to purchase an expensive sling carrier. Weight, 10 pounds.

No. 32T4228 Sling Pulleys. Price, each..**$1.35**

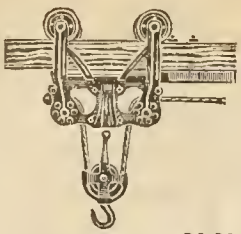
Snatch Pulley Blocks.



The Snatch Block Pulley device to shorten the travel of the horse without reducing the elevating power. You will see the horse travels only one-half the distance the hay is carried. The rope can be thrown off, the snatch pulley and fork be instantly returned to the load without waiting for the return of the horse. Weight, 5 pounds.

No. 32T4230 Snatch Pulley Blocks. Price, each.....**39c**

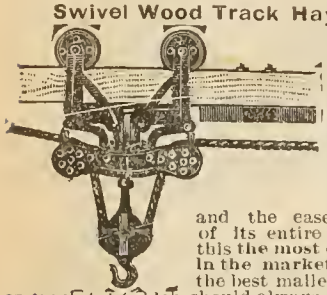
Reversible Wood Track Hay Carrier.



Our Reversible Hay Carrier for wood track, has positive dead lock. Made of the best malleable iron and does the best of work. Very simple, strong and durable. The travelers and rope pulley revolve on turned iron bushings. Will work on ordinary 4x4 or 3x4 wood track. Weight, 27 pounds.

No. 32T4232 Reversible Wood Track Carrier. Price.....$2.90

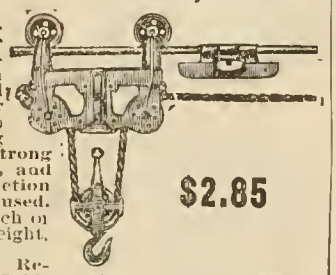
Swivel Wood Track Hay Carrier.



Our Swivel Hay Carrier for wood track. The merits of this carrier are many—Strength; positive dead lock; large flanged wheels. Ready adjustment to the stop on the track and the ease and perfection of its entire operation make this the most desirable carrier in the market. Is made from the best malleable iron. Works on track 4x4 (which should always be dressed), and reverses by swivel without having to pull the rope through. Weight, about 33 pounds.

No. 32T4234 Swivel Wood Track Carrier. Price.....$2.95

Reversible Rod or Cable Hay Carrier.

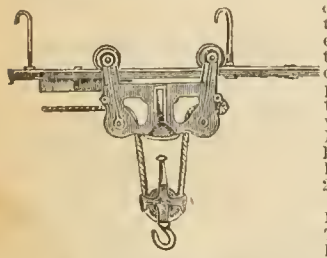


$2.85

Our New Reversible Rod or Cable Hay Carrier is simple in construction, and will work either way from the stop without changing on the track. Strong and well made, and will give satisfaction if properly used. Will run on ½ inch or ⅝-inch cable. Weight, 26 pounds.

No. 32T4236 Reversible Rod or Cable Carrier. Price.....$2.85

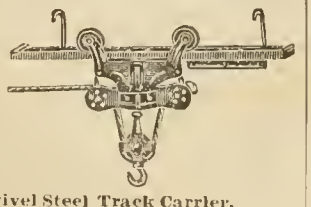
Reversible Steel Track Hay Carrier.



Our Reversible Steel Track Carrier for double steel track, will work either way from the stop without change. Being a positive lock there is no guesswork about it. Never misses. Is light and easily handled. Weight, 27 pounds.

No. 32T4238 Reversible Steel Track Carrier. Price, each, $3.00

Swivel Steel Track Hay Carrier.



Our Swivel Carrier, for double steel track, possesses all the good features described in our wood track carrier. Guaranteed in every respect. Weight, about 30 pounds.

No. 32T4240 Swivel Steel Track Carrier. Price.....$3.05

No. 32T4255 Hanging Hooks for hanging our steel track, with clamps and washers. Price, each.....5c

No. 32T4257 Straight Hanging Hooks, 14 inches under bend, for hanging wood track. Weight, 1 pound. Price, each.....4c

No. 32T4259 Jointed Hanging Hooks, with wood screw thread on one end for use in hanging wood track to beam without using rafter iron. Weight, 1¼ pounds. Price, each.....7c

No. 32T4260 Eye Bolts for fastening wire cable to ends of barn. Have long threads to take up the slack. Weight, 3 pounds. Price, each.....20c

Steel Grapple Hooks.

Solid Steel Grapple Hook, for hooking into rafter or beam where holes cannot be bored. Weight, 4½ lbs

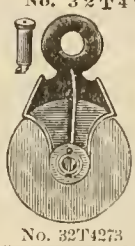
No. 32T4261 Price, each....30c

Rope Hitches.

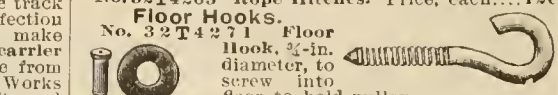
The places where this device can be used to advantage are only known to those who have had them on their farm. One on each end of a piece of rope often takes the place of a log chain, and is much lighter and better to handle. For hay carrier outfit they do away with twisting of rope. Take-up can be made in a minute's time. They are made of the best malleable iron. Weight, about 2 pounds.

No. 32T4263 Rope Hitches. Price, each....12c

Floor Hooks.



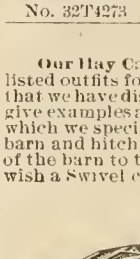
No. 32T4271 Floor Hook, ¾-in. diameter, to screw into floor to hold pulley. Weight, 1¼ pounds. Price, each 5c



Hay Pulleys.

No. 32T4273 Common Iron Frame Pulleys, with maple wheel. Weight, 3½ pounds. Price, each.....15c

No. 32T4274 Knot Passing Frame, Malleable Yoke Pulleys, with maple wheel. Weight, 4 lbs. Price, each, 19c

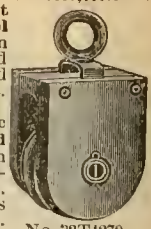


No. 32T4273

No. 32T4275 Common Frame, Steel Yoke Pulleys, with maple wheel. Weight, 3 pounds. Price, each.....16c

No. 32T4276 Knot Passing Frame, Steel Yoke Pulleys, with maple wheel. The kind of pulleys generally used with hay carrier outfits. Weight, 3½ pounds. Price, each.....17c

32T4276



No. 32T4279 Wood Frame, Hay Carrier Pulleys, with maple wheel. Steel straps, which extend below axle, form the axle box. Has malleable eye and swivel, and is strongly riveted and bolted together. Weight, 3½ pounds. Price, each..18c

No. 32T4279

NOTE—Any of the above pulleys will carry any size of rope up to ⅞-inch.

No. 32T4281 ⅜-inch Galvanized Wire Strand Cable. For stacking outfit guys. Weight, per foot, ¼ pound. Price, per foot.....1½c

No. 32T4282 ½-inch Galvanized Wire Strand Cable. For cable carriers. Weight, per foot, ½ pound. Price, per foot.....2½c

No. 32T4283 Bolts for stacking outfit posts. Weight, 1 pound. Price, each.....4c

No. 32T4284 Clamps for ⅜-inch wire cable. Weight, ¼ pound. Price, each.....12c

No. 32T4285 Clamps for ½-inch wire cable. Weight, 1½ pounds. Price, each.....15c

No. 32T4286 Square Collars for ½-inch wire cable. Weight, 1¼ pounds. Price, each.....16c

No. 32T4292 ⅝-inch Manila Trip Rope. Weight, per foot, about ¼ pound. Price, per foot.....5⅝c

No. 32T4293 ¾-inch Manila Carrier Rope. Weight, per foot, about ½ pound. Price, per foot.....2¼c

No. 32T4294 ⅞-inch Manila Carrier Rope. Weight, per foot, about ¾ pound. Price, per foot.....3½c

Our Hay Carriers can be used with ⅞-inch rope, but ¾-inch rope is the best, because it is abundantly strong and much more pliable. We do not recommend ⅞-inch rope with hay carriers.

HAY CARRIER OUTFITS.

Our Hay Carrier Outfits are made up from the haying tools previously described. Heretofore we have listed outfits for various lengths of barns, but so many of our customers find it desirable to make changes that we have discontinued this practice, and now simply state what it requires to make a standard outfit, and give examples and suggestions which will assist you in ordering. The amount of carrier rope and check rope which we specify is suitable for unloading at the center of a barn. If you wish to unload at the end of the barn and hitch the horse at the same end, add the length of the barn to the carrier rope, and half the length of the barn to the check rope. We specify the Reversible carriers and ¾-inch rope in each case, but if you wish a Swivel carrier or ⅞-inch rope, simply change to proper catalogue number, description, and price.

For a Standard 40-foot Steel Track Outfit you should order:

No. 32T4248	40 feet of Double Angle Steel Track	@ 8½c	$3.40
No. 32T4254	16 Rafter Irons	@ 3c	.48

SEARS, ROEBUCK & CO.

BLACKSMITH TOOLS

Every Farmer his own Blacksmith

BUY YOUR OWN TOOLS, DO YOUR OWN WORK, AND SAVE MONEY . . . . .

SHARPEN THE PLOWS, SHOE THE HORSES, SET THE LOOSE TIRES, MEND THE MACHINERY.

With an outfit selected from this list every farmer, ranchman and mechanic can be his own blacksmith.

NO DELAY FOR REPAIRS In a busy season while the team and a man have gone to the blacksmith shop. Again, if you have an outfit you will improve rainy days to fix up things that are showing wear, and avoid costly, vexatious and dangerous breakages in a busy time.

OUR PRICES quality considered, you will find by comparison are far below any competition. **FREIGHT IS VERY LOW** on this class of goods, and will add but very little to cost.

Easy Bolt Clippers.

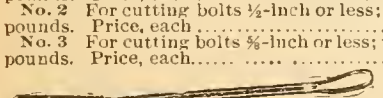
No. 24T300 Our New Easy Bolt Clippers have all the latest improvements, such as patent adjustment, locking device, rubber buffers, etc. They are made of the best material throughout. Jaws are high grade steel. Every clipper fully warranted. Don't use small clippers on large work, you may break them; or large ones on small work, they are heavy and cost more.

No. 0 For cutting bolts 5/16-inch or less; weight, 3 pounds. Price, each..... **$2.00**

No. 1 For cutting bolts 3/8-inch or less; weight, 4½ pounds. Price, each..... **$2.50**

No. 2 For cutting bolts ½-inch or less; weight, 7½ pounds. Price, each..... **$3.20**

No. 3 For cutting bolts 5/8-inch or less; weight, 12½ pounds. Price, each..... **$4.85**



Electric Bolt Clipper.

Electric Bolt Clipper, with solid steel head and malleable iron handles, very strong and durable; contains less parts than any clipper on the market; perfectly adjustable, with "shim" to take up wear of cutters. Made in four sizes only, as follows:

No. 24T301 No. 0, cuts 5/16-inch bolts in thread only..... **$2.65**

No. 24T302 No. 1, cuts 3/8-inch bolts in thread only..... **$2.95**

No. 24T303 No. 2, cuts ½-inch bolts in thread only..... **$3.95**

No. 24T304 No. 3, cuts 5/8-inch bolts in thread only..... **$4.50**

Chambers' Bolt and Rivet Clippers.

New patterns, greatly improved. Are much stronger with larger wearing surfaces, easier sharpened, etc. It will cut off all the bolts on a carriage in less than one-tenth the time two men can do it in the old way, leaving the end of the bolt so the nut can, in many cases, be run off and on with the fingers alone, thus proving that the thread is uninjured. **They are indispensable to those who know their value.** Every carriage maker, wheelwright, and blacksmith wants them. Manufacturers of plows, machinery, cars, etc., want them. Every harness maker should have them to cut off the ends of their mountings. The cutters can be taken out and ground. **For bolt clippers, complete:**

No. 24T306 No. 1. For 3/8-inch bolt or less, for carriage work, harness makers, etc..... **$4.00**

No. 24T307 No. 2. For ½-inch bolt or less, for wheelwrights, machinists, founders, etc..... **$4.80**

No. 24T308 No. 3. For 5/8-inch bolt or less, for car builders and heavy work generally..... **$6.40**

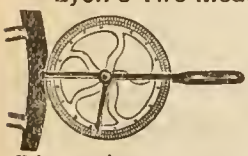
..SEND FOR..
OUR FINE SAMPLE BOOK OF PAINTS.

The Coolidge Wrench.

No. 24T353 A Patent Adjustable Bit Brace Wrench. Indispensable to every blacksmith, the necessity of every mechanic, meets the needs of every carpenter. The user of farming tools and wagons has long looked for it. Its operation is simplicity. A press of the thumb lug opens the jaws. It fits any bit brace, and handles all nuts and lag screws to 1 inch square. It will carry a nut without dropping it. It lets go by simply pulling away. It brings away the nut that has been unscrewed, and drops it by a press on the thumb lug. Weight, 1¼ pounds. Price, each.....67c

Lyon's Tire Measuring Wheels.



No. 24T354 Lyon's Roller Guide Tire Measuring Wheel. Traveler rolls in a straight line and does not lose ¼ to ⅓-inch by wabbling from side to side of felloe. Graduated with index hand; nickel plated.

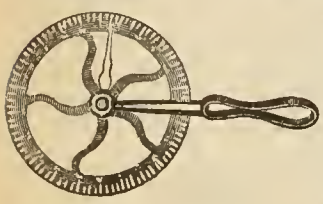
Price, each.....$1.20

Drop Forged Tire Measuring Wheel.

No. 24T355 This wheel is a drop forging, lathe turned, a perfect running wheel, first class. Weight, 1 pound.

Price, each.....95c

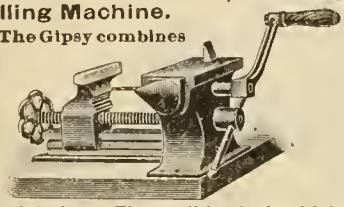
Graduated Tire Measuring Wheel.



No. 24T356 Is a drop forging made so that the figures and lines are raised above the surface of the wheel and **cannot be filled or defaced with rust or dirt.** It is exactly 24 inches in circumference, with index hand. Weighs, 1⅛ lbs.

Price, each.....$1.23

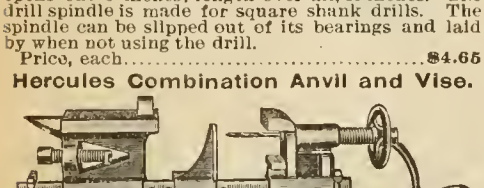
The Gipsy Combination Anvil, Vise and Drilling Machine.



No. 24T359 The Gipsy combines four different tools: Anvil, straight vise, pipe vise, and drill press. Weighs, complete, 45 lbs. It is put up for service and with proper care **will last a lifetime.** The anvil is 7 inches high, face is 8x3 inches; vise jaw 5½ inches wide and opens out 8 inches; length over all, 15 inches. The drill spindle is made for square shank drills. The spindle can be slipped out of its bearings and laid by when not using the drill.

Price, each.....$4.65

Hercules Combination Anvil and Vise.



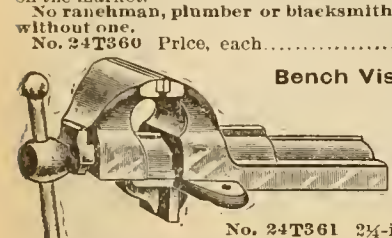
In our Hercules Combination Anvil, Vise, Drill, etc., we have the only practical tool on the market. All the so called combinations are only toys and do not stand the wear and tear a tool of this kind is subjected to. This machine weighs 75 pounds. The drill has machine cut screw and takes any size square shank drill bits. The anvil is about 4 inches by 7½ inches with hardened face. Hardie is all steel and of good size. In the pipe vise which is under the anvil we have the only tool of its kind that will hold all sizes of pipe without crushing or becoming loose. The main frame is made of a steel bar which gives great strength as well as lightness. This part of the machine, by the way, is the weak part of all combination vises.

Having sold hundreds of combination vises, we are in a position to know the weak points in a machine of this kind and can say without fear of contradiction that this is the only first class combination vise on the market.

No raneliman, plumber or blacksmith should be without one.

No. 24T360 Price, each.....$9.50

Bench Vise.



Parallel Bench Vises for light work in metal or wood. "The Farmers' Vise."

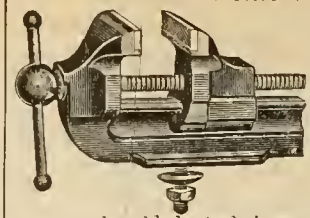
New Acme Vise.



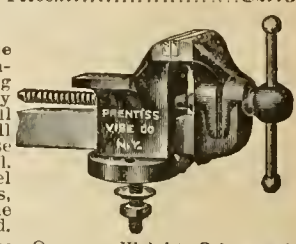
To supply the growing demand for a strong, cheap, handy vise for common uses, we have added to our list the above implement, which we think is in every way suitable for the purpose. It is made of good material, with steel screw and welded steel jaws milled and cut, is strong, convenient, of ample weight and cheap. Head of swivel screw moves in groove running whole length of bottom plate, allowing operator to move vise out, in, or to any desired angle and fasten in position. The nut is made by a long, full thread cut in solid metal of back jaw. These vises are handsomely painted and polished, and are finished equal to any first class vise in the market.

No. 24T417 Jaws, 2½ inches wide. Opens, 3 inches. Weight 8 pounds. Price.....$1.20

No. 24T418 Jaws, 3½ inches wide. Opens, 4 inches. Weight, 14 pounds. Price.....$1.75

No. 24T419 Jaws, 4 inches wide. Opens, 6 inches. Weight, 28 pounds. Price.....$2.75

New Shepard Vises.



The Shepard Vise has all the latest improvements, is strong and durable, nicely finished and for all ordinary work will answer the purpose of a high priced tool. This vise has steel sliding bars, screws, levers and jaws. The anvil is full polished.

	Width Jaw	Opens	Weight	Price, each
No. 24T422	2 in.	2 in.	2½ lbs.	**$0.85**

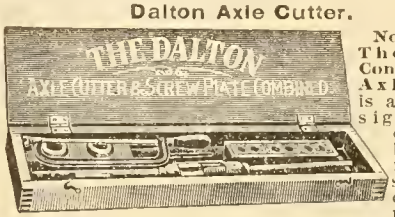
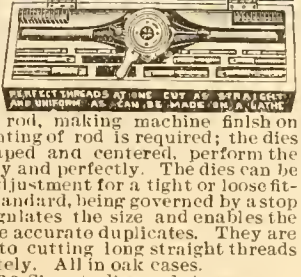
Dalton Axle Cutter.



No. 24T555 The Dalton Combination Axle Cutter is a tool designed for cutting back the nut shoulder on carriage and wagon axles that have become worn, to allow the nut to be brought sufficiently close to the wheel to prevent the wabbling of the latter. This machine consists of a screw plate, with right and left hand dies cutting as follows: 1⅝ inches and less, 9 threads; 1-inch and less, 10 threads; ⅔-inch and less, 12 threads. One pair each right and left hand cutters, same as represented in smaller cut, for cutting back the nut shoulder of axle, also one pair of cutters and two collars for cutting down axle from the top, and one hack saw for cutting off end of axle when necessary. Price $12.25

The Oster Patent Die Stocks.



THE LATEST AND BEST
THE OSTER PATENT
ADJUSTABLE DIE STOCKS
NO TURNING BACK OVER THREADS
NO SKILL REQUIRED
PERFECT THREADS AT ONE CUT AS STRAIGHT AND UNIFORM AS CAN BE MADE ON A LATHE

The Celebrated Oster Screw Plates with Adjustable Dies and Guides. Cuts a clean perfect thread. The adjustable guides center the work to the dies, neatly fitting all variations in sizes of rods and insuring a straight thread in true alignment with the rod, making machine finish on the thread. No pointing of rod is required; the dies being correctly shaped and centered, perform the operation completely and perfectly. The dies can be quickly set to any adjustment for a tight or loose fitting nut as well as standard, being governed by a stop or gauge which regulates the size and enables the operator to produce accurate duplicates. They are especially adapted to cutting long straight threads quickly and accurately. All in oak cases.

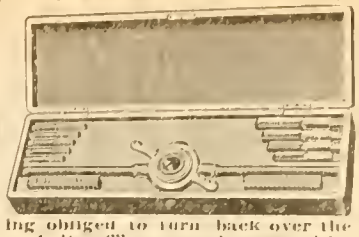
Duplex Die Stocks for Bolts and Rods.



The quick opening feature of the dies in these tools is especially valuable, as there is a great saving of time by releasing them from finished work without being obliged to turn back over the long threads on bolts. Then, too, the case with which the size of threads may be varied is a great advantage over ordinary round or split dies. Our dies can be set immediately to thread standard sizes, or any over or under size; they also cut free and easy, and are no more difficult to sharpen than a chisel. No screwdriver or wrenches are needed for adjustments. A number of improvements have lately been made on this line of die stocks, and it will be found that they are superior tools in every way to those we previously manufactured. Each set is put up with machinists' hand taps, in a hardwood case, as shown by illustration.

Machinists' Sets.

V, United States and Whitworth Standard Threads.

Our machinists' sets are shipped with standard even sizes and with taps of the plug form, unless otherwise ordered, but we can furnish them ⅛-inch over size and with taper taps for rough iron work, if desired.

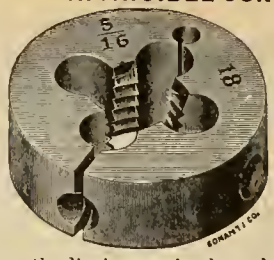
GIVE CATALOGUE NUMBER IN FULL WHEN YOU WRITE YOUR ORDER

INVINCIBLE SCREW PLATES.



Our Invincible Screw Plates are manufactured by one of the most reliable as well as largest concerns in the United States. They are made of the best material money will buy, are of **perfect workmanship** and adjustment, which in the past has demonstrated they are the most complete and easiest cutting plates on the market. The adjustment on the dies is very simple, making it impossible for one half of cutter to cut more than the other, thus always cutting a clean, perfect thread. For cutting close up to a shoulder use face side of die downwards.

All Invincible Screw Plates are sold with a guarantee to be perfect in every respect and to be the easiest cutting tool sold, or money refunded. Full directions sent with each plate how to operate and take care of same. We send 1/32 over size thread, which is the common bolt thread, unless otherwise ordered.

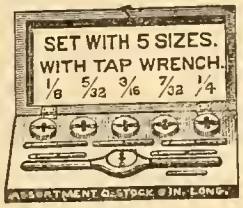
Lightning Screw Plates.



No. 24T720 Lightning Screw Plate and Stock. Tap wrench and five size taps and guide, ⅛, $\frac{5}{32}$, $\frac{3}{16}$, $\frac{7}{32}$, and ¼-inch. Stock, 6 inches long. V shaped thread sent unless otherwise ordered.

Price, complete, in wood case.....**$3.70**

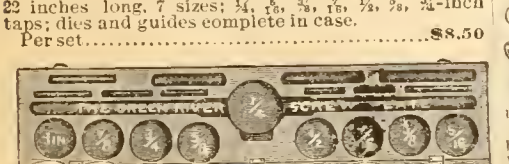
Green River Screw Plates.

THE TAPS PASS CLEAR THROUGH THE NUTS
MAKING FULL FINISHED THREADS.
THE GREEN RIVER SCREW PLATE
PERFECT SCREWS AT A SINGLE CUT

The Green River Screw Plate being one of the oldest and best known makes on the market it is hardly necessary for us to state that the quality both as to material and workmanship is up to the highest standard, and its simplicity and durability with its modern price make it one of the best screw plates on the market. It does the work at a single cut, and is warranted not to strip the threads. The dies are adjustable for wear, and to make bolts or nuts fit tightly or loosely as desired. **For close cutting up** to a shoulder use the face side of die after starting the thread with the other side.

No. 24T725 No. 1½, cuts from ¼ to ¾ inch; stock 22 inches long, 7 sizes; ¼, $\frac{5}{16}$, ⅜, $\frac{7}{16}$, ½, ⅝, ¾-inch taps; dies and guides complete in case.

Per set.....**$8.50**



No. 24T726 The Green River Screw Plate, set No. 5, cuts from ¼ to 1 inch; stock 29 inches in length, 9 sizes; ¼, $\frac{5}{16}$, ⅜, $\frac{7}{16}$, ½, $\frac{9}{16}$, ¾, ⅞ and 1-inch taps, dies and guides complete in case. Weight, 18 lbs.

Per set.....**$15.50**

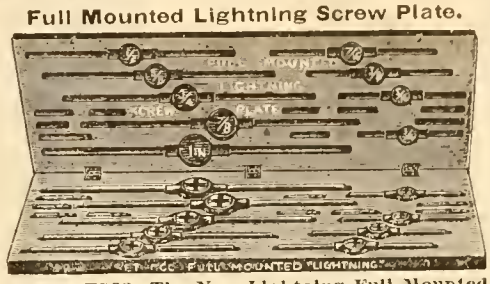
Other numbers of Green River Screw Plates quoted on request.

GIVE CATALOGUE NUMBER IN FULL WHEN YOU WRITE YOUR ORDER

Lightning Screw Plates.

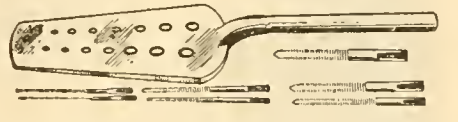
No. 24T730 This is one of the best screw plates made, has adjustable dies which can be taken up when worn. Cuts a fine thread at one cut. Is finely finished and fully warranted. Ask any machinist or blacksmith and they will tell you the **Lightning leads them all.** Sent ⅛ over size V shaped thread, unless otherwise ordered. Size O cuts from ¼ to 1 inch; stock is 29 inches long; cuts ¼, $\frac{5}{16}$, $\frac{3}{8}$, $\frac{7}{16}$, ½, ⅝, ¾, ⅞ and 1 inch. Price, each.....**$16.00**

Full Mounted Lightning Screw Plate.



No. 24T732 The New Lightning Full Mounted Screw Plate. Same as our No. 24T730, with a stock for each die, which does away with changing dies every time you wish to cut a different size thread. Size CCC, 9 sizes, ¼, $\frac{5}{16}$, ⅜, $\frac{7}{16}$, ½, ⅝, ¾, ⅞ and 1-inch; complete with taps and dies of the above sizes, and a stock for each size. Comes put up in hardwood case. Price, per set.....**$17.15**

Gunsmiths' Screw Plate.

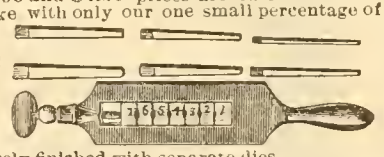


No. 24T739 Screw Plates, iron handles, will cut 14 different sizes from $\frac{5}{32}$ to $\frac{5}{16}$, intended for gunsmiths', jewelers' or model makers' use. Weight, 10 oz. Price, each.....**90c**

If by mail, postage extra, 10 cents.

Gunsmiths' Stocks and Dies.

At $1.65 to $2.20 we offer you our special **Stocks and Dies** in sets for gunsmiths, guaranteeing them the best gunsmith sets on the market. **Our $1.65, $1.85, $2.00 and $2.20** prices are based on actual cost to make with only our one small percentage of profit added.



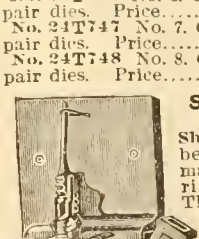
Solid Steel Gunsmiths' and Jewelers' Screw Plates, nicely finished with separate dies.

No. 24T745 No. 5. Cuts from 2½-32 to $\frac{5}{32}$, 4 taps and 4 pair dies. Price.....**$1.65**

No. 24T746 No. 6. Cuts from $\frac{5}{32}$ to $\frac{5}{32}$, 4 taps and 4 pair dies. Price.....**$1.85**

No. 24T747 No. 7. Cuts from $\frac{5}{32}$ to $\frac{5}{32}$, 6 taps and 6 pair dies. Price.....**$2.00**

No. 24T748 No. 8. Cuts from $\frac{5}{32}$ to $\frac{1}{32}$, 6 taps and 6 pair dies. Price.....**$2.20**



Stoddard Tire Shrinker.

The Genuine Stoddard Tire Shrinker. This is one of the best known shrinkers on the market, and only the best materials are used in its construction. The clamp head, as shown in cut, prevents light tire from kinking—a very serious drawback to most shrinkers.

Made in two sizes only.

No. 24T755 No. 1 shrinks up to 2-inch tire. Weight, 100 lbs. Price, each.....**$5.00**

No. 24T756 No. 2 shrinks up to 4-inch tire. Weight, 230 lbs. Price, each. **$8.65**

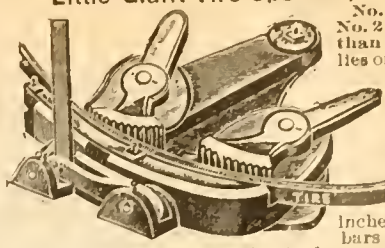
No. 24T757 No. 3 shrinks up to 4-inch tire, and has extra jaws for setting axle up to 1¾-inch. Weight, 300 lbs. Price, each.....**$12.00**

Little Giant Tire Upsetter.

No. 24T762 No. 1 Little Giant will upset any size or diameter of tire, from the light buggy to the heavy tire, ½-inch thick to 2 inches wide. Weight, 100 lbs.

Price.....**$7.50**

Little Giant Tire Upsetter, No. 2.



No. 24T764 No. 2 is heavier than No. 1, and lies on the floor; both jaws move. Will upset any tire, from a light buggy tire to a truck 4 inches wide, or bars of square or round iron up to 1¼ inches in diameter. Weight, 160 pounds. Price, each.....**$11.00.**

The operation of bringing down the lever grasps the tire and does the work; raising the lever opens it. By this means it is not necessary to remove the tire until it is upset as much as required. Can be successfully operated by one man. Sizes 2 and 3 furnished with anti-kink; size 1 without.

Mole Tire Shrinkers.

No. 24T770 Mole Tire Shrinker, size 1. Bed is 2¼ inches; weight, 120 lbs. Is adapted to general custom work. Price, each.....**$4.60**

No. 24T773 Mole Tire Shrinker, size 2. Bed is 3 inches; weight, 195 lbs. Will do all but the heaviest work. Price, each.....**$5.70**

No. 24T778 Mole Tire Shrinker, size 3. Bed is 4 inches; weight, 275 lbs. Will shrink all sizes, including heavy wagon and truck tires. Price, each, **$8.00**

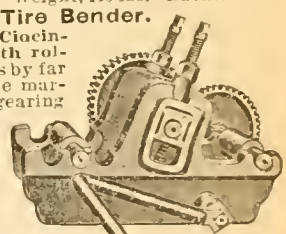
Geared Tire Benders.

Geared Tire Benders with rollers on steel shafts; made with iron base. A first class bender for a little money.

No. 24T784 Size No. 2, will bend tires up to and including 3¼-inch tire. Weight, 85 lbs. Price, each.....**$3.75**

No. 24T786 Size No. 2½, will bend tires up to and including 6-inch tire. Weight, 116 lbs. Each..**$4.65**

The Cincinnati Tire Bender.



No. 24T790 The Cincinnati Tire Bender, with rollers on steel shafts, is by far the best bender on the market. The double gearing makes it easy to operate; bends a perfect circle every time. Has patent adjustments for different thickness of tire. Length over all, 24 inches; diameter of rolls, 2¼ inches; length of rolls, 5 inches. Bends any size tire up to and including 5-inch. Weight, 163 lbs. Each. **$5.90**

Combination Clamp and Drill.

Combination clamp and drill: the lowest priced good article of its kind on the market; has wrought iron screw feed, malleable frame, brass chuck, sliding clamp; weighs 6½ lbs., length, 17 inches; height, 7 inches.

No. 24T792 Price, with diamond pointed drills, one drill of each size, $\frac{5}{16}$, ¼, $\frac{7}{16}$, $\frac{9}{16}$, ½. Each. .. **$1.70**

No. 24T793 With Syracuse Twist Drills, furnished with one drill of the following sizes: $\frac{5}{16}$, ¼, $\frac{7}{16}$, $\frac{9}{16}$, ½. Price, each.....**$2.30**

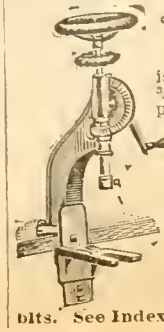
No. 24T794 Extra drills for 24T792, per set..**35c**

No. 24T795 Extra drills for 24T793, per set..**98c**

Blacksmiths' Drills.

No. 24T800 The Old Standard Blacksmiths' Drill. Length, 29 inches; screw feed. The hole in mandrel is made to fit blacksmiths' drills with ½ inch round shank. Weight, 29 pounds. Each.....**$1.25**

Bench Drill.



Upright Bench Drill. This drill is 26½ inches high, drills ⅜ to ¾-inch hole. Squares with bed plate; run of screw, 3½ inches; drill stock, ⅝ inch in diameter, crank has extension for large drilling; is fitted with chuck for square or round shank drills; has no self-feed attachment. Weight, 35 lbs.

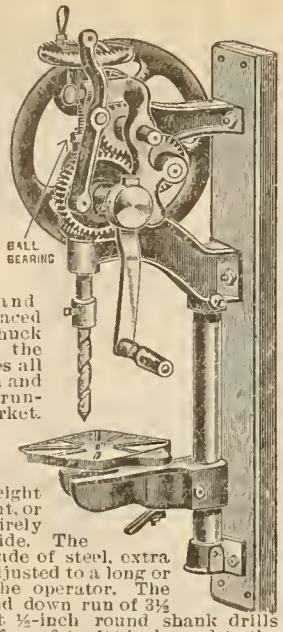
No. 24T802 New Model Drill, for square shank drills only.

Special price, each.....**$4.00**

No. 24T804 New Model Drill, for ½-inch round shank drills only. Special price, each..**$4.00**

Price does not include drill bits. See Index for drill bits.

Acme Ball Bearing Double Geared Self Feed Post Drill.

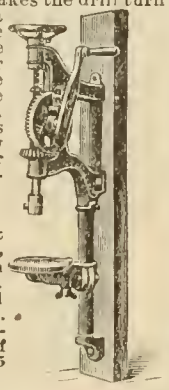


No. 24T805 The spindle and shaft are made of high grade steel, has a fast or slow self feed attachment, which may be used or not as desired, by simply moving the dog, and can be changed to slow or fast feed. Is double geared. Speed may be varied by changing the crank from one shaft to another which is quickly done. We use sixteen steel balls, incased in a steel cup and cone, which are placed midway between the chuck and head piece of the spindle, which reduces all friction to a minimum and makes it the lightest running drill on the market. The table is provided with slots for clamping down any article to be drilled, and can be fastened at any height of column in a moment, or put out of the way entirely by turning to one side. The crank or handle is made of steel, extra long, which can be adjusted to a long or short turn to suit the operator. The spindle has an up and down run of 3½ inches. Made to fit ½-inch round shank drills and will drill holes from 0 to 1¼-inch, and to the center of a 15-inch circle. Weight, packed, 115 pounds. **No Drill Bits furnished at the price given below.**

Price, each..... **$7.25**

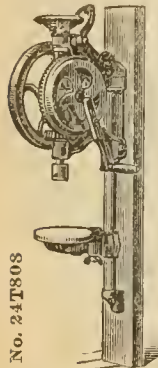
New Departure Upright Post Drills.

These drills have long heavy bearings which are well babbitted and cannot spring or get out of line, as is the case with some of the cheap drills now on the market. The automatic feeding device is new and simple, yet efficient and positive. It is located back of the spindle, and is worked by a cam on inside of main gear wheel. This cam is constructed so as to give nearly a continuous feed. By this arrangement the drill does not jam into the work, as is frequently the case in the use of hand drills. This point alone makes a great saving in drill bits. Also the nice alignment of the lower column with the spindle, and the fact that the drill table is exactly at right angles with the spindle makes the drill turn free and easy, and the result is a **saving of drill bits** as well. These drills **have two speeds,** one for light work and the other for heavy. The change is made instantly simply by changing the handle from one shaft to the other. These tools being arranged as well for power as for hand especially recommends them for the **repair shop** and for the everyday blacksmith.



Our $4.25 Post Drill.

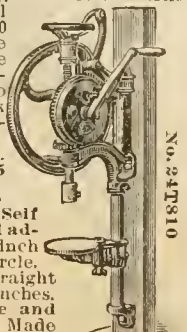
No. 24T806 No. 1½ Hand Post Drill, single geared hand feed, drills up to and including ¾-inch hole, and to center of 12-inch circle. Drill spindle is 1-inch steel bored for drills, with ½-inch round shank. Feed has run of 3 inches. Upright column and feed screw are of best steel. Wt., 55 lbs. Each, **$4.25**



No. 1 Hand Post Drill.

No. 24T808 No. 1 Hand Post Drill, double geared, self feed. Has extension crank and adjustable feed. Drills up to and including ¾-inch hole and to center of 12-inch circle. Drill spindle is made of 1-inch steel and is bored for ½-inch round shank drills. Feed has run of 3 inches; upright column and feed screw made of the best grade English steel. **We guarantee this drill** to be the equal of any $7.50 drill on the market, to be free from all defects and to do good work or money refunded. Weight, 80 lbs.

No. 24T808



No. 24T810

Price, each..... **$5.75**

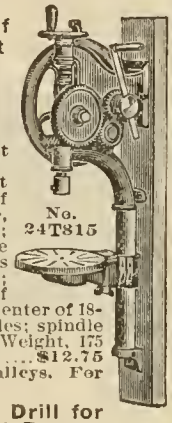
Has extension crank and variable feed. Drills 0 to 1¼-inch holes and to center of 16-inch circle. Drill spindle bored for ½-inch straight shank drills. Feed has run of 3 inches. **Upright column, drill spindle and feed screw are of best steel.** Weight, 140 pounds.

Price, each, $9.80.

No. 13 Self Feed Post Drill.



No. 24T815

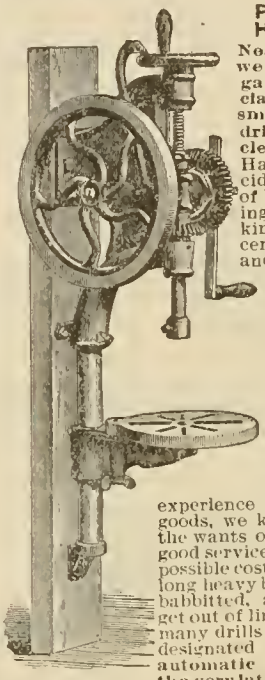
THE BEST SELF FEED POST DRILL ON THE MARKET.....

We Sell All Kinds of Drills at Lowest Prices.

No. 24T815 Hand or power, fast or slow speed, self feed. Size of spindle, 1⅛ inches; run of spindle, 3-inches; size of column 2 inches; greatest distance of spindle to table 16½ inches; spindle turns 1½ times to one turn of crank on fast speed; crank turns 1½ times to one turn of spindle on slow speed; drills to center of 18-inch circle and up to 1¼-inch holes; spindle bored for ½-inch shank drills. Weight, 175 pounds. Price..... **$12.75**

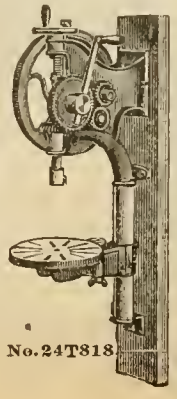
We furnish this drill with pulleys. For power see No. 24T822.

Post Drill for Hand Power.



No. 24T816 In this tool we have the greatest bargain ever offered in a first class, up to date blacksmiths' or machinists' drill. It is a $12.00 article in every respect. Having made such a decided success in our line of blacksmiths' tools, having sold more goods of this kind than any other concern in the United States, and wishing to still further increase our sales, we have placed an order with one of the largest manufacturers of post drills in the world to furnish us 5,000 drills, all to be made of the same material as our high priced goods. We have advanced its weight and quality over all others listed at this price. We believe, with our long experience in handling this line of goods, we know just how to meet the wants of the consumer with a good serviceable drill at the lowest possible cost. This drill has very long heavy bearings, which are well babbitted, and cannot spring or get out of line, as is the case with so many drills put on the market and designated as world beaters; **our automatic feeding device is of the very latest improved mechanical construction,** and is entirely out of the way of the operator, being located behind the spindle, and worked by a cam on inside of main gear wheel. This cam is so constructed as to give nearly a continuous feed, and does not jam the drill into its work all at once, as is so frequently the case in other makes, thus avoiding breakage of bits. It also has two speeds, which can be obtained instantly by changing handle from one shaft to the other, thus giving the operator additional power when drilling very large holes. Drill spindle has run of 3 inches, and is bored to take ½-inch straight shank drills. The upright column, drill spindle and feed screw, are of best steel. Drills to the center of 15-inch circle, and from 0 up to 1¼-inch holes. Weight, 125 pounds. Price..... **$7.00**

No. 14 Hand Power Post Drill.



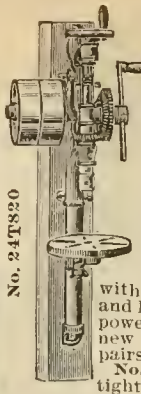
No. 24T818

No. 24T818 Hand Power Fast or Slow Speed Self Feed Drill. Size of spindle, 1⅛ inches; run of spindle, 3 inches; size of column, 2¾ inches; greatest distance of spindle to the table, 18½ inches; spindle turns 1½ times to one turn of crank, on fast speed; crank turns 1½ times to one turn of spindle on slow speed; drills to center of 22-inch circle and up to 1¼-inch holes; spindle bored for ½-inch shank drills.

Price..... **$20.00**

We furnish this drill, fitted for power, with pulleys, etc. See No. 24T826.

No. 12 Power Drill.



No. 24T820

No. 24T820 Same as our No. 24T816 with the exception that it is provided with tight or loose pulleys for belt, as shown in illustration; well suited for all kinds of light power.

Price No. 12, with tight and loose pulleys, no fly wheel..... **$10.50**

Price No. 12, with tight and loose pulleys, and fly wheel..... **$12.35**

No. 13 Power Drill.

No. 13 Power Drill with tight and loose pulleys. This is the same drill as our No. 24T815 with exception of tight and loose pulleys for belt power. A spendid drill for new work as well as repairs of all kinds.

No. 24T822

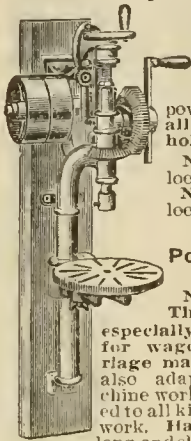
No. 24T824 Price, with tight and loose pulleys and fly wheel... **$17.50**

No. 14 Power Drill.

Fast or slow speed self feed, same as No. 24T818, with exception that it is provided with tight and loose pulleys for belt power as shown. **Good tool for all kinds of work up to 1½-inch holes.**

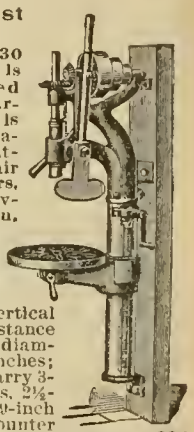


No. 24T826 Price, with tight and loose pulleys, no fly wheel.. **$22.00**

No. 24T828 Price, with tight and loose pulleys and fly wheel.. **$25.00**

Power Post Drill.

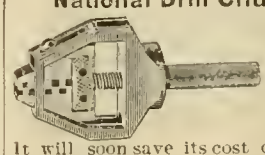
No. 24T830 This drill is especially designed for wagon and carriage makers. It is also adapted to machine work and is suited to all kinds of repair work. **Has cut gears,** long and short feed levers and **quick return.**



No. 24T830

No. 24T826 Counter shafting has **tight and loose pulleys** 8 inches in diameter by 2¾ face. Height of drill, 60 inches; diameter of column, 4½ inches; diameter of spindle, 1⅝ inches; vertical groove, 6 inches; greatest distance from spindle to table, 24 inches; diameter large pulleys on cone, 7 inches; small pulley, 3 inches; cones carry 3-inch belt; counter shaft pulleys, 2½-inch belt; drills to center of 19-inch circle. Price, complete with counter shaft..... **$40.50**

National Drill Chuck, Unpolished.



Made especially for **blacksmithing and carriage work. This chuck is so simple in construction** that anyone can take it apart to clean or repair without being an experienced machinist. It will soon save its cost over other makes in the saving of time, drills and repairs. The positive drive is worked automatically by the chuck revolving without use of wrench, as all jaw screws are now made with left hand thread, so the greater the strain on drill the tighter the jaw is forced to grip the drill. **Every chuck guaranteed.** We furnish this chuck with ½-inch round shank so as to fit any of our **upright drills.** If wanted with different size shank be sure and give size wanted.

No. 24T845 Holding drill 0 to ⅜-inch straight arbor. Price, each..... **$3.10**

No. 24T846 Holding drill 0 to ½-inch straight arbor. Price, each..... 3.80

No. 24T847 Holding drill 0 to ¾-inch, straight arbor. Price, each..... 4.25

Advance Drill Chuck.

A moderate price chuck that is capable of good work. It is well made and has been thoroughly tested in the factory. It is smaller than the ordinary drill chuck, and is well suited to use in connection with the various sizes of hand and light power drills. They are furnished with straight or taper shanks, the former to fit the chuck to hand drills, the latter to fit it to larger drills.

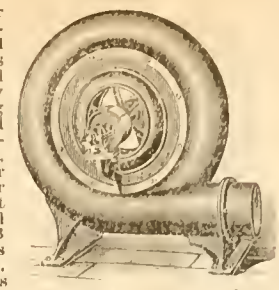
Western Chief Blowers.



No. 24T905 For forges, furnaces, ventilating, drying and cooling. These fans are built with special reference to durability and smooth running under prolonged and arduous service, having solid shell or case, with a smaller number of parts than any other made, an important point in all high speed machinery. Sizes 3 and 5 have grease cups in addition to oil cups, so that should oil cups run dry the grease cup will continue to lubricate and prevent heating.

No. of Blower or Exhauster	Height in Inches	Diameter of Outlet	Diameter of Inlet	Diameter of Pulley	Face of Pulley	PRICE

3 P	18	4¾	5¾	3	2½	10.10
5 P	24	7½	7½	4⅜	3¼	16.75

Root's Acme Hand Blower.

No. 24T925 Guaranteed to give a blast equal to a 60-inch bellows. Some of the advantages claimed for Root's Acme Hand Blower are: The revolvers are enclosed in an iron case, bored out perfectly true, and are dressed so that they keep up continuous contact with each other during the entire revolution, forcing forward and utilizing all the air taken into the case. The shafting is steel, bearings phosphor bronze, the gears are cut. The blower occupies a space less than a foot square of floor surface. Guarantee: It is operated with less than half the power, and will heat in less than half the time required for the bellows or fan. It will do one-half to twice as much more work than the bellows or fan. Enough more work can be done and enough more coal saved than with bellows or fan to pay for it in a short time. It is the only force blast Hand Blower made for blacksmiths. It is equally well adapted to light or heavy work, as the blast can be varied instantly, at the will of the operator, to suit the work in hand, and will heat one-inch iron in one minute. It is guaranteed to do all we claim for it when run as directed. It will last ten times as long as the ordinary bellows or fan. No live, enterprising blacksmith can afford to be without one. This size is suitable for ordinary use up to largest class fire, made for right and left hand fires.

Price, each $16.00

Royal Steel Blowers with 20th Century Ideas.

No. 24T926 Handsomest—Because its constructive design is symmetrical, attractive and beautiful.

Best—Because made of the best material, by skilled workmen and best mechanical experience that can be obtained.

Superior Points—No belts, no clutches, no ratchets. The blower case oscillates on its bearing, permitting nose of case to point down or out or up, as may be desired, meeting any angle of blow pipe, thereby saving one elbow and 10 per cent of blast force, besides valuable room occupied by other blowers. The crank turns to right or left, as suits operator. The gears are cut on the most scientific principle; they are flat and straight cut (insuring double the life of bevel or worm gears), which combined with steel shafts and composition bearings made and assembled perfectly, run noiseless, and make this the best blower in the world. The gear case is oil tight and dust proof, permitting gears to run in a bath of oil. The blast is very powerful, and as positive and steady as a power blower, and takes less labor to operate than others. The after blast is strong and lasting. The four legs and base give a solid, non-trembling foundation. The room it takes is less than any other blower.

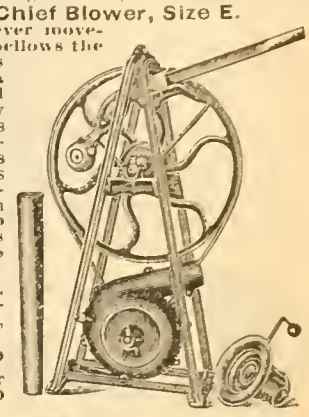
Price, only..... .....$9.95

Western Chief Blowers.

The Illustrations of the following blowers represent our new and improved Steel Frame Blowers the BEST, the STRONGEST, the NEATEST in the world, and in this we challenge the entire field. By having a frame constructed to support the fan from every side, and to brace each way from the bearings, it stands without trembling when operated, keeping all the bearings in line, working far easier than with a straight upright frame, either of wood or iron. In size A of these blowers we offer to our patrons the only practical combined crank and lever blower made. By an ingenious device we combine both motions in one machine, and at the same time each works independent of the other. When the crank works, thereby doubling the speed, the lever is idle. As soon as the crank is released it drops to the lower side, and gear wheels stop. This is the only gear motion that will stop (all gears) while the shaft still revolves. All gears are cut.

IMPORTANT FEATURES—Cut gears, solid angle T steel frame, compressed steel shafts, the W. C. Tuyere iron and fire pot, with bowl top and goose nest, steel friction clutch, positive and noiseless and also adjustable; no leathers or ratchets in its construction. The W. C. brass boxes and oil cups used throughout, reversible nose to fan case, for turning the blast to right or left, as desired.

Western Chief Blower, Size E.

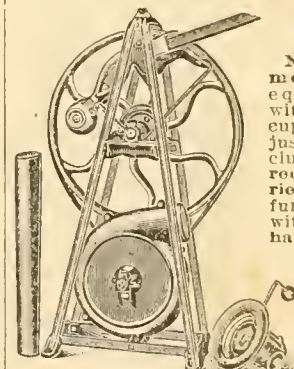


No. 24T927 Lever movement only. No bellows the equal of this. This blower gives a powerful blast and runs very easy and noiseless. Is equipped throughout with brass boxes and oil cups and has noiseless, adjustable steel friction clutch. It takes up little room and is much superior to bellows.

Diameter of fan, 14½ inches; diameter of fly wheel, 27 inches.

Price..... $10.90
Extra for power attachment.. $2.00

Western Chief Blower, Size B.

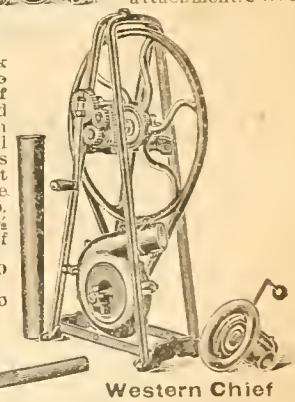


No. 24T928 Lever movement only. Is equipped throughout with brass boxes and oil cups; has noiseless, adjustable steel friction clutch, takes up little room, and is far superior to bellows. Can be furnished to operate with right arm for left-handed smiths when desired.

Diameter of fan, 16¼ inches; diameter of fly wheel, 27 inches.

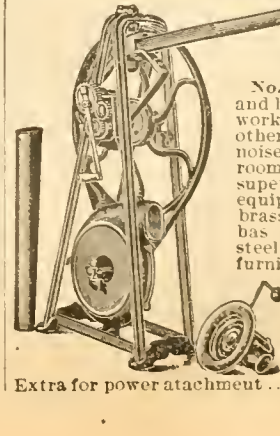
Price $12.50
Extra for power attachment. $2.00

Western Chief Blower, Size F.



No. 24T929 Crank movement only. No bellows the equal of this. It is equipped throughout with brass boxes and oil cups. As soon as crank is released it drops to lower side and gear wheels stop. Diameter of fan, 14½ inches; diameter of fly wheel, 27 inches. Price, each... $10.30
Extra for power attachment..... $2.00

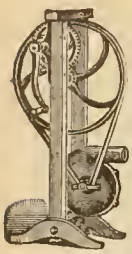
Western Chief Blower, Size A.



No. 24T930 Both crank and lever movement, which work independent of each other. It runs very easy and noiseless, takes up little room, and is in every way superior to bellows. Is equipped throughout with brass boxes and oil cups and has noiseless adjustable steel friction clutch. Can be furnished to operate with right arm for left-handed smiths when desired. Diameter of fan, 16½ in.; diameter of fly wheel, 27 inches

Price, each.... $14.00
Extra for power atachment $2.00

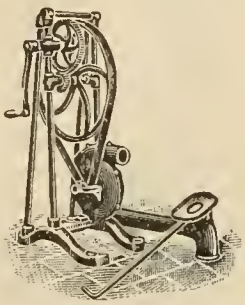
Buffalo Acme No. 50 Blacksmiths' Crank Hand Blower.



No. 24T931 Blower No. 50 is designed to meet requirements where, for convenience, a crank blower is desirable. In its construction we have embodied our Patent Ratchet Crank, which does not continue to revolve when released by the operator, but falls in the position indicated in the illustration, which is most convenient in starting the blower. At thirty turns of crank per minute, this blower will blow strong enough to heat 3 to 4-inch iron in from five to ten minutes. Size of fan, 14 inches; height, 47 inches. Weight, with tuyere, 125 pounds.

Price, complete with tuyere iron.....$9.00

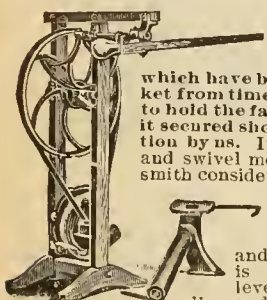
All Steel Crank Blower No. 50X.



No. 24T932 This blower is the same as our No. 24T931, except it has a steel frame and base instead of a wood frame and base. It is made extra strong, and is intended to withstand the wear and tear incident to outdoor service. A first class blower in every respect. Size of fan, 14 inches diameter; height over all, 44 inches. Weight, 140 pounds.

Price, complete with tuyere iron.....$10.45

Buffalo Acme No. 30 Blacksmiths' Upright Hand Blower.



No. 24T933 This blower, notwithstanding the numerous imitations of it which have been placed on the market from time to time, still continues to hold the favor of the trade, which it secured shortly after its introduction by us. It has the natural lever and swivel motion which allows the smith considerable freedom of movement about his fire, and the peculiar pawl and ratchet casing by which positive engagement and operation of fly wheel is always secured. The lever of our blower never slips and the parts are so proportioned that one movement of the lever communicates a number of revolutions to the fly wheel, which in turn keeps the fan in motion so as to allow plenty of time between the successive strokes of the lever, to handle the iron being heated, without abating the blast. For general blacksmithing it has no equal; it heats quicker with less labor than any other blower or bellows made. The blast continues for some moments after the lever is at rest. Size of fan, 14 inches diameter; height, 47 inches. Weight, with tuyere, 130 pounds. Price, complete with tuyere iron....$11.90

Our 1901 Pattern Lever Blower No. 30X.

No. 24T936 This blower is the same as our No. 24T933, except that it has a steel frame on a cast base, instead of wooden frame and base. It meets the wants of those who like the style and design of our No. 24T933, but prefer a steel to a wood frame. The frame is extra strong, all parts having sufficient iron to make it stiff and rigid just where durability and strength are wanted. Size of fan, 14 inches in diameter; height, 46 inches. Weight, 150 lbs. Price, complete with tuyere iron.....$13.00

Buffalo Acme No. 60 Blacksmiths' Crank Hand Blower.

No. 24T938 This blower is a model of compactness and strength, combined with great wind power, and operates so easily and without noise that it has met with instant favor from the trade. It is furnished with our patent ratchet crank, which always drops to the same position and remains there motionless on being released, although the fly wheel may continue to revolve. The fan is of extra large size, and the frame is of tubular steel, securing the greatest degree of combination of rigidity, durability and power. Our latest pattern. Perfectly noiseless. Height, 72 inches; fan, 17 inches; fly wheel, 48 inches diameter. Weight, 210 pounds with tuyere.

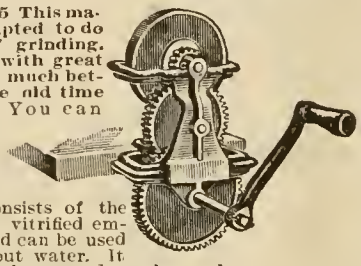
Price, complete with tuyere iron.....$13.25

Our New Double Crank Blower No. 70

No. 24T940 This blower is designed especially for ventilating mines—drifts and tunnels, for dispelling smoke and fumes resulting from blasting operations. After a thorough trial in the mining districts it has proven to be the only practical hand blower having sufficient capacity for this class of work. It can be operated by either one or two men, and has a specially large fan with gearing in proportion. For heavy blacksmithing or emergency work it has no equal. The frame is of wrought iron, and is made to withstand hard usage. Height, 46 inches; fan, 17 inches in diameter. Weight, 105 pounds.

Price, complete with tuyere iron.....$15.20

The Universal Tool Grinder.



No. 24T955 This machine is adapted to do all kinds of grinding. It will do it with great rapidity and much better than the old time grindstone. You can grind anything on this machine from a razor to a plow point. It consists of the best make of vitrified emery wheel and can be used with or without water. It has a heavy frame and gearing and can easily attain a speed of 1500 revolutions a minute. It can be quickly adjusted to a bench and gives perfect satisfaction in every respect. The diameter of the wheel is 5 inches, with a face of 1¼ inches. Price, each, $2.15

No. 24T956 Extra Stones for above Tool Grinder. In ordering state kind of work stone is wanted for. Size, 5x1¼x¾ inches.

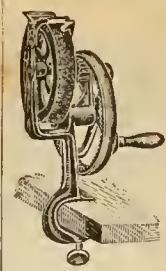
Price, each.....55c

Foot-Power Emery Wheel Grinding Machine.

Here is what every Blacksmith, Carpenter, Gunsmith, Marble or Granite Worker should have. It will pay for itself in one month in any shop. Always ready; can be moved about, as it is not fastened to the floor; occupies only 15x20 inches floor space; height 3½ feet. Will carry a wheel 4 to 10 inches in diameter. Diameter of mandrel, ¾-inch, downward thrust of pedals, 14 inches. It is made of the best material throughout, is light and durable, has been on the market for a number of years and has given universal satisfaction. In a blacksmith or gunsmith shop it will pay for itself in files alone in a very short time. Speed, 2000 revolutions per minute. Weight, 90 pounds. Comes complete with ¾x8-inch flat face emery wheel.

No. 24T960 Price, each.....$10.25

No. 24T961 Price, each, with buffing spindle..... 11.90

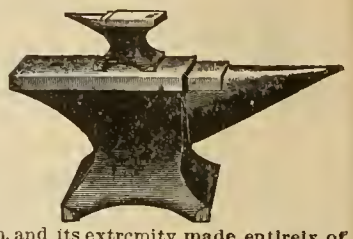


Acme Knife and Scissors Grinder.

No. 24T950 This is one of the most complete low priced machines on the market. By loosening the screw at side the guide may be raised or lowered to correspond with the bevel of knife to be sharpened. The emery wheel is made of the best quality emery. A first class article for a little money.

Price, each.....$1.05

ANVILS.



No. 24T975 Cast Iron Anvils, with steel face. The face of this anvil is one solid piece of English tool steel, thoroughly welded to the body of the anvil by a patent process. The horn is covered with, and its extremity made entirely of cast steel. The face and horn are then accurately ground and tempered. We do not guarantee this anvil, but it will give satisfaction for light work.

Peter Wright's Anvils.

Wrought Iron with Steel Face.

No. 24T981 This well known anvil has stood the test for years, and is today the most popular anvil in the world. It is cheap enough for anybody and good enough for anyone. Don't buy an anvil too light for your work. A light anvil when struck a hard blow with a heavy hammer is sure to jump. We carry a large stock, but occasionally are not able to send exact weight ordered, but can always come within 5 pounds of the weight ordered. This anvil is sold by the pound, and price per pound varies with the size.

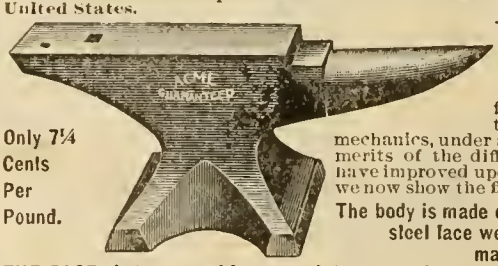
Peter Wright's Farriers' Anvil.

No. 24T982 Made of the best wrought iron with steel face, from ½-inch to 5/8-inch thick. When turning or fitting shoes, the entire length of horn is obtained by its being full width of the body at end of steel face. It has a suitable side horn for drawing toe clips, etc., and a thin steel heel for working small size shoes. Weight, 140 to 150 pounds.

Price, per pound..... .12c

American Wrought Anvils.

HAVING SECURED THE EXCLUSIVE SALE of one of the best wrought anvils in the world, we have agreed to take the entire output, and in order to do so we have reduced the price to where it will enable us to sell more anvils than any firm in the United States.



Only 7¼ Cents Per Pound.

THE TIME HAS PASSED WHEN WE MUST GO TO ENGLAND FOR OUR BEST ANVILS.

Having sold both the American and English anvils for a number of years, shipping them to every part of the United States, having been used by all kinds of mechanics, under all circumstances, we are in a position to know the merits of the different makes. In our American Wrought Anvil we have improved upon all foreign makes in shape, style and finish, until we now show the finest high grade anvil produced by anyone.

The body is made of the best quality wrought iron, with an extra heavy steel face welded to the body by an electric process, which makes it practically a solid steel anvil.

THE FACE is tempered by a special process, known only to the makers of this anvil, which warrants it against flaws, chipping, or being too soft. This, by the way, is the most difficult obstacle to overcome in anvil making. Hundreds of anvils, made of good material, are made useless by poor tempering, being either too hard or too soft.

THE FACE IS TRUED AND SHAPED BY A SPECIAL MACHINE so that every anvil is mechanically perfect; no hollow or uneven places. The horn is extra long with the Peter Wright shape, pattern and curve, nicely rounded. The hole for the hardie is made true and straight, so you experience no trouble by hardie or flatter sticking or not setting level. While these points seem small, the defects of nine-tenths of all anvils, both foreign and American make, now being sold, rest in the fact that these points are not looked after. We cannot always furnish even weights; please allow five pounds either way.

NOTICE—Never leave a hot piece of iron for any length of time on the face of an anvil, as this will surely draw the temper and thus make it soft. A great many anvils are ruined in this way.

DO YOUR OWN HORSESHOEING.

No. 24T990 HORSESHOERS' OUTFIT No. 1 FOR $2.65.

One Pair Flat Lip Blacksmiths' Tongs. 20 inches long.
One Double Face Horse Rasp. 12 inches long. Nothing better made.
One Adze-Eye Farriers' Hammer. Full polished, best quality hickory handle. Weight, not including handle, 10 ounces.
One Celebrated Wostenholm IXL Farriers' Knife. Every knife fully warranted.
One Cast Steel Buffer.
One Pair of Farriers' Pincers. Solid hammered cast steel; polished jaws. Length, 14 inches.
One Pair Cutting Nippers. Made of best quality tool steel. Length, 14 inches.
Two Pounds Best Quality Horse Nails. Sizes 7 and 8.
One Pound Toe Calks. Assorted sizes.
No. 24T990 Price, complete set $2.65

This illustration shows our No. 24T992 Set.

No. 24T992 HORSESHOERS' OUTFIT No. 2 FOR $4.75.

One Pair Flat Lip Blacksmiths' Tongs. Drop forged, no welds. Weight, 2¼ pounds. Length, 20 inches.
One Pair Solid Steel Horseshoers' Round Lip Tongs. Drop forged. Weight, 1 pound 5 ounces. Length, 12 inches.
One S., R. & Co.'s Brand Farriers' Hammer. *Adze Eye.* Round pole, full polished. Weight (not including handle), 10 ounces.
One Blacksmiths' Hand Hammer. Extra fine grade, fully warranted. Weight (hammer only without handle), 2 pounds 10 ounces.
One Pair Farriers' Pincers. Solid hammered cast steel. Weight, 2 pounds 10 ounces. Length, 14 inches.
One pair Cutting Nippers for cutting horse nails, etc., also for trimming horse's hoof. Made of solid steel. Length, 14 inches.
One Horseshoers' Buffer for cutting off or driving out nails after having been driven in hoof. Made of solid tool steel.
One Keystone Farriers' Knife. Blade can be taken out and changed in case of a breakage.
One S., R. & Co.'s Double Face Horse Rasp. Length, 14 inches.
One Buttress. Made of best grade cast steel.
One Clinch Block. A piece of cast steel used in clinching horse nails.
Three Sets Horseshoes. Best grade, any size, No. 2 to 6.

Two Pounds Ausable Horse Nails. Assorted 6, 7 and 8.
Three Pounds Toe Calks. Assorted sizes.
One Nail and Tool Box. Made of well seasoned whitewood.

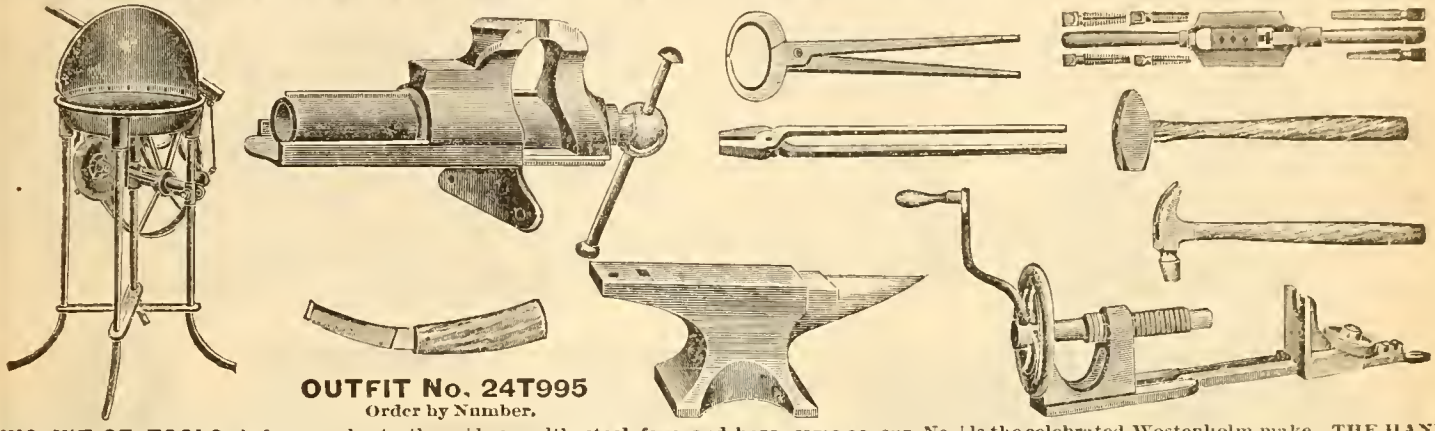
OUR $14.25 OUTFIT OF BLACKSMITHS' TOOLS.



OUTFIT No. 24T995
Order by Number.

THIS KIT OF TOOLS is far superior to those usually sold, all tools being strictly first quality standard tools, such as are used by mechanics.

READ DESCRIPTION OF THE TOOLS. THE FORGE is a lever forge, built especially for farmers' use and light repairing. THE HEARTH is 18 inches in diameter. FAN, 6 inches in diameter. THE RATCHET is perfect and cannot get out of order. THE DRILL is a Standard horizontal drill, screw feed, and is furnished with chuck to take drills having square shank. THE ANVIL has a cast base with steel face and horn, same as our No. 24T975 anvils, and can be used the same as a solid wrought iron anvil. We guarantee the face of this anvil not to become detached from body of anvil; weight, 30 pounds. THE VISE is our Parallel Bench or Farmers' Vise; has steel face and screw finely finished. A good serviceable vise. Size, jaws, 3 inches. Weight, 17½ pounds. THE STOCK AND DIES cut ⅝ to 3-16 right hand, 14, 18 and 22 threads to the inch, with 6 taps and 3 sets of dies. THE TONGS are dropped forged (no welds), length 20 inches. THE PINCERS are solid hammered cast steel, length, 14 inches. THE FARRIERS' KNIFE is the celebrated Wostenholm make. THE HAND HAMMER weighs 2 pounds (without handle), solid cast steel. THE FARRIERS' HAMMER weighs 10 ounces (without handle). All tools are strictly first class in material and workmanship. YOU WILL SAVE $14.25, the price of this outfit, in your own time and blacksmith bills. Shoe your horses, mend your machinery, your wagons. You can do any ordinary work. WORTH FIVE TIMES THE PRICE every year for keeping all your tools in perfect order.

No. 24T995 Our price is astonishingly low..... $14.25

THE FARMERS' KIT OF BLACKSMITHS' TOOLS, $25.00.

FOR THE FARMER, STOCKMAN, PLANTER AND MECHANIC.

COMPLETE FOR $25.00

There have been many cheap kits of blacksmiths' tools sold, but never before has anyone offered a kit of standard, reliable tools. Read the description of each article.

THE FORGE. We furnish a lever forge having hearth 18 inches in diameter. It is furnished with 6-inch fan. The gear is the simplest, strongest and best ever put on a forge. Only a slight movement of the lever produces the strongest blast.

THE DRILL. We furnish a self feed post drill. Will drill to center of a 12-inch circle. Spindle is bored to take in drills having ¼-inch round shank. In material and finish this drill is equal to any that is made.

THE ANVIL. We furnish an anvil with steel face, accurately ground and tempered. Weight, 60 pounds. The face of this anvil is one solid piece of English tool steel, thoroughly welded to body of anvil by a patent process. The horn is covered with, and its extremity made entirely of cast steel.

ALL TOOLS furnished with this outfit are strictly first class, and are suitable for any small blacksmith's or farmer's use. You can compare this set with anything else in the market, for there's nothing offered like it.

THE VISE. We furnish a wrought iron solid box and screw blacksmith vise, with steel jaws, weighing 35 pounds.

THE SET OF STOCKS AND DIES. Cuts ⅝ to 3-16-inch right hand, 14, 18 and 22 threads to the inch, with six taps and three sets of dies. The hot cutter and cold cutter are 1⅝-inch cut. The hardie fits anvil. The tongs are 20 inches long. The pincers 14 inches long. The farriers' knife is the celebrated Wostenholm make. The hand hammer weighs 2 pounds without the handle. The farriers' hammer weighs 10 ounces without the handle. The buttress is 2-inch cut. The drills—We furnish 7 drills to fit drill; one each size, ⅛, 3/16, ¼, 5/16, ⅜, ½ and ⅝ inches.

No. 24T997
Our price for complete outfit, as above illustrated . . .
$25.00

THE ACME KIT OF BLACKSMITHS' TOOLS FOR $31.00.

No. 24T999
Order by Number.

NO ONE WILL MEET OUR PRICES on same quality of goods. We will not sacrifice quality for price, but on our high standard of quality, WE DEFY COMPETITION.

THE FORGE. We furnish a Lever Forge having hearth 21 inches in diameter. It is furnished with 8-inch fan. The gear is the simplest, strongest and best ever put on a forge. Only a slight movement of the lever produces the strongest blast.

THE ANVIL. We furnish an American wrought anvil, accurately ground and tempered. Weight, 85 pounds. The face of this anvil is one solid piece of English tool steel, thoroughly welded to body of anvil by a patented process. The horn is covered with and its extremity made entirely of cast steel.

THE DRILL. We furnish a Self Feed Post Drill. Will drill to center of a 12-inch circle. Spindle is bored to take in drills having ¼ inch round shank. In material and finish this drill is equal to any that is made. Weight, 80 pounds.

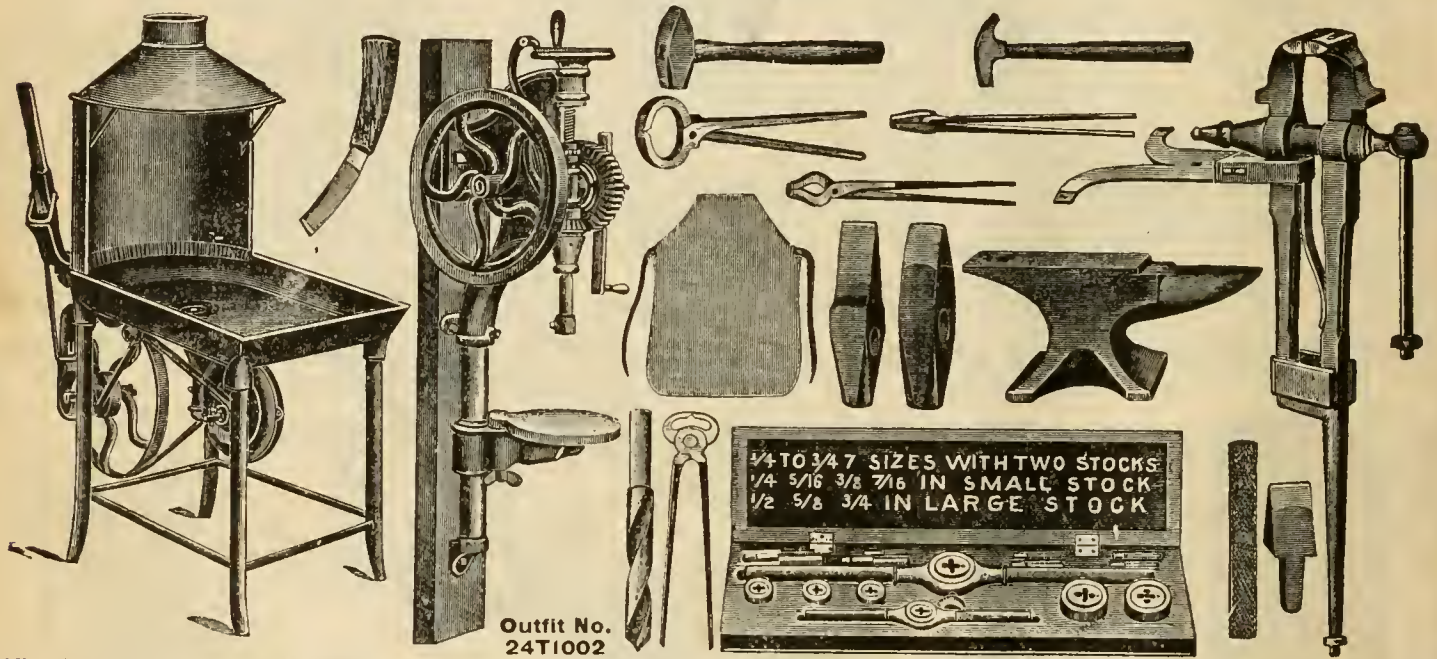
THE VISE. We furnish a wrought iron solid box and screw blacksmith vise, with steel jaws, weighing 35 pounds.

THE SET OF STOCKS AND DIES cuts ⅝ to $\frac{3}{8}$-inch right hand, 14, 18 and 22 threads to the inch, with 6 taps and one set of three dies. The hot cutter and cold cutter are 1⅜-inch cut. The hardie fits anvil. The tongs are 20 inches long. The pincers 14 inches long. The farriers' knife is the celebrated Wostenholm make. The hand hammer weighs 2 pounds without the handle. The farriers' hammer weighs 10 ounces without the handle. The buttress is 2-inch cut. The drills—We furnish 8 drills to fit drill, one each size, ⅛, $\frac{3}{16}$, ¼, $\frac{5}{16}$, ⅜, ½, ⅝ and ¾-inch.

ALL TOOLS furnished with this outfit are strictly first class, and are suitable for any small blacksmith or carriage maker's shop. You can compare this set with anything else in the market, for there's nothing offered like it. We have a cheaper kit. See preceding page.

No. 24T999 PRICE FOR COMPLETE OUTFIT AS ABOVE ILLUSTRATED AND DESCRIBED.....$31.00

OUR $45.00 SET OF BLACKSMITHS' TOOLS.



Outfit No. 24T1002

All tools are A1, the best we carry, and are guaranteed to be made of high grade material of perfect workmanship. We replace any tool found defective, free of charge.

A Set Suitable for Any Blacksmith Shop.

THE FORGE. We furnish a lever forge with a half hood; size of fan 12 inches; height of forge, 30 inches; size of hearth, 35x23 inches. Weight, 145 pounds. It is the best finished and most perfect motion lever forge made. Will produce a welding heat on 3-inch iron in seven minutes.

THE DRILL. We furnish an automatic self feed post drill, one of the best machines we carry, all bearings being extra long and heavy; shaft and spindles are made of high grade machine steel; in short, a blacksmiths' drill in every sense of the word; drills to the center of 15-inch circle and from 0 to 1¼-inch holes. Weighs 125 pounds.

THE VISE. We furnish a solid wrought iron vise with steel face and jaws; has machine cut screw; an A1 vise in every respect. Weight, 50 pounds.

THE SCREW PLATE. We furnish our invincible screw plate known by all mechanics as being the most perfect thread cutting tool ever invented. Guaranteed to cut a perfect thread with a single cut. The sizes are ¼, ⅜, ½, ⅝ and ¾ inch; five taps and five pairs of dies. Comes complete in a heavy oak case as shown in illustration.

THE BLACKSMITH APRON. Our regular $1.30 split leather apron, extra large size, complete with straps.

FARRIERS' KNIFE is the imported IXL Wostenholm. **HARDIE** is 1¼-inch and fits the anvil. **HAND HAMMER** weighs 3 pounds, is made of best grade tool steel. **FARRIERS' HAMMER** is our S., R. & Co.'s brand, and weighs 1 pound, handle included.

THE DRILLS, of which we furnish eight in number, sizes ⅛, $\frac{3}{16}$, ¼, $\frac{5}{16}$, ⅜, ½, ⅝ and ¾, have ¼-inch round shank and are made to fit the drill. They are what is called the Morse pattern twist drill and are guaranteed against flaws or workmanship.

THE ANVIL. We furnish our 100-pound American solid wrought anvil with steel face, one of the best anvils made in this or any other country. The body and base is wrought iron; face and horn are steel welded together by an electric process which makes practically one solid piece. We warrant this anvil against defects or being too hard or soft.

CUTTING NIPPERS are the V. & B. brand; are made of a solid piece of steel, no welds; length, 14 inches. **FARRIERS' PINCERS** are the V. & B. brand, made from one solid piece of steel, length 14 inches. **FLAT LIP TONGS** are 22 inches long and are drop forged from one piece of steel; no welds to break. **BOLT TONGS** will hold bolts or iron $\frac{1}{8}$ to ½ inch in diameter, are drop forged, thus doing away with all welds. **HORSE RASP** is our S., R. & Co.'s make, is double faced, hand cut and is 14 inches long. **HOT CUTTER** has a 1⅜-inch cut and weighs 2-pounds, 2 ounces. **COLD CUTTER** has a 1¾ inch cut, and weighs 2 pounds 14 ounces.

To accommodate our customers we will allow them to omit any article in this outfit and substitute any article (pertaining to blacksmiths' supplies only) in exchange at our regular catalogue prices for article omitted, also for new article selected.

No. 24T1002 OUR PRICE FOR COMPLETE OUTFIT AS ABOVE ILLUSTRATED AND DESCRIBED, ONLY.....$45.00

OUR $5.95 PORTABLE FORGE LEADER.

WE BELIEVE WE ARE HEADQUARTERS for everything desirable in portable forges. We have made our contracts with several of the very largest and most reliable manufacturers in the country, concerns who are strictly headquarters for the manufacture of the highest grade portable forges on the market. **There are many cheap, inferior forges offered,** and even some of our competitors may attempt to meet or cut our prices, but when a forge is offered at within 10 or 20 per cent of the price we are able to name, **you can depend upon it you are not getting the same grade of work.**

WE GUARANTEE OUR FORGES to be exactly as represented, and if not found so, you can return them to us and we will cheerfully refund your money. **All our forges are made of the very best material,** are thoroughly well put together, and **guaranteed to give the best of service.** The prices we quote are for the forges carefully packed and delivered on board the cars in Chicago. You pay the freight, **but you will find the freight will amount to next to nothing as compared with what you will save in price.** There is perhaps no more necessary or economic machine on a farm than one of our **strictly high grade portable forges. In one year it will save its cost ten times over in time,** to say nothing of the saving in blacksmiths' bills.

AT $5.95 WE OFFER YOU a strictly high grade, fully guaranteed forge, which you could not duplicate elsewhere, in a wholesale way, at less than $10.00, and a forge that would retail at $12.00 or more. This forge is especially designed for bridge, boiler and tank builders, miners, prospectors, elevated railroad builders, farmers, etc. **We are able to get the price so low, $5.95,** that every farmer in selecting a forge should order this in preference to a cheaper one. The motion is a very simple device. It has a self acting ratchet; no springs or anything to get out of order. **It is made from the very best material.** The lever is connected with a segment of gears which speeds the driving wheel up to a very high speed. It requires a very slight movement of the lever to get the strongest blast. **This forge is supplied with a 9-inch fan, hearth is 21 inches in diameter.** Having but three legs, it stands very firmly on an uneven foundation, and is purposely made for the work we claim. **Height of forge, 30 inches; hearth, 21 inches in diameter; fan, 8 inches. Weight, 80 pounds.** This is the largest forge we ever saw offered at anything like the price, and we would ask you to compare the size of hearth and fan with other forges at about the same price, and draw your own conclusions.

WE WANT TO SELL ANOTHER 5,000 OF THESE $5.95 FORGES during the coming year, and with the expectation that we will sell this number, we continue to make our price $5.95. By making our contract on this basis, we were able to get the price down to about the actual cost of material and labor. To this we have added only our one small percentage of profit, and as a result, **in buying a single forge from us at $5.95, you are practically buying on the basis of a contract for 5,000 forges.** This forge is accepted by the railroad companies at second class freight rate, and its weight is 80 pounds. By referring to the freight rates in the front of the book, you can calculate very closely what the freight will be, which you will find will amount to next to nothing as compared with what you will save in price. **If you buy one of these forges from us at $5.95** you will be getting it for less than the average retail dealer pays for them at wholesale.

No. 24T1008 Price.....$5.95

No. 24T1008

Price $5.95

THE ACME FORGES.—PORTABLE LEVER TYPE.

The line of Acme Forges illustrated below will be found to contain those of suitable capacity for all classes of blacksmith work. A close examination of the several designs will clearly show that each individual machine is particularly adapted to the requirements for which it is recommended. A careful study of all the desirable features of a forge for a given service has been made and the greatest possible number embodied. In the construction of the Acme forges only the best materials and workmanship enter. The greatest accuracy is constantly insisted upon in the erection and assembling of the machines, which results in all parts being brought into the closest relation to each other. The most approved methods of securing them are employed. In consequence there is no gradual rattling loose or becoming wabbly after the machines are used for a time. All these deficiencies common to cheap forges will be found to be entirely avoided.

Attention is directed to the dust proof self oiling bearings. The equal of these journals is not employed on any other forge on the market, and the use of them renders frequent oiling unnecessary. The hearths, coal boxes and water tanks will all be found of generous dimensions and of most convenient form. The tuyeres are of special design and thoroughly effective.

Remember when you buy a Forge from us, all sizes, weights, etc., will correspond with catalogue description. A great many houses stretch the sizes and weights by measuring the fan over all, and add to weight by weight of crate, etc. **We guarantee weights and sizes to be just as represented or money refunded.**

Our $4.95 Leader Forge.

No. 24T1009 Sears, Roebuck & Co.'s Portable Forge is especially built for farmers' and planters' use or for light repairing. Blacksmiths should buy a larger forge. This lever motion forge has pipe legs. Has 8-inch fan. Stands 30 inches high. Hearth is 18 inches in diameter. Will produce a welding heat on fine iron in five minutes. Compare weight, size of fan, etc., with any other make and you will see this is the cheapest forge for the size sold by any one. Weight, 65 pounds. Price, each.....**$4.95**

No. 24T1010 Lever Forge, same as above with half hood. Price, each.....**$5.95**

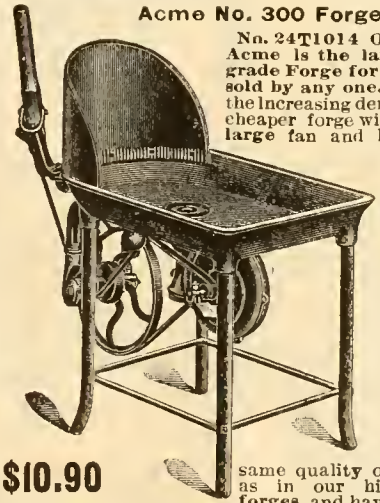
Our Acme No. 352 Forge.

ONLY $11.20 FOR THIS SPLENDID FORGE.

No. 24T1012 This Forge is of the same high grade as our No. 24T1009 but with hood entirely closed. The large sliding door in front and smaller door in rear affords convenience in handling long bars. The escape of sparks, fumes and smoke is effectually prevented and this type of forge is particularly adapted to places where combustible material is lying about or where bright metal work is attacked by fumes from the fire. It is fitted with our patent **ring oiling** journal, used only on the Acme forges. Hearth, 22 inches; diameter fan, 10 inches; height, 33 inches. Weight, 90 pounds.

Price, each.....**$11.20**

Acme No. 300 Forge.



No. 24T1014 Our No. 300 Acme is the largest high grade Forge for the money sold by any one. Owing to the increasing demands for a cheaper forge with an extra large fan and hearth, we have designed the above and a trial order will readily convince you we have the most durable, best finished and most perfect lever motion forge on the market. We have used the same quality of material as in our high priced forges, and have succeeded in outclassing them. It has our improved tuyere with ball valves and oil ring journal bearings used only on our Acme line of forges. It has a 12¼-inch fan, 35x23-inch hearth, is 30 inches high and **weighs 120 pounds actual weight.** Will produce welding heat on 3-inch iron in five minutes. Price, each.....**$10.90**

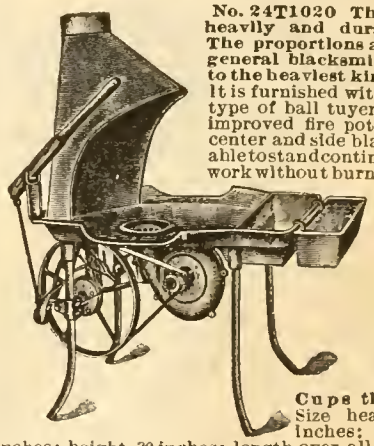
$10.90

Acme No. 5 Forge.

No. 24T1016 This Forge is designed for general blacksmithing. Has a large roomy hearth and easy lever motion that gives a strong steady blast. Its durability and excellent service can be fully recommended. Note the size and weight of this forge. No forge in the market will compare with it at the price. Size of hearth, 45x32 in. Has 14½-inch fan.

Height, 30 in. Weight, 300 lbs.
Without water tank..**$12.00**
With water tank..... 13.25

Acme No. 25 Forge.



No. 24T1020 This Forge is heavily and durably built. The proportions adapt it to general blacksmiths' use up to the heaviest kind of work. It is furnished with the latest type of ball tuyere iron with improved fire pot, combining center and side blast, which is able to stand continuous heavy work without burning out; an improved steel friction clutch is used. This is a high class forge in every detail. **It is furnished with Brass Boxes and Oil Cups throughout.** Size hearth, 46x33 inches; fan, 12½ inches; height, 30 inches; length over all, 54 inches. Weight, 300 pounds.

Price, with coal box.....**$17.80**
Price, with coal box and water tank..... 19.25

Royal Steel Forges.

$12.50.

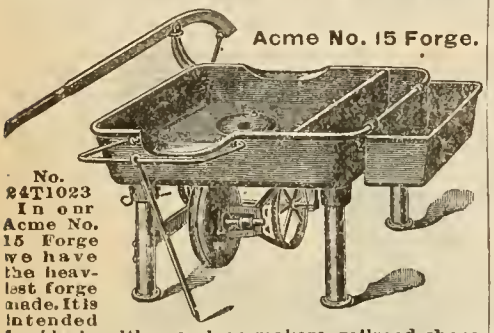
No. 24T1027 In the above forge we have the only up to date blower on the market. As a rivet forge or to be used in boiler or repair shop it has no equal. It is provided with the Royal style of blower, which has the flat, straight cut gears, **insuring double the life of bevel or worm gears,** which combined with steel shafts makes it by far the best forge made by anyone. The gear case is oil tight and dust proof, permitting the gears to run in a bath of oil. We use no belts, clutches or ratchets. The hearth is of sheet steel, making the forge light and neat in appearance. Can be quickly and easily taken apart for transportation, and its extreme lightness and simplicity make it a most desirable move-about forge. **Remember, we have the simplest and most powerful blower on this forge ever invented.** It is entirely different from any other make. Has no worm gears to bind and get out of order after two months' use. The blower, by the way, is the most essential part of a forge of this kind. The crank turns to right or left as suits operator. Will give a welding heat on 3½-inch iron in about ten minutes. Has 18-inch hearth, 9-inch fan. Height, 30 inches over all. Weight, 70 pounds. Special price, each.....**$12.50**

$12.50

Challenge No. 3 Forge.

No. 24T1022 For machine shops, stone cutters, railroad repair shops, mills, mines and general indoor work this forge will be found to be unsurpassed. The type of hood furnished insures as nearly perfect removal of smoke as can be effected in a forge of this type. No other of this class is so well adapted for surgical instrument factories, fine tool rooms or other uses where smoke and fumes are particularly objectionable. Perfectly noiseless in operation. Size, hearth, 35x23 inches; fan, 12½ inches; height, 30 inches. Weight, 135 pounds. Price, with half hood, as shown in illustration.....$13.50

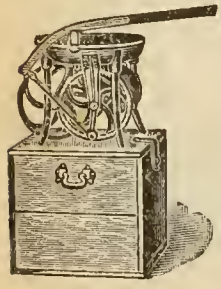
Acme No. 15 Forge.



No. 24T1023 In our Acme No. 15 Forge we have the heaviest forge made. It is intended for blacksmiths, carriage makers, railroad shops and heavy forgings. It is the best built forge money will produce. The legs are short and extra heavy; stands 28 inches high; fire pan is 51x38 inches, is supplied with the empire adjustable tuyere iron and cut off, which produces a powerful blast; also water and coal box. We furnish this forge without a hood, but can furnish a canopy to suspend over it if so desired at a small additional cost. Actual weight, 500 pounds. Price, each.....$36.50

Price is f.o.b. factory in Central New York.

Acme Miners' and Prospectors' Portable Forge.



No. 24T1024 This Forge is the same as our large lever forge, but has shorter legs, making it more convenient for transportation. It is especially adapted for prospectors for carrying on mule back. It will heat iron 1½ inches in diameter in five minutes and do heavier work if required. The best miners' forge now on the market. The case has sufficient room for a full line of blacksmith's tools. Size of hearth, 18 inches in diameter. Weight, 65 pounds. Price, with case...$10.00

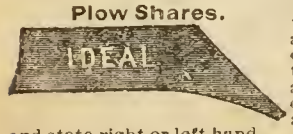
Plow Shares.



They are made of the best soft center and solid crucible cast steel. They are the best shape, have an upset edge, and can be easily fitted to any plow. Be sure and state right or left hand.

No. 24T1026 No. 1 Shares, for old ground plows, made from soft center steel. 12-in. each, $1.70; 14-in. each $2.05; 16-in. each, $2.25.

No. 24T1027 No. 2 Shares, for old ground plows, made from solid crucible steel. 12-in. each, 65c; 14-in. each, 85c; 16-in. each, 95c

Royal Western Forge.

This forge is to be used in large blacksmith shops, plow and railroad shops, etc., where heavy work is done and a first class forge is wanted. In this forge we have combined our famous Royal Blower with our heaviest cast forge, which makes the most complete and powerful forge on the market. The fan is extra large and the blast is direct from blower to fire. Easy to operate and equal in volume to any demand required. Size of hearth, 33½x46 inches; diameter of fan, 12 inches; height, 30 inches; length over all, 54 inches. Weight, 275 pounds.

No. 24T1028 Price with either coal or water box.....$18.50

No. 24T1029 Price with both coal and water box.....$20.00

Royal Steel Forge.

Our Royal Steel Forge is designed for boilermakers, bridge builders, quarries, railways, well drillers, or for any outside work where the hood is not needed. Our famous Royal style of blower, with cut gears fitted in oil tight case, is used for furnishing the blast, the crank of which turns to right or left, affording a blast as steady and strong as a power blower. A welding heat on 4-inch iron can easily be made in about 10 minutes. This blower itself can be revolved half way around and operated by helper without his standing in the way of the smith. This feature every smith will appreciate. Its ease of operation and noiseless mechanism, with no belts, ratchet or clutch, recommend it over others. For shipment or transportation, it is easily and quickly taken apart and all parts packed in its own hearth, which forms a strong shipping case. Size, 30x36 inches; diameter of fan, 10 inches; height, 30 inches. Length over all, 44 inches. Weight, 210 pounds.

Horseshoers' Movable Foot Vise.

No. 24T1044 We have here the best foot vise for the money ever offered. It is made of wrought iron and steel, has reversible head block for sharpening shoes in winter. The price we ask for it places it within the reach of a great many horseshoers who do not feel they can afford the more costly vise. It stands 3 feet high, and weighs 60 pounds. Price, each, $6.40

New Green River Shoeing Vise and Bolt Header.

The vise, which drops open when not in use, forms both sharp and straight calks, the forming die being of tool steel of proper shape. The back jaw is so hung as to adjust the grip to shape of the work.

The swaging plate for sharp calks is furnished with a full number of grooves for large and small calks. It can be placed so that the grooves run either way as may be preferred.

The bolt heading dies are dropped into place or removed instantly without trouble. They are set firmly by driving a taper key which is always in place. Sizes, ¼, ⅜, ⅜, ⅜, ½, ⅝, ¾ inch. Any length up to 24 inches.

No. 24T1045 Price, complete for shoeing and bolt heading.....$10.50

No. 24T1046 Price, for shoeing only (without bolt heading attachment).....$9.75

Horseshoers' Foot Vise.

Guaranteed the best vise on the market.

No. 24T1048 This is the most perfect tool of its kind yet produced. By a simple adjustment the grip of the jaws is adjusted to thick or thin shoes or iron, and by adjusting the stop it can be made to lock itself or not, at pleasure, which is a feature that no other horseshoers' vise possesses. The locking of the vise does away with an extra vise for filing shoes, and a slight touch of the toe under the foot lever releases it. They are strongly made with steel jaws, one jaw being removable. Height, 3 feet and 3 inches. Weight, 112 pounds. Face, 2 inches wide by 5¼ inches long. Complete with sharpening dies. Price, each.....$10.75

Blacksmiths' Aprons.

No. 24T1050 Sheepskin Aprons. Size, 26x34 inches. Price, each.....$1.00

Horseshoers' Aprons.

No. 24T1054 Pigskin Aprons. Size, 28x38 inches. Price, each.....$1.75

Mechanics' Aprons.

No. 24T1055 Made of a good quality of bed ticking, 30 inches wide, by 36 inches in length, with pockets and shoulder and waist straps. Stamped Sears, Roebuck & Co., Chicago, plainly on the front of each apron. The price without our name would be 45 cents each. Each.....22c

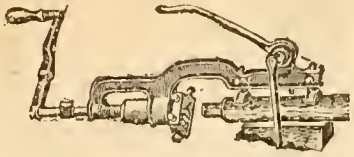
The Jewel Spoke Tenoning Machine.

The Jewel Spoke Tenoning Machine, which is just being placed in the market, is intended as a substitute for the old-fashioned brace in cutting the tenon of a spoke. It is constructed upon simple mechanical lines and any of the leading hollow augers fit it. It cuts any size tenon quickly, accurately and easily. It absolutely avoids all the hard work necessary in cutting large spokes. It is so simple a ten-year-old boy can operate it. It is made of malleable iron and will last you a lifetime. We furnish this machine without auger, any adjustable auger will fit it.

No. 24T1058 Price, each.....$2.90

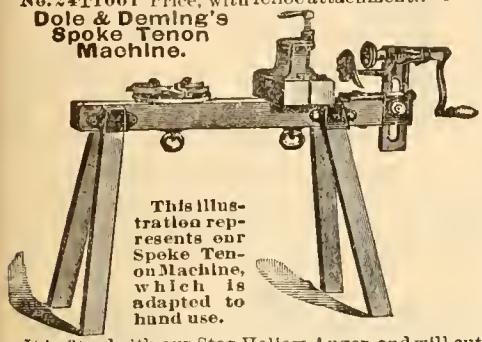
Peaco'e Spoke Tenoning Machine.

The Peaco Machine has been used for the last ten years with general satisfaction. It is made in the most workmanlike manner, all casting being malleable iron and the auger head made extra heavy. The knife starts on the blank of spokes and centers perfectly. The auger is kept cutting by force of the spring. Can be used on any size spoke or disc of wheel and is readily applied, without removing from where spokes are driven. Cuts any size from ¾ to 1¾. Weight, 8 pounds.



No. 24T1060 Without felloe attachment....$8.00
No. 24T1061 Price, with felloe attachment.. 9.00

Dole & Deming's Spoke Tenon Machine.

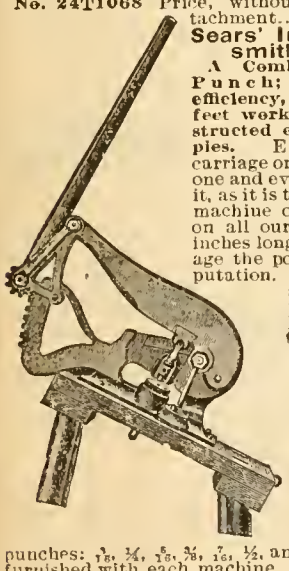


This illustration represents our Spoke Tenon Machine, which is adapted to hand use.

It is fitted with our Star Hollow Auger, and will cut tenons any size from ⅞ to 1 inch. The hub is held in a self centering chuck, which can be revolved to present the spokes to the hollow auger. The spokes are held firmly on the rest, and in line with the auger. Thus all the tenons are cut with the shoulders uniform in width and in the same plane. With a slight transformation it can be changed into a boring machine, for boring the felloes for the spokes, giving that accuracy in the work that can alone be attained by machinery. Above illustration shows the felloe boring attachment on the machine as shipped. Bit chucks with ½-inch round hole always furnished with the felloe boring attachment unless otherwise ordered. Prices, f. o. b. factory in Central Ohio. Weight, about 85 pounds.

No. 24T1067 Price, with felloe boring attachment....$19.00
No. 24T1068 Price, without felloe boring attachment....$15.00

Sears' Improved Blacksmithing Device.



A Combined Shear and Punch; unequaled in efficiency, capacity and perfect working qualities; constructed on scientific principles. Every blacksmith, carriage or wagon maker needs one and every shop can afford it, as it is the cheapest and best machine on earth. The lever on all our machines is but 36 inches long, and with this leverage the power is beyond computation. The knives in the shears have two cutting edges which can be reversed and interchanged.

Description of No. 1.

This tool weighs 250 pounds and is mounted on a heavy stand, covering 1x3 feet floor space. It will punch a ½-inch hole through ⅝-inch iron, a ⅝-inch hole through ⅜-inch iron and is provided with the following sizes of punches: ⅛, ¼, ⅝, ⅜, ½, and these punches are furnished with each machine. It will cut 3x½, 4x⅞, 5x⅜ inch cold iron and will cut plow steel and any size bolt or bar up to ¾ inch.

No. 24T1070 Price with all attachments, including six punches and revolving die..... $24.00

Prices on the following shears f. o. b. factory in Eastern Iowa.

Shear Only.

No. 24T1072 No. 2, weight, 225 pounds, will shear 3x½, 4x⅞, 5x⅜ cold iron, also plow steel, and will cut any size bolt or bar up to ¾-inch. Price, each $18.00

No. 24T1074 No. 3. This machine is especially designed for the country blacksmith and is the greatest labor saver on the market. It will shear 3x½, 4x⅞, 5x⅜ cold iron and will also cut plow steel. It will punch a ½-inch hole in ⅝-inch cold iron, a ⅜-inch hole through ⅞-inch cold iron, and will also punch soft plow lays, and is provided with the following sizes of punches: ⅛, ¼, ⅝, ⅜, ⅞, ½. It will cut any size bolt or bar up to ¾ inch. It has an attachment for welding on plow lays and any blacksmith after becoming accustomed to using it can put on from 6 to 8 lays a day, which you will readily see is a great labor saving. This attachment can be put on or taken off in one minute and when not in use can be taken off and the machine is then the same as our No. 1. The lever is but 36 inches long and machine is mounted on a heavy stand. It weighs 300 pounds. Price, with all attachments, including six punches and revolving die $31.00

Soars' Blacksmithing Device.

No. 24T1076 No. 4. The capacity is as follows: It will shear 3x¾, 4x⅝, 5x½ cold iron, and will also trim plow points, etc. It will punch ½-inch hole in ½-inch iron and will also punch plow lays and is provided with the following sizes of punches: ⅛, ¼, ⅝, ⅜, ⅞, ½, and these punches are furnished with each machine. We also make larger sized punches and die if so desired. It will cut any sized bolt or bar up to ¾ inch. The weight of this machine is 400 pounds. It only requires one man to do the work as stated above.

Price, with all attachments including six punches and revolving die.....$34.00

Dolo's Hub Boxing Machine.

The old standard Dole's Hub Boxing Machine with Edwards' Improved Open Feed Nut and Gauge Plate. The No. 1 machine is suitable for buggy and carriage work and will grasp hubs from 2 to 6 inches in diameter. No. 2 is suitable for buggy, carriage and wagon work, and will grasp hubs from 2 to 12 inches in diameter. The No. 3 is suitable for the heaviest class of wagon work, and will take hubs from 2½ to 15 inches in diameter. Weight, about 25 pounds.

No. 24T1077 No. 1. Price, each.....$15.00
No. 24T1078 No. 2. Price, each..... 18.40
No. 24T1079 No. 3. Price, each..... 20.00

We furnish with the No. 1 and 2, an extra mandrel made lighter at the end, with an extra set of small bits, which makes them suitable for light class of work, for $2.40 extra.

BLACKSMITHS' BELLOWS.

No. 24T1080 Blacksmiths' Bellows, standard patterns. We use cowhide leather, **prepared especially for our use,** and **we guarantee it to wear equal to any made.** We use whitewood, basswood and pine in the wood work, which is kiln-dried, **making it perfectly dry,** that it may not be affected by the climate. The weight of our bellows is about as follows. They may vary a little, but not much:

Width, inches	24	26	28	30	32

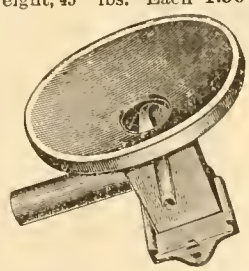
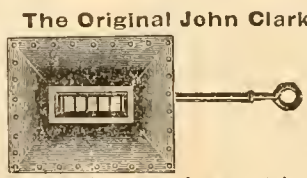
Sutton Tuyere Irons.



No. 24T1095 Sutton's Improved Tuyere Irons. Made large enough to answer the purpose of fire pot and tuyere iron combined; just the thing where heavy, constant work is required.

Weight, 44 pounds.
Price, each.....$2.10

The Original John Clark Tuyere Iron.



The Clark Tuyere is composed of the following parts: Grate, 3 x 8 inches, with six slots. To the bottom of this is attached a valve, which for ordinary work is held tight against grate by eccentric rod, allowing air to pass through two center slots only, but by turning the rod the valve is dropped and air passes through all slots, giving an 18-inch fire. The upper surface of valve and lower of grate are placed smooth, making an air-tight joint. The air box is large, thus allowing the free circulation of air. Ashes are dumped by pulling out slide. The fire bowl (size 14x18 inches) keeps fire from spreading; keeps it clean and bright, and also helps tuyere in gaining its record as a fuel saver. **Weight, complete with fire bed, 45 pounds.**

No. 24T1096 Price, each.....$4.60

Root's New Acme Fire Bed and Tuyere.

For use in brick forge. Directions for Setting. Construct forge with inside cross walls 12½ inches in the clear for No. 3 and 16 inches in the clear for No. 4. The space below fire bed must be left entirely open to permit free circulation of air. After fire bed is placed, the hearth should be joined up to it on all sides as high as the top.

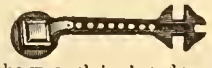
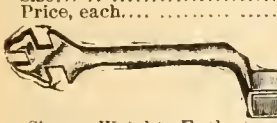
The Harper Malleable Buggy Wrench.



No. 24T1288 This is the best vehicle wrench ever put on the market. When it is desired to remove the nut of a vehicle, the head of the wrench is placed upon the nut and the spring is forced against one side of the nut, thereby securely retaining the nut within the head of the wrench, and obviating the necessity of soiling the hands by handling the nut.

Size	⅜	1	1⅛
Price, each	5½c	6½c	7c



Malleable Wrenches.

Acme Stone Jack.

The Acme Stone Jacks are known throughout the country to be the best on the market, for power, safety and durability. They can be set on any angle for lifting or pushing without danger of slipping. The foot of these jacks can be lowered to the ground. Several improvements have been made which makes them one-fourth less in weight and one-half the price of the old style stone jacks, as will be seen from the list below. Guaranteed to be the equal of any jack on the market that sells for twice the amount we ask for it. Do not let our low price keep you from buying.

No. 24T1368 No. 10. Power, 3 tons. Height of jack, 30 inches. Height when raised, 48 inches. Weight, 65 pounds. Each.. $19.00
No. 24T1370 No. 8. Power, 5 tons. Height of jack, 33¼ inches. Height when raised, 54 inches. Weight, 85 pounds. Price, each.....$25.00

Jacks up to twenty tons can be furnished. These jacks are used by farmers, railroads, stone yards, bridge works, boiler and machine shops, miners, masons, builders, teamsters and wrecking wagons.

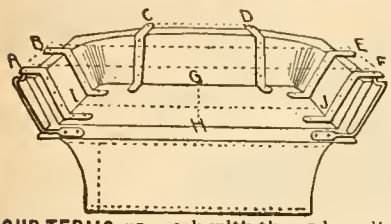
CARRIAGE HARDWARE AND SUPPLIES

IN CALLING YOUR ATTENTION to this complete department, we are confident that we can supply the great need of thousands of our customers who find it constantly necessary to replace various parts of their vehicles, but who have been paying exorbitant retail prices. We offer a line that has no equal in general excellence of material and finish. At the same time our contracts with manufacturers are so advantageous that we are in a position to make unusually low prices.



IN ORDERING BUGGY TOPS give measurements from center to center of holes in irons, as shown in illustration; width from A to F, from B to E, from A to B, from C to D. State whether you want three or four bows, and give choice of color of lining.

IN ORDERING CUSHIONS give measurements from I to J on bottom of seat; from G to H, width of seat at bottom, and state if square or round corners are wanted.

IN ORDERING CUSHIONS WITH FALL give measurements of cushion as above, and also width of fall at the bottom and distance from bottom of seat to floor of buggy. Our buggy tops are shipped in light but strong crates, and are not liable to injury in transportation.

OUR TERMS are cash with the order. But if anything is not entirely satisfactory when received, return it to us and we will immediately return your money, including what you paid for transportation charges.

YOU WILL SAVE MONEY by buying your own needed repairs direct from us at manufacturers' lowest prices. Freight amounts to nothing compared with what you save in price. Nearly all these goods are taken at second class rate or lower.

OUR $6.25 COMPLETE BUGGY TOP.

No. 24T2500

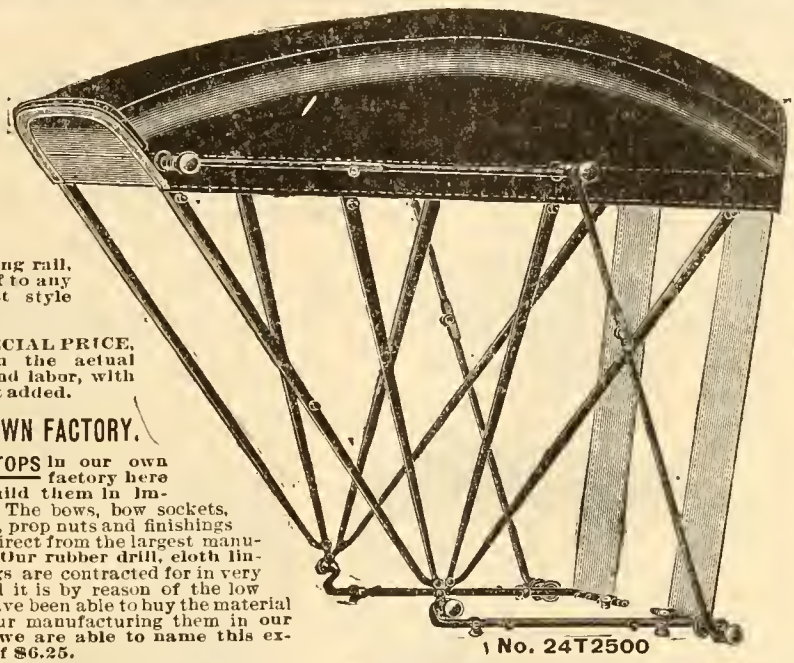
FOR $6.25

We furnish this

BUGGY TOP COMPLETE

with Full Length SIDE AND... BACK CURTAINS

with patent shifting rail, which adjusts itself to any buggy. The latest style top in every way.



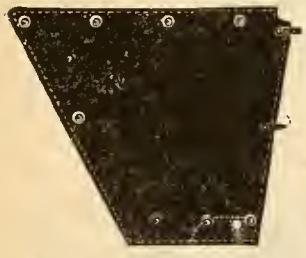
No. 24T2500

$6.25 IS A SPECIAL PRICE, based on the actual cost of material and labor, with but one small profit added.

MADE IN OUR OWN FACTORY.

WE BUILD THESE TOPS in our own factory here in Chicago; we build them in immense quantities. The bows, bow sockets, shifting rails, joints, prop nuts and finishings are contracted for direct from the largest manufacturers for cash. Our rubber drill, cloth linings and trimmings are contracted for in very large quantities, and it is by reason of the low price at which we have been able to buy the material and by reason of our manufacturing them in our own factory that we are able to name this extremely low price of $6.25.

FROM THE TWO ILLUSTRATIONS you can form an idea of the appearance of this, our special $6.25 Buggy Top. The one illustration shows the top; the other illustration shows one of the side curtains. We furnish a pair of side curtains and a full length back curtain.



IN ORDERING BUGGY TOPS follow our rules for measurement as given above, and we can guarantee the top we furnish you will fit your buggy exactly.

THIS OUR $6.25 TOP IS MADE OF THOROUGHLY RELIABLE MATERIAL. The roof and the quarters are made of good quality extra heavy rubber drill, well padded; roof and back stays lined with No. 14 X cloth, and back stays stiffened with two thicknesses of buckram. Side and back curtains are made of good weight colored back drill. We use nothing but the highest grade tubular steel bow sockets of the latest pattern, full black enameled metal buckle loops, Thomas top props, patent concealed joints, japanned prop nuts, patent curtain fasteners, wrought iron rail with patent buttons, which make it adjustable to any buggy. Side and back curtains are full length, large glass fitted in back curtain, patent buttonholes used throughout.

Can furnish this top with gray lining for 50 cents extra.

OUR $5.75 DRILL TOP

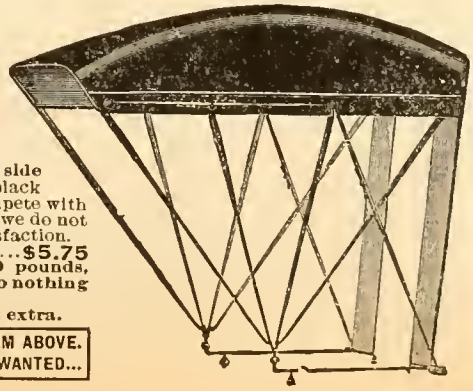
AT $5.75 we furnish a Drill Top complete with side and back curtains. It is made of light black enameled drill, light material throughout, made to compete with the many cheap tops now being advertised, and while we do not guarantee it, for a very cheap top it will give good satisfaction.

No. 24T2502 Our special price.....$5.75

The Top weighs, crated for shipment, about 50 pounds, and you will find the freight will amount to next to nothing as compared with what you will save in price.

Can furnish this top with gray lining for 50 cents extra.

IN ORDERING BE SURE TO GIVE MEASURE AS PER DIAGRAM ABOVE. ...ALSO STATE WHETHER THREE OR FOUR-BOW TOP IS WANTED...



OUR SPECIAL SILVER KING TOP, $8.25

FOR $8.25 we furnish this fine Buggy Top as described, a very showy top for a livery line and equal to tops usually sold at a much higher price.

No. 24T2504 This Top is made of the same material and with the same care as our No. 24T2505, but with silver trimmings throughout. Silver prop nuts, silver joints and fastenings on the back stays. The back stays and head linings are hand stitched, nicely corded with pinked edges. It makes a top that can be used on any buggy, especially where a stylish, up to date rig is wanted. Just the top for a livery or hack line, the silver trimmings showing off to fine advantage against the black panels of a buggy. Crated singly, weight, 50 pounds. Price, each, $8.25

No. 24T2505 Our No. 1 Buggy Top has either three or four bows as desired. This is a full 22-ounce rubber top with steel bow sockets, second growth top bows, wrought iron joints, japanned nuts, iron rivets, Thomas top props, concealed joints between two backbows. Top lined with heavy cloth, back stays lined, back curtain lined, rubber side curtains, indigo dyed back, glass in back curtains. Our special price for No. 1 Top, as above described, with quarter rail attached $7.45

No. 24T2506 Our No. 2, 28-Ounce, Buggy Top is in appearance just like No. 1 described above. However, our No. 2 has leather quarters and stay top, steel bow sockets, second growth top bows, wrought iron joints, japanned nuts, iron rivets, Thomas top props, top lined with all wool cloth, back stays lined, back curtain lined, rubber side curtains, front valance sewed on, indigo dyed No. 12 back, glass in back curtain. Three or four bows, as desired. Our special price, as described, with quarter rail attached..$9.50

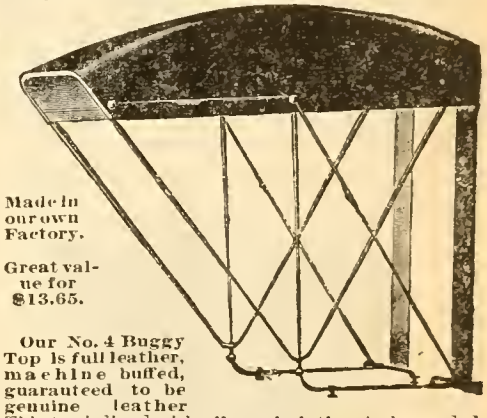
Full Moroccoline Leather Top for $10.75

No. 24T2508 Our No. 5 Top is exactly same as our No. 4, except that it is covered with moroccoline leather. This is a perfect substitute for leather, it will not show scratches, is guaranteed not to crack or become soft. Moroccoline leather is embossed by the same process as real leather and will last fully as long as the genuine leather.

Price, each.....$10.75

Our Great Bargain Genuine Leather Top.

FOR $13.65 we furnish this GENUINE LEATHER TOP as the equal of leather tops that sell everywhere as high as $20.00.



Made in our own Factory.

Great value for $13.65.

Our No. 4 Buggy Top is full leather, machine buffed, guaranteed to be genuine leather This top is lined with all wool cloth, nicely corded, back stays lined and stiffened with two thicknesses of buckram, rubber side curtains with colored back; glass in back curtain. Steel bow sockets, second growth top bows, wrought iron joints, japanned nuts, iron rivets, Thomas top props, concealed joints between two back bows. Three or four bows, as desired.

No. 24T2510 Our special price on our No. 4 full leather top, with quarter rail attached.....$13.65

EXTRAS.

No. 24T2512 Extra for our No. 2 rail welded to fit seat, with lazy back, wood, and attached to above top.....$1.35

No. 24T2513 Extra for rubber side curtains. Per pair.....$2.20

No. 24T2514 Extra for Gray Lining in our Nos. 24T2505, 24T2506, 24T2508 or 24T2510 Tops, 75c

Handy Top.

No. 24T2515 Our Handy Top is light, strong and durable, dispensing with half of the objectionable front bows; admits you to get in and out easily without any exertion whatever.

If this style top is wanted add 65 cents extra to price of any top shown in our catalogue.

A $20.00 Buggy Top for $11.35.

No. 24T2516 The accompanying illustration shows our No. 4 Buggy Top, complete with seat, in the white, full back, and cushion, with fall. This top is made of 24-ounce rubber, with seat, wrought rail and joints. Top and back stays lined with all wool fast color cloth, either blue or green, side and back curtains indigo dyed rubber, 12-ounce blue or green cloth on full back and cushion. These are either biscuit or diamond tufted, and filled with selected moss. Front and back valance nailed on. Black nuts and rivets. Three or four steel socket bows, as desired. Our special price on No. 4 top, complete, as described.....$11.35

No. 24T2518 Our No. 5 Buggy Top, complete, with full back and cushion, is made like shown in the picture of our No. 4; 28-ounce rubber drill and leather quarters and stay, and is complete with seat, in the white, wrought rail and joints, three or four steel bows; top, back stays and back curtain lined with all wool fast color cloth. Rubber side curtains, 14-ounce blue or green cloth in full back and cushions. Weight, about 50 pounds. Front valance sewed on. Black nuts and iron rivets.

Our special price.....$16.00

No. 24T2520 Our No. 6 Top is the finest buggy top made. It has machine buffed leather top and is complete with seat, in the white, cushion and full back. Wrought rail and joints. Lined throughout, except side curtains, with 10-ounce all wool fast color cloth. Rubber side curtains, 14-ounce blue or green cloth on full back and cushion. The latter is tufted in biscuit or diamond style, and stuffed with moss. Black nuts and iron rivets. Valance sewed on. Style same as shown in picture of No. 4 buggy top. Three or four steel bows, as desired.

Our special price.....$20.00

Canopy Tops.

In measuring for Canopy Top give exact distance from back of back seat to front end of body. Give exact width of seats from outside to outside on top. These canopy tops have drill roof X-cloth, head lining and fringe all around 7 inches deep. Weight, crated, about 70 pounds.

No. 24T2550 Our $7.30 Canopy Top is covered with black drill, lined with all wool X-cloth, and ornamented with all wool fringe. Price for 5-foot length or less top.....$7.30

This price is without standards or curtains. See rule for giving measures in ordering canopy tops above.

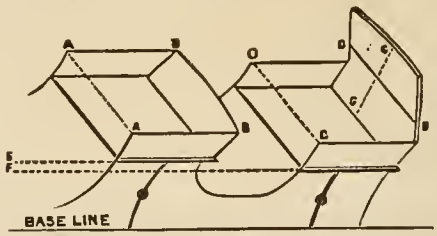
For larger sizes over 5-foot, add extra for each additional foot.....$1.35

No. 24T2555 Complete set side and back curtains, indigo dyed rubber, for above tops.....$4.00

Extension Tops.

In measuring for extension tops for seats which require rails.

1. Give width of seats from out to out on top at A and C. 2. Give distance on top from B to C. 3. Give difference in height of seat bottoms, E to F. If seat has solid back as per illustration, so state, and give length of same D to D.



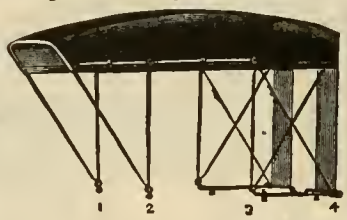
For seats that are ironed with stationary goose necks, prop rests and front eyes:

1. Give width from shoulder to shoulder of goose necks. 2. Give height of goose neck from seat bottom. 3. Give height of front eye from seat bottom. 4. Give height of prop rest from seat bottom. 5. Give difference in height of seat bottoms, E to F. 6. Give distance from A to B. 7. Give distance from C down to seat bottom. 8. Give upward curve of back panel.

Make a rough sketch of all ironed bodies and where the irons are situated, mark figures on same, plain. We cannot fill these orders without a definite knowledge of what is required.

All tops over 42 inches wide cost from 65c to $2.00 extra, in accordance with the extra width.

No. 24T2560 Our No. 7 Extension Top is a 4-bow, 22-ounce rubber top, lined throughout with all wool cloth, except side curtains, which are indigo dyed rubber.



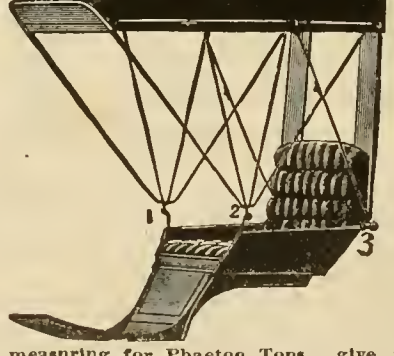
Wrought iron joints, japanned nuts and iron rivets. Front valance sewed on. No rail. Weight, crated, about 65 pounds. Our special price.....$11.70

No. 24T2562 Our No. 8 Extension Top, just the same as our No. 7, described above, but has leather quarter and stay. Our special price. $14.90

No. 24T2564 Our No. 9 is a full leather Extension Top, otherwise just the same as No. 7, described above. Our special price.....$22.65

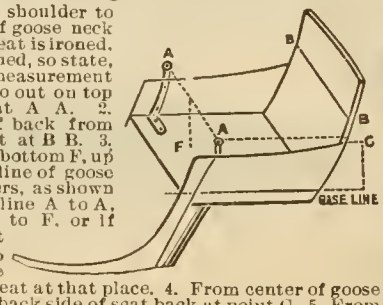
Phaeton Tops.

We can furnish Phaeton Tops of same material as Nos. 24T2504, 24T2505, 24T2506, 24T2508 and 24T2510 at same prices.



In measuring for Phaeton Tops, give nine measurements as below indicated, in order to insure a perfect fit and graceful outline.

1. From shoulder to shoulder of goose neck A to A, if seat is ironed. If not ironed, so state, and give measurement from out to out on top of seat at A A. 2. Length of back from out to out at B B. 3. From seat bottom F, up to a level line of goose neck centers, as shown by dotted line A to A, and down to F, or if seat is not ironed, to a level line on top of seat at that place. 4. From center of goose neck A to back side of seat back at point C. 5. From bottom of back stay at C, down to a level line of seat bottom or base line, as indicated by dotted line. 6. The upward curve of back panel from E, in center, down to dotted line. 7. The outward swell of back panel from D in center to dotted line. 8. From center of goose neck A back to center of prop. 9. From center of prop down to base line.



State whether back is straight or rounding.

No. 24T3061 Price, kerosene burner, per pair.....$6.50

The "Garden City" Dash Lamp.

The "Garden City" Dash Lamps are made either to burn kerosene oil or candles and will stay lighted. Fill the oil reservoir and the lamp will burn from 16 to 18 hours, and stay lighted if the wick is trimmed before starting. Oil lamps are made with short French stems. Candle lamps will stay lighted, even if the bottom of the lamp is filled up to the top of the candle cap with tallow, as it does not interfere with the ventilation. Candle lamps will burn from four to five hours with one candle, and are made with long screw stems so that candles may be easily put into place without trouble. All candle lamps are made with long stems to make room for the spring, so that it will work perfectly. The lamp weighs less than 15 ounces, but is strong and well made. Has nickel head and stem, heavily plated, and black enamel body, red cut-glass jewels at side and rear. The front glass is a crystal and adds greatly to the general appearance of the lamp.

No. 24T3062 Garden City Dash Lamp, for oil, with japanned bracket; length, 10inches. Each, $1.35

No. 24T3063 Garden City Dash Lamp, for candle, with japanned bracket; length, 11½ inches. Price, each.....$1.45

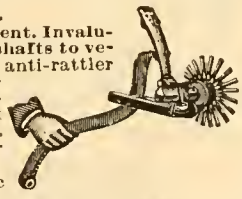
Shaft Jack.



No. 24T3136 Acme Patent. Invaluable for fitting poles or shafts to vehicles where any kind of anti-rattler is used. Saves time, labor and temper and insures an easy adjustment of pole or shafts quickly, without danger of breakage of parts.

Price, each.....45c

The Bradley Shaft Coupling.

No. 24T3140 As will be noticed by the illustration, the Bradley Shaft Coupling is made up of a ball shaft or pole end, fitted in a hinged socket and held firmly in place by a spring with loop and eccentric lever. There are no loose parts, it being complete in itself and always ready. The sockets, shaft and pole ends are of steel, drop forged in one solid piece. The Bradley Shaft Coupling has been in use regularly in its present form during five seasons, and 25,000 carriages are now in service using it. The only real quick shifting, anti-rattling coupling ever put together. Carriage manufacturers are adopting it as a feature to increase sales, and it is bound to displace everything else in its line.

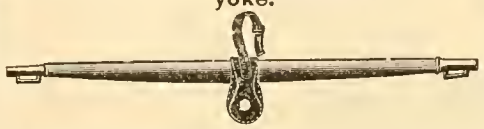
Star Buggy Neckyokes.

Size, 1¾ in. diameter; length, 44 inches. Star Buggy Neckyokes with Solid Leather Center. This yoke is well finished, has solid malleable tips. Is made of the best grade forest hickory. Guaranteed second to none on the market, price considered.

No. 24T3154 Price, each.....55c

Sampson Hand Shaved Buggy Neckyoke.



Sampson Hand Shaved Buggy Neckyokes. The best yoke sold by anyone. The stick is shaved by hand, from white second growth hickory. Center is very heavy, and made from the best oak tanned harness leather, which encircles the yoke stick. It is hand stitched solid to the stick. You will find this the finest yoke ever offered to the trade. Size, 1¾-inch by 42 inches long.

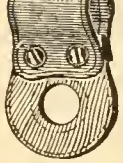
No. 24T3155 Price, with 4-inch malleable tips, each.....$1.45

Swivel Buggy Neckyoke.

No. 24T3156 Swivel Buggy Neckyoke; the lightest, simplest yoke made. The center is made of steel, with leather lining; all rivets, etc., are soft steel, no malleable iron being used. The stick is hickory, with acorn tips. Size, 1¼ by 42 inches; finished in the white, and painted black.

Price, in the white, 35c; painted.....42c

Neckyoke Centers.



A Solid Leather Center, with a steel band in side. Can be put on any yoke in a moment with the aid of a screwdriver. Made to fit the following size poles: 1⅝-inch, 1¾-inch and 2-inch. Be sure to state size wanted.

No. 24T3160 Price, each.....20c

Security Neckyoke Center, Adjustable.

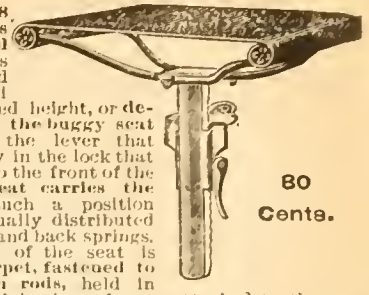
No. 24T3162 The center is made of good, solid harness leather, well stitched and finished, attached to yoke with heavy steel band with leather cover, fastened together with screws and screw plates as shown in illustration. Anyone with a screwdriver can attach to yoke in five minutes, making it the best adjustable center on the market, and will not break unexpectedly as steel centers will do. Sizes, 1¾, 1⅞ and 2-inch. Be sure and state size wanted. Price, each.....25c

The New Idea Seat.

No. 24T3166 The New Idea Folding Third Seat has several points of superiority over any other third seat made. One is that it needs no fastening and fits any buggy or sleigh, so that it can be changed from one vehicle to another instantly. No screws or bolts to unfasten, which is a great drawback to most seats. You will readily see the advantage of this if used in a livery, or where two or more rigs are kept. It folds up like a lunch box, and can easily be put in box with curtains when not in use. It also makes a good camp stool or can be used in a boat by hunters and sportsmen. Steel enameled frames, upholstered in tapestry Brussels. Price, each.....85c

No. 24T3167 New Idea Seat with top and bottom covered with velvet. Price, each 95c

Acme Third Seat for Buggies.



No. 24T3168 This seat is light and durable and is easily raised or lowered to any desired height, or detached from the buggy seat by raising the lever that turns the key in the lock that is attached to the front of the seat. The seat carries the weight in such a position that it is equally distributed on the front and back springs. The cushion of the seat is made of carpet, fastened to the wooden rods, held in place by a light iron frame attached to the upright bar. Price, each.....80c

80 Cents.

Spiral Spring Buggy Wrench.

The illustration fully explains this handy little contrivance, which is far ahead of all others for removing the nut from a greasy spindle. It not only removes it from thread on spindle, but holds it firmly into the hub of the wheel, together with the greasy washers, thus preventing them from dropping into the dirt, as well as saving the hands from a dose of tar. Will fit any sized wheel and two sized nuts.

No. 24T3175 Price, each..... 35c

GIVE CATALOGUE NUMBER IN FULL WHEN YOU WRITE YOUR ORDER.

The Barten Malleable Iron Adjustable Bolster Stake for Wagons.

No. 24T3730 Any person by using this stake, can make or repair wagon bolsters in a few minutes. It is the best and cheapest stake ever produced. Mortise, and numerous bolt and rivet holes which cause the ends of the bolster to split, break and decay, are no longer needed. Only two bolt holes, located toward the center of the bolster, are needed to strongly attach the Barten Stake to the bolster. The Barten Adjustable Stake can be retightened at any time, should it become loose from shrinkage of the bolster. It will fit bolsters of any thickness. It is adjustable for wide or narrow wagon boxes.
Price, each.....45c

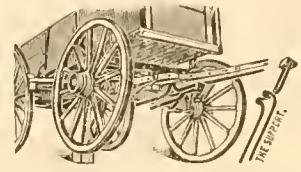
Lindquist's Wagon Tongue Support.



This Tongue Support will hold any wagon tongue in its proper position, preventing it from falling down. It relieves the necks of the horses of the weight of the tongue, thereby giving them greater ease and comfort, and enabling them to do more work with less injury to themselves; will also save wear on harness. Can be applied in one minute. Will keep the tongue straight under any and all circumstances. Made in two sizes.

Coe's Patent Wagon Doubletree.

No. 24T3794 The Coe's Doubletree presents a new feature in wagon doubletrees. No lap links are needed in attaching singletrees. A 42-inch doubletree of this make is equal to 48-inch of other makes, because the singletree hitches on the extreme end. No clevis pins to wear away the wood or come unscrewed, or be stolen from the tree. It is as cheap as a common wagon doubletree and is stronger. The eye for our stay chains fastens around the tree and is not weakened by holes through it, as with the old style. Length, 42 inches. Weight, 9 pounds. Price, each..... 48c

Plow Doubletree.

No. 24T3798 Select hickory, 36 inches long, 2¾ inches thick, with hook in center. Weight, about 8 pounds. Price, each.....20c

The Celebrated Tubular Steel Doubletrees and Singletrees and Neckyokes.

These goods are past the experimental stage, having stood for the past seven years the most severe and practical tests, and are at present used by hundreds of our customers with the best results. A trial will convince any practical person of their superiority over all similar articles made from wood. They weigh no more than wood of a good quality and will outwear a dozen of the latter. In short, they are practically indestructible and will last a lifetime.

Tubular Steel Plow Singletrees.

Northwestern Plow Singletree, painted with special iron paint which bakes to the singletree and remains permanent.

IN EVERY WAY, OR
REFUND YOUR MONEY.

Tubular Steel Plow Doubletrees.

Tubular Steel Plow Doubletree Sets, complete, as shown in illustration. Stronger and as light weight as wood; will last a lifetime. Furnished with hook in center and cockeye hooks pulling from back of singletree. Painted with a patent rust proof iron paint baked on, which we guarantee to remain permanent.

No. 24T3875 No. 0. Capacity 2000 lbs., doubletree 33 in. long, singletree 28 in. long. Price, per set. **$1.55**

No. 24T3876 No. 1. Capacity 3000 lbs., doubletree 36 in. long, singletree 30 in. long. Price, per set. **$1.80**

Tubular Steel Wagon Doubletree Sets.

Tubular Steel Wagon Doubletree Sets. Made of the same high grade of steel as the goods above. Just the thing for hauling grain, wood, etc., to market. You can't break them. Weight, No. 1, 35 pounds; weight, No. 2, 38 pounds.

No. 24T3880 No. 1. Capacity 2500 lbs., evener is 46 in. long, singletree 33 in. long. Price, per set. **$2.95**

No. 24T3882 No. 2. Capacity 4000 lbs., evener is 48 in. long, singletree 34 in. long. Price, per set. **$3.10**

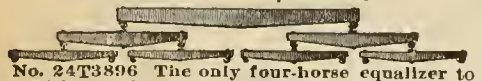
Coe's Patent Tripletree.

No. 24T3890 In the Coe's Patent Tripletree or Three-Horse Evener, we have the best thing of the kind now on the market. The bar is 40 inches long; eveners 30 inches, and singletrees 28 inches. Has self locking end clips, etc. They are made extra strong and can be used for any kind of work on wagon or plow. Made of best grade hickory. Weight, 29 pounds. Price, per set..... **$1.73**

Acme Three-Horse Evener.

No. 24T3894 Acme Three-Horse Evener is light, strong, neat and durable. A perfect three-horse equalizer; can be changed for two horses in one minute; is made of select hickory; the ends of all the eveners are riveted. Singletrees have twisted clip and full hooks. Size of woods used: Main evener, 1¾x3½x40 inches; small eveners, 1¾x2½x28 inches; singletrees, 26-inch. Price, per set..... **$1.73**

Four-Horse Equalizer.



No. 24T3896 The only four-horse equalizer to use with or without a tongue. All parts are detachable. No side draft or combination lever. Pulls plow straight from center of beam, placing horse squarely in furrow, 34 inches or over from center of draft. Is right or left hand. Price, per set.... **$2.85**

Steel Buggy Axles.

S., R. & Co.'s half patent solid collar welded shoulder steel axles complete with boxing. We cannot furnish boxes only, nor axles without boxes. **A set of short bed axles** (commonly called axle stubs), consists of four axles with short bed, which are intended to be welded to old axles. **A set of long bed axles** consists of four axles with bed long enough to make axle complete by welding in the center. We sell one-half set at one-half the price of a full set, and one-quarter set at one-quarter the price of full set. We cannot weld axles or set boxes.

In ordering parts of sets be sure and state whether right or left hand is wanted.

No. 24T3900 Short bed. No. 24T3902 Long bed.

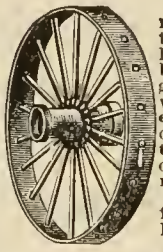
WIDE TIRE METAL WAGON WHEELS.



The demand for Wide Tired Low Metal Truck Wheels has led us to study the demands of our customers, and caused us to catalogue **standard wheels** which are made by the **best manufacturers**, and which can be **furnished at the lowest possible cost.** The low wheel with wide tire has come to stay. Economy and strength are served when you have a set for use in the hundred and one emergencies arising where they may be used to great advantage. If you now have a new wagon, the gear will outlast two sets of common wood wheels. **Buy a set of these up to date wide tired metal wheels, and avoid further expense** that is bound to come in the constant use of wood wheels. At the same time, a day's use of these low metal wheels will convince you that **you will save the cost of them in a year.** You can do alone with them what would require an extra hand with the old style wheels. You can load your wagon **twice as easily, and you can haul twice as much more with the same team.**

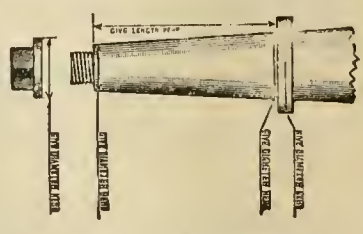
We warrant all these wheels against defective workmanship or material, and if found defective under our guarantee, we will repair or replace them **free of charge** if delivered to our factory.

We urge you to give these wheels a trial. The increased demand proves their absolute success, and makes **other orders certain where they are once introduced.** In making out your order, be sure to **state size of skein wheel is intended for.** The spokes are steel, oval shape. **We can furnish wheels with either straight or staggered spokes; straight always sent unless otherwise ordered.**

Weights, each, of wheels with ⅜x4 inch tires as follows:

24-inch	28-inch	30-inch	32-inch	34-inch
64 lbs.	73 lbs.	77 lbs.	81 lbs.	88 lbs.
36-inch	38-inch	40-inch	42-inch	
92 lbs.	96 lbs.	114 lbs.	123 lbs.	

Other sizes weigh in proportion.



How to Take Measurements.

In ordering be sure to follow instructions on accompanying diagram; also give height of wheels wanted, and size of tire.
Prices below are for single wheels.
Prices f. o. b. at factory in Central Illinois.
No. 24T3922

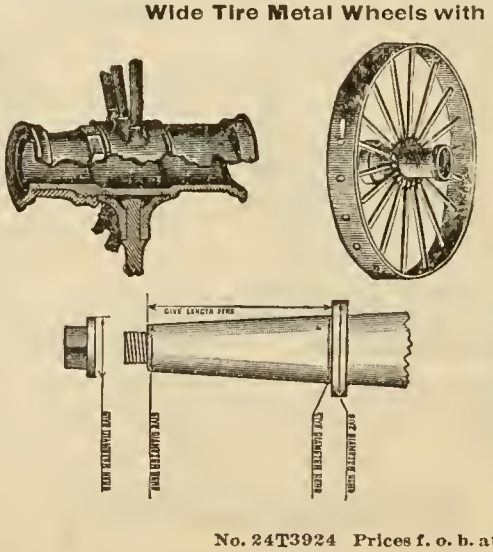
Wide Tire Metal Wheels with Removable Cast Iron Boxes.



In the above wheel we have the only removable box wheel on the market. A wheel that is second to none for lightness, neatness and durability. **It is the best finished metal wheel made.** We can fit skeins of standard size for the wagons now made. We use straight steel oval spokes, which are riveted in countersunk holes in the tire and also riveted in the hub, to prevent the spokes drawing out or working loose. The spoke heads are flush with the face of tire. While we can furnish truck wheels with staggered spokes, we prefer not to do so, as experience has taught us the superiority of the straight spoke wheel, as regards strength, for the amount of material used. Its fine appearance and comparative freedom from clogging up are also greatly in its favor. Believing that the best truck wheel for the farmer to have is one that can be used on the road, whether soft or hard, smooth or uneven, as well as on the farm, we have put on the market our **truck wheel for road and farm use.** This wheel we estimate to be over 25 per cent stronger than our wheel for farm use only, and more than that much stronger than other farm truck wheels on the market. The increase in price of these wheels is considerably less than the increase in weight and strength. **Our truck wheel for farm use only** has 1-inch oval spokes, and 4x⅜-inch tire, while that for **road and farm use** has 1¼-inch oval spokes, and 4x½-inch tire, being an increase of 25 per cent in weight of spokes, and 33 per cent in weight of tire. The hubs and boxes are also heavier.

No. 24T3924 Prices f. o. b. at factory in Central Illinois.

FOR FARM USE ONLY.				Per	FOR ROAD AND FARM USE.				Per
Diameter	Spokes	Tires	Weight	wheel	Diameter	Spokes	Tires	Weight	wheel
30-inch	10	1-inch oval 4x⅜-inch	74 pounds	$2.85	30-inch	10	1¼-inch oval 4x½-inch	93 pounds	$3.75
34-inch	12	1-inch oval 4x⅜-inch	86 pounds	3.05	34-inch	12	1¼-inch oval 4x½-inch	107 pounds	4.10
38-inch	14	1-inch oval 4x⅜-inch	99 pounds	3.70	38-inch	14	1¼-inch oval 4x½-inch	121 pounds	4.70

The above weights are only approximate. The difference in the weight of the various boxes prevents giving anything closer than the average weight.

Thimble Skeins.

With boxes to fit.

No. 24T3935 Steel Skein.

Cast Skeins.

No. 24T3937 Iron Skeins.

These Thimble Skeins are seamless and have cut threads. Set consists of four skeins, but we will sell one only at one-quarter the price of full set, or two only at one-half the price of full set.

When ordering one skein only, state whether right or left is wanted. Always give catalogue number and do not fail to give size and price of skeins.

Cast Cup and Truss Bar Skeins.

Extra Heavy Truss Bar Cast Skeins. This is a first class skein and is rapidly replacing the common old style skein to a large extent. They are considerably heavier than the ordinary skein and on that account seldom break. Underneath the bell which envelops the axle provision is made for attaching a flat truss held in place by a so called cup bar. There is also a little knob on top of the bell to keep the cup tie, which is a piece of ⅜ or 7/16-inch iron, from slipping out of place. It makes a very convenient way of trussing a wagon and attaching a hook for stay chains. We can furnish oil cups with these skeins when desired at 20 cents per set extra.

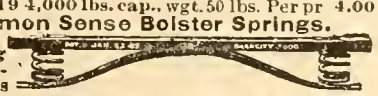
Common Sense Bolster Springs.

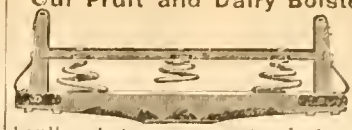


This spring in particular is as perfectly graduated as any spring on the market. Adapted alike for light and heavy use.

The prices below are for two springs, for rear and front bolsters. Always give exact width between bolster stakes. Prices per set of two springs.

No. 24T4120 To carry 1,000 pounds. Price..$2.75
No. 24T4121 To carry 1,500 pounds. Price.. 2.95
No. 24T4122 To carry 2,000 pounds. Price.. 3.20
No. 24T4123 To carry 2,500 pounds. Price 3.45
No. 24T4124 To carry 3,000 pounds. Price.. 3.75
No. 24T4125 To carry 4,000 pounds. Price.. 4.25

Our Fruit and Dairy Bolster Springs.



Our Fruit and Dairy Bolster Springs are especially adapted for fruit or dairy hauling, but are used extensively on all kinds of wagons. We put them up to fit 36, 38, 42 or 44-inch bolster, and they have extension end shoes to fit odd sized bolsters. Always give exact size between bolster stakes.

Our special prices for set of two springs:

No. 24T4130 To carry 1,000 pounds. Price..$2.00
No. 24T4131 To carry 1,500 pounds. Price.. 2.40
No. 24T4132 To carry 2,000 pounds. Price.. 2.70
No. 24T4133 To carry 2,500 pounds. Price.. 2.95
No. 24T4134 To carry 3,000 pounds. Price.. 3.20

Low Down Easy Bolster Springs.

The illustration shows just how the spring sets on the bolster. It raises the wagon bed less than any first class spring in the market.

The medium weight leaf springs convert the farm wagon into a spring vehicle that rides as easy as a buggy, empty or with a load.

We make these bolster springs for 38-inch bolsters. For springs over 38-inch wide add 75 cents extra. In ordering, give careful measurements of exact width between bolster stakes. Prices, per set of two springs:

No. 24T4140 To carry 1,500 pounds. Price..$4.75
No. 24T4141 To carry 2,000 pounds. Price.. 5.15
No. 24T4142 To carry 3,000 pounds. Price.. 6.10
No. 24T4143 To carry 4,000 pounds. Price.. 6.50

The Acme Bolster Springs.

The Acme Bolster Springs are so constructed that they will not strike the bolster. They are made on the same principle as an Elliptic Carriage Spring. Every set warranted to carry the number of pounds represented or money refunded. A set consists of two complete springs ready for use. We carry in stock and can ship at once 38-inch size, which is the regular standard size. Any other size furnished on short notice at a slight advance in price. 38-inch always sent unless otherwise ordered. In ordering give distance between bolster stakes.

Notice—Springs over 38 inches wide, 75c extra.

Glover Bolster Springs.

The Glover Bolster Springs. Very simple in construction and application. Surprising in strength, elasticity and general appearance. No breaking or wearing points. There is absolutely no pushing out or spreading under pressure of load. Expansion is taken up by motion of saddles (which are a part of spring). Top of saddles are concaved to allow the rocking almost as if on a ball bearing, thus putting expansion and contraction in spring itself, and not in shackles and hinges, as in other springs.

		Per set

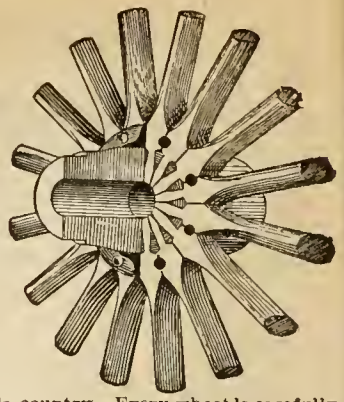
Sarven Patent Wheels

WITH OR WITHOUT TIRES.



READ OUR PRICES FOR GENUINE SARVEN PATENT WHEELS, AND YOU WILL READILY SEE WE ARE THE LEADERS IN THE WHEEL BUSINESS.

WE do not hesitate to say our Standard Grade Wheels are the best wheel for the money, quality and workmanship considered, sold by anyone. The hubs are second growth elm, spokes and rims of second growth Ohio hickory. We receive a great number of letters from our customers asking how we can sell **standard grade** Sarven patent wheels, made of honest stock and of good workmanship at the low price quoted in our catalogue. This is easily answered when you stop to consider that we are the largest buyers of tired buggy wheels in the United States, having bought and sold twice as many wheels the past year as any other firm. That we buy for **spot cash** and by placing such large orders with one firm, they are able to manufacture wheels the year around.

A wheel factory generally runs about six months in the year, so you can readily see they are willing to make a great concession by reducing prices for this reason. It is much more profitable to keep running, if at a small loss, as the machinery becomes rusted, belting rots out and a general decay takes place the minute you shut down. As we stated above, all our wheels are made by a firm whose reputation for honest wheels is second to none in this country. Every wheel is carefully inspected before leaving the factory and if found imperfect in any way is rejected; the same care is taken when the wheels are received by us. They are made with the object of giving value received to the purchaser and are sold on their merits.

WE USE THE BEST GRADE ROUND EDGE STEEL TIRES, welded and set by machinery, which gives uniform dish to the wheels, and makes a better job in every way. They are bolted with the best grade tire bolts, between every spoke. The hubs have solid iron bands projecting over each end, which answers the purpose of a hub and sand band at the same time.

IF YOU HAVE A BUGGY OR CARRIAGE that is in fair shape with the exception of the wheels, which are usually worn out before the other parts, a set of our tired wheels—a set of axles and a coat of paint will give you a buggy that will last you several seasons at a very small outlay.

TAKE YOUR PENCIL AND DO A LITTLE FIGURING and see how easy we can save you 50 per cent on buggy wheels, and how cheaply you can make your old rig as good as new.

SARVEN PATENT WHEELS IN THE WHITE.

Without Tires. For Wheels With Tires, See Nos. 24T4416 to 24T4426.

GIVE HEIGHT OF WHEELS WANTED. If no height is mentioned we use our judgment in filling orders. These prices are for a set of four wheels, any height listed below. Half sets furnished at one-half the price of a set. The hub length is length of box which goes in the hub, rim band and hub or sand band not being measured.

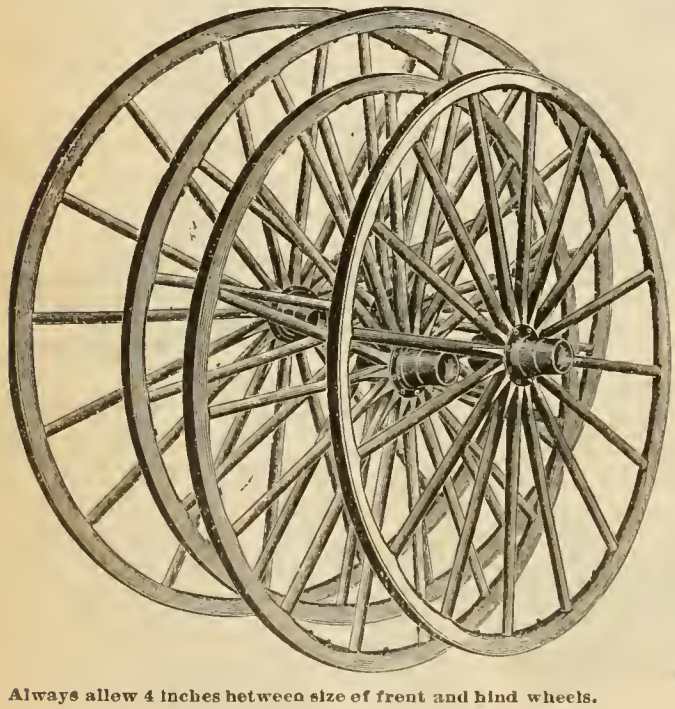
WRITE US FOR PRICES ON HEAVIER SARVEN WHEELS, being careful to give size of spoke, length of hub, tread, depth of rim and height of wheels wanted. Thimble skeins cannot be used in Sarven Wheels. Steel axles must be used.

WHEELS IN THE WHITE WITHOUT TIRES.

Size of spoke, inches	1⅛	1⅛	1¼	1⅜	1½	1¾	2⅛	2⅜
Length of hub, inches	6½	6½	7	7½	8	8½	10½	11
Width of tread, inches	⅞	1	1⅛	1¼	1⅛	1¾	2¼	2¾
Depth of rim, inches	1⅛	1¼	1⅜	1⅜	1¾	2¼	2½	3
No. 24T4400 Price, per set of 4 wheels, standard grade	$5.25	$5.35	$6.30	$7.25	$10.00			
No. 24T4402 Price, per set of 4 wheels, extra standard grade	6.75	6.80	7.65	9.00	11.50	$19.25	$25.00	
No. 24T4404 Price, per set of 4 wheels, special grade	8.65	8.80	9.65	11.00	13.50	21.25	28.00	$33.00

Diameter of above wheels, 3 feet 2 inches, 3 feet 4 inches, 3 feet 6 inches, 3 feet 8 inches, 3 feet 10 inches and 4 feet.

There should be 4 inches difference between front and hind wheels.



Always allow 4 inches between size of front and hind wheels.

NEW BUGGY WHEELS WITH TIRES

PUT ON CHEAPER THAN YOU CAN REPAIR YOUR OLD ONES.

SARVEN PATENT WHEELS, TIRED, BANDED. It does not pay you to buy wheels without tires as the tires, bolts, washers, etc., bought at home at retail prices, will cost you as much as we ask for the wheels complete, to say nothing of the labor of doing the work. It is no longer the custom to buy hubs, spokes, rims, etc., and make the wheels at the carriage shop, as the wheel factories do the work better, quicker and cheaper. **With our improved method of making wheels, welding tires by electricity, bolting and finishing by machinery,** we can do the work better than by hand, getting uniform dish and in every way more satisfactory. We use only selected forest stock thoroughly air seasoned; made mathematically and mechanically perfect, carefully finished and critically inspected before shipment. The tires are the best grade carriage steel, with round edges, are put on by hand and bolted between every spoke with Norway bolts.

IF OUR WHEELS are not as we represent them to be, are found defective, are not of perfect workmanship, we will pay freight charges and drayage necessary to have them returned to us and will replace them with a new set free of charge.

NO WHEELS are warranted by us when the hubs in the size wheel you are ordering are so small in diameter that cutting out the boxes leaves the spoke tenons less than ⅛-inch greater in length than the width of the spoke at shoulder.

IT IS A GREAT MISTAKE to buy a wheel lighter than will correspond with your axles. We mention this fact as we have had cases where a customer would order a light ⅞-inch wheel and cut the hub entirely away trying to fit 1¼-inch axles in same when he should have ordered a 1⅜-inch wheel.

Measure your axle and then compare the size with table below for size needed.

NOTICE: WE CANNOT PAINT WHEELS, FURNISH OR SET BOXES. PLEASE DO NOT ASK IT AS IT WILL ONLY DELAY ORDER.

SARVEN PATENT WHEELS WITH TIRES.

We especially recommend our EXTRA GRADE WHEELS AT $7.00 PER SET AND UP. They are very much cheaper even at the slight difference in price.

	Size of Spoke at Hub	Length of Hub where box goes in	Width of Rim	Size of Tire	Weight per Set of 4 Wheels	Price per Set of 4 Wheels D Grade	Price per Set of 4 Wheels Stand'rd Grade	Price per Set of 4 Wheels Extra Grade

RUBBER TIRED BUGGY WHEELS,

Sarven Patent Buggy Wheels with Highest Grade Guaranteed Diamond Rubber Tires.

Owing to the increasing demand for rubber tired wheels we have made arrangements with one of the largest manufacturers of rubber vehicle tires in the United States to furnish us 1000 sets of tires of the following sizes, and will now be able to sell you a high grade Sarven wheel with full metal bands complete with the best rubber tires put on and bolted at a price that should secure your order if in need of a wheel of this kind. It is not necessary to mention that the Sarven patent wheel has no equal for wearing qualities, workmanship and finish. The tires are put on by machinery after first setting a steel channel tire on wheels, bolting same between every spoke, thus avoiding any chance of becoming loose from the rim. The rubber used is the highest grade Para rubber carefully vulcanized and is strictly first class. **Prices given below are for a high grade Sarven wheel in the white or oiled, with tires put on ready for use. For detail of sizes see steel tired sizes above.**

Nomber	Size of Spoke at Hub	Length of Hub where box goes	Price per set of 4 wheels
24T4435	1⅛-inch	6 inches	$24.90
24T4436	1⅛-inch	6½ inches	27.90
24T4437	1¼-inch	7 inches	35.90
24T4438	1⅜-inch	7½ inches	36.95

For example, 3 feet 4 inches and 3 feet 8 inches correspond; 3 feet 6 inches and 3 feet 10 inches; 3 feet 8 inches and 4 feet.

WE CARRY A LARGE STOCK OF THE ABOVE SIZES and can make prompt shipment. If no height is mentioned we send 3 feet 8 inches and 4 feet wheels. **In ordering wheels for repair work give length of box in your old wheel, which will be the length of hub required.** Two wheels sold at half the price of a set, one wheel at one-quarter the price of a set. **In ordering parts of sets be sure to give height.**

NOTICE—As there seems to be more or less confusion existing as to the right size axles to use in the above wheels we give below the standard table of sizes. We have a great many orders for light wheels and say 1¼-inch axles, and the consequence is the hub is cut entirely out, putting the box in, leaving only ⅜ or ½-inch of spoke tenon and the result is the wheel soon goes to pieces, is condemned as **NO GOOD.** By following the table below you will avoid all this.

For No. 24T4416 Wheels use ⅞ x 6½ or 1 x 6½ Axles.
For No. 24T4418 Wheels use ⅞ x 6½ or 1 x 6½ Axles.
For No. 24T4420 Wheels use 1 x 7 or 1⅛ x 7 Axles.
For No. 24T4422 Wheels use 1⅛x7½ or 1¼x7½ Axles.
For No. 24T4424 Wheels use 1⅜x8 or 1½x8 Axles.
For No. 24T4426 Wheels use 1½x9 or 1⅝x9 Axles.

We carry in stock wheels 3 feet 2 inches, 3 feet 4 inches, 3 feet 6 inches, 3 feet 8 inches, 3 feet 10 inches and 4 feet, and can make prompt shipment. Prices on other sizes quoted upon application.

Wagon Lock Shoes.

Cast Iron Wagon Lock Shoes. Made of the best grade iron; made from new patterns with high sides; strong and well proportioned; the eyes are cast on a core and the rings put through and then welded.

No. 24T4100 For 2 -inch tire, wt, 22 lbs., each, 55c
No. 24T4101 For 2½-inch tire, wt. 28 lbs., each, 70c

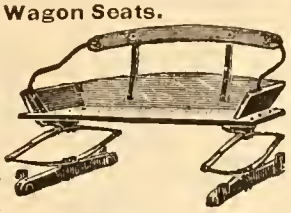
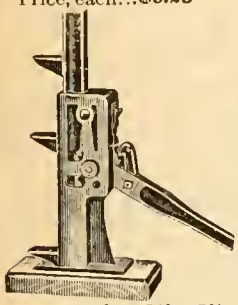
Farm Wagon Seats.



No. 24T4110 Farm Wagon Seats, finished complete, ready for use. Made of good material, well ironed, painted, striped and varnished; has 1¼x26 two-leaf springs. Comes knocked down to save freight.
Price, each...$3.25

New Sampson Wagon Jacks.



New Sampson Malleable Iron Jack. Raises and lowers automatically. No springs to get out of order. Works by gravity.

No. 24T4112 No. 5, will raise six tons. Weight, about 25 lbs. Each..$2.75
No. 24T4113 No. 6, will raise eight tons. Weight, about 31 lbs. Each..$3.75

Oliver Improved Standard Wagon Jacks.

The merits of the Oliver Jacks have been established by their general adoption and long continued use. Can be handled with either hand. Is easily adjustable to any height by grasping the handle and sliding the bracket up or down, catching the rivet in any notch. Pulling down the handle will raise 2½ inches and locks by passing the center. Raising the handle will lower the load easily without a jar. One raise is sufficient to remove the wheel. Can also be used to set up machinery, pull posts, replace bottom fence rails, raising sills and light frame buildings. Lifting range, 24 inches.

		Weight, lb.	Price, each
No. 24T4115	No. 1 will raise one ton...	7	$0.55
No. 24T4116	No. 2 will raise two tons..	12	.85

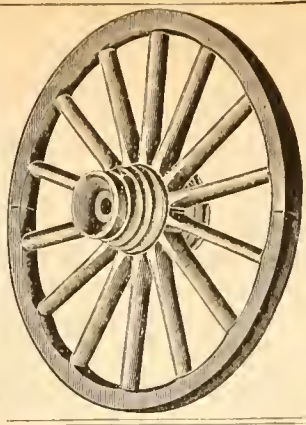
SEND A 2-CENT STAMP FOR OUR

COLOR BOOK OF PAINT SAMPLES.

We sell everything in paints and painter's supplies at very low prices and if you intend to do any painting, it will pay you handsomely to send for this sample book. It shows the actual colors of all the paints, tells how much paint to use, how to figure the quantity required, etc. **Send a 2-cent stamp for this Color Book of Paint Samples.**



FARM WAGON WHEELS.

These wheels are the same high grade wheels we use on our best wagons, and are not to be compared with the cheap wagon wheels ordinarily sold for repair purposes.

We cannot set boxes in the hubs and guarantee them to fit your old skeins, hence we price you the wheels complete, except boxes in the hubs, and also complete with boxes in the hubs and skeins to fit your axles. If you want new boxes you must order new skeins as well, which we furnish to you at the actual cost of manufacturing.

The material used in the construction of these wheels is carefully graded by expert workmen, and the wheels are made by skilled mechanics who make a special feature of fine workmanship.

The spokes, hubs and felloes are made of the best quality white oak, thoroughly seasoned.

Order by number and give full description, size and grade of wheels wanted.

The following prices are per set of four wheels, f. o. b. our factory in Southern Wisconsin.

Height of front wheel, 3 feet 8 inches; height of rear wheel, 4 feet 2 inches and 4 feet 6 inches.

For broken sets add 25 cents per wheel extra. For irregular sizes we require cash in full, as on all other goods.

As these wheels are made to your order there will be a delay of from six to ten days.

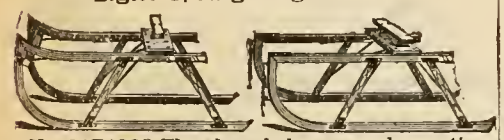
Whalon's Patent Shifting Bar.

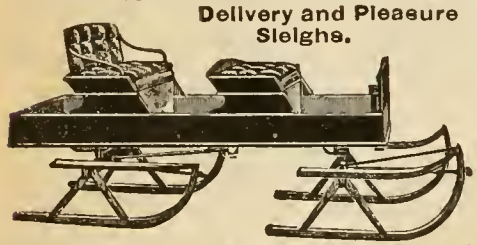
No. 24T4985 The Latest and Best. This is the most practical adjustable bar ever invented. It is easily and quickly adjusted to fit any sleigh, whether thills or pole, and can be shifted from center to side draft on sleigh without even unhitching the horse. These bars are made of best refined steel and Norway iron, and will last a lifetime. Fully warranted. Price, each..... $1.60

Light Spring Wagon Bobs.



No. 24T4988 The above bobs are made mortiseless, that is, the knees are not mortised into the runners. We use a malleable T plate, which is riveted onto runners, which greatly strengthens same. Made of hardwood throughout. Furnished complete as shown in illustration with draw bar for center or side draft with shaft shackles and bolsters suited to any kind of a body. A first class bob in every respect; painted and varnished; color road cart, red or carmine shade. Size knees, runners and raves, 1¼x1¾ inches; beams, 1¼x6 inches; hind bolsters oscillating; height of bolster from ground, 21 inches; length of runner, 3 feet 1 inch; width of track, 3 feet 1 inch. Price, per set..... $9.25

Delivery and Pleasure Sleighs.

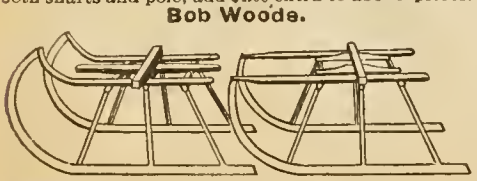


Our Patent Delivery and Pleasure Sleigh is without doubt the best sleigh for the purpose ever made. In it are combined lightness, strength and durability, and the simpleness of construction enables us to place it on the market at prices much below any other make of sleigh. Warranted to start and run easier and carry heavier loads with greater ease than any other sleigh on the market. During the past five years they have been distributed throughout every section of the country and the growing demand is the best evidence of their merit

No. 24T4992 With 1-inch runner. Price... $25.60
No. 24T4994 With 1¼-inch runner. Price. 26.80
No. 24T4996 With 1½-inch runner. Price. 27.85

The above prices are for sleighs complete—ironed, painted and varnished. Cushions and shafts ready to hitch on as shown in illustration. If wanted with only one seat, deduct $2.50 from above prices. For pole in place of shafts, add $2.00 extra to above prices. For both shafts and pole, add $4.00 extra to above prices.

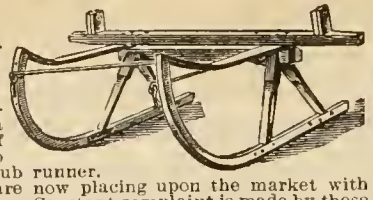
Bob Woods.



Finished Grocery Bob Woods, all made with three knees front and two hind, extra well finished, not ironed or painted, but ready for finishing.

No. 24T5000 1⅛x1¼ tread. Per set..... $5.95
No. 24T5002 1¼x1¾ tread. Per set..... 6.85

The Giant Patent Bob Runner.

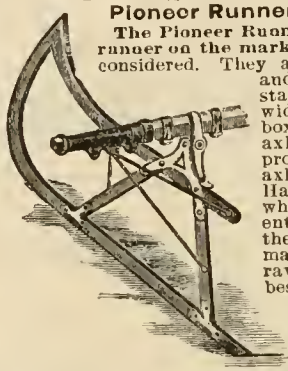


$8.45 to $11.00 per Set.

This illustration represents a new style of fancy bob used as a hub runner, which we are now placing upon the market with great success. Constant complaint is made by those using the regular hub runner that they are not strong or durable, and cause much trouble in their constant calls for repairs. Our new patent hub runner combines all the requisites of a perfect runner. It is light in weight, strong and durable, and can be easily adjusted to any delivery wagon. The illustration represents the front bob of the set, the hind having a straight rave. No pole or shafts are used on these sleighs; the regular shafts or pole can be used, as the draft is direct from the wagon gear. **Made of best grade selected stock, ironed and furnished complete.**

No. 24T5010 1- inch runner. Per set..... $8.45
No. 24T5012 1⅛-inch runner. Per set..... 9.30
No. 24T5013 1¼-inch runner. Per set..... 10.50
No. 24T5014 1½-inch runner. Per set..... 11.00

Pioneer Runner Attachments.



The Pioneer Runner is by far the best runner on the market, price and quality considered. They are made adjustable and can be changed instantly for narrow or wide track. Have steel boxes which cover the axle completely, thus protecting the arm of axle from snow and ice. Has four steel braces which, added to our patent clip, makes it one of the most rigid runners made. Runners and raves are made of the best grade selected stock. The oscillating device which clamps on to the axle is also adjustable and will fit square part of axle without wedging, which is a great drawback to most runners on the market. We use T plates instead of mortises, which strengthens the runner. Striped and painted ready for use.

	Size of axle to be used on	Weight, per set	Price, per set
No. 24T5016	⅞ or 1 -in.	35 lbs.	$5.30
No. 24T5018	1⅛ or 1¼-in.	55 lbs.	6.25
No. 24T5020	1⅜ or 1½-in.	75 lbs.	7.15
No. 24T5022	1⅝ or 1¾-in.	85 lbs.	8.90

Pioneer Runners for Two-Wheeled Rigs.

	Size of axle to be used on	Weight, per pair	Price, per pair
No. 24T5026	⅞-inch	30 lb.	$4.00
No. 24T5028	1-inch	30 lb.	4.00

Acme Sleigh Runners.

This is finely finished and the most desirable runner attachment yet out. It is easily attached, will fit on to almost any vehicle that runs on wheels, and it tracks with sleighs. (Patented, April 21, 1896.) When the runner is attached to a carriage the **end of the axle is protected by a box** made of two steel sheets pressed into the proper shape and **securely bolted together,** it being designed to **protect the axle further** by inserting cloth or leather between the sheets to prevent rubbing. **Holes are punched in the steel axle bearing,** so that the bolts fastening the bearings to the brace can be moved, and in this way the place of attaching the runner to the axle can be varied by six inches. **The rear runner is two inches higher** than forward, so that the body of the vehicle will be level.

	Size of axle to be used on	Weight, per set	Capacity	Price, per set
No. 24T5030	⅞ and 1 -in.	60 lbs.	1000 lbs.	$ 6.30
No. 24T5032	1⅛ and 1¼-in.	75 lbs.	2000 lbs.	8.25
No. 24T5034	1⅜ and 1½-in.	100 lbs.	3000 lbs.	10.50

The Mortiseless Bob Sled.

In our Mortiseless Bob we have the best all around sled on the market. It is very light and strong. The runners are solid bent **second growth ash;** shoes are cast, with grooved bottoms, which prevents slipping or sliding sideways. T plates are malleable iron, riveted and clinched, connecting the parts without mortise or tenon. They have great clearance, will run light, and are very strong. Bolsters 3 feet 2 inches between stakes. A first class sled in every particular. Prices are f. o. b. factory in Central Ohio. **Cast Shoes.**

	Horse	Knees	Size runner	Price
No. 24T5036	1 horse,	2-knee bob,	1⅛x2¼ in.,	$10.00
No. 24T5037	2 horse,	3-knee bob,	1⅜x2¼ in.,	11.25
No. 24T5038	2 horse,	3-knee bob,	2⅛x2¼ in.,	12.50

Special Bargains in Bob Slede.

Illustration Shows Six-Knee Bob.

Where goods from this department are quoted f. o. b. factory, it is done to save the expense of freight, cartage and handling from Chicago. All the saving goes to the customer in the low prices we make. It enables us to quote a price direct from the factory that barely covers the cost of material and manufacturing with but our one small profit added, a price only made possible by reason of eliminating all the handling expense and shipping direct from factory.

We placed an order early in the season for the largest number of bobs ever sent out. By placing such an order we were able to procure the **best bob** for the money we have ever handled. While our knee bobs gave universal satisfaction last year, we expect to do still better this year by giving you a heavier and stronger sled, with knees mortised **top and bottom (something no other firm furnishes);** extra heavy chilled shoes, turned up behind; a great improvement on last year, as it enables the bob to be backed without catching in the uneven ground. This feature will be greatly appreciated by anyone hauling wood, etc., as you know it is impossible to use a sled of the old style in the woods or on swampy ground. We also furnish two reaches, one long and one short, which makes the bob run much steadier, and is easier to adjust to any length box or rack.

The raves are 6 inches wide by 48 inches long; runner, 1⅞ inches wide by 3 inches deep by 4 feet 8 inches long, with a 40-inch chilled shoe turned up behind.

Runners and raves are made of hickory elm, balance of bob oak and maple. They are well ironed and braced, and are made up in a workmanlike manner and are sent out with our guarantee to be made of sound material, free from all defects, and the **best bob you ever bought at the price, or money refunded.** Painted **four coats,** striped and varnished. They were made up this summer and are all ready for delivery. **No delays in shipping.** Weight, four-knee, about 400 pounds; six-knee, about 450 pounds. Prices quoted on the sleds are f. o. b. our factory in Southern Wisconsin.

Track 3 feet 2 inches **outside to outside of runner.**

No. 24T5040 Price, four-knee bob, per set. $10.50
No. 24T5042 Price, six-knee bob, per set.. 12.00

Combination Four and Six-Knee Bobs.

No. 24T5044 In order to accommodate our customers who wish a heavier bob in front or behind, we can furnish No. 24T5040 and No. 24T5042, with a six-knee bob in front and a six-knee bob behind, or six knees in front and four behind, just as you wish. **Be sure and state how you wish the combination made up, so as to avoid delays, etc.** Track, 3 feet 2 inches **outside to outside of runner.** Price, per set..... $13.75

Special Bargains in Mandt Bob Slede.

Our bob sleds are made by a concern which has a reputation in this line second to none. The manufacturers of these goods are recognized by all dealers as the makers of **the best bobs in the country,** and only the best are good enough for us to offer to our trade. We contracted for this line of goods for the reason that we learned by investigation that **nothing but the best of material entered into the construction of this work,** that this line of bobs was the best on the market, regardless of price.

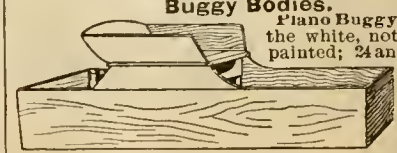
These sleighs are all covered by the most binding two years' guarantee, during which time, if any piece or part gives out by reason of defect in material or workmanship, we will replace it free of charge. **With care they will last a natural lifetime.**

Our $13.25 Mandt Patent Steel Bob Sled.

The Mandt Steel Knee Oscillating Bob is by all odds the lightest, strongest and most durable sled made. The knees are made of one solid piece of steel; all braces, plates, etc., are hand forged; beams, bolsters, reach and tongue are made of white oak; runner, of hickory elm. The size of runner is 2x4 in. x 5 ft.; bolsters, 3½x4½; beams, 3¼x4½; reach, 2x4. For use in the timber or on rough roads this sled has no equal, and at the price we ask for it you save a $5.00 bill on every set you buy. Price a sled of this description of your home merchant and see if we are not right. They are nicely painted, striped and varnished and are a first class sled in every respect. Track, 3 feet 2 inches outside to outside of runner. Our price is f. o. b. our factory in Southern Wisconsin.

No. 24T5048 Weight, 350 pounds. Price.. $13.25

Buggy Bodies.



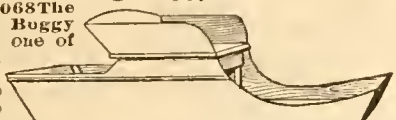
Piano Buggy Bodies in the white, not ironed or painted; 24 and 25 inches wide, and 48 or 50 and 52 inches long; panels, 8 inches deep. Weight, about 50 pounds. **Made of the best seasoned material.** The panels are well glued, clamped and screwed to frame, which make them stand the hard usage to which they are put. Dimensions given above are on bottom, outside to outside.

No. 24T5065 Finished and crated ready for shipment. Price, each..... $3.00

Road Wagon Body.

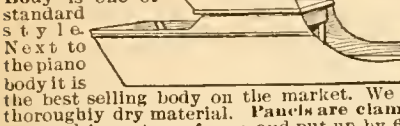
No. 24T5067 Road Wagon Bodies. Material and workmanship the best money will produce, comes complete with seat as shown in illustration, 24 inches wide, by 50 inches long. Price, each....**$2.75**

Corning Buggy Body.



No. 24T5068 The Corning Buggy Body is one of standard style. Next to the piano body it is the best selling body on the market. We use only thoroughly dry material. **Panels are clamped and screwed to** posts or frame and put up by first class mechanics. Sizes, 24 inches wide and 49 inches long. No paint or irons furnished. Finished in white, and crated, ready for shipment. Each **$2.70**

Corning Stick Buggy Body.



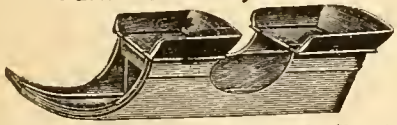
No. 24T5072 Corning Stick Buggy or Road Wagon Body. Made the same as No. 24T5068. A first class body in every respect. Sizes, 24 inches wide by 49 inches long. **No irons or paint furnished.** Finished in the white and crated ready for shipment. Each **$3.40**

Phaeton Bodies.

Phaeton Buggy Bodies. Made of well seasoned material, panels glued, clamped and screwed; hardwood throughout, nicely finished; size of body, 42x30 inches; seat, 33x18½ inches, back, 22½ inches; no irons or paint. Every body is hand made. Furnished in white only.

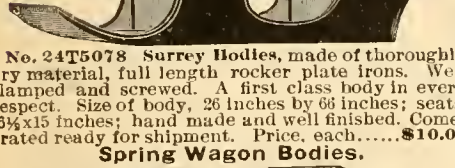
No. 24T5076 Each....**$7.50**

Farmers' Surrey Bodies.



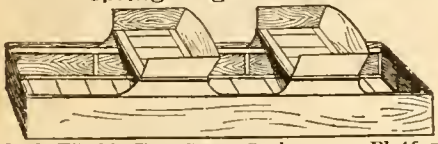
No. 24T5077 Farmers' Surrey Bodies, in the white. Made of the best material, finished ready for irons and paint. Size of body, 27 inches by 68 inches; comes complete with seats, as shown in illustration. Price, each **$6.00**

Surrey Bodies.



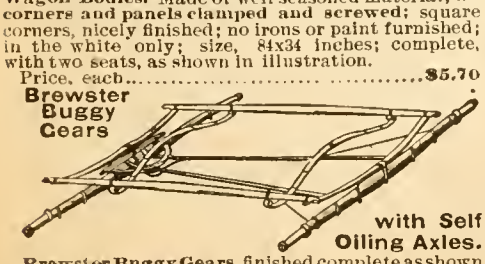
No. 24T5078 Surrey Bodies, made of thoroughly dry material, full length rocker plate irons. Well clamped and screwed. A first class body in every respect. Size of body, 26 inches by 66 inches; seats, 26½x15 inches; hand made and well finished. Comes crated ready for shipment. Price, each.....**$10.00**

Spring Wagon Bodies.



No. 24T5080 Two-Seat Spring or Platform Wagon Bodies. Made of well seasoned material; all corners and panels clamped and screwed; square corners, nicely finished; no irons or paint furnished; in the white only; size, 84x34 inches; complete, with two seats, as shown in illustration.
Price, each.....**$5.70**

Brewster Buggy Gears with Self Oiling Axles.



Brewster Buggy Gears, finished complete as shown in illustration. They are very durable in construction, simple and not easily got out of order. **Furnished with ⅛-inch self oiling axles.** Brewster fifth wheel. Length, 55¼ inches between axle, for bodies, 20, 22, 23 or 25 inches wide. Track, 4 feet 4 inches, 4 feet 6 inches, 4 feet 8 inches or 5 feet. **Prices f. o. b. Factory.**

No. 24T5090 Weight, 125 lbs. Price, each.**$10.25**

End Spring Gear with Self Oiling Axles.

Elliptic Buggy Gears. Only the best material used in its construction. Button or rubber head. **Oil tempered springs.** Self oiling axles; Brewster fifth wheel; Norway bolts and clips. Finished complete as shown in illustration. 1¼-inch spring; ⅛-inch axle; for bodies 22, 23 or 25 inches wide on bottom. Length, 56¾ inches or 59¾ inches between axles; 4 feet 4 inches, 4 feet 6 inches, 4 feet 8 inches or 5 feet track.

No. 24T5092 Weight, 125 lbs. Price, each..**$10.00**

Price is f. o. b. Factory.

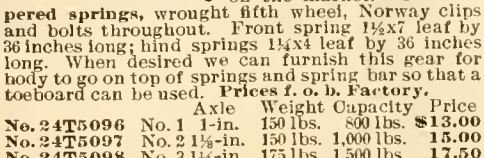
Special Elliptic End Spring Gear.

No. 24T5094 Our Special End Spring Gear is precisely the same style as our No. 24T5092, only made of cheaper material. Has common ⅛-inch patent collar axles, common fifth wheel, etc. It is, however, the best gear for the money sold by anyone, and we list it to compete with the many so called cheap gears now on the market.

Price, complete as shown in illustration.....**$7.00**

Price is f. o. b. Factory.

Three-Spring Gears.....



Three-spring Gears, made of good material. One of the best gears for the money on the market. **Oil tempered springs,** wrought fifth wheel, Norway clips and bolts throughout. Front spring 1½x7 leaf by 36 inches long; hind springs 1¼x4 leaf by 36 inches long. When desired we can furnish this gear for body to go on top of springs and spring bar so that a toeboard can be used. **Prices f. o. b. Factory.**

		Axle	Weight	Capacity	Price
No. 24T5096	No. 1	1-in.	150 lbs.	800 lbs.	$13.00

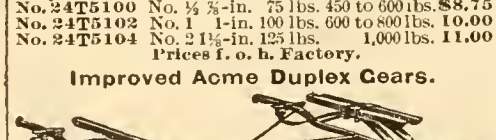
Prices f. o. b. Factory.

Improved Acme Duplex Gears.



Our Improved Acme Duplex Gear is unequaled for durability. By having a spring on each side of the axle we remove the objection experienced by having a single spring on rear or front of axle, as when going into a pitch hole it throws a strain on springs and couplings and works them loose, causing the wagon to rattle. By the use of our patent draw shackles, standard width pole and shaft are used. When ordering, give width of track and length and width of body to be used on same.

No.	Axle	Weight	Capacity	Price
24T5106	No. 1 1-in.	125 lbs.	800 lbs.	$10.85
24T5107	No. 2 1⅛-in.	125 lbs.	1,000 lbs.	11.80

No. 24T5119	No. 5 1½	175 lbs.	2,200 to 2,500	27.80

Prices f. o. b. Factory.

Acme Improved Short Turn Gears.

After years of experimenting and study, the manufacturers of this gear now offer to the public one of the most perfect and durable Short Turn Duplex Gears on the market. The main object in short turn gears is that you can use a wider body and turn short. The body does not have any sliding motion, either front or back, where there would be any chance for it to rattle or make a noise. In the one-joint reach we use a cone shaped coupling, that can be tightened, taking up all wear and making it noiseless. In ordering, give track, width and length of body.

	Axle, inches	Weight	Capacity, pounds	Price
No. 24T5120	No. 1 1	125 lbs.	800	$13.00

CLOTH SAMPLE BOOK

OF

MEN'S CUSTOM TAILORING

we furnish a book containing a cloth sample of every fabric in our custom tailoring department, also tape measure, fashion plates and rules for measurement, order blanks, etc., by which you can take your own measure and we will guarantee a perfect fit.

We furnish the most reliable men's suits, pants, overcoats and ulsters cut to order and made to measure at about one-half the prices charged by tailors generally.

PUMP DEPARTMENT.

PROBABLY THERE IS NO OTHER LINE of goods that we sell on which we can save our customers more money than we can on pumps. We fit all our pumps, so anyone can set them in the well without any trouble. The only special tool required is a pipe tong. We sell a pipe tong for 59 cents, and everyone should have one.

IF IN DOUBT write us, giving us this information: How deep is well? Is force pump or lift pump wanted? How much water is wanted per day? When water is to be drawn from a distance or forced to a distance, send a rough drawing showing position of pump, position of well, giving all angles and measurements. We will name our price on the best outfit.

Pitcher Spout Pumps.

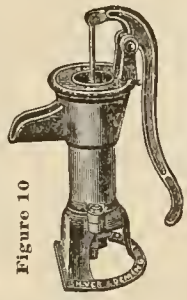

Figure 10

This picture represents our close Top Pitcher Spout Pump. These pumps are made in the very best manner and have the revolving bearer which by loosening the set screw allows handle to be placed on either side or back, in any position desired. The cylinders of these pumps are bored true and polished. They have trip valves, by which the water may be let out of the pump in the winter by raising the handle until it trips the lower valve. They are fitted with connection for either lead or iron pipe. Pipe is not included in price. (See No. 24T5710 for pipe.) We also make this pump with Brass Lined Cylinder. It is a well known fact that leather plungers operating in brass cylinders are almost indestructible. We can fully recommend them where the best is wanted.

		Iron	Brass lined
No. 24T5200	No. 1, 2½-inch cylinder for 1¼-inch pipe. Price, each	$1.00	$2.30
No. 24T5202	No. 2, 3-inch cylinder for 1¼-inch pipe. Price, each	1.13	2.00
No. 24T5204	No. 3, 3½-inch cylinder for 1¼-inch pipe. Price, each	1.25	2.85
No. 24T5205	No. 4, 4-inch cylinder for 1¼-inch pipe. Price, each	1.55	3.20

Pitcher Pumps.

Figure 15.

Pitcher Pumps, with white enameled spout and cylinder, closed revolving top. Makes one of the neatest low price pumps on the market. Made same shape as our No. 24T5200 above.

No. 24T5206 No. 1, 2½-inch cylinder, for 1¼-inch pipe. Weight, 21½ pounds. Price, each.....$1.05
No. 24T5207 No. 2, 3-inch cylinder, for 1¼-inch pipe. Weight, 22½ pounds. Price, each.....$1.20
No. 24T5208 No. 3, 3½-inch cylinder for 1¼-inch, pipe. Weight, 23½ pounds. Price, each.....$1.30
No. 24T5209 No. 4, 4-inch cylinder, for 1¼-inch pipe. Weight, 26½ pounds. Price, each.....$1.60

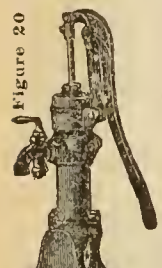

Figure 20

Acme Cistern Pumps.

In the Acme Cistern Pump we have the most up to date pump made. Extra finish, high grade, gray iron and brass, machine fitted. We have this pump in two styles, iron body and brass lined body. All are fitted for 1¼-inch lead or iron pipe and back outlet for 1-inch pipe, as per illustration.

No. 24T5214 3-inch iron body. Price, each.....$4.45
No. 24T5215 3-inch brass lined body. Price, each.....$5.00
Same pump without cock spout, but with common round spout and hose attachment.
No. 24T5221 3-inch iron body. Price, each, $3.20
No. 24T5222 3-inch brass lined body. Price, each..... 3.80

Iron and Brass Lined Force Pumps.

With Air Chamber, Revolving Bearer and Brass Piston Rod.

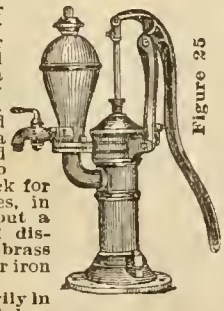

Figure 25

This is a staple pump for house use. It is usually placed on a kitchen sink or elevated platform, and used to force water up into a tank or reservoir to supply bathrooms and washbasins. The air chamber is fitted with an outlet into which a draw cock may be screwed if desired. Hose may also be attached to the cock for sprinkling or fire purposes, in which case it is best to put a stop cock on the upward discharge. These pumps have brass valve seats, and are fitted for iron or lead pipe.

Will not work satisfactorily in well or cistern over 25 feet deep.

Prices quoted below are for pump without cock at spout.

		Iron	Brass lined
No. 24T5225	No. 1, 2½-inch cylinder for 1-inch pipe. To fit ¾-inch hose coupling. Price, each	$4.30	$6.50
No. 24T5226	No. 2, 2¾-inch cylinder for 1-inch pipe. To fit ¾-inch hose coupling. Price, each	4.70	7.40
No. 24T5228	No. 4, 3-inch cylinder for 1¼-inch pipe. To fit 1-inch hose coupling. Price, each	5.70	8.70

If wanted with cock spout add $1.00 to above prices.

Iron and Brass Lined Force Pump.

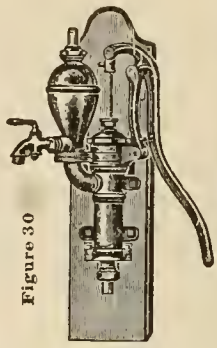

Figure 30

This pump is similar to our No. 24T5225 and the same description is applicable. It is only different in that it bolts to a plank and is designed to be fastened to the wall.

No. 1, 2¼-inch cylinder for 1-inch pipe. No. 2, 2¾-inch cylinder for 1-inch pipe. No. 3, 3-inch cylinder for 1¼-inch pipe. Complete as shown in illustration.

No. 24T5232 No. 1, Iron, $5.35; Brass Lined, $6.50
No. 24T5233 No. 2, Iron, $5.70; Brass Lined, $6.40
No. 24T5235 No. 4, Iron, $6.70; Brass Lined, $8.70

We can fully recommend our brass lined pumps to be equal to an all brass one, and much cheaper. The cylinder is lined with a seamless drawn brass tube. The plunger, piston rod, stuffing nut, and all working parts are brass, and as leather plungers operating in brass cylinders are known to be almost indestructible, parties wishing a first class pump will give them the unhesitating preference.

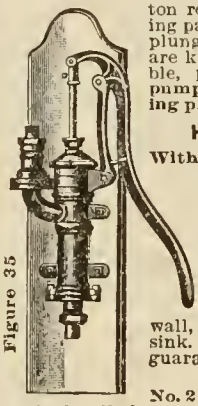

Figure 35

House Force Pumps.

With Revolving Bearer and Brass Piston Rod.

This House Pump is used to force water up into a tank or reservoir. It has a brass seat valve and is arranged for attaching either iron or lead pipe. It comes fastened to plank as shown in illustration which can be placed against the wall, thus being out of the way of sink. It is a high class article and is guaranteed to do good work.

		Iron	Brass Lined
No. 24T5240	No. 1, 2¼-inch cylinder for 1-inch pipe	$4.20	$6.00
No. 24T5241	No. 2, 2½-inch cylinder for 1-inch pipe. Price	4.56	6.45
No. 24T5242	No. 4, 3-inch cylinder for 1¼-inch pipe. Price	5.25	7.55

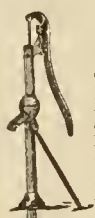

Figure 50

Anti-Freezing Wrought Iron Lift Pumps.

Suitable for wells not more than 30 feet deep. It measures 4 feet from flange at platform to bottom of cylinder. The flange is adjustable, which makes it especially suitable for drive wells. Shape of spout prevents flooding at the top. Has 3x10 iron cylinder of good quality, fitted for 1¼-inch iron pipe. If well is more than 20 feet deep, we recommend placing a foot valve on end of pipe at bottom of well.

No. 24T5250 Price for pump, as shown in illustration.....$3.35

NOTICE—This price does not include the pipe to reach from the bottom of the cylinder to the bottom of well. For pipe, see No. 24T5710.

Anti-Freezing Closed Top Lift Pumps.

Figure 60

Adapted for wells not more than 30 feet deep. Has revolving top, so handle may be placed on either side or at back of spout in any position desired. It measures four feet from platform to bottom of cylinder. The pipe connecting cylinder and pump screws into the pump at the spout, thus leaving an air space around the the pipe above the platform, which is a preventive against freezing. The cylinder is of the best quality and is fitted for 1¼ inch pipe, unless otherwise ordered. If well is more than 20 feet deep, we recommend placing a foot valve on end of pipe at bottom of the well. Pipe to reach from bottom of cylinder to bottom of well is not furnished at prices named below.

No. 24T5254 No. 2, 2½-inch cylinder. Price.....$2.95
No. 24T5255 No. 3 2¾-inch cylinder. Price..... 3.00
No. 24T5256 No. 4, 3-inch cylinder. Price, $3.10
No. 24T5257 No. 5, 3½-inch cylinder. Price 3.20
No. 24T5258 No. 6, 3½-inch cylinder. Price, 3.30
10-inch iron cylinders furnished with above pumps.

Fig. 65.

New Pattern Close Top Lift Pumps.

The bolts on cap and pitman are large, and will many times outwear the small ones in ordinary use. The pipe is screwed into pump just below the spout, which prevents freezing in winter. Has revolving top, so handle may be placed in any desired position. Has swinging fulcrum. The cylinder is of the best quality, and fitted for 1¼-inch pipe. It measures 4 feet from flange at platform to bottom of cylinder. For wells not more than 25 or 30 feet deep, order the pump as shown in illustration, and enough pipe to reach from bottom of cylinder (4 feet from platform) to the bottom of well. Extra pipe is not included with pump. For price of pipe, see No. 24T5710.

No. 24T5264 No. 2, 2¼-inch cylinder..$4.55
No. 24T5265 No. 3, 2¾-inch cylinder.. 4.60
No. 24T5266 No. 4, 3 -inch cylinder., 4.70
No. 24T5267 No. 5, 3¼-inch cylinder.. 4.00
No. 24T5268 No. 6, 3½-inch cylinder.. 5.00

Above pump furnished with 10-inch iron cylinders. Brass cylinders furnished at an extra cost; see No. 24T5545 for difference in prices.

When this pump is ordered for a well more than 25 or 30 feet deep, the cylinder should be placed within 10 feet of the bottom of well. When so ordered, it takes more pump rod and pump rod couplings, and requires extra labor, for which we make an extra charge of 5 cents per foot for each foot the cylinder is put down. This charge is to be added to cost of pump and pipe complete.

NOTICE—The cost of pipe is not included in above extra charge. We give below a sample order for pump and pipe complete to reach 74 feet from platform with cylinder put down 65 feet.

No. 24T5266 1 pump, No. 4..... $ 4.70
No. 24T5710 70 feet black iron pipe, 1¼-inch, at 8½ cents.. ..... 5.95
To putting cylinder down 65 feet, at 5 cents. 3.25
$13.90

Heavy Lift Pump with Windmill Head.

Figure 70

Adapted for wells not more than 80 feet deep. May also be used for hand use. Pipe screws into standard at the spout. Has revolving top and swinging fulcrum. All parts are strong and durable. We can fully recommend it as a first class pump. Measures 4 feet from platform to bottom of cylinder. For wells not more than 25 or 30 feet deep, order pump as shown in illustration and enough 1¼-inch iron pipe to reach from bottom of cylinder (4 feet below platform) to bottom of well. Price of pipe is not included in price of pump. Average weight, 80 pounds. For price of pipe, see No. 24T5710.

No. 24T5274 No. 2, 2¼-inch cylinder.$3.60
No. 24T5275 No. 3, 2¾-inch cylinder. 3.65
No. 24T5276 No. 4, 3 -inch cylinder. 3.70

No. 24T5278 No. 6, 3½-inch cylinder. 3.90

Above pump furnished with 10-inch iron cylinders; brass body cylinders furnished at an extra cost of difference in price of cylinders. See No. 24T5545 for prices on brass body cylinders. When this pump is ordered for wells more than 25 or 30 feet deep, cylinder should be placed within 10 feet of the bottom of the well, for which we make an extra charge in addition to cost of pump and pipe, same as explained under No. 24T5268.

Extra Heavy Lift Pump.

For Stockyards and Heavy Work.

Figure 75

This illustration represents our Heavy Set Length Lift Pump, adapted for stock yards and wells where large quantities of water are required. It measures 4 feet from flange at platform to bottom of cylinder. The set lengths are screwed in the pumps at the spout to prevent freezing in winter. The stocks are made very heavy and strong, and the cylinders are large and capable of throwing large quantities of water. We fully recommend it where a large amount of water is desired. Average weight, 88 pounds.

No. 24T5285 3½-inch cylinder, fitted for 1½-inch pipe. Price.....$3.50
No. 24T5286 4-inch cylinder, fitted for 1½-inch pipe. Price.....$3.75

Above pumps are fitted with 10-inch iron cylinders; for brass body cylinders, see No. 24T5545. Can furnish brass body cylinders for difference in prices.

Price of pipe is not included in above prices. For pipe, see No. 24T5710.

SEE PAGES 7 TO 11 FOR FREIGHT RATES.

Extra Heavy Windmill Lift Pump.

Figure 80

For Stockyard and Heavy Work. This pump is exactly like Nos. 24T5285 and 24T5286 except it has windmill head and is made in three sizes. When well is more than 20 feet deep, we recommend putting a foot valve at end of pipe in bottom of well.

No. 24T5289 3½-inch cylinder, fitted for 1¼-inch pipe.....$6.30
No. 24T5290 4-inch cylinder, fitted for 1¼-inch pipe.....$6.40
No. 24T5291 4-inch cylinder, fitted for 2-inch pipe.....$6.60

Above pumps furnished with 10-inch iron cylinders. Can furnish brass cylinders for difference in price; see No. 24T5545. Price of pipe is not included in above prices. For pipe, see No. 24T5710.

Heavy Force Pump.

Adapted for wells not more than 60 feet deep. The pipe which connects cylinder to pump is screwed into pump at the spout, preventing freezing in winter. It has an outlet in rear of spout where a 1-inch pipe may be attached, if desired, as shown in illustration No. 24T5310. **Hose may be attached to the spout** by means of the clevis which we furnish, as shown in illustration. **We can also furnish with cock** at spout if so ordered, at extra price named below. It measures 4 feet from flange at platform to bottom of cylinder. **They are made in two sizes of standards,** medium and large. The large pump will give best results in deep wells; fitted for 1¼-inch pipe, unless otherwise ordered. When used for force pump, set the thumbscrew down tightly; when used as a lift pump, loosen the screw.

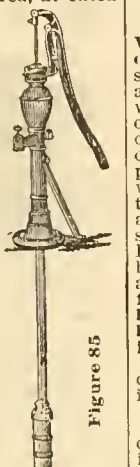

Figure 85

	Size Cylinder	Size	Price, each
No. 24T5300....	2	2½x10	**$4.90**
No. 24T5301 ...	3	2¾x10	**5.00**

The above pumps are fitted with iron cylinders. If wanted with brass cylinders add difference in price; see No. 24T5545.

EXTRAS.

The above prices are for pump as shown in illustration. Price of pipe to each from bottom of cylinder to bottom of well is not included. **For pipe see No. 24T5710.** If this pump is ordered for well more than 25 or 30 feet deep, the cylinder should be placed within 10 feet of the bottom of the well. **When so ordered we make an extra charge of 5 cents per foot** for each foot the cylinder is put down. For full information read description of pump No. 24T5268. These pumps can also be fitted with cock at spout (see illustration of pump No. 24T5310), for which we make an extra charge of 75 cents. **These pumps can also be fitted with back attachment** (see illustration of pump No. 24T5310), for which we make extra charge of 90 cents.

Figure 90

Windmill Force Pump.

This pump is exactly like No. 24T5300, except that it has a windmill head. We can fully recommend both of them as powerful force pumps. Size 8 is fitted for 1¼-inch pipe; other sizes fitted for 1¼-inch pipe.

Acme Double Acting Force Pumps.

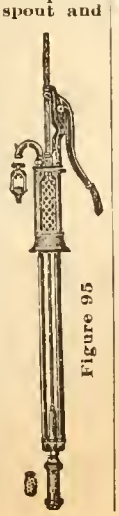

Figure 95

Acme Double Acting Force Pump with windmill head and revolving spouts for shallow or deep wells. The upper cylinder is heavy seamless drawn brass tubing. The lower cylinder is furnished with our new style brass poppet valves and brass valve seats. Each pump is furnished with our improved malleable hose attachment and suction strainer. When used in deep wells the lower cylinder should be lowered to within 10 to 15 feet of bottom of well, or better still placed in the water. We furnish this pump with windmill head which can be used by hand if so desired. For a deep well pump, say 125 to 150 feet, this pump has no equal.

No. 24T5317 Size cylinder, brass lined, 2¼ inches, for 1¼-inch pipe. Price, each.....$8.00
No. 24T5318 Size cylinder, brass lined, 3 inches, for 1¼-inch pipe. Price, each.....$8.15
No. 24T5319 Size cylinder, brass lined, 3½ inches, for 1¼-inch pipe. Price, each.....$8.65

Double Acting Force Pump with Three-Way Cock.

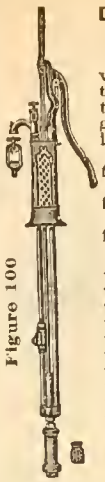

Figure 100

This pump is the same as No. 24T5317 with the exception that it has a vertical three-way cock. With the aid of this three-way cock water can be forced underground into tanks or cisterns. Upper cylinder is brass, lower cylinder brass lined.

No. 24T5323 Size cylinder, 2¼ inches, for 1¼-inch pipe. Price, each.....$8.50
No. 24T5324 Size cylinder, 3 inches, for 1¼-inch pipe. Price, each.....$8.60
No. 24T5325 Size cylinder, 3½ inches, for 1¼-inch pipe. Price, each.....$10.00

OUR PRICES ON PUMPS ARE BELOW ANY KIND OF COMPETITION.

Acme Double Acting Drilled Well Force Pump.

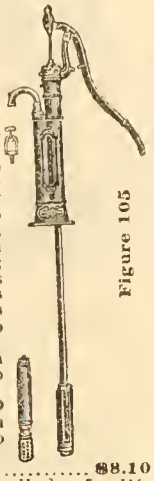

Figure 105

Our Acme Double Acting Drilled Well Force Pump is adapted for drilled wells of small bore, and is so constructed that the cylinder and all of its parts below the platform will enter and pass into the casing or drilled hole, thus avoiding the cutting off of the casing so that the casing can be run up close to the platform, keeping out the surface water and all other impurities. Although this pump is especially adapted for drilled wells, it has no superior for dug or open wells. Lower cylinder is furnished with brass seat valves and poppet valves; also strainer and hose attachments furnished free of charge. **Has brass lined upper cylinder and brass lower cylinder.** A first class pump in every respect.

No. 24T5327 Size 2 has a 2¼-inch cylinder for 1¼-inch pipe, will go into 3-inch cased well. Price, each.....$8.00
No. 24T5328 Size 4 has 3-inch cylinder for 1¼-inch pipe, will go into 3½-inch cased well. Price, each.....$8.10
No. 24T5329 Size 6 has 3¼-inch cylinder for 1½-inch pipe, will go into 4-inch cased well. Price, each.....$8.60

Windmill Head, Double Acting Drilled Well Force Pump.

Figure 110

This pump is the same as No. 24T5327 except that it has a windmill head, which is an attachment to connect same to windmill. Material and workmanship guaranteed to be A 1. **Nothing better made.**

No. 24T5332 Size 2 has 2¼-inch brass cylinder for 1¼-inch pipe. Will go into a 3-inch cased well. Price, each.....$8.40
No. 24T5333 Size 4, has a 3-inch brass cylinder for 1¼-inch pipe. Will go into a 3½-inch cased well. Price, each.....$8.65
No. 24T5334 Size 6, has a 3¼-inch brass cylinder for 1½-inch pipe. Will go into a 4-inch cased well. Price, each.....$9.10

If wanted with brass lined lower cylinder, in place of all brass, deduct 50 cents from above prices.

New Acme Drilled Well Force Pump.

Figure 115

Our New Acme Drilled Well Force Pump discharges a smooth, steady stream and operates unusually easy and is adapted for any kind of a well, but especially for cased wells of small diameter. A large air chamber is placed inside the stock. It is so constructed as to avoid any of the parts getting out of order beyond ordinary wear. The cylinders are fitted with our new style, all brass poppet valves. Strainer and hose attachment furnished free of charge.

No. 24T5336 Size 2 has 2¼x12-inch brass flush capped cylinder for 1¼-inch pipe. Will go into a 3-inch cased well. Price, each.....$7.00
No. 24T5337 Size 4 has a 3x12-inch brass flush capped cylinder for 1¼-inch pipe. Will go into a 3½-inch cased well. Price, each.....$7.10
No. 24T5338 Size 6 has a 3¼x12-inch brass flush capped cylinder for 1¼-inch pipe. Will go into a 4-inch cased well. Price, each.....$8.15

New Acme Drilled Well Force Pump, with Windmill Head.

Figure 120

Our New Acme Drilled Well Force Pump, with Windmill Head, is the same as No. 24T5336, except that it has a windmill head, so that it can be attached to a windmill. The best single acting pump sold by anyone.

No. 24T5340 Size 2 has a 2¼x12 brass flush capped cylinder for 1¼-inch pipe, will go into a 3-inch cased well. Price, each.....$7.70
No. 24T5341 Size 4 has a 3x12 brass flush capped cylinder for 1¼-inch pipe, will go into a 3½-inch cased well. Price, each.....$7.80
No. 24T5342 Size 6 has a 3¼x12 brass flush capped cylinder for 1½-inch pipe, will go into a 4-inch cased well. Price, each.....$8.65

Acme Windmill Force Pump Standard.

Figure 135.

Acme Windmill Force Pump Standard, with corked spout and flanged base. The upper discharge of air chamber is fitted for pipe. Cock spout is fitted for hose connection. It is made extra heavy and is intended for artesian or large tubular wells. To make this standard complete to put in well, select cylinder desired—see No. 24T5528 to No. 24T5550. Order pipe required (see No. 24T5710). Say how many feet deep your well is and how far down you wish to place the cylinder; add 5 cents per foot for each foot the cylinder is put down, which covers the cost of labor, etc. As a guide to making order, see No. 24T5268, adding cost of cylinder selected.

No. 24T5344 Size 1, 6-inch stroke, for 1¼-inch pipe. Price, each.....$8.15
No. 24T5345 Size 2, 10-inch stroke, for 1¼-inch pipe. Price, each.....$8.75

We can furnish these standards for 2, 2½ or 3-inch pipe, if so desired.

Acme Improved Windmill Force Pump Standards.

Figure 140

Our Improved Acme Windmill Force Pump Head or Standard, has brass stuffing box; hose connection on spout; is furnished at top with a special bushing, which prevents the rod from wearing on the bearer.

This pump is arranged with outlet back of spout or pump so that pipe can be attached for forcing water to tank or cistern. It is much heavier than the regular size Standard, and is intended for deep wells.

NOTICE.—If wanted with Cock Spout, add 75 cents to the following prices:

No. 24T5347 Size 1, 6-inch stroke for 1¼-inch pipe. Price, each.....$3.45
No. 24T5348 Size 2, 10-inch stroke for 2-inch pipe. Price, each.....$3.95

Figure 145

Extra Heavy Windmill Standards.

This illustration represents our extra heavy Windmill Pump Standard. It is much heavier than our common windmill pump, and the spout is higher from the base. Furnished complete with guides and rods. Tapped for 1¼-inch pipe.

No. 24T5349 6-inch stroke. Price, each.....$3.20
No. 24T5350 10-inch stroke. Price, each..... 3.65

Underground Valve Force Pump.

Figure 150

This pump is especially adapted for 2-inch tubular wells, also 1¼-inch pipe for open or drilled wells. By operating the wheel in the top of the gooseneck, the **water may be discharged either through the spout,** or through the underground pipe at the bridge piece below. **It differs from other three-way valve pumps** in that the operating screw, which is of brass, is below, near the valve, and not at the gooseneck, consequently there is no liability to chill and freeze. **The pipe on the right** forms the air chamber. When this pump is used for tubular wells, it is made with a cap at the stuffing box, which, when unscrewed, leaves an opening large enough to pull the plunger up through without disconnecting the pipe or disturbing the pump in any way. This pump is always sent for 2-inch pipe, but may be bushed for smaller sizes, 1¼-inch discharge pipe. Gooseneck to fit 1-inch hose coupling.

No. 24T5352 6-inch stroke.....$7.50
No. 24T5353 10-inch stroke..... 7.90

Suction pipe and rod coupling connect at B; discharge pipe connects at A.

NOTICE—The above prices are for the pump stock only; cylinder and pipe are extra. See No. 24T5528 for cylinder, and No. 24T5710 for pipe.

EXTRAS—To make complete outfit, select cylinder desired, and quantity of pipe wanted for suction, also number of feet of pipe wanted for discharge. **State number of feet cylinder shall be put down,** and in addition to cost of standard, cylinder and pipe, add 5 cents per foot for each foot the cylinder is put down.

Acme Siphon Force Pump.

Figure 165

The Acme Siphon Force Pump is to be used in connection with a windmill for pumping water from wells 18 to 20 feet deep. It is constructed so that all working parts can be removed without disturbing the suction or discharge pipes or disarranging the pump or connections in any way. It has a seamless brass valve cap, brass plunger and piston rod, brass stuffing box and improved brass poppet valve. The air chamber has a large capacity and is fitted with check valve at discharge opening. The outlet can be set in different directions to suit the location. In short it is a high grade pump in every respect.

No.	Size, cylinder	Price
24T5356	2½ inches	$ 9.55
24T5357	3 inches	10.15
24T5358	3½ inches	12.95
24T5359	4 inches	14.00

Hand Rotary Force Pump.

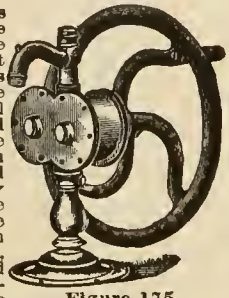

Figure 175

This picture represents our Hand Rotary Force Pump. The action of the cams being steady, it throws a continuous stream without the use of an air chamber. It will pump either hot or cold liquids, and is adaptable to many purposes in breweries, creameries and factories where ordinary plunger pumps could not be successfully used. These pumps have the Holly cam (the best yet invented), which are fitted and ground in with great care and accuracy. Brass plugs are screwed into lower outlets, so as to enable the water to be discharged from the chamber in winter. The goosenecks are screwed for hose attachments.

No. 24T5360 No. 1, With balance wheel, capacity per revolution, ½ gallon, 1¼-inch pipe. Price, each..... $ 8.60

No. 24T5361 No. 2, With balance wheel, capacity per revolution, ¾ gallon, 1¼-inch pipe. Price, each..... 10.00

No. 24T5362 No. 4, With balance wheel, capacity per revolution, ⅛ gallon, 1½-inch pipe. Price, each..... 11.75

Acme Rotary Power Force Pumps.

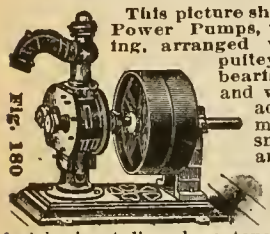

Fig. 180

This picture shows our Acme Rotary Power Pumps, without outside gearing, arranged with tight and loose pulleys, outside babbitt bearing, etc. This is a cheap and very useful pump, well adapted to establishments requiring but a small stream pumped and want it rapid and constant. It is well adapted for a small fire pump, and will throw water from 125 to 150 feet horizontally. In extensive use in cotton and woolen factories for pumping drinking water into upper rooms. **These pumps are constructed in the same perfect manner as those of a larger class, the only difference being in the absence of the outside gearing.** The driving shaft is made of ample length to permit a balance wheel with handle to be placed on outside of the bearing, readily enabling it to be worked by hand in an emergency. The spout is screwed for hose on the outer end, and for wrought iron pipe where it connects to the pump. The spout can be removed and connections made with iron pipe whenever it is necessary to force the water upward to any height above the pump. These pumps can be run up to 200 revolutions per minute without injury, although we recommend a lower rate of speed. Should not be placed over 15 to 20 feet distance from water. The second column of figures gives the capacity per minute of 100 revolutions.

Easy Tank Pump.

Easy Tank Pump. The best thrasher pump sold by anyone for the money we ask for it. Has two 5-inch cylinders and a 4-inch stroke. Will draw water 20 to 22 feet and force same 50 to 62 feet with ease. It is fitted for 2-inch suction hose and has discharge connection for either iron pipe or hose.

No. 24T5384 Price....$4.90

Figure 190

Acme Tank Pump.

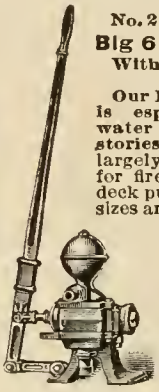
Fig. 209

Our Acme Low Down Tank Pump is by far the most powerful pump made. **It is made on new principles.** The cylinder being in a horizontal position, we gain great **strength and simplicity.** It is strictly a double acting pump, sucking water at each stroke of the pump. The cylinder is 5 inches in diameter, with a 5-inch stroke. Openings are 2 inches for suction and discharge. **Spout is attached to top of pump,** is reversible and is so arranged that the largest pail can be placed under it, thus avoiding lead hose when a pail of water is wanted. **It has a capacity of 2 barrels per minute** and will throw a stream of water 60 feet. Guaranteed to be the best pump of its kind made or money refunded.

No. 24T5386 Price, each $4.95

Big 6 Double-Acting Force Pump

With Air Chamber and Adjustable Handle.



Our Big 6 Double-Acting Force Pump is especially adapted for elevating water from cisterns to tanks in upper stories of residences. It is also used largely for cleaning and filling boilers and for fire protection, or can be used as a deck pump and many other purposes. All sizes are fitted with all brass valves. Brass plugs are provided for draining cylinder to prevent freezing, and also for priming when necessary. The air chamber can be reversed so that discharge may be used on either side. The suction and discharge are always fitted for iron pipe unless otherwise ordered, but can be fitted for hose or lead pipe if specified.

Drove Well Connections.

Cast Iron Pipe Connections, for connecting iron pipe to wood tubing. Size, for 1¼-inch pipe.

No. 24T5409 Price, each.....45c

Wood Pumps.

Our Wood Pumps are made from selected stock, thoroughly painted, striped and varnished. They are furnished with iron handle brackets and iron spouts. The plunger, which is the vital part of a suction pump, is of the latest improved pattern. Adapted for wells not more than 30 feet deep.

To Select a Pump: For wells 20 feet or less deep use 6-foot pump. For wells 20 to 25 feet deep use 7-foot pump. For wells 25 to 30 feet deep use 8-foot pump.

Besides the pump, order enough tubing of size to match pump to reach from bottom of pump to bottom of well. Tubing comes in lengths of 12 feet and less. When more than 12 feet of tubing will be required, order a coupling to connect the tubing.

Wood Farm Pumps.

General Purpose Pump is 6 inches square, 3½-inch bore, 9-inch stroke. **Capacity, 60 gallons per minute.** While this pump throws an ample supply of water, ladies and children can work the pump with ease.

No.	Length	Price, plain pump	Price, with porcelain lined cylinder
24T5412	6 feet	$2.40	$3.05
24T5413	7 feet	2.60	3.30
24T5414	8 feet	2.85	3.60

No. 24T5415 Tubing to fit above pump, 4 inches square, with 1¾-inch bore. Price, per foot.....8c
No. 24T5416 Couplings for above tubing, each.25c

Wood Stock Pumps.

Stock Pump is 7 inches square, 4-inch bore, 10-inch stroke. Capacity, 80 gallons per minute. These pumps are particularly adapted to the wants of farmers and stockmen using large quantities of water. They should not be used in wells where the water is more than 15 or 20 feet from the platform, as the quantity of water which the pump lifts at each stroke would cause it to work hard in deep wells.

No.	Length	Price, plain pump	Price, porcelain lined cylinder
24T5418	6 feet	$2.90	$3.70
24T5419	7 feet	3.25	3.90
24T5420	8 feet	3.55	4.25

No. 24T5424 Tubing for above pump, 4 inches square, 2-inch bore. Price, per foot.....8c
No. 24T5425 Couplings for Tubing, each....25c

Wood Cistern Pump.

Cistern Pump is 5 inches square, 3-inch bore, 8-inch stroke. Capacity, 40 gallons per minute. This pump is adapted to cisterns and shallow wells where a moderate quantity of water is required.

No.	Length	Price, plain pump	Price, with porcelain lined cylinder
24T5426	6 feet	$2.10	$2.75
24T5427	7 feet	2.15	2.85

Tubing to fit above, 3½ in. square, 1½-in. bore.
No. 24T5430 Price, per foot..... 8c
No. 24T5431 Couplings for above. Each... 20c

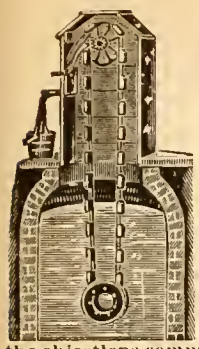
Acme Improved Purifying Pump.



Our Acme Purifying Pump is the simplest structure for raising water and at the same time purifying it, in the world. It is adjustable to any well or cistern, and is very durable, being an endless chain composed of links all made from the best of galvanized wire, manufactured and tempered expressly for these pumps. The cups are made of the best grade of galvanized iron.

It always furnishes the water from the bottom of the well, as no water enters the cups until they begin to raise at the bottom of the well, when the air immediately escapes and they are filled with the best and coldest water, and **has none of the objections common to other pumps.** There are no suckers or valves, no wooden tubing to rot out or rusty iron to come in contact with the water, but everything is kept pure and wholesome.

No. 24T5442 Complete for 10-foot well.....$4.65
No. 24T5443 Complete for 15-foot well..... 5.60
No. 24T5444 Complete for 20-foot well..... 6.65

Star Water Elevator and Purifying Pump.

Our Star Water Elevator is of the same construction as No. 24T5442, purifying the water; a galvanized steel curb in place of wood. This makes a much better pump in every way, will last longer, will not rust or decay; all castings and fittings are extra heavy. Furnished complete with galvanized buckets and chain.

No. 24T5446 Complete with buckets for 10-foot well. Price...$6.60
No. 24T5447 Complete with buckets for 15-foot well. Price...$7.60

No. 24T5453 Extra Galvanized Buckets. Price, per foot. 9¼c

Star All Galvanized Steel Chain Pump Curb, with Galvanized Steel Tubing.

The Star Patent Galvanized Steel Curbs are made entirely of No. 24 gauge galvanized steel, have many and great advantages over any and all others. They are fitted with a heavy cast iron base at the bottom to support the curb, which allows the body of the curb to project down and into the opening in the well or cistern cover. This, with the special feature of the fixtures being set below the top line of the curb, prevents any water leaking out on the top of the well or cistern cover, and when top of curb is off the fixtures are fully protected by the sides of the curb. Outside of curb is painted with two coats of paint and one of varnish. These curbs are fitted with our latest improved noiseless roller bearing fixtures that, with their construction, material and workmanship, makes them the most complete chain pump curb ever offered to the trade. **The tubing is made of the best grade No. 24 galvanized steel, is formed perfectly round, with seam air and water tight. We would not advise using this pump in wells over thirty feet deep.** Prices given below include reservoir and all complete.

No. 24T5455 Price, for 10-foot well, complete$3.75

Acme Sprayer or Lightning Bug Exterminator.

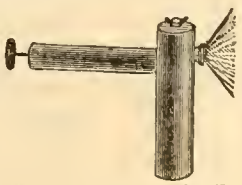
The Double Tube Acme Insect Exterminator for 1902 is made with double tube, and is double the capacity of any sprayer made, covering a radius of 2¼ feet, producing two large sprays with one operation. The air chamber is of large capacity and the reservoir holds two quarts, which is enough to spray 2,000 hills of potatoes. There is no insect living this machine will not kill when the right ingredients are used. We guarantee our galvanized and copper tank sprayers to resist any acid you may put in them.

No. 24T5490 Galvanized tank sprayer. Price, each..... .....30c
No. 24T5492 Copper tank with coppered tube. Price, each..... .....55c

Glass Reservoir Sprayer.

No. 24T5493 Our Glass Reservoir Sprayer has detachable glass reservoir, provided with our patent spring leather plunger expander, which at all times keeps the leather washer expanded and will not allow it to wrinkle or dry up, which was the case with former sprayers, which will be appreciated at a glance by anyone who is familiar with sprayers. It is the only sprayer having a glass reservoir, detachable, encased so that the operator at all times can see the ingredients mixing, and just how they are working. Also, having a glass reservoir, which is made of the pattern of a Mason fruit jar, and any such will fit this sprayer; being oblong gives a churning motion while the sprayer is being used, mixing the ingredients—which cannot be done with any other shaped sprayer—and will not allow Paris green to settle. The glass sprayer will not corrode or rust out, as is the case with all other metal. Full directions sent with each sprayer, how to use, etc.
Price, each..... .....45c

The Lightning Junior Compressed Air Sprayer.



No. 24T5495 The reservoir is made of heavy galvanized iron and holds one gallon. It gives a fine, mist like spray or a solid stream. It is provided with two nozzles. The Junior Compressed Air Sprayer will spray all kinds of liquids, and for sprinkling the floors in warehouses with oil it cannot be excelled. For whitewashing the walls of poultry houses or stables it has no equal. All the operator is required to do is to fill the reservoir full of water and pump in four or five strokes of air with the pump which is attached to the reservoir and forms a handle. For house plants it is also greatly admired, because the foliage can be wet on the under side, which is difficult to do with any other make of sprayer. The great advantage that this sprayer has is that all the time the operator is using it it does its own spraying without any labor.
Price, each..... .....80c

New Century Compressed Air Sprayer.

New Century Compressed Air Sprayer with automatic mixer, one of the best low priced sprayers on the market. Fill tank ⅔ full, work the pump 15 seconds and it is ready for operation. Furnished complete with hose and nozzle.

No. 24T5496 Galvanized Sprayer. Price, each.....$2.15
No. 24T5498 Copper Sprayer Price, each.....$4.00

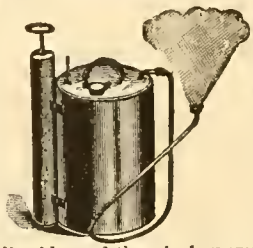
Acme Spreyer.

A Self-Operating or Automatic Sprayer.

No. 24T5501 The Climax of all Sprayers; combines every conceivable point of excellence, including economy, durability, low price and ease in carrying and operating. Nothing but galvanized iron and solid brass or copper used in making the Acme Sprayer with four-ply rubber hose—nothing to rust or corrode; eight or ten strokes of plunger in air chamber will compress enough air to discharge the entire contents and make a continuous spray for nine minutes. This means that the Acme Sprayer can be charged in fifteen seconds, when it will work uninterruptedly long enough to spray a quarter acre of potatoes.

Price, Sprayer complete, galvanized iron.....$2.90
Price, Sprayer complete, brass..... 4.55
Price, 2-feet extension pipe, galvanized, each .20
Price, 2-feet extension pipe, brass, each..... .28

Acme Compressed Air Sprayer.



No. 24T5502 The Acme Sprayer will throw any kind of a spray, from the finest dew to a solid or continuous stream. It is made of heavy galvanized iron, nicely painted, with air pump attached, also safety valve to prevent over pressure, and is furnished with hose and two nozzles. The can is filled one-half or two-thirds full of water or liquids, and the air is pumped in, which only takes about one-half minute, and it will force out the entire contents. After the air is pumped in no more labor is required, except opening the faucet, for killing potato bugs and insects of every nature.
Price, each..... $3.70

Acme Paris Green Sprinkler.

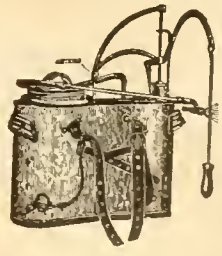
Every one that raises potatoes should have one of these sprinklers.

Will sprinkle one acre per hour and not wet the person carrying it. Is painted inside and out, and has an apparatus inside by which the paris green and water is kept mixed constantly. The quantity to be used is regulated by pressure of the fingers on the hose at the connection of hose and tin pipe.

No. 24T5503 Price, each....$3.45

The Acme Knapsack Sprayer.

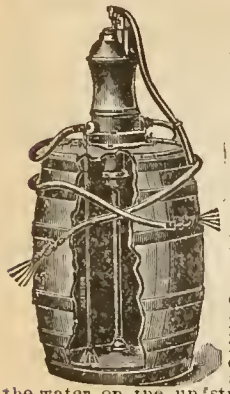
Concaved to Fit the Back. All Brass Pump.



This machine consists of a tank holding four gallons and a pump made entirely of brass, which cannot corrode or rust. There is a large air chamber placed inside the tank for convenience, which has sufficient capacity to keep up the pressure and continue to discharge the spray for one minute after the operator stops pumping. By removing five brass screws on top of tank the pump can be lifted out. The lower valve is screwed to bottom of cylinder, hence no trouble or expense to reach the valves. The tank, having rounded ends, is stronger and less liable to leak; it has handles for lifting, thus adding greatly to the convenience of "loading" upon the back. There is a large opening on top for the reception of liquid, with a fine strainer set inside. Four feet of best rubber hose and a brass pipe 15 inches long with a stop cock are furnished with each machine. The nozzle is our combination Vermorel, so highly recommended, and gives universal satisfaction. **For vineyards, nurseries, potato, tobacco and cotton fields.**

No. 24T5505 Price, each.....$6.60
Copper tank, with agitator 8.75

Acme High Grade Barrel Spraying Pump.



Acme New Improved Barrel Spray Pump with brass upper and brass lined lower cylinders, brass plunger, brass check valve and brass valve seats. Easy to operate. All working parts coming in contact with the liquid are brass. The body of the pump is a large air chamber and after the pump is under pressure it will discharge a steady spray lasting two minutes or more with one stroke of the handle, thus making it easy to operate. This pump is constructed on the principle of our patent double acting force pumps and has no stuffing boxes or other intricate parts to get out of order. It is double acting, discharging half the water on the up stroke and half on the down stroke of the handle. Each pump is fitted with a jet agitator or can be furnished with a paddle agitator, if preferred, at an extra charge. This pump is built on the best mechanical principles and has no equal as a first class, high grade sprayer. The ease with which it is operated makes it a general favorite, and we guarantee it to give perfect satisfaction. It can be used for many other purposes besides spraying, such as washing windows, buggies, extinguishing fires, sprinkling lawns, flowers, etc. Prices do not include the barrel.

No. 24T5513 Includes pump, jet agitator, suction pipe and brass strainer (no hose).....**$5.40**

No. 24T5514 Includes pump and trimmings complete with one lead ½ inch, three-ply discharge hose, 5 feet long and Vermorel nozzle.....**$7.00**

No. 24T5515 Includes pump and trimmings complete with two leads ½ inch, three-ply discharge hose, each 5 feet long, and Vermorel nozzle.....**$8.00**

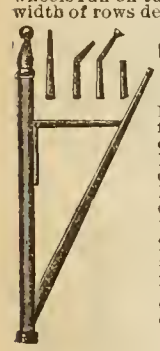
Bordeaux nozzles will be furnished in place of Vermorel, if preferred, at same price.

No. 24T5516 Galvanized extension tubes, 8 feet long..... **45c**

Our $20.00 Acme Potato Bug Sprinkler.

It applies the poison upon two rows at once, and will cover 12 to 15 acres per day. Any boy that can drive a horse can perform more easily the same amount of work it heretofore required 12 men to perform in the same time. **You have complete control over the quantity of water you wish to throw; opening or closing the valve with the lever.** The wheels run on tubular axles and can be shifted to any width of rows desired, 2 to 3 feet. Weight, 450 pounds.

No. 24T5517 Price..... **$20.00**



Improved Spray and Force Pump.

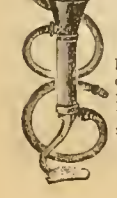
Improved Spray and Force Pump. It is beyond question the most perfect and effective hand apparatus ever invented for throwing water. It supplies a universal want, for every family needs some kind of a Force Sprinkler and Pump. In variety of service, simplicity of construction and ease of operation, it has no equal. Is always ready for use, not liable to get out of order, and so light and convenient that it can be used easily and effectively by any one. Made of heavy, bright tin coated with Egyptian lacquer.

No. 24T5518 Price, each.....**75c**

Spraying Pump.

The construction of the pump requires the pressure on the handle to be all done on the down stroke, the pressure on the cylinder acting as a cushion, and partly forcing the handle up again, **thus making it very easy of operation,** requiring no foot rest or other device to steady it. The hose can be detached at the top of pump and a nozzle attached in its place, either for **spraying, sprinkling, or throwing a solid stream.** It is also arranged so that a small stream is discharged with great force from the bottom of the pump into the bucket or barrel, serving to thoroughly **agitate the mixture at all times when the pump is in use.** For washing buggies, windows, etc., it is very useful. **It can also be used for whitewashing trees, barns, outhouses, etc., and for extinguishing fires.**

No. 24T5520 Price, each.....**$2.00**
Weight, about 5 pounds.



Acme Portable Cast Force Pump.

Our Acme Portable Cast Force Pump is one of the most effective hand pumps on the market. Is made extra strong; nicely finished. Is adapted for spraying trees, washing windows and wagons, sprinkling lawns, etc. Furnished complete with hose and connections, brass nozzle and sprinkler.

No. 24T5523 Price, each.....**$3.95**

Acme Fire Extinguisher.

A device that every store, factory and residence should be equipped with. Absolute protection against loss by fire can now be assured to property owners at a small cost. The Acme Chemical Fire Extinguisher is the simplest and most powerful machine made. It is made of heavy copper securely riveted and soldered and highly polished. Holds three gallons and throws a stream 40 feet when in action. The solution used contains no acids to destroy fabrics, etc., although it is the most powerful fire extinguisher solution known. Solution for re-charging can be obtained from any druggist for 15 cents. Full directions sent with each machine. Weight when ready for use, 12 pounds.

No 24T5525 Price, each.....**$5.00**

Pump Cylinders.

By means of the cylinder water is raised and unless the cylinder is well made no good results can be obtained. A good cylinder must be bored true and plunger must fit accurately. Valves must **be simple and durable.** The cost of repairing a cylinder is usually more than its first cost, so it pays to get the best. Our cylinders are **the best that skilled workmen can produce** and our prices as low as equally well made goods can be sold for. Cylinders 10 inches long have 6-inch stroke and can be used in wells up to 35 feet deep. Cylinders 12 inches long have 6-inch stroke and can be used in wells up to 75 feet deep. Cylinders 14 inches long have 8-inch stroke and can be used in wells up to 150 feet deep. Cylinders 16 inches long have 10-inch stroke and can be used in wells up to 200 feet deep. Cylinders 2 inches in diameter are fitted for 1-inch pipe. Cylinders 3½ inches in diameter are fitted for 1½-inch pipe. Cylinders 4 inches in diameter are fitted for 2-inch pipe. All others fitted for 1¼-inch pipe.

No.	Diam. inch.	10 in. long	12 in. long	14 in. long	16 in. long	18 in. long

24T5535	4	1.75	2.30	2.60	2.90	3.20

Brass Body Cylinders.

Brass Body Cylinders are practically as good as the solid brass, and much cheaper. The barrel is made of a seamless brass tube, and workmanship, stroke and capacity are all same as iron cylinders. 10 and 12-inch cylinders have 6-inch stroke, 14-inch cylinder has 8-inch stroke and 16-inch cylinder has 10-inch stroke.

No.	Diam. inches	10 in. long	12 in. long	14 in. long	16 in. long	18 in. long

Artesian Well Brass Cylinders.

This illustration represents our all brass cylinder to be used in artesian wells, the shell being made of heavy seamless brass tubing, fitted with hard brass or bronze ball valves and which are supplied with best cupped oak tanned leathers. This cylinder may be placed in open wells and in drilled wells where the pipe or casing is long enough to take the cylinder attachments. They are adapted to work in the deepest wells.

NOTICE—The plunger and lower valves may be removed through the connecting pipe, which is larger in diameter than the bore of the cylinder, thus making it convenient when repairs are necessary.

No.	Length of Cylinder	Stroke	Inside Diameter	Fitted for Pipe	Price, each

SEND FOR OUR
COLOR BOOK
...OF...
PAINT SAMPLES.

We sell everything in paints and painters' supplies at very low prices, and if you intend to do any painting, it will pay you handsomely to send for this sample book. It shows the actual colors of all the paints, tells how much paint to use, how to figure the quantity required, etc.

Ball Valve Pump Cylinders.

In our Ball Valve Cylinder we have the best deep well cylinder made. In putting down a 75 to 300-foot well, it is very essential that you have a cylinder that will work well at all times and last a lifetime. Pulling up a pump of this kind costs money. This cylinder is fitted with a four-leather plunger and brass bronze ball valve, which will raise a greater amount of water and last longer than any cylinder on the market.

Furnished with either inside or outside caps. Be sure and state kind wanted.

Irrigation Cylinders.

This is an extra large cylinder used for pumping large quantities of water or for irrigating. Can be used in any depth well, and by hand or windmill power. By using a stuffing box or a common tee, you have a pump that will answer for irrigating purposes, at very small cost. Has brass plunger cage, brass plunger poppet, two valve leathers, brass seat valve inseat cap; furnished with either inside or outside caps.

Little Patent Automatic Pipe Holder.

Little Patent Automatic Pipe Holder, simple, strong and quick acting. Has adjustable set screw for different size pipe. Dog and catch are made of best grade steel. Every machine made of the best quality of material.

No. 24T5611 No. 1, holds pipe 1, 1¼ and 1½ inches. Price, each.....**$2.50**

Little Giant Pipe Holder.

Something new in pipe holders. Will hold either 1, 1¼ or 1½-inch pipe. Dog has corrugated chilled surface; pipe cannot slip. Well made, nicely finished. A practical tool.

No. 24T5612 Price, each.....**$2.80**

Acme Pipe Puller.

This Puller is made in different sizes to fit pipe from 1 inch to 4 inches in diameter. Dies have threads that will not crush pipe or allow same to slip. Is large enough for the coupling or pipe to pass through. This puller is used in connection with jack screws which are placed under each lug or ear. For prices on jack screws see No. 24T1355, page 533. For pulling pipe this tool has no equal. Prices given below are for puller and one set of dies only. Be sure and state size wanted. Four or five different sizes can be used in the same holder, however.

No. 24T5613 No. 2 Puller with one Set of Dies either 1, 1¼, 1½ or 2-inch. Price, each $1.45

No. 3 Puller with one Set of Dies either 2, 2½ or 3-inch. Price, each..... $2.65

No. 4 Puller with one Set of Dies either 3½ or 4-inch. Price, each..... $4.50

No. 6 Puller with one Set of Dies either 4, 4½ 5 or 6-inch. Price, each..... $6.35

Price of Extra Dies.

Extra dies for No. 2 holder.

Extra dies for No. 4 holder, 3½-in. 4-in.
Price, each..... $1.20 $1.05

Extra dies for No. 6 stock, 4-in. 4½-in. 5-in. 6-in.
Price, each..... $1.80 $1.75 $1.65 $1.35

Pipe Lowering Machine.

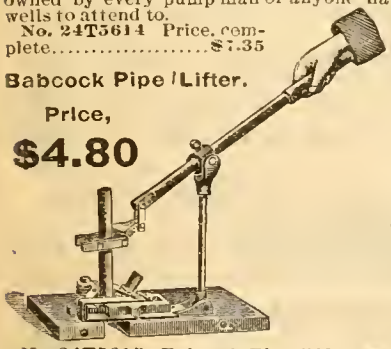
The accompanying illustration represents the grappler holding the pipe for putting in the well or taking out. To raise the pipe it only requires to operate the lever, as you would a pump handle, which raises the pipe at the rate of ten feet per minute. To lower the pipe in the well, take hold of the lever with the right hand, and left hand hold of the lower grapple, raise lever slightly and grapple at the same time, slide grapple up the pipe while lever descends until you reach the upper grapple, then reverse the operation, and raise the upper grapple while the lower one descends with the pipe. To put on stand, let the pipe down until 2 feet is above the platform, then put on extra grappler (not shown in the illustration) and let it rest on platform, take lifter away and put on stand. In taking out pump, raise stand one-half foot from platform, put on grappler and take off stand, then put on lifter. For putting in and taking out deep well pumps this machine has no equal. Should be owned by every pump man or anyone having deep wells to attend to.

No. 24T5614 Price, complete..... $7.35

Babcock Pipe Lifter.

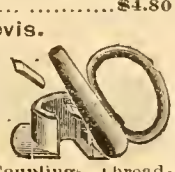
Price,

$4.80



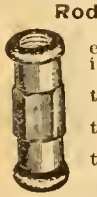
No. 24T5615 Babcock Pipe Lifter and Holder combination. For well drillers; a simple yet complete tool. Price, each..... $4.80

Pipe Lifting Clevis.



No. 24T5617 Pipe Lifting Clevis. A handy device to prevent pipe from slipping when being taken from well.
Price, each, for 1 or 1¼-inch pipe..... 65c

Rod Couplings.



Malleable Iron Rod Couplings. Threaded ready for use. To be used on steel or iron pump rods.

No. 24T5620 Size, ⅜-inch. 14 threads to the inch. Price, each..... 2½c

No. 24T5621 Size, ⅞-inch. 14 threads to the inch. Price, each..... 2½c

No. 24T5622 Size, ½-inch. 14 threads to the inch. Price, each..... 3c

Steel Pump Rods.

No. 24T5630 Steel Pump Rod. Round steel pump rod used for connecting pump cylinder to pump head. Comes in random lengths of about 16 feet. Size, ⅛-inch. Not threaded. Price, per foot, 3c

Rod Couplings.

Wood Rod Couplings. Made of the best malleable iron. To be used in connecting wood pump rod.

		Black	Galvanized
No. 24T5635	Size, 1-inch....	9c	11c
No. 24T5636	Size, 1¼-inch..	14c	16c

Wood Pump Rods.

No. 24T5642 Wood Pump Rods used in connection with rod couplings, used mostly in tubular wells for connecting cylinder to pump head.
Size, 1 -inch. Price, per 100 feet..... $1.10
Size, 1¼-inch. Price, per 100 feet..... 1.70

Malleable Strainers.

No. 24T5646 Malleable Pipe Strainers, to be used on the end of well and cistern pipe. Covered with brass wire cloth.
Size, 1 -inch..... 13c | Size, 1¼-inch .17c
Size, 1¼-inch..... 15c | Size, 2 -inch.... 22c

Pump Leathers.

No. 24T5655 Plunger Leathers, made of the best grade oak tanned stock. Plain.

Diameter cylinder.

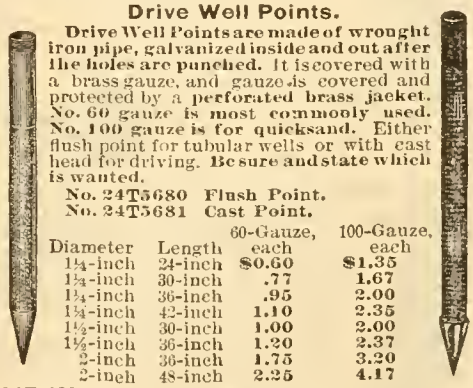
Water Conductor.

No. 24T5665 This Cast Iron Conductor hangs over and directly under the spout of the pump. The pipe is screwed in at lower outlet on side to conduct water to a tank or trough that may be some distance from the pump. Price, 1¼ or 1½-inch pipe, each..... 27c

Foot Valves.

We recommend that Foot Valve and Strainer should be placed on lower end of pipe in wells more than 15 or 18 feet deep. **It makes pump work much easier** and the strainer prevents anything from entering the pipe which might clog the valves in cylinder. **Made in two sizes.**
No. 24T5670 For 1¼-inch pipe. Price, each..... 26c
No. 24T5671 For 1½-inch pipe. Price, each..... 37c

Drive Well Points.



Drive Well Points are made of wrought iron pipe, galvanized inside and out after the holes are punched. It is covered with a brass gauze, and gauze is covered and protected by a **perforated brass jacket. No. 60 gauze is most commonly used. No. 100 gauze is for quicksand.** Either flush point for tubular wells or with cast head for driving. **Be sure and state which is wanted.**

No. 24T5680 Flush Point.
No. 24T5681 Cast Point.

Straightway Wedge Gate Valves.

No. 24T5786 These Wedge Gate Valves have brass seats non-rising stems and open to the left. They are tested to 100 pounds steam pressure. These valves are used for either steam or water where a full opening (same size as pipe) is required, and will allow the water to be drained from pipes in cold weather.

Sizes,	½	¾	1	1¼	1½	2	2½	3
Each	74c	99c	$1.26	$1.84	$2.40	$3.50	$6.00	$8.30

Brass Straightway Double Gate Valves.

No. 24T5788 These Standard Double Disc Gate Valves have brass seats and rising stem, tested to 100 pounds steam pressure. In the construction of these valves the bearing of the wedge being central it acts uniformly on all parts of the disc, consequently it will force the disc to the seats and have an equal bearing on all parts. These valves are used either for steam or water where a full opening (same size of pipe), is required and will allow the water to be drained from pipes in cold weather.

Sizes,	½	¾	1	1¼	1½	2	2½	3
Each,	47c	64c	92c	$1.28	$1.83	$2.74	$5.00	$7.00

Standard Hose Valves.

No. 24T5810 Hose Valves with iron handle, loose swivel and leather discs. This is our quick opening hose valve. Opens and closes with half turn. The construction of this valve is such that the full area of water in the pipe can be obtained at once, which is an important item in a fire hose valve. Made of solid brass, finely finished. Guaranteed to be the best valve of its kind made.

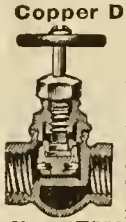
Copper Disc Globe and Angle Valves.



This valve is fitted with copper disc and is a decided improvement over any other kind of removable disc on the market. The copper disc is unlike any other soft metal; it expands and contracts in exact ratio with the body of the valve, thus insuring a tight joint at all times. These valves can be furnished with composition discs at same price. When valves are wanted for water they will be furnished with soft disc.

No. 24T5824 Globe Valve.

No. 24T5825 Angle Valve.

Ball Check Valve.

It operates in any position, be it horizontal, vertical or at an angle. Being universal, it can be easily placed in narrow or cramped places. Requires no care in putting on as it has no top or bottom when used horizontally. Operates as promptly and perfectly with 2 pounds pressure as with 200 pounds pressure. Valve never becomes limed or corroded in muddy or bad water, nor does it ever stick. Being in two sections and screwed together, it can be easily taken apart to remove straws, chips or any foreign substance that may get into it to interfere with the valve seating.

Price, each.....6c

Improved Cate Valves.

Harvey's Improved Gate Valves have several features which commend them to all careful buyers. The discs are seated by a ball bearing motion which takes the wear off the face and seat. The valve can be repacked at stuffing box without shutting off steam as the valve when fully opened seats the valve stem on valve nipple. This valve has no special inlet side but can be connected in any position; horizontally, vertically or otherwise. Either side to the pressure. All parts are interchangeable and can be supplied on short notice.

No. 24T5882 Notice—All Brass.

Size	½	¾	1	1¼	1½	2	2½	3
Price, each	43c	56c	80c	$1.25	$1.60	$2.40	$4.35	$6.00

Handy Gate Valves.

This is one of the most practical gates on the market, when open the passage is unobstructed; can be easily operated by a rod or rope from a distance. Can be used for pressure not to exceed 75 pounds.

Each	38c	40c	45c	50c	55c	75c

The "Detroit" Screw Compression Crease Cup.

No. 24T5944 Has a coarse thread on the stem, enabling the plunger to be drawn up quickly. The inside of the base slopes gradually to the center, insuring that all grease will be fed. It has a hexagon on the shank and lugs, on the inside, so that it can be attached either by using a wrench on the hexagon, or by using a flat piece of iron with the lugs.

Numbers	40	41	42	44	46	47
Extreme height over all, Plunger raised	3⅞	4⅝	5½	6¾	7⅞	9

Price, each, brass	32c	38c	52c	63c	85c	$1.25

The "Detroit" Spring Compression Grease Cup.

No. 24T5945 Is automatic in its operation. The rate of feed can be regulated by the screw T. The base slopes to the center on the inside, insuring that all the grease will be fed, and it can be screwed into place on the bearing either by using a wrench on the hexagon, or by using a flat piece of iron with the lugs. To fill, turn the thumb nut down until the plunger is drawn up to the cover; then unscrew the cover and fill with grease; then put on cover and turn the thumb nut up to the point you desire the plunger to go down while feeding.

Numbers	60	61	62	64	66	67
Extreme height over all, Plunger raised	3⅞	4⅝	5½	6¾	7⅞	9

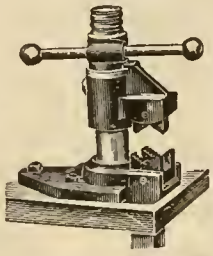
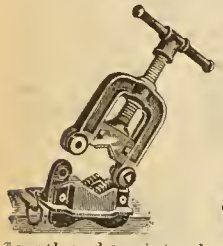
Prentiss' 20th Century Pipe Vise.

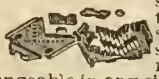


No. 24T5972 The 20th Century Pipe Vise is one of the new up to date tools put upon the market the last year. It is more convenient and more durable than the old style malleable vise. Can be used on bench or post in any position. Finest finish and best material.
Holds ⅛ to 2-inch pipe. Weight, 8 lbs. Price..$2.40
Holds ⅛ to 3-inch pipe. Weight, 18 lbs. Price.$3.60
Holds ⅛ to 4-inch pipe. Weight, 40 pounds. Price.....$6.80

Removable Jaw Pipe Vise.



No. 24T5974 This vise can be fastened to bench or post with three lag screws or bolts. The screws are cut from steel bars and of ample size to insure long wear, and with a coarse machine cut thread for rapid and smooth movement. The jaws of these vises are composed of several sections of tool steel. These sections are milled to length and are interchangeable in any size of vise of our manufacture. When the edges of these sections become dull, it is only necessary to loosen the clamp bolts, reverse the sections and tighten the bolts. The sides of the sections are milled to accommodate small projections cast on the clamps to prevent sections being knocked or jarred out.

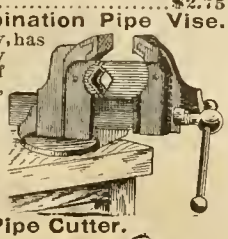


No. 1. Holds ⅛-inch to 2-inch pipe. Each...$2.00
No. 2. Holds ¼-inch to 3-inch pipe. Each... 2.60
No. 3. Holds ½-inch to 4-inch pipe. Each... 3.75

New Improved (Swivel Jaw) Pipe Grip "Peerless."

No. 24T5975 Made of Steel. We are confident this new implement will supply a deficiency long felt by mechanics who have frequent use for a pipe grip, but are not warranted in purchasing an expensive tool for such purpose. Being compact and light it is easily transferred from shop to outside work, and its ready adaptability to any vise used by machinists, blacksmiths, etc., makes it particularly acceptable in mining, oil or other sections remote from machine shops where it is invaluable and indeed almost indispensable.
No. 1. Fits any 3 to 4½-inch vise. Will hold ¼ to 2½-inch pipe. Price.....$2.20
No. 2. Fits any 4¾ to 5½-inch vise. Will hold ¼ to 5-inch pipe. Price.....$2.40
No. 3. Fits any 6 to 8½-inch vise. Will hold ¼ to 6-inch pipe. Price.....$2.75

Smith Pattern Combination Pipe Vise.



No. 24T5976 Extra heavy, has steel removable jaws, and by far superior to any vise of its kind on the market, regardless of cost.

Economy Pipe Stocks and Dies.

The Economy Stock and Dies are made for strength as well as economy to price. The center part is made of the best malleable iron, handles are made of steel pipe screwed into stock to a tapered fit, another important point is their convenience for putting oil on the threads, and also because they allow the chips to escape. The knurled handles prevent the hands from slipping; handles finely polished, center part dark finish.

The dies are made of four cutters of the best steel, interlocked with two homogeneous steel plates. These are bent, giving them the well known strength of the truss. When the parts are assembled, they are pressed together and riveted, under a heavy pressure, making them perfectly rigid. They are tempered by a special process of our own, which insures great wearing quality.

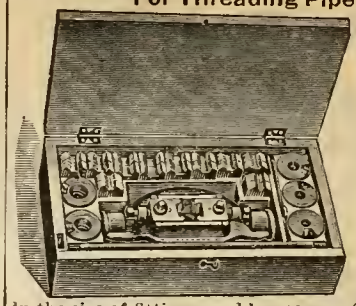
Armstrong's Adjustable Stock and Dies For Threading Pipes.

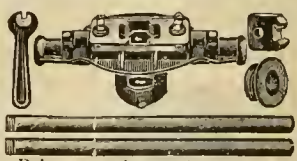


No. 24T6014 The Armstrong Stock and Dies are among the best known pipe cutting tools on the market. More of them have been sold in the past 15 years than any other make. The dies can be adjusted to the variations in the size of fittings, and by reason of their peculiar cutting edge can be worked with much less labor, and accomplish the desired results in less time than with other dies. The dies have a double taper, that is, the taper at the entrance for the first few threads is greater in degree than the standard taper, which forms a lead to the dies, causing them to start on the pipe without filing, even when there is a swell or burr, and requiring no pressure to start the dies on the pipe. No. 2 stock and dies cuts 5 sizes, ¼-inch to 1-inch. Right hand. Price, set complete....$4.80

Armstrong's No. 2½ Pipe Stock and Dies.

No. 24T6015 Armstrong's No. 2½ Pipe Stock and Dies complete, with four dies cutting ⅛, ¾, 1 and 1¼-inch right hand. Illustration shows head only. Furnished complete, with handles, dies, and guides. Price.....$4.90
Extra pipe dies, each size, 2 pieces. Price.... 1.55

Armstrong's No. 3 Pipe Stock and Dies.



No. 24T6016 Armstrong's Adjustable Stock and Dies, complete with sizes of dies cutting three sizes, 1¼ to 2 inches; furnished with handles, dies and guides.
Price, complete set.....$8.30
Extra pipe dies, each size, 2 pieces. Price.... 1.90

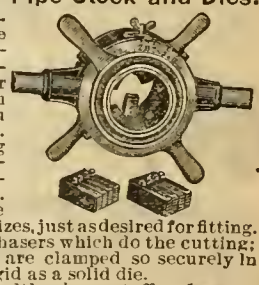
Armstrong's No. 6 Pipe Stock and Dies.

No. 24T6018 Armstrong's Adjustable Pipe Stock and Dies, with two dies cutting 2½ and 3-inch pipe; furnished complete with handles, dies and guides.
Price.....$16.80
Extra pipe dies, each size, 2 pieces. Price....$7.30

Armstrong's No. 7 Pipe Stock and Dies.

No. 24T6020 Armstrong's Adjustable Pipe Stock and Dies, cutting 2½, 3, 3½ and 4-inch, right hand furnished, complete with handles, dies and guides.
Price.....$24.90
Extra pipe dies, each size, 2 pieces. Price.... 7.80

Duplex Adjustable Pipe Stock and Dies.



These tools have adjustable dies that are quickly opened and self-centering. It is not necessary to turn back over finished threads with them; dies are thrown open and stock lifted off. The danger of stripping threads, a common occurrence when reversing is thus also avoided. Threads can be made over or under standard sizes, just as desired for fitting. There are four dies or chasers which do the cutting; these when set to size are clamped so securely in every way as to be as rigid as a solid die.
Furnished complete with pipe cutoff unless ordered without.

No. 24T6025 For threading pipe:

No. 1	Price, per set, ⅛, ¼, ⅜, ½, ¾	$ 8.00
No. 2	Price, per set, ¼, ⅜, ½, ¾, 1, 1¼	10.50

Oster Pipe Stocks and Dies.

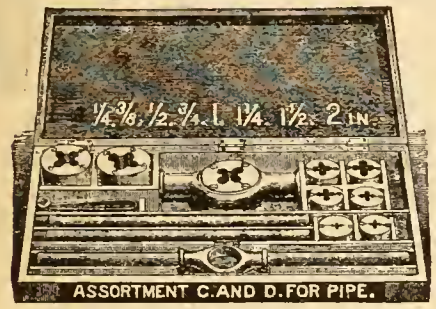
The Oster Stocks and Dies are adjustable to variations in size of pipe and fittings; no solid or split die can give as wide range of sizes to meet this difficulty and make steam tight joints. The dies and guides are operated by convenient cam movements, easily released from the work without running back over the finished thread. Our patent fulcrum clamp is positive; we guarantee it to hold the dies in place; it is set and released by a thumbscrew—no wrench or hammer is necessary to operate it. The dies are removed by a very simple movement; no screws to take out, and the dies can be sharpened by grinding on the flat side on an ordinary grindstone. The dies and guides are self centering, the guides adjust to all sizes within the range of the tool, thus doing away with numerous bushings to be lost, and materially reducing the weight of the tool. By use of these guides a perfect center of the work in the dies is assured.

No. 24T6030 No. 1 cuts ⅛, ¼, ⅜, ½ and ¾-inch right hand. Price, per set..... **$7.80**

No. 24T6031 No. 2 cuts ¼, ⅜, ½, ¾, 1 and 1¼-inch right hand. Price, per set..... **$10.20**

No. 24T6033 No. 4 cuts ½, ¾, 1, 1¼, 1½ and 2-inch right hand. Price, per set..... **$14.75**

Lightning Screw Plate.



The dies in these plates are always ready for use, like solid dies. No time is lost fitting them to size. They can be taken apart to be ground, and are adjustable for irregular sizes of fittings. They are made of the finest steel, and all parts are finished in the most perfect and handsome manner throughout.

No. 24T6036 The Lightning Screw Plate for pipe; cuts 9 sizes, from ¼ to 2 inches. Weight, 62 pounds.

Price, complete in wood case..... **$20.80**

Pipe Taps.

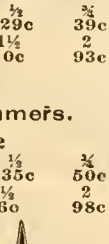
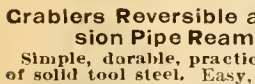
Crablers Reversible and Extension Pipe Reamer.



Simple, durable, practicable. Made of solid tool steel. Easy, smooth cutting both ways. Will ream a hole inside a furnace, in a corner, near the floor—anywhere. Will ream from ½ to 2-inch pipe. The reamer fits into the end or the canter of the handle. The shank of the reamer is standard taper size that will fit any ratchet wrench.

No. 24T6064 Price, each..... **$1.55**

Combined Pipe Tap and Reamer.



No. 24T6066 Combined Reamer and Tap for tapping gas or water pipes. Made of high grade steel.

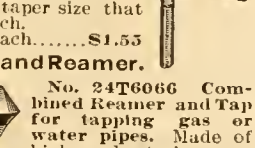
Monarch Ratchet Drills.



Single Action.

No. 24T6073 The Monarch Ratchet Single Action Drill is by far the most perfect tool for the price on the market. The body is drop forged steel, sockets, bars and all parts English steel. Sockets are for square shank drills.

Length of handle	10-inch	12-inch	15-inch
Price, each	$3.80	$4.20	$4.60

Ratchet Drill Stocks.

Whitney's Combined Double Acting Ratchet Drill Stock. Drill stock has a socket fitted to taper square shank drills. It is two ratchets in one—Boiler and Common—at the price of one. With this it can be used as a boiler ratchet where the space is very small. By changing screws it can be used as common ratchet, and have a longer run of feeding screw than has been heretofore obtained with same length of drill stock. It is reversible, which is convenient in light drilling to turn on and not move drill, also in getting out broken bolts and studs, as well as when used as a wrench. The ratchet and socket are of one solid piece of forged steel, with no possible chance to move or split.

	Weight	Price
No. 24T6075 8-inch for bit stock drills	2½ lbs.	**$3.75**

Trimo Special Narrow Jaw Wrench.

No. 24T6146 This wrench is designed for close quarter work, the jaws narrow materially and it can be used in places where no other wrench would operate. Light in weight and particularly designed for gasfitters' use; handy around an automobile or bicycle.

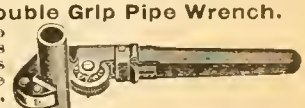
Size, inches	6	8	10
Price, each	95c	97c	$1.00

Trimo Pipe Wrench.

No. 24T6147 This wrench is drop forged from bar steel, is interchangeable in all its parts, does not lock upon the pipe, but releases its hold readily; **grips the pipe firmly without lost motion;** does not crush the pipe or slip. The movable jaw and the nut are made with a round top and bottom thread, guaranteed not to strip or burr. **An inserted jaw is placed in the handle, which can be renewed for little expense when dull or worn.**

Length, open, inches	10	14	18	24
Takes pipe from	⅛ to 1	¼ to 1½	½ to 2	¼ to 2½
Price, each	95c	$1.30	$1.70	$2.50

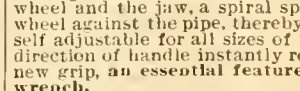
Cleveland Double Grip Pipe Wrench.



No. 24T6148 No lost motion. Grips instantly. Holds firmly at three points of contact. Eight gripper surfaces to a wheel. Cannot crush the pipe. Made of cold pressed sheet steel with hardened tool steel wheels. All parts interchangeable. By drawing the carriage back the pipe is entered between the grip wheel and the jaw, a spiral spring forcing the grip wheel against the pipe, thereby making the wrench self adjustable for all sizes of pipe. Reversing the direction of handle instantly releases the hold for a new grip, **an essential feature found in no other wrench.**

L'gth inches	6	8	10	14	18
Takes pipe	⅛ to ½	⅛ to ¾	⅛ to 1	¼ to 1½	¼ to 2
Price, each	70c	75c	90c	$1.10	$1.50

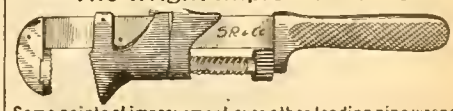
Stillson Pipe Wrench.



No. 24T6149 The Stillson Pipe Wrench is too well known to require a lengthy description of same. They are made of the best imported steel, finely finished and fully warranted.

Length, open, in.	6	8	10	14	18	24
Takes pipe from	⅛ to ½	⅛ to ¾	⅛ to 1	¼ to 1½	¼ to 2	¼ to 2½
Price, each	$0.93	1.05	1.10	1.40	2.00	3.00

The Wright Improved Wrench.



Some points of improvement over other leading pipe wrenches.

Will not crush the pipe; is narrower back of the jaw—can get into closer quarters; it will always release its grip when its work is done; it has less parts, which makes it less trouble to keep in repair; **the jaws can be replaced for less money; the spring is so covered there is no danger of its breaking.**

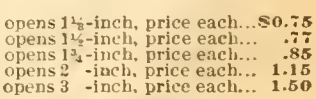
Bemis & Call's Pipe Wrench.



No. 24T6164 Bemis & Call's Combination Nut and Pipe Wrench, weight, 2¼ to 3¼ lbs.; with wrought iron bar; case hardened throughout; parts interchangeable; **furnished with long nut.**

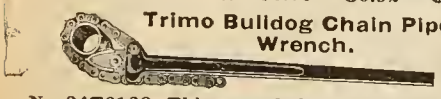
10-inch takes pipe ⅛ to 1-inch.	Each	$1.05
12-inch takes pipe ⅛ to 1¼-inch.	Each	1.30
15-inch takes pipe ⅛ to 2-inch.	Each	2.00

The V. & B. Automatic Pipe Wrench.

No.24T6166 The V. & B. Automatic Pipe Wrench, as illustrated, shows the jaw open. **This is the strongest, lightest, simplest and most perfect working pipe wrench we have ever seen.** Carefully made from **selected tool steel** of superior quality. Material and workmanship are fully guaranteed. The harder you pull on this wrench the tighter the grip. **But the grip relaxes instantly when pressure is removed.** The grip being distributed over a large surface, it is **not so liable to crush** the pipe by a severe strain.

Length, inches	10	14	24
Takes pipe	⅛ to 1	¼ to 1½	½ to 2½
Weight	20 oz.	2¼ lbs.	7 lbs.
Price, each	$0.70	$0.92	$1.90

Trimo Bulldog Chain Pipe Wrench.



No. 24T6168 This wrench has a solid head, to the head is attached a forged steel jaw, enabling it to grip firmly without slipping, and to release its hold readily from the pipe. The chain can be easily placed, and quickly removed, at the will of the operator. **Points of Superiority:** Impossible to lock upon the pipe. The strain evenly distributed, each part bearing its proportion. Works equally well whether pulling up or down. Does not crush the pipe nor slip. Will handle close fittings and work in closer quarters than any other chain wrench made.

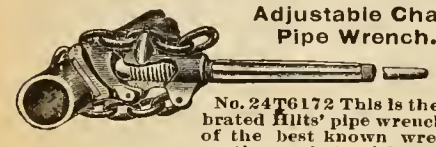
No.	11	12	13
Length, inches	20	27	37
Size of pipe	¼ to 1½	¼ to 2½	¾ to 4
Price, each	$1.93	$2.65	$3.70

Trimo Giant Pipe Wrench.

No. 24T6170 This chain pipe wrench is the strongest, safest and most durable pipe wrench in the world. This wrench has a solid forged head with detachable interchangeable gripping jaws made from a fine quality of tool steel. The chain used is the best quality of cable chain. The head is made so that the chain is held securely without danger of falling out, thus overcoming one of the most dangerous and unpleasant features attending the use of chain wrenches, and still can be readily released at the will of the operator. This wrench is made and adapted for all kinds of work as well as hard and rough usage. No slipping, no locking, no lost motion. We will make the handles of Nos. 5, 6 and 7 length to order, with or without ring, at an extra cost.

No.	2	3	4	5
Length of lever, inches	27	37	50	60
Takes pipe	¾ to 3	1 to 4	2 to 6	2½ to 10
Price, each	$3.40	$4.50	$5.60	$7.75

Adjustable Chain Pipe Wrench.



No. 24T6172 This is the celebrated Hilts' pipe wrench, one of the best known wrenches on the market, with new improvements for 1902. You will notice it has a screw in the handle that takes up the slack from chain, and is the only one on the market that has this device. In getting in corners or close to the wall, you often lose a half turn by the slack in chain. The handle is made of tool steel, with machine cut screws. The teeth are interchangeable, and can be easily replaced in case of an accident at a small cost. Warranted not to slip or crush the pipe.

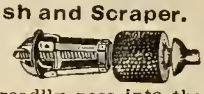
Combination Flue Brush and Scraper.



No. 24T6196 We have here the best flue and brush cleaner made. By simply turning the rod or handle, the ends contract until it will readily pass into the flue. Then by turning the handle in an opposite direction the cleaner is gradually expanded until it fits the tube perfectly; the brush following, leaves the tube absolutely clean. Sizes are for outside diameter of tube, from 2 inches up.

Size	2	2¼	2½	3	3½	4
Each	$1.15	$1.30	$1.45	$1.75	$2.05	$2.35

Expansion Flue Brush.

No. 24T6198 The illustrations show our improved Expansion Tube Brush. The improvement consists in so arranging the sections that the open space between the sections does not extend the entire length of the brush, and thus cleans the whole of the flue each time it is pushed through. The object of a tubular boiler is to heat the water rapidly with as little fuel as possible. This can only be done by keeping the flues clear of soot, ashes and scale that accumulate on the inside of the flue. A spring scraper will remove the soot and ashes, but leaves the scale behind. **This brush is made entirely of steel and malleable iron, and is the most substantial and effective flue cleaner made.** In ordering tube brushes be particular to give the outside measurement of tube.

Price ... 10c

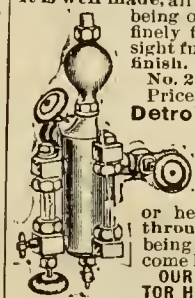
The Detroit Lubricators.

This lubricator is designed for use on traction and other small engines and steam pumps where it is desirable to discharge the oil either into the steam pipe below the throttle, or into the steam chest direct. On account of its construction, the oil cannot be siphoned out, **and a steady and regular feed is assured at all times. It is well made,** all connections, etc., being one solid piece of brass, finely finished. Size glass in sight full ¾x2½ inches. **Brass finish.**



No.	24T6250	¼-pint	½-pint	1-pint
Price, each		$2.90	$3.20	$3.25

Detroit Sight Feed Lubricators.

This is the best Sight Feed Lubricator for the money on the market. It is very simple in construction. Is easily attached and will feed either light or heavy oil. Is made of **brass throughout,** all connections, etc., being one solid piece, no points become loose and leak.

OUR GUARANTEE.—THAT THIS LUBRICATOR HAS NO SUPERIOR.

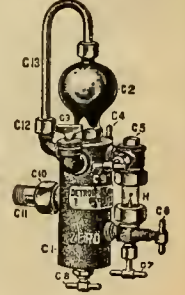
Zero Cold Weather Lubricators.

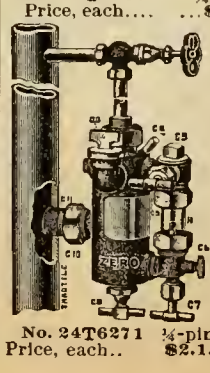
Single Connection.



Our Zero Single Connection Lubricator possesses every feature necessary or desirable for traction engine service or for engines working in exposed places subject to sudden changes of temperature. It will feed the regular number of drops of oil in coldest as well as warm weather. The oil is kept warm by steam, no attention being required. **It may be attached to the steam pipe on either side of the throttle or to steam chest direct.** This lubricator can be used on traction, stationary, hoisting, portable engines and steam pumps.

No. 24T6267	¼-pint	½-pint	½-pint.	1-pint
Price, each	$2.60	$2.83	$3.25	$4.60

Double Connection Zero Lubricators.



The Double Connection Zero Lubricators are very widely used on such traction and portable engines as have steam pipes suitable for a double connection lubricator. They are also extensively used on steam pumps and on stationary engines, which are exposed more or less to the cold. They possess the same heating features as the single connection style, together with most of that cup's other good qualities. Bronze body, finished trimmings.

The Detroit Kerosene Oil Injector.

Will remove the scale from your boiler and keep it clean for a few cents per day for a boiler of average size. Kerosene oil has long been known as an excellent resolvent of scale, but as heretofore used, in considerable quantities at irregular intervals, only limited results have been obtained. The full benefit is secured when it is introduced drop by drop continuously by our injector. The kerosene thus fed mingles with the water, dissolves the scale and prevents the particles of sediment from adhering to the interior surface of the boiler. The injector will be sent out in two parts, as shown in illustration. Full directions sent with each machine.

Lee's Ball Valve Automatic Injectors.

The Lee's Automatic Injector is without doubt the simplest and most durable injector on the market. Nothing to get our of order, any ordinary mechanic can operate it. It will force boiler purger or kerosene oil to the boiler at the same time it is forcing water and from two separate receptacles at the same time and do it perfectly, mingling the oil with water in the boiler. **Try one.**

Metropolitan Automatic Injector.

Every injector is guaranteed and if it does not prove perfectly satisfactory, you can return it at our expense and we will refund your money.

The Metropolitan Automatic Injector is the result of combining in an automatic injector the correct principle, good mechanical design and perfect construction necessary to make a perfect automatic injector, and in eliminating the weak features common in injectors of this type. Special circular sent on application which gives a full description of the Metropolitan Injector, how constructed, which size to order, etc.

Metropolitan Double Tube Injector.

No. 24T6306

The Metropolitan Double Tube Injector is provided with two sets of tubes. One set is proportioned for lifting, which constantly lifts the water and delivers it to the forcing set of tubes, which in turn forces water into the boiler. It is used for large stationary plants, marine and locomotive use. If the feed water contains lime or other mineral matter this injector is especially advocated. Send for special circular giving full description of this injector.

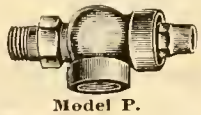
H-D 1898 Ejector.



Model P.

No. 24T6310 This Ejector is used for lifting and conveying water and other liquids from one elevation to another in mines, wells, pits, etc., and is exactly the same as No. 24T6312 with couplings on one end only. To operate, open the valve in the steam pipe. As the ejector will discharge the greatest quantity of water with about 60 pounds steam pressure it is desirable, when higher pressures are used, to throttle the steam valve so as to reduce the steam pressure at the ejector. The capacities given in the following list are when lifting 4 feet and elevating 4 feet—water cold. The capacity of all ejectors is decreased when the lift is increased or the temperature of water increased.

GIVE CATALOGUE NUMBER IN FULL WHEN YOU WRITE YOUR ORDER

The Hancock Inspirator.

STATIONARY TYPE.

No. 24T6300 The Hancock Inspirator, stationary type, for feeding stationary, marine and portable boilers. It works with low or high steam, on all lifts up to 25 feet, and when taking water under a head with hot feed water as well as cold feed water. It requires no adjustment for varying steam pressures. Owing to the peculiar construction of this form of the Hancock Inspirator, it can be used for other purposes when not feeding the boiler. When desired, the lifter side or lifting apparatus can be used as an ejector for delivering water to a tank, or for other purposes. Water can be elevated above the Hancock Inspirator about 2½ feet for each pound of steam pressure. With 45 pounds steam pressure, water can be lifted 25 feet and elevated 112½ feet above the inspirator, a total elevation of 137½ feet.

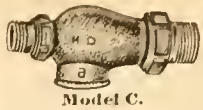
The H-D Ejector or Jet Pump.



Model C.

Made with Independent Couplings and Tubes.

No. 24T6312 They are used for lifting and conveying water and other liquids from one level to another in mines, pits, wells, tanneries, paper mills, chemical works.—In fact in every place where it is desired to transport liquids of any kind. The **H-D Ejector** will lift 24 feet. When it is desired to raise the liquid to a greater distance, place the Ejector near the liquid and elevate it. With a steam pressure of 65 pounds it will elevate 50 to 60 feet, and with 100 pounds steam up 70 to 80 feet.

Mecking Bird Whistle.

No. 24T6356 This is a simple and practical variable sound Steam Whistle, especially adapted for traction engines, locomotives, steamboats, factory and mill use. It makes an excellent fire alarm, and is attached like any ordinary whistle. The bell is provided with a piston, which is pulled downward by a chain running between pulleys, and when not in use is always at the top, being drawn upwards by means of a spring. To change the sound pull the chain. The dome shaped bell is securely supported at its base by a three-armed prong, the stem of which is adjustably screwed in to the whistle base, and fastened by jam-nut E. The bell must be raised or lowered to suit the steam pressure by screwing same up or down, and when properly set, fastened by jam-nut E.

The H-D Noiseless Water Heater.

No. 24T6382 These heaters are designed for all uses where it is desired to heat liquids by direct steam pressure. The steam issues from an annular steam jet and comes in contact with the water through the center of the jet of steam as well as the outside. This arrangement enables the greatest quantity of liquid to be heated with practically no noise at all. By the rapid circulation produced it absolutely insures a uniform temperature of the liquid.

Detroit Low Water Alarm for Steam Boilers.

No. 24T6393 The Detroit Low Water Alarm is connected to the water column as shown in illustration. It is designed to work on the expansion principle, its operation being as follows: As soon as the water in the boiler falls below the level of the lowest gauge cock, steam enters the tube A which, being of copper, expands from the heat. Above the tube A is placed a lever, one end of which is held rigidly in place by the rod shown to the right. The expansion of the tube A, therefore, will operate to raise the left end of the lever. This draws up the rod B, which is connected at its lower end to a hinge controlling the valve beneath the whistle C. Hence, the expansion of the tube A forces open the valve below the whistle C. This admits the steam into the whistle giving the alarm. As soon as the water in the boiler reaches the level of the lowest gauge cock, this water in tube A begins to drain out, and its exit is materially hastened by the operation of the equalizing pipe we place within the tube A, so that within 15 or 20 seconds after the water reaches the level of the lowest gauge cock the whistle will blow.

Price, each..... $4.25

The Pickering Governor.

No. 24T6400 This governor, by its accurate regulation and good workmanship, will commend itself wherever used. We guarantee to regulate accurately any style or size of engine and under all circumstances. For durability in all its parts, simplicity of construction, and economy in fuel, it cannot be excelled. Having no joints, its action is direct, thereby insuring great sensitiveness.

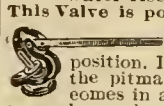
Valve or Float.



No. 24T6475 This Valve and Float is used to regulate the supply of water in a watering trough. The Float is attached to the end of the lever, and as the water rises in the trough it shuts the valve. This Valve is positive in opening or closing under high or low pressure. No chance of friction or of sticking in position. It will resist almost any pressure, as the pitman connecting fulcrum and valve, comes in a straight line with thrust of pressure when valve is closed. **It has brass valve seat.** By changing position of lever it will either open or close when used either on bottom or side of tank, or when two levers are used it can be used to open or close. **Base is large, so that no lock nut is needed inside of the tank.**

Size, inches.....	¾	1	1¼	1½	2	2½
Price, each.... ..	75c	80c	90c	$1.75	$2.65	$4.50

Sitz Bath Tubs.

No. 24T6485 Sitz Bath Tubs, made of heavy 3X tin, heavy base and rim, nicely japanned and finished.

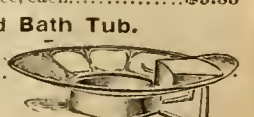
Inches.....	17x22x36	18½x24x37
Price, each	$3.30	$4.00

Combination Bath Tub.

No. 24T6486 Combination Sitz Bath Tub, made of 3X tin, made extra strong, nicely japanned and finished. Nothing better made in a tin tub. Size, 19x34x36 inches.

Price, each..... $3.85

Hat Shaped Bath Tub.



No. 24T6487 Hat Shaped Sitz Bath Tub, made of heavy 3X tin, japanned and varnished outside; has heavy base and legs. Size, 12¾x40 inches. Price, each..... $4.10

Eclipse Governors.

No. 24T6398 This is the most desirable governor in the market for traction and saw mill engines. Has lever without lift spring, and adjustable steps are provided on all sizes, whereby the valve may be raised or lowered and the speed materially changed. This, together with change of spring tension, gives them the broadest range in change of speed of any governor in the market. **This governor is especially designed for traction engine service,** and where it is necessary to change the speed of engine while it is running. By this device the speed can be increased or diminished from 25 to 30 per cent without changing the tension of spring. Also with this improvement the engineer can give the engine sufficient speed for any kind of road service, and immediately change it to the proper speed for thrashing, or other purposes, without stopping. This governor is otherwise constructed so the jolting of the engine over rough and uneven ground or roads has but slight effect on the regulation. **In ordering it is always best to give the make of engine; how fast you intend to run it; diameter of pulley on engine; shaft to drive the governer; diameter of base flange and if wanted for threaded pipe.**

FOR OTHER STYLES OF
BATH TUBS,
PLUMBING GOODS,
SEE FOLLOWING PAGES.

PLUMBING GOODS AND SUPPLIES.

As space will not permit of listing a full line of these goods, we quote only such articles as are most commonly used in the country, but would state we can furnish anything you may wish in this line—Closets, Bath Tubs, Lavatories, Basins, Lead Pipe and Fittings, Soil Pipe, etc., and can guarantee to save you 75 per cent on same. We would be pleased to figure on outfits. If you are building, or contemplate doing so, send us your plans, giving exact measurements of all rooms, height of each floor and total height from roof to ground, also show exact location of tub, closet, lavatory, etc. State whether you have city water pressure or will get your water supply from a storage tank. If from tank, state where located, and, if possible, send specifications, showing how you would like your pipes, etc., laid out. State style and grade of plumbing wanted, and we will make you a net price which will include every thing complete, and with the instructions we send any ordinary gasfitter or plumber can put them in.

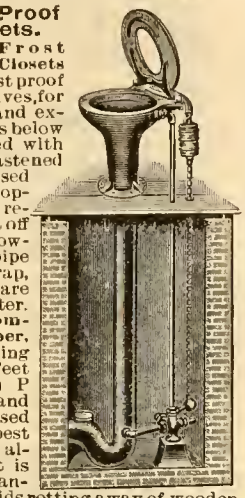
Enameled Iron Hopper Closets.

No. 24T7500 Enameled Iron Straight Hopper, self raising seat, complete as shown in illustration, no waste or supply pipes or tank furnished at the price.

Price, each..... $4.25

Frost Proof Closets.

Our Frost Proof Closets have frost proof brass valves, for outside and exposed places. The valve is below frost line, and is connected with hopper by a heavy chain, fastened to seat; when seat is depressed the valve is opened and hopper is flushed, when seat is released the supply is shut off and waste pipe opened allowing the water which is in pipe to drain direct into trap, therefore valve and pipe are at all times free from water.



No. 24T7500

We furnish above complete with cast iron hopper, enameled inside, self raising seat, frost proof valve, 5 feet length of pipe, cast iron P trap, complete with chain and lever. For cold or exposed places this outfit is the best on the market, water is always below frost line, it is easily connected, is substantially constructed and avoids rotting away of wooden supports as all water wastes direct into sewer.

No. 24T7503 Price, complete..... $10.75

No. 24T7504

Low Tank Wash Down Siphon Combination Closet.

No. 24T7504 Simple flushing valves. No float; nothing to get out of order. Gives a strong powerful flush, and a large positive refill. Everything complete to properly set up closet. In ash, light or dark cherry plain oak, finished antique or plain varnish.

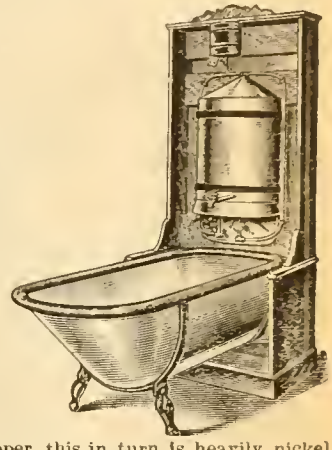
Acme Folding Bath Tubs with Instantaneous Heater Combined.



In the Acme Folding we have the only first class low priced tub sold by anyone. The tubs are made of heavy galvanized steel, also white metal nickel plated. The galvanized tub is enameled inside, which is baked on by the same process as a bicycle frame is treated, and is warranted not to crack or peel off; while the white metal tub is made of a special grade of white metal or composition, which wears better than copper, this in turn is heavily nickel plated. We furnish these tubs with gasoline, artificial or natural gas instantaneous heaters, and guarantee either style to give perfect satisfaction. When closed it occupies a space 2½x2½x5 feet 8 inches, and the folding device is the simplest and strongest used on any tub. Just the thing for your summer home or where you have only a limited amount of space.

No. 24T7539 Lined with galvanized steel, solid oak rim, iron heater, two burners, enameled inside, baked on. Price, f. o. b. factory..... $22.00

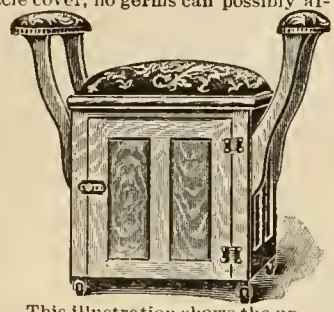
Sanitary House Commodes.

This illustration shows the upholstered commode open.

The Sanitary House Closet is a complete and satisfactory substitute for the porcelain water closet used in cities where sewer connections can be had.

The advantages of our House Closet over the stationary porcelain closet are that it can be moved into any room or up to the side of the bed for the sick, and with the noiseless, odorless receptacle cover, no germs can possibly affect the air. The price at which it is sold brings it within the reach of every family. You will consider it an indispensable necessity in your household in less than a month. It has been carefully designed with reference to its use, and is manufactured from the best material. It is made of hard wood throughout, and is well finished. Should be in every home.

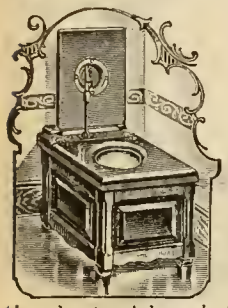


This illustration shows the upholstered commode closed.

No. 24T7558 Plain Closet. Price.....$3.65
No. 24T7559 Upholstered Closet. Price.. 4.00

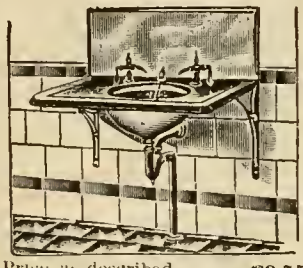
Safety Portable Automatic Closets.

This closet is constructed of the best quality oak lumber, antique finish, the lumber being thoroughly kiln dried. All metal parts are brass with a heavy nickel plated finish. The receptacle for the excreta is all porcelain with a nickel plated brass handle, and is light and easy to carry. By merely raising the cover and seat part of the closet, the pail or receptacle can be lifted out and the contents emptied at your convenience. The pail is very light, being 12 inches long, 9½ inches wide and 7½ inches deep. All other parts are also made as light as possible consistent with quality and durability, and the entire closet weighs only 50 pounds, crated and ready for shipment. **For the sick room it is a blessing, as even with a bathroom with closet on the same floor it is for the invalid a long distance to go even if only in the next room. For country residences, where lack of water connections prevent the use of regular closets, this portable closet is especially desired.**



No. 24T7560 Price, each.....$7.75

Open Plumbing Lavatories.



Italian marble slab, 20x24 inches, 1¼-inch thick, 8-inch back, 14-inch round patent overflow basin, nickel plated metal plug with rubber stopper, nickel plated S trap; No. 1 Fuller basin cocks, chain and stays, and nickel plated brackets.

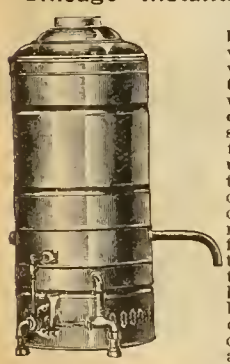
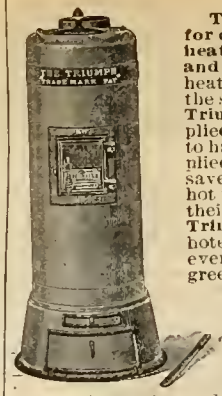
"Chicago" Instantaneous Water Heater.



Recommended for the bath only. This heater will heat two gallons of water a minute, raising the temperature of the water from fifty degrees to one hundred degrees, consuming but one and one-fourth cubic feet of gas a minute. This result is attained by allowing the ascending hot products of combustion of the gas to mingle with the downward flowing water, thereby extracting all the heat from the gas; there is no waste heat, as the products of combustion leave the heater cold. The interior parts consist of a series of upward and downward flaring pans that are perforated, and through which the heat ascends; they are stamped from solid sheets of copper and can be removed and replaced in a few moments. There is but one ounce of solder used in the entire construction of the heater, thereby decreasing the possibilities of leaks or requiring repairs. Dimensions: diameter, 12 inches; height, 28 inches. Shipping weight, 60 pounds.
No. 24T7735 Nickel plated. Each.....**$19.00**



ACME TRIUMPH WATER HEATERS.

The Acme Triumph Water Heater is peculiarly adapted to meet the requirements for domestic use and to supply hot water for commercial purposes, as well as to heat residences, stores, etc. It is conveniently run and is constructed on practical and scientific principles, while it brings the cost of running an independent water heater down to a minimum. It is not only simple and easily cared for, but operates on the same principle as the waterback in a range and is just as safe as one. **The Acme Triumph Heaters** make it possible for every well regulated household to become supplied with an ideal hot water system. Our small sized heaters are far more convenient to handle than others, especially as each one has a fire door in the side and can be supplied with a coal magazine. Owners of apartment buildings find all of our sizes fuel savers and always to be depended on for providing tenants with an ample supply of hot water. The adoption of **our larger sizes for heating residences** is the result of their quick action in heat radiation, fuel economy, reliability and convenience. **Acme Triumph Water Heaters are used to heat water for domestic purposes** in residences, hotels, apartment houses and office buildings; in barber shops, baptistries, and wherever hot water is desired. They are also used for heating residences, offices, stores, greenhouses, conservatories, poultry houses, etc. In barber shops the heater is often utilized to heat water for the baths, in addition to that needed for shaving and shampooing. The number of tubs which can be supplied with hot water by the various sizes is shown in the following table. All sizes, whether furnished with a plain or magazine hood, have a fire door at the side. **The ash box is provided with a good shaking and dumping grate.** The upper ring is tapped for connecting the flow or supply pipes and the lower ring for the return pipes. These heaters are made tight at 200 pounds cold water pressure. The tubes are screwed into the lower ring and both screwed and packed by lock nuts at the upper ring. **All parts are made interchangeable.**

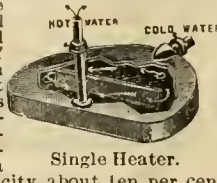
Rival Water Heater.

Our Rival Water Heater is placed just above the fire pot of the furnace and can be used to heat the water for kitchen, laundry and bathrooms or to supply hot water radiators in from one to ten rooms. It can be applied to any kind of furnace. **The advantage of this device,** when properly used, is that without consuming more coal it extracts more heat from the coal that is burned and at the same time conveying heat to room located at a considerable horizontal distance from the furnace, where it is almost impossible to get hot air to go.

The heater is made in semi-circular sections and can be used either single or double. In operation the fire strikes the heater and is then thrown against the sides of the furnace, increasing the power of the furnace. This heater can be installed by any practical plumber and gives general satisfaction. The rating of the various sizes is given on the list, and 50 square feet of radiation may be taken as sufficient heat for an ordinary sized room, or a 30-gallon tank of water for domestic purposes. In selecting a heater figure the net capacity about ten per cent less than rating to allow for piping. Two collars, with set screws, go with each single or double heater, but no pipe or nipples. Openings may be bushed for smaller pipe. We ship double heaters in two parts.



Single Heater.

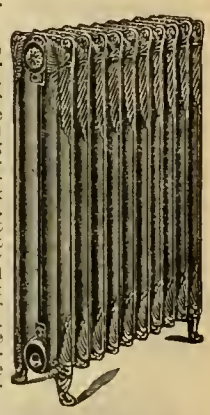
If any of above boilers are wanted without stand, deduct 60 cents from above prices.

Acme Direct Steam or Water Radiators.



Our Acme Radiators are the latest thing in radiator design and construction; occupies less floor space for amount of heating surface than any other. Guaranteed to contain full area of heating surface claimed. The openings are large and unobstructed, no angles to check free and perfect circulation. If a connection at top of a hot water radiator is desired, it can readily be made by simply removing the ornamental plug. This is an important feature, as it is often called for in certain systems of piping. The castings are made of the best gray iron and are of uniform thickness. They are adapted to high or low pressure.

Number of Sections	Length Inches	Heating Surface—Square Feet. 45 Inches High, 5½ square feet per section	37 Inches High, 4½ square feet per section	31 Inches High, 3¾ square feet per section	25 Inches High, 2¾ square feet per section	20 Inches High, 2¼ square feet per section

Bath Tub Plugs.

No. 24T7948 Brass Finished Bath Tub Plugs without chains. 1¼-inch, Each, 20c
Size, 1¼-inch. Each.....25c

Iron Body, Brass Screw, Trap Screw Ferrule.

The body is cast iron in regular pipe sizes, fitting the hub neatly and making a good wall to calk against. The projections on side prevent ferrule turning after being calked. The cover being of brass cannot unite with the iron, and the threads are thereby made proof against rust. It is the best ferrule made and moderate in cost.

No. 24T7955 Inches.....	2	3	4
Price, each.	25c	35c	40c

Brass Ferrules.

No. 24T7957 Brass Ferrules to be used in connecting closet waste pipe to soil pipe.

GIVE CATALOGUE NUMBER IN FULL WHEN YOU WRITE YOUR ORDER

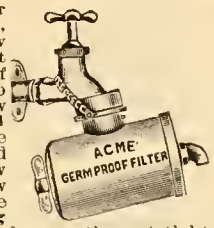
Water Filters.

Reversible Self-Cleansing Water Filter. Made of brass, nickel plated; will fit any size faucet, plain or screw. In ordering, give size of faucet filter is to be used on.
No. 24T8005 Price, each.....12c

Hygienic Reversible Wator Filter.

Hygienic Reversible Self-Cleansing Glass Bulb Water Filter. Guaranteed absolutely germ proof. In ordering, give size of faucet filter is to be used on.
No. 24T8007 Price, each.....30c

Acme Water Filter.



Fits any spigot, large or small. For plain spigot, simply push up and throw chain over top of spigot to hold firmly in place. If spigot has thread, take top cap and washer off and screw upon spigot. The nickel plated filters only have thread inside for threaded spigot. To clean, unscrew thumb nut on end and draw the stone out. Clean with the stone furnished, rubbing round the stone, replace and screw the nut tight. These filters will last indefinitely, except the stone, which gradually wears away from cleaning. Can be renewed at a very small cost. **Cleaned in one minute.** Capacities vary with pressure and condition of water.
No. 24T8009 No. 1, capacity 5 gallons per hour, galvanized. Price, each.....$1.35
No. 24T8010 No. 1, capacity 5 gallons per hour, nickel plated. Price, each.....$1.70

To set in ground	3 ft.	4 ft.	3 ft.	4 ft.
Price, each	$2.90	$3.20	$3.40	$3.80

Pipe Hydrants.

No. 24T8117 When a cheap but serviceable hydrant is desired, we recommend our pipe hydrant. It attaches to the underground pipe below freezing point and is furnished with a brass shut off valve, the drip from which drains the hydrant as soon as it is turned off, and prevents injury from frost.

	¾-inch	1-inch	1¼-inch
4 feet long	$1.55	$1.85	$2.85
5 feet long	1.60	1.92	3.00
6 feet long	1.65	2.00	3.20

Hydrants.

No. 24T8119 All parts of hydrant which water comes in contact with are at bottom out of the way of frost. It is anti-freezing. The waste operates perfectly, emptying the water from the rising pipe when the valve is closed and closing the waste when the valve is open. Valve can be pulled out at top when in need of repairs, thus avoiding the necessity of digging it up.

Size	¾ in.	¾ in.	1 in.	1 in.
To set in ground	3 ft.	4 ft.	3 ft.	4 ft.
Price, each	$3.30	$3.60	$4.50	$4.80

Plumbers' Tools.

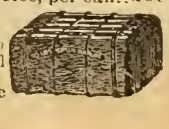
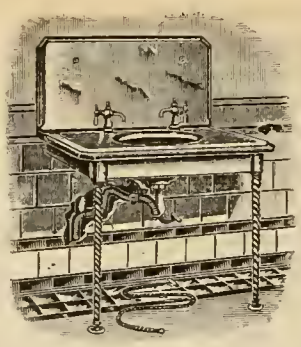
Spun Oakum.



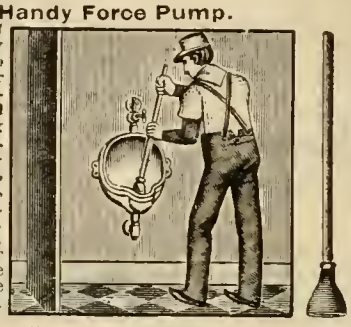
No. 24T8248 Best Grade Spun Oakum, for calking iron pipe, soil pipe and fittings.
Price, per pound.....4c

Acme Pipe and Sink Cleaner.



Acme Pipe and Sink Cleaner fits all drain pipes. It is made of steel and brass; is 6 feet long and ⅝ of an inch in diameter, with a handle at one end, a drill at the other. It can be disconnected in the center by unscrewing it. You can use the first section first, then if it does not reach, take off the handle, screw on the other section, then the handle and turn to the right. If the obstruction is in the closet, take off the first section, put on a corkscrew shaped hook that we send you, which will catch into any paper or rag that may be found in the closet and remove them. The above illustration shows the cleaner in operation.
No. 24T8255 Price, each.....70c

Handy Force Pump.



No. 24T8257 The Handy Force Pump is used for forcing stoppages and cleaning waste pipes, basins, closets and sinks, wash bowls, bath tubs, etc. No plumber, janitor, hotel, restaurant or residence should be without one. One stoppage of your pipes will pay for it. Thousands of them sold with the best results. It is made with a heavy rubber cup on the end of a 3-foot wood handle.
Price, each.....70c

Price, per 100..... $1.15

Lamp Guards.

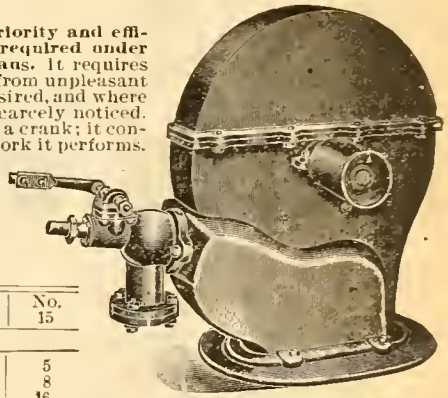
No. 24T8426 Wire Lamp Guards. Easily clamped to socket, keeps the lamp from coming in contact with woodwork or merchandise, prevents breakage, etc.
Price, each..... 5c

Hydraulic Water Motors.

Our Water Motor heads the list for general superiority and efficiency for purposes where steady power and speed are required under varying loads, such as electric lighting and church organs. It requires no engineer and but little attention, is noiseless and free from unpleasant odors, dirt and heat. It may be placed in any position desired, and where it will be accessible, doing its work so quietly that it is scarcely noticed. It is started and stopped promptly by the simple turn of a crank; it consumes water only when in use and in proportion to the work it performs. You simply attach motor to city water pipes with a pressure of 30 pounds or more, start the motor and it runs itself; requires no attention whatever. **When ordering motors give all the information you can, water pressure and the machine to be driven.**

Power as compared with ordinary steam engines (If dynamic horse power is required from ⅓ to ½ less):

Pressure at Motor	No. 9	No. 10	No. 10½	No. 11	No. 12	No. 13	No. 15
	HORSE POWER						
30 pounds	⅛	¼	½	1	2	3	5
50 pounds	¼	½	1	1½	3	5	8
100 pounds	½	1	2	3	6	10	16
150 pounds	¾	1½	3	4½	9	15	24
200 pounds	1	2	4	6	12	20	32

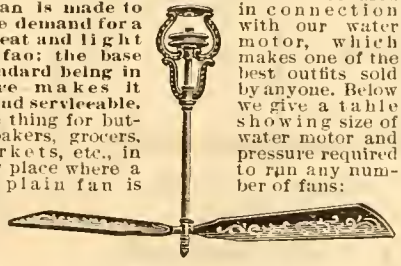


No. 24T8465 Hydraulic Motor, complete, with pulley.

Number	8	9	10	10½	11	12	13	15
Price	$13.50	$22.50	$37.50	$55.00	$72.50	$120.00	$195.00	$230.00

Ceiling Fan.

This fan is made to meet the demand for a cheap, neat and light weight fan; the base and standard being in one piece makes it strong and serviceable. Just the thing for butchers, bakers, grocers, fish markets, etc., in fact, any place where a cheap, plain fan is wanted.



It can be used in connection with our water motor, which makes one of the best outfits sold by anyone. Below we give a table showing size of water motor and pressure required to run any number of fans:

Size	Water Pressure, Pounds 20	30	40	50	60	70	80	90	100
	Number of Fans								
No. 8 Motor	....	1	1	1	1	2	2	2	2
No. 9 Motor	1	1	1	2	2	2	2	3	4
No. 10 Motor	1	2	2	3	3	4	4	5	6
No. 10½ Motor	2	4	6	7	8	9	10	11	12
No. 11 Motor	4	5	6	8	10	12	14	16	20

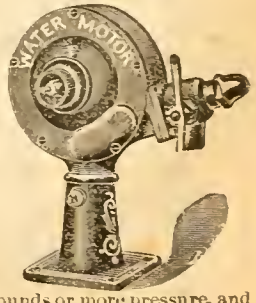
Guide Brackets for Ceiling Fan.

Guide Brarkets for Ceiling Fan coosist of two grooved wheels or pulleys, with a bracket or standard attached to fasten to ceiling or wall to run round belt from motor to fan. Wheels are 6 inches in diameter.

No. 24T8488 Price, each..... $2.00

Water Motor with Stand.



Water Motor, with Stand. Just the thing for dental work, jewelers, etc. Can be started and stopped instantly; requires no attention whatever after having been attached to water pipes. Any ordinary city pressure will run it. It is nicely finished; an ornament in any office. No dentist should be without one. Remember, this motor is complete in itself, you simply attach to city water pipes or any water pipe where you have 30 pounds or more pressure, and you have a powerful, steady power that runs itself at a very small expense. Will last a lifetime. Price, includes two pulleys and floor switch.

No. 24T8493	Size 8. Price, each.....	$15.00
No. 24T8494	Size 9. ⅓ horse power. Price,	22.50
No. 24T8495	Size 10. ¼ horse power. Price,	34.00

GAS AND ELECTRIC FIXTURES AND SUPPLIES.

SPACE WILL NOT PERMIT OUR SHOWING OUR COMPLETE LINE OF THESE GOODS, although you will find the goods listed on these pages very comprehensive. If, however, there is anything you want in the way of gas or electric fixtures or supplies and you do not find it listed herein, write us and describe what you want, for we know we can furnish it and we know that we can save you about 50 per cent on the price.

THE GOODS WE QUOTE ARE MANUFACTURED BY ONE OF THE VERY BEST MAKERS IN THE COUNTRY. They are made of the very best material by skilled workmen and each and every article is carefully inspected before it leaves the factory. We put ont every article under our BINDING GUARANTEE for quality and if anything is not entirely satisfactory when received, SIMPLY RETURN IT TO US AND WE WILL PROMPTLY REFUND YOUR MONEY.

THESE GOODS HAVE ALWAYS BEEN SOLD AT AN EXCESSIVE PERCENTAGE OF PROFIT.

YOU WILL FIND THE PRICES QUOTED BY DEALERS AND SPECIALTY HOUSES ON THESE GOODS TO BE FAR ABOVE THE PRICES WE ASK. We sell these goods on our uniform one small percentage of profit and as a result our prices are far lower than asked by others.

REMEMBER, WHILE OUR PRICES ARE VERY LOW, THE GOODS ARE FIRST CLASS, THE BEST QUALITY AND WILL PROVE ENTIRELY SATISFACTORY. IF YOU INTEND TO BUY ANYTHING IN THIS LINE YOU CANNOT AFFORD TO SEND YOUR ORDERS ELSEWHERE.

IF YOU WILL REFER TO THE FREIGHT RATES ON PAGES 7 TO 11,

and note the description and weight of the article, you can calculate almost exactly what the freight will amount to, and thus save the necessity of writing to us for this information.

Gilt Finish Gas Fixtures.

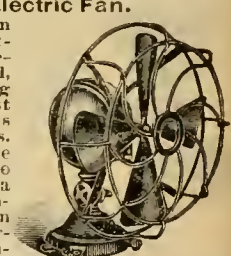
The New Doyle Air-Burner Gas Stove.

No. 24T8918 The New Doyle Air-Burner Gas Stove is constructed on entirely different lines from any other stove on the market. This principle is adapted to all kinds of stoves, ranges, furnaces and boilers using coal, wood, oil or gas, and involves the admission of heated oxygen at a point where it is thoroughly mixed with the gases from the fuel, causing a secondary combustion to take place in the upper construction of the stoves, creating an intense heat, without smoke or soot, showing a saving in fuel of over 50 per cent. This stove, burning 10 to 12 feet of gas per hour, will heat a room 12x12 with 10-foot ceiling, in zero weather. It stands 30 inches high and weighs 40 pounds. Price, each..$7.20

The Acme Electric Fan.

The Acme Fan is of an entirely new design adapted to meet the requirements of the practical, careful and exacting buyer. One of the best features of the fan is its arrangement of bearings. It will be seen from the illustrations that the two journals are carried in a one-piece ring which maintains them in rigid relation and permits of no disarrangement of initial alignment, no matter how carelessly handled. A second unique feature is found in its adaptability for use either for desk or wall service. It is a desk fan and a wall bracket fan combined. A simple wrist movement combined with a lateral one, adjusts the blast to any required direction either as a desk or wall fixture. The blades and guard are highly polished and lacquered, and the brush holder and other parts are simple, strong and durable. The workmanship throughout is of a high order. No fan on the market can equal it. The standard finish is black enamel, but all enamels and several plated and polished finishes can be furnished if ordered in season. The fans are designed for 110-volt and 220-volt circuits and with three speeds, viz: 800, 1200 and 1600 revolutions per minute. Be sure and state which is wanted. Diameter of fan, 12 inches.



This illustration shows fan when placed on desk or table.

This illustration shows fan when placed against wall or post.

No. 24T8919 Price, each..... .....$10.25

LEATHER BELTING.

We sell only the best grades in medium and full weight stock, made from carefully selected hides of oak tannage. If a cheaper belt is wanted we advise the use of a rubber belt. Quality considered, you will find we will save you fully 33⅓ per cent on anything in belting.

Double Thick or Ply Belts Twice the Price of Single Ply.

Extra Heavy Belts, Extra Prices.

RUBBER BELTING.

Our Rubber Belting is composed of the best quality of cotton duck and India rubber, made in the best manner possible. These belts will stretch less than any other belts made. On this account the friction always remains firm. Not only is stretching an exceedingly troublesome defect, but it also loosens the friction and destroys the strength of the belt. They are not suitable for thrashers or sawmill belts. We do not guarantee the Standard belt, but it is all right for nearly any place where a light, narrow belt is used. For large widths, quick running machinery or extra heavy work, our extra belt should be used. We make endless belts only in extra quality. For making endless, we charge as much as three feet of belt would cost. Be careful in making orders for belt, for if it is sent as ordered, it will not be taken back or exchanged.

Stitched Canvas Belting.

We have the strongest Stitched Canvas Belting that is manufactured. The rows of stitches are sewed so close together that the piles cannot separate. It is painted with a composition of a red color, which gives it a good friction, and makes it thoroughly waterproof. Oil (no matter in what quantity) will not injure the belting in the least. Stitched cotton belting is cheaper, more durable and much stronger than leather belting, as has been shown by various tests. All belting is thoroughly stretched before leaving the factory. Use an awl in making holes for lacing canvas belting. Never use a belt punch, as it cuts the threads.

Endless Stitched Canvas Belt.

No. 24T8942 Endless Stitched Canvas Thrasher Belt is far superior to all other canvas thrasher belting on account of the process of its manufacture. The splice is made in such a manner that the belt is no thicker at this point, and is just as strong and flexible as any other part of the belt. It is painted with a composition of a reddish color and is thoroughly waterproof, and is not affected by any change of temperature, neither by oil. It is sewed with rows of stitches throughout its entire length, which makes it practically impossible for the piles to separate. We carry the following lengths of this 4-ply belt in stock and can ship promptly. The actual length of these belts is three feet less than stated, as it requires the price of three feet for labor in making belt endless. Other lengths made to order, which require from two to three weeks to make.

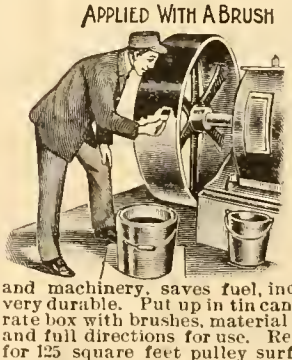
Warren's Liquid Pulley Cover.



No. 24T8949 Best on the market for over five years. The most effectual and economical article to prevent belt slipping. It is applied (like paint) with a brush, to any kind of pulley, dries hard and is ready for use in from four to six hours. Prevents slipping, allows belts to run slack, reduces wear on belts, bearings and machinery, saves fuel, increases output and is very durable. Put up in tin can, each can in a separate box with brushes, material for cleaning pulleys and full directions for use. Regular case, sufficient for 125 square feet pulley surface. Price..$12.00

Special case, sufficient for 40 square feet pulley surface. Price..... $5.00

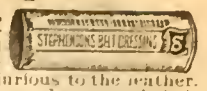
No. 3 case, sufficient for 15 square feet pulley surface. Price $2.50

Famous Belt Dressing.

No. 24T8947 Comes in a liquid form, which is the best, as no grease or semi-solid substance will enter the pores of the leather without being reduced to a liquid form, consequently the application of a grease or pastry dressing only corrects the trouble at the surface, cakes on the belt, makes it uneven and collects dust and foreign matter. This dressing will preserve the leather, prevent the belt from slipping, counteract the effect of moisture, prolong the life and durability of the belt. Full directions sent with each shipment, how to apply, etc.

Price, 1 gallon can, per gallon..... $1.10

Belt Dressing.



No. 24T8944 Belt Dressing, applied by friction, most convenient and economical dressing on the market. Contains no resin or anything injurious to the leather. Molded into one-pound sticks and wrapped, it is clean to handle, and always ready for immediate use. Made only in pound rolls. We do not sell less than a roll. Price, per roll of one pound..... 35c

Dixon's Oiled Graphite.

No. 24T8951 The Graphite used is Dixon's Pure Ticonderoga Flake Graphite, which is carefully and thoroughly ground in the best of lubricating oil. Each flake of graphite is thereby coated with a film of oil; and graphite prepared in this manner is especially recommended by engineers for cylinders and valves where superheated steam and high pressure are used, as there is usually some difficulty in lubricating steam cylinders and valves under such conditions. It mixes readily with cylinder oil. This graphite is also recommended for steam cylinders where it is desired to introduce little, if any, oil.

Price, 5-pound can..... $1.00
Price, 10-pound can..... 1.75

Rawhide Lace Leather.

No. 24T8954 We sell the best grade of Rawhide Lace Leather in sides of from 5 to 15 square feet (we do not cut sides). Price, per square foot.....21c

Cut Lacing.

Our 27-Cent Lace Leather Cutter.

No. 24T8957 Lace Leather Cutters, adjusted to cut various widths.
Price, each.....27c

The Acme Belt Hook.

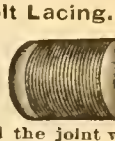
The Acme Belt Hook is the simplest and most durable made. They will stand more strain than any lacing; can be used on any diameter pulley; will not cut out of the belt or become loose. As good for rubber and canvas as for leather belting. Made from the very best annealed coppered steel wire, so that the points will not break in clinching. Put up in boxes of 200 hooks, assorted No. 0 to No. 3, or all one size, as desired.

No. 0—⅝-inch wide. | No. 2—⅞-Inch wide.
No. 1—¾-inch wide. | No. 3—1 Inch wide.
No. 24T8960 Price, per box, any size..... 18c

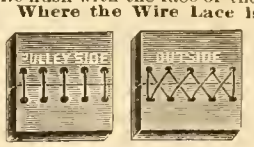
Composition Wire Belt Lacing.

This lace will not cut the belt or tear out at the lace holes.

There is no friction or wear on the lace while in contact with the pulley, as the strands lie flush with the face of the belt.



Where the Wire Lace is used the joint will be the last place in the belt to give out. For all work where the belts are speeded or run with idlers, or at a severe strain, a single trial will establish its claim as a perfect means of sewing the ends of machine belting.



50 feet on each spool, and each spool in a box.
No. 0—For all belts 2 inches wide and under.
No. 1—For all single belts 6 inches wide and under.
No. 2—For all belts 6 to 20 inches wide.
No. 3—For all belts 20 to 40 inches wide.

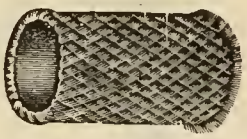
Cotton Garden Hose.



The increased demand for light, durable, strong and absolutely reliable hose, suitable for gardens, lawns and other places for sprinkling has induced us to place on the market our New Process Rubber Lined Cotton Hose. The fabric is made from especially selected long fiber cotton and is perfect in construction. The rubber lining is of the very best quality, and by our process of manufacture we are enabled to produce a hose which cannot fail to give the very best results. **Put up in lengths of 50 feet with brass couplings. We do not sell less than full lengths of 50 feet. No extra charge for couplings.**

Revolving Lawn Sprinklers to Stick in the Ground.

No. 24T9012 The Crown Sprinkler will spray water perfectly for 10 to 20 feet each way. Made of brass, nickel plated, fits ¾-inch hose only.
Price, each.....23c

No. 24T9014 The Little Wonder Lawn Sprinkler is one of the best sellers we have. It is strong, durable, and does the work. Each 9c

No. 24T9012

No 24T9014

Adjustable Lawn Sprinklers.

No. 24T9016 The only adjustable sprinklers on the market. A turn of the screw does it. You can throw any size spray from a fine mist to large drops. Made of cast iron, japanned, with nickel plated brass screws. Cheapest sprinkler made. Size for ¾-inch hose.
Price, each.....20c

The Maid of the Mist.

No. 24T9018 The Maid of the Mist is also an adjustable sprinkler, and very ornamental. It is made with a nickel plated bronze top and screw, and cast iron base japanned in colors. The top of this sprinkler can be taken off and used as a spray nozzle on the hose. Size for ¾-inch hose.
Price, each.....65c

Fan Lawn Sprinkler.

The cheapest, simplest and most durable device for sprinkling lawns ever made, it being cast in one piece from hard babbitt or composition metal with steel wire spike. With ordinary water pressure it will cover a space of from 50 to 60 feet, and is the only sprinkler on the market that can be moved from one location to another without shutting off the water, or wetting the person handling it.

No. 24T9020 For ¾-inch hose. Price, each..17c
No. 24T9021 For 1-inch hose. Price, each..45c

Turbine Lawn Sprinklers.

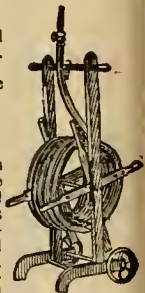
No. 24T9023 ¾-inch aluminum bronzed, nickel plated head, adjustable to any angle. The Turbine is one of the most meritorious lawn sprinklers made. It can be used in water that is full of sand. The Turbine may be adjusted over the jet or at either side of it, thus giving a full circle or a half circle on either side. In addition to this, the top of the sprinkler may be unscrewed and attached directly to the end of the hose, and used in this way in connection with a hose holder.
Price, each.....$1.05

Crescent Lawn Sprinkler.

No. 24T9025 This illustration shows our **Crescent Lawn Sprinkler.** It has four arms which revolve when the water is turned on. Stands 24 inches high. Can be moved from place to place without detaching.

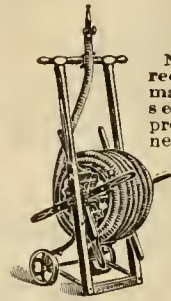
Price, each.....$1.75

Hose Reels.



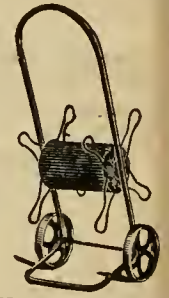
No. 24T9028 Hose Reel, strong and well made of hardwood. Iron wheels. No hose included. Weight 11 lbs.
Price, each.....50c

Acme Hose Reel.



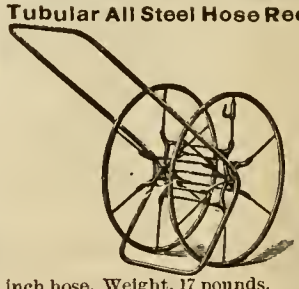
No. 24T9029 This reel has been on the market for several seasons, and has proved to be a winner. It is made of hard wood throughout, painted vermilion, striped and varnished. The drum has cast iron heads or rims, with hardwood slats and does not put kinks or short bends in the hose when reeling it on. It has pawl and racket attachment and hose holder. Wheels are 6 inches in diameter. A first class reel in every respect. Weight 18 lbs.
Price, each.....$1.40

Wirt's Patent Tubular All Steel Hose Reels.



No. 24T9030 The most complete garden reel made. Tubular frame, steel wire "holds," corrugated iron drum, 5½ inches in diameter; wheels, 7 inches in diameter. Hose cannot mildew on this reel owing to corrugated drum. Handsomely finished in vermilion and green. Four reels form natural crate. Weight, 10 pounds.
Price, each.....$1.35

Tubular All Steel Hose Reel



No. 24T9031 This style reel is the most popular style now on the market. It is self winding; made throughout of steel; no wood to rot out; will last a lifetime; cannot break or give out. Height of reel, 21 inches. Capacity, 100 feet ¾-inch hose. Weight, 17 pounds.
Price, No. 10, each.....$2.35

Hargraves Climbers.

High grade per lb.	22c	22c	22c	22c	22c	22c	22c

Red Cross Piston Packing.

No. 24T9042 Genuine Red Cross Piston Packing is by far the best of its kind in the market. It has a rubber core covered with a superior quality of flax, well lubricated. It has a long fiber, even braid and is not loaded with tallow, as is the case with most packing being sold by other houses. Used for steam principally, but may be used anywhere where a good reliable packing is wanted. Comes in coils of 100 feet, both square and round in shape. Be sure to order by number and state size wanted. Either round or oval center or core. We always send round core unless otherwise ordered. Sizes, ¼, ⅜, ½, ⅝, ¾, ⅞, 1 inch.

Price, per pound.....23c

Tuck's Round or Square Piston Packing.

No. 24T9044 This packing is made specially for packing the pistons of steam pumps, and is used by all the prominent steam pump manufacturers. This packing is made of the best quality cotton duck and rubber. It has been in extensive use throughout the world for many years, and given universal satisfaction. It is the best stuffing box packing in use.

In lengths of 12 feet. Price, per pound.....30c

No. 24T9046 Genuine Red Core Viking Packing. This is a round packing well made and thoroughly lubricated with plumbago compound and has a red rubber core. It will stand a high temperature and is also a good water packing. It is also used with metallic packing, requiring a round of soft round packing to fill in next to the gland. It is very light in weight, making the cost very low. We have sold the Viking for over six years, and experience has proved it superior to all cut spiral packing.

Strictly Engine Packing. Size, inches, ¼, ⅝, ⅜, ⅞, ½, ⅝, ¾, ⅞, 1.

Price, per pound, any size.....76c

No. 24T9048 Italian Hemp Packing, for use in pumps, stuffing box heads, etc. Price, per pound.15c

No. 24T9050 Asbestos Rope and Wick Packing, furnished in the following sizes: ¼, ⅜, ½, ⅝, ¾ and 1 inch. Price, per pound.....23c

No. 24T9052 Cloth Insertion Sheet Packing. Cloth on one or both sides, made of the best stock and guaranteed to be the best sheet packing for the price ever sold. Comes in sheets one yard wide. Can furnish any quantity, but must be a cut the whole width of sheet (or 1 yard wide).

Thickness	1/32-in.	1/16-in.	1/8-in.
Weight per square yard..	3 lbs.	6 lbs.	12 lbs.
Price, per pound.....	12c	12c	12c

Cardinal Brand Sheet Packing.

Our Cardinal Packing is far superior to all Red Sheet Packings for gas, air and ammonia compressors, and is not easily dissolved by contact with oil. Will make a tighter cold joint than other packings; has a smooth surface, is firm and substantial, and does not show a porous condition under microscopic examination. It is also good for steam and differs from other packings in the fact that it does not cling to the flanges and can be easily removed at any time.

No. 24T9054 Comes in sheets one yard wide, and sold in any quantity, but not less than whole width of sheet. For example, we can furnish a piece 2 inches wide, but it must be one yard long.

Thickness, inches	1/32	1/16	¼

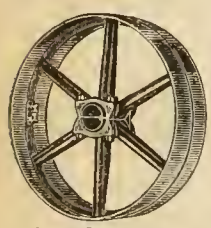
All Wrought Steel Pulley.



Complete Pulley.

Sectional Pulley.

No. 24T9087 The All Wrought Steel Split Pulley, as illustrated herewith, is made exclusively of a "mild" sheet steel, accurately rolled to standard gauges, no castings or forgings entering into its make up. The various parts are cut from sheet metal and cold pressed into the requisite forms by machinery especially designed for that work. A strength and rigidity that renders the all steel pulley practically indestructible. A weight two-thirds less than that of the ordinary cast iron pulley, and about that of most wooden ones. The All Steel Pulley is rendered interchangeable by the use of metal bushings, and will fit shafts of different diameters.

Price List of All Wrought Steel Split Pulleys.

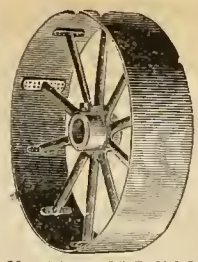
WALL PAPER SAMPLE BOOKLET

We sell wall paper at very low prices, much lower than you can buy elsewhere, and if you are going to do any papering we can save you a great deal of money. Ask for our Wall Paper Sample Booklet and it will be sent you by return mail. The booklet contains samples of all the wall paper we sell and will enable you to make your selection from the actual papers in their real patterns and colorings.

PULLEYS—Finished Iron and Split Wood.



No. 24T9089 Solid Cast. No. 24T9090 Split Wood.

Best Grade Pulleys in two styles and sizes. The cast pulleys are made of the best quality gray cast iron, turned and fitted by lathe so that each one is absolutely perfect as to balance, hang, etc. The split wood pulleys, which are always made split, are one of the highest grade pulleys on the market. They are made with interchangeable bushing so that they fit any size shaft. Space forbids our listing all sizes of pulleys, but would state we can furnish any size or shape of pulley wanted. In ordering give diameter, width of face, size of shaft pulley is to be used on, also kind wanted, if crowning or straight face is wanted. You cannot be too explicit in ordering. We furnish set screws with all pulleys unless ordered key seated.

PRICE LIST OF PULLEYS.

Write us for prices on any size pulley not listed below. Space will not permit our listing our full line.

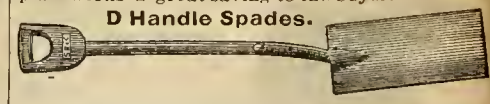
GARDEN TOOLS

In this line we offer only strictly high grade goods, made by concerns of well known and established reputation, and on this class of goods we are prepared to save you money. We can supply you at as little or less money than your dealer can buy in quantities. It will pay you to include all these goods in your order. Let us ship by freight and get you the correct freight rate. One trial order will demonstrate. Our economic one small profit plan works a great saving to the buyer.

D Handle Spades.



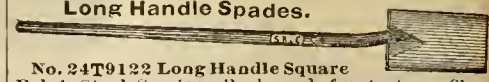
No. 24T9115 D Handle Square Point Steel Spades. Back and front strap, riveted. Size 7¼x12 inches, which is full regular size. Every spade warranted. Price, each.....52c

No. 24T9116 Open Back Spades. Hollow or Open Back Spades; same quality as No. 24T9115 D Handle. Price, each.....48c

No. 24T9117 D Handle Square Point Polished Spade, made of solid crucible cast steel. Plain back wide straps. This is the highest grade spade on the market, every blade being made of selected crucible cast steel, fully warranted. Nothing better made. Size, 7¼x12 inches. Each.....60c

No. 24T9119 Genuine Ames Patent Steel Spades. Socket strap, square point, D handle. Polished. Price, each.....$1.35

Long Handle Spades.

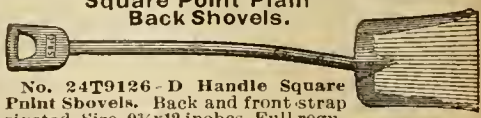


No. 24T9122 Long Handle Square Point Steel Spades. Back and front strap. Size, 7¼x12 inches, full regular size. Warranted selected hickory handles. Price, each.....52c

No. 24T9123 Open Back Spades, Hollow or Open Back Spades, long handle; same quality as No. 24T9122. Price, each.....48c

No. 24T9124 Long Handle Square Point Polished Spade. Made of solid crucible cast steel. Plain back socket straps. Same grade as our No. 24T9117. Fully warranted. Price, each.....60c

Square Point Plain Back Shovels.



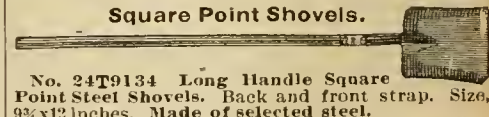
No. 24T9126 D Handle Square Point Shovels. Back and front strap riveted. Size, 9¾x12 inches. Full regular size. Made of the best selected steel. Warranted. Price, each.....52c

No. 24T9127 Open Back Shovels. Hollow or Open Back Shovels, D handle; same quality as No. 24T9126. Price, each.....48c

No. 24T9128 D Handle Square Point Polished Shovels. Made of solid crucible cast steel. Plain back socket straps. Made of selected stock. Nothing better made. Size, 9¾x12 inches. Every spade fully warranted. Price, each.....60c

No. 24T9130 Genuine Ames Patent Shovel. Socket strap, square point D handle. Black finish. Price, each.....$1.25
Same quality as above. Full polished. Price, each.....$1.35

Square Point Shovels.



No. 24T9134 Long Handle Square Point Steel Shovels. Back and front strap. Size, 9¾x12 inches. Made of selected steel. Price, each.....52c

No. 24T9135 Open Back Shovels. Hollow or Open Back Long Handle Shovels; same quality as No. 24T9134. Price, each.....48c

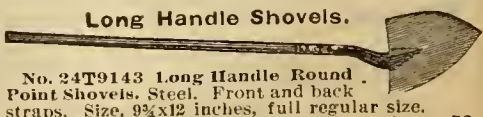
No. 24T9136 Long Handle Square Point Shovels. Made of solid crucible cast steel. Plain smooth back and socket straps, same grade as our No. 24T9128. Every shovel warranted. Best selected hickory handles. Price, each.....60c

Round Point Solid Steel Shovels.

No. 24T9138 D Handle Round Point Steel Shovels. Back and front straps riveted. Made of steel, not iron. Size, 9¾x12. inches. Price, each.....52c

No. 24T9140 D Handle Round Point Polished Solid Crucible Cast Steel Shovels. Made of the highest grade cast steel. Nothing better made. Plain back socket straps. Every shovel warranted. Each.....60c

Long Handle Shovels.



No. 24T9143 Long Handle Round Point Shovels. Steel. Front and back straps. Size, 9¾x12 inches, full regular size. Price, each.....52c

No. 24T8144 Open Back Shovels. Hollow or Open Back Round Point Long Handle Shovels; same quality as No. 24T9143. Price, each.....48c

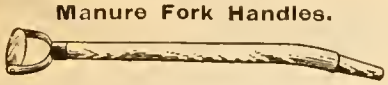
No. 24T8145 Long Handle Round Point Polished Solid Crucible Cast Steel Shovels. Plain smooth back socket straps. Made of the finest cast steel. Nothing better made. Fully warranted. Price, each.....60c

Coal Shovels.

No. 24T9147 D Handle Cleveland Pattern Coal Shovels. Made of extra fine cast steel. Makes an excellent shovel for snow, grain or sawdust. Made in three sizes as follows:

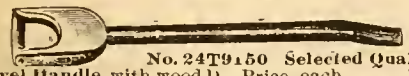
	Size of Blades	Each
No. 1.	13 in. wide, 14 in. long	65c
No. 2.	14 in. wide, 14¾ in. long	75c
No. 3.	14¾ in. wide, 15½ in. long	80c

Manure Fork Handles.



No. 24T9149 Selected Quality Manure Fork Handle, with Malleable D. Price, each.....14c

Shovel and Spade Handles.



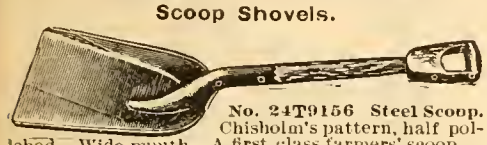
No. 24T9150 Selected Quality Shovel Handle, with wood D. Price, each.....18c

No. 24T9151 Selected Quality Spade Handle, with wood D. Price, each.....20c

No. 24T9152 Selected Quality Long Shovel Handle. Price, each.....11c

No. 24T9153 Selected Quality Long Spade Handle. Price, each.....12c

Scoop Shovels.



No. 24T9156 Steel Scoop. Chisholm's pattern, half polished. Wide mouth. A first class farmers' scoop.

	No. 4	No. 5	No. 6	No. 7
Width	12½ in.	13½ in.	13½ in.	13⅝ in.

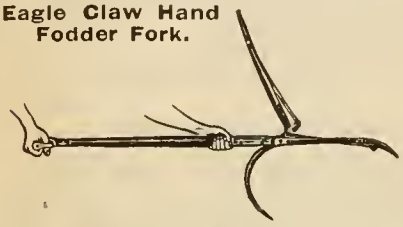
Eagle Claw Hand Fodder Fork.



The only tool ever invented and manufactured that will handle corn fodder successfully. Self dump. Does not pierce the stock. Handles fifty stalks (or an arm load) at a time as fast as a man can pitch. Binds the fodder, straw, brush, etc., as you handle it. Saves time, twine, clothing and health. No getting wet while handling snowy or wet fodder. **Corn fodder can be shocked or handled rapidly with this fork.** You are enabled to grab quickly and place or pitch the fodder anywhere you wish. **Also used for feeding shredders and thrashing machines,** and handling cane and ensilage. Weight, 4½ pounds. Made in two sizes, Nos. 1 and 2.
No. 24T9280 No. 1, for handling corn fodder. Price, each.....$1.20
No. 24T9281 No. 2, for handling ensilage, cane, etc. Price, each.....$1.30

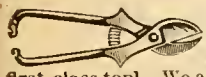
No. 24T9360 Extra High Grade Pruning Shears; 9-inch, full nickel plated. Finest shear made. Price, each.....50c

Cronk's Pruning Shears.

No. 24T9361 A trial will convince anyone that these shears will do the work easier and better than any shears on the market that cost twice or three times as much. They are solid steel and fully warranted. Are equal to the best, and nearly as cheap as the cheapest. When blades are worn down file away the stop and it will allow blades to pass same as when they were new. Price, each.....32c

Our 65-Cent Pruning Shears.



No. 24T9362 Forged solid steel and are made streng so they will last a lifetime and are in all respects a strictly first class tool. We are aware other pruning shears can be bought cheaper, but this is only intended when a good shear is needed. All vineyard men claim they cut much easier than any other shears they ever used. We guarantee them to be superior to any shears that cost double the money. Price, each.....65c

Buckeye Pruning Shears.

No. 24T9363 Buckeye Pattern Pruning Shears, ash handle, 22 inches long, 2-inch cast steel cutter. Price, each.....50c

Cronk's Hedge Shears.

No. 24T9365 Made of the best material with shear cut, which makes them the easiest cutting shear on the market. Blades are English tool steel, handles 26 inches long, made of hardwood, nicely finished. We list them in two grades light and extra heavy. Light grade, price, each, 70c

No. 24T9366 Extra heavy grade, price, each, 85c

Patent Fruit Catherer.

The Acme Patent Fruit Gatherer, as the name implies, is a device for gathering fruit. It will pick apples, pears, plums and similar fruit from otherwise inaccessible places without bruise or injury of any kind. It is the simplest, lightest, strongest and most efficient device for this purpose on the market. It will be observed that the Acme Fruit Gatherer is remarkably simple in construction, consisting simply of two semi-circular jaws which open and shut like scissors, by means of which the fruit is severed from the branch, and a netting tubing fastened to the jaws which receives the fruit, and without bruise or injury guides it to the ground, hand or any receptacle in which the operator may desire to collect it. The fruit, being received in the tubing as rapidly as it is picked, may be gathered continuously without stopping to empty, as is necessary with other appliances of this nature, thus saving time. When properly handled it will not jar the branch and cause the other fruit thereon to fall, an objectionable feature of other fruit gatherers on the market, destroying more than they gather. No branches will be broken as when climbing after the fruit.

No. 24T9367 Price, each.....75c

Acme Telegraph Tree Pruner.

No. 24T9368 This improvement was originally designed for the use of telephone and telegraph men in keeping the wires free from overhanging branches of trees. Our regular Acme Pruner has long been a favorite with them, but the long pole has been somewhat unhandy on account of their limited means for transporting their tools. It has many features which should commend it to the favor of the fruit grower or nurseryman; it is, in fact, a modified form of the Acme Pruner, and while it is not recommended as a substitute for that implement, it works well, and is very strong and durable. The blade can be taken out to be sharpened; there is a steel coiled spring for throwing out the blade; the socket has a thread on the inside, and can thus be easily screwed on to a pole of any length. Price, each.....75c

Extra blades, each.....11c

Extra springs, each.....10c

The Waters Tree Pruner.

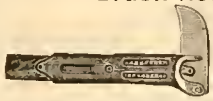
The Waters Tree Pruner, with latest improvements, is considered by fruit growers and gardeners the best in the market. Although the cutting blade is very thin, it being supported on both sides by the hook, makes it strong and durable. It will cut off the largest bough the hook will admit, and also clip the smallest twig. No ladders are required, as pruning can be done while standing on the ground.

No. 24T9370

Length, feet,	4	6	8	10	12
Weight, lbs.	2¼	3	3½	4	4½
Price, each,	33c	35c	42c	43c	56c

No. 24T9369 Extra Knives for above pruners, each.....10c

Spring Pruning Knife and Brush Hook.



No. 24T9371 It consists of a hollow iron shank having Integral extensions, which guide and support the blade. Within the shank is a strong compression spring having squared ends and made of the best crucible steel, tempered in oil. A malleable iron pin which is riveted to blade passes through spring and is provided with a nut and washer, by which means the blade can be adjusted to give back "easy" or "hard," as desired. For cutting out blackberries, raspberries, etc., it has no equal. It will prune anything from a currant bush to an apple tree. Price, each.....57c

Hedge Shears.

No. 24T9373 Hedge Shears, notched blades, hardwood handles.

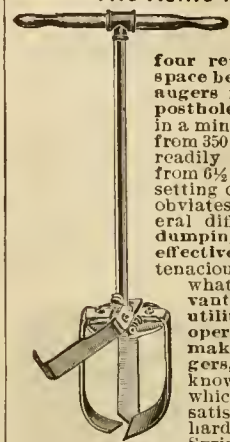
Invincible Posthole Digger.

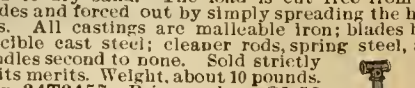
Invincible Posthole Digger. Each blade and shank dropped out of a single piece of steel. No welds or malleable parts to break or become loose.
No. 24T9455 Price, each.....75c

The Acme Posthole Auger.



The Acme Posthole Auger is unexcelled for easy, quick and efficient work, as four revolutions usually fill the space between the blades and four augers full complete an ordinary posthole. It will bore a 3-foot hole in a minute in ordinary soil, making from 350 to 400 holes a day. It has readily adjustable blades to bore from 6½ to 8-inch holes, by simply setting out two of the blades; this obviates the necessity of having several different sized augers. The dumping mechanism is simple and effective, and will discharge the most tenacious soil without any trouble whatsoever. The superior advantages of the Acme in general utility, speed, wide difference of operation with improved results make it the king of posthole augers, because universally acknowledged to be the only auger which sustains the claim to work satisfactorily in tough sod, clay, hard pan and among small roots. Spring steel blades, malleable iron castings nicely finished. Radial adjustment, automatic downward feed, earth packs hard against disc.
No. 24T9456 Price, each.....$1.20

Ryan's Posthole Digger.



Ryan's Patent Posthole Digger. Will dig a 7-inch hole three feet deep in one minute. Is warranted to work perfectly in any soil, from sticky mud to dry sand. The load is cut free from the blades and forced out by simply spreading the handles. All castings are malleable iron; blades best crucible cast steel; cleaner rods, spring steel, and handles second to none. Sold strictly on its merits. Weight, about 10 pounds.
No. 24T9457 Price, each.....$1.50

Posthole Augers.

These are the well known goods made by Vaughan & Bushnell; blades are of solid cast steel, spring tempered. The tube is hollow. They are made in the following sizes:

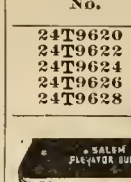
Our $3.25 Truck with Sack Holder.



No. 24T9678 This is an implement that is almost indispensable on the farm. It is worth its cost a dozen times over every season. We believe it is **the best combination truck and sack holder made.** We can guarantee it superior to those offered by many at from $3.50 to $5.00. The illustration represents the sack placed on the holder and truck ready for filling. The holder is composed of a semi-circular malleable casting, to which is hinged a steel spring bar. The casting has a flange on the outside over which the sack is placed. The spring bar is then brought over the top of the flange and placed directly under it. This holds the sack firmly and cannot injure it in the least.

Our price for truck with combination sack holder complete.....$3.25

Warehouse Trucks.

Warehouse Truck (like illustration). Hardwood, well ironed, neatly finished. Axles turned and wheels bored. Steel nose, side straps, axles and legs. We guarantee this the best truck on the market, and, quality considered, 20 per cent cheaper in price than any other.

	Lgth. handles	Width	Weight	Price
No. 24T9682	3 feet 11 in.	19 in.	44 lbs.	$2.60

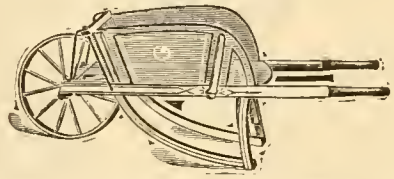
Clipper Garden Wheelbarrow.



No. 24T9715 Clipper Garden Wheelbarrow is strong, well made. Frame is made of selected hardwood. Mortised joints. Legs are one solid piece of wood which adds greatly to their strength and beauty. Nicely painted and striped. The best garden barrow made at any price. With 20-inch steel wheel.

Price, each..... $2.60

Bent Handle Stone Barrow.

Made for heavy work. Bottom and front of 1½-inch hardwood, dressed and well seasoned. Barrows painted brown. Size of bottom, 28 inches wide, 27 inches long and 11 inches high in front. Handles, 2x3 inches, dressed, made of oak, rock elm or hickory.

No. 24T9718 Price, wood wheel, each..... $2.85

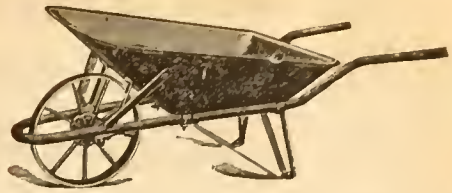
No. 24T9719 Price, steel wheel, each..... 3.10

Heavy Steel Tray Barrow for $4.25.

No. 24T9723 The tray is made of one piece of No. 16 steel of the same thickness throughout. The edges of the trays are flanged and turned over a ⅛-inch steel rod. This rod prevents the tray from breaking at the edge and makes it very much stronger. As the steel of the tray is of uniform thickness, there are no thin corners to give out after using a short time. These barrows are made to dump forward and are so constructed that at the dumping point they will not run back on the operator. They are well bolted and braced and made of the best material and painted. The wheels revolve on a heavy bolt which also passes through the handles and so materially strengthens the barrow.

Price, each..... $4.25

Solid Pressed Steel Tray Barrow.

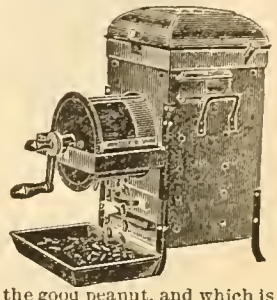


Coal and coke barrow, with one-piece tubular steel frame extending around in front of the wheel. Frame strongly braced and well ironed. The tray is made of best quality of steel, with wired edge. They will carry from 400 to 450 pounds of coal or five bushels of coke. Fitted with our extra heavy No. 4 wheel, 17 inches in diameter, tire 2¼x⅞-inch, nine ⅞-inch spokes, ¾-inch axle.

No. 24T9726 Gauge of steel in tray, 15; length of tray on top, 41½ inches; width of tray on top, 33 inches; depth at wheel, 12 inches; capacity, 6 cubic feet. Weight, 95 pounds. Price, each..... $8.00

No. 24T9727 Gauge of steel in tray, 13; length of tray on top, 41½ inches; width of tray on top, 33 inches; depth at wheel, 12 inches; capacity, 6 cubic feet. Weight, 110 pounds. Price, each..... $8.50

Boss Charcoal Peanut Roasters.



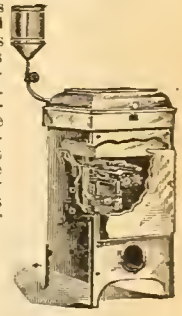
The Boss Peanut and Coffee Roaster is the only successful roaster on the market. The material used in their construction is the finest grade smooth rolled sheet steel for the roasters, and XX bright tin and 16-ounce cold rolled copper for the warmers. Peanuts roasted in the Boss Roaster retain that delicate flavor which is essential to the good peanut, and which is only obtained through perfect roasting.

Prices are f. o. b. factory.		With Tin Warmer	With Copper Warmer
No. 24T9740	Size, 1 peck....	$10.15	$15.00
No. 24T9741	Size, ½ bushel.	12.25	17.50
No. 24T9742	Size, 1 bushel..	16.30	21.60

When ordering be sure and state size wanted; also tin or copper warmer.

Boss Gasoline Peanut Roasters.

Our Gasoline Roaster is made of the same material as the Charcoal Burner; has our new improved burners which makes it the most complete machine sold by anyone. No smoke, dust or ashes. So simple a boy can operate them. The fire can be started in a half minute. No more soggy or burnt peanuts, as these machines have steam heaters. 10 cents per day will roast and keep your peanuts or coffee warm and increase your trade 100 per cent.



When ordering, be sure and mention size wanted; also tin or copper warmer.

Prices are f. o. b. factory.		With Tin Warmer	With Copper Warmer
No. 24T9746	Size, 1 peck.....	$13.50	$17.50

No. 6 Boss Peanut Roaster.

No. 6 Gasoline Roaster is the same style and shape as No. 24T9746, with a cone shape glass dome or show case. Dome can be filled with peanuts, which makes a much more attractive display. Made in copper only. Prices are f. o. b. factory. Copper Warmer.

No. 24T9750	Size, 1 peck.....	$18.50
No. 24T9751	Size, ½ bushel.....	22.00
No. 24T9752	Size, 1 bushel.....	26.00

FREIGHT IS A SMALL ITEM.

You will find that the freight charges will amount to next to nothing compared to what you will save in price. The weight of nearly every article is given in the description, and by referring to pages 7 to 11, you can calculate almost exactly what the freight will amount to, and in every case you will find it is very little as compared with what you will save in price.

FURNITURE

OF EVERY KIND AT LOWER PRICES THAN EVER.

OUR FURNITURE DEPARTMENT for this year has been entirely revised, new and better lines of goods have been introduced, and ALL PUT ON A PRICE BASIS THAT WILL MAKE OUR LEADERSHIP UNQUESTIONED.

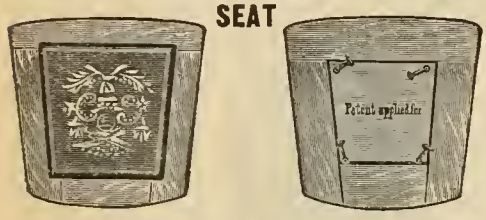
OUR FACILITIES FOR SUPPLYING OUR CUSTOMERS with the best grades of furniture manufactured at the lowest possible prices were never as good as they are this season. Our manufacturing connections are such that in most lines our customers can buy from us for less money than retail dealers must pay for equal qualities.

ON BEDROOM SUITES, all kinds of case goods, chairs and miscellaneous furniture, our manufacturing connections are now complete, and we are today able to offer to the largest furniture dealers, as well as to our customers in every town and every state, an opportunity of selecting anything in the furniture line from the biggest line shown this season, at lower prices than the same grade of goods can possibly be had elsewhere, lower prices than were ever before quoted.

WE INVITE A CAREFUL COMPARISON of our very handsome and complete lines of parlor suites, bedroom suites, iron beds, chairs, dining room furniture, etc., with those of other houses, AND ESPECIALLY OUR PRICES AS AGAINST THEIRS.

All of our furniture is covered by OUR BINDING GUARANTEE, and your order is accepted by us with the understanding that the goods will please you in every way or you can return them at our expense of transportation charges both ways and we will return your money.

OUR NEW PATENT REMOVABLE CHAIR SEAT



The removable chair seat is one of the most valuable inventions in the furniture line. At a small expense anyone can replace a worn out cane or cobbler seat in a chair. The removable chair seat is made of three-ply veneer, upholstered with handsome embossed leatherette cover, elastic cotton felt. On the under side of the seat are four hooks made of wrought steel which can be bent up or down as required to fit the thickness of the chair seat frame. If you have a cane or cobbler seat chair with the seat worn out; order one of our patent seats, place it on the opening and fasten it with the four hooks on the under side of the seat which will hold it firmly in place. It requires no tools or nails. The great feature of this device is its simplicity of application.

No. 1T1 12-inch square seat to fit any opening from 7¼ to 11¼ inches. Price, each.....75c

No. 1T2 14-inch square seat to fit any opening from 9½ to 13½ inches. Price, each.....85c

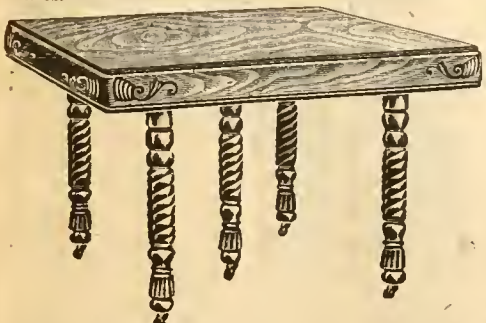
PATENT EXTENSION TABLE.

WE CALL PARTICULAR ATTENTION to our **Patent Extension Table. The principal object of this table is to do away with the annoyance of handling loose leaves.** The leaves of our patent table are a permanent part of the top, always ready for use, being rapidly and easily extended from either end as much or as little as required without removing the linen or the dishes, thus allowing the center or the solid part of the table to remain intact. One of the essential features of our patent table is its **simplicity of construction,** having no complicated or clumsy attachments to break, clog or get out of order.

The table is so constructed that after it is covered with the table cloth or dishes, one end can be pulled out any length desired, the leaves coming into place without any effort, and the table extended to its proper length without removing the table cloth or dishes.



No. 1T580 This table is one of the patent extension tables as described above, made of golden oak, highly polished and beautifully finished, has five massive beautifully turned legs, and is handsomely decorated as shown in the illustration. Every table is complete with casters. The size of the table varies with the length. Please be sure to state length of the table desired. Shipping weight, 225 pounds.

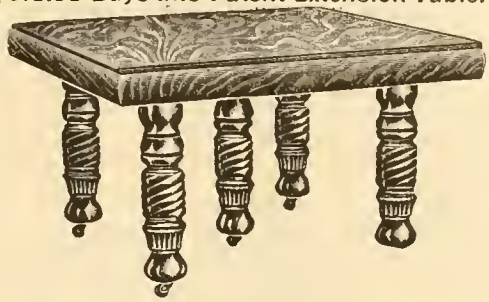
$15.95 Buys this Patent Extension Table.



No. 1T588 The table illustrated under this number represents not only the best of the patent tables which we furnish, but is at the same time one of the finest tables in our entire line. It is made of solid golden oak, with quarter sawed oak top and rim. The finish is of the very finest, the table being highly polished throughout, and in appearance equal to tables that retail regularly at from $25.00 to $35.00. The legs are 5½-inch, beautiful in design, and in every respect strong and durable. The price we quote for this table is no more than you would pay for an ordinary extension table, and we, therefore, recommend this very highly to anyone intending to purchase a strictly high grade table. We furnish this table only in two lengths. Note the size of the top. Be sure to state size desired when ordering. Complete with casters. Shipping weight, 250 pounds.

OUR KITCHEN CABINETS.

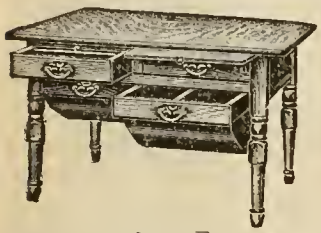
KITCHEN CABINETS ARE AN INVENTION FOR ASSISTING THE HOUSEKEEPER. We know of nothing that is more satisfactory or convenient for household use than a Kitchen Cabinet. It represents the course of progress in ideas in kitchen furniture, and is constructed with a view of saving the housewife many weary steps. In our line of kitchen cabinets we illustrate and describe what would be considered the most serviceable articles of this description at from $3.75 for our cheapest cabinet without top to $8.98 for our finest cabinet with handsome cupboard top, as illustrated.

THE $3.75 CABINET we offer with view of showing what can be produced in this line of furniture at a low price, representing an article of excellent value for the price, but not to be compared in quality, construction or material with our better cabinets, though in appearance the cabinets offered by other dealers may be the same as ours.

ABOUT THE FREIGHT. Our Kitchen Cabinets are shipped from Chicago, or direct from the factory in Central Indiana, and all are most carefully crated and packed to insure safe delivery. They are so constructed that the lower portions of the legs are removed and placed inside of the cabinet for convenience of packing and can be readily put together. This adds to the safe handling of cabinets in transit and insures a much lower rate of freight.

$3.75 Kitchen Cabinet.

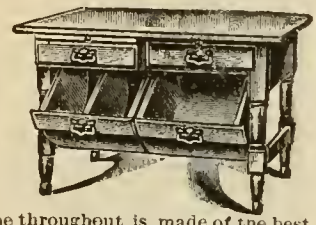
Compare the Size and Quality of Our Cabinets with Others.



No. 1T750 This cabinet is made of hardwood and has basswood top, 27x48 inches in size. It contains two flour bins, two drawers with compartments for cutlery, etc., and two slides. The cabinet is well constructed and will prove a very serviceable article. This cabinet should be compared with cabinets offered by other dealers at from $4.50 to $6.00. Shipping weight, 100 pounds.

Our special price..... $3.75

Our High Grade Acme Kitchen Cabinets.



No. 1T754 The cabinet in this illustration represents our high grade Acme Cabinet, the best cabinet without top in the market, regardless of price. The top is made of selected white wood, 28 inches wide, and 48 inches long. The frame throughout is made of the best grade, selected kiln dried hardwood, beautifully finished. It contains a flour bin which holds 60 pounds of flour, two meal or sugar bins, one bread board and meat board and two large drawers, one of which is partitioned off for spices.

SWINGING BINS. The most unique feature of this cabinet is the construction of the bins, they are poised on the lower cross bar so that they swing forward, causing them to open and shut without a particle of friction and in this respect are far superior to any cabinet on the market in which the drawers either drop or slide on a rail, which requires considerable muscular effort to operate, while the bin in our table as shown in the illustration can be tipped forward with but the slightest effort.

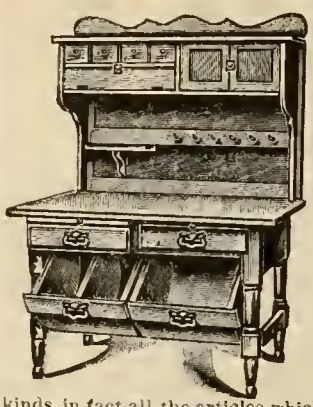
MOUSE AND DUST PROOF. The bottoms are made of wood, which keeps the flour perfectly dry, and when the bins are closed they are perfectly mouse and dust proof. They can be easily lifted out and cleaned, which is not the case with most cabinets of other manufacture. Shipping weight, 160 pounds. Our special price..... $4.95

Hardwood Kitchen Cabinet, $5.45.

No. 1T755 This cabinet is entirely new and one of the most practical and best designed cabinets in our line. It is made of kiln dried hardwood with selected bass wood top, all excellently finished. The top is made with a drop leaf. It measures 28x42 inches, and when extended, 52 inches. The bin is built with our latest patent suspension adjustment, can be lifted out easily. It is very large and will hold nearly a barrel of flour. The other half of the cabinet has an extension shelf over the drawer and a roomy cupboard underneath. Shipping weight, 90 pounds.

Our special price..... $5.45

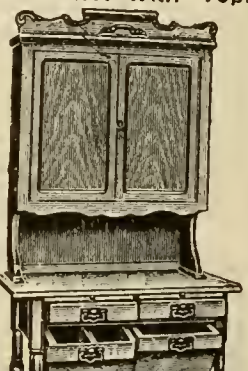
Our $7.95 Kitchen Cabinet.



No. 1T756 Kitchen Cabinet. Same description applies as to No. 1T754, excepting that it has a top. The top is unique in so far that it is compact and yet very roomy. It is provided with a cupboard 18½ inches long, 8½ inches high and 11 inches deep. This cupboard is designed to hold baking powder, soda, large salt and pepper boxes used in the kitchen, condiments and seasonings of various kinds, in fact all the articles which are used in preparing food. It is also provided with a separate compartment for the rolling pin, though this will hold much more. It contains in addition four drawers which are quite deep. These are intended to hold strings, corks and miscellaneous articles necessary to the housewife. There is a large separate shelf for the soap box so that it may be out of the way from the table proper. There is a row of brass hooks to be used for the egg beater, butcher knife, large kitchen spoons, etc. In addition to all this is a generous shelf on top running the full width of the cabinet, on which are usually placed cans of coffee, tea and other articles.

The cabinet complete with base and top really leaves nothing to be desired in the preparation of eatables. The height of the top above the table is 32 inches. The height of the cabinet complete is 5 feet, 2 inches. The length of the table top is 4 feet. The length of the cabinet top is 43½ inches. The depth of the table top is 28 inches and the outside depth of the cabinet top is 13 inches. Shipping weight, 150 pounds. Our special price..... $7.95

Our $8.65 Kitchen Cabinet With Top.



No. 1T758 Kitchen Cabinet. This cabinet is exactly the same as our No. 1T754, containing all the excellent features of that cabinet and in addition thereto a handsome top, as illustrated. With the top complete the cabinet is 7 feet high, 4 feet long and 28 inches wide. The cupboard is subdivided into compartments which can be used for various articles required in the kitchen, and makes the cabinet a very valuable piece of furniture, especially where people want to economize in space and cannot have a kitchen safe and table in the same room. This cabinet is guaranteed absolutely first class in every respect and should not be compared with cheaper cabinets offered by other dealers. Shipping weight, 160 pounds.

Our special price..... $8.65

Our $8.98 Kitchen Cabinet.

No. 1T762 Kitchen Cabinet. This cabinet is exactly the same as our No. 1T754, with the exception that it has a very handsome top, which is 40 inches high, 39 inches wide and 13 inches deep, making the cabinet complete 6 feet 10 inches high, 48 inches long and 28 inches wide. As shown in the illustration this cabinet has glass doors instead of panels or individual compartments. The arrangement of the top is as convenient as can be made for the convenience of the housewife. There is a large separate shelf for the soap dish and a row of brass hooks which can be used for egg beater, kitchen spoons, etc. This cabinet is not alone a very useful article, but a very ornamental piece of furniture for any kitchen. Shipping weight, 170 pounds. Our special price..... $8.98

OUR LINE OF COMBINATION BOOKCASES AND WRITING DESKS.

IN THESE HANDSOME ARTICLES OF FURNITURE we show a quality of goods that will be found only in the best furniture stores in large cities, and there at nearly double the prices we are able to name. There is nothing more desirable for the home, nothing that adorns the room to a greater extent than a fine combination bookcase and writing desk. These bookcases are made for us under contract, all in one factory by one of the best makers of this specialty furniture in the country, and our prices are based on factory cost, with but our one small percentage of profit added.

IF YOU WANT TO APPRECIATE THE EXTRAORDINARY VALUES we are offering in these high grade cases, you must compare our prices with those asked by others for furniture of equal quality. We acknowledge no competition in this line, for in most cases our prices are less than retail furniture dealers pay when they buy such grades.

OUR GUARANTEE. If you order one of these fine bookcases and desks, and after received do not find it entirely satisfactory in every way, you are at liberty to return it to us at our expense of transportation charges both ways, and we will immediately return your money.

THE FREIGHT IS A SMALL ITEM. By noting the weight under each description, and referring to pages 7 to 11, you can calculate just what the freight will amount to, without writing to us for this information. In every case you will find it will be next to nothing as compared to the saving in price.

Our Special $8.95 Bookcase and Desk.

No. 1T1312 This Handsome Combination Bookcase and Desk is made of quarter sawed golden oak, excellently made and finished. It is 66 inches high and 35 inches wide and is fitted with a 10x12-inch handsomely shaped, French pattern plate mirror. The inside of desk is provided with pigeonholes for envelopes, writing paper and other stationery, and the lid drops into position forming a writing table. Below this is a roomy cupboard with a door having the appearance of a drawer and cupboard together, making the case a very handsome as well as useful piece of furniture. All compartments are fitted with locks and keys; trimmings of table and door are all of solid brass. The case is fitted complete with casters and we guarantee it to reach you in perfect condition. There is no dealer who is offering a case which will equal ours in quality at anywhere near our price. Shipping weight, 150 pounds.

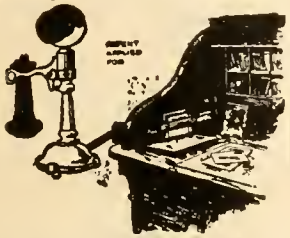
WONDERFUL VALUES IN OFFICE DESKS.

IN OUR LINE OF OFFICE DESKS we show the most serviceable styles, manufactured expressly for us by two of the largest makers of office desks, whose factories are located in the greatest hardwood lumber section in the United States, making it possible to turn out a superior quality of desk at an extremely low price. Only the best quality of thoroughly kiln dried lumber, oils, varnish, hardware and glue are used in the construction of the desks, which makes it possible for us to guarantee every desk. Compare carefully the size, description and price of our desks with those offered by other dealers and you will quickly recognize the saving it is possible for you to make by placing your order with us. We do not believe that our desks can be duplicated elsewhere at within $3.00 to $5.00 of the price we quote. **Every desk is carefully packed and shipped direct from the factory in Southern Indiana or Southern Michigan,** which alone enables us to quote such extremely low prices. But we reserve the privilege of shipping from Chicago when convenient.

MOST ALL RAILROAD COMPANIES take Desks at first class freight rates. By referring to pages 7 to 11, you can get the first class rate to the town nearest to you, which is almost, if not exactly, the same as to your town. With this rate per 100 pounds and the weight as given under each desk, you can tell almost exactly what the freight will amount to. It will amount to nothing compared to what you will save in price.

Griggs' Desk Telephone Holder and Bracket.

Always on hand, never in the way. Indispensable to all desk telephone users, saves its cost many times over, no lifting, no interference with locking desk or using drawers, no handling or breaking of 'phone, no upsetting. It puts your instrument just where you want it, when you want it, by a touch, and is as quickly put out of the way.



No 1T1438 Black japanned. Price..... $1.50

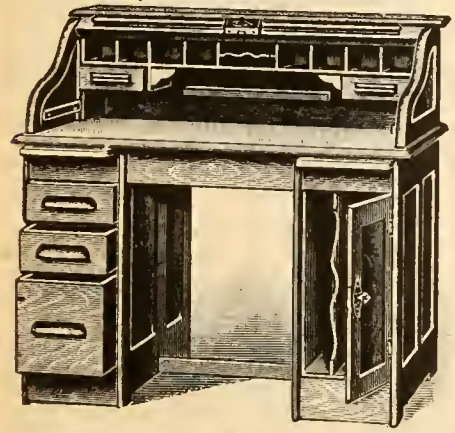
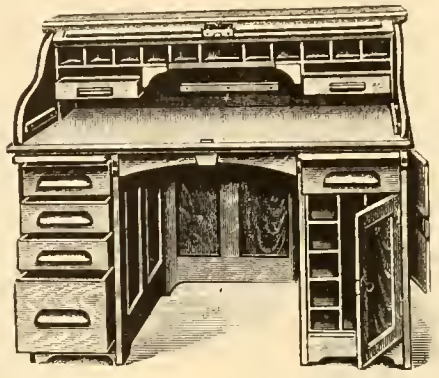
A Roll Top Curtain Desk for $10.45.



No. 1T1452 This desk is without doubt the lowest priced curtain desk ever offered by any dealer. This desk is 44 inches long, 45 inches high and 30 inches wide. As shown in the illustration, it has three drawers on the left side and a roomy cupboard on the right side for books. The desk top and all panels are made of three-ply built up stock. The drawers are all dovetailed and the entire desk is built in a thoroughly substantial manner and excellently finished. Must be seen to be appreciated. Shipping weight, about 180 pounds.
Our special price..... $10.45

OUR GREAT BARGAIN OFFICE DESK.

This High Grade Roll Top Desk for $11.95.



No. 1T1456 This desk is without doubt the greatest value ever offered in a roll top curtain desk. In fact, it is a desk not found for sale by other dealers, being made expressly for us. The illustration is a reproduction of a photograph of the desk, which gives but a fair idea of the exceptional value which it represents. **It is all oak,** 48 inches long, 30 inches wide and 46 inches high; has five drawers, four on the left side, and one on the right side over a roomy cupboard, partitioned off for papers and books. This desk has a very roomy cupboard at the side which is not usually put in desks of this style. In all of the details this desk is the same as the very highest grade desks made, having extension slides, the regulation size pigeonholes and drawers and two small corner drawers, besides racks for pencils, pens, etc. The desk has full finished back and is finished and polished all around. Has flexible dustproof curtain and excellent quality automatic spring lock, and is mounted on extra heavy, patent chilled, ball bearing casters. If you are contemplating purchasing a desk, you should not think of ordering elsewhere. Shipping weight, about 200 pounds.
Our special price..... $11.95

Big Values in Bedroom Suites.

WITH OUR LINE OF BEDROOM SUITES enlarged, greatly improved, brought right up to date to include the very newest styles for this season, and at greatly reduced prices, we are prepared to save you so much money we feel you cannot afford to buy a bedroom suite elsewhere.

THE WONDERFUL GROWTH of our furniture department has made it possible for us to make much larger contracts with the manufacturers than ever before, thus reducing the cost to us and enabling us to make lower prices to you. By a careful comparison of our prices with those of any other house or furniture dealer, we know, quality for quality, we can save you from $5.00 to $50.00 on a bedroom suite, and can give you newer and more stylish patterns than you would likely be able to get from your local furniture dealers.

HOW WE ARE ABLE TO MAKE THE PRICES SO LOW, and how it is possible for us to reduce our prices on bedroom suites below any previous quotations. OUR BEDROOM SUITES ARE MADE FOR US UNDER CONTRACT by three of the best manufacturers in this country—one Michigan manufacturer, one Indiana manufacturer and one Wisconsin manufacturer, and our output has increased to such an extent that we are able to contract in each case for a very large part of the output of the factory, and these factories desiring to run at full capacity the year around, are willing to take our contract at next to cost, the cost of material and labor, as it facilitates the working of their factory and enables them to run every working day at full capacity and thus reduce the cost, not only on the suites they make for us, but on the suites they sell to other people. As a result, we own our bedroom suites this season, including all the newest designs, at about the cost of the material and labor, and our price to you is but our one small percentage of profit above the actual cost.

WE HAVE FIGURED THE COST ON EVERY SUITE, first, on the basis of the number of feet of oak, ash or other lumber. We have then figured the cost of the mill work, of the hand carving, and the cost of assembling and finishing, the net cost of the hardware, the cost of the plate glass in Europe with freight and duty added, and on this basis of calculation we own our bedroom suites and on this basis we offer them to you with but our one small percentage of profit added, which means a saving on any suite you buy from us of from $5.00 to $50.00, according to the suite you select.

TO APPRECIATE THE VALUE WE ARE GIVING IN BEDROOM SUITES you must see, examine and compare our suites with those offered by others at within 20 to 40 per cent of our prices. Unfortunately, you cannot by illustration and description compare satisfactorily for the real value, but if you will take any suite that we advertise and place it alongside of any suite offered by any other house at anything approaching our price, you will at once see that with our facilities we are furnishing a much higher grade of goods at a much lower price than you can possibly buy elsewhere.

ABOUT FACTORY SHIPMENTS. To reduce our selling price to you to the lowest possible point, you will note on a number of suites we have reserved the right to ship either from our store in Chicago, or direct from the factory where made, either in Wisconsin, Indiana or Michigan. This means a big saving to you, for where we ship from the factory direct there is nothing added for freight, handling or storage in Chicago, and as a result you can buy one bedroom suite from us for less than dealers can buy in carload lots, in fact, as before stated, you cannot appreciate the values we are giving in this line until you have seen and compared them with other goods.

QUALITY OF MATERIAL AND CONSTRUCTION. Our suites, from the cheapest to the best, are all thoroughly well made, all from carefully selected material, extra well finished. We use nothing but the highest grade of thoroughly seasoned lumber. You will find every piece stronger, better fitting, better finished, more lasting and more satisfactory than is turned out from the average factory.

OUR PLATE GLASS IS ALL HIGH GRADE BEVEL GLASS. We use none of the cheap domestic plate. Our suites are all fully equipped, all castered, all full finished, every piece guaranteed.

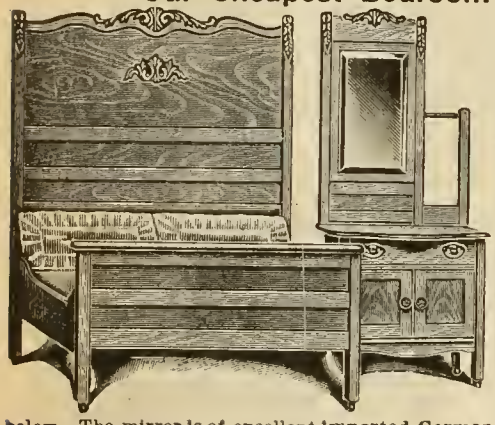
OUR TERMS OF SHIPMENT. While we require the full amount of cash to accompany all orders, we accept your order with the understanding and agreement that the suite will reach you in perfect order and be found perfectly satisfactory, otherwise, you can return it to us at our expense of freight charges both ways and we will immediately return your money.

HOW WE PACK FOR SHIPMENT. Every suite is carefully packed for shipment to insure its reaching you in the same perfect condition it leaves our store or the factory. It is well packed in heavy paper, excelsior and burlap. It rarely ever happens that a suite is delivered with even the slightest scratch or mar.

ABOUT FREIGHT CHARGES. The freight charges on a bedroom suite will amount to next to nothing as compared to what you will save in price. The beds are accepted by the railroad companies at second class freight rate. The dressers and commodes at first class freight rate. The weight of each is given under each description and by referring to pages 7 to 11 you can ascertain the first and second class rate for 100 pounds to a point near you in your state. The freight will be nearly, if not exactly the same to your town. In this way you can calculate almost to a penny what the freight will amount to, and you will find it will amount to next to nothing as compared to what you will save in price. **FOR EXAMPLE:** From many points within 400 to 600 miles of Chicago, the freight on an average three-piece bedroom suite will amount to $1.00 to $1.75, whereas the saving will be from $5.00 to $50.00, depending on the suite selected and the price asked by your dealer at home.

UNDERSTAND, you take no risk in sending us your order and your money, for we accept it with the understanding that if the bedroom suite does not reach you in perfect condition and is not in every way satisfactory and a much better suite than you can possibly buy elsewhere for the money, you are at liberty to return it to us at our expense of freight charges both ways and we will immediately return your money.

Our Cheapest Bedroom Suite.



A chamber suite of two pieces, suitable for hotels or for bedrooms that are too small for the larger size three-piece suites. This suite is **made of the best selected seasoned hardwood,** is thoroughly well put together and is finished golden. Is 6 feet high with 4-foot 2-inch slats. Top of headboard is fancy pattern shaped and decorated with heavy molding, giving it a very neat appearance. **The combination washstand and dresser** is 30x18 inches, of a style which matches the bed perfectly. The top is handsomely carved. The dresser is fitted with large, roomy drawer and large compartment below. The mirror is of excellent imported German plate glass and is 14x24 inches in size.

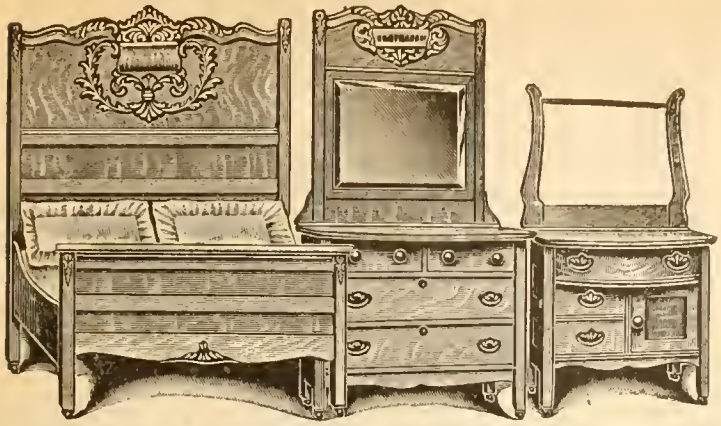
No. 1T1623	Weight, about 100 pounds.	Price of dresser.....	8.35
No. 1T1624	Weight, about 35 pounds.	Price of commode.....	2.75
No. 1T1625	Price of complete suite.....		$13.95

Most all railroad companies take bedroom suites at first class freight rates. By referring to pages 7 to 11, you can get the first class rate to the town nearest to you, which is almost, if not exactly the same as to your town.

With this rate per 100 pounds and the weight as given under each suite you can tell almost exactly what the freight will amount to. It will amount to nothing compared to what you will save in price.

Reduced from $17.40 to $14.90.



Bedroom Suite, made of the best selected northern hardwood, finished golden. We can recommend it as being **good, substantial, well finished and honestly constructed.** This bedroom suite consists of bed, dresser and commode, and is one of the best values shown this season. The bed is nicely carved, and is 6 feet high and 4 feet 6 inches wide; sides are thoroughly substantial. The construction of the bed is such as will give you years of good, honest service. The dresser is handsome; is fitted with extra quality bevel mirror, 22x28 inches; top and sides of mirror frame are artistically carved; dresser top is double and 42 inches in size; drawers are very large and roomy. Commode has 30-inch swell shaped front top, top drawer, two small drawers, and large cupboard.

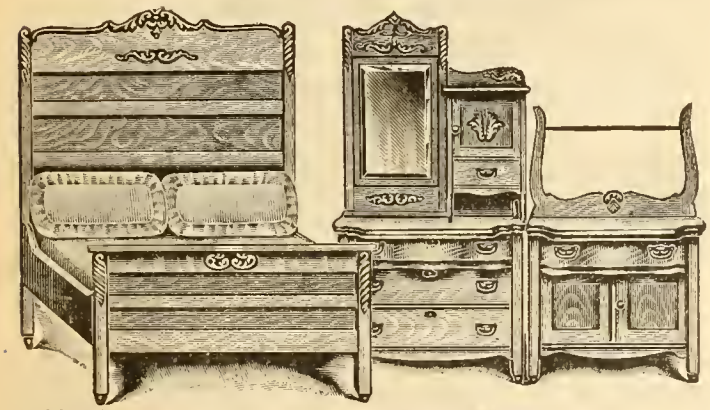
Great Value at $15.50.



This suite represents one of the greatest bargains we have ever been able to offer in the shape of a three-piece suite with cheval dresser. We embody in this suite the latest ideas of the best designers and manufacturers of bedroom furniture. The dresser and commode have the double swell top drawers, which together with the handsome carved decorations and brass ornaments make the suite especially attractive. We can furnish the suite in golden oak finish or imitation mahogany as desired. Every piece is supplied with ball bearing casters. The bedstead is 6 feet 6 inches in height, and has 4 feet 6-inch slats. The dresser measures 20x44 inches, and has a fine French bevel plate mirror 16x26 inches in size. The size of the top of the washstand is 17x33 inches, and is constructed to correspond with the bed and dresser.

We ship this suite direct from our factory in Northern Indiana, but reserve the privilege of forwarding same from our store when convenient.

Most all railroad companies take bedroom suites at first class freight rates. By referring to pages 7 to 10 you can get the first class rate to the town nearest you, which is almost if not exactly the same as to your town. With this rate per 100 pounds and the weight as given under each suite you can tell almost exactly what the freight will amount to. It will amount to nothing compared to what you will save in price.

Solid Oak Bedroom Suite for $15.75.

It is not possible in an illustration to show the genuine value of this bedroom suite. It seems scarcely possible to furnish a strictly first class bedroom suite, made of solid golden oak, at $15.75. It is handsome in design, beautifully finished and decorated with tasteful carvings. The dresser and commode are fitted with best quality brass trimmings and all three pieces are fitted with ball bearing casters. The bed is full size, being 6 feet 4 inches high and 4 feet 6 inches wide. The dresser is 44 inches long and 20 inches wide, has double top and French bevel plate 28x22-inch mirror, handsome double, swell top drawers, besides two full size, roomy straight front drawers. The washstand measures 34x18 inches, has a full swell top drawer to match the dresser, two lower drawers and a large roomy cupboard. We ship this suite direct from our factory in Northern Indiana, but reserve the privilege of shipping from our store when convenient.

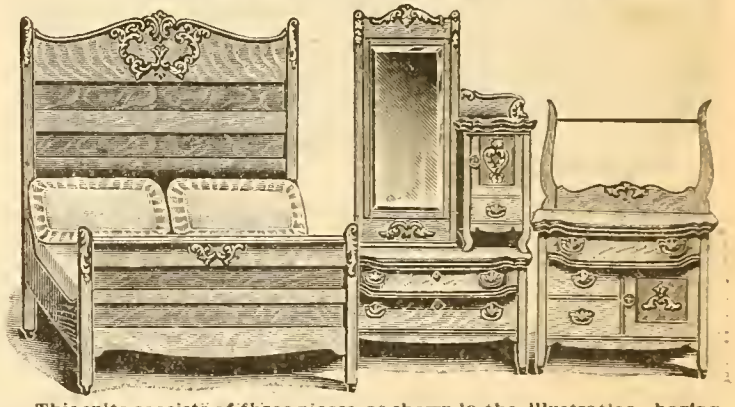
This High Grade Oak Suite With Cheval Dresser, at $18.75.

A WONDER OF VALUE. SUCH A SUITE AS FURNITURE STORES GENERALLY PRICE AT $24.00 TO $28.00.



This suite consists of three pieces, as shown in the illustration, having a cheval dresser instead of the regular style generally offered by other dealers. All three pieces are made of the choicest golden oak, the wood being carefully selected and kiln dried. The design is one of the latest for 1902, the dresser and commode having full swell top drawer, and all three pieces being elaborately carved and handsomely finished. The bed is full size, being 6 feet 4 inches high and 4 feet 6 inches wide. The dresser measures 20x44 inches, has French bevel plate mirror, 18x40 inches, and a very roomy cupboard, as shown in the illustration. The commode measures 18x34 inches and matches the dresser perfectly. Each piece of the suite is fitted with ball bearing casters. We ship direct from our factory in Northern Indiana, but reserve the privilege of shipping from our store when convenient.

One of Our Handsomest and Latest Design Bedroom Suites for $16.95.

For only $16.95 we offer this very handsome, beautifully carved, elegantly finished three-piece bedroom suite, as one of the very best values in our entire stock.

This suite should not be compared with suites offered by other dealers at anywhere near our price, as it is equal in quality and finish to suites that retail regularly at $28.00 to $35.00. It is made of solid oak, handsomely carved and decorated, as shown in the illustration. The trimmings are best quality brass, and each piece is fitted with ball bearing casters. The bed is full size, and measures 6 feet 4 inches in height and 4 feet 6 inches in width. The dresser measures 20x44 inches, and has double deck top, double swell top drawers and two large, roomy straight front drawers. The handsomely shaped mirror is French bevel plate, 22x28 inches. The commode is 18x34 inches, has splasher back and swell drawer to match the dresser, besides two lower drawers and a roomy cupboard. We ship this suite direct from our factory in Northern Indiana, but reserve the privilege of shipping from our store when convenient.

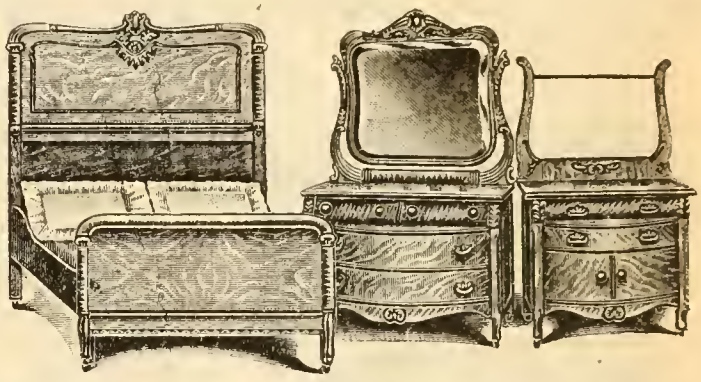
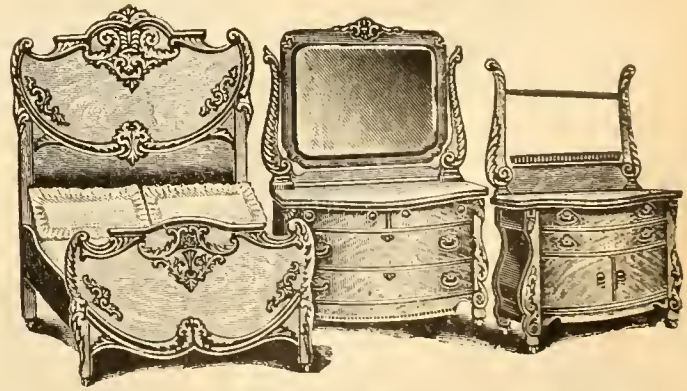
This suite is one of the newest designs for this season and is one of the finest bedroom suites which we list. The bed is 6 feet 8 inches high and 4 feet 6 inches wide. Has very handsome panels and shaped posts, and is ornamented with fancy carvings. The dresser is 24 inches wide, 48 inches long, has serpentine front and swell ends. Handsome shaped top with French bevel plate mirror, 28x34 inches. The drawers are 24 inches deep and all are varnished inside. The ornamentations on the dresser are unusually handsome, and are made to correspond with the bed. The commode is made to match both the dresser and the bed. It is 20 inches wide, 38 inches long, has serpentine front and swell ends, two roomy drawers on the top with cupboard below. Every piece in the suite is made of the best quality quarter sawed oak, hand rubbed and highly polished. All handles and knobs are brass and the casters ball bearing. The suite is carefully packed and we insure safe delivery. Shipped direct from our factory near Grand Rapids, Mich., from which point the customer pays the freight. Shipping weight, about 300 pounds.

No. 1T1738	Price of complete suite, quartered oak	**$49.40**
No. 1T1739	Price of complete suite, mahogany	**49.95**



This suite is one of the best and highest grade bedroom suites which we furnish. It is made of handsome, richly figured quarter sawed oak, hand rubbed and highly polished, and finished so that the grain of the wood is most perfectly brought out, showing its full beauty. The bed is 6 feet 3 inches high, 4 feet 6 inches wide. It is plain but elegant looking, having just enough carving to make it attractive. The dresser is very large, the top measuring 24x28 inches. The drawers are 24 inches in depth and are all varnished inside. The two top drawers are handsomely shaped, while the lower drawers are full swell. The top which holds the mirror is of very handsome design and made to correspond with the bed. The mirror is the best French bevel plate, 30x36 inches. The commode corresponds with the dresser and the bed. It measures 18x34 inches. The top drawer is shaped like the top dresser drawer, and the one just beneath is full swell front, the same as the cupboard. All the handles and knobs are best quality brass, and the casters ball bearing. Each piece of the suite is carefully packed and we insure safe delivery. Shipped direct from our factory near Grand Rapids, Mich., from which point customer pays the freight. Shipping weight, about 300 pounds.

No. 1T1743	Price of complete suite, quartered oak	**$52.45**
No. 1T1744	Price of complete suite, mahogany	**52.95**



This suite is made from carefully selected, thoroughly seasoned, quarter sawed golden oak or curly birch, mahogany finish, as desired, and finished in the very best piano polish. Has artistic and very rich hand carvings and each piece is in itself very heavy and massive. The dresser and commode have serpentine shape top, double deck and very heavy swell front. The trimmings and drawer pulls are of the very best solid brass castings, well finished. Dresser is fitted with a very heavy 30x40-inch imported French pattern bevel plate mirror. Bed, 6 feet 10 inches high; slats, 4 feet 6 inches long; dresser top, 50 inches long; commode, 40 inches. Shipped from our factory near Grand Rapids, Mich. Customer pays the freight from the factory.

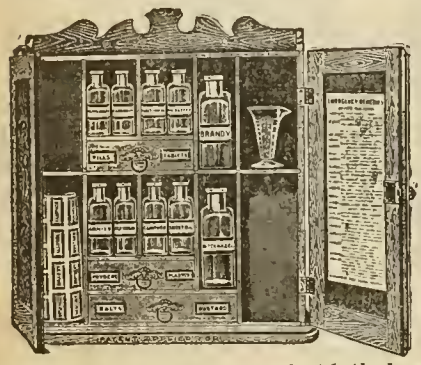
No. 1T1748 Price of complete suite **$58.25**

Our $2.65 Family Medicine Cabinet.

No. 1T1896 No cabinet of any description in the market today has been found as useful as the medicine cabinet. No family should be without one. This cabinet is 18 inches high, 16 inches wide and 6 inches deep, and is made of hardwood, golden oak finish. It contains four 2-ounce, two 3-ounce and two 6-ounce French square bottles with room for twenty more, and additional large bottles, jars, etc. It has three good sized drawers with ornamental brass pulls and a printed sheet of gum labels, twenty of which are printed and twenty blank. On the door of this cabinet is a list of emergency remedies, making this cabinet a complete household necessity. All bottles furnished are empty. We refer you to our Drug Department for drugs of all kinds. Shipping weight, 15 pounds.

Our price for cabinet as illustrated, each.... **$2.65**

Our $3.35 Family Medicine Cabinet.



No. 1T1898 This medicine cabinet is the largest size cabinet we furnish, being 21 inches high, 18 inches wide and 6 inches deep. It is a much better cabinet than our No. 1T1896, on account of the size. It is handsomely ornamented with carvings on door. Has two additional large compartments, a fine graduate glass, one package of assorted corks. It has one 8-ounce, one 6-ounce and four 2-ounce and four 3-ounce French square bottles with room for twenty additional bottles. We furnish also with this cabinet a printed sheet of gum labels, twenty of which are printed and twenty are blank. Also a list of emergency remedies. No medicines are supplied with the cabinet. DEPARTMENT OF FOLDING BEDS.

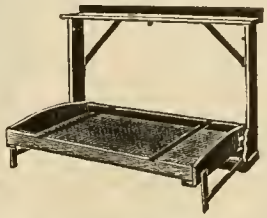
Our Mantel Folding Beds are made for us by one of the largest and most reliable manufacturers in the country; makers of the highest grade goods. They are all made of thoroughly seasoned material, and for workmanship, durability and general finish cannot be excelled. All of our mantel beds excepting No. 1T2350, have the patent mattress clamp to hold the bed clothes in place when the bed is opened or closed. The two legs on the foot end work automatically. When the bed is opened they lock themselves, and in closing the bed the legs swing back in the proper position without interfering with the bed clothes.

Our Special $7.95 Mantel Bed.



No. 1T2350 This illustration, engraved from a photograph, shows the bed with open front. It is made for curtain. The head and footboards are alike, thus affording a choice of ends for the head. **These beds are all shipped knocked down.** They go in a small space and **take a low freight rate.** Size, inside, open, 48x72 inches; closed, height, 53 inches; length, 81 inches; depth, 21 inches. These beds are **made of thoroughly seasoned hardwood, finished antique.** Shipping weight, 75 pounds.
Price, each.....$7.95

IRON BEDS.

REDUCED PRICES IN EVERYTHING IN IRON AND BRASS BEDS FOR THIS SEASON.

IN IRON AND BRASS BEDS we are recognized headquarters for we are offering for this season prices lower than ever before, lower prices than are made by the largest wholesale dealers in this line.

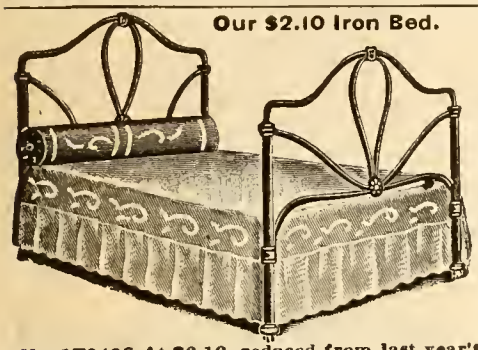
NEW STYLES FOR THIS SEASON. We call your attention to our line of iron and brass trimmed and brass beds as new styles for this season, the very latest designs, most of them specially designed for our trade. The most showy, strongest and altogether the best line of iron, brass trimmed and brass beds on the market and at prices much lower than are offered by any other house.

WE ESPECIALLY RECOMMEND OUR IRON BEDS. Select an iron bed, springs and mattress, and dresser and commode, and you have a thoroughly up to date sanitary three-piece bedroom suite. You have the same suite that nine-tenths of the city buyers are now selecting when furnishing the bedrooms of their houses, and you have the opportunity through our special price offers of buying the goods at a much lower price than the same goods can possibly be bought for elsewhere.

IRON BEDS are especially recommended for their cleanliness. They will not rust. Physicians recommend them above any other bed. No other bed should be used in the sick room. They are used altogether in hospitals and leading sanitariums. They are always bright, always clean, always airy. They are not destructible. They will never wear out.

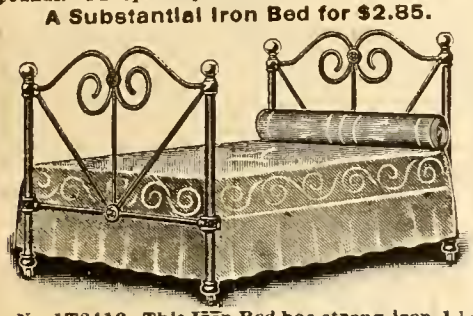
ABOUT THE QUALITY. We guarantee for our iron beds a better finish, a better enamel and more strength than in any other line of iron beds made. Our beds enameled in white carry the finest quality of enamel baked in four coats. Highly polished and finished. They are extra well braced throughout and every bed is put out under our binding guarantee.

Our $2.10 Iron Bed.



No. 1T2406 At $2.10, reduced from last year's price, we offer this our lowest priced Iron Bed, as the quality of beds that sell everywhere at double the price. This reduced price is made possible by reason of our controlling the output of the factory. **This special $2.10 bed** is straight foot, pillars are ⅝-inch, top and bottom rods ⅝-inch, other rods ⅜-inch; gilt chills. Height of bed, 51½ inches; height of foot, 45 inches. Comes in four widths, 3 feet, 3 feet 6 inches, 4 feet, and 4 feet 6 inches. **In ordering be sure and state the width wanted.** Comes complete with casters. Guaranteed the greatest value ever shown. Weight, packed for shipment, 50 pounds. Our special price..... **$2.10**

A Substantial Iron Bed for $2.85.



No. 1T2410 This Iron Bed has strong iron 1⅛-inch posts, while the cross rod and fillings are made of ⅝-inch and ⅞-inch material. The posts are surmounted by very fancy brass vases. We furnish this bed, with ball bearing casters, either 3 feet, 3 feet 6 inches, 4 feet, or 4 feet 6 inches wide. This bed, being finished in white enamel, presents a very elegant appearance and is very substantial in every respect. Height of head, 48 inches; height of foot, 42 inches. Weight, packed for shipment, about 55 pounds.
Our special price..... **$2.85**

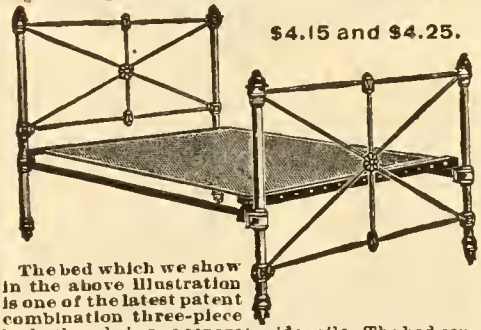
A $6.00 Iron Bed for $3.40.

No. 1T2411 This Iron Bed which we are offering at **$3.40 is fully $1.50** less than a bed of this quality is sold for by any other house. **It is finished in baked white enamel,** has 1⅛-inch posts and ⅝-inch fillers; **it has brass cast vases and mounts,** and is made in the following sizes: 3 feet 6 inches, 4 feet, 4 feet 6 inches. Height of head, 54 inches; height of foot, 44 inches. Weight, 66 pounds.
Our special price..... **$3.40**

Our $3.95 Value.

No. 1T2412 This is an impressive looking bed, standing 58 inches high; is made of selected materials, and finished in the best white baked enamel. Posts, 1⅛-inch; fillers, ⅞-inch and ⅝-inch. Has brass caps and vases, and full foot end. The construction and details are so perfect as to render it **practically indestructible.** This bed is made 4 feet 6 inches in width. **We are selling it at an astonishingly low price.** Weight, about 75 pounds. Price, each.. **$3.95**

$4.15 and $4.25.



The bed which we show in the above illustration is one of the latest patent combination three-piece beds, there being no separate side rails. The bed consists of head, foot and wire mattress, which when put together, are exactly the same as regulation iron beds, but can be furnished at much less money than the iron bed with separate wire mattress, on account of the saving of the side rails. **The beds are baked white enamel, made very strong, and are as durable as any other iron bed made.** The posts are made of 1⅛-inch iron and are mounted with brass caps. The filling rods are ⅝ and ⅞-inch, and are designed with a view of adding to the strength of the bed. Shipping weight, about 100 pounds.
No. 1T2414 3 feet 6 inches. Price..... **$4.15**
No. 1T2415 4 feet 6 inches. Price..... **4.25**

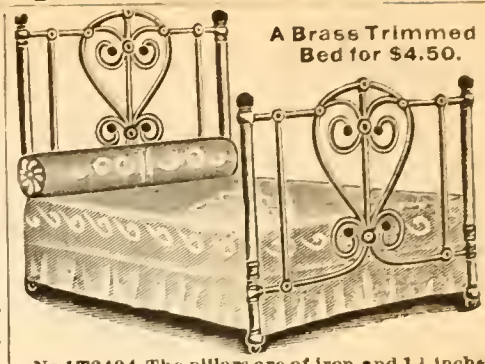
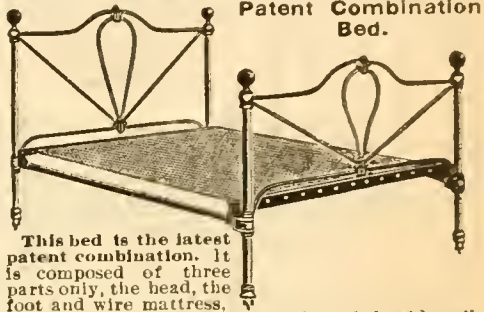
Made in the following widths: 3 feet 6 inches, and 4 feet 6 inches. Weight, 76 pounds. Price, each **$4.25**

A Brass Trimmed Bed for $4.50.



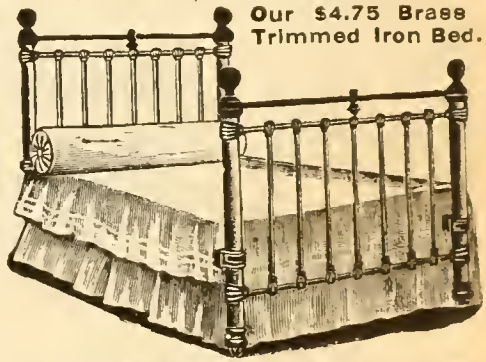
No 1T2424 The pillars are of iron and 1⅛ inches in diameter. Filling rods are ⅞ and ⅝ inch in diameter. **The pillars are surmounted by fancy brass vases.** The height of the head is 60 inches. **We furnish this bed in two sizes, 3 feet 6 inches, or 4 feet 6 inches wide,** as may be desired. In all cases the bed is 6 feet long. Finished with the best white enamel. Shipping weight, 84 pounds. Price, each..... **$4.50**

Patent Combination Bed.



This bed is the latest patent combination. It is composed of three parts only, the head, the foot and wire mattress, and has no side rails. The saving of the side rails makes the price of the bed much lower than one of the same grade with separate mattress, and furthermore makes it possible to pack and ship the bed at less expense. **This is as strong and durable as any iron bed made.** The posts are 1⅛-inch iron mounted with ¼-inch brass vases. The filling rods are ⅝ and ⅞-inch. This is one of the greatest bargains in iron beds which we list. Shipping weight, 100 pounds.
No. 1T2426 Price, 3-foot 6-inch bed..... **$4.60**
No. 1T2427 Price, 4-foot 6-inch bed..... **4.70**

Our $4.75 Brass Trimmed Iron Bed.



No. 1T2428 Made of the best malleable iron. Baked white enamel finish and superior construction; 1⅛-inch pillars, and has ½-inch **brass top rail on both head and foot.** Height of head, 58 inches; height of foot, 42 inches. Has brass spindles and top mounts, and four rich cast brass vases. Is made in the following sizes: 3 feet, 3 feet 6 inches, 4 feet, 4 feet 6 inches. Weight, 90 lbs. Sold at the very low price of.. **$4.75**

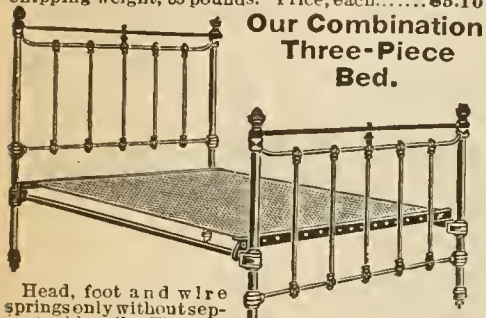
Great Value at $4.85.

No. 1T2432 This iron bed is 58½ inches high at the head and 49 inches high at the foot. The pillars are made of 1⅛-inch iron, the top tubes are ⅝ inch and the scrolls and all other rods are ⅝ inch. The bed is exceptionally well made and finished in white enamel and will prove strong and durable. We can furnish this bed in 3 feet 6 inches, 4 feet, and 4 feet 6 inches. **Be sure to state size desired.** Shipping weight, 92 pounds. Price, any size..... **$4.85**

Our $5.10 Bed.

No. 1T2434 Head is 57 inches high; 45 inches at the foot; made of malleable iron, best baked white enamel finish. Posts, 1 1/8 inch; fillers, 7/8 inch and 5/8 inch. Has brass caps, vases, and rosettes and full extension foot end. This bed is made in the following widths: 3 feet 6 inches, and 4 feet 6 inches. Shipping weight, 85 pounds. Price, each.....$5.10

Our Combination Three-Piece Bed.



Head, foot and wire springs only without separate side rails. This bed is so constructed that the wire spring forms the side rails and on account of this the price will be found much lower than our regular iron bed of same grade with wire spring. This bed is exceptionally strong, having 1¼-inch posts and surmounted by handsome brass vases, and has brass top rails. We furnish it only in baked white enamel finish.

No. 1T2436 Price, 3-feet 6-inch bed..... $5.30
No. 1T2437 Price, 4-feet 6-inch bed..... 5.45
Shipping weight, 165 pounds.

Our $5.65 Bed.

No. 1T2442 The head is 59 inches high and the foot 42 inches high. The pillars are continuous and are made of 1 1/8-inch iron. The top scrolls are ¾ inch and all other rods 5/8 inch. Finished in baked white enamel. We can furnish it in 3 feet 6 inches, 4 feet, and 4 feet 6 inches. Be sure to state size desired. Our price, any size..... $5.65
Shipping weight, 100 pounds.

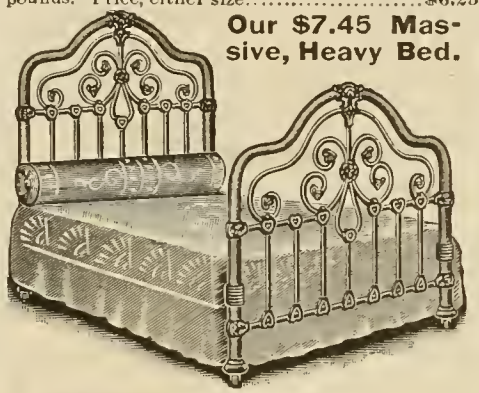
Our $5.90 Bed.

No. 1T2444 Head is 72 inches high, foot 59 inches high. The pillars are 1 1/8 inches in diameter, the spindles, cross rods and ornamental iron work 5/8 inch in diameter; pillars are surmounted by handsome brass knobs and have brass tips and rosettes. The extended foot rail adds to its already handsome appearance. We furnish this bed 4 feet 6 inches wide by 6 feet long, finished white enamel of best quality. Shipping weight, 110 pounds.
Our special price.....$5.90

A Bow Foot Bed for $6.25.

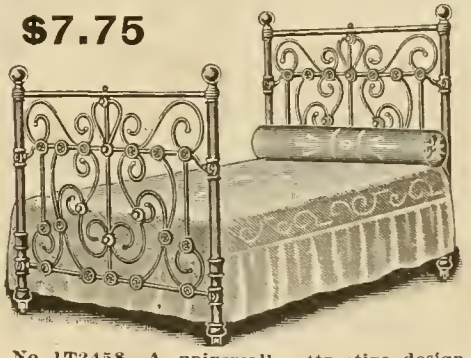
No. 1T2448 This bed is made with bow foot; the head is 63 inches high and the foot 48 inches high. The pillars are 1 1/16 inches, the brass vases 1¾ inches. It has brass top mounts ⅝ inch, and brass top rails, two brass rosettes. The iron top rod and scrolls are ⅝ inch and all other rods 5/8 inch. This is an exceptionally handsome bed, the brass top rail being especially ornamental as well as durable. The bed is finished in hard baked white enamel, and can be had in width, 4 feet or 4 feet 6 inches, as desired. Be sure to state size. Shipping weight, 88 pounds. Price, either size.....$6.25

Our $7.45 Massive, Heavy Bed.



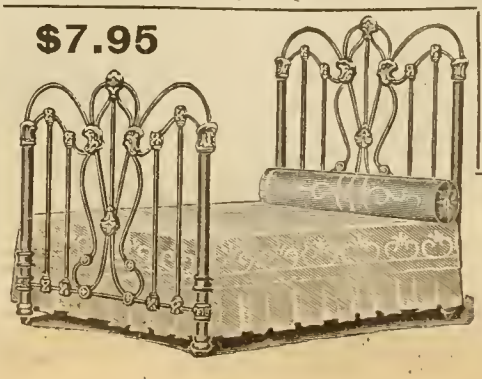
No. 1T2454 A handsome, massive, heavy bed, fit to adorn any perfectly furnished sleeping room, the pattern being beautiful and up to date, unusually well made and finished. Has continuous 1 1/16-inch pillars, heavy fillings, 7/8-inch top rails. Made in 4 feet 6 inches only. Height of head, 63 inches, and of foot, 46½ inches. Weight, 128 pounds.
Price, each.....$7.45

$7.75



No. 1T2458 A universally attractive design. This bed is 59 inches high and 4 feet 6 inches wide; has 1¼-inch posts surmounted with 1⅛-inch vases. The fillings are ⅜x 5/8 inch with full ⅝-inch brass top rails and full brass top mounts. The bed contains ten brass rosettes and all the scrolls are tipped with brass caps. The bed also has best quality ball bearing lignum casters. Shipping weight, 125 pounds. Our special price.....$7.75

$7.95



$9.85 Buys This Massive Bed.

No. 1T2470 This Massive Iron Bed is without doubt one of the handsomest shown in our catalogue. In point of quality it is equal to beds offered by other dealers at from $12.00 to $16.00. It is 68 inches high, has 1 5/8-inch posts, 1 1/16-inch top rail and ⅜-inch filling. The chills are exceptionally massive, of pretty design and are all decorated with gold, giving the bed an elegant, at the same time a modest appearance. We furnish it in full size only, 4 feet 6 inches wide, and in any color desired; white, pink, blue, maroon, black or dark green. Every bed is fitted with a set of best quality lignum ball bearing casters. Shipping weight, 175 pounds.
Our special price, any color.....$9.85
Be sure to state color desired.

Has 1-inch pillars, 2-inch vases; top and bottom rails, ⅝ inch; height of bed at head 61 inches, at foot 40 inches. The bed is low in price, but for quality absolutely beyond criticism. Made in the following widths: 3 feet, 3 feet 6 inches, 4 feet and 4 feet 6 inches. Weight, full size, crated, 175 pounds.
Our special price, each.....$14.90

A Superb Brass Bed for $19.95

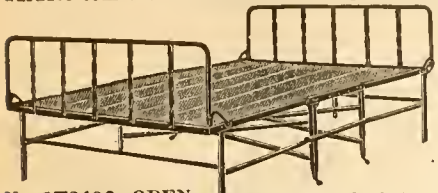
No. 1T2486 A Superb Brass Bed, made of the finest materials and guaranteed to wear and hold its finish for a lifetime. The pillars are 1 inch, vases 2 inches, top and bottom rails, ⅝ inch; head is 56 inches high and the footboard, which is swell, is 40 inches high. An unusually fine bed for little money. Furnished 3 feet, 3 feet 6 inches, 4 feet and 4 feet 6 inches width. Weight, full size, packed, 190 pounds. Price, each.....$19.95

No. 1T2462 This is another novelty in a high grade, up to date heavy iron bed. Made of selected material, trimmed and ornamented with heavy white enameled chills on head and foot. This is the richest and neatest design ever produced for the money in a heavy bed. Size of posts, 1½ inches; fillings, ½ and ⅝ inch; height at head, 73 inches. We also furnish this bed in black, maroon, blue or pink, if desired, and regularly furnished in the white enamel. Complete with full set of ball bearing casters. Size, 4½x6½ feet. Weight, 150 pounds.
Price.....$7.95

STEEL FOLDING BEDS.

WE LIST BELOW FOUR ALL METAL FOLDING BEDS, made by the best known manufacturers of this style of bed. The line shown represents four of the most desirable patterns, being safe, sanitary, light, comfortable, durable and at popular prices.

THIS STYLE BED IS BUILT OF LIGHT MATERIAL THROUGHOUT, thoroughly braced, supplied with woven wire fabric, which in turn is supported with national spring fabric across and lengthwise of the bed, making a strong and durable combination and absolutely prevents sagging. This bed, in its improved form, we guarantee to give perfect satisfaction to the purchaser. In its closed form the bed takes up very little space in the room.



No. 1T2490 OPEN.

No. 1T2490 CLOSED. Height, 44 Inches. Depth, 20 Inches.

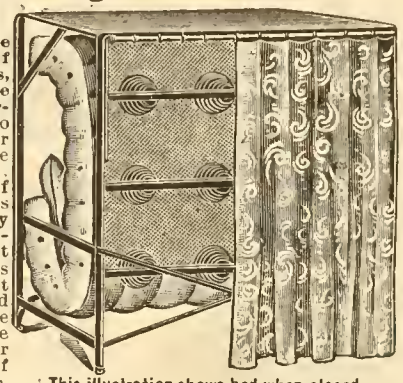
The top, which is removable, may be attached to the wall, there remaining stationary, and proves a very convenient mantle shelf. Both ends automatically take care of the bedding and leave space for proper circulation of air. It is a comfortable bed to sleep on, being much more so than others supplied with the National spring fabric alone, or the woven wire fabric alone. It is light and easily handled. The finish will be in gold bronze with white enameled top. We claim this bed, in its recently improved form, to be the best made and best appearing low priced bed on the market.

No. 1T2490 Size, 3 feet 6 inches by 6 feet 2 inches; weight, 55 pounds. Price..... $6.75
No. 1T2491 Size, 4 feet by 6 feet 2 inches; weight, 60 pounds. Price..... 7.60

Our Special $9.95 Steel Folding Bed.

THIS STEEL FOLOING BED is made with a fine woven wire fabric supported with fifteen of the best tempered coil springs, making it impossible for the fabric to sag. It has a brass curtain rod with brass rings ready to attach the curtains so that lower portion may be covered in the day time. The top of the bed is stationary and so arranged that when bed is opened it forms head piece. The foot piece folds under the top of the bed and in that position holds the mattress in place when bed is closed. There are no weights of any kind used in the bed, so it is impossible for it to close up when sleeping in same; at the same time it is so made that a child can operate it. Height, when closed, 50 inches; depth, 24 inches; length, open, 6 feet 2 inches. Finished in bronze colors. Shipping weight, 125 pounds.

This illustration shows bed open.

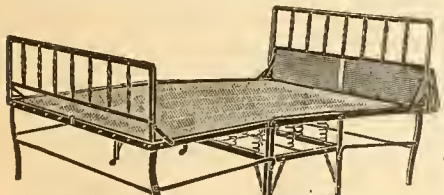


This illustration shows bed when closed.

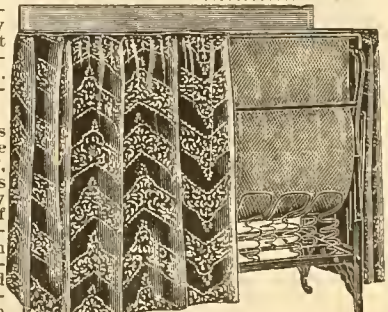
No. 1T2493 Our special price, 4-foot bed..... $9.95

THIS STYLE BED is constructed of heavy angle steel, thoroughly braced, and is supplied with the very best pencil weave double woven wire fabric, supported by best quality of spiral springs, which prevents sagging. With its perfect construction and evenly proportioned parts it is, when open, the most symmetrical, comfortable and durable bed manufactured that opens from the center.

THIS SHOWS THE EASY MANNER in which the mattress and bed clothing are taken care of, and illustrates the sanitary properties of this bed, as distinguished from the objectionable enclosed metal and wooden beds, which are always pregnant with sour, stuffy odors. The bed is finished in gold bronze, with white enameled top and curtains to match. We claim this to be the strongest, best appearing, quickest selling bed of this pattern on the market and its moderate price recommends it to everyone.



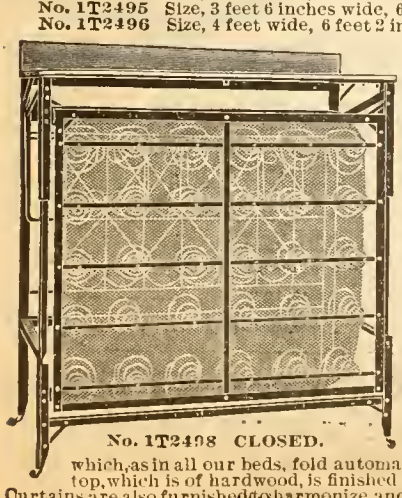
No. 1T2494 OPEN



No. 1T2494 CLOSED.

No. 1T2494 Size, 3 feet wide, 6 feet 2 inches long; weight, 80 pounds. Price... ..... $ 9.45
No. 1T2495 Size, 3 feet 6 inches wide, 6 feet 2 inches long; weight, 90 pounds. Price... ..... 10.20
No. 1T2496 Size, 4 feet wide, 6 feet 2 inches long; weight, 100 pounds. Price..... 10.95

SPECIAL ATTENTION is called to our No. 1T2498, here illustrated. It is an original model in design and operation. There are no side rods to mar its appearance or interfere with the bedding or person. This bed, like all of our steel folding beds, has no weights, springs or locks to make it unsafe, or to get out of order. Like our No. 1T2494, it is supplied with the very best pencil weave wire fabric, and this fabric is supported throughout, save at the foot and head ends, with the highest tempered spiral springs. The fabric does not sag. The bed opens out from the stationary or head end, and owing to its peculiar construction, is the easiest handled bed manufactured.



No. 1T2498 CLOSED.

THE BED CLOSED is 50 inches in height and has a depth of 20 inches, thus allowing ample room for mattress and bedding, which, as in all our beds, fold automatically with the bed itself. The stationary top, which is of hardwood, is finished in white enamel and the bed in gold bronze. Curtains are also furnished to harmonize, and, when complete, we say without reservation that this is the best made, best appointed, most durable and neatest folding bed manufactured in steel or any other material.

SPRINGS, MATTRESSES, PILLOWS, FEATHERS, ETC.

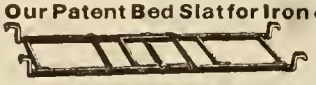
We render every assistance towards comfort by quoting the best goods made at the **lowest possible prices. Any old standbys** which have been found most satisfactory in every respect we continue to catalogue. **New devices in the way of mattresses, springs, etc.,** which are worth considering, are quoted below.

In ordering wire mattresses or hair mattresses, in fact any kind of a mattress, **be sure to state the size of bed** for which the mattress is intended.

SPRINGS FOR IRON OR WOODEN BEDS.

We will make our springs any size desired, or to fit any size of bed. Be sure to give size of slat when ordering, also state if springs are for an iron or wood bed, as the springs for iron beds are made with extended sides. Give sizes plainly. If you want 4 feet wide by 6 feet long, give it thus: 4-0x6-0, and never 4x6. Our woven wire mattresses measure 1 inch less in width and 1½ inch less in length than marked.

Our Patent Bed Slat for Iron or Brass Beds.



No. 1T2730 We call your attention to our Patent Bed Slat. This slat is adjustable and used to support steel spiral springs on iron or brass bedsteads. They are very strong and durable and can be adjusted to any size bed. Shipping weight, 35 pounds.

Price, per set, which includes four slats..... **$1.45**
Slats are not required for woven wire springs that are framed, as they come with extended sides.

Our Special $1.10 Woven Wire Springs.

No. 1T2755 This Woven Wire Spring is the regular standard spring. Frame made of thoroughly seasoned hard maple, thick batten, perfectly tight joints between end rail and batten, batten crowning as shown, giving great strength. No putty used. **It is a good clean spring, and is the best low priced bed made.** All our woven wire springs have patent end fastenings for the fabric, making it impossible for any of the wires to become loosened by any strain that will ever be put upon them. Shipping weight, 35 pounds. Price, each..... **$1.10**

$1.59 Buys a $2.25 Woven Wire Spring.

No. 1T2759 This Woven Wire Spring, illustrated above, is made of the very best material throughout. Has a double end bar so that the fabric can be stretched to any desired tension, which is the only positive and practical extension made. Made with this double end bar and with a high grade wire, this spring will last a lifetime. Aside from the double end bar, it is constructed the same as our spring No. 1T2755. Shipping weight, 40 pounds.

Our special price..... **$1.59**

$1.80 Buys a $3.50 Woven Wire Spring.

No. 1T2768 This Spring is made with the support of three rows of steel spring slats, the slats supported by three substantial iron straps running from head to foot of spring. Slats are free at end and support is very rigid and substantial. We do not know what we can say that will express the general excellence of this spring better than the picture itself. One can readily see that the principle of construction is perfect for comfort. The material used in the woven wire fabric and frame is the best. Shipping weight, 40 pounds.

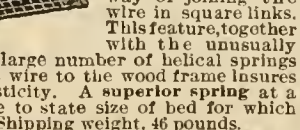
Our special price..... **$1.80**

Our $2.45 Acme Bed Spring.

The Best Value in a Bed Spring in the Market.

No. 1T2782 Our Acme is not like the ordinary wire mattress. For one thing, our Acme will not sag. That is largely due to the peculiar way of joining the wire in square links. This feature, together with the unusually heavy wire and the large number of helical springs used in joining the wire to the wood frame insures durability and elasticity. **A superior spring** at a low price. Be sure to state size of bed for which spring is ordered. Shipping weight, 46 pounds.

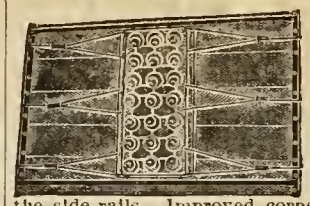
Our special price..... **$2.45**



No. 1T2805 Iron Frame Spring. This spring is made with extended sides for iron or brass beds. Frame is made of angle steel ends and sides, with an extra fine grade of woven wire fabric, and supported by 24 steel spiral springs. We will guarantee this spring not to sag; clean and will wear forever. Weight, 55 lbs.

Price, each..... **$2.90**

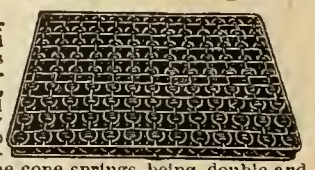
Our $3.45 Metallic Woven Wire Spring.



No. 1T2809 This spring has tubular iron frame, high grade double weave fabric, with well corded rod edges. The tubes and side rails are 1⅜ inches in diameter, has angle steel ends. The fabric is well elevated above the side rails. Improved corner fastenings make the frame perfectly rigid. Has steel supporter of 21 spiral springs attached to the frame with 6 helical springs. Especially desirable for iron and brass beds. Comes in the following widths: 3 feet, 3 feet 6 inches, 4 feet, 4 feet 6 inches. All springs are 6 feet long. Shipping weight, largest size, 65 pounds.

Our special price, any size..... **$3.45**

Look at Our $1.80 Spiral Springs.



No. 1T2814 Our $1.80 Spiral Springs. This spring is thoroughly well made, the all steel coil being handsomely japanned. The top and bottom surfaces are alike, the cone springs being double and connected by broad steel clasps of good strength. This spring is elastic and complete in all its parts, conforming perfectly to the form and weight of the person lying on it. It is at the same time, from its simplicity of construction, a very durable spring. State size of bed when ordering. Full size mattress has 117 double coil springs. Weight, 25 pounds.

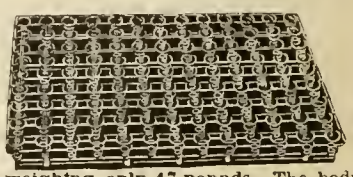
Our special price..... **$1.80**

Genuine Smith Spring for $2.95.

Smith's Genuine No. 27 Bed Spring, which we quote at the special price of **$2.95,** looks like No. 1T2814. **The Smith spring** is made of the finest No. 12 steel wire, and has 117 springs tempered to perfection and finely japanned. Each spring is composed of a **double reverse coil,** made on a principle which is unique and perfect, producing a specially strong, durable and comfortable spring. **Be sure to state size of bed when ordering.** Weight, 47 pounds.

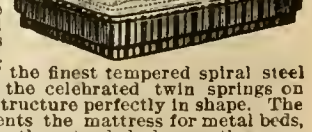
No. 1T2815 Price, each..... **$2.95**
No. 1T2816 Exactly the same as No. 1T2815, but is made to fold in center. Our special price..... **$3.40**

A Novelty in a Spring for Iron Beds. No Slats Required.



No. 1T2822 The special features of this spring are a rigid base of unusual strength and extreme lightness in weight, weighing only 47 pounds. The body of the bed is composed of 117 highly tempered spiral springs, one attached to the other and forming an all over spring edge. Noiseless, comfortable and a mighty durable bed. The rigid base makes it impossible for the bed to get out of shape. The springs so placed make the bed soft and pliable, **and the combination of the iron bottom and all wire top makes the most perfect spring bed ever placed on the market,** no slats being required for iron beds, and only three for wood beds. (In ordering be sure and state for which you wish to use same.) Give size wanted. Price, each... **$3.95**

Upholstered Box Spring Mattresses.



For brass, iron and wood bedsteads. They are the only ideal spring mattresses for metal bedsteads. They contain 72 of the finest tempered spiral steel springs, and have the celebrated twin springs on edges, holding the structure perfectly in shape. The illustration represents the mattress for metal beds, having a rabbet edge, the extended edges resting upon the side and end rails, thus entirely doing away with bed slats. The width of upholstered springs for metal bedsteads is always the same as the out measure of the rails, 4-6, 4-0, 3-6, 3-0, and the regular length is 6-4. The corners are cut out for a bow foot bed at one end; for a straight foot the corners are round. Springs for a wood bed are regular 1-inch space all around. If the bedstead measures 4-6x6-4, the regular size of spring should be 4-4x6-2. Weight, about 75 pounds.

No. 1T2829 Price, tow top..... **$ 8.50**
No. 1T2830 Price, moss top..... **9.60**
No. 1T2831 Price, hair top..... **10.00**

WHEN ORDERING BED SPRINGS

ALWAYS BE SURE TO GIVE LENGTH OF BED SLATS, AND STATE WHETHER FOR IRON OR WOOD BED.
